Memorandum

MIAMI-DADE COUNTY

Date: Ocotber 6, 2015

Agenda Item No. 8(L)(11)

To: Honorable Chairman Jean Monestime
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor

Subject: Resolution Authorizing the Execution of a Tri-Party Agreement Among Miami-Dade County, the State of Florida Department of Transportation and Florida East Coast Railway for the Installation of Crossing Protective Devices at NW South River Drive in the Vicinity of NW 74 Street

Resolution No. R-863-15

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the attached resolution authorizing execution of a Tri-Party Agreement among Miami-Dade County (County), the State of Florida Department of Transportation (FDOT) and Florida East Coast Railway (FEC) for the installation and maintenance of railroad crossing protective devices at NW South River Drive, in the vicinity of NW 74 Street; and authorizing the County Mayor or County Mayor's designee to execute the said agreement.

Scope

This Tri-Party Agreement is for one (1) railroad crossing within Commissioner Rebeca Sosa's District 6.

Fiscal Impact/Funding Source

The County fiscal impact is the yearly maintenance fee for the crossing protective devices in the amount of $4,221.00. The funding source to be used is Secondary Gas Tax (Index code CPE06SEC). The County is not responsible for installation costs.

Track Record/Monitor

The implementing agency is the Miami-Dade County Public Works and Waste Management Department and the Project Manager responsible for monitoring this project is Mr. Octavio Marin, P.E.

Background

The yearly safety diagnostic review coordinated by FDOT revealed the need for the installation of crossing protective devices at the aforementioned railroad crossing. FEC will install all the necessary facilities and the installation costs will be paid by FDOT. For the annual maintenance cost, the County is responsible for 50 percent ($4,221), with FEC responsible for the balance as stipulated in the cost sharing policy. The cost sharing policy was approved by the Board on October 5, 1976 under Resolution R-1090-76, which stipulates that the "County may participate in the cost of maintaining grade crossing protection devices in the amount of 50 percent of the cost."

NOW, THEREFORE, In consideration of the mutual undertakings as herein set forth, the parties hereto agree as follows:

1. The COMPANY shall furnish the necessary materials and install Automatic Grade Crossing Signals Type IV Class IV and/or other traffic control devices at said location on an actual cost basis and in accordance with (1) the attached detailed statement of the work, plans, and specifications; and (2) the DEPARTMENT'S Plans and Standard Index Number 17882 attached hereto and made a part hereof.

2. After installation of said signals is completed, fifty (50%) percent of the expense thereof in maintaining the same shall be borne by the COUNTY and fifty (50%) percent shall be borne by the COMPANY, as enumerated by the Schedule of Annual Cost of Automatic Highway Grade Crossing Devices attached hereto and by this reference made a part hereof and subject to future revision.

3. The COMPANY agrees that any future relocation or adjustment of said signals shall be performed by the COMPANY, but at the expense of the party initiating such relocation. Upon relocation the maintenance responsibilities shall be in accordance with the provisions of this agreement. It is further agreed that the cost of maintaining any additional or replacement signal equipment at the same location will be shared as provided under Paragraph 2. above.

4. Unless otherwise agreed upon herein, the COUNTY agrees to ensure that at the crossing the advance warning signs and railroad crossing pavement markings will conform to the U.S. Department of Transportation Manual on Uniform Traffic Control Devices within 30 days of notification that the railroad signal improvements have been completed and that such signs and pavement markings will be continually maintained at an acceptable level.

5. The COMPANY hereby agrees to install and/or adjust the necessary parts of its facilities along said road in accordance with the provisions set forth in the:

The COMPANY further agrees to do all of such work, with its own forces or by a contractor paid under a contract let by the COMPANY, all under the supervision and approval of the DEPARTMENT and the Federal Highway Administration, when applicable.

6. The DEPARTMENT hereby agrees to reimburse the COMPANY for all costs incurred by it in the installation and/or adjustment of said facilities, in accordance with the provisions of Procedure No. 725-080-002 Appendix D-4 "Billing Requirements," and any supplements thereto or revisions thereof. It is understood and agreed by and between the parties hereto that preliminary engineering costs not incorporated within this agreement shall not be subject to payment by the DEPARTMENT.

7. Attached hereto, and by this reference made a part hereof, are plans and specifications of the work to be performed by the COMPANY pursuant to the terms hereof, and an itemized estimate of the cost thereof in the amount of $ 331,220.00 . All work performed by the COMPANY pursuant hereto, shall be performed according to these plans and specifications as approved by the DEPARTMENT and the Federal Highway Administration if federal aid participating; and all subsequent plan changes shall likewise be approved by the DEPARTMENT and the Federal Highway Administration, when applicable.

Adequate reference shall be made in the billing to the COMPANY'S records, accounts and other relevant documents. All cost records and accounts shall be subject to audit by a representative of the DEPARTMENT. Upon receipt of invoices, prepared in accordance with the provisions of the above indicated Reimbursement Policy, the DEPARTMENT agrees to reimburse the COMPANY in the amount of such actual costs as approved by the DEPARTMENT'S auditor.
