Subject: Recommendation for Approval to Access the State of Minnesota Contract for
Pharmaceutical Supplies

Agenda Item No. 8(F)(3)

Resolution No. R-975-15

Recommendation

It is recommended that the Board of County Commissioners (Board) approve this item, which does the following:

- Accesses the competitively established State of Minnesota contract *MMS15001* for the purchase of emergency medications, controlled substances, and other pharmaceutical supplies for the Fire Rescue Department; and
- Waives Resolution No. R-130-06, which directs the County Mayor or County Mayor's designee to not place items seeking approval of a contract on a Board agenda until the underlying contract is wholly executed, because the Minnesota Multistate Contracting Alliance for Pharmacy (MMCAP) requires the accessing party to first execute an agreement with the awarded vendor.

The State of Minnesota established this contract acting through the MMCAP, which is a voluntary group purchasing organization for states and local governments that directly contracts with pharmaceutical manufacturers/suppliers for their products. The Fire Rescue Department relies on this contract to purchase a wide array of pharmaceuticals to meet the operational needs of its emergency rescue units. Under the contract, the vendor shall deliver products to the Fire Rescue Department within 24 hours of placing an order. All pharmaceuticals purchased by the department are color-coded for ease of identification by paramedics.

Market research was conducted to determine whether accessing the MMCAP contract offered the best value to the County for pharmaceuticals, medical, and first aid supplies, and to identify local firms able to provide the requested supplies. Seventeen (17) vendors were contacted, including local companies, in order to compare pricing. The surveyed vendors were given a grouping of items with the highest volume and most frequent usage to price. This research indicated that the prices offered by the surveyed vendors were, on average, 300 percent higher than the recommended MMCAP contract prices. The volume discounts available under this contract will provide the County with the lowest market prices for the needed pharmaceutical supplies.

Scope

The impact of this item is countywide in nature.

Fiscal Impact/Funding Source

The fiscal impact for the initial term ending on October 31, 2016 is \$1,092,000. The allocation in the proposed contract is based on the Fire Rescue Department's historical usage and projected future needs. The contract may be extended for an additional three (3) years, at increments determined by MMCAP. If MMCAP opts to exercise the optional contract term(s) and the County accesses those term(s), the cumulative value of the contract will be \$3,900,000 for up to 50 months. The County accessed the previous Minnesota pharmaceutical contract for 77 months valued at \$8,632,333.
