Memorandum

Date: November 3, 2015

To: Honorable Chairman Jean Monestine
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor 

Subject: Resolution Designating Portions of County-Owned Right-of-Way for a Traffic Circle at the Intersection of Coral Way and Segovia Street as County Property, located within Section 8 of Township 54 South, Range 41 East

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the attached resolution designating a portion of County-owned right-of-way of a Traffic Circle at the intersection of Coral Way and Segovia Street as County property, located in Section 8, Township 54 South, Range 41 East and requiring the execution of a covenant in the event of any improvements constructed therein.

Scope

The subject property is located within Commissioner Rebecca Sosa's District 6.

Fiscal Impact/Funding Source

There is no fiscal impact associated with this item as the County will no longer be responsible for the maintenance of the property being designated.

Track Record/Monitor

The person responsible for monitoring this transaction is Mr. Leandro Ona, PE, Division Chief of the Highway Engineering and Right-of-Way Division for the Public Works and Waste Management Department.

Background

Coral Way is a County-maintained road in the City of Coral Gables (City). The City has constructed a traffic circle at the intersection of Coral Way and Segovia Street, as depicted in Exhibit A to the attached resolution (Circle Property). The Circle Property includes a large area of green space in the center that is not needed for County road purposes. The County, as well as the City, have an interest in the beautification of their roads, and the City has expressed an interest in improving the Circle Property. Any improvements made to the Circle Property by the City would need to be approved by PWWM, and would necessitate obligations of the City to maintain the area at its own cost and to indemnify the County in the event of any damages arising from improvements constructed therein. These obligations would be secured by the execution of the Covenant prior to any construction, as set forth in Exhibit B to the resolution.

WHEREAS, the City of Coral Gables constructed a traffic circle at the location of the intersection of Coral Way and Segovia Street in order to promote efficient and safer traffic movement at such location, as more particularly described in the legal description and sketch of the traffic circle set forth in Exhibit "A"; and

WHEREAS, the redesignation of a portion of the traffic circle set forth in Exhibit "A," encompassing approximately 4,329 square feet, (such portion referred to herein as the "Circle Property") as Miami-Dade County property rather than Miami-Dade County right-of-way will enable certain improvements to be implemented within the circle to beautify the County and the City, consistent with traffic safety; and

WHEREAS, to the extent that the City implements any improvements to the Circle Property, it would be in the County's best interests to require the City to maintain the area and to indemnify the County regarding any damages arising therefrom, in substantially the form of the Covenant attached as Exhibit "B"; and
