 ITB4856-0/16, Bird Control Services

Agenda Item No. 8(F)(4)

Resolution No. R-1153-15

Recommendation

It is recommended that the Board of County Commissioners (Board) extend Prequalification Pool No. ITB4856-0/16, Bird Control Services, for an additional five (5) years and increase expenditure authority by \$392,000. This pool was established on January 1, 2011 for a five-year term for use by multiple County departments to purchase bird control services inclusive of all labor, materials and equipment. County departments will use the pool, as needed, during the extension period to purchase the covered services (e.g., netting, bird spikes and shock, trapping, tension wire, and visual deterrents, such as birds of prey).

Bird control services include the mitigation or deterrence of pest birds from landing, roosting and nesting in specific areas. These services are important as pest birds can create health-related hazards associated with their feces, such as histoplasmosis, cryptococcus and psittacosis diseases. If not controlled, these birds may also cause damage to property and equipment. Collisions between birds and airplanes, vehicles, powerlines, towers and wind turbines pose significant threats to health and safety. Bird control is also vital to transportation safety. Specifically, Miami-Dade Transit uses the bird control services to remove birds (i.e., pigeons) from the Metrorail stations, Metromover stations and other Transit facilities. The removal of these birds benefits the aesthetics of the stations and facilities while providing a healthier environment for County staff, patrons and the general public.

The requirements and terms and conditions of the pool would not change if a replacement solicitation were to be issued. It is anticipated that the same vendors would prequalify for a replacement solicitation. Additional qualified vendors may be added to the pool at any time during the term of the pool, subject to bi-annual ratification by the Board. This prequalification pool will remain advertised on the County's Procurement Management Services website to encourage additional participation. Outreach to registered firms was conducted to increase the number of prequalified firms. It is in the County's best interest to modify the existing pool for an additional five-year period so departments are able to continue purchasing bird control services.

Scope

The impact of this item is countywide in nature.

Fiscal Impact/Funding Source

This pool has an existing allocation of \$488,000 and expires on December 31, 2015. The requested additional allocation of \$392,000 is based on anticipated usage during the five-year extension period. The allocation for the extension period is less than the current contract due to a reduction in anticipated usage.

Department	Existing Allocation	Additional Allocation Requested	Modified Allocation	Funding Source	Contract Manager

Track Record/Monitor

Tracey Jones of the Internal Services Department is the Procurement Contracting Officer.

Delegated Authority

The County Mayor or County Mayor's designee will have the authority to exercise all provisions of the contract pursuant to Section 2-8.1 of the County Code and Implementing Order 3-38. The County Mayor or the County Mayor's designee may add qualified vendors to the pool at any time during the term of the pool, subject to bi-annual ratification by the Board. The County Mayor or County Mayor's designee will also have the authority to solicit pricing and award contracts up to an aggregate contract amount of the allocation authorized by the Board.
