# Memorandum

**Date:** May 17, 2016

**To:** Honorable Chairman Jean Monestime  
and Members, Board of County Commissioners

**From:** Carlos A. Gimenez  
Mayor 

**Subject:** Resolution Approving Terms and Authorizing the Execution of an Interlocal Cooperation Agreement between the City of Florida City and Miami-Dade County to Waive and/or Release Municipal Liens Recorded on Infill Housing Properties

---

## Recommendation

It is recommended that the Board of County Commissioners (Board) approve terms and authorize the execution of an Interlocal Cooperation Agreement (Agreement) between the City of Florida City (Florida City) and Miami-Dade County (County). Florida City agrees to waive and/or release municipal liens recorded on those County-owned properties located in Florida City (Infill Properties), which are designated for development through the County's Infill Housing Initiative Program (Infill Program). It is further recommended that the Board authorize the County Mayor or the County Mayor's designee to exercise the amendment and termination provisions contained in the Agreement, and to take all necessary action to effectuate the same.

## Scope

Florida City falls within the boundaries of District 9, represented by Commissioner Dennis C. Moss.

## Fiscal Impact/Funding Source

The County, through the Internal Services Department, is responsible for recurring maintenance costs associated with the Infill Properties, which amounts to approximately \$3,010.00 annually, per acre. The funds used to maintain the Infill Properties are paid from the Internal Services Department's Capital Outlay Reserve Fund. Additionally, the County may pay approximately \$29.00 in recording fees for each release of lien recorded for each property.

## Track Record/Monitor

Jorge R. Cibran AIA, Director of Facilities and Development for the Public Housing and Community Development Department (Department), will be responsible for monitoring this Agreement.

## Background

The purpose of the Infill Program is to increase the availability of affordable homes for very-low, low- and moderate-income persons (Qualified Households); to maintain a stock of affordable housing; redevelop urban neighborhoods by eliminating the blight of vacant lots and dilapidated or abandoned properties; and equitably distribute homeownership opportunities within certain infill target areas, as defined in the County Code, and, in so doing, generate payment of ad valorem taxes. Through the Infill Program, developers build single-family homes to be sold to qualified households. The Infill Program further encourages the redevelopment of vacant, dilapidated, or abandoned property through the sale or transfer of County property to qualified developers, and the inclusion of privately-owned vacant, dilapidated, or abandoned properties. Oftentimes, these Infill Properties have both County and

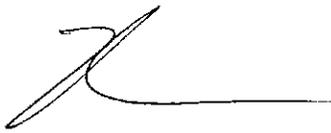

municipal liens and/or citations, that encumber them and must be addressed prior to the sale of a home to a qualified household.

On November 5, 2014, the Board adopted Resolution No. R-1004-14, which urged municipalities, including the City of Miami, City of North Miami, City of Opa-locka, City of Homestead, City of Florida City, and City of Miami Gardens, to waive and/or release and satisfy their municipal liens, which have been recorded in the public record against the Infill Properties. Resolution No. R-1004-14 also directed the County Mayor or County Mayor's designee to negotiate Interlocal Agreements with each of the aforementioned municipalities, which would ensure the timely waiver and/or release and satisfaction of municipal liens recorded in the public record against such Infill Properties.

During the past year, the Department conducted negotiation meetings, emailed correspondences, and initiated phone conversations with the other five (5) municipalities listed above, urging them to enter into Interlocal Agreements. To date, only Florida City has committed to this effort. The Florida City Board of Commissioners adopted Resolution No. 16-05, which is attached to the resolution as Attachment B, authorizing the City Mayor to execute the Agreement on behalf of Florida City. Over the next three (3) months, the Department plans to continue reaching out to the municipalities and to bring those Interlocal Agreements that are successfully negotiated to the Board.

Pursuant to Section 17-126 of the Code, the County Mayor is authorized to release or satisfy any County lien and/or citation placed on publicly or privately-owned property if the property has been approved by the County Mayor for the Infill Program. Such County liens include, but are not limited to, the following liens: civil restitution, code enforcement, demolition, hospital, judgment, lot clearing, minimum housing standards, mortgage, nuisance abatement, public defender, storm water utility, waste, water and sewer, and welfare liens. However, there is no similar provision for the waiver and/or release and satisfaction of municipal liens recorded by municipalities, where some of the Infill Program properties are located. As a result of these liens, the County and the qualified Infill Program Developers are either delayed or prevented from accomplishing the goals of the Infill Program. Therefore, it is recommended that the Board approve the terms of the Agreement and its execution.

**SUBJECT:**   **Interlocal Agreement with County Related to a Waiver of City and CRA**  
                  **Liens on Properties to be Conveyed by the County for Affordable Housing**

---

Miami-Dade County has requested that the City of Florida City enter into an Interlocal Agreement with the County wherein the City agrees to waive Code Enforcement and similar liens against properties that the County intends to convey to a third party for affordable housing.

City staff has negotiated the terms of the Interlocal Agreement to be more favorable to the City. The County has agreed that the City may deny the waiver for good cause. Examples of this type of lien is a utility lien where the City is prohibited by bond covenant from such waiver or where the City/CRA may have entered into a negotiated settlement with a third party who would be adversely effected by the waiver. The County also agreed to add the City to its list of parties to whom is distributed periodically a list of parcels the County is willing to convey for affordable housing. This way the City may request that the parcel be conveyed to the City rather than a third party who may not develop the property after conveyance. Though the City would prepare the lien waiver ready for recordation, the County (or the third party) will pay for the recordation expense.

The County has been very cooperative with City requests for conveyance of County owned property to the City or CRA. Though it is a long and sometimes tedious process, the City eventually has ended up with ownership of the properties we have requested. We have paid appraised value for several commercial and residential properties on which we did not want an affordable housing covenant attached to the deed. But more times the County has conveyed the property to the City or CRA at no cost to the City or CRA.
