

Memorandum

Date: (Public Hearing 7-6-16)
June 21, 2016

To: Honorable Chairman Jean Monestime
and Members, Board of County Commissioners

Agenda Item No. 5(E)

From: Carlos A. Gimenez
Mayor

Subject: Ordinance Authorizing Issuance of Special Obligation Capital Asset Acquisition Bonds
in an Amount Not to Exceed \$40 Million

Ordinance No. 16-68

Recommendation

It is recommended that the Board of County Commissioners (Board) enact the accompanying Ordinance (2016 Ordinance) which authorizes the issuance of up to \$40 million of Special Obligation Capital Asset Acquisition Bonds in one or more series (Bonds) for the purpose of funding the costs associated with the construction of the New Animal Services Shelter, the Animal Services Satellite Facility, the Boat Ride at Zoo Miami's Florida Exhibit, Venetian Bridge Repairs, and Miscellaneous Park Improvements (2016 Projects).

Scope

The proposed Bonds will finance Projects that will have countywide impact.

Fiscal Impact/Funding Source

The principal and interest on the proposed Bonds are special and limited obligations of the County payable solely from legally available non-ad valorem revenues of the County, as appropriated annually or from revenues otherwise available from authorized funds and debt service reserves. Actual debt payments will be budgeted in the Countywide General Fund and paid for by funds appropriated in the adopted budgets of each entity/department benefitting from the projects with each series of Bonds.

Until a series of bonds is issued, the enactment of the 2016 Ordinance will have no fiscal impact on the County. The terms, maturities, interest rates, and other bond-related details for each series of Bonds will be established in a Series Resolution adopted by the Board prior to the issuance of the Bonds.

Social Equity

The proposed ordinance is not anticipated to have a specific social equity benefit or burden as described under Ordinance No. 15-63. The issuance of Capital Asset Acquisition Bonds will allow direct investments in capital assets. These assets will allow the County to provide better treatment of the animals in its care, provide visitors of Zoo Miami with a close-up view of the American Crocodile and other species found in Florida, and allow for the continuation of capital repair/maintenance related to the infrastructure of our bridges and parks.

Track Record/Monitoring

The programming and recommended use of bond proceeds is managed through the County's annual capital budget process, under the auspice of the Director of the Office of Management and Budget, Jennifer Moon. Issuance of bonds under this 2016 Ordinance, annual bond service, and continuing disclosure will be managed by the Finance Department's Division of Bond Administration Director Frank Hinton.

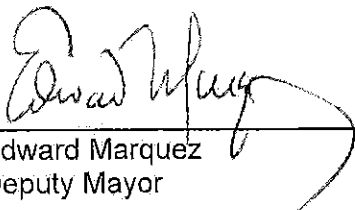

Background

The County has approximately \$614.030 million of outstanding Capital Asset Acquisition Bonds, with the average annual debt service being approximately \$42 million a year. Capital Asset Acquisition Bonds are used to fund various countywide capital equipment or construction projects. Each of these series were issued pursuant to Board authorized ordinances and subsequent series resolutions.

The Projects anticipated to be financed through the issuance of the proposed Bonds, (listed in Exhibit A) are described in more detail below and may be modified or supplemented for other purposes by a certificate executed by the County Mayor:

- **Animal Services Shelter:** The principal use of the facility will be for the re-homing, protection, and shelter of unwanted and stray animals. The new facility will allow the Animal Services Department to provide best-practices in animal education, housing, care, and welfare. It will also include a new public clinic, operating rooms, and quarantine facilities.
- **Animal Services Satellite Facility:** The new satellite facility is part of a unique partnership between the Animal Services Department and the American Society for the Prevention of Cruelty to Animals (ASPCA). The partnership will allow for critical pet services to be provided in the Liberty City area and surrounding communities. The area is significantly underserved with regard to veterinary services and is also one of the largest areas for stray dog intake in the County. The satellite facility will provide spay/neuter surgeries and community medical services to the animals of County residents, which will allow better accessibility to these services to area residents.
- **Zoo Miami's Florida Exhibit - Boat Ride:** Zoo Miami's latest addition, the Florida Exhibit, is currently under construction and is anticipated to be completed later this year. Included in the proposed exhibit is a boat ride. The boat ride, "Lost Man's River," will take visitors on a tour of the Florida Exhibit where they will have close-up views of the American Crocodile, Alligators, and other species found in Florida. The airboat-themed boats will offer the visitors a different perspective from the walking path. The ride experience will also include a water tunnel, geyser, and other elements to provide excitement for visitors.
- **Venetian Bridge Repairs:** The Venetian Causeway East Bascule and Purdy Avenue bridges are currently in need of immediate repair. The project includes deck repairs, signage, resurfacing, and repairs to the bridge's movable machinery, replacement of the electrical system, and track repairs.
- **Miscellaneous park improvements:** The miscellaneous projects generally consists of ADA compliance projects to remove barriers at the most frequently attended facilities, water and sewer backflow compliance and conversion mandates, contamination remediation at Colonial Park, and renovations at various facilities, which include lighting and walkway improvements.

The 2016 Ordinance provides that bonds shall only be issued with a subsequent Series Resolution to be approved by the Board. Each Series Resolution will provide more detailed description of the Projects to be financed, the terms, maturities, interest rates, hedge arrangements, and other details for each series of Bonds to be issued.
