Mayor

A handwritten signature in black ink, appearing to read "Carlos A. Gimenez", written over a horizontal line.

Subject: Class I Permit Application by Timothy Bryan to Trim Mangrove Trees in a Coastal
Band Community

Resolution No. R-609-16

Attached for your consideration is an application by Timothy Bryan for a Class I permit and the acceptance of a restrictive covenant running with the land in favor of Miami-Dade County.

Also attached is the recommendation of the Department of Regulatory and Economic Resources and a proposed resolution that approves the issuance of the Class I permit and the acceptance of the restrictive covenant.

This item is quasi-judicial.

Jack Osterholt
Deputy Mayor

Memorandum

Date: June 22, 2016

To: Carlos A. Gimenez
Mayor

From: Jack Osterholt, Deputy Mayor/Director
Department of Regulatory and Economic Resources

Subject: Class I Permit Application by Timothy Bryan to Trim Mangrove Trees in a Coastal Band Community for the Creation of a Viewing Corridor and Construction of a Viewing Platform, and to Request the Acceptance of a Restrictive Covenant Running with the Land in Favor of Miami-Dade County at 820 Mashta Place in the Village of Key Biscayne, Florida

Recommendation

I have reviewed the attached application for a Class I permit and the attached restrictive covenant running with the land in favor of Miami-Dade County by Timothy Bryan. Based upon the applicable evaluation factors set forth in Section 24-48.3 of the Code of Miami-Dade County (Code), I recommend that the Board of County Commissioners (Board) approve the issuance of a Class I permit and authorize the acceptance of the restrictive covenant for the reasons set forth below.

Scope

The project site is located at 820 Mashta Place, Key Biscayne, Florida in Commission District 7, which is represented by Commissioner Xavier L. Suarez.

Fiscal Impact/Funding Source

This resolution is a regulatory approval and does not have a fiscal impact, as contemplated by Resolution No. R-530-10.

Track Record/Monitor

The Coastal and Wetlands Resources Section Manager, Pamela Sweeney, in the Department of Regulatory and Economic Resources, Division of Environmental Resources Management, will be responsible for monitoring the proposed permit.

Background

This Class I permit application requests authorization to trim mangrove trees that are part of a Coastal Band Community as defined in Section 24-5 of the Code. The proposed work will maintain clearance along the uplands adjacent to the landward side of the mangroves, establish a view corridor, and establish an access corridor through the mangroves for the construction of an elevated walkway to a viewing platform over Biscayne Bay. The proposed project is required to be reviewed and approved by the Board at a public hearing because the scope of work is specifically referenced in Section 24-48.2 of the Code as work that shall be processed as a standard form application, including a public hearing.

The proposed work involves the trimming of mangroves that are located along the shoreline of the subject property, adjacent to Biscayne Bay. The proposed trimming will create a view corridor and will also provide for the construction of an elevated walkway through mangroves out to a viewing platform over Biscayne Bay. In addition, the applicant is requesting to conduct minor trimming of lateral branches that overhang the uplands. The proposed trimming configuration has been designed to avoid significant impacts to any individual tree or to the wetland area as a whole. The Class I permit will authorize future maintenance of the permitted configuration, and will include conditions that prohibit top-pruning or the removal of greater than 25 percent of the canopy of any

individual tree. The proposed project is consistent with the Code requirement to avoid and minimize resource impacts, and is not reasonably expected to result in significant adverse environmental impacts. Therefore, the proposed project is recommended for approval.

To provide for the future protection of the mangroves, a restrictive covenant running with the land in favor of Miami-Dade County is included in this application. The restrictive covenant limits the mangrove trimming at the property to the approved configuration, designates a portion of the mangroves as a preservation area, and requires that they be managed such that they are not disturbed or removed, and are maintained free of invasive and exotic vegetation. Persons responsible for violations of the terms of the restrictive covenant are subject to enforcement actions.

Additionally, the viewing platform will be located over submerged lands owned by the State of Florida. The applicant has obtained an Environmental Resource Permit from the Florida Department of Environmental Protection that includes authorization for the use of sovereign submerged lands.

Section 24-48.3 of the Code requires mitigation for permissible projects that otherwise result in environmental impacts. The project will result in the removal of mangrove canopy and impacts to benthic resources associated with the proposed viewing platform. Mitigation for impacts to resources will be satisfied through a contribution to the Biscayne Bay Environmental Enhancement Trust Fund in the amount of \$24,815.00 to be used for the creation, restoration, or enhancement of coastal wetlands and seagrass habitat adjacent to and within Biscayne Bay or its tidal tributaries.

The proposed project has been designed in accordance with all relevant Miami-Dade County coastal construction criteria and is consistent with all Miami-Dade County coastal protection provisions. The attached Project Report sets forth the reasons the project is recommended for approval pursuant to the applicable evaluation factors set forth in Section 24-48.3 of the Code.

9. IMPORTANT NOTICE TO APPLICANTS: The written consent of the property owner is required for all applications to be considered complete. Your application WILL NOT BE PROCESSED unless the Applicant and Owner Consent portion of the application is completed below. You have the obligation to apprise the Department of any changes to information provided in this application.

Application is hereby made for a Miami-Dade County Class I permit to authorize the activities described herein. I agree to or affirm the following:

- I possess the authority to authorize the proposed activities at the subject property, and
- I am familiar with the information, data and plans contained in this application, and
- To the best of my knowledge and belief, the information, data and plans submitted are true, complete and accurate, and
- I will provide any additional information, evidence or data necessary to provide reasonable assurance that the proposed project will comply with the applicable State and County water quality standards both during construction and after the project is completed, and
- I am authorizing the permit agent listed in Section 2 of this application to process the application, furnish supplemental information relating to this application and bind the applicant to all requirements of this application, and
- I agree to provide access and allow entry to the project site to inspectors and authorized representatives of Miami-Dade County for the purpose of making the preliminary analyses of the site and to monitor permitted activities and adherence to all permit conditions.

RE: Class I Standard Form Permit Application Number CLI-2015-0330
Applicant's Authorized Agent Statement

To Whom It May Concern,

By the attached Class I Standard Form application with supporting documents, I, David Ettman, President of Biscayne Environmental, Inc., am the applicant's authorized agent and hereby request permission to perform the work associated with Class I Permit Application CLI-2015-0330. I understand that a Miami-Dade County Class I Standard Form Permit is required to perform this work.

If approval is granted for the proposed work by the Board of County Commissioners, complete and detailed plans and calculations of the proposed work shall be prepared by an engineer licensed in the State of Florida in accordance with the minimum requirements of Chapter 24 of the Code of Miami-Dade County, Florida. Said plans and calculations shall be subject to the review and approval of the Department. The permit applicant will secure the services of an engineer licensed in the State of Florida to conduct inspections throughout the construction period, and said engineer shall prepare all required drawings of record. In the event that the proposed work, which is the subject of this Class I Permit application, involves the cutting or trimming of a mangrove tree(s), a detailed plan of the proposed cutting or trimming shall be prepared by a licensed landscape architect and submitted to the Department for review and approval, and the permit applicant will secure the services of a licensed landscape architect to supervise the trimming or cutting.

Respectfully submitted,

David Ettman, President
Biscayne Environmental, Inc.

ENGINEER STATEMENT

March 11, 2016

Miami-Dade County Department of Regulatory and Economic Resources
Class I Permitting Program
701 NW 1st Court
Miami FL, 33136

RE: Class I Standard Form Permit Application Number CLI-2015-0330

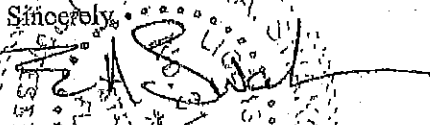

Ladies and Gentlemen:

This letter will certify that I am an engineer licensed in the State of Florida, qualified by education and experience in the area of engineering design and inspection, and that to the best of my knowledge and belief, the proposed work does not violate any laws, rules or regulations of the State of Florida or any provision of the Code of Miami Dade County which may be applicable, that diligence and recognized standard practices of the engineering profession have been exercised in the engineer's design of the proposed work, and in my opinion based upon my knowledge and belief, the following will not occur:

- a) Harmful obstruction or undesirable alteration of the natural flow of the water within the area of the proposed work.
- b) Harmful or increased erosion, shoaling of channels or stagnant areas of water. (Not applicable to class IV permits)
- c) Material injury to adjacent property.
- d) Adverse environmental impacts from changes in water quality or quantity. (Applicable to class IV permits only)

Further, I have been retained by the applicant to provide inspections throughout the construction period and to prepare a set of reproducible record prints of drawings showing changes made during the construction process based upon the marked-up prints, certified surveys, drawings, and other data furnished by the contractor to me.

Sincerely,

Edward A. Swakon, P.E.

Address: 1761 Cleveland Rd.
Miami Beach, FL 33141

RESTRICTIVE COVENANT RUNNING WITH THE LAND IN FAVOR OF
MIAMI-DADE COUNTY

The undersigned, Timothy Bryan and Nina Bryan, being the present owners of the following real property (hereinafter called "the Property"), lying, being and situated in Miami-Dade County, Florida, to wit:

Exhibit A

pursuant to Section 24-48.2(II) (B) (10) (c) of the Code of Miami-Dade County, Florida hereby proffer this executed Restrictive Covenant Running With The Land in Favor of Miami-Dade County, Florida (Restrictive Covenant) as part of Miami-Dade County Department of Regulatory and Economic Resources Class I Permit Application Number CLI-2015-0330:

1. The owners covenant to Miami-Dade County that the mangroves along the northern 22 linear feet of the property shall be considered a "Preservation Area" as shown on Exhibit B and be preserved and managed such that the Preservation Area is not disturbed or removed for the life of this covenant. No cutting or trimming of mangroves shall be permitted in the Preservation Area except for cutting and trimming limited to only what is necessary to maintain clearance along the uplands as specified in Number 5 below.
2. The owners covenant to Miami-Dade County that the Property shall remain free from invasive and exotic vegetation for the life of this Restrictive Covenant.
3. There shall be no work within wetlands or tidal waters at or adjacent to the Property, including but not limited to cutting or trimming of mangroves, without first obtaining a Class I permit.
4. The owners may clear mangrove and buttonwood vegetation to maintain access to and use of the viewing platform as shown on Exhibit B, provided that such clearing is not more extensive than the following limits; a maximum of 1 foot from the perimeter of the viewing platform and no higher than 8 feet above the walking surface of the viewing platform.
5. The owners may maintain access to and use of the uplands along the shoreline through the clearing of mangrove and buttonwood vegetation that overhangs the uplands landward of the top of slope, where the top of slope is shown on Exhibit B.

6. Nothing in this covenant shall prohibit the owners from maintaining a viewing corridor through the mangroves and buttonwoods along the shoreline by trimming of lateral branches between the elevations of 12 N.G.V.D. and 20 N.G.V.D, provided that any such work is done pursuant to and to the extent allowed by a valid Miami-Dade County Class I permit. Notwithstanding anything to the contrary, no work shall be allowed in the Preservation Area as shown on Exhibit B.
7. Top pruning of any mangroves is prohibited.
8. For the purposes of this Restrictive Covenant, "vessel" is herein defined as any craft designed to float or navigate on water, including but not limited to: sailboats, powerboats, rowboats, ships, boats, skiffs, houseboats, personal watercrafts, and inflatable boats.
9. For the purposes of this Restrictive Covenant, "viewing platform" is herein defined as any structure, landward or waterward of the mean high waterline, designed for pedestrian access for the sole purpose of recreational activities excluding those activities involving vessels as defined above in this Restrictive Covenant.
10. The owners agree and covenant that no vessels shall utilize or be moored at the viewing platform or at the Property, even on a temporary basis.
11. The owners agree and covenant that the installation of marine hardware utilized to secure vessels, including marine hardware that does not require a Class I permit, is prohibited along any portion of the viewing platform.
12. The owners agree and covenant not to construct, place, install, maintain, permit, allow, suffer or cause the construction, placement, installation, maintenance or existence of any structure which does not have a water-dependent use on the viewing platform.
13. The owners agree and covenant to construct and maintain handrails on all waterside portions of the access walkway and terminal platform of the viewing platform to prohibit access to and/or from any vessel(s) to and/or from the viewing platform.
14. The owners covenant and represent that any and all persons holding a security interest of any kind whatsoever in the Property has been advised of, and has agreed to, the execution of this Restrictive Covenant.
15. The owners shall notify Miami-Dade County in writing not later than thirty (30) days after any conveyance, sale, grant or transfer of the Property or any portion thereof, to any heirs, successors, assigns or grantees.
16. The owners agree and covenant that approval of this Restrictive Covenant neither authorizes nor constitutes a permit of any kind for work in wetlands or tidal waters at or adjacent to the Property.
17. The term owners shall include the owners and their heirs, successors and assigns.
18. This Restrictive Covenant shall run with the land and shall be recorded in the Public Records of Miami-Dade County, Florida and shall remain in full force and effect and be binding upon the owners, and their heirs, successors, grantees and assigns until such time as same is modified or released in writing by Miami-Dade County pursuant to the provisions of Section 24-48 of the Code of Miami-Dade County.

19. This Restrictive Covenant and the provisions contained herein may be enforced against any person permitting, allowing, letting, causing or suffering any violation of the terms of this Restrictive Covenant by the Department of Regulatory and Economic Resources, or its successor, by temporary, permanent, prohibitory, and mandatory injunctive relief as well as otherwise provided by law or ordinance and also may include an action for and to recover civil penalties, damages, costs and expenses, and attorney's fees in favor of Miami-Dade County against said person(s) as authorized by law or ordinance. All of the remedies provided herein shall be deemed to be independent and cumulative and shall be deemed to be supplemental to any remedies provided by law or ordinance.
20. No cancellation, revision, alteration or amendment of the Restrictive Covenant shall be effective without prior approval from Miami-Dade County pursuant to the provisions of Section 24-48 of the Code of Miami-Dade County.
21. This Restrictive Covenant is to run with the land and shall be binding on all parties and all persons claiming under it for a period of thirty (30) years after the date this Restrictive Covenant is recorded, after which time it shall be extended automatically for successive periods of ten (10) years each, unless the Restrictive Covenant is modified or released by Miami-Dade County.

IN WITNESS WHEREOF, the undersigned have caused this Restrictive Covenant to be executed this 16 day of June, 2016.

CLASS I PERMIT APPLICATION NO. CLI-2015-0330

Class I Permit Application by Timothy Bryan to Trim Mangrove Trees in a Coastal Band Community for the Creation and Maintenance of a Viewing Corridor and Construction of a Viewing Platform and to Authorize the Acceptance of a Restrictive Covenant Running with the Land in Favor of Miami-Dade County at 820 Mashta Place in the Village of Key Biscayne, Florida

DATE: June 20, 2016

Staff's recommendation of approval for the above-referenced permit application is based on the applicable evaluation factors under Section 24-48.3 of the Code of Miami-Dade County, Florida (Code). The following is a summary of the proposed project with respect to each applicable evaluation factor:

1. **Potential Adverse Environmental Impact** – The potential adverse environmental impact associated with the proposed project is minimal. The project includes the trimming of lateral branches of *Rhizophora mangle* (red mangrove), *Avicennia germinans* (black mangrove), *Laguncularia racemose*, and *Conocarpus erectus* (green buttonwood) trees that are part of a Coastal Band Community, as defined in Section 24-5 of the Code. The proposed work will result in the removal of 1,582 square feet of mangrove and green buttonwood canopy; however, the proposed trimming configuration has been designed to avoid significant impacts to any individual tree or to the wetland area as a whole. The Class I permit will authorize future maintenance of the permitted configuration, and will include conditions that prohibit top-pruning or the removal of greater than 25% of the canopy of any individual tree. In addition, the proposed viewing platform will result in impacts to benthic resources. The proposed project is not reasonably expected to result in significant adverse environmental impacts and is recommended for approval.

Section 24-48.3 of the Code requires mitigation for permissible projects that otherwise result in environmental impacts. Mitigation for impacts to resources will be satisfied through a contribution to the Biscayne Bay Environmental Enhancement Trust Fund in the amount of \$24,815.00 to be used for the creation, restoration, or enhancement of coastal wetlands and seagrass habitat adjacent to and within Biscayne Bay or its tidal tributaries.

2. **Potential Cumulative Adverse Environmental Impact** – The proposed project is not reasonably expected to result in cumulative adverse environmental impacts.
3. **Hydrology** - The proposed project is not reasonably expected to adversely affect surface water drainage or retention of stormwater.
4. **Water Quality** – The proposed project is not reasonably expected to adversely affect water quality.
5. **Wellfields** – The proposed project is not reasonably expected to adversely affect wellfields.
6. **Water Supply** – The proposed project is not reasonably expected to adversely affect water supply.
7. **Aquifer Recharge** – The proposed project is not reasonably expected to adversely affect aquifer recharge.
8. **Aesthetics** – The proposed project is not reasonably expected to adversely affect aesthetics.
9. **Navigation** – The proposed project is not reasonably expected to adversely affect navigation.
10. **Public Health** - The proposed project is not reasonably expected to adversely affect public health.
11. **Historic Values** - The proposed project is not reasonably expected to adversely affect historic values.

12. Archaeological Values - The proposed project is not reasonably expected to adversely affect archaeological values.
13. Air Quality – The proposed project is not reasonably expected to adversely affect air quality.
14. Marine and Wildlife Habitats – The proposed project is not reasonably expected to adversely affect marine and wildlife habitats as set forth in Number 1 above.
15. Wetland Soils Suitable for Habitat – The proposed project is not reasonably expected to adversely affect wetland soils suitable for habitat.
16. Floral Values – The proposed project is not reasonably expected to adversely affect floral values as set forth in Number 1 above.
17. Fauna Values - The proposed project is not reasonably expected to adversely affect fauna values as set forth in Number 1 above.
18. Rare, Threatened and Endangered Species – The proposed is not reasonably expected to adversely affect rare, threatened and endangered species.
19. Natural Flood Damage Protection - The proposed project is not reasonably expected to adversely affect surface water drainage or retention of stormwater.
20. Wetland Values – The proposed project is not reasonably expected to adversely affect wetland values as set forth in Number 1 above.
21. Land Use Classification – Pursuant to Section 24-48.2(II)(B)(7) of the Code of Miami-Dade County, Florida, a substantiating letter from the Village of Key Biscayne stating that the proposed project does not violate any zoning laws, or a plan approval, will be submitted prior to permit issuance.
22. Recreation - The proposed project does not conflict with the recreation element of the Miami-Dade County Comprehensive Development Master Plan.
23. Other Environmental Values Affecting the Public Interest – The proposed project is not reasonably expected to adversely affect other environmental values affecting the public interest. The proposed project will occur on lands owned by the applicant and the State of Florida, and the applicant has obtained authorization from the State.
24. Conformance with Standard Construction Procedures and Practices and Design and Performance Standards – The proposed project complies with the standard construction procedures and practices and design and performance standards of the applicable portions of Chapter 33B of the Code of Miami-Dade County and the Miami-Dade County Public Works Manual.
25. Comprehensive Environmental Impact Statement (CEIS) - In the opinion of the Director, the proposed project is not reasonably expected to result in significant adverse environmental impacts or cumulative adverse environmental impacts. Therefore, a CEIS was not required by DERM to evaluate the project.

26. Conformance with All Applicable Federal, State and Local Laws and Regulations - The proposed project is in conformance with applicable State, Federal and local laws and regulations:
- a) Chapter 24 of the Code of Miami-Dade County
 - b) Florida Statutes 403.9321-403-9334 (1996 Mangrove Trimming and Preservation Act)
27. Conformance with the Miami-Dade County Comprehensive Development Master Plan (CDMP) - In the opinion of the Director, the proposed project is in conformance with the CDMP. The following is a summary of the proposed project as it relates to the CDMP:

LAND USE ELEMENT I:

Objective 3/Policies 3A, 3B, 3C - Protection of natural resources and systems. – The proposed project is consistent with all applicable environmental regulations, is compatible with surrounding land uses in Biscayne Bay and does not involve development in the Big Cypress area of Critical State Concern or the East Everglades.

TRANSPORTATION ELEMENT II

Aviation Subelement/Objective AV-5A - Aviation System Expansion - There is no aviation element to the proposed project.

Port of Miami River Subelement/Objective 3 - Minimization of impacts to estuarine water quality and marine resources. The proposed project is not located within the Miami River.

CONSERVATION, AQUIFER RECHARGES AND DRAINAGE ELEMENT IV:

Objective 3/Policies 3A, 3B, 3D - Wellfield protection area protection. - The proposed project is not located within a wellfield protection area.

Objective 3/Policy 3E - Limestone mining within the area bounded by the Florida Turnpike, the Miami-Dade/ Broward Levee, N.W. 12 Street and Okeechobee Road. - The proposed project is not located within this area.

Objective 4/Policies 4A, 4B, 4C - Water storage, aquifer recharge potential and maintenance of natural surface water drainage. - The proposed project is not reasonably expected to adversely affect water storage, aquifer recharge potential or natural surface water drainage.

Objective 5/Policies 5A, 5B, 5F - Flood protection and cut and fill criteria – The proposed project will not compromise flood protection.

Objective 6/Policy 6A - Areas of highest suitability for mineral extraction. - The proposed project is not located in an area proposed or suitable for mineral extraction.

Objective 6/Policy 6B - Guidelines for rock quarries for the re-establishment of native flora and fauna. - The proposed project is not located in a rock quarry.

Objective 7/Policy 7A, 7C, 7D, 7J - Wetland protection and restoration. – The proposed project is not reasonably expected to compromise wetland protection or restoration, as set forth in Number 1 above.

Objective 9/Policies 9A, 9B, 9C - Protection of habitat critical to Federal or State-designated threatened or endangered species. – The proposed project is not reasonably expected to adversely affect habitat critical to Federal or State-designated threatened or endangered species, and the impacts have been minimized and will be mitigated as set forth in Number 1 above.

COASTAL MANAGEMENT ELEMENT VII:

Objective 1/Policy 1A - Tidally connected mangroves in mangrove protection areas – The proposed project is not located within a designated “Mangrove Protection Area.”

Objective 1/ Policy 1B - Natural surface flow into and through coastal wetlands. – The proposed project is not reasonably expected to adversely affect natural surface flow into and through coastal wetlands.

Objective 1/ Policy 1C - Elevated boardwalk access through mangroves. – The proposed project involves the construction of an elevated walkway through mangroves to a viewing platform over Biscayne Bay. The walkway has been designed to minimize impacts to mangroves and will be mitigated as set forth in Number 1 above.

Objective 1/Policy 1D - Protection and maintenance of mangrove forests and related natural vegetational communities. - The proposed project is not reasonably expected to adversely affect mangrove forests and related natural vegetational communities as set forth in Number 1 above.

Objective 1/Policy 1E - Mitigation for the degradation and destruction of coastal wetlands, Monitoring and maintenance of mitigation areas. – Although the proposed project will result in the removal of mangrove and green buttonwood canopy, the work is not reasonably expected to result in the degradation or destruction of coastal wetlands. In addition, the impacts will be mitigated as set forth in Number 1 above.

Objective 1/Policy 1G - Prohibition on dredging or filling of grass/algal flats, hard bottom or other viable benthic communities, except as provided for in Chapter 24 of the Code of Miami-Dade County, Florida. – The proposed project does not involve dredging or filling of grass/algal flats, hard bottom, or other viable benthic communities.

Objective 2/Policies 2A, 2B - Beach restoration and renourishment objectives. - The proposed project does not involve beach restoration or renourishment.

Objective 3/Policies 3E, 3F - Location of new cut and spoil areas for proper stabilization and minimization of damages. - The proposed project does not involve the development or identification of new cut or spoil areas.

Objective 4/Policy 4A, 4C, 4E, 4F – Protection of endangered or threatened animal species. – The proposed project is not reasonably expected to result in impacts to endangered or threatened species as set forth in Number 1 above.

Objective 5/Policy 5B - Existing and new areas for water-dependent uses. - The proposed project includes a new private water-dependent use.

Objective 5/Policy 5D - Consistency with Chapter 33D, Miami-Dade County Code. (shoreline access, environmental compatibility of shoreline development) – The proposed project does not meet the thresholds for review by the Miami-Dade County Shoreline Development Review Committee.

Objective 5/Policy 5F - The siting of water dependent facilities. - The proposed project is consistent with the criteria for the creation of new water dependent facilities.

28. **Conformance with Chapter 33B, Code of Miami-Dade County** (East Everglades Zoning Overlay Ordinance) – The proposed project is not located within the East Everglades Area.
29. **Conformance with Miami-Dade County Ordinance 81-19** (Biscayne Bay Management Plan Sections 33D-1 through 33D-4 of the Code of Miami-Dade County) - The proposed project is in conformance with the Biscayne Bay Management Plan.
30. **Conformance with the Miami-Dade County Manatee Protection Plan** - The proposed project was evaluated for consistency with the Miami-Dade County Manatee Protection Plan (MPP). The project site is located in an area designated by the MPP as essential habitat for *Trichechus manatus* (West Indian Manatee). The proposed work is not reasonably expected to adversely affect manatees, and the Class I permit will require that all standard construction permit conditions regarding manatees be followed during all in-water operations.
31. **Consistency with Miami-Dade County Criteria for Lake Excavation** – The proposed project does not involve lake excavation.
32. **Municipality Recommendation** – Pursuant to Section 24-48.2(II)(B)(7) of the Code of Miami-Dade County, Florida, a substantiating letter from the Village of Key Biscayne stating that the proposed project does not violate any zoning laws, or a plan approval, will be submitted prior to permit issuance. .
33. **Coastal Resources Management Line** - A coastal resources management line was not required for the proposed project, pursuant to Section 24-48.2(II)(B)(10)(b) of the Code of Miami-Dade County.
34. **Maximum Protection of a Wetland's Hydrological and Biological Functions** – The proposed project will result in the removal of mangrove and green buttonwood canopy; however, the impacts to wetlands have been minimized and shall be mitigated as set forth in Number 1 above.
35. **Class I Permit Applications Proposing to Exceed the Boundaries Described in Section D-5.03(2)(a) of the Miami-Dade County Public Works Manual** – Not applicable.

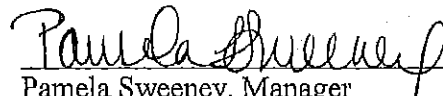

The proposed project was also evaluated for compliance with the standards contained in Sections 24-48.3(2),(3), and (4) of the Code of Miami-Dade County, Florida. The following is a summary of how the standards relate to the proposed project:

24-48.3 (2) Dredging and Filling for Class I Permit – Not applicable.

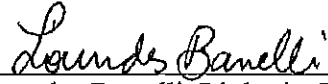

24-48.3 (3) Minimum Water Depth Required for Boat Slips Created by the Construction or Placement of Fixed or Floating Docks and Piers, Piles and Other Structures Requiring a Permit Under Article IV, Division 1 of Chapter 24 of the Code of Miami-Dade County - Not applicable – the use of the viewing platform by vessels is prohibited.

24-48.3 (4) Clean Fill in Wetlands – Not applicable.

BASED ON THE FOREGOING, IT IS RECOMMENDED THAT A CLASS I PERMIT BE APPROVED.

MEMORANDUM

(Revised)

TO: Honorable Chairman Jean Monestime
and Members, Board of County Commissioners

DATE: July 6, 2016

FROM: 
Abigail Price-Williams
County Attorney

SUBJECT: Agenda Item No. 5(N)

Please note any items checked.

- "3-Day Rule" for committees applicable if raised
- 6 weeks required between first reading and public hearing
- 4 weeks notification to municipal officials required prior to public hearing
- Decreases revenues or increases expenditures without balancing budget
- Budget required
- Statement of fiscal impact required
- Statement of social equity required
- Ordinance creating a new board requires detailed County Mayor's report for public hearing
- No committee review
- Applicable legislation requires more than a majority vote (i.e., 2/3's ____, 3/5's ____, unanimous ____) to approve
- Current information regarding funding source, index code and available balance, and available capacity (if debt is contemplated) required

Agenda Item No. 5(N)
7-6-16

RESOLUTION NO. R-609-16

RESOLUTION TAKING ACTION ON A CLASS I PERMIT APPLICATION BY TIMOTHY BRYAN TO TRIM MANGROVE TREES IN A COASTAL BAND COMMUNITY FOR THE CREATION AND MAINTENANCE OF A VIEWING CORRIDOR AND CONSTRUCTION OF A VIEWING PLATFORM, AND TAKING ACTION ON A RESTRICTIVE COVENANT RUNNING WITH THE LAND IN FAVOR OF MIAMI-DADE COUNTY AT 820 MASHTA PLACE IN THE VILLAGE OF KEY BISCAZYNE, FLORIDA

WHEREAS, this Board desires to accomplish the purposes outlined in the accompanying memorandum, a copy of which is incorporated herein by reference,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA, that this Board having considered all the applicable factors contained within Section 24-48.3 of the Code of Miami-Dade County, hereby approves the application by Timothy Bryan for a Class I permit to trim mangrove trees in a coastal band community for the creation and maintenance of a viewing corridor and construction of a viewing platform, and authorizes the acceptance of a restrictive covenant running with the land in favor of Miami-Dade County at 820 Mashta Place in the Village of Key Biscayne, Miami-Dade County, subject to the conditions set forth in the accompanying memorandum from the Miami-Dade County Department of Regulatory and Economic Resources, which is incorporated herein by reference. The issuance of this approval does not relieve the applicant from obtaining all applicable Federal, State, and local permits.

The foregoing resolution was offered by Commissioner **Sally A. Heyman** who moved its adoption. The motion was seconded by Commissioner **Barbara J. Jordan** and upon being put to a vote, the vote was as follows:

	Jean Monestime, Chairman	aye	
	Esteban L. Bovo, Jr., Vice Chairman	aye	
Bruno A. Barreiro	aye	Daniella Levine Cava	aye
Jose "Pepe" Diaz	absent	Audrey M. Edmonson	aye
Sally A. Heyman	aye	Barbara J. Jordan	aye
Dennis C. Moss	aye	Rebeca Sosa	absent
Sen. Javier D. Souto	absent	Xavier L. Suarez	absent
Juan C. Zapata	aye		

The Chairperson thereupon declared the resolution duly passed and adopted this 6th day of July, 2016. This resolution shall become effective upon the earlier of (1) 10 days after the date of its adoption unless vetoed by the County Mayor, and if vetoed, shall become effective only upon an override by this Board, or (2) approval by the County Mayor of this Resolution and the filing of this approval with the Clerk of the Board.

MIAMI-DADE COUNTY, FLORIDA
BY ITS BOARD OF
COUNTY COMMISSIONERS

HARVEY RUVIN, CLERK

By: **Christopher Agrippa**
Deputy Clerk

Approved by County Attorney as
to form and legal sufficiency.
