**Date:** November 1, 2016

**To:** Honorable Chairman Jean Monestime  
and Members, Board of County Commissioners

**From:** Carlos A. Gimenez  
Mayor 

**Subject:** Historic Preservation Ad Valorem Tax Exemption for The Cabana Hotel  
6261 Collins Avenue, Miami Beach, Florida

---

This item was amended at the October 11, 2016 meeting of the Unincorporated Municipal Service Area Committee to correct the ten-year tax abatement period to reflect January 1, 2015 through January 1, 2025. The original item incorrectly reflected January 1, 2016 through January 1, 2026.

## Recommendation

It is recommended that the Board of County Commissioners (Board) authorize the ad valorem tax exemption for the property located at 6261 Collins Avenue, Miami Beach, Florida, pursuant to the provisions of Florida Statutes Section 196.1997 and Section 16A-18 of the Code of Miami-Dade County.

## Scope

This property is located within Commission District 5, which is represented by Commissioner Bruno A. Barreiro. However, the impact of the agenda item is countywide.

## Fiscal Impact/Funding Source

The annual amount of ad valorem taxes to be exempted for the ten-year period is determined by applying the countywide operating millage against the taxable value of the qualifying improvements to the property. The ad valorem tax exemption is not applicable to other taxing authorities.

Based on this methodology, the estimated tax exemption for one (1) year is \$40,201. This estimate was provided by the Property Appraiser and is attached to this transmittal memorandum (see the Revenue Implications Report). However, the annual value of the tax exemption during the ten-year period may fluctuate based on adjustments to either the countywide operating millage or the Property Appraiser's taxable value of the qualifying improvements to the property. Countywide operating ad valorem property taxes will still be assessed and collected on the remaining taxable value that did not qualify for the exemption. Following the ten-year incentive period, the County will begin to assess and collect the countywide operating millage on the full value of the property, inclusive of the previous exempt improvements.

## Track Record/Monitor

The Assistant Director of Planning in the Department of Regulatory and Economic Resources, Mark R. Woerner, will be responsible for implementation. County Historic Preservation staff and/or the Preservation Officer of the municipality in which the property is located will conduct periodic reviews of the property to insure that the improvements are maintained for the duration of the tax abatement.

The tax exemption takes effect on January 1 following substantial completion of the improvement and extends for a ten-year period, which for this property shall begin on January 1, 2015 and end on January 1, 2025. Failure by the owners to adhere to these standards would result in revocation of the exemption.

## Background

In 1993, the State of Florida legislature approved tax exemptions for historic properties and enabled local governments the option to provide this property tax exemption for eligible historic properties.

The purpose of this legislation is to encourage the preservation of historic buildings by offering an economic incentive to those property owners who take on the responsibility of restoring and maintaining a designated historic structure. The exemption is not for the entire assessed value of the property. The tax exemptions are calculated from what the value of the renovations to the historic property were, and only apply to the Countywide portion of the property's tax bill. An exemption may also be granted on the municipal portion of the property tax bill if approved by the respective municipality. Furthermore, all applicants must meet certain criteria as set forth by the Florida Department of State, Division of Historical Resources, in order for a tax exemption to be allowed, including:

- Certification that the property has been designated historic by the applicable preservation board;
- Certification that the property has received approval for the improvements by the applicable preservation board; and
- A determination that the planned improvements are consistent with the Secretary of the Interior's Standards for Rehabilitation.

To obtain the County's ad valorem tax exemption, Part I of the application (construction plans) must be submitted prior to construction to ensure adherence to the rehabilitation standards. When the project is complete, the owner/applicant must submit Part II of the application (post-construction documentation) to the County along with a signed covenant. The local preservation officer must also review and authorize the work for Part I and Part II of the application.

Upon review and approval of Part II, the item can then be placed on the County's Historic Preservation Board agenda. The Property Appraiser prepares the Revenue Implications Report when they consider the project substantially complete, and provides this report to the County's Office of Historic Preservation. The tax exemption is calculated using the millage rate for the year in which the project was completed.

The Cabana Hotel, formerly known as the Alison, was built in 1951 and was designed by prominent local architect Herbert Mathes. The building is a contributing structure to the North Beach Resort Historic District in Miami Beach.

Restoration work to the building included the installation of new aluminum windows that matched the original configurations; fenestration patterns on the primary, west-facing elevation and the south elevation was returned to its original configuration; and the sliding glass front doors were replaced with more historically appropriate double doors.

Other character-defining features such as the porte cochere, boxed windows, and concave wall and panels between the windows were all repaired, restored and repainted. Inside, the original front desk and terrazzo flooring were all restored. One of the most stunning aspects of the interior restoration were the columns and lost ceiling details that were restored using historic photographic documentation.

Part II of the application indicates that the amount spent by the property owner on the total renovation was \$33,000,000, of which the Property Appraiser's office determined that the taxable value of the qualifying improvements was \$8,614,000.
