To: Honorable Chairman Jean Monestime

From: Carlos A. Gimenez 
Mayor

Subject: Ordinance Creating the Cedar at Keys Gate Multipurpose Maintenance Special
Taxing District

Amended
Agenda Item No. 5(J)
Ordinance No. 16-72

Recommendation

It is recommended that the Board of County Commissioners (Board) approve a petition submitted in accordance with Article 1, Chapter 18 of the Code of Miami-Dade County (Code) for creation of the Cedar at Keys Gate Multipurpose Maintenance Special Taxing District. The multipurpose maintenance program will remain dormant until such time as any association or community development district (CDD) fails to provide the required maintenance services.

Scope

This proposed Special Taxing District lies within District 9, represented by Commissioner Dennis C. Moss, and will provide multipurpose maintenance services, if and when necessary.

Fiscal Impact/Funding Source

Creation of this district will result in no economic impact on the Miami-Dade County (County) budget. Maintenance services which cannot be equitably or conveniently provided by the property owners shall be provided by the district upon acceptance of the plat-required improvements by the County and upon the failure of any association or CDD to provide the required maintenance services and such services will be funded by special assessments against benefited properties.

The economic impact on the private sector will be a perpetual annual special assessment for the cost of maintenance services to all property owners within the district, if and when necessary (see page 3 of this memo).

At this time, there will be no increase or decrease in County staffing due to this district. The private sector may increase its staffing levels to provide the service requirements created by this Special Taxing District.

Social Equity Statement

The proposed ordinance creates a special taxing district, pursuant to Article I, Section 1.01(A)(11) of the Miami-Dade County Home Rule Charter and Chapter 18 of the Code.

If approved, property owners within the proposed district will pay special assessments appropriately apportioned according to the special benefit they receive from the district's services regardless of their demographics or income levels. The creation of this Special Taxing District, which was requested by 100 percent of the property owners, will provide for maintenance in the

event that a community development district (CDD) or association fails to provide the required services.

As per Sec. 18-20.2(b) of the county code regarding notice to purchasers of new residential property: It shall be the obligation of a seller of new residential property to provide the purchaser thereof with notice either of the existence of a special district created pursuant to this chapter or of the pendency of a petition to create such a district. The notice required by this section shall be set forth in the contract for sale and purchase of the new residential property. To meet this requirement, a declaration of covenant is signed and submitted as a part of the developer/owner petition and record under the affected subdivision. This document is revealed in a title search of residential properties within the boundaries of the referenced special taxing district.

Track Record/Monitoring

The district will be managed by the County's Parks, Recreation and Open Spaces Department (PROS) and overseen by the Chief of the Causeways and Special Taxing Districts Division (Division), Michael R. Bauman.

Background

Contingent upon Board approval of this district's creating ordinance, and in the event any association or CDD fails to provide maintenance services, PROS and the Division will provide the district's required maintenance services and cause implementation of special assessments for the costs of such services against the benefitted properties, as well as contract monitoring, compliance and enforcements, if and when necessary.

State or Federal grants are not applicable to this Special Taxing District.

Each Special Taxing District is unique due to its geographical boundaries, affected property owners, and level of services to be provided. Creation of a new Special Taxing District to provide these services is the best and most cost-effective method to achieve this benefit.

In compliance with the provisions of Section 18-3 (c) of the Code, I have reviewed the facts submitted by PROS and concur with their recommendation that this district be created pursuant to Section 18-22.1 of the Code.

**REPORT AND RECOMMENDATIONS ON THE
CREATION OF CEDAR AT KEYS GATE
MULTIPURPOSE MAINTENANCE SPECIAL TAXING DISTRICT
MIAMI-DADE COUNTY, FLORIDA**

Pursuant to Chapter 18 of the Code of Miami-Dade County (Code), and as a result of a detailed investigation of a duly petitioned for Special Taxing District, the following facts are submitted by the Miami-Dade County Parks, Recreation and Open Spaces Department (PROS) Director concerning the creation of Cedar at Keys Gate Multipurpose Maintenance Special Taxing District.

1. BOUNDARIES OF THIS DISTRICT

The proposed district is located entirely within the municipal limits of the City of Homestead, Florida. Pursuant to Chapter 18 of the Code, Miami-Dade County has received approval from the City of Homestead to create this special district per Resolution No. R-2005-04-58, a copy of which is attached, and the boundaries, as set forth in the petition, are as follows:

A portion of Section 19, Township 57 South, Range 39 East, Miami-Dade County, Florida; being more particularly described as follows:

Tracts 4 and 5 of Block 4 of "Miami Land and Development Company's Subdivision," according to the Plat thereof as recorded in Plat Book 5, Page 10 of the Public Records of Miami-Dade County, Florida (a.k.a. Cedar at Keys Gate, Tentative Plat # T-22808).

The district's boundaries and geographical location are shown on the attached sketch entitled Cedar at Keys Gate Multipurpose Maintenance Special Taxing District and hereinafter referred to as Exhibit A.

2. LOCATION AND DESCRIPTION OF DISTRICT

Maintenance of landscaped swales and/or medians including turf, and any trees, shrubs, and irrigation including utility payments, common areas, entrance features, wetlands, a lake, and the exterior of any fencing or walls within the district's boundaries abutting public rights-of-way should any association or community development district (CDD) fail to provide these services. The district will also maintain the private road area if there is a failure to provide maintenance within the private road area as defined in a non-exclusive easement granted to Miami-Dade County (County) and recorded in the Public Records. Services will commence following failure of any association or CDD to provide these services, and upon adoption of the district's multipurpose maintenance assessment roll. Other maintenance services may be provided in the future as specified in the district's ordinance and amendments thereto.

3. ESTIMATED COSTS AND ANNUAL EXPENSE FOR MAINTENANCE, REPAIR AND OPERATION OF THIS DISTRICT

The proposed district is to be created to provide maintenance only in the event that any association or CDD fails to provide the services as described in Item 2 above and will be dormant until such time as stated above.

This initial cost estimate has been developed by PROS based on previous estimates for similar maintenance special taxing districts and will provide multipurpose maintenance services as specified above if services were to commence in 2016. The combined annual costs of the district's multipurpose maintenance services for the initial maintenance program are estimated for report purposes to be \$62,944.86 for the first year, and \$53,516.71 for the second year. The expense of the multipurpose maintenance

program will be continuous and service costs following district implementation are to be apportioned to individual properties within the district on the basis of lot or parcel square footage. The costs of the multipurpose maintenance program and administrative expenses as shown below are to be paid for by special assessments levied against all benefited properties. Actual multipurpose maintenance costs will be determined and presented to the Board of County Commissioners (Board) at the time of the multipurpose maintenance assessment roll public hearing and will then be adjusted annually thereafter based on actual experience.

<u>Estimated Annual Costs</u>	<u>First Year</u>	<u>Second Year</u>
Initial Annual Maintenance	\$40,417.96	\$40,417.96
Engineering and Administrative Costs	\$10,683.59	\$8,083.59
Billing, Collecting and Processing Costs	\$1,352.50	\$150.00
Contingencies	\$10,490.81	\$4,865.16
Total Annual Maintenance Services Costs	\$62,944.86	\$53,516.71
<u>Estimated Annual Assessments</u>	<u>First Year</u>	<u>Second Year</u>
Per Assessable Square Foot:	\$0.0808	\$0.0687
For a Typical Interior Unit:	\$294.62	\$250.50
For a Typical Corner Unit:	\$353.24	\$300.34

4. CONFORMITY TO THE MASTER PLAN OF MIAMI-DADE COUNTY

The proposed district conforms to and in no way conflicts with the master plan of development for the County (see attached memorandum from the Department of Regulatory and Economic Resources, a successor to the Department of Planning and Zoning).

5. RECOMMENDATION CONCERNING THE DESIRABILITY OF THIS DISTRICT

The need for multipurpose maintenance programs is apparent. Residents and property owners of the County continue to demonstrate their desire for the services which will be provided by this district through petitions and personal requests. The ability of the affected properties to pay special assessments is evident since the costs of this district's services, including any bonds then outstanding, do not exceed twenty-five percent (25%) of the assessed valuation of all properties within the district's boundaries (including homesteads) as shown by the last preceding assessment roll of the County. In my opinion, the proposed multipurpose maintenance program will provide special benefits to properties within the district exceeding the amount of special assessments to be levied.

6. PROCEDURE

Following commencement of services by the district, any increase in future maintenance functions may be recommended by a majority of the property owners for consideration by the County as administrator. An annual meeting will be conducted with the owners of real property within the district as an integral part of the annual budget process. This will enable the County, as administrator, to secure input from affected community representatives, association and property owners to improve delivery of services or lower costs of the services provided within the scope of the district's authorized functions as specified above, and to

determine the following:

1. Level of service;
2. Areas to be maintained;
3. Approximate effect on cost and rate of the assessment for any changes.

The deletion of services is subject to maintaining a minimum level of service as determined by PROS (property owners may not delete maintenance services altogether unless this district is abolished).

7. RECOMMENDATION

I recommend that Cedar at Keys Gate Multipurpose Maintenance Special Taxing District be created pursuant to Section 18-22.1 of the Code. The creation of this district will be subject to Board approval only; no election will be necessary as 100 percent of the property owners signed the petition. I also recommend that the County Attorney cause to be prepared an ordinance authorizing the creation of the Cedar at Keys Gate Multipurpose Maintenance Special Taxing District. Pursuant to Chapter 18 of the Code, the Board shall receive and hear, at a public hearing, remarks by interested persons on this district, and thereafter may adopt such ordinance. Following failure of any association or CDD to provide these services, the Board may adopt the district's Preliminary Assessment Roll resolution to fund district services. Adoption of this resolution will enable the Miami-Dade County Tax Collector to collect the funds necessary to administer the district, reimburse affected County Departments involved in the creation and establishment of this district, as well as operate and maintain the district. The ordinance creating the district shall take effect ten (10) days after the date of its adoption unless vetoed by the Mayor, and if vetoed, it shall become effective only upon an override by the Board. My office will also be available to answer any questions from the public or your office in regard to the financial and/or engineering facts of this project. We further recommend that the County Mayor or County Mayor's designee forward the attached report to the Board after review and concurrence with our findings.

Subject: Street Lighting, Maintenance of

Special-Taxing Districts

Section: As Required
District: As Required
Council: As Required

Effective September 5, 2001, all tentative plats in the unincorporated area of Miami-Dade County submitted to the Land Development Division of the Public Works Department, must be accompanied by a properly executed petition for all applicable special taxing districts including, but not limited to street lights, maintenance of landscape, walls adjacent to double frontage lots, entrance features and lakes. Final Plats will not be presented to the Board of County Commissioners for consideration until the applicable special taxing districts are created, and all fees have been paid. In that regard, to ensure expeditious processing, this Memorandum may serve as approval for certain future special taxing district application requests as being consistent with the intent and purpose of the adopted 2005-2015 Comprehensive Development Master Plan (CDMP). Policy 4A - Capital Improvement Element states: Appropriate funding mechanisms will be adopted and applied by Miami-Dade County in order to assure the fiscal resources to maintain acceptable levels of service. Such funding mechanisms include special tax districts, municipal taxing service units, local option taxes, user fees, local gas tax, general obligation bond, impact fees, and special purpose authorities, or others as appropriate and feasible (Adopted Components as Amended through April 2001, page IX-10). The provision for services over and above minimum for neighborhoods and communities may be accomplished through the special taxing district as may be prescribed by the code.

The Department of Planning and Zoning (DP&Z) has no objection to a blanket approval with condition to establish future special taxing districts as limited to requests for street lighting, landscape maintenance, walls adjacent to double-frontage lots and lake maintenance districts. The previously noted special taxing districts may be established on the condition that the DP&Z review all landscape maintenance districts for compliance with plantings in public rights-of-way and lake maintenance districts for consistency with Landscape Code (Chapter 18A) Section 18A-6(L) Storm Water Retention/Detention Areas.

WHEREAS, the Miami-Dade County Home Rule Amendment to the Florida Constitution (Article VIII, Section 6) grants to the electors of Miami-Dade County power to adopt a home rule charter of government for Miami-Dade County, Florida, and provides that such charter may provide a method for establishing special taxing districts and other governmental units in Miami-Dade County from time to time; and

WHEREAS, the Home Rule Charter adopted by the electors of Miami-Dade County on May 21, 1957, provides that the Board of County Commissioners, as the legislative and governing body of Miami-Dade County, shall have the power to establish special purpose districts within which may be provided essential facilities and services, including landscape improvement and other maintenance programs, and that all funds for such districts shall be provided by service charges, special assessments, or general tax levies within such districts only, and that the County Commission shall be the governing body of all such districts; and
