Memorandum

Date: June 5, 2018

To: Honorable Chairman Esteban L. Bovo, Jr.
and Members, Board of County Commissioners

From: Carlos A. Gimenez 
Mayor

Subject: Social Equity Statement for Ordinance Relating to Non-Essential Employees
Complying with County Evacuation and Emergency Orders

The proposed ordinance relating to emergency management and employment creates Section 8B-11.1 of the Code of Miami-Dade County (Code) making it unlawful to retaliate against non-essential employees complying with County evacuation and emergency orders, including non-essential employees working in evacuation areas that depend on public transportation. The proposed ordinance establishes a criminal penalty and amends Section 8CC of the Code establishing a civil penalty.

The provisions of this ordinance may assist employees and businesses by acting as an incentive for emergency planning. When a business intends to remain operational during a declared state of emergency and evacuation order, employees will have the benefit of knowing whether they are classified as essential or non-essential employees and can plan accordingly. Additionally, the business will be better prepared during the period leading up to the state of local emergency to find willing and able employees who can perform essential functions. This may result in additional wages for employees and revenues for businesses that might otherwise need to close prematurely leading up to a state of emergency.

Alternatively, businesses that fail to plan appropriately could find themselves subject to investigation and potential civil or criminal penalties, should there be any retaliation against employees that fail to report to work as a result of an evacuation order.
