EXPLANATION: A Notice to Professional Consultants (NTPC) was advertised on November 21, 2018. Six proposals were submitted on December 26, 2018, in response to the NTPC. All six respondents were found in compliance on February 27, 2019, with the Technical Certification requirements established for this solicitation.

The Competitive Selection Committee (CSC) appointed by the County

Mayor conducted a First Tier Meeting on February 28, 2019, to evaluate the proposals received. All six firms were evaluated in accordance with Section 2-10.4 of the Miami-Dade County Code, Implementing Order 3-34, and Administrative Order 3-39. Local Preference was applied to the First-Tier Evaluation; therefore, the final ranking was based on total qualitative scores. Tie breaking was performed by applying the standard tie-breaking procedure as described in Section 3.3 entitled Proposal Evaluations of the Notice to Professional Consultants. The final qualitative rankings for the top three firms were as follows: Firm No. 1, Atkins North America, Inc. (Atkins) received 281 points; Firm No. 2, Moffat & Nichol, Inc. received 273 points; and Firm No. 3, WSP USA Inc. (WSP) received 267 points.

Based on the CSC's professional expertise and by a unanimous vote, the CSC shortlisted the top three firms for a Second Tier Evaluation with oral presentations. A Second Tier Meeting was held on March 21, 2019. The three firms were evaluated in accordance with Administrative Order 3-39. Local Preference was not applied to the Second-Tier Evaluation because all three firms were local; therefore, the final ranking was based on total ordinal scores. Tie breaking was performed by applying the standard tie-breaking procedure as described in Section 3.3 entitled Proposal Evaluations of the Notice to Professional Consultants. The final ordinal rankings for the firms were as follows: Firm No. 1, Atkins North America, Inc. (Atkins), received 494 points; Firm No. 2, WSP USA, Inc. (WSP), received 466 points; and Firm No. 3, Moffat & Nichol, Inc. received 465 points. Based on the above results, the CSC recommended that negotiations be conducted with WSP and WSP.

Subsequently, the top three ranked firms were found in compliance with the Small Business Enterprise-Architectural and Engineering requirements established for this solicitation. The County Mayor's Designee, Director of the Internal Services Department (ISD), concurred with the CSC and on June 4, 2019, the first negotiation meeting was held. After only one negotiation, the Negotiation Committee arrived at a schedule of rates that was fair and reasonable to provide marine infrastructure engineering services for PortMiami.

Pursuant to Resolution No. R-187-12, and in accordance with ISD's Procurement Guidelines, PortMiami staff exercised due diligence to determine Consultant responsibility for WSP. The lists that were referenced included, but were not limited to: convicted vendors, debarred vendors, delinquent contractors, suspended vendors and federal excluded parties. There were no adverse findings relating to

Atkin's responsibility. In addition, PortMiami staff compiled information regarding WSP's prior experience with the County. There are 64 evaluations on record in the Capital Improvements Information System for WSP with an average rating of 3.7 out of a possible 4.0 points. Based on the above, it is recommended that this Agreement be awarded in the not to exceed amount of \$3,300,000.00 to WSP USA, Inc.

In the event the services required pursuant to this Agreement include the CONSULTANT preparing and submitting to the COUNTY, cost estimates, the CONSULTANT, by exercise of his experience, effort, knowledge and judgment, shall develop such cost estimates as are set forth in, or as may be required under the Agreement and shall be held accountable, responsible and liable for the accuracy, completeness, and correctness of any and all such cost estimates based on a BASIS OF DESIGN document prepared by the CONSULTANT as part of the approved scope of services and approved by the COUNTY. The BASIS OF DESIGN document will detail the specific components of the work order established between the CONSULTANT and COUNTY and include such information as the COUNTY budget for the project, intended use, functional or operational criteria and/or constraints, applicable codes and standards or any other information deemed by both PARTIES important for the successful design and procurement of the project for the budget available. For purposes of the Liability Provisions of this Article only, the CONSULTANT's estimate(s) shall be considered valid and effective for a period of six (6) months from the date of the COUNTY's acceptance of the estimate(s).
2. The cost estimates of CONSULTANTS or SUB-CONSULTANTS engaged by CONSULTANTS, for the appraisal or valuation of real property or easements, or the estimate of damages or costs associated with the acquisition of real property or easements are exempted from the provisions of this Article.
3. Cost Estimates
 - a. Order of Magnitude Estimate at Conceptual Design

This is an approximate estimate made without detailed architect/engineering data. This type of estimate shall be accurate within plus or minus forty percent (40%) of the cost of the construction of the project. This cost estimate will be used to define and document

risks or other issues that may impact the project and project costs. These factors will be discussed with the COUNTY to define the potential outcome of the design and procurement process and establish an initial register from which further cost estimates are made and the range in which cost estimating may affect liability. The project budget or design scope will be revised at the discretion of the County to include the risks identified in this phase. The COUNTY acknowledges that CONSULTANT cannot warrant that any cost estimates provided during this phase will not vary from actual costs incurred by COUNTY.

b. Order of Magnitude Estimate at 30% Complete Construction Drawings.

This is an approximate estimate based on the development of 30% construction drawings. This type of estimate shall be accurate within plus or minus thirty percent (30%). At this stage, the CONSULTANT shall investigate the costs in detail as it relates to the project and initiate a process whereas the development of the construction documents may be divided into a series of add alternates or result in scope modifications that allows the COUNTY to adjust the scope to best meet the functional requirements of the project within the available budget, at no additional cost to the County

c. Construction Cost Estimate at 60% Complete Construction Documents

A construction cost estimate for purposes of this Agreement is an estimate prepared on the basis of partially developed engineering/architectural data and on information available as set forth in the 60% drawings and specifications, which are to be used as a basis for advancing towards construction of the project. This type of estimate shall be accurate within plus or minus twenty percent (20%) of the cost of the construction of the project. The accuracy and reliability of a 60% CONSTRUCTION COST ESTIMATE is vital to the COUNTY'S interests because it may be used for such

purposes as, but not limited to the following: budgeting, obtaining, allocating or obligating funds for the project. Documents developed at this time remain preliminary and are subject to review by the COUNTY and potentially others. Changes dictated at that time and ultimately incorporated into the final plans could impact published cost estimates.

d. Construction Cost Estimates at 90% Complete Construction Documents.

A construction cost estimate for purposes of this Agreement is an estimate prepared on the basis of the engineering/architectural data and other detailed information set forth in the drawings and specifications, which are to be used as a basis for obtaining bids or price proposals for construction of the project. The COUNTY regards the 90% Complete Construction Documents as 100% complete by the CONSULTANT pending approval by authorities having jurisdiction, revisions completed as a result of bidders Requests for Information, which clarified intended scope, and final COUNTY review. This type of estimate shall be accurate within plus or minus ten percent (10%) of the cost of the construction of the project. The accuracy and reliability of a CONSTRUCTION COST ESTIMATE is vital to the COUNTY'S interests because it may be used for such purposes as, but not limited to the following: budgeting, obtaining, allocating or obligating funds for the project; evaluating and determining the reasonableness and acceptableness of bids or price proposals for construction projects.

In the event the COUNTY solicits and receives bids or price proposals from Contractors on a construction project based on 90% drawings, specifications, and a 90% CONSTRUCTION COST ESTIMATE prepared by the CONSULTANT, and the mean bid or price proposal, submitted by a responsive and responsible bidder or proposer, which bid or price proposal exceeds the amount of the CONSULTANT'S FINAL

CONSTRUCTION COST ESTIMATE by more than the percent accuracy set forth hereinabove in paragraph d, the CONSULTANT shall, upon notification by the COUNTY, assume responsibility for and proceed to provide and perform the following service without additional compensation:

The CONSULTANT will, subject to the review and approval of the COUNTY, modify at its expense the drawings, specifications, and related bidding and contract documents to the extent necessary to reduce the anticipated construction costs so that the re-solicitation of bids or price proposals will realize bids or price proposals being received that are within the range of accuracy established for the CONSTRUCTION COST ESTIMATE prepared by the CONSULTANT. Any such modifications made by the CONSULTANT shall not conflict with the functional or operational requirements established by the COUNTY for the project as defined in the detailed BASIS OF DESIGN document prepared by the CONSULTANT and approved by the COUNTY at the initial stages of the work as set forth under this Agreement or as modified by Change Orders or Supplemental Task Authorization(s) issued thereto, nor shall any such modifications conflict with established rules, regulations, requirements or professional standards pertaining to the drawings and specifications prepared by the CONSULTANT, nor shall such modifications adversely affect the safe use or operation of the construction project.

SECTION III – TIME FOR COMPLETION

The services to be rendered by the CONSULTANT for each section of the work shall commence upon receipt of a written Work Order from the Director subsequent to the execution of this Agreement, and shall be completed within the time stated in the Work Order.

A reasonable extension of time shall be granted in the event there is a delay on the part of the COUNTY in fulfilling its part of the Agreement or should a Force Majeure, as defined in Section IV hereof, render performance of the CONSULTANT's duties impossible. Such extensions of time shall not be cause for any claim by the CONSULTANT for extra compensation.

SECTION IV- FORCE MAJEURE

Force Majeure shall mean an act of God, epidemic, lightning, earthquake, fire, explosion, hurricane, flood or similar occurrence, strike, an act of a public enemy, or blockade, insurrection, riot, general arrest or restraint of government and people, civil disturbance or similar occurrence, which has had or may reasonably be expected to have a material adverse effect on the rights and obligations under this Agreement, and which, by the exercise of due diligence, such parties shall not have been able to avoid. Such acts or events DO NOT INCLUDE inclement weather (except as noted above) or the acts or omissions of sub-consultants/subcontractors, third-party consultants/contractors, material men, suppliers, or their subcontractors, unless such acts or omissions are otherwise encompassed by the definition set forth above.

No party hereto shall be liable for its failure to carry out its obligations under the Agreement during a period when such party is rendered unable, in whole or in part, by Force Majeure to carry out such obligations, but the obligation of the party or parties relying on such Force Majeure shall be suspended only during the continuance of any inability so caused and for no longer period of said unexpected or uncontrollable event, and such cause shall, so far as possible, be remedied with all reasonable dispatch.

It is further agreed and stipulated that the right of any party hereto to excuse its failure to perform by reason of Force Majeure shall be conditioned upon such party giving, to the other party or parties, written notice of its assertion that a Force Majeure delay has commenced within ten (10) working days after such commencement, unless there exists good cause for failure to give such notice,

in which event, failure to give such notice shall not prejudice any party's right to justify any non-performance as caused by Force Majeure unless the failure to give timely notice causes material prejudice to the other party or parties.

SECTION V – COMPENSATION

The COUNTY agrees to pay and the CONSULTANT agrees to accept, for services rendered pursuant to this Agreement, fees and other compensation computed in accordance with one or a combination of the methods outlined below:

A. Fee as a Multiple of Direct Salary Cost and Fixed Hourly Rate

The fee for services rendered by the CONSULTANT's personnel, principals excluded, shall be computed based on the direct salary cost, as reported to the Internal Revenue Service, for the time of said personnel engaged directly in the work, times negotiated multipliers of 2.85 for Office Personnel, 2.25 for Field Personnel and/or personnel on loan, which shall mean that they are under the direct supervision of the COUNTY's Seaport Department and the Department provides office space, computers and communication equipment (excludes cellular phones). Office Personnel shall mean personnel that are located in the home offices of the CONSULTANT and or Sub-consultant(s).

Field Personnel/personnel on loan shall mean personnel that are performing duties in the field, outside of the home offices of the CONSULTANT and or Sub-consultant(s), and at County Offices a minimum of 24 hours per week (which shall mean that they are under the direct supervision of the COUNTY's Seaport Department and the Department provides office space, computers and communication equipment, excluding cellular phones), for more than 30 days. Time worked by the CONSULTANT and/or Sub-consultant(s) for this entire period shall be at the Field/on loan personnel rate. This fee shall constitute full compensation to the CONSULTANT for costs incurred in the performance of the work such as overhead, fringe benefits, operating margin and all other costs not covered by reimbursable expenses.

5. All payments to Sub-consultant(s) employed hereunder shall be the sole responsibility of the CONSULTANT unless otherwise provided for herein or within a Work Order. The CONSULTANT shall not submit invoices, which include charges for services by Sub-consultant(s), unless such services have been performed satisfactorily and the charges are, in the opinion of the CONSULTANT, payable to such Sub-consultant(s). The CONSULTANT shall promptly make all payments to such Sub-consultant(s) following receipt by the CONSULTANT of corresponding payment from the COUNTY. Provided that such purchased instruments remain the property of the COUNTY upon work completion. These expenses shall be reimbursed on a direct cost basis. No separate additional payment shall be authorized for the use of CADD workstations (computers).
2. Expenses for travel (except commuting), transportation and subsistence by CONSULTANT's personnel in the furtherance of the work outside Miami-Dade County will be reimbursed according to the provisions of Florida Statutes Section 112.061 and Miami-Dade County Administrative Order 6-1, as presently written or hereafter amended. This random audit is separate and distinct from any other audit by the County. To pay for the functions of the Office of the Inspector General, any and

all payments to be made to the Contractor/Consultant under this contract will be assessed one quarter (1/4) of one (1) percent of the total amount of the payment, to be deducted from each progress payment as the same becomes due unless, as stated in the Special Conditions, this Contract is federally or state funded where federal or state law or regulations preclude such a charge. **The Contractor/Consultant shall in stating its agreed process be mindful of this assessment, which will not be separately identified, calculated or adjusted in the proposal or bid form.** The audit cost shall also be included in all change orders/amendments and all contract renewals and extensions.
