**1 MINUTES PREPARED BY:**

**Report:** *Jill Thornton, Commission Reporter*  
*(305) 375-2505*

**1A**      **ROLL CALL**

**Report:** *The following staff members were present: Assistant County Managers Susanne Torriente, Ysela Llort and Alex Munoz; Assistant County Attorneys Geri Bonzon-Keenan, Oran Rosenthal and Craig Collier; and Deputy Clerks Doris Dickens and Jill Thornton.*

*Assistant County Attorney Geri Bonzon-Keenan noted the following changes to today's (4/15) agenda listed in the County Manager's memorandum: that Agenda Items 2Q Substitute, 2CC, 3A Supplement, 3I Supplement, 3M, 7F Supplement and 7H should be added, as requested by the County Manager; that Agenda Item 2Y should be deferred to no date certain as requested by the County Manager; and that Agenda Item 3F should be withdrawn as requested by Commissioner Edmonson.*

*It was moved by Commissioner Gimenez that the requested changes listed in the County Manager's memorandum entitled "Requested Changes to the Governmental Operations and Environment Committee Agenda," dated April 15, 2008 be approved. This motion was seconded by Commissioner Diaz, and upon being put to a vote, passed 6-0.*

**1B**      **REMARKS FROM CHAIRPERSON SEIJAS**

**Report:** *Chairwoman Seijas called the meeting to order at 9:49 a.m. and provided opening remarks. She reminded everyone that today was the deadline for filing IRS tax forms. She advised that April was Water Conservation Month, and the Water and Sewer Department was leading an effort to promote/collect donations for the nationally recognized Water for People program. She noted this program provide professional engineers and volunteers in joint efforts to build wells and filtering systems in villages around the globe with a deficient supply of clean drinking water. She also noted each project required approximately \$50,000 for materials and the services were provided by volunteers. Chairwoman Seijas further noted the County raised enough money through fundraising efforts this year to almost fund its own project. She urged those who had not contributed to this worthy cause, to submit donations to the WASD representatives who would record them. She advised the Water for Peoples project would be celebrated with donors and interested parties at the Miami Art Museum (MAM) on Thursday, April 17, 2008, from 5:00 PM to 8:30 PM, and an exhibit would be displayed to raise awareness about water supply issues. Chairwoman Seijas stated this event would be a wonderful opportunity to express appreciation to contributors in this year's effort.*

*Chairwoman Seijas expressed appreciation to the Commission Auditor's Office for delivering a very thoughtful and interesting report, with complete recommendations regarding the Planning and Zoning Department. She encouraged all committee members to carefully review this report. She noted if the Committee did not have enough time to discuss this report today, it would be placed on the May 13th Committee agenda for discussion so that the budget recommendations could be finalized. She noted by next month, the Committee would have a clearer picture of the County's resources to deliver the required services to its citizens; and that the County was committed to serving the citizens of this community efficiently and effectively.*

*Chairwoman Seijas expressed appreciation to all citizens who participated in developing the Climate Change Advisory Task Force (CCATF)*

recommendations. She asked that County Manager Burgess meet with her to discuss the Climate Change Advisory Task Force recommendation that a more detailed, comprehensive survey map of Miami-Dade County be developed. She also asked the Planning Department Director to provide her with information/feedback on the CCATF's recommendation to increase the Comprehensive Development Master Plan (CDMP) process to include long-range planning up to the next 50 years. She asked the Procurement Director to meet with her to discuss the CCATF's recommendation for a survey of municipal efforts to combat the impacts of climate change. Chairwoman Seijas suggested the Program Manager for the Office of Sustainability meet with the Government Information Center Director to develop a website to host this information. She noted Mr. Harvey Ruvin, CCATF Chair, would present this report at the next full BCC meeting.

Chairwoman Seijas commended the Water and Sewer Department staff for the first draft of the Communication Plan that informed the public of all activity associated with the County's new 20 year Water Consumptive Use Permit (CUP). She stressed the importance of everyone being fully informed of all project activities pertaining to the implementation of the CUP. She asked the WASD Director to ensure that the Communications Plan be placed on the May 13, 2008, Committee meeting agenda as a report.

## 2 DEPARTMENTS

2A

**080530 Resolution**

RESOLUTION ADDING CUTLER WETLANDS NORTH ADDITION HAMMOCK TO THE ENVIRONMENTALLY ENDANGERED LANDS (EEL) PROGRAM PRIORITY B ACQUISITION LIST (Department of Environmental Resources Management)

*Forwarded to BCC with a favorable recommendation*  
*Mover: Diaz*  
*Seconder: Gimenez*  
*Vote: 6-0*

**Report:** *The foregoing proposed resolution was read into the record by Assistant County Attorney Geri Bonzon-Keenan.*

*Commissioner Gimenez questioned whether the County could negotiate with the City of Palmetto Bay to maintain the area since the covenant ran with the land.*

*Mr. Carlos Espinosa, Department of Environmental Resource Management (DERM) Director, noted the covenant covered a portion of the land adjacent to Old Cutler Road under the municipality's jurisdiction. He also noted the Cutler Wetlands parcel was added to the Environmentally Endangered Lands (EEL) Program "B" list, and required a 50% match in funds from an alternate source.*

*Assistant County Attorney Randy Duvall noted the covenant spoke of maintaining a hedge to obscure the view of a building and had nothing to do with environmental preservation of the site.*

*Chairwoman Seijas concurred with Commissioner Gimenez' statements because the City of Palmetto Bay was located in the middle of all the areas the County was trying to protect and this ordinance would set a precedent, if approved.*

*Hearing no further comments or questions, the Committee proceeded to vote on the foregoing proposed resolution, as presented.*

2B

**080897 Resolution**

RESOLUTION AUTHORIZING EXECUTION OF AN AGREEMENT WITH RUNBECK ELECTION SERVICES, INC. TO PROVIDE A BALLOT ON DEMAND SYSTEM; AUTHORIZING THE COUNTY MAYOR OR HIS DESIGNEE TO EXECUTE AN AGREEMENT FOR AND ON BEHALF OF MIAMI-DADE COUNTY AND TO EXERCISE ANY CANCELLATION AND RENEWAL PROVISIONS, AND TO EXERCISE ALL OTHER RIGHTS CONTAINED THEREIN  
 CONTRACT NO. 604 (Elections Department)

*Forwarded to BCC with a favorable recommendation*  
*Mover: Gimenez*  
*Seconder: Diaz*  
*Vote: 6-0*

**Report:** *The foregoing proposed resolution was read into the record by Assistant County Attorney Geri Bonzon-Keenan.*

*Commissioner Diaz commended Mr. Lester Sola, and his staff for an outstanding job addressing issues and ensuring the efficiency of the new election system. He noted training of poll workers was extremely important for the success of the upcoming elections.*

*Mr. Lester Sola, Supervisor of Elections, noted the Elections Department was working with the Office of the Secretary of State to get the needed software approved for all optical scanning machines. He noted the State certified a software version in September 2007, which was tested and found to be unacceptable; however, the State certified another version on March 31, 2008. Mr. Sola noted the Elections Department wanted to ensure the software would work through early voting and election days before announcing it was ready for the election. He noted the Elections Department expected to receive the latest software in May. Mr. Sola noted training had been underway for some time, but educating voters on how to use the new system was more important. He noted every poll worker was required to attend a minimum of two training sessions, and every County employee working the polls would be trained a minimum of three to five days.*

*In response to Chairwoman Seijas' question whether voters would have the option to use either the Optical Scanner or the Touch Screen Voting machine, Mr. Sola noted both voting machines would be available on Election Day; however, the Optical Scanners would be the primary source for voting. He noted pursuant to the Americans with Disabilities Act (ADA), the law required the Touch*

*Screen voting machines be available; however, the law prohibits staff from questioning a voter on why he/she wanted to use a particular machine.*

*In response to Commissioner Edmonson's question regarding the initial bid, Mr. Sola noted, historically, 25% of voters took advantage of early voting. He explained the Elections Department wanted to ensure that whatever voting site a voter went to for early voting, the poll workers could scan their identification and automatically print out a ballot corresponding to that voter's district.*

*In response to Commissioner Edmonson's question regarding why the initial bid went down to \$3.3 million from \$6.4 million, Mr. Sola noted the scope of work was reduced to focus on early voting and some absentee ballots; and the numbers were based on negotiation tables.*

*In response to Commissioner Rolle's question regarding how the voters would be informed of the new system, Mr. Sola noted in addition to the normal outreach events (between 700 and 800 events), the Elections Department was conducting mock elections countywide to allow people to become familiar with the ballots and equipment.*

*Following Chairwoman Seijas' comments that about nine presentations were scheduled in District 13 to educate people on the new voting system, Commissioner Rolle asked that the efforts in various districts to educate voters on the new system be replicated in all commission districts countywide.*

*Chairwoman Seijas noted District 13 took the initiative to set up events and requested the Elections Department to do outreach. She suggested each Commission District do the same, and start as soon as possible so that people could be informed of the voting process before the election dates.*

*Mr. Sola advised his office sent a memorandum to the County Manager and forwarded to all District Commissioners requesting the Elections Department be allowed to be involved in all community events. He further advised the Elections Department was launching a media campaign on May 19, 2008, to get the message out on voting issues.*

*Hearing no further comments or questions, the Committee proceeded to vote on the foregoing*

*Hearing no further comments or questions, the Committee proceeded to vote on the foregoing proposed resolution as presented.*

20

**080923 Resolution**

RESOLUTION AUTHORIZING EXECUTION OF A COUNTY INCENTIVE GRANT PROGRAM (CIGP) AGREEMENT BETWEEN MIAMI-DADE COUNTY AND THE FLORIDA DEPARTMENT OF TRANSPORTATION (FDOT) IN THE AMOUNT OF \$1,500,000 FOR THE DESIGN OF VENETIAN CAUSEWAY REPLACEMENT BRIDGES; AND AUTHORIZING THE COUNTY MAYOR OR HIS DESIGNEE TO EXERCISE THE PROVISIONS THEREIN (Public Works Department)

*Forwarded to BCC with a favorable recommendation*

*Mover: Diaz*

*Seconder: Rolle*

*Vote: 6-0*

**Report:** *The foregoing proposed resolution was read into the record by Assistant County Attorney Geri Bonzon-Keenan.*

*Commissioner Gimenez questioned whether this proposed resolution was for the design work to replace the bridges, and questioned the estimated cost to replace these bridges.*

*Ms. Esther Calas, Public Works Department Director, affirmed this proposed resolution was for the design work to replace the bridges; and the cost to replace these bridges was approximately \$100 million. She noted Federal and State funding was requested, but this funding might require matching funds of up to 50%.*

*Commissioner Gimenez questioned whether Causeway revenues would be used to fund this project, and questioned why Sunshine State Loan proceeds were being used for this project.*

*Ms. Calas noted she believed a combination of \$1.6 million in revenues from the Rickenbacker Causeway and \$500,000 in revenues from the Venetian Causeway would be used for this project. She also noted her staff worked with the Finance Department and made this arrangement to fund all of the capital projects.*

*In response to Commissioner Gimenez' question whether the proceeds from the Sunshine State Loan would be repaid from the PWD budget; Ms. Calas affirmed that they would.*

*Commissioner Gimenez asked the Public Works Department Director to provide him with a 10-year pro-forma on the Sunshine State Loan proceeds used for that Department's budgeted capital projects.*

*Commissioner Martinez questioned the status of the County lobbyists' efforts in Washington D.C. to obtain more funds for bridge and road repair. He stated other counties were getting more funding than Miami-Dade County.*

*Ms. Calas noted Mr. Joe Rasco, Office of Intergovernmental Affairs Director, and the County's lobbyists were still seeking funding; and they had not provided her with any definite answers regarding additional funding. She noted \$100 million was requested for the Venetian Bridge and \$40 million was requested for the Tamiami Swing Bridge.*

*Assistant County Manager Ysela Llort advised that after the bridge tragedy in Minnesota, there had been a resurgence of efforts to look at the country's aging infrastructure. She noted she believed part of the re-authorization of the Federal Transportation Act would be to place much more emphasis on funding infrastructure.*

*Hearing no further comments or questions, the Committee proceeded to vote on the foregoing proposed resolution as presented.*

2P

**080988 Resolution**

RESOLUTION AUTHORIZING EXECUTION OF A JOINT PARTICIPATION AGREEMENT IN THE AMOUNT OF \$113,202 BETWEEN MIAMI-DADE COUNTY AND THE FLORIDA DEPARTMENT OF TRANSPORTATION TO FUND THE CONSTRUCTION OF INTERSECTION AND DRAINAGE IMPROVEMENTS AT OKEECHOBEE ROAD/SR 25 AND NW 138 STREET; AND AUTHORIZING THE COUNTY MAYOR OR HIS DESIGNEE TO EXERCISE THE PROVISIONS THEREIN (Public Works Department)

*Amended*

**Report:** *The foregoing proposed change order was read into the record by Assistant County Attorney Geri Bonzon-Keenan.*

*Chairwoman Seijas requested this change order be amended to add the following language: "first and final change order"*

*Commissioner Martinez questioned who determined that the interior slope of the Miami Springs Lagoon was compacted lime rock, instead of calcium carbonate.*

*Mr. John Renfrow, Water and Sewer Department Director, noted he could not say who made that determination since it was made some years ago. He noted once the project began to excavate and cleanout the sledge, the lime rock was discovered.*

*In response to Commissioner Martinez' question whether this change order was a result of tests that were performed, Mr. Renfrow stated no.*

*Hearing no further comments or questions, the foregoing change order was forwarded to the County Commission, with a favorable recommendation, with committee amendment(s) to state "first and final change order." This motion was seconded by Commissioner Edmonson, and upon being put to a vote, passed 6-0.*

**Report:** *The foregoing proposed ordinance was read into the record by Assistant County Attorney Geri Bonzon-Keenan.*

*Chairwoman Seijas opened the public hearing, and there being no one wishing to be heard in connection with this ordinance, she closed the public hearing.*

*In response to Commissioner Gimenez' request for an explanation of this proposal, Mr. Subrata Basu, Planning and Zoning Department (P&ZD), noted any properties currently zoned GU, automatically trended to EU1 residential standards, including some properties outside the Urban Development Boundary (UDB) in agricultural areas. He noted the intent of this proposed ordinance was to have all properties outside the UDB trend to agricultural standards, so that the property could be used for agriculture purposes.*

*In response to Commissioner Diaz' question as to what uses were currently allowed under the GU zoning standards, Mr. Basu noted GU zoning allowed for one house every five acres, limited livestock, and some suburban standards.*

*In response to Commissioner Diaz' question whether this change would have an impact on existing uses already approved; Mr. Basu noted the existing uses would be grandfathered in. He further noted the true intent of this proposed ordinance was to promote agriculture uses in agricultural areas not currently zoned for agriculture uses.*

*Mr. Charles LaPradd, Agricultural Manager, P&ZD, explained that staff reviewed several properties zoned as GU outside the UDB, and some people were trying to purchase properties trended to EU1 standards in an agricultural area*

*that did not allow for a nursery, or other agricultural uses. He noted those properties zoned GU and trended to residential uses, limited the agricultural uses of adjoining properties, as well. Mr. LaPradd noted this ordinance would not preclude the one house per five acres.*

*In response to Commissioner Martinez' question regarding further uses allowed under the GU zoning, Mr. Basu noted GU Zoning allowed for raising of poultry with limitations on setbacks to the adjoining properties, for limited gardening, and for limited bee keeping. He clarified this proposed change would essentially allow for farming and all other AU zone uses, including sheds, and vehicle storage.*

*Commissioner Martinez questioned what this change would hinder most inside or outside the UDB, and what the impact would be on future expansion of the UDB line.*

*Mr. Basu noted this proposal did not hinder anything, but would allow agriculture uses on properties in agricultural areas to be trended agricultural. He clarified the properties inside the UDB would trend to residential but outside the UDB would trend to agriculture. Mr. Basu noted the properties he was speaking about today were far west of the UDB line.*

*Commissioner Martinez stated he was uncomfortable with supporting this item at this time, and suggested Mr. Basu meet with him to provide further explanation of this item.*

*Hearing no further comments or questions, the Committee proceeded to vote on the foregoing proposed ordinance as presented.*

*Seconder: Martinez*  
*Vote: 6-0*

**Report:** *The foregoing proposed ordinance was read into the record by Assistant County Attorney Geri Bonzon-Keenan.*

*Assistant County Attorney Cynthia Johnson-Stacks asked that the foregoing proposed ordinance be amended to correct scrivener's errors, as follows:*

- correct several capitalization and punctuation errors on handwritten page 5;*
- correct the language on handwritten page 5, paragraph d to reflect that the section of the code is 2-11.1.1 in lieu of 2-11.1;*
- add the following language to page 7, subsection (2): "any suit by or against the property appraiser may be settled or compromised by the property appraiser or the County Attorney or their designees. If the property appraiser or the County*

*Attorney determine that said settlement compromised in the best interest of Miami-Dade County, after considering the legal liability, potential litigation expenses, potential financial exposure to the County and the precedent effect on such litigation. The settlement of all such litigation shall be reported quarterly to the County Commission;" and*  
*-delete any reference to the word "department" and replace with the word "office" on handwritten page 9, Sections 1 and 2.*

*Chairwoman Seijas opened the public hearing; and there being no one wishing to be heard in connection with this ordinance, she closed the public hearing.*

*Chairwoman Seijas relinquished the Chair to Vice-Chairman Diaz. She noted although the people voted to have the property appraiser position an elected position, it did not reflect negatively on the ability of the County's current property appraiser. She further noted the intent of this ordinance was to protect the County employees currently working in the property appraiser's office.*

*Commissioner Gimenez questioned the \$5,000 filing fee for those campaigning for this position, and questioned the normal filing fee applied to a County Commissioner or County Mayor position.*

*Assistant County Attorney Oren Rosenthal noted the filing fee for the Mayor and County Commissioner positions was \$300, but a State position unusually required 2% of the annual salary.*

*Assistant County Attorney Cynthia Johnson-Stacks added that rate for Property Appraiser positions statewide was comparable to the filing fee in this proposed ordinance, and in some Florida counties the rate was 3% of the annual salary.*

*Commissioner Gimenez questioned the language on handwritten page 5 (C) that restricted campaign donations from corporations and whether this was the current standard for County Commissioners/Mayor and the normal standard for property appraisers statewide.*

*Assistant County Attorney Johnson-Stacks noted this was not the current restriction against County Commissioners but had been imposed against*

County Commissioners historically.

Commissioner Seijas explained past issues with County Commissioners receiving corporate checks, and not knowing who made the donation. She stated she felt the Property Appraiser restrictions did not need to follow the pattern of the Commission and Mayor positions, but needed to know who the donator was and where they lived.

Commissioner Gimenez stated he preferred to keep this simple and have the elected Property Appraiser position be guided by the same election rules that applied to the County Commissioners and Mayor concerning corporate donations. He also expressed concern with language on handwritten page 8 regarding employees of this office hired by the Mayor. He noted he wanted current employees to be protected but felt this office should be a separate entity from the County.

Assistant County Attorney Johnson-Stacks clarified the Property Appraiser's Office was not a constitutional office as in Broward or Duval County, but a department head that would be an elected official. She also clarified this ordinance would set the extent of control the elected department head would have over the department, and would make a distinction between employees in exempt positions, hired by the elected property appraiser and employees in a classified position, hired by the County Manager pursuant to the collective bargaining agreement.

In response to Commissioner Edmonson's question whether this ordinance would preclude the elected property appraiser from reorganizing its department without the County Mayor's approval; Assistant County Attorney Johnson-Stacks noted the elected department director would be subject to the Mayor/Manager with respect to the employees' rights under the collective bargaining agreement that would be affected by reorganization.

Commissioner Edmonson expressed concern that this meant the elected Property Appraiser position would not be guided the same way as the Commissioner and Mayor Position, and she believed this was not the intent of the voters.

Assistant County Attorney Johnson-Stacks noted

*this proposed ordinance complied with the ballot question, which just provided that the Charter be amended to provide for the transfer of the duties of the County Property Appraiser from a person appointed and supervised by the County Mayor, to a person elected and subject to recall by the voters, and did not go into distinctions about constitutional offices.*

*Commissioner Seijas clarified the intent of this proposed ordinance was to protect the employees as much as possible.*

*Commissioner Martinez suggested since several Committee members had questions on this item, the foregoing ordinance be forwarded to the full Board without a recommendation*

*Commissioner Seijas asked that if this ordinance was forwarded without a recommendation, it be placed on a BCC agenda no sooner than six weeks from today.*

*Vice-Chairman Diaz commended Commissioner Seijas on bring this ordinance forward, not noted he also concurred with the concerns of Commissioner Gimenez regarding the limited control of the elected property appraiser over its employees. He questioned how someone could qualify as a candidate, and whether filing fees could already be collected if this office and guidelines had not yet been established by the County Commission.*

*Assistant County Attorney Oren Rosenthal noted the Florida Election Commission governed and interpreted Campaign Financing Laws, and would determine whether filing fees could be collected.*

*Mr. Lester Sola, Supervisor of Elections, noted the Elections Department received documents from two individuals filing to qualify as a candidate for the elected property appraiser position. He noted the Elections Department was archiving the documents, but the candidacy would be determined by the County Commission through this ordinance.*

*In response to Commissioner Diaz' question regarding what paper work could be filed with no established guidelines, and if a person now collecting campaign funds would be in violation of a State Statute, Mr. Sola noted the Florida Elections Commission would need to make a*

determination on those issues if a complaint were filed; and those individuals now collecting campaign contributions, collected at their own risk. He noted the Elections Department immediately sent a letter to those individuals who filed documents trying to qualify as a candidate advising them of the conditions and that the position had not been established yet.

Commissioner Diaz asked Assistant County Attorney Cynthia Johnson Stack to provide him with a legal opinion on the County's campaign financing and disclosure law(s) governing an elected property appraiser position, specifically whether a candidate could start collecting campaign funds before this office was established.

Commissioner Gimenez questioned the content of the letter sent by the Elections Department to those attempting to open a campaign account, and whether some people had already filed campaign contribution reports.

Mr. Sola explained the letter acknowledged the receipt of the documents provided and that the department was awaiting a decision by the County Commission on the ordinance that established this position and office. He also noted some individuals had filed campaign contribution reports with the Elections Department.

Regarding employees, Commissioner Gimenez asked if this ordinance could include language that established an exempt service position and a classified service position, and that the classified service position be bound by the rules and regulations of classified County employees that could only be fired for cause, in order to provide a certain level of protection.

Assistant County Attorney Johnson-Stacks noted she would work on that language.

Commissioner Edmonson commended Commissioner Seijas for bringing this ordinance forward. She questioned how long the County Commission had to establish the rules and guidelines for this office.

Assistant County Attorney Johnson-Stacks noted by working backwards from the November election date and allowing a time period to qualify for this position, and time to set this ordinance for a second reading, the County Commission would

probably have until August or September to establish this office.

It was moved by Commissioner Seijas that the foregoing proposed ordinance be forwarded to the County Commission, without a recommendation, with committee amendment(s) to correct scrivener's errors as follows: several capitalization and punctuation errors on handwritten page 5; that the language on handwritten page 5, paragraph d be corrected to reflect that the section of the code is 2-11.1.1 in lieu of 2-11.1; that the following language be added to page 7, subsection (2): "any suit by or against the property appraiser may be settled or compromised by the property appraiser or the County Attorney or their designees. If the property appraiser or the County Attorney determine that said settlement compromised in the best interest of Miami-Dade County, after considering the legal liability, potential litigation expenses, potential financial exposure to the County and the precedent effect on such litigation. The settlement of all such litigation shall be reported quarterly to the County Commission;" and that the any reference to the word "department" be deleted and replaced with the word "office" on handwritten page 9, sections 1 and 2. This motion was seconded by Commissioner Martinez, and upon being put to a vote, passed 6-0.

Chairwoman Seijas requested the foregoing proposed ordinance be forwarded to the May 20th BCC meeting for consideration.

*Mr. Jeff Bercow, 200 S. Biscayne Boulevard, appeared before the Committee in support of the foregoing proposed ordinance. He referenced an ordinance (Ordinance 03-40) previously adopted and sponsored by Commissioner Moss, that required a developer making a representation in a CDMP amendment application, to include it in the covenant or to not speak about it at a public hearing. However, that ordinance, he noted, did not fit well when a CDMP amendment application was filed concurrently with a Development of Regional Impact (DRI) order. He noted State law required the two applications be filed together but reviewed in separate processes, and ultimately approved or denied together.*

*Commissioner Martinez pointed out that Assistant County Attorney Craig Collier already determined the DRI order was exempt from this process.*

*Commissioner Gimenez noted the ordinance proposed by Commissioner Moss was a great one; however, he wanted to ensure nothing was lost, and that all safeguards provided in the previous ordinance would remain if this proposed ordinance was adopted.*

capital needs countywide; and some specific district projects. She noted each ballot question had specific line items that were targeted to serve different needs, and the allocations would need to come back before the Board for approval.

Commissioner Edmonson noted she supported Agenda Item 3K, but could not support Agenda Item 3I when other districts had greater needs for those funds. She concurred with Commissioner Rolle's comments that a procedure was needed for distributing these funds fairly.

Commissioner Gimenez stated although he understood the frustrations of the specific Districts, he could not support either item; he felt the funds should be distributed countywide.

Chairwoman Seijas suggested the Chair of the Economic Development and Public Safety Committee consider this issue since that committee had more knowledge on housing needs. She expressed concerns that funds were taken from District 11 and restructured somewhere else, and that Agenda Item 3I caused division among the Commission Districts.

Commissioner Rolle stated he understood the sponsor's intent was to have the funds distributed equally among each commission district, but expressed concern that nothing would preclude a district from getting another chance at receiving an allocation, before another district had an opportunity to receive an allocation.

Commissioner Diaz noted he did not want to take more than his fair share but was asking that one of the four original GOB projects in District 12 be completed. He noted was opposed to Agenda Item 3I.

Following further discussion, it was moved by Commissioner Rolle that the resolution in Item 3I be forwarded to the County Commission with a favorable recommendation. This motion was seconded by Commissioner Martinez, and upon being put to a vote, failed to carry by a vote of 1-5. (Chairwoman Seijas and Commissioners Martinez, Edmonson, Gimenez and Diaz voted No.)

Commissioner Diaz reiterated his request to amend Agenda Item 3K to include an allocation to District 12 for the same amount.

Following further discussion regarding Agenda Item 3K, Mr. Jose Cintron, Director, Office of Community Economic and Development (OCED), explained this proposed resolution concerned city-owned parcels to be built for affordable housing using GOB funding and not to prioritize projects. He noted sites had been identified in twelve (12) of thirteen (13) commission districts for affordable housing.

Commissioner Gimenez expressed concern that this proposed resolution only concerned GOB project 249, and did not specify a project in Commission District 11. He noted he could support this resolution if the specific project was identified

Commissioner Martinez pointed out that Agenda Items 3I and 3K supplemental reports identified the Gran Via project in District 11 on handwritten page 44, and the International Mall out-parcel project in District 12 on handwritten page 37.

Assistant County Attorney Bonzon-Keenan noted Agenda Item 3K could be amended to identify the specific project in District 11 and correct amount allocated for it.

Commissioner Rolle indicated he was not opposed to Commissioner Diaz' proposed amendment, but he felt that other districts should be included, which could be accomplished through Agenda Item 3I.

Following further discussion, Commissioner Seijas asked whether the Committee wanted to reconsider Agenda Item 3I.

It was moved by commissioner Martinez that Agenda Item 3I be reconsidered. This motion was seconded by Commissioner Diaz, and upon being put to a vote, passed 6-0.

In response to Commissioner Gimenez' question regarding monies allocated evenly to all thirteen (13) commission districts, Mr. Cintron noted staff first identified county-owned sites and found sites in twelve of the thirteen commission districts, but did not allocate funds. He noted the supplemental reports just listed all sites and described how each site's development potential could be maximized. He also noted OCED supported the \$10.5 allocation per Commission District

*In response to Commissioner Edmonson's concern that the crosswinds project in District 3 was identified in this supplemental report, Mr. Cintron noted that project was deleted from the approved final report.*

*Assistant County Manager Susanne Torriente explained that the supplemental report was for informational purposes only, and not to prioritize projects.*

*Commissioner Edmonson asked the Office of Community Economic and Development Director to ensure that the Crosswinds project in District 3 was removed from the supplemental reports listed as Agenda Items 3I and 3K.*

*Commissioner Gimenez clarified the correct amount to be allocated should be \$10,592, 308 per district.*

*Following further discussion, it was moved by Commissioner Martinez that the proposed resolution in Agenda Item 3I be forwarded to the County Commission, with a favorable recommendation, with committee amendment(s) to insert \$10,592,308 as the amount allocated to each Commission District. This motion was seconded by Commissioner Diaz, and upon being put to a vote, passed 5-1. (Chairwoman Seijas voted No.)*

*It was moved by Commissioner Martinez that Agenda Item 3K be withdrawn. This motion was seconded by Commissioner Diaz, and upon being put to a vote, passed 6-0.*
