MENTAL HEALTH ISSUES

Presented

Report: *Chairman Moss noted the purpose of this item was to discuss the County's methods of assisting individuals, in the community, who suffer from mental health issues and usually wound up in the jail system.*

Dr. Eloisa (Carolina) Montoya, Mental Health Services Coordinator, General Services Administration (GSA), noted her role focused on the Mental Health Diversion Facility. She advised that, since her report in April 2008, the building had been acquired and was being prepared for occupancy. Dr. Montoya stated the issues referred to by Chairman Moss were critical and addressing them would require more than the County's services. She advised the general services for mental health issues were mainly provided by the State and State-funded community mental health centers, some of which were reimbursed through Medicaid and Medicare resources. Some services were provided by the County, with the remainder being provided through private insurance, she added. Dr. Montoya pointed out that the Blue Cross/Blue Shield proposed plan for the uninsured should also include provisions for mental health services. She recommended representatives of the State and third-party payers be included in the County's discussions exploring approaches for diverting individuals displaying severe mental disorders from being arrested and assisting them with the appropriate services.

Chairman Moss asked County Attorney Gerald Sanchez to work with the Homeless Trust Director and other concerned individuals or entities to examine the legal ramifications of the County assisting homeless people on the streets, who exhibit signs of mental illness or other health issues. He also suggested this group contact State Representatives and urge them to provide similar assistance.

Vote: 5-0

Absent: Souto

Report: *Assistant County Attorney Gerald Sanchez read the foregoing proposed ordinance into the record.*

Chairman Moss asked, in light of the Committee's full support of this ordinance, in lieu of a public hearing for this item, that the Animal Services Department Director present a brief overview, and following this presentation, those individuals registered to speak could stand in recognition of their support.

Dr. Sara Pizano, Director, Animal Services Department (ASD), provided a brief historical overview of this ordinance, which was included in the Chapter 5 Rewrite in January 2008. She noted an amendment was proposed to include language providing that: 1) A six-month grace period would commence upon the adoption of this ordinance, allowing the department to educate the community; and 2) A warning, rather than a citation, would be issued for first time chained dog offenders; followed by a second visit in 30 days.

There being no one to appear in opposition to this ordinance, Chairman Moss invited those individuals present in support of this item to stand and be recognized.

Commissioner Diaz commented on the hard work performed by those individuals standing in the audience, to obtain signatures and educate the community regarding the importance of regulating the tethering of dogs.

Discussion ensued among committee members and staff regarding the potential for error when observing a dog being tethered and the difference between this legislation and the leash law. Dr. Pizano explained that this ordinance applied to the offense of tethering dogs for 24 hours a day, 7

days a week.

In response to Commissioner Heyman's question as to whether the language in this ordinance was sufficient for determining a violation, Assistant County Attorney Gerald Sanchez advised that a Hearing Examiner would determine whether the ordinance had been violated.

Commissioner Heyman took this opportunity to recognize Miami-Dade County Commission for adopting legislation providing support for the first emergency evacuation pet shelter and for developing the criteria of an evacuation shelter plan.

Commissioner Gimenez noted he particularly liked the language in Subsection (b) (1) of the ordinance that required responsible parties to be located outside with any tethered dogs.

Honorable Councilwoman Isis Garcia-Martinez, City of Hialeah, appeared in support and addressed the importance of this issue of preventing the abuse of animals.

Mr. Mario Beovides, Assistant to the Honorable Commissioner Joe M. Sanchez, City of Miami, appeared in support of this ordinance, on behalf of Commissioner Sanchez.

Chairman Moss and Commissioners Heyman, Sosa, and Gimenez asked to be added as co-sponsors of this ordinance.

Ms. Marjorie Glickman (phonetic), Palmetto Bay resident, appeared and submitted to the committee, 10,373 signed petitions supporting legislation to ban the tethering of dogs countywide. She identified several prominent individuals and officials whose signatures attested to their support of this legislation. Ms Glickman (phonetic) also provided committee members with booklets containing pictures of dogs with injuries resulting from being tethered.

There being no other individuals to appear, Chairman Moss closed the public hearing

There being no further questions or comments, the Committee proceeded to vote.

*Ms. Janet Perkins, Director, Office of Countywide
Healthcare Planning, noted this resolution
provided for approval of the contract for the
product previously approved by the Commission,
with the exact same benefits, price points, and
services as approved.*

*Honorable Commissioner Joe Martinez, District
11, Miami-Dade County, appeared as sponsor of
this legislation and summarized the purpose of this
resolution. He noted the County had come to an
agreement with a Letter of Intent to all local
hospitals. Commissioner Martinez stated it was
hoped those 600,000 uninsured people in the
County would be provided catastrophic care,
emergency care, and preventive maintenance, at
affordable rates. He noted the County's Office of
Countywide Healthcare Planning (OCHIP) would
monitor the program to ensure that those using the
services were among the 600,000 uninsured
individuals.*

*Chairman Moss and Commissioners Sosa,
Gimenez, and Diaz commended Commissioner
Martinez and Ms. Perkins for their leadership in
bringing this program to this community; and
each requested to be added as co-sponsor of this
resolution.*

*Commissioner Martinez commented that the BCC
Healthcare Task Force was created with this
program to serve the uninsured people in the
County as its goal. He noted there had been no
local media coverage on this accomplishment;
however, calls had been received from
representatives in New York, Washington,*

Chicago, and Los Angeles, expressing their desires to use the County's program as a model in their articles.

Assistant County Manager Hudak noted this program was accomplished through team effort and recognized the members of the Blue Cross/Blue Shield (BC/BS) organization and the members of the Department of Procurement Management (DPM), present in the audience, for their hard work in this process.

Chairman Moss asked all members of the BC/BS, DPM, and OCHIP to stand and be recognized for their important work in developing this program.

There being no further discussion regarding this resolution, the Committee proceeded to vote.

Chairman Moss requested staff to prepare the appropriate memorandum to the Board of County Commissioners (BCC) Chairman Bruno A. Barreiro requesting a waiver of the Board's Rules and Procedures to hear the foregoing proposed resolution at the September 16, 2008, Board meeting.

In response to Commissioner Gimenez' inquiry of the balance of the initial \$23 million allocation for the Miami-Dade Fire Rescue (MDFR) Training Facility, Mr. Scott Mendelsberg, Chief Financial Officer, MDFR, advised that the remaining balance was approximately \$30 million. He attributed the increased amount to the accumulation of interest and the appropriation of \$2 million from Sunshine Loan funds. Pertaining to the 14-year delay in moving this project, Mr. Mendelsberg advised the projects underway during that time included the construction of ten (10) fire stations, the subject training facility, and a headquarters building; as well as the installation of American Disability Act (ADA) retrofits and generator(s). He announced that all of those projects had been completed, except the training facility, which was further delayed due to the inability to identify an appropriate site. Regarding Commissioner Heyman's concern for the potential for retroactive amendments being made to this resolution, Mr. Mendelsberg confirmed that continuing with the current design and obtaining construction bids as soon as possible, would prevent additional delays.

There being no further questions or comments, the committee proceeded to vote.

Responding to Commissioner Gimenez' concern with language being deleted from Page 20, Section [2] - "Employee Salaries and Benefits," and inserted on page 62, Section 2, under "Powers and Duties of the President," within the By-Laws, Article IX - Powers and Duties of the Trust, Assistant County Attorney Eugene Shy stated the Public Health Trust (PHT) Board of Trustees determined to delegate that power to the President of the Trust. Mr. Shy answered yes to Chairman Moss' question as to whether an alternate proposal could be brought back to the Committee that allowed this power to remain with the Trust.

Following her suggestion that this resolution be deferred, Commissioner Sosa expressed concern regarding Trust members' low attendance at meetings, and recommended stronger regulations be implemented for meeting attendance. She also addressed issues regarding the two voting commissioners being added as Executive Committee members and the Office of Countywide Healthcare Planning Director being an ex-officio non-voting member of the Trust. Commissioner Sosa asked Assistant County Attorney Shy to revisit the provision in the By-Laws pertaining to the immediate removal of members who were indicted, for possible revisions to that language.

Commissioner Heyman expressed her concern that the issues raised by Commissioners Gimenez and Sosa could directly impact the County's revenue streams and/or liability. She seconded the motion to defer this resolution for further review.

Commissioner Gimenez asked the PHT Chief Executive Officer to meet with him and explain the following language contained within page 3 of the memorandum included in this agenda package, and the implications to the Trust: "...;page 50-creates the Audit and Compliance Subcommittee,

and deletes the External Audit Subcommittee... ”

Commissioner Sosa asked the County Manager to provide her with a report outlining all executive and administrative positions within the PHT, the salary range for each position, and identifying the entity that determined those salaries. She asked that this report also clearly outline which responsibilities were under the Trust's jurisdiction and which were under the Commission's, and that it be presented to individual committee members.

Chairman Moss asked that Assistant County Attorney Shy meet with individual commissioners to address the concerns raised in today's meeting, before this resolution was brought back to this committee.

082513 Report**ORAL REPORT RE: MICROCHIPPING AND THREE YEAR LICENSING.****Presented
Mover: Diaz,
Seconder: Sosa
Vote: 5-0
Absent: Souto**

Report: *Dr. Sara Pizano, Director, Animal Services Department (ASD), provided a brief oral report regarding the option for a three-year pet license being implemented into the budget, pet owners being given the option to renew their pets' licenses online; and micro-chipping services being offered at the County's ASD facilities. She highlighted the following points:*

- Three Year License: an adjusted fee schedule that included the option for a three-year license was included in the department's proposed budget for the Board's approval;

- Online Licensing: research was underway for providing this service for pets whose rabies vaccines were not due; this service would decrease the tremendous data entry workload of the department's staff and enable updated information from veterinarians' to be downloaded directly into the department's software; and

- Micro-chipping: a \$10.00 fee for providing the micro-chipping services to the public was also included in the proposed budget package for approval by the Board; this service would be offered at the ASD's Rabies Clinic, seven days a week, and would enable pets to be automatically registered pets once the micro-chip information was entered into the system. Dr. Pizano recommended against a proposal for mandatory micro-chipping.

Commissioner Heyman asked the Animal Services Director to advertise in community newspapers to inform people that micro-chipping services were available at the County's ASD shelters for a \$10.00 fee, which includes registration.

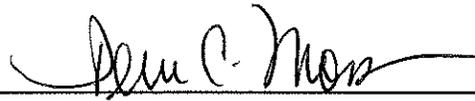

In response to Commissioner Diaz' inquiry of what types of animals were eligible to receive microchips, Dr. Pizano replied that this service would be restricted to dogs and cats. She advised the minimum age for an animal to receive a microchip depended on the breed, but had been

performed on dogs at two weeks old.

Chairman Moss asked Assistant County Manager Alina Hudak to meet with Commissioner Heyman to address her concerns regarding the Animal Services Department's technological and staffing needs.

8 ADJOURNMENT
