Subject: **Miami-Dade County Department Of Corrections Budget Recommendations**

Miami-Dade County Department of Corrections has taken measures to assist the county in addressing the budget deficits. This recommendation is being forwarded for your consideration and should not be viewed as criticism of the department or its leaders; however, there are other more reasonable recommendation that could have been presented to reduce the department's budget expenditure and staffing concerns. The below recommendation are being forwarded by concern staff:

Recommendations

The Woman Detention Center has an average inmate population of two hundred female inmates. The population has been as low as one hundred and seventy inmates. This facility has approximately forty correctional officers assigned to each of its three shifts. Closing this facility would save on the cost of maintenance, utilities, staffing and outsource contracts, such as, medical, vocational and other services. The female population would be housed in a direct supervision unit with availability of officers and counseling services. The one hundred twenty correctional officers could be allocated to other facilities and would reduce the need to hire one hundred fifty correctional officers or terminate positions and service that were an essential component of the population reduction.

The department must make reasonable and fiscal acceptable staffing decisions. We currently have two deputy directors in other words we have two individuals who are second in charge. The administrative staff is essential to the operation of the department however; a reduction in this area would demonstrate a fair and earnest effort in addressing the budget issues while creating a more streamline and effective management system. There are those who believe that we are administratively top heavy. We have more Chiefs, Commanders, and Captains than ever. Theses positions are costly however; they seem to have escaped the recommendation for budget reduction. Consider the fact that several of these individuals are eligible for retirement and would properly chose to retire rather than take a reduce position or reduce pay. Most of the individuals receive high risk pay although they seldom enter a jail or come in direct contact with inmates. Could we save money by eliminating one deputy position, reducing eight chiefs' positions to four, including a reduction of six commander positions to four? These are the types of reductions that demonstrate a true effort address budget concerns.

It is important to note that staff justification require counselors to counseled, officers to maintain custody and control and administrators to create effective policies to ensure that each person working in a specific job class is performing duties as proscribed by the particular job classification. The department has over one hundred sworn correctional officers who do not perform work as prescribed by there job classification.

Officers are working as sanitation or labor supervisor workers, records clerks, classification and intake counselors, court service position that police record specialist performed, booths that were assigned to the position of correctional aides, inmate commissary, and a host of other positions. The high risk workers do not want to work with inmates so it seems. Counselors work with inmates daily to reduce recidivism and create better behaved people who are returned to our community. The reduction of crime begins with the change in the thoughts of people who have or contemplated violating the law. It is this proactive process that keeps us safe and reduces the populations.

In conclusion, the closing of the women's detention center, reduction of management staff and the proper deployment of sworn staff is vital and necessary. We should also employ a diversion program to work with the courts in reducing the inmate population. This will give judges sentencing options and reduce the cost incarcerating minor offenders.

Penny Wise & Pound Foolish: Economic and Social Impact of Proposed County Budget

The impact on our community and local economy

These are tough times for everyone, particularly residents of Florida. The unemployment rate in Florida is 10.7 %, slightly higher than the national average of 9.4%.[1] Our unemployment situation is compounded by the fact that Florida leads the nation with 23% of all home mortgage loans that are either past due or in foreclosure.[2]

As our unemployment population grows and the foreclosure crisis worsens, our community has a greater need for vital services. Community-based organizations in Miami-Dade County serve those most in need through an array of critical services such as employment training, environmental education, juvenile justice, programs for persons with developmental and physical disabilities, and preventative health and wellness services. Social service organizations not only serve as the backbone of our safety net system and as lifelines for our county's most vulnerable populations, but also enable Miami-Dade residents to lead productive and meaningful lives. However, these services and programs are under attack.

Mayor Alvarez's proposed budget eliminates over $31 million in funding to all community-based organizations and an additional $11 million for arts and cultural programs.[3] These social service cuts impact 275 community-based organizations, which operate more than 555 programs with 800,000 units of service throughout the county.

Our community cannot afford to lose:

- $1.65 million in county grants for small business,
- 1,500 full-time jobs in community organizations,
- 28 county employee positions working for community organizations and
- $5 million for Youth Crime Task Force and the Dade-Miami Criminal Justice Council.

These are cuts that would be made in the social service arena alone. The overall impact of the loss of these community jobs, in addition to 1,700 county positions, would devastate our local economy.

What are our options?

Our leaders have difficult decisions to make as they grapple with the county's $430 million budget deficit, yet they do have choices. There are several options Mayor Alvarez and our county commissioners could employ that would not jeopardize the health and well-being of our community. Here are some possible choices:

Restore the roll-back mileage rate. Increasing property taxes would generate $130 million.

Reduce car allowances for county employees.

Reduce tuition reimbursement for county employees. Currently the county provides $1.8 million in tuition reimbursement.

Implement a 10% pay cut for County Executive Office employees earning higher salaries.

Consolidate senior staff positions in the County Manager's and Mayor's offices.

Summary

Eliminating important services and programs is penny wise and pound foolish. Our communities are already hurting and barely making ends meet during the current economic downturn. Slashing the budgets of community-based organization would make a terrible economic situation even worse.

Florida's lack of investment in health and human services has led our state to consistently rank low on important social indicators.[4] We rank 50th in per capita spending on education, 48th in juvenile incarceration rates, 43rd in the number of high school students who graduate without a diploma. Providing adequate funding for community-based organizations is a good investment for our state and our community.

Our leaders do have choices: Option 1- Protect our community and restore funding for resources and services community based organizations provide. Option 2- Gamble with our communtiy's future and cut funding for important programs and services. Option 1 would get our economy back on track and help our community recover from this downward economic spiral.

SOUTH FLORIDA EMPLOYMENT SITUATION
AUGUST 2009

The South Florida job market, as in the rest of the country, has been getting worse and has not yet hit bottom. Despite predictions that the recession may be officially ending, the road to recovery will be long. Unemployment is expected to reach over 10% nationally late this year and remain above 10% through 2010. Since unemployment is already estimated at 10.7%[I] in South Florida, if local unemployment continues to go up as national unemployment does, South Florida could see unemployment above 11% through next year.

From December 2007 when the recession began, through May of 2009, South Florida has lost 167,500 jobs, a decrease of 6.8% in employment. If predicted trends continue, thousands more jobs will be lost by December 2009.

	Palm Beach, Broward, and Miami-Dade Counties Total employment
December 2007	2,456,600
May 2009	2,289,100
Difference	-167,500
Percent change	-6.8%

Source: Bureau of Labor Statistics, Current Employment Statistics Survey

As of May 2009 unemployment in South Florida was 9.6%, an increase of 4.4 percentage points since this May of last year, and an increase of 6 percentage points since May 2007. The unemployment rate has been rising each month since December 2007, and is predicted to keep increasing through 2010[II]. If this occurs, South Florida could see 11% unemployment through 2010.

Importance of Action to Create Jobs

South Florida has begun to feel the effects of stimulus spending mainly through individual benefits such as tax breaks, food stamps and Medicaid. Supplements to state funding for education and health spending have preserved jobs that would otherwise have been cut. However the investments in infrastructure and transportation that will create more jobs are still just getting off the ground, and unemployment will likely remain high through at least 2010, though not as high as it might have been without stimulus spending. The jobs that this and other government spending create will be vital as we struggle to recover from the high unemployment levels of the current recession. Without concerted job creation and preservation actions by federal, state, and local government the recovery will be prolonged and families will continue to lose ground as they wait two or three more years for employment.

There is a danger of prolonged unemployment or even a second recession coming close on the first if the economy doesn't create enough jobs to jump start the cycle of increased consumer spending and increased production which will lead to recovery. During the Great Depression of the 1930's unemployment began decreasing in 1934 after the New Deal legislation of 1933, but because of concerns about deficits and spending cuts that came too soon, another recession in 1937 caused unemployment to again increase. Finally large amounts of government spending on preparations for war brought the economy back to full strength and unemployment levels stabilized.

U.S. Unemployment Rate 1929-1941

Source: U.S. Bureau of the Census, Historical Statistics of the United States, Colonial Times to 1957

This chart underscores the importance of maintaining government spending during times of recession when the private sector is unable to create jobs. Local, state, and federal government should do whatever possible to preserve and create jobs until the economy has enough upward momentum to guarantee that we are on the road to recovery.

My grandmother recieves services at the Easter Seals Adult Day care. Because of their services we are able to keep her at our home and not at a NURSING HOME. But if the center has to cut back hours and reduce their service days we may be forced to put her in a nursing home because unfortunately we can't afford 24 hour care. She can't be left alone, and we can't quit our jobs. Please help us so that the Easter Seals can continue with their services.

Amira Recalde, Florida
My mom has Alzheimers and I take care of her by myself. She goes to Easter Seals from Monday through Saturday. PLEASE, do not decrease funding for Easter Seals nor for those day care centers which help us, the caregivers so much. Not many people understand what the caregivers go through on daily basis with our parents who are sick and who do not have anyone else to take care of them, specially, those with Alzheimers. Please Mr. Alvarez helps us to continue receiving the assistance of the day care for Saturdays and until 7 pm every day. Thank you very much! Amira Recalde

RAFAEL REMON, Florida
My mother has Alzheimer's disease. She is unable to do simple tasks like signing her name or brushing her teeth. EVERYTHING must be done for her. EVERYTHING! This is a 24/7 job with no vacations and no pay. She attends a daycare center, which due to Mayor Alvarez' budget cuts will be closed for good come September 30th. There are hundreds of disabled human beings like her who depend on these county services to take care of them so that we the family caregivers can have a bit of respite and continue to be productive citizens. Closing these centers puts an even greater economic burden on our city. All the employees at these centers will be jobless and on government assistance. So will family members who will be forced to quit their jobs to stay at home and care for their loved ones. How unemployment benefits our economic crisis is beyond my understanding, but this is exactly what will happen when the hundreds that are employed at these institutions find themselves with no source of income. There are human lives at risk here. We are not numbers or statistics. We are just people trying to get by and care for our loved ones to the best of our abilities so we can give them back at least a portion of the quality of life that their disabilities have robbed them of. Don't close these centers. Tomorrow you may find yourself disabled with nowhere to turn to and no one to care.

Maria Medina, Florida
My grandmother goes to Easter Seals...cut the funds need to take time from work (which I can not afford to do) to find help for her.

Moraima Serra, Florida
These cuts will leave me and many other dancers without jobs. We have dedicated our lives to the arts, and have reached many young people's sensitivities. There is too much violence out there, and it's very important to get back in touch with our human side. Art is one of the things that makes us different from the animals.

Roseline Lauriston, Florida
Dear Commissioners, The proposed county budget cuts will greatly effect our after school care program (which offers homework assistance and tutoring to children over the age of five) and our Life Skills workshops (which helps build our children's self esteem). Over the past 10 years, with the county's help, we have had the opportunity to serve over 1,200 children. Their grades have improved significantly, and there is a positive visible difference in their attitudes and behaviors. If the funding is cut for the 2009-2010 fiscal year, our program will no longer be able to provide the services needed by the children in our community. Please reconsider the county's budget cuts and help us to help the children in our community.

New Hope Development Center, Inc

Roger Horne, Florida
The City's proposed budget cuts will adversely affect low-income, minority, underserved communities. CBOs and social service programs that serve children, families and the elderly in these communities will be forced to close their doors and abandon the clients they have pledged to serve. Though I agree that there needs to be a consolidation of services, therefore reducing duplication and saving needed dollars, the passage of the City's budget as is will retard the progress that has been made by many grassroots organizations. Families who depend on our services to augment there monthly childcare and sustainability needs will suffer at having to expend more resources and monies to secure their children safety while at work. Children will be left to the streets and ultimately jails as their SAFE HAVENS ("Cradle 2 Prison Pipeline"). The elderly, who utilize our services to assist with their monthly living expenses and social needs, will be forced to make cuts to their already strictly-planned lifestyles. Cuts that will affect their overall health and well-being. These proposed budget cuts will affect at residents of our City. The difference being that residents from more affluent neighborhoods can sudsidize the losses that they will feel. This, however, is not a strategy for economically disadvantaged communities. These cuts will continue to destroy the fabric of these neighborhoods and serve to effectly eliminate them from future inclusion in the growth of this great City. These communities deserve better. For years, these residents have contributed their share to the growth of this City (via taxes) without getting anything back in return i.e., economic infrastructure and neighborhood improvements. It's time for the injustices to end.

I am a Canadian Citizen who moved to the U.S. for personal reasons and am currently working as a family therapist under the Family Intervention Services grant, which is at risk of being cut. As a person who has witnessed the extreme gap between affluence and poverty worldwide, I can safely say that the standard of living within certain areas of Miami itself is despicable. I am therefore appalled that the County Board would even consider depriving its community of essential resources i.e. social services, the arts and environmental groups. Not only does the prospective budget illustrate the

misplaced priorities of the Board, but also its moral apathy. How will the Board dispossess thousands upon thousands of already underserved families, of activities and resources that promote civil society and prevent antisocial behavior? Everyone whom I am informing, both locally and in Canada has been responding with shock and disbelief that the local government could consider truncating funding for programs that enrich and protect a community. If this cut should happen, the board will have to scrounge up more money for jails, policing and then the re-hiring of the very same positions that it originally chose to eliminate. Past politicians have made this same grievous error with these very predictable outcomes; why re-invent the wheel and pay for it in the end when you can maintain what is currently working? The fact that the Board is considering a redistribution of funds (and we will call it that, since the money from these programs HAS somewhere else to go) begs the inquiry: which other sector(s) or interest group (s) is in fact the board protecting? How did it come about choosing to devalue the social service sector and favouring another? I have no doubts that the Board is fully aware of the short and long-term consequences of making this decision. What is left to see is if the Board chooses to care. Finally, the United States of America takes pride in its global role and example. Where is the example in this?

Paul Hunt, Florida
Times are certainly challenging but we need to look toward a promising future. It may be that some taxes will need to be raised to continue the level of services that our community has been demanding in recent years. If there is a $400 million gap in revenues in the current county budget that figures out to about an average of $200 per year for each of Miami-Dade County's 2 million people. That is $4 per week, on average. Can the people of our community 'sacrifice' $4 per week to maintain adequate services for our community? I suspect so but some political and community leaders have unfairly decided to use this issue to scare the public and to keep bleating against any and all taxes. There is no free ride here. If we want adequate police and fire services and other government services, we need to pay for them.

Jennifer Williams, Florida
Mayor Alvarez, not all citizens in Miami-Dade can afford the luxuries that your job provides you and your loved ones. My name is Jennifer Williams, and I work as a clinician and I am a group leader in running a self esteem and awareness program for The Institute for Child and Family Health for the past 9 years. Many folks in the community rely on community services for assistance in mental health services, academic programs, crime prevention, and health related services. These programs have been shown to decrease gang participation, increase good conduct, increase academics, and can improve emotional well-being and health. Additionally, if these programs are lost, hundreds or thousands of people will lose their job which will only add to the stress in our community, and will become a financial burden to our state and country. It is imperative that all of our programs stay intact and are actively running in the community. These programs are extremely beneficial to the community and most of all, to our children. Before you chose to negatively impact the lives of thousands of people with the stroke of a pen, consider that most of us are already underpaid, overworked, and have families. Thank you for reading this letter. Jennifer Williams

The work of the social sector is critical to meeting basic needs in our community. Get smart about finding other ways to cut the Miami-Dade County budget. Do not cut funding of the agencies on the front lines everyday of taking care of our children, seniors, homeless, poor, illiterate and our environment. We need your leadership to not balance this budget at the expenses of our humanity!!!

Jovonni T. Farrington, Florida
Children in the community, therefore future citizens, will be hurt by taking money away from the very organizations created to help them, their families and their communities. I am appalled to know that the community matters so little to our government. Community organizations for the most part are created to give back, are you then telling us, and by

extension teaching our children, to take and never give back? Are you teaching them that community service is a service done to no avail? Are you supporting those who have supported you?

These budget cuts would affect my population in the housing program I serve. We service homeless families. Within our program are youth who need help with education in a drug-free lifestyle, disabled people, spousal abuse survivors, people in need of job training, and a variety of other highly needed social services. Aside from those I assist in my job. I see a plethera of individuals in these same scenarios in my neighborhood and all over the city streets. They are people. Human Beings in need of assistance. They are not and cannot be the forgotten ones, the ones that don't count, the ones that don't matter. Eventhough they are not my family, they are my fellow human beings. I cannot, in my spirit, forget they exist and deny them assistance.

Threatened community-based organizations launch 'Penny Wise' campaign
The proposed county budget has alarmed many non-profits that stand to lose millions of dollars in funding.

August 12, 2009—A coalition of concerned advocates has launched a campaign responding to Miami-Dade County Mayor Carlos Alvarez's proposed budget, which eliminates funding for community-based organizations (CBOs) that provide social services and art programs.

The "Penny Wise" alliance of more than 100 organizations will hold a demonstration before the Sept. 3 budget hearing to bring attention to the thousands of people who have benefited from the valuable work done by CBOs.

"We are calling upon our commissioners to not be penny wise and pound foolish," Human Services Coalition CEO and President Daniella Levine said. She added that citizens in Dade County should be exploring alternative ways to balance the budget that would not sacrifice greatly needed human services. "These cuts to vital safety net services don't heal," she said.

More than 1,500 community jobs and hundreds of government jobs will be lost because of the reduction in funding. The county previously invested nearly $31 million in social services groups and more than $11 million in cultural organizations. Over 550 programs will be affected.

Some organizations, such as Switchboard of Miami, have already begun telling clients they will not be able to offer certain services after October 1, when the budget takes effect. Switchboard's Seniors Never Alone program, which offers weekly phone calls to nearly 800 seniors, will be discontinued.

"Switchboard is very concerned because this is just tearing the safety line from so many families that are living on the edge right now," Switchboard CEO Catherine Penrod said. Penrod also noted that many of the services Switchboard refers callers to may not survive without county funding. The organization receives more than 180,000 calls each year from individuals seeking counseling or information.

Multi Ethnic Youth Group Association

The Multi-Ethnic Youth Group Association, Inc. (MEYGA) is a 501(c)(3) non-profit organization founded in 2001 for the purpose of providing educational services to our at risk youth. Our mission is to improve students' achievement and performance in school, and guide them away from crime and crime related interests. MEYGA promotes crime prevention and the physical, mental, and social well being of youths at risk through educational programs and activities that increase their learning abilities. The targeted population for this program is youth – seventeen years old and younger. We do not discriminate against any racial or ethnic group.

MEYGA's Crime Prevention Program is a much needed community girls program. The Miami-Dade County Juvenile Assessment Center reported that during 2002 there were a total of 13,349 juvenile arrests, 32% of which were females, a number that was one the rise.

InShape To Go™ presents: InShape Forever™

InShape Forever™ is Miami's
first and foremost health and fitness program dedicated to retaining the health and wellness of our senior citizens.

"They took care of us all our lives;
Now it's up to us to take care of them."

"In our culture and in our community, we take care of family First!"

NO PAINS...GREAT GAINS!!!
Developed by a health, fitness and wellness-living expert, this comprehensive and gentle exercise program is designed with seniors in mind. Implemented at their pace and thoughtfully coached to keep them happy and healthy.

Trina Tejeda

The program is designed and implemented by worldwide award-winning fitness-trainer, body builder, and PhD Biologist, Trina Tejeda. *For over ten years, Trina has been recognized in South Florida for her innovative and creative exercise programs helping the elderly at over eleven city-wide Activities Centers, where thousands have participants.*

IT'S ALL ABOUT PREVENTION!
Through this program, seniors are taught how to live a healthy lifestyle. Countless studies have concluded that consistent exercise aids with memory; generates a positive mental attitude resulting in less depression; helps seniors to sleep and eat better; provides a necessary fun, social activity. Exercise keeps seniors mobile and their blood pumping; it is proven to reduce the risk of heart attacks; builds bones and muscles resulting in less fractures and pain and most importantly, being healthy reduces the need for expensive medical care. It allows our elderly to be in control of their health, longer; keeping them empowered, confident and independent.

A CALL TO ACTION
Thousands of senior citizens in South Florida depend on this program for their health and to minimize health care expenses. At a time when most seniors are deeply concerned about the impact of health care expenses on their daily lives, it is imperative that this program is funded and allowed to continue.

InShape Forever™

MISSION

Since 1991, our program has supported healthier aging and played a major role in advancing knowledge of exercise and nutrition which prevents age-related disease.

We empower older adults and the disabled to live healthier and independent lives with dignity. Our holistic approach to wellness offers services that include exercise, nutrition, counseling and education designed to improve overall health and quality of life.

We serve both the public and private sectors as advocates for public policy practices based on equitable economic, social, and environmental consequences.

Why InShape Forever™?

In 2006, Florida's 65+ population was 17%, 2015 are projected at 21% and 2030 projections are 27% (AARP 2008 SS Facts).

Shape Forever™ has a 10 year track record of providing a sustainable cost-effective program to over 500 people who are 65+ or disabled.

Our wellness program is designed to enhance the health and well-being of those with special needs and is proven to aid the process of aging by increasing independence and functional ability.

Our participants improve strength, flexibility, balance and coordination, While they socialize, meet new friends and have fun.

Our preventive health program combines physical, mental, social, and emotional health and helps our seniors stay healthy.

For additional information on our program, please contact Program Coordinator, Rose Pujol: Cell 305-431-0336 or email pujolr@bellsouth.net

FACTS on Increasing Demographics

We need a Fresh Approach To Meet Exponentially Increasing Demographics Challenges

- Between 2010 and 2020, the 65+ population will increase by 38.8 % in the United States. [1]
- Beginning in 2011, in every single state, the 65+ population will grow faster than the total population.[6]
- In 2030, more than 1 in every 4 Florida residents is projected to be 65+.[6]
- The Medicaid spent on one individual in a nursing home can support almost three individuals in a retirement community.[3]
- Seniors who exercise less than once a week have 8 % higher medical costs than those who exercise regularly.[2]
- Evidence continues to show that exercise prevents, delays, and eases the onset of disease, progression, and severity in elderly.[4]
- Data shows that exercise can ease or reverse many of the adverse age- related changes in fitness.[4]
- Increased physical activity could reduce direct medical costs by $77 billion annually.[5]

Dear Commissioner Moss:

During the County Commission meeting held today you asked for a moment of silence, and during this time I felt compelled to say a brief prayer for our County government officials during these difficult economic times. You needed to be applauded for your dedication and commitment to serving all of your constituents with very limited funding. Thank you for this.

Of concern to me is the recently announced cut in CBO funding. Our first priority should be helping the highly unfortunate and vulnerable who cannot help themselves because of a life altering situation for which they have no alternative course of action. By this I refer to the blind of Miami-Dade County.

The Miami Lighthouse for the Blind receives very little funding from the County, i.e., $72,000 in CBO funds and some commissioner's discretionary funding for our seniors who are blind and severely visually impaired and need a place to get a hot lunch, to gather with their peers, and to have social and creative activities while adjusting to loss of vision. Currently, we provide such service to 195 seniors in our Social Group Activities Program, and County funding is a little more than $350 per person, per year. There is no alternative for these lonely, blind seniors in our community. It is important to keep this funding so that the blind and visually impaired in our community can continue to interact with their peers and not be left isolated in their homes.

When the Lions Home for the Blind closed about 35 blind Cuban adults started coming to the Miami Lighthouse. We expanded our mission to help them without any funding for this program which now serves blind residents of all ethnicities in this County. I trust you will find a way to restore CBO funding for this crucial service in Miami-Dade County.

Sincerely,

Virginia A. Jacko

On July 21st I wrote you regarding the termination of CBO funding for the blind seniors who participate in our Social Group Activities Program. Not hearing from you leads me to believe that you are still working on this important matter, and I am compelled to keep this at the top of your list.

Dear County Commissioner, MOSS

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Dear County Commissioner Martinez:

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Dear County Commissioner,

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised. Protect the people who make this county happen.

Dear County Commissioner, BARREIRO

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Julia H-Machado

Dear County Commissioner,

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised.... Protect the people who make this county happen.

Sincerely,

Dear County Commissioner, KATY SORENSON

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Dear County Commissioner, Katy Sorenson

In a few days, you will have to make some tuff decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Dear County Commissioner,

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Dear County Commissioner, Moss

In a few days, you will have to make some tuff decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Dear County Commissioner, MOSS

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Dear County Commissioner, Jordan

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Dear County Commissioner, SOTO

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

In a few days, you will have to make some tuff decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Dear County Commissioner, R02209

In a few days, you will have to make some tuff decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Dear County Commissioner,

Soon you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in County employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami-Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this County and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised...Protect the people who make this County happen.

Sincerely,

Dear County Commissioner,

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Kenneth Ferguson

Dear County Commissioner, Barbara Jordan

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Dear County Commissioner,

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Dear County Commissioner, Al Edmuson

In a few days, you will have to make some tuff decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables

County employees contribute vital services this county and have continuously stood by our elected officials Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen

Sincerely,

Dear County Commissioner,

Soon you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in County employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami-Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this County and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised...Protect the people who make this County happen.

Sincerely,

Soon you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in County employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami-Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this County and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised...Protect the people who make this County happen.

Dear County Commissioner,

Soon you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in County employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami-Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this County and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised...Protect the people who make this County happen.

Dear County Commissioner, Moss

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Dear County Commissioner,

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Dear County Commissioner,

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including the rising cost of education, health care, and layoffs. Please stand with the people of Miami-Dade and protect our salaries by considering revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised; protect the people who make this county successful.

Sincerely,

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Dear County Commissioner,

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Juan Tarello

Dear County Commissioner,

In a few days, you will have to make some tuff decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Anthony Johnekins

Dear County Commissioner,

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

Dear County Commissioner,

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Soon you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in County employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami-Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this County and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised...Protect the people who make this County happen.

Dear County Commissioner,

Soon you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in County employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami-Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

Dear County Commissioner,

Soon you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in County employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami-Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this County and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised...Protect the people who make this County happen.

Sincerely,

Dear County Commissioner,

Soon you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in County employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami-Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this County and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised...Protect the people who make this County happen.

Sincerely,

Dear County Commissioner,

Soon you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in County employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami-Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this County and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised...Protect the people who make this County happen.

Sincerely,

Dear County Commissioner,

Soon you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in County employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami-Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this County and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised...Protect the people who make this County happen.

Sincerely,

Dear County Commissioner,

Soon you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in County employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami-Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this County and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised...Protect the people who make this County happen.

Dear County Commissioner,

Soon you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in County employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami-Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this County and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised...Protect the people who make this County happen.

Sincerely,

Dear County Commissioner,

Soon you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in County employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami-Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this County and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised...Protect the people who make this County happen.

Sincerely,

Dennis Rivera

Dear County Commissioner,

Soon you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in County employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami-Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this County and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised...Protect the people who make this County happen.

Sincerely,

Dear County Commissioner,

Soon you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in County employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami-Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

Soon you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in County employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami-Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this County and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised...Protect the people who make this County happen.

Dear County Commissioner,

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Dear County Commissioner,

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Dear County Commissioner,

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Dear County Commissioner,

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Date 8/27/09

Dear County Commissioner,

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Clifford MURPH

Honorable Commissioner

During the upcoming months, the Miami-Dade County Commission must make very difficult decisions about the County's budget. We sincerely hope that you take into consideration the exceptional work Miami-Dade County employees do each and every day for the citizens of this great community. I urge you not to balance the County's budget on the backs of its dedicated and loyal employees by reducing their salary.

I trust that you will use your good sense and sound judgment to make budget decisions that are in the best interest of those who keep our community running day after day, our County employees.

Dear County Commissioner,

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Dear County Commissioner,

In a few days, you will have to make some tuff decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Honorable Commissioner

During the upcoming months, the Miami-Dade County Commission must make very difficult decisions about the County's budget. We sincerely hope that you take into consideration the exceptional work Miami-Dade County employees do each and every day for the citizens of this great community. I urge you not to balance the County's budget on the backs of its dedicated and loyal employees by reducing their salary.

I trust that you will use your good sense and sound judgment to make budget decisions that are in the best interest of those who keep our community running day after day, our County employees.

Honorable Commissioner

During the upcoming months, the Miami-Dade County Commission must make very difficult decisions about the County's budget. We sincerely hope that you take into consideration the exceptional work Miami-Dade County employees do each and every day for the citizens of this great community. I urge you not to balance the County's budget on the backs of its dedicated and loyal employees by reducing their salary.

I trust that you will use your good sense and sound judgment to make budget decisions that are in the best interest of those who keep our community running day after day, our County employees.

Dear County Commissioner Edmonson:

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Dear County Commissioner, Dennis Moss

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami-Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Dear County Commissioner, BARREIRO

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

During the upcoming months, the Miami-Dade County Commission must make very difficult decisions about the County's budget. We sincerely hope that you take into consideration the exceptional work Miami-Dade County employees do each and every day for the citizens of this great community. I urge you not to balance the County's budget on the backs of its dedicated and loyal employees by reducing their salary.

I trust that you will use your good sense and sound judgment to make budget decisions that are in the best interest of those who keep our community running day after day, our County employees.

Dear County Commissioner,

In a few days, you will have to make some tuff decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Dear County Commissioner,

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Dear County Commissioner, Barbara Jordan

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Karen Clarke

Dear County Commissioner, Moss

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Dear County Commissioner, Barbara Jordan,

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services to this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

Dear County Commissioner, 505A

In a few days, you will have to make some tough decisions with a $7 billion budget. Although I am sure that there is no "ideal" budget, I am asking you to think about the families of Miami-Dade County before you vote for any reduction in county employees' salaries.

Our families are already faced with hardships associated with economic turmoil, including rising cost of education, health care, and layoffs. Please stand with the people of Miami- Dade and protect our salaries by considering other revenue making alternatives that will not affect the food on our tables.

County employees contribute vital services this county and have continuously stood by our elected officials. Now it's time for you to stand up for us by doing what you promised..... Protect the people who make this county happen.

Sincerely,

T. Lillie
