Memorandum

Date: November 12, 2009

To: Honorable Chairman Dennis C. Moss  
Board of County Commissioners

From: Honorable Carlos A. Gimenez, Chairman  
Government Operations Committee

Subject: Waiver to the November 17, 2009 Board of County Commissioners Meeting

At the November 12, 2009 Health, Public Safety and Intergovernmental Committee, the committee members requested that all items heard at committees of jurisdiction regarding the State Legislative Agenda be moved forward to the November 17, 2009 Board of County Commissioners meeting. The State and Federal Legislative Agendas were bifurcated, allowing the State Agenda to move forward, due to committee meetings that have been taking place in Tallahassee as well as the rapidly approaching legislative session. I respectfully request that these items from the Government Operations Committee be waived onto the Board of County Commissioners meeting on November 17, 2009.

**092716 Report**

2010 STATE LEGISLATIVE PACKAGE (Office of Intergovernmental Affairs)

- This item is time sensitive as the package must be submitted in order to calendar the State Committee agendas in preparation for the upcoming legislative session.

Thank you for your consideration. By virtue of the signature below, this request is approved:

**Approved**

Honorable Chairman Dennis C. Moss  
Board of County Commissioners

11/12/09  
D.C.M.

- c: R.A. Cuevas, Jr. County Attorney  
Alina Hudak, Assistant County Manager

## GOVERNMENT OPERATIONS

### BUILDING CODE COMPLIANCE

**Florida Building Code/Product Approval Process:** *MONITOR* any legislative activity regarding the statewide Florida Building Code and Product Approval Process.

### CONSUMER SERVICES

**Oppose For-Hire Transportation and Ambulance Preemption:** *OPPOSE* any initiative which would impact local regulation of for-hire transportation modes regulated by Miami-Dade County, including any attempts to preempt local regulation governing limousines, SUVs or prearrangement regulations, or transfers and inheritance of taxicab medallions, or ambulance certificates.

**Oppose Preemption of Towing, Moving, Locksmith, or Motor Vehicle Repair Regulation :** *OPPOSE* any legislation which would preempt the County's ability to regulate towing, moving, motor vehicle repair and locksmith companies.

**NCIC Background Checks for For-Hire Drivers:** *SUPPORT* the creation of legislation that would allow county governments to conduct a national background check on all for-hire chauffeurs.

### ELECTIONS

**Extension of deadline for compliance with ADA Compliant Voting Equipment:** *SUPPORT* allowing Supervisors of Elections additional time to comply with the state-mandated equipment conversion from Touchscreen voting machines to paper ballots for voters with disabilities.

**Modification of Election Audit Rules:** *SUPPORT* allowing Supervisors of Elections to audit at least 1% but no more than 2% of randomly selected precincts and/or voting units in a particular election, as opposed to the current requirement of an audit of 1 to 2% of precincts only.

**Early Voting:** *SUPPORT* legislation that would allow for increased local flexibility related to early voting, including hours and sites.

**Help America Vote Act Funds:** *SUPPORT* the reimbursement of funds pursuant to federal law spent by Miami-Dade County to comply with the state-mandated voting equipment conversion to the optical scan voting system and ADA-compliant equipment.

**Executive Committeeman/Committeewoman Elections:** *SUPPORT the requirement that elections for Committeeman and Committeewoman be conducted by the applicable political party independent of county-conducted elections.*

**Community Development Districts:** *SUPPORT allowing Supervisors of Elections to conduct CDD elections via mail ballot.*

### **GSA**

**County Leases:** *SUPPORT amending Florida Statutes to give counties the authority to enter into lease agreements that have a term that is five years or less without having to competitively bid the space.*

### **SOLID WASTE**

**Renewable Energy:** *SUPPORT the preservation and enhancement of existing initiatives that support the production of "renewable" energy produced at the county's Resources Recovery Facility from the combustion of municipal solid waste.*

**Illegal Dumping:** *SUPPORT legislation that would provide for increased penalties for illegal dumping, including increasing the penalty for dumping on agriculture lands to a third degree penalty and revoking the drivers license and vehicle registration for those in violation of the Florida Litter Law. (SOLID WASTE)*

**Local Solid Waste Programs Grant Funding:** *SUPPORT reinstating funding generated from waste tire fees for illegal dumping and other solid waste programs on a pro rate basis based on the counties in which the fees are generated.*

**Waste-to-Energy Ash:** *SUPPORT funding request of \$250,000 for the development of new construction materials for the beneficial use waste-to-energy ash.*

### **WATER AND SEWER**

**Central District Wastewater Treatment Plant-HLD Facilities-Phase One:** *SUPPORT funding request of \$3,840,000.00 in order to meet the nutrient reduction requirement by the installation of facilities by 2019 to remove 60 million gallons/day of effluent flow mandated by State law and to consider modifying the Advanced Waste Treatment compliance date to provide additional flexibility in meeting the mandate.*

**Biscayne Aquifer Surface/Groundwater Model Project:** *SUPPORT funding request of \$550,000.00 in order to create a model that will adequately represent surface water flow through the canal network and contain the resolution necessary to address water resource issues at the county scale, including state-mandated water reclamation projects. The model will evaluate the impact of climate change and sea level rise on water resources and resource management for South Florida, thereby contributing directly to the Governor's climate change priorities.*

**Integrated Water, Wastewater, Reclaimed Water Master Plan:** *SUPPORT funding request in the amount of \$265,625, which amounts to 50% of the MDWASD comprehensive master planning to address water, wastewater and reclaimed water needs, the Integrated Water, Wastewater and Reclaimed Water Master Plan. This plan is critical to meeting state requirements.*

**Pump Station Optimization Program (PSOP):** *SUPPORT funding request in the amount of \$2,000,000.00 in order to comply with the requirement that MDWASD must operate its wastewater collection system so that all pumping stations have sufficient capacity to handle wet weather peak flows with the back-up pump out service, as required by State regulations.*

**Water and Wastewater Lines Under Government Cut:** *SUPPORT funding request of \$9,150,000.00 for the implementation of a 60-inch Force Main from Miami Beach to the Central District Wastewater Treatment Plant at Virginia Key and a 20-inch Potable Water Main Under Government Cut. Relocation of the force main will also make possible the installation of a reclaimed water line to deliver reclaimed water to Fisher Island and Miami Beach. The Port of Miami, as the local sponsor of the proposed Miami Harbor (Government Cut) Federal Navigation Project, intends to deepen the navigational channel to a final elevation where the existing pipelines will become exposed and in conflict with channel users, as well as pose environmental risks. As a result of the location conflicts, the replacement pipelines will need to be constructed and placed into service prior to the decommissioning of the existing pipelines. The economic benefits of these improvements will accrue to the regional and statewide economies.*

# Memorandum

Date: November 9, 2009

Supplement to  
Agenda Item No. 3(C)

To: Honorable Chairman Dennis C. Moss  
and Members, Board of County Commissioners

From: George M. Burgess  
County Manager

Subject: Ordinance amending Section 8-10 of the Code; requiring proof of notice to Homeowner Associations

---

The proposed ordinance amending Section 8-10 of the Miami-Dade County Code requiring proof of notice to a homeowner association for certain exterior building permits, will have no fiscal impact on Miami-Dade County.

# Memorandum

Date: November 9, 2009

GO  
Supplement to  
Agenda Item No. 3D

To: Honorable Chairman Dennis C. Moss  
and Members, Board of County Commissioners

From: George M. Burgess  
County Manager

Subject: Ordinance amending Chapter 20 Article IV and Chapter 33 Article XXXVI of the Code;  
providing for appointment of Community Council positions

The proposed amendment pertaining to Community Councils providing for the appointment of all council positions rather than the election of certain positions and modifying the number of Community Councils to no more than four will result in a positive fiscal impact to Miami-Dade County.

### Elections

Presently, Community Council Member elections are held each even-numbered year in conjunction with state primary elections. Removing this contest from the ballot would save Miami-Dade County approximately \$20,000 every two years. The bulk of the estimate represents personnel costs associated with assisting candidates prior to and during the qualifying period, accepting and auditing campaign reports, and responding to general candidate inquiries. There are also marginal costs associated with ballot creation and certified mail sent to candidates.

The savings could be significantly greater if the elimination of the Community Council elections shortens the ballot by a page. A one-page reduction to printing and postage costs would save approximately \$345,000, bringing the total possible savings to approximately \$365,000.

### Planning and Zoning

The reduction in the number of Community Councils to no more than four will yield an increase in the number of applications per board, per agenda. However, it is anticipated that there will be an overall net decrease in the number of meetings per year. This reduction would yield a net savings of approximately \$112,000 in proprietary revenue. These savings do not include indirect costs associated with job basis employees. In addition, the Adopted 2009-10 Budget includes the elimination of support for the non-zoning Community Council meetings and the elimination of four positions, a savings of \$426,000.
