111579 **Report**

REPORT RE: INFORMATION FOR THE 1ST BUDGET
HEARING

FINAL OFFICIAL

Report: Chairman Moss recognized the Miami-Dade County Property Appraiser. He also recognized Miami-Dade County Mayor Carlos Alvarez for any opening remarks, followed by Commissioner Sorenson, Chair, Budget Planning and Sustainability Committee; commissioners; County Manager Burgess; elected officials; and the public.

Mayor Alvarez noted he would reserve his comments until after the public hearing.

Commissioners Sorenson, Sosa, Edmonson, Jordan, Rolle, Souto, Martinez, Heyman, Gimenez and Diaz yielded their time to the public.

Chairman Moss announced the Bottega Grill Café on the ground floor of the Stephen P. Clark Government Center building would be open; and Metrorail and Metromover services would be extended if the hearing ended after midnight. He noted Metrorail parking facilities would remain open, and a northbound and southbound train would be waiting at the Government Center Station to provide service after adjournment of the budget hearing.

Chairman Moss recognized the following elected officials:

Mayor Julio Robaina, City of Hialeah, noted last year the County Commission set the example to hold the line flat and not increase taxes, and he asked that the Commission continue holding the line flat to allow the community to recover and provide relief to businesses and residents.

Ms. Peggy Brodeur, Community Council 12, noted other communities were experiencing similar problems as Miami-Dade County but were holding the line. She expressed concern about the County lowering its bond rating and adding additional debt. Ms. Brodeur asked the Commission to exert leadership and not increase taxes.

Former County Commissioner Betty Ferguson expressed concern regarding the proposal to dismantle the Office of Community and Economic Development (OCED) and to merge portions with other departments. She said it was her understanding that OCED was completely federally funded and this proposal was highly suspicious if not illegal. Commissioner Ferguson noted the community's perception of the County playing shell games with federal dollars intended for minority communities was very strong.

Commissioner Ferguson asked that the North Corridor Metrorail project be revived and completed to fulfill a promise made over 20 years ago.

Commissioner Ferguson spoke in support of the North Dade Community Development Federal Credit Union, the Opa locka Youth Co-op, and the Joann Harris Musical Arts Afterschool Program.

Commissioner Dorothy "Dotty" Johnson, City of Opa-locka, noted the community was disappointed regarding lack of funds for the North Corridor Metrorail project. Speaking as Chair of the Historic Hampton House Community Trust, Commissioner Johnson urged the Commission to reconsider funding for Hampton House. As a member of the Community Action Agency Board of Directors, Commissioner Johnson expressed concern regarding the proposal to dismantle the Head Start program, and urged the Commission to consider allocating operating funds to CAA which would allow them to pursue other federal monies that might be available.

Chairman Moss acknowledged Ms. Claudine Sada, whom he noted would be retiring on September 17, 2010. He said Ms. Sada was the County's first Creole interpreter and assisted in writing the State of Florida's interpreter's examination book.

Chairman Moss closed the public hearing after no other persons appeared wishing to speak. He noted the first Committee of the Whole meeting regarding the proposed budget was scheduled for Wednesday, September 15, 2010, and subsequent days if needed.

Mayor Alvarez noted almost \$55 million less in property taxes would be collected next year (FY 2011-12) based on the FY 2010-11 proposed budget; and County government would operate with less dollars and a reduced workforce while trying to maintain services. He said the proposed budget closed a gap of more than \$400 million and reminded the Commission that the County would have closed more than \$1 billion in budget gaps during the past four budget cycles upon approval of this budget. Mayor Alvarez noted this was a thoughtful, responsible proposal which considered the priorities, needs and desires of the community. He advised the Commission that layoffs, reassignments, departmental consolidations, pay and benefit concessions, service reductions and millage rate adjustments were incorporated within this proposed budget. Mayor Alvarez noted that unprecedented union concessions produced savings of approximately \$224 million. He said that the salary base was permanently reset and that the stage was set for a new round of collective bargaining negotiations.

Mayor Alvarez said the County was operating more libraries, fire stations, weekday transit routes; and serving more registered voters. He noted the 3-1-1 Answer Center, which was non-existent five years ago, was established; a reduction in crime; water conservation and additional waste recycling; and transformation of the Airport and Seaport through unprecedented infrastructure improvements. Mayor Alvarez said public safety remained a high priority and there were no layoffs of sworn police officers, fire fighters,

FINAL OFFICIAL

fire rescue personnel, or correctional officers in the proposed budget. He pointed out that services for seniors, children and veterans were preserved; that parks and pools would remain open; that libraries and cultural facilities would continue to operate with some schedule reductions; that the 3-1-1 Answer Center would continue to take millions of calls; that the public transit system would be funded; and that voter-approved bond proceeds would be used for infrastructure improvements with lower labor and materials costs and stimulating job growth.

Mayor Alvarez said the Administration worked diligently to mitigate the impact on residents, and that many of the proposed reductions were hard to see. He noted proposed reductions in facilities maintenance, administration support, staff overtime, and overhead. Mayor Alvarez said internal service functions, including the Departments of Human Resources, Finance and Procurement Management would be impacted. He noted the Enterprise Technology Services Department had renegotiated contracts and the Information Technology functions were being consolidated. Mayor Alvarez said every park and library would remain open; however park maintenance and library hours would be reduced. The five regional libraries and Main Library would be closed on Sundays from 1:00 p.m. to 5:00 p.m., while branches would open later and close earlier through a single shift, noted Mayor Alvarez. He said full funding for community based organizations (CBOs) would continue through April 2011 when a new, competitive solicitation process would occur. Mayor Alvarez noted that the very best CBOs could actually receive increased funding; however, the overall CBO funding was reduced by 25 percent; that cultural groups would be funded at 75 percent, excluding the major organizations. Mayor Alvarez said approximately 1,200 County positions were slated for elimination, of which 600 positions (50 percent) were filled. He noted this would result in a total workforce of slightly more than 27,000 and the last time the workforce was at that level was in the late 1990s.

Mayor Alvarez pointed out that there was no typical case and that the proposed budget would impact people differently, depending on the location of the property, when the property was purchased, and whether the property was residential or commercial. He said the County would work with less revenue; however, direct services would remain intact. He noted that he believed the reductions that would have resulted from a flat millage rate were too steep and would have required the layoff of hundreds of police, fire and correctional officers, which was unacceptable to him. Mayor Alvarez said the County was a large, diverse organization that offered a wide array of programs and services across a very large geographic area to a diverse population. He requested that Commissioners leave their options open.

Commissioner Sorenson noted while many speakers indicated their willingness to pay for various County services, some believed their proposed taxes were too high, presumably, mostly long term homesteaded property owners. She said she was prepared to increase the millage; however, the proposed rollback rate maintained core services while lowering taxes for a majority of property owners. Commissioner Sorenson noted she would support the proposed rates that were ratified by the County Commission in July 2010.

Commissioner Gimenez noted his position that the union contracts should have included an open third year and not have included restoring items that would have balanced this year's (FY 2010-11) budget. He said he was opposed to increasing personnel costs when less revenue was expected.

FINAL OFFICIAL

Commissioner Gimenez noted he was intrigued by the Commission Auditor's memorandum regarding span of control; the number of supervisors versus rank and file within the various departments; and he would examine these issues closer.

Commissioner Heyman questioned whether the public was receiving the best value for the dollar, noting it was her opinion that the County could do better. She said she did not support last year's (FY 2009-10) budget because she believed that not enough was done to take from the top and that too many supervisory staff existed at the expense of hands on service providers. Commissioner Heyman expressed concerns about next year's (FY 2011-12) budget when Fire Rescue will be using \$17 million of its reserves to balance this year's (FY 2010-11) budget; and funding the Guardian Ad Litem program at its mandated two positions. She noted her support for the proposed rollback rate while the Commission tried to address the reality of the bad economy, property values and taxes. Commissioner Heyman said she believed the County had a great return for the services provided and its employees performed a great job.

In response to Commissioner Martinez' inquiry regarding the impact on the second budget hearing by supporting the proposed rollback rate, County Attorney Cuevas noted that the established rate would provide the ceiling for the second budget hearing.

Commissioner Martinez noted he supported Agenda Item E, as it would generate jobs; provided it was bifurcated. He questioned whether this was the appropriate time to facilitate the establishment of a Fire fee and to place \$17 million for the Library District in a reserve account, pursuant to the County Manager's memorandum dated September 13, 2010. He also questioned the proposal to transfer the Office of Community Advocacy to the County Commission and whether its \$728,000 budget, which included a \$680,000 salary expense for five positions, was sufficient to support this Department. Commissioner Martinez expressed concern regarding Agenda Item F, regarding implementing the park fee schedule, including proposed parking fees at parks, and increased water usage fees. He referenced the Commission Auditor's report, noting concern that some departments had relatively low supervisor to employee ratios of 1:1 to 1:5. He noted that while funding cuts could be made, the proposed recommendations might not be the right approach.

Commissioner Souto noted the unemployment rate averaged 12 to 13 percent and in some industries such as construction, was probably 25 percent or higher. He pointed out that foreclosure rates in Miami-Dade County were one of the highest in the nation and that many people were suffering. Commissioner Souto said people were upset about the proposed tax increase and spoke in opposition to additional fees and taxes. He expressed concerns regarding the proposed parking fee at parks; the possible outsourcing of the Dade County Auditorium; the proposed water fee increase; and the high salaries for some County Administrators. Commissioner Souto recommended continued funding for the Community Periodical Program and the County television channel's programming.

Commissioner Rolle questioned the impact on the proposed budget if OCED remained intact. He also asked about the impact of the proposed budget on parks located in Commission District 2. Commissioner Rolle requested additional information regarding the Head Start program; inquired about the status of capital improvement projects slated for District 2; and expressed

FINAL OFFICIAL

concern regarding the complex being built on 82nd Street and 7th Avenue to house a police station, library and a proposed Community Action Agency Head Start Administration building. He noted this project represented approximately \$17 million; however, the prime contractor, Skyline, had not hired area residents. Commissioner Rolle said telephone calls and e-mails to the General Services Administration regarding this issue had proven futile. He also expressed concern regarding the lack of street lighting on 22nd Avenue, and on 71st Street.

County Manager Burgess noted he would meet with Commissioner Rolle to discuss these issues.

Commissioner Jordan said that although the community overwhelmingly supported the rollback rate, the County Commission needed to be compassionate towards people who were struggling to make ends meet. She noted if the Commission were to make certain restorations, they must then decide where cuts would be made to get the money and who would be impacted by those cuts.

Commissioner Jordan said she was very moved by arguments in support of CBOs and the presentation by representatives of the Guardian Ad Litem Program. She expressed support for the Greater Miami Service Corp, noting the Corp assisted young people who potentially could be transformed from tax users to taxpayers. Commissioner Jordan also expressed support for Head Start, and noted she believed assistance could be provided to Head Start to prevent it from being burdensome to the County.

Commissioner Jordan expressed concern regarding the Small Business Development Department (SBD) which had been responsible for the wage theft program in the last several months. She noted the drastic staff reduction over the past three years from over 100 to less than 30 people. Commissioner Jordan pointed out the SBD was now responsible for monitoring functions and was formerly responsible for certification review. She expressed concern regarding the certification issue and noted this needed to be addressed.

Commissioner Jordan noted she would defer her comments regarding CDBG and acquiesce to Commissioner Edmonson, Chair of the Housing and Community Development Committee.

Commissioner Jordan noted her vote should not be taken for granted.

Commissioner Edmonson expressed concern regarding the dilapidated state of the Hampton House; a County-owned historical building, located in Commission District 3, and noted she would discuss this issue further between now and the next Budget Hearing. She spoke in support of providing assistance to the Greater Miami Service Corp.

Commissioner Edmonson expressed concern regarding the proposed dismantling of the Department of Housing and Community Development (HCD), noting this Department assisted in economic development and projects that created jobs. Commissioner Edmonson said the concept behind CDBG, HOME, SHIP and Surtax programs was for local governments to meet local priorities in addressing development, housing, economic development, economic infrastructure and low-income needs; and to prevent slum and blight. She noted one of the justifications for dismantling the HCD was due to dwindling, traditional funding sources; however, over the past year, federal CDBG allocations and HOME allocations increased by \$300 million, and

FINAL OFFICIAL

approximately \$400 million respectively nationally. Commissioner Edmonson expressed concern regarding the administration of these programs through another department, as this would make the process burdensome to users, and questioned whether the Commission was allowing the Administration to establish County policies. Commissioner Edmonson noted that the Urban Revitalization Task Force Department was reduced to one or two positions over the past five or six years; that the former Office of Community and Economic Development was reduced to less than 20 staff; and that the Administration was now recommending creation of a new department to coordinate the County's economic development policy.

Commissioner Edmonson said she was convinced that making additional reductions to the Small Business Development Department (SBD) was not prudent and believed the County's focus should be on increasing its support of small businesses in order to stimulate the local economy. She noted that the Commission was sending a message to the community that small businesses were not important by proposing to decrease staff and making cuts in procurement staff conducting certification reviews. Commissioner Edmonson noted that departments should consist of all economic development entities, including Housing and Community Development, Small Business Development, and the County's economist, in order to administer federal and state programs and to adhere to the Commission's countywide economic development policy directives. She noted she could not support staff reduction or dismantling of a Department that had been the cornerstone of development in this County, and believed this Department should be supported by the County and supplemented by federal and state revenue streams while maintaining the integrity of small businesses and economic development in this County.

Commissioner Edmonson said she would like to make a motion that the Office of Strategic Business Management, in conjunction with the Commission Auditor, and the County Attorney, be directed to provide alternative recommendations to the Mayor and the County Commission on how to best maintain such functions under one department. Also, these recommendations should be received with sufficient time for them to be considered by the Commission at the next Committee of the Whole meeting. Commissioner Edmonson noted in the event that this issue was not addressed by staff before the next budget hearing, she intended to make a motion at that meeting, that funds related to HCD's functions, programs and employees be appropriated in the amount set forth in the proposed budget, subject to the Mayor re-establishing the HCD or creating a comparable department to perform the functions previously carried out by HCD.

Pursuant to Chairman Moss' recommendation, Commissioner Edmonson directed the Commission Auditor to develop alternative solutions, in conjunction with the County Attorney, for further discussion at the Committee of the Whole meeting. Commissioner Edmonson noted she would delay her motion until the appropriate time.

Commissioner Seijas noted that she was aware of the issues facing CHI and was hopeful that these issues could be addressed through the Public Health Trust budget. She expressed support for Switchboard of Miami; however, noted concern that the Children's Trust was paying Switchboard of Miami for 2-1-1 call service rather than providing this information through its own number and freeing up resources for other budget requirements. Commissioner Seijas said she also believed the Children's Trust should cease its many advertisements, fairs, and television and radio events, considering

FINAL OFFICIAL

the cost and the public's concern regarding the proposed property tax increase. She commented on the Children's Psychiatric Center; and spoke in support of the Head Start program. Commissioner Seijas noted that cultural arts programs needed to receive continued funding.

Commissioner Seijas asked the County Manager to review the recommendation regarding the liaison for contractor fraud and to consider recommending funding for more than two staff persons for the Guardian Ad Litem program.

Commissioner Seijas said she would defer her opinion regarding employee salaries pending an initial recommendation by the Compensation and Benefits Review Committee (CBRC) in March/April 2011 regarding this issue. She noted the Vice-Provost of Human Resources, Miami-Dade College, was selected as Chair of the CBRC.

Commissioner Barreiro asked that the following issues be addressed by the County Manager: restoration of arts funding at 100 percent; restoration of CBO funding for children and elderly; treating the Miami Children's Museum in the same manner as the other major museums pursuant to the Commission's vote taken on October 13, 2009; and further review of the proposed merger of the Department of Building and Neighborhood Compliance and the Building Code Compliance Office. Commissioner Barreiro said he did not believe it was the appropriate time for this merger and would discuss additional issues with the County Manager before the Second Budget Hearing on September 23, 2010.

Commissioner Sosa said preservation of direct services to the community was one of her main priorities. She spoke in support of funding for the Community Periodical Program; Hampton House; Farm Share; cultural arts programs; Head Start program; Mom and Pop program; and the 4-H. Commissioner Sosa emphasized the importance of responding to her District's needs, and noted she would not support a tax increase.

Responding to Commissioner Sosa's inquiry regarding the number of people who would be affected by a tax increase based on the State formula, County Manager Burgess said approximately 60 to 65 percent of all residential or commercial property owners would experience a decrease in property taxes, while 35 percent would experience an increase. He noted 60 percent of residential property owners with homestead exemption would experience a tax increase, while 40 percent would experience a decrease.

Commissioner Sosa said County Manager Burgess' response was her rationale for not supporting the proposed tax rollback rate. She noted she would have preferred the Commission to consider the possibility of a flat rate; however, this was not the consensus.

Commissioner Sorenson concurred with maintaining the Head Start program. She expressed concern regarding the recommendations pertaining to the Office of Sustainability; the Juvenile Assessment Counselor positions; the Guardian Ad Litem positions; and the parks' programming, maintenance, and parking fees. Commissioner Sorenson spoke in support of restoring arts program funding; preserving the Illegal Dumping Enforcement Unit; restoring some positions in Planning; and restoring the County Attorney's Office to 100 percent. She also emphasized the importance of CHI for the South Dade community.

FINAL OFFICIAL

Commissioner Sorenson recommended commissioners consider making cuts to their office budgets. She also recommended the County Commission examine the Commission Auditor's budget, which had doubled since 2005, to determine any potential duplication of service.

Commissioner Diaz commended the Administration's efforts to present a balanced budget. He noted citizens in Commission District 12 were opposed to a tax increase and the economic situation was very difficult. Commissioner Diaz said jobs were not available for young college graduates and job creation was the key issue facing this County. He noted that while he would maintain his commitment not to increase taxes, many issues needed to be addressed. Commissioner Diaz said many good CBOs such as Head Start, Farm Share, 4-H, Switchboard of Miami, and arts organizations positively impacted the economy. He pointed out that 60 percent of homes would have received property tax increases with a flat rate due to the 2.7 millage increase in the Commercial Business and Industrial areas. Commissioner Diaz noted that police officers and fire fighters provided outstanding, vital services to the community and that their pensions should be considered a priority.

Chairman Moss urged Commission members to hold the line on the proposed millage rate and make decisions at the final budget hearing on September 23, 2010. He encouraged the Commission to support the Mayor's recommendation.

Chairman Moss commented and/or expressed concerns as follows:

- ~the proposed 25 percent funding cut to CBOs for FY 2010-10 after a 30 percent cut in FY 2009-10. He noted very little funding was being allocated to the poorest neighborhoods in Commission District 9;
- ~the proposed cuts to CHI by the Public Health Trust (PHT) were unreasonable and should be reversed. He noted he would be looking at issues regarding the International Non-Profit organization and the Medicaid contract when the Commission discussed the PHT's budget;
- ~the proposal to dismantle the Housing and Community Development Department was unacceptable and very limited funding was currently being allocated to District 9;
- ~the recommendation that children's funding was targeted to children between the ages of zero and five;
- ~the treatment of Florida City differently than the other emergency housing developments in the County;
- ~the lack of Small Business Development Department resources to assist small, minority businesses;
- ~the maintaining of a strong Head Start program;
- ~the impact of the proposed budget on parks in District 9;
- ~the need to address District 9 capital projects; and
- ~the provision of resources for the Miami Military Museum similar to what was provided to the facility in Miami Springs and to the Glenn Curtis Mansion, a historic building at Miami Metrozoo.

Chairman Moss spoke in support of the recommendation not to lay off sworn police officers and fire fighters.

Chairman Moss noted he wanted to ensure that the needs of District 9 citizens would be addressed by whatever budget was approved.

Upon conclusion of the foregoing discussion, the Commission proceeded to vote on the proposed budget ordinances.

Memorandum

Date: September 13, 2010

To: Honorable Chairman Dennis Moss
and Members, Board of County Commissioners

From: George M. B...
County Manager 

Subject: Information for First Budget Hearing – FY 2010-11 Proposed Budget

This report accompanies the FY 2010-11 Budget Ordinances for your consideration at the first budget hearing on September 13, 2010. This document details all adjustments the Administration believes are necessary from what was included in the FY 2010-11 Proposed Budget, as well as making recommendations for other adjustments you may consider. The total value of all adjustments contained in this document is \$15.550 million and is composed of the \$17.147 million associated with the increased millage rate set by the Board for the Library System, \$20.501 million in decreased ad valorem revenues resulting from Value Adjustment Board adjustments to the 2009 property tax roll, and overall increases of \$10.711 million in grants and other proprietary revenues. This represents three tenths of one percent of the Proposed Operating Budget of \$4.715 billion. The Public Health Trust adjustments total \$242 million.

The Proposed Budget based on the July 1 tax roll was released on July 7, 2010. Subsequently, the Property Appraiser, as stipulated by State Statute, advertised the tentative millage rates as approved by the Board on July 20, 2010. The Countywide, UMSA, Fire Rescue Service District, and Library System tentative millage rates are 5.4275, 2.2980, 2.5753, and 0.35 mills, respectively. The attached ordinances reflect the revenues generated by the proposed millage rates. Pursuant to State law, the tentative millage rates approved at the first budget hearing cannot be higher than those established in July without re-noticing all property owners and cannot be increased at the second hearing.

The ordinances also incorporate technical changes and adjustments, corrections of scriveners' errors, corrections of appropriation posting errors, and current estimates of grants for agencies and departments. Cash carryover for proprietary funds have been adjusted where appropriate. In addition, Attachment A is the revised Operating Budget, Countywide, and UMSA Revenue Summary Charts released as part of the Proposed Budget document with corrections to the figures for property tax and revenue proprietary/other revenues, a portion of which was misclassified. This was strictly a presentation issue which does not affect the estimated budgeted revenues.

It is recommended that various code requirements, and/or resolutions be amended including: repealing and replacing Sections 2-1501 through 2-1506 related to the Office of Economic Development and International Trade, repealing Sections 2-2011 through 2-2023 related to the Community Periodical Advertising Program, and waiving Section 2-11.1 (S)(2)(b) relating to the use of Lobbyist Trust Fund revenue of the Code of Miami-Dade. Changes necessary for the merger of Building Code Compliance and Building Neighborhood Compliance are also included. Legislative items recommended to be rescinded or amended are referenced in the corresponding budget ordinances and explained in more detail in this memorandum.

As you are aware, the FY 2011-12 operating budget for the Miami-Dade Fire Rescue Service District will be even more challenging than the one being recommended for the upcoming fiscal year. By the end of FY 2010-11, the Fire District would have depleted its entire \$17 million emergency contingency reserve, among other measures to avoid reducing front line fire and emergency rescue services. In order to provide maximum flexibility for the Board of County Commissioners to have alternative funding options for Fire District suppression services in the future, we will begin the statutorily required four consecutive weeks of public advertisement necessary for the Board to pass a resolution of intent to use the property tax notice and billing mechanism to collect a non-ad valorem assessment for fire protection. Passage of

Exhibit 9-13-10 2nd Budget Hearing

this resolution does not commit the Board to any specific course of action, but it will substantially reduce the potential costs of statutorily required public notice and decrease the cost associated with the collection of revenue should the Board decide to implement a non-ad valorem fire assessment. The resolution of intent will be presented to the Board in October.

As part of this year's budget development process, we held 55 departmental resource allocation meetings and, as required under Ordinance 07-45, two Revenue Estimating Conferences, all of which were publicly noticed meetings. We also held 15 public meetings throughout the County on August 3, 4, 30, and 31 and September 1, pursuant to R-1018-94, to discuss tax rates and fee changes (Attachment B is a copy of the advertisements for these meetings). We also have and will continue to respond to numerous letters, e-mails, and phone calls from the public with questions about the budget. Between the first and second budget hearings, the Mayor and I will continue to work with you and the Commission Auditor on further refinements to the budget, as required, and adjustments will be incorporated as part of the information that will be provided to the Board for the second budget hearing on September 23, 2010.

Updated Tax Roll and Operating Reserve Adjustments

Subsequent to the release of the FY 2010-11 Proposed Budget, adjustments were made to the 2009 property tax roll that resulted in less revenues for purposes of maintaining no tax increase millage rates. These adjustments resulted in revenue losses in both Countywide and Unincorporated Municipal Service Area General Fund of \$18.558 million and \$1.943 million, respectively. The revenue gaps will be addressed through revised revenue in the General Fund, now that we have additional actual activity on which to project, and adjustments to expenditure projections for Community Redevelopment Agency (CRA) tax increment payments, the Wage/Separation/Energy Reserve, and the use of earned bond interest to make debt service payments subsidized by the General Fund. These additional interest earnings allow for a reduction to the General Fund subsidy to the Capital Outlay Reserve. In addition, on July 20, 2010, the Board approved a tentative millage rate for the Library Taxing District of 0.350 mills, 0.1027 mills above that of the proposed millage rate of 0.2473 mills, generating an additional \$17.147 million in revenues for the Library District. These funds have been placed in a reserve for future services.

The recommended operating budget adjustments total \$15.550 million and are summarized in the table above and detailed in the following paragraphs.

Animal Services (ASD)

The trust fund ordinance schedule, which was inadvertently omitted (Fund TF 600, Subfund 022, project 022111), from the original submission, will reflect \$68,000, to include \$23,000 in additional grant proceeds.

Board of County Commissioners (BCC)

Per ordinance 10-45, approved July 8, 2010, the Office of Community Advocacy has been moved under the Board of County Commissioners. As a result, the BCC's Proposed Budget is being adjusted to reflect the transfer of five positions and \$728,000 in Countywide General Fund (Fund GF 010, Subfund 010).

Building and Neighborhood Compliance

Revenues for both the Department of Building and Neighborhood Compliance and the Building Code Compliance Office have seen significant reductions this past year and are projected to continue to decrease. By merging the departments, the County has been able to gain efficiencies in administration that have been used to minimize reductions to direct service positions, resulting from revenue constraints. Furthermore, although the County continued with a separate Building Code Compliance Office, the adoption of statewide Florida Building Code (FBC) in 2002, which re-assigned responsibility for local building codes from local governments to the Florida Building Commission, no longer necessitated maintaining a separate department.

Office of Economic Development and International Trade (OEDIT) and Community Action Agency (CAA)

To effectuate the changes associated with the creation of the Office of Economic Development and International Trade Consortium as indicated in the Proposed Budget, the accompanying ordinances incorporate the required code changes to achieve the goals set for OEDIT. It revises the Office's role to include the coordination, integration, and support of Miami-Dade County's various economic development initiatives/activities that can lead to increased economic development opportunities and job creation; creates and establishes a new advisory board that replaces the International Trade Consortium Board; OEDIT staff will now report to the Mayor and the Executive Director will be appointed by the Mayor; and other changes to the composition, qualifications, and tenure of the new Advisory Board.

The FY 2010-11 Proposed Budget recommends transferring the Federal Empowerment Zone Program (EZ) from the Department of Housing and Community Development (DHCD) to OEDIT. However, after further consideration, we believe that the CAA will provide stronger administrative support for the Federal Empowerment Zone Program, which ended on July 2, 2010. In order to better support the close out of the Empowerment Zone program, we recommend transferring one position from OEDIT to CAA, reinstating one position from the DHCD to further support this function in CAA, and correspondingly transferring miscellaneous revenues totaling \$318,000 from OEDIT to CAA. We expect this activity and the position support for EZ efforts to be required for only a portion of the fiscal year.

The Proposed Budget adjustment for Head Start, due to the reduction in service days, did not accurately allocate savings between personnel and other operating costs. The correct allocation reduces CAA's personnel costs by \$6.169 million and increases its other operating costs by \$6.169 million.

Convention and Development Tax (CDT)

As a result of debt service payment adjustments and reduced incremental revenue occurring from the Omni CRA, the CDT ordinance schedule needs to be adjusted to reflect an increased debt service payment obligation of \$840,000 from \$22.947 million to \$23.787 million. To offset this adjustment a corresponding \$840,000 is being reduced from the Performing Arts Center Trust Operating Subsidy from \$1.916 million to \$1.076 million. As a result of this reduction, projects in the Center's capital plan may be delayed.

Corrections and Rehabilitation (C&R)

As part of the continuing effort to support and retain employees, the Corrections and Rehabilitation Department will establish an in-house fitness/wellness center in the Department to provide employees with proper physical training, conditioning, maintenance and nutritional instruction, and to supplement the recently established employee's crisis intervention and psychological services. This center, to be

created at the Turner Guilford Knight Correctional Center, will operate seven days a week from 6:00 am to 9:00 pm, and will be staffed by the Miami-Dade Training Institute. The initial cost for the refurbishing of the training area and the acquisition of equipment is estimated at \$325,000. The center will be operated by reinstating three positions (\$198,000) earmarked to be deleted from Miami-Dade Police Department (one MDPD Wellness Program Supervisor and two MDPD Wellness Program Specialists). Funds for this program will be provided by savings in the C&R budget in the current year and included in the MDPD budget for next year.

Finance

Subsequent to the release of the Proposed Budget, the Finance Department received notification of additional collections accounts being referred to Credit and Collections Division from the Department of Solid Waste Management and Jackson Health Systems. As a result of these additional placements, revenue will increase by \$200,000 and three positions will be restored. Based on actual workload activity, additional positions may be required.

Human Services (DHS)

Subsequent to the release of the Proposed Budget, an additional \$1.5 million in grant funding was received from the Early Learning Coalition of Miami-Dade/Monroe. This additional funding will allow the Department to serve the same number of children as in FY 2009-10. Also, an additional \$2.258 million in grant funding was received from the Early Learning Coalition of Miami-Dade/Monroe to accommodate the anticipated demand for Voluntary Pre-kindergarten (VPK) services. It is expected that an additional 3,140 children will be served for a total of approximately 21,500 children during the 2010-2011 program year. The Inclusion/Assessment program, which was previously administered by DHS in the 2009-2010 Program Year, has now been awarded to outside agencies. Funding for the Inclusion/Assessment program will remain in the grant allocation, but DHS will pass the funds to the awarded agencies. The loss of the Inclusion/Assessment program from the DHS scope of services, combined with a decrease of \$258,000 allowed for administrative expenses, requires the elimination of 11 full-time positions.

Juvenile Services

Subsequent to the release of the FY 2010-11 Proposed Budget, it was determined two positions supporting the Guardian Ad Litem program should be restored consistent with County obligations delineated by Article V of the State Constitution (\$158,000) to support 64 state funded positions. In addition, an adjustment is needed to appropriately reflect final bargaining agreement salary provisions (\$30,000) and a correction is needed to reflect the elimination of one Juvenile Assessment Counselor from the Clinical Assessment and Diversion Services Division not shown in the Proposed Budget.

Library

As tentatively adopted by the Board on July 20, 2010, the increase in the Library System millage generates an additional \$17.147 million in revenues. As indicated above, these funds have been placed in a reserve for future services. The Board may choose to act in a number of ways, including reducing the millage rate back to the proposed 0.2473 and consequently adopting the proposed service levels. Should the Board choose to approve the 0.35 millage rate, the Board may use the reserved funds to increase Library services, including the restoration of both Sunday hours and six days of service at non-regional libraries (60 full-time positions and \$4.325 million), two hours of service system-wide (150 part-time positions and \$1.802 million), and restoring all other support services, outreach services, maintenance projects, and other operating costs (25 full-time positions, 73 part-time positions, and \$9.331 million), and moving the remaining \$1.689 million into reserves or any combination of the above, balanced by millage reductions or reserve increases.

Medical Examiner

The Proposed Budget for the Medical Examiner needs to be revised to correct a duplication of proprietary revenue (\$180,000) that was incorporated as part of the Proposed Budget and to appropriately reflect salaries and fringes that were underestimated by \$180,000. As a result, the

Countywide General Fund subsidy to the department needs to be increased by \$360,000 (Fund SO 110, Subfund 113).

Police (MDPD)

Subsequent to the release of the Proposed Budget, it was determined that the Miami-Dade Police Department will handle activities related to the collection of off-duty payments. The total net savings from performing this function in-house is \$205,000 which will be reduced from the department's General Fund subsidy and reflected as proprietary revenue. MDPD will restore four civilian positions assigned to the Metropolitan Training Institute's Video Services Section (\$426,000) to be funded by delaying the start date of the scheduled police class.

Public Health Trust (PHT)

The Public Health Trust board at its August 23, 2010 meeting recommended an operating budget of \$1.975 billion, which represents an increase of \$242 million from the Proposed Budget. The PHT also recommended a capital budget of \$191.634 million, an increase of \$97.054 million from the Proposed Budget. A detailed explanation is provided in the attached memorandum (Attachment C). A more detailed budget presentation has been provided to you under separate cover.

Public Works

As noted in the FY 2010-11 Proposed Budget, an updated budget has been completed for the Special Taxing Districts. The revised budget reflects a net decrease of \$503,443 (Fund SO 900, Subfunds 901, 905, and 906). In addition, the Department's ordinance schedule (Fund ER 430) requires a correction to appropriately reflect a transfer of \$789,000 to the Causeway Capital Fund (Fund ER 431) and a corresponding reduction of \$789,000 in reserve for future projects.

Seaport

The Seaport budget will be adjusted by \$460,000 in cruise revenue as a result of the approved Amendment 1 to the Cruise Terminal Agreement between Carnival Corporation and Miami-Dade County effective October 1, 2010. Accordingly, operating expenses will be increased to pay for additional dedicated audit services (\$220,000) and to cover for Port clean-up activities (\$35,000). Non-operating expenses will be increased by \$205,000 for added promotional funds. Additional promotional events will be used for several events including the 2011 International Longshoreman Association convention being held in South Florida (\$40,000), AAPA Latin American Ports Delegation (\$20,000), and the 2011 Florida Forum meeting (\$7,500). Increased funding will be provided World Trade Center (\$12,500) and the Greater Miami Convention and Visitor's Bureau (\$125,000) for a pass-through marketing campaign.

Aviation

A revised budget for the Aviation Department approved by the Miami Airport Affairs Committee (MAAC), reflects an increase of \$5.701 million. The revised budget reflects a revenue reduction of \$20.253 million in aviation fees, decreased rental revenues (\$9.880 million), decreased cash carryover (\$74,000), increased commercial operations revenues (\$18.246 million), an increased transfer from the improvement fund of \$17.5 million, and an increase of \$162,000 in other miscellaneous revenues. The landing fee rate, currently at \$1.92 per 1,000 pound unit in FY 2009-10 will remain the same in FY 2010-11. Airline cost per enplaned passenger, currently at \$17.81 in FY 2009-10 will increase by \$2.08 to an estimated enplaned passenger cost of \$19.89 in FY 2010-11, but reflects a decrease of \$2.06 per enplaned passenger from the recommended \$21.95 enplaned passenger cost in the FY 2010-11 Proposed Budget.

Miami-Dade Aviation Department Revenue Reconciliation:

Description	Amount (\$ in 000's)
FY 2010-11 Proposed Revenues	\$752,284
Reduction in Aviation Fees and Charges	-20,253
Reduction in Rental Revenue	-9,880
Increase in Commercial Operations	18,246
Reduction in Cash Carryover	-74
Increase Other Miscellaneous Revenues	162
Increase Transfer from Improvement Fund	17,500
FY 2010-11 Revised Proposed Revenues	\$757,985

Departmental expenditures will be adjusted a corresponding \$5.701 million to \$757.985 million. This is comprised of a net decrease of \$2.660 million in operating expenditures and a net increase in non-operating expenditures of \$8.361 million.

Operational expenditure adjustments include an increase of salaries by \$450,000 to reflect a reduction of six administrative positions and an increase of 12 positions required to maintain the Airport Automated people mover system in house in lieu of using an outside contractor. An increase of \$48.032 million in other operating expenditures is being programmed for the Maintenance and Operations of the North Terminal Train, Phase 1 and Phase 2 Energy Performance Contracts, and the Black Box Contract. Additional adjustments to other operating expenses include a decrease in Administration Support and outside Management Agreements by \$11.142 million, to reflect a revised projection estimates in the current fiscal year.

Miami Dade Aviation Department Operating Expenditure Reconciliation:

Description	Amount (\$ in 000's)
FY 2010-11 Proposed Operating Expenditures	\$402,109
Reduction of Salaries	450
Increase of Other Operating	8,032
Decrease of Other Operating (Administration Support and Outside Agreements)	-11,142
FY 2010-11 Revised Operating Expenses	\$399,449

Non-operational expenditure adjustments reflect a decrease of \$399,000 in cash reserves, a decreased transfer of \$73,000 to the Improvement Reserve Fund, increased transfer of \$3.858 million to the debt service fund, and an increase of \$4.975 million transferred to the reserve maintenance fund.

Miami Dade Aviation Department Non-Operating Expenditure Reconciliation:

Description	Amount (\$ in 000's)
FY 2010-11 Proposed Non-Operational Expenditures	\$350,175
Reduction to Cash Reserve	-399
Reduction Transfer to Improvement Fund	-73
Increase Transfer to Debt Service Fund	3,858
Increase to Reserve Maintenance Fund	4,975
FY 2010-11 Revised Non-Operational Expenditures	\$358,536

Other non-operating fund changes that are primarily driven by changes in cash carryover and transfers will require an adjustment in expenditures. A decrease in expenditure authority for the Improvement Fund of \$73,000 will be required, the Reserve Maintenance Fund requires an expenditure adjustment to reflect a net increase of \$22.201 million (as a result of additional cash carryover expected by the end of FY

2009-10), and the Interest and Sinking fund will require an adjustment in expenditure authority to reflect an increase of \$3.858 million.

Promotional Funding

Attachments D and E are the reports on Airport and Seaport promotional funds as required by Administrative Order 7-32.

Community Periodical Program

As you may be aware, the FY 2010-11 Proposed Budget does not include any General Fund subsidy to the Community Periodical Program. However, proprietary departments will continue to advertise in community periodicals.

Recommended Fee Adjustments

The Board is reminded that the Self-Supporting Budget Ordinance (Agenda Item F) includes the proposed fee changes that were recommended in the FY 2010-11 Proposed Budget. Fee adjustments include, but are not limited to: Animal Services, Building and Neighborhood Compliance, Emergency Management, Library, Planning and Zoning, Miami-Dade Fire Rescue, Water and Sewer, Medical Examiner, Park and Recreation, Solid Waste, Vizcaya Museum and Garden, Seaport, and Aviation.

On August 21, 2010, the Miami-Dade Fire Rescue Department (MDFR) held a grand opening ceremony for the new MDFR Training Center located in Doral. This state of the art fire training facility contains five classrooms, an auditorium, and various structural and fire training props unique to this facility that can be utilized by national and international agencies and institutions to produce revenue for MDFR. The attached MDFR Training Center Facility Fee and Rental Schedule was developed by surveying comparable facility rental rates for classroom and meeting space in the Miami area. The facility is expected to generate approximately \$400,400 per year in rental revenue, to cover the center's operational expenses. Also attached is a Training Center Course fee schedule for academic classes that may be offered by MDFR. The Department will offer the courses when enrollment revenue and instructor costs justify the training activities. MDFR is still in the process of developing a tentative schedule for the sample courses listed and will have a revenue estimate available upon its completion.

Furthermore, based on contracts and interlocal agreements applicable to the Department of Solid Waste Management (DSWM), Waste disposal and landscaper coupon fees are to be adjusted following the estimated July "Consumer Price Index (CPI) South, All Urban Consumers," issued by the United States Bureau of Labor Statistics. In the FY 2010-11 Proposed Budget, no CPI increase or decrease was assumed. The actual adjustment as released on July 9, 2010, is 0.9 percent. Accordingly, it is proposed that the operating budget for the DSWM be increased to reflect this adjustment. Fund EW 470 (Collections) operating reserves are reduced \$381,000 to reflect additional disposal charges (\$399,000), partially offset by \$18,000 in additional collection revenues. Fund EW 490 (Disposal) operating reserves are increased by \$1.193 million to reflect additional disposal revenues.

Other fee adjustments are detailed in each departmental narrative included in the FY 2010-11 Proposed Resource Allocation and Multi-Year Capital Plan book, Volume 2.

CAPITAL BUDGET/CAPITAL IMPROVEMENT PLAN (CIP) UPDATES

Building Better Communities General Obligation Bond Program Adjustments

For the Building Better Communities General Obligation Bond program, the Capital Improvement Plan (CIP) will be updated, as required, for any changes that take place between the schedules shown in the Proposed and the project list that will ultimately be adopted along with the series resolution approved for the next bond sale. Information will be provided to the Board concerning the relative impact on project funding driven by the millage rate ultimately adopted.

Aviation

The FY 2010-11 Proposed CIP recommended a CIP of \$6.556 billion for the Miami-Dade Aviation Department. An additional \$45 million added to contingency requirements for closing out construction costs associated with the opening of the North Terminal Project #6339221. Associated revenues will be adjusted to reflect an increase of \$45 million to \$6.601 billion from \$6.556 billion in the Proposed Budget. The additional proceeds reflect an increase of \$1.608 million in Transportation Security Administration (TSA) grant funding and an increase of \$43.392 million from Aviation Revenue Bond proceeds.

Community Development Block Grant

The Proposed Budget recommended a 10 percent increase of \$1.736 million in Community Development Block Grant funding for County departments, from 40 to 50 percent. However, based on concerns raised at the Housing and Community Development Committee on July 14, 2010 the funding for County departments is now recommended to remain at the current year's level. The revenue loss of \$1.736 million will be partially offset by adjustments to non-departmental allocations. The Department of Human Services facility improvements project will be reduced by a net \$251,000 and the State Department of Health facility improvements by \$896,000. Park and Recreation Amelia Earhart Park facility improvements will be increased by \$270,000. See Attachment F.

Corrections and Rehabilitation

The Proposed Budget includes the consolidation of the Pretrial Detention Center (PTDC) and Turner, Guilford Knight Correctional Center (TGK) booking operations. The proposed plan requires the PTDC to assume all booking functions by no later than December 1, 2010 for a duration of one year. Although the proposed plan will achieve the projected savings, it is understood that the proposed plan may cause operational delays for police officers returning to their community patrol duties. As the Department looks into a long-term solution for centralized booking functions, it is clear that the PTDC space constraints could become an operational liability. Therefore, the renovation and modernization of the TGK rear lobby is essential to the long term success of this initiative. Once the TGK rear lobby renovation project is completed, it will provide the Department with a viable centralized open booking operation, separating the booking and reception activities of our local Law Enforcement Organizations from the Department's internal transportation requirements, which will provide expedited reception and booking activities to minimize the amount of time that law enforcement officers will spend at the facility. The Centralized Booking at the Turner Guilford Knight Correctional Center Project will be added for the Correction and Rehabilitation Department funded with departmental savings \$1 million; \$430,000 allocated for FY 2010-11 and \$570,000 in FY 2011-12 in the Capital Outlay Reserve.

GSA Overtown II and Hope VI-Scott Carver Phase II

The Capital Asset Acquisition Bond Series 2007A (Fund CB 360, Subfund 015) and the Capital Asset Acquisition Bond Series 2010 require a technical adjustment. As authorized by Resolution No. R-698-10 on July 8, 2010 amending Resolution No. R-342-07, adjustments are needed to add the acquisition of the Overtown II building (Project #116910) to the project list of the Capital Asset Acquisition Bond Series 2007 in order to utilize funds that were not necessary for the Hope VI-Scott Carver project (Project #8061811). Furthermore, Resolution No. R-698-10 includes Hope VI-Scott Carver in the project list for the Capital Asset Acquisition Bond Series 2010.

Judicial Administration

A cash flow revision to the Joseph Caleb Courthouse Project #3028110 was made to advance \$273,000 in funding from FY 2011-12 to FY 2010-11. Overall project cost remains the same. In addition, the Coral Gables Courthouse Expansion, Project #306230, was revised to reflect \$400,000 advanced in FY 2009-10 from the FY 2010-11 allocation from Capital Outlay Reserve in order to finish the courtroom expansions. A notice to proceed was issued earlier than anticipated and the project is now scheduled to be completed by May of 2011.

Public Health Trust (PHT)

Adjustments are recommended to the Public Health Trust FY 2010-11 Capital Improvement Plan (CIP) ordinance schedule to reflect the results of work performed during the summer updating projections to ongoing projects and recommended additions to the FY 2010-11 Proposed CIP for new projects. (PHT capital expenditure other than Building Better Communities General Obligation Bond PHT projects are included in the PHT ordinance schedule. For FY 2010-11, the PHT CIP is recommended to increase from \$94.58 million to \$191.634 million. The increase of \$97.054 million results from an updated projection of carryover for previously issued revenue bond proceeds and earned interest (\$29.147 million), additional interest earnings (\$350,000), additional funded depreciation/cash contribution (\$13.1 million), a JMH Foundation contribution (\$6 million), and a programmed future debt issuance (\$48.457 million). The increase will continue to fund ongoing project commitments and programmed new projects for healthcare facility improvements and equipment including medical equipment (\$56.674 million), information technology software and hardware (\$23.756 million), and life-safety/infrastructure improvements (\$16.624 million).

Public Works (PWD)

The Public Works Department has re-evaluated the project costs of the Venetian Bridge Rehabilitation, Project #605860 which increased to \$8.123 million from \$7.249 million and will be funded with savings identified from the Causeway Toll System Upgrade Project #605220 (\$312,000) and additional funding from the Florida Department of Transportation - County Incentive Grant Program (\$562,000). Additionally, PWD will add a new capital project to upgrade and retrofit existing stormwater pump stations and water control structures with a project cost of \$800,000 and will be funded as a result of lower construction costs identified from the Drainage Improvements Floral Park Project #2130 of \$800,000 in Stormwater Utility funds.

Technical Adjustments

Four projects were inadvertently marked for deletion in the proposed budget. Two are drainage improvements (SW 157 Avenue from SW 42 Street to SW 64 Street, Project #559780 and SW 72 Street to SW 80 Street from 52 to 57 Avenue, Project # 608820), the refurbishment of SW 296 Street Sonovoid Bridge over C-103 Canal, Project #603870, and the Greenways and Trails, Project #932610 (Commission District 1). Appropriate technical adjustments will reinstate the projects to active status. Project #607540, Toll Plaza Diesel Tank Removal, which was completed in prior years, has been marked for completion.

PAY PLAN

Attached is a Pay Plan that is consistent with the Proposed Budget. The Pay Plan contains updates that clarify Pay Plan language and provisions. It also includes the addition of new classifications, the abolition of obsolete classifications, and occupational code and title changes. The pay rates reflected in the Pay Plan will be administered in accordance with the provisions of the Living Wage Ordinance 99-44.

POSITION ADJUSTMENTS

In some instances, the above recommendations and correction of errors will adjust the number of positions in the FY 2010-11 Proposed Budget. The adjustments included in this memorandum increase the total number of recommended positions by 11 to 27,425. This is 1,188 positions less than authorized in FY 2009-10, more than 600 of which are vacant. Attachment G includes the Tables of Organization associated with the personnel changes.

Moving Forward

We will continue to work with the Board to address the priorities and concerns that have been identified since the release of the Proposed Budget. I am hopeful that we can work together to mitigate, to the best of our abilities, some of the most significant service impacts made necessary by our very constrained property tax revenues while ensuring the cost of our government services is as low as we can possibly make it. My staff and I are prepared to work closely with the members of the Board to develop the required adjustments which will be brought to the Board for consideration at the second budget hearing.

CRIME WATCH

Protect yourself against phony charities

BY CARMEN GONZALEZ CALDWELL

Special to The Miami Herald

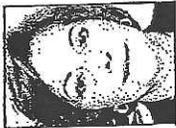

Lately, I have received a number of e-mails regarding donations to charities. As many people have fallen on hard times, charitable organizations are trying to help meet needs for food, school supplies and clothing.

We all need to be extra careful to make sure we are dealing with real charitable organizations and not phony solicitations.

Let's look at some of the techniques once again that are questionable — and in some cases, illegal:

- Prize offers: Potential donors are told that they have won a contest and are eligible for a prize — usually worthless — if they make a donation.
- Chain letters: Unsolicited appeals, usually in the form of e-mails, ask potential donors not only to contribute to an organization but also to forward the e-mail to friends and family members.
- Like-sounding names: Fraudulent charities often take names very similar to those of legitimate charities that are known and trusted by the public.

Here are ways you can prevent being a victim of

CALDWELL

registration office, Better Business Bureau or a charity watchdog group such as charitywatch.org, give.org or guidestar.org.

- Don't be fooled by a name that closely resembles the name of a respected and well-known charity.
- Ask for the charity's tax-exempt letter indicating its IRS status. You can't claim a tax-deductible donation if the charity does not have one.
- Never give cash. Make your contribution by check payable to the full name of the charity.
- Don't give out your Social Security number. A charity does not need it for

how your money will be used, such as what percentage will go to the actual programs versus the administrative and fundraising cost.

- Request written information that gives the full name, address and phone numbers of the organization, as well as a description of the programs it supports.
- Check out any charity you don't know with the local charity

you to claim a tax deduction.

Charity-related fraud should be reported to local law enforcement or the local postmaster.

The IC3 (Internet Crime Complaint Center) continues to receive reports of individuals' e-mail or social networking accounts being compromised and used in a scam to swindle consumers out of thousands of dollars.

Pretending to be the victim, the hacker uses the victim's account to send a notice to their contacts. The notice claims the victim is in immediate need of money due to being robbed of their

credit cards, passport, money and cellphone, leaving them stranded somewhere in London or some other location.

Some claim they only have a few days to pay their hotel bill and promise to reimburse upon their return home.

If you have been a victim of this type of scam or any other cybercrime, you can report it to the IC3 website at IC3.gov.

DOLPHINS CARE ABOUT HAITI

PHOTOS BY CHRIS CUTRO / FOR THE MIAMI HERALD

Center for Haitian Studies board member Daniel Filis-Alme presents the book, 'Mommy, Tell Me about Haiti,' to Miami Dolphin Ronnie Brown on July 23 after the Miami Dolphins Foundation gave \$20,000 to the center for health and social service programs in Little Haiti. In May, some Dolphins, Dolphins alumni and Sun Life Financial executives flew to Haiti to provide relief efforts following the disastrous earthquake in January. At left, Brown and Davone Bess tour some classrooms.

Lobo dice que hay garantías para retorno de Zelaya a Honduras

William Adolfo Cortez, conocido como "Wild Bill" (E), y su esposa, Jans Saau (D). Los norteamericanos, capturados el pasado lunes en el puerto hondureño de Ampetul por efectivos del Ejército de Nicaragua fueron trasladados en la dirección de Auditor Judicial de la policía en la capital nicaragüense, donde fueron presentados a la prensa. EFE

SAN SALVADOR (AFP) - El presidente de Honduras, Porfirio Lobo, dijo este viernes en San Salvador que "existen las garantías necesarias" para que el ex mandatario nicaragüense Manuel Zelaya, exiliado en República Dominicana, retorne a su país "cuando quiera".

"El (Zelaya) puede regresar cuando quiera a Honduras, creemos que existen garantías para que pueda retornar, no hay ningún problema", aseguró Lobo a periodistas.

El presidente hondureño llegó a San Salvador para asistir a un encuentro de la Organización Democrática Cristiana de América (ODCA), cuyos dirigentes lo trataron como una forma de "reconocimiento", explicó Lobo.

Lobo recordó que recientemente él se ofreció para ir a República Dominicana a buscar a Zelaya como garantía de que "pueda volver" a Honduras.

Esta es la segunda visita de Lobo a El

Lobo

Salvador esta semana, para el miércoles cumplió una visita privada para reunirse con José Luis Merino, dirigente del partido izquierdista gobernante.

Lobo dijo que la reunión con Merino fue "un intercambio de opiniones" con un "viejo amigo".

A inicios de este semana le suplicó de Zelaya, "Manera Cortez, imbróna está el Salvador" y dio a conocer una carta del ex mandatario en la que criticó la decisión de los presidentes centroamericanos, a excepción de Nicaragua, de reincorporar a Honduras al Sistema de la Integración Centroamericana.

Honduras había sido suspendido de sus foro centroamericano luego del golpe de Estado que en junio de 2009 derrocó a Zelaya, quien se exilió hace seis meses al cumplir su mandato constitucional en República Dominicana.

En esta misma carta, Zelaya dijo que Lobo "nunca le ha dado garantías de un pleno respeto a los derechos individuales" y que hay un clima "de persecución política", algo que el actual presidente descartó esta semana. En la cita de la ODCA participó brevemente el mandatario salvadoreño Mauricio Funes, a quien los líderes demócratas criticaron por haber entregado un reconocimiento "por su vocación democrática".

Presunto asesino en serie confiesa que enterró a varias víctimas en Panamá

PANAMÁ (AFP) - El presunto asesino en serie conocido como "Wild Bill", investigado en Panamá por la muerte y desaparición de al menos 10 personas, admitió haber enterrado un uno de sus presuntos a varias de sus víctimas, afirmó este viernes un fiscal panameño.

"El nos está mencionando una cosa donde probablemente se halla los restos de tres personas", agregó de las cosas de otras dos que ya habían sido encontrados por las autoridades panameñas en otra zona, dijo a la prensa el fiscal Angel Calderón.

"Lo principal es saber de cuántas personas se trata", añadió Calderón, quien dijo que la información variaba sobre las ubicaciones de los cuerpos de sus víctimas.

Este canal de televisión aseguró que en la fase concluida por "Wild Bill" en haber tres años como miembros de la familia estadounidense Brown, compuesta por Michael Brown, su esposa y dos hijos menores, desaparecidos hace tres años.

Tras el asesinato las autoridades responsabilizaron al sospechoso de haber matado a los estadounidenses Cheryl Linda Hughes y Ho Harry Isolar, cuyos restos fueron encontrados enterrados en una zona de su propiedad en la zona atlántica de Bozón del Toró, tras haber sido encontrados.

AH "Wild Bill" tenía el complejo turístico "Villa Cortez", ubicado en aguas como destino de vacaciones y de contacto con la naturaleza, que atraía a muchos extranjeros, indicó.

Según las autoridades, al sospechoso le parecían sus familiares y a muchos conocidos en el país para hacer negocios, tras lo cual los asesinaba y se quedaba con sus propiedades.

Este viernes, los fiscales iniciaron un prolongado interrogatorio a "WILDRIP", que prosiguió en las primeras horas de la noche, para saber la verdadera identidad y nacionalidad del presunto asesino, quien se hace llamar William Hubbard y dice ser estadounidense.

Chile reconoce a gobierno de Lobo y restituye a embajador

SANTIAGO (AFP) - Chile reconoció al gobierno de Porfirio Lobo en Honduras y anunció la restitución de su embajador en Tegucigalpa, retirado tras el golpe de Estado del 28 de junio de 2009, anunció el ministro chileno Alfredo Moreno.

"Hoy reconocimos que los hechos son los que Porfirio Lobo fue elegido sin elecciones libres con un 50% de los votos, y nos parece que es el gobierno que representa a Honduras", aseguró Moreno en un conferencia de prensa.

El ministro de Relaciones Exteriores de Chile, Alfredo Moreno, anunció que Chile restituirá a su embajador en Tegucigalpa, Sergio Verdugo, reemplazado por un representante de la diplomacia en Honduras contribuirá al fortalecimiento de la democracia", afirmó.

Para adoptar su decisión, Chile tomó en cuenta el informe de la Comisión de Alto Nivel de la Organización de Estados Americanos (OEA), "con el cual se constataron serias violaciones al proceso de democratización y la defensa de los derechos humanos en Honduras", explicó Moreno.

Mina de oro pone a Chinchilla en una encrucijada ambiental

La mina de oro pone a Chinchilla en una encrucijada ambiental, con las aspiraciones y el conflicto ambiental.

En un momento, anunció que no considerará una concesión a la empresa minera canadiense Inland Gold, que está lista para iniciar operaciones en el yacimiento de Chinchilla, cerca de la frontera con Nicaragua, que diversos sectores exigen prohibir.

El tema de la concesión en una zona "sensible" en las montañas de Chinchilla, que están al borde de un río, fue el tema de la semana anterior que el gobierno está facultado para otorgar el permiso de esta mina.

El ministro de Medio Ambiente y Energía, Sergio Verdugo, anunció que no considerará una concesión a la empresa minera canadiense Inland Gold, que está lista para iniciar operaciones en el yacimiento de Chinchilla, cerca de la frontera con Nicaragua, que diversos sectores exigen prohibir.

CUBA Y CARIBE

La sequía sigue afectando a Cuba a pesar de las lluvias de julio

LA HABANA (EFE) - La sequía que afecta a Cuba desde hace más de un año continúa en una situación crítica, con recursos acumulados inferiores al 50 por ciento de sus necesidades, a pesar del aumento de las lluvias en el mes de julio, informó hoy el Ministerio de Energía.

Según sus estadísticas, las precipitaciones en julio no han compensado el déficit acumulado en los recursos hídricos del país y la sequía continúa afectando a importantes sectores económicos y sociales.

El director de Recursos Hídricos del Instituto Nacional de Hidrología y Meteorología, Jorge García, dijo a Granada que "se pretenderá continuar el inicio de la recuperación del nivel de las reservas de agua".

Fidel Castro rechaza presión de EEUU para que Cuba libere a contratista

LA HABANA (AFP) - Fidel Castro rechazó el martes la presión de Estados Unidos para que Cuba libere a un contratista que acusa de espionaje, y le reclamó quitar a otros agentes de la Habana como lo hizo con una decena de rones, según un informe de la televisión local.

"Esta presión sobre la Cuba para que libere a uno que otro espía, que jamás sería torturado", dijo Castro, al rechazar a las presiones que viene haciendo para que La Habana libere al contratista Alan Gross, detenido en la isla en diciembre.

Miércoles pasado, afirmó, las autoridades cubanas mantuvieron "injustamente" en prisión a cinco agentes cubanos presos en Estados Unidos desde 1998 y condenados por espionaje en 2001.

"El hecho presidente de los Estados Unidos (...) por para haber soltado, como prometió de hacer a un mesón de agosto, que dijera que espía cubano, que espía, con 18 años, todavía preso todavía".

El líder cubano criticó de "injusticia" que los estadounidenses establecieron un precedente en prisión de los espías cubanos.

que sobre todo los tribunales de ese país", dijo Castro, quien al sábado cumplió cuatro años de haber estado el máximo a su hermano Raúl por una grave enfermedad.

Gross, ex-convicto de espionaje por el Gobierno cubano, fue detenido cuando se encontraba en Cuba preparando celulares y computadoras portátiles a grupos rebeldes, amparado por una empresa subcontratada por el Departamento de Estado.

La secretaria de Estado, Hillary Clinton, anunció que su país seguirá tratando "bajo los estándares" para permitir por la liberación del contratista de 40 años, un hecho que ha distanciado a los países que parecen de relaciones normales con Cuba.

Cuba, por su parte, recibió la llamada por la liberación de sus cinco agentes, quienes sostienen vínculos a anticomunistas de Miami y no se habían a Estados Unidos.

El pasado 26 de julio, Castro, quien muy recientemente le saludó tres días después con un mensaje por vía aérea, dijo que Estados Unidos podría liberar "antes de fin de año" a los cinco espías, a los que La Habana otorgó el título de héroe.

Teenage girls needed for a Bone Density Study

We are currently conducting a year long trial to determine how investigational, FDA-approved birth control pills (oral contraception) affect bone mineral density in teenage girls.

Participants need to be:

- 12 to 18 years old, generally in good health
- Having regular menstrual cycles
- Screening visit and 4 additional visits over period of a year
- Prefer adolescents not currently taking birth control pills
- 3 Bone density tests performed (a minor x-ray test)
- Participants are given a choice between taking a birth control pill or being part of the control group taking no birth control.
- Compensation for time and travel of each participant up to \$400

Please call 305-596-9901 for further information.

Jordan provides work experience for students

Special to the Times

Miami-Dade County Commissioner Barbara J. Jordan congratulated students on a job well done during her 2010 Summer Youth Internship Initiative (SYII) on Aug. 13. A closing ceremony was held at Dolphin Stadium, celebrating the sixth consecutive year of the program.

SYII has continued to advocate a strong commitment to the professional development of students in District 1. This summer, Jordan provided high school and college students with the opportunity to work and build partnerships with some of the district's most prominent business leaders for a 10-week period. SYII business partners include Comcast, Warren Henry Automobiles, AA Acquisitions, LLC, Antioch Missionary Baptist Church, Calder Race Course, Dozier and Dozier, EAC Consulting,

Executive Air Services, Experience Aviation, Florida Marlins, GJB Consulting, Miami Dolphins, Miami-Dade Expressway Authority, North Dade Federal Credit Union and the Carrie Meek Foundation.

"The experience gained through this program is invaluable. These students are given hands on experience working in the private sector and gain the tools necessary to become successful in the workforce," said Jordan. "Interns who have participated in my internship program have gone on to become full-time employees for SYII business partners. In this economy, this kind of experience will put a job candidate ahead of the pack."

The SYII is a holistic summer employment program. Following a constructive interview process, students are required to participate in a two-day orientation. During orientation, stu-

As an additional require-

ment, students participate in community service and team building projects, where they learn the importance of civic involvement and team work. This sum-

mer, Commissioner Jordan's interns lent a helping hand in a field day activity at Maison De St. Joseph, a special needs facility in District 1.

President says economy rebounding, but slowly

ECONOMY continued from 7D

"The economy is getting stronger, but it really suffered a big trauma."

Underlining voters' concern over the economy: A new Associated Press-GfK poll shows 61 percent of those surveyed believe the economy has gotten worse or stayed the same on Obama's watch. Americans are also growing increasingly frustrated with

the progress Obama has made in bringing the country out of the recession, with just 41 percent approving of his handling of the economy, down from 44 percent in April.

Still, three-quarters also say it's unrealistic to expect noticeable economic improvements in the first 18 months of the president's term.

Obama's attempts to draw attention to what his administration has done to fix a flagging

economy, plus what he still wants Congress to pass, come against the backdrop of a bitterly partisan mid-term election season. He has spent the week promoting his message that voters should keep Democrats in power over Republicans that he claims lack any positive ideas.

All 435 House seats, one-third of the Senate and most government jobs are on the ballot in November.

The political cam-

paigning also continues Wednesday for the president.

Obama headlined a fundraiser for Ohio Gov. Ted Strickland, a Democrat trying to keep his job against a tough challenge by former Republican Rep. John Kasich. Obama said he won't stop working to rebuild the economy until every American who wants a job can get one, but he acknowledged that it will take a few years.

"That's that hard truth," he said. "Anybody who tells you otherwise is just running for office."

From Ohio, the president was to travel to Florida to raise cash in Miami for Democrats.

Already this week, the president's stops have included a Los Angeles fundraiser that raised \$1 million for the Democratic Congressional Campaign Committee on Monday, and two events in Seattle that raised \$1.3 million for

Sen. Patty Murray and Washington Democrats on Tuesday.

Obama's aides say he takes seriously the job of giving personal attention to candidates and helping them make the case about the upcoming election.

The results are vital for him too, as Obama needs Democrats to retain their congressional majorities if he is to keep pressing an agenda that has received virtually no Republican support.

New government plan to challenge high-cost check-cashing services

ACCOUNTS continued from 7D

New governments are trying to take a more active role to shield consumers from high-cost financial services.

The Federal Deposit Insurance Corp. approved a pilot program last week to encourage banks to create simple, low-cost deposit accounts.

Meanwhile, the Treasury, in its latest budget proposal, is seeking \$30 million from Congress to create a "Bank On USA" program to extend local initiatives that encourage people to set up bank accounts. The financial-regulation measure signed into law last month also directs the Treasury to use grants

and other agreements to draw lower-income consumers into the financial mainstream. Other initiatives are under way at the local level.

The efforts are directed at the nine million households, or one of every 12, without bank accounts, a group disproportionately minority and low-income. In the modern economy, that puts them at a huge disadvantage: They often rely on higher-cost check cashers or neighborhood stores because they don't have credit histories to borrow at a bank or credit union. They aren't saving for retirement, and credit records needed to get common loans and often are excluded from less-expensive forms of

electronic payment.

Along with the unbanked, 21 million more Americans are considered "underbanked"—people who have checking accounts but often turn to higher-cost services, such as payday loans and car-title loans, with annualized interest rates frequently exceeding 300 percent.

"It's important that people get into the financial mainstream so they have a place to store their money...and to make sure they're paying fair fees for banking services rather than exorbitant fees that are being charged through the alternative financial-services providers," said Ellen Lazar, senior advisor for consumer policy to the FDIC chairman.

The FDIC pilot program provides a template for banks to offer what the agency calls a "safe" account with features—such as no overdraft fees and a \$1 minimum-balance requirement—appealing to lower-income consumers. The FDIC and the banks would promote the program to customers.

The program, for which the FDIC is enlisting banks through next month, is designed to assess whether minimizing fees could be sustainable across the industry. While its accounts would prohibit fees for overdrafts and nonconcurrent funds, they would allow other fees that are "proportional" to the banks' costs.

Rapport sans aucun rapport !

PORT-AU-PRINCE, 18 Août — La dépendance ce n'est pas seulement le débarquement des Marmes ou les mesures imposées par les gendarmes économiques de la planète. Il y a une autre dépendance moins brutale mais tout aussi réelle, ce sont les organisations chargées de dispenser la bonne parole auxquelles tout le monde fait confiance parce que ce sont des experts et qu'ils ne vous valent en principe aucun mal.

Mais la plupart des fois ces derniers débarquent chez vous comme dans un moulin, c'est à dire qu'ils formulent des recommandations sans tenir réellement compte des conditions du milieu, ni des antécédents.

Or vu leur statut d'experts, leurs rapports trouvent facilement un écho au plus haut niveau. Par exemple au Congrès américain où, à quelques mois d'un scrutin important en novembre prochain, les élections de mi-mandat, cause d'un état de guerre permanent entre les parlementaires républicains et le président démocrate Obama, tout est bon pour essayer de marquer des points.

On se souvient comment la majorité républicaine au Congrès força en 1996 le président Bill Clinton à rappeler prématurément les troupes américaines qui avaient accompagné le président Aristide à son retour d'exil en 1994. Arrivant le pays aux futurs tumultes qui vont conduire à un nouveau débarquement américain en 2004.

Rapports bien sous tous rapports

Sept mois après le séisme du 12 janvier 2010, c'est au tour de ces experts de venir dresser leurs rapports. Rapports bien sous tous rapports, puisque ce sont des experts, donc censés être totalement neutres dans leurs observations. Mais jusqu'où on peut aller la neutralité ?

Le dernier rapport en date porte la signature de la RAND Corp., un centre spécialisé dans la sécurité internationale et la défense. Défense des Etats-Unis, bien entendu.

Toujours les locaux qui trinquent

Voici un compte rendu de ce rapport par l'agence Associated Press :

Grands titres : gouvernants incompetents, absence de la loi et l'ordre, prisons horribles, police incapable, climat des affaires trop onéreux.

Le rapport, au départ, *in limine lina*, jette tout sur le dos des dirigeants du pays. Leadership local incompetent.

Ce n'est pas la défense de ces derniers qu'il s'agit de prendre, c'est le principe qui est revolvant.

Les trois quarts des décisions dans un pays sont prises

par les étrangers — pour toutes les raisons que l'on sait, mais ceux-ci n'ont jamais rien à se reprocher. Ce sont toujours les locaux qui trinquent.

Que les derniers ne soient pas formidables, le est évident. Sinon les étrangers ne seraient pas là. Mais, c'est en même temps la norme la plus réussie de la dépendance puisqu'il n'est pas de dirigeants locaux acceptent cette situation sans broncher, de l'autre les opposants s'en écrouissent.

Et nous la presse, en prenant aussi souvent prétexte pour justifier nos critiques contre les faiblesses de nos dirigeants. De nos décideurs.

Nous voyez donc tous faits comme un rat.

Que dit encore le rapport de la RAND ?

Rien que ce que tout le monde sait. Nous connaissons tous l'Associated Press. Clairement l'agenda des médias est surprenant. On est cependant quelque peu surpris de la réponse haïtienne et internationale. Pas la réponse humanitaire — qui a été extraordinairement rapide. Mais la seconde étape, si peu à être nettoyé, et tellement peu de décisions ont été prises.

Comment un rendez-vous pris à l'avance

Un peu plus loin... Des membres de la Commission des affaires étrangères du Sénat (américain) ont depuis le Président Prval comme un leader inefficace fin à handicape la reprise après le tremblement de terre et ils ont demandé à leurs collègues de reconsidérer l'allocation de fonds pour Haïti si des réformes de sont pas accomplies.

Puis, comme si c'était un rendez-vous pris à l'avance, les experts de la RAND Corp. tombent sur une manifestation organisée par des sinistrés devant le palais national (qui a été également détruit par le séisme) pour réclamer des logements plus décents et parce que des propriétaires sont en train de les chasser des endroits où ils ont pris refuge.

Peut-on rappeler que les memes avaient été priés de laisser la place au Champ de Mars pour un camp de tentes toutes neuves installé sur l'ancien aéroport militaire. Mais de déplacement n'eut jamais lieu. Et les tentes restées vides, après avoir été payées une fortune, ont été détruites par les averses.

Vous parlez d'inefficacité et d'absence d'autorité de l'Etat !

Un tantinet loin du sujet

Pour finir voyez les recommandations de la RAND. Elles sont les plus urgentes à accomplir.

Accélérer le mouvement des débris... Réparer la

plus importante avant la reconstruction des maisons et des infrastructures.

A qui le dites-vous ? Mais après 7 mois de ce calvaire, il est sûr que les Haïtiens ne voient plus les choses d'une manière aussi simpliste.

Réduire le coût et la durée pour ouvrir un business ou pour devenir propriétaire. Haïti est pauvre, en grande partie parce que l'environnement pour les affaires est trop difficile.

C'est tout à fait vrai, mais ne sommes-nous pas un tantinet loin du sujet (pour ne pas dire hors du sujet) ?

Augmenter les effectifs de la police nationale et maintenir la Minustah (mission onusienne de maintien de la paix) pour 5 autres années.

Voici qui commence à déplacer la question pour de bon.

Créer un service civil moderne. Ce qui veut dire probablement une fonction publique. Le rapport indique que le Gouvernement haïtien se contente de monitorer et de réguler l'éducation et les services de santé mais ne fournit pas lui-même ces services.

Avec quel argent, direz-vous.

Un pro-consul pour Haïti

De toutes les façons, tout le monde est d'accord (y compris l'ex-président Clinton) que le meilleur service de santé qui ait jamais existé en Haïti est celui mis en place au point dans le cadre d'une coopération Cuba, Brésil et Haïti.

Pour finir, James Dobbin, directeur de la RAND et auteur de ce rapport, recommande à l'administration Obama, tenez-vous bien, d'appointer un envoyé spécial pour Haïti.

Et voilà l'alternative de la RAND. Renforcer la police, garantir à la Minustah un mandat de 5 autres années, et un pro-consul pour Haïti.

Nous n'avons pas essayé de savoir si la RAND est d'obédience démocrate ou républicaine.

Et tout cela avec le regard fixe sur les deux scrutins de novembre prochain. Les élections de mi-mandat, grâce auxquelles les Républicains espèrent reconquérir la majorité au Congrès de Washington.

Et les présidentielles haïtiennes du 28 novembre, dont le rapport souligne que le gagnant aura à gérer le budget de 10 milliards de la reconstruction. Ce qui ne peut être laissé en l'état quelle main n'est-ce pas.

Pour 20% des Américains, Obama est musulman

Un Américain sur cinq pense à tort que le président Barack Obama est musulman. C'est ce qu'indique un sondage réalisé par le Pew Research Center du 21 juillet au 3 août auprès de 3 003 personnes.

Le président américain, protestant, se rend pourtant régulièrement à l'église et a fait de nombreuses déclarations publiques sur sa foi chrétienne depuis son arrivée à la Maison Blanche en janvier 2009.

Parallèlement, le nombre d'Américains qui identifient

correctement Obama comme chrétien a chuté de près de moitié en un an, à 34%.

Selon le sondage, un tiers des républicains pensent que le président américain est de confession musulmane. Soit pratiquement le double de l'année dernière.

Le nombre de personnes non-inscrites à un parti politique et qui partagent cet opinion erronée a augmenté de huit points, à 18%.

Ce sondage a été réalisé, avant les déclarations du pré-

sident américain la semaine dernière qui a défendu le droit des musulmans à construire une mosquée près du site des attentats du 11-Septembre à New York, au nom de la liberté de culte garantie par la Constitution. Déclarations qui ont provoqué une tempête médiatique et soulevé l'émotion des familles des victimes des attentats.

Parmi les sondés qui affirment qu'Obama est musulman, 60% disent l'avoir appris par les médias.

SOCIÉTÉ & RECONSTRUCTION

Pour une totale refonte du système scolaire

(suite de la page 2)

Le premier objectif est de construire 625 nouvelles écoles primaires, de manière à tripler le nombre d'établissements de ce type à travers le pays.

On doit procéder aussi au training de 90% des enseignants — Environ 30.000 personnes.

A raison de 2.500 nouveaux professeurs par chaque année sur le marché. Cette formation est basée sur un programme baptisé Teach for America.

Une réforme ambitieuse

Quant à la mise au point du plan, elle est confiée à des experts aussi bien haïtiens que internationaux, dont Paul Valles qui a contribué à une réforme ambitieuse des établissements d'enseignement à Chicago et à La Nouvelle Orleans, après l'ouragan Katrina.

Si Dieu le veut, comme on dit

chez nous, les gouvernants haïtiens ne voudront désormais plus prétendre le manque de moyens pour réaliser ce qui est le devoir premier de tout Etat digne de ce nom : une instruction primaire et secondaire universelle, publique et gratuite.

Mais reste l'indécrottable absence de volonté et de détermination.

Et peut-être aussi un système qui n'a jamais été trop dérangé par notre taux de 30% d'analphabètes et de 60% d'enfants abandonnant l'école après seulement quelques semaines.

Toujours chercher à qui le crime profite.

Since February, when the extent of the audit adjustment to the FY 2009 financial reports was identified, the staff at the Public Health Trust, ("PHT"), with the assistance of personnel provided from other County agencies, has been working continuously to reduce the impact in FY 2010 and to prepare a realistic budget for FY 2011 that met the objectives of maintaining all safety net services, preserving our academic mission, staffing in accordance with patient volume, and allowing for the needed growth at Jackson Health System, ("JHS"). A balanced budget was prepared in June for inclusion in the Proposed Resource Allocation Plan. However, we continued to review our options and to refine the projections for FY 2010 and the budget estimates for FY 2011. The resulting budget takes into account the financial environment that includes an economy that is improving slowly, growing costs of uncompensated care, the need to compete in the marketplace, and a severe lack of capital funds. To assist in our efforts, a contract was approved with PriceWaterhouse Coopers, ("PWC"), to develop recommendations for improving the fiscal condition of JHS. Let me assure you that the staff at the PHT and the PWC consultants are working together to develop recommendations that are realistic, practical, and that are able to be implemented.. At the August 23, 2010, PHT Board meeting, the recommended budget was approved for submission to the County Commission.

We have prepared a separate report describing in detail the FY 2011 proposals for the different entities that form JHS. As requested by the PHT Board, that report will include a summarized history of initiatives that have been implemented over the previous several years and the possible effect on JHS of the new federal healthcare legislation. We will prepare a five-year financial forecast that will be presented to the PHT Board and to the Board of County Commissioners (BCC) at a later date.

In the Proposed Resource Allocation Plan, we projected a profit and loss statement (P&L) shortfall for FY 2010 of \$53.9 million, which included \$50 million expected by a legislatively approved allocation. In addition, cash adjustments (acceleration of collections, deferring Annual Operating Agreement payments to the University of Miami (UM), reducing the operating transfer for capital, etc.) totaled \$81.8 million, which combined with other items impacting cash would have provided a year-end cash balance of \$149.5 million. The United States Senate did not approve the funds needed for the legislative allocation, which reduced the year-end cash balance to \$99.5 million. Also, since the projections for the proposed budget were completed, patient volume at the JHS has continued to decline and a slowing in the projected cash collections have contributed to a shortfall in collections from the amount previously projected. In addition, the savings from the reduction in staffing levels is approximately \$8 million less than originally projected, and the benefit from the adjustments to the Managed Care Program is approximately \$3 million less than originally projected. During the same time period, additional initiatives for savings and/or revenue enhancements have been identified by the PHT staff and PWC to offset a portion of the shortfalls, resulting in a projected cash carryover into FY 2011 of \$74.9 million.

For FY 2011, the proposed Resource Allocation Plan reflected a P&L loss of \$1.8 million after incorporating \$164.1 million for the full-year impact of the cash plan and an additional \$198.5 million of new PHT staff and PWC recommended initiatives. Since that time the initiatives have continued to be scrutinized, detailed implementation plans have been developed, and other new initiatives have been identified which has resulted in the adjustment of the projected benefit amounts.

Significant changes include increases in Revenue Cycle benefits primarily from improved patient access and central business office processes, (\$21.3 million); Strategic Sourcing benefits from improved procurement and receiving and distribution systems and processes, (\$10.1 million); and Care Management benefits from a reduction in length-of-stay and patient throughput, (\$6.3 million). Other benefits result from maintaining operations at both nursing homes with improved marketing targeted toward Medicare recipients, (\$4.2 million), and improved labor and productivity, (\$4.6 million). The benefits were offset partially by a reduction in the estimated benefit from outsourcing Corrections Health Services, (\$17.3 million), and an increase in the proposed funding level of Community Health of South Dade from \$4.5 million to \$5.3 million which is in line with proposed reductions of County funded community based organizations.

In addition, the budget for Jackson South Community Hospital includes \$5.9 million of growth-oriented initiatives while maintaining Obstetrical Services which had been eliminated in the proposed Resource Allocation Plan. Growth-oriented initiatives at Jackson North have increased by \$2.2 million and other new initiatives include those for Pharmacy, (\$1.4 million), information technology, (\$7.5 million) and Women's and Children's (\$4.2 million), as well as a reduction in allocations to the JMH Foundation for Health Services and Grants Management,

(\$3.6 million). The budget also includes an \$8.0 investment for the development of a primary care referral network to promote future growth initiatives.

Although Congress recently passed legislation that may provide additional funding for the PHT, it is premature to include any such funding in the budget. If necessary, a supplemental budget will be recommended to the County Commission during FY 2011 to address that funding.

As a result of the changes described above, the operating budget ordinance of \$1.732 billion in the Proposed Resource Allocation Plan has increased to \$1.975 billion. Of the \$242 million increase, \$118 million is the result of growth in Managed Care revenues in light of the new Medicare HMO plan and the Exclusive Provider Organization, ("EPO"), plan being offered in addition to increased participation in the Managed Care plans by the PHT employees. The revenue is offset to a large extent by additional costs, (increase of \$103.2 million), for the purchase of medical services for the Managed Care plans. Another \$121.9 million reflects anticipated additional revenues from the JHS initiatives and the PWC recommendations. Expenditures grow for personnel costs, supply costs, etc. in light of the additional services being provided. The recommended FY 2011 budget reflects the projected FY 2010 year-end cash of \$74.9 million. In the Proposed Resource Allocation Plan, the budget included only the cash carryover needed to balance the budget as the projection for total cash carryover was still being finalized. The difference is \$19.5 million. Similarly, the budget now reflects the year-end cash projected FY 2011 (\$70.5 million). The following chart compares the proposed budget with the recommended budget.

The Capital Budget for the PHT has been updated since it was prepared last May for the Proposed Resource Allocation Plan. Pursuant to County practice, the capital budget for the PHT does not include general obligation bond, ("GOB"), funds in the amount of \$22.613 million in FY 2011 which are presented with other GOB funded projects in the budget ordinance. In total, the recommended all-years' capital budget for the PHT, including carryover projects, new projects for FY 2011, and new projects identified to begin in FY 2012, has been changed to \$311.314 million from \$287.432 million.

For FY 2011, the capital budget is recommended at \$191.634 million which represents an increase of \$97.054 million from the Proposed Capital Budget. Changes to the PHT capital budget include revised estimates for expenditures in FY 2010 and the resulting adjustments to the cost of continuing the work on those projects in FY 2011 and funding from the JMH Foundation (\$6 million). In addition, over the summer the PHT staff has reviewed the requests for new projects and equipment to be funded starting in FY 2011. The new projects have a total all-years' budget of \$162.239 million, of which \$99.332 million is programmed to be spent in FY 2011. As a result, to meet the cash flow needs for capital uses, the amount of operating funds being contributed to capital has been increased, as noted above, to \$58.1 million from \$45 million. Also, we are seeking to accelerate into FY 2011 \$48.457 million of the \$75 million revenue bond issue previously planned for FY 2012.

Staff has also identified \$533.817 million in future projects which are unfunded at this time. It is expected that a portion of the funding for those projects will come from funded depreciation, the JMH Foundation, and grants. Staff is updating the capital master plan and as part of that process, we will look at alternative funding mechanisms. It is expected that this update will be completed in time for inclusion in the FY 2012 budget and a full report will be provided to the PHT Board and the County Commission once the update is completed.

In closing, I want to thank the Mayor, County Commissioners, you, your staff, our employees, the members of the University of Miami Medical School and the Florida International University Medical School, and all of our other partners who have worked so hard to ensure that the mission of the PHT will continue. While we may not always agree on the best approaches to achieve that end, I truly believe that we are all working to the best of our abilities to make JHS a viable institution that will continue to be one of the leading, major hospital systems in the United States and the safety net hospital system for the residents of Miami Dade County.

**MIAMI-DADE AVIATION DEPARTMENT PROMOTIONAL FUNDS
RECOMMENDED EXPENDITURES
Fiscal Year 2010-11**

The Budget Ordinance also includes recommendations for Aviation Department Promotional Fund Expenditures totaling \$164,000. As the date of the approved events/program approaches, the Aviation Department will obtain the documentation required by A.O.7-32 from each entity for review by the Aviation Department and the County Attorney's Office prior to disbursement of funds, and in accordance to the following recommendations.

1. **Airports Council International (ACI)**
Event: **Conferences**
Amount recommended: **\$7,500**

The Miami-Dade Aviation Department will co-host numerous conferences with Airports Council International during this fiscal year. The conferences will enable MIA to promote itself to a large number of airports.

2. **Caribbean Central American Action (CCAA)**
Event: **Miami Conference on the Caribbean & Central America**
Amount recommended: **\$4,000**

This conference is held every year in Miami and provides a forum for deliberation on diverse policies and business issues critical to the countries of Central America and the Caribbean basin. Miami International Airport has strong interests in these matters to maintain its position as the nation's air service gateway to Latin America and the Caribbean.

3. **Miami-Dade County Aviation Department (MDAD)**
Event: **Inaugurals for new airlines**
Amount recommended: **\$5,000**

The Aviation Department will co-host inaugural ceremonies for new airlines servicing MIA with the respective airlines.

4. **Miami-Dade County Aviation Department (MDAD)**
Event: **Hosting of Inbound International Business Development Missions**
Amount recommended: **\$4,000**

Sponsorship, co-sponsorship or hosting of groups visiting MIA for presentations and associated hospitality under the Department's air service development program, MIA passenger, cargo or support industry prospects, non-Terminal facility rental/development prospects, as requested to and approved by, the Aviation Department. Requestors include MDAD Business Development management, community partnerships such as the Greater Miami Convention & Visitors Bureau, the Beacon Council, the World Trade Center Miami, the Miami-Dade County International Trade Consortium, the Greater Miami Chamber of Commerce, the Florida Customs Brokers & Forwarders Associations, the Port of Miami, or other partnerships presenting/sponsoring visiting groups to Miami for business development purposes that benefit MDAD and MIA.

5. **Miami-Dade County Aviation Department (MDAD)**
Event: Community Outreach Programs
Amount recommended: \$42,000

MDAD, in accordance with FAA guidelines, will utilize airport revenues in support of community activities such as AfriCANDO as long as such expenditures are directly and substantially related to the operations of Miami International Airport and MDAD's General Aviation airports. These expenditures will be documented and reviewed on a case-by-case basis to ensure compliance with FAA guidelines.

6. **Foundation for Democracy in Africa (FDA)**
Event: U.S. Africa Air Transportation Summit
Amount recommended: \$19,000

Miami is poised to be the gateway to the U.S. for Africa for air service development in conjunction with the FDA and as such, the major economic beneficiary from related future growth. Through the summit, Miami-Dade Aviation Department will continue to promote air service and cargo trade between the two continents via Miami International Airport.

7. **Airport Minority Advisory Council (AMAC)**
Event: Annual Airport Business Diversity Conference
Amount recommended: \$5,000

The AMAC promotes the full participation of minority and women-owned businesses in airport contracts and promotes the employment of minorities and women in the airport industry. On a yearly basis, MDAD pledges \$5,000 to the AMAC to sponsor their Annual Airport Business Diversity Conference. This sponsorship entitles MDAD to free conference registrations, a half page ad in the conference's journal, and an exhibit booth. The AMAC annual conference is co-sponsored by the FAA and has become one of the largest aviation conferences in the United States. The event brings together businesses, aviation professionals, government officials and individuals from around the country to discuss a variety of subjects ranging from how to do business at airports to public policy issues impacting the entire aviation industry.

8. **Miami-Dade County**
Event: Miami-Dade County Days in Tallahassee 2011
Amount recommended: \$2,500

Miami-Dade Days provides a unique opportunity for participants, including local officials and community leaders to discuss legislative priorities affecting Miami International Airport with state legislators in an informal setting.

9. **American Association of Airport Executives (AAAE)**
Event: Customer Service & Volunteers Educational Conference
Amount recommended: \$2,500
- This is an educational program for Customer Service and the Volunteer Airport Ambassador Program at airports.
10. **Florida Airports Council (FAC)**
Events: FAC State Legislative Summit, FAC Federal Legislative Summit, FAC Annual Conference
Amount recommended: \$5,000
- MDAD will co-sponsor the FAC State Legislative Summit, at which the Department will be represented by its Office of Governmental Affairs. \$2,000 includes both summits; \$3,000 is requested for the annual conference.
11. **Miami-Dade Aviation Department**
Events: Promotion/grand openings of completed MIA construction projects
Amount recommended: \$38,000
- Promotion/grand openings of completed Capital Improvement Program (CIP) projects at Miami International Airport such as North Terminal, Concession openings, MIA Mover-related projects, OPF Air Traffic Control Tower, etc.
12. **Miami-Dade County Aviation Department**
Event: Summer and Seasonal Travel Programs
Amount recommended: \$3,000
- MDAD's Terminal Operations & Customer Service Division will continue the Summer Travel Program and Seasonal Travel Programs by providing entertainment to for passengers during the heavily traveled months. This program is designed to brighten airport passengers' and visitors' experience while traveling through MIA, thereby enhancing MIA's image and promoting repeat business.
13. **The Latin Chamber Of Commerce (CAMACOL)**
Event: Hemispheric Congress Sponsorship
Amount recommended: \$4,000
- This conference is held every year as a solid vehicle to establish international business ties worldwide. The mission of the Congress is to directly link businesses throughout the globe, promote Miami-Dade County and the State of Florida as the gateway to the Americas.
14. **Miami-Dade County Aviation Department**
Event: Survival Fire Drill
Amount recommended: \$5,000
- The survival drill is conducted by The Fire Department of Miami-Dade County Aviation Department to review safety practices.

15. **Miami-Dade County Aviation Department (Airside Operations)**

Event: FAA Meetings for FY 2010-11

Amount recommended: \$5,000

Airport safety assessment with FAA, airlines, and Chief Pilots; Runway Safety Action Team/FAA meetings with airlines and Chiefs Pilots; FAA drills/meetings reference required drills to meet MIA's 139 Certification as a Commercial Airport; AAAE Trainings regarding required FAA drills to meet MIA's 139 Certification as a Commercial Airport.

16. **Miami-Dade County Aviation Department (MDAD)**

Event: Monthly Miami Airport Affairs Committee (MAAC) meetings

Amount recommended: \$5,000

The MAAC meetings are attended by the Aviation Director and other senior MDAD staff members. These meetings are held to discuss and address issues arising from MIA operations which have a direct impact on the airlines; as well as provide answers to requests for information. These meetings are held in the Hotel MIA Conference Center and catered by the hotel.

17. **American Association of Airport Executives (AAAE) & Airport Minority Advisory Council (AMAC)**

Event: AAAE/AMAC Annual Airports Economic Forum

Amount recommended: \$7,500

MDAD will provide a \$7500 sponsorship of the AAAE and AMAC's annual Airports Economic Forum. The forum is attended by airport representatives and aviation experts and presents up-to-date information on legislation, regulatory changes, and best practices from the nation's airports, successful large and small businesses, and legal and financial experts. Typically the forum attracts between 120 and 150 participants from across the nation to discuss and explore how to achieve economic success for U.S. airports.

In summary, these events will provide Miami-Dade County's Aviation Department an excellent opportunity to showcase and promote Miami International Airport and its General Aviation airports. All promotional funds recipients will be required to comply with the requirements of Administrative Order 7-32 governing the expenditure of Miami-Dade County Aviation Department promotional funds, and with the Federal Aviation Administration's guidelines.

**Seaport Promotional Fund
Recommended Expenditures
FY10-11**

As incorporated in Administrative Order 7-32 are recommendations for Seaport Promotional Fund expenditures totaling \$426,000 for other county offices and programs and \$620,000 to support the following maritime industry related events. These funds will be transferred to the appropriate entities pursuant to execution of standard agreements approved by the County Attorney's Office. Expenditures of such funds shall be spent in accordance with the budgets submitted as part of the standard agreements. In some instances, the funds will be spent directly by the County as set forth below.

1. Latin Chamber of Commerce (CAMACOL)

Event title: "Hemispheric Congress"
Amount recommended: \$ 100,000

The Hemispheric Congress is considered one of the most successful conduits for interaction among the business communities of the Americas. Several programs designed to enhance trade relations in the hemisphere have been developed as a result of the conference. These include a hemispheric network for dissemination of commercial information; the Inter-American Economic Commission, headquartered in Miami-Dade County; Sanchez-to-Sanchez-to-Smith, which links Latin American and Caribbean Basin executives with Hispanic manufacturers in Miami-Dade, Florida and the United States; training programs designed to strengthen entrepreneurial skills; and the Inter-American Business Matchmakers, which links Miami-Dade and Florida manufacturers with buyers from the region, thereby increasing export sales to Latin America and the Caribbean. The support of Miami-Dade County will again enable the Congress to strengthen multi-lateral trade, and develop markets for our products. This event benefits Miami-Dade County by promoting trade to strengthen our local economy.

2. Greater Miami Convention and Visitors Bureau (GMCVB)

Event title: "Cruise Miami Promotion Program"
Amount recommended: \$ 200,000

The aim of this program is to increase the length of stay in Miami-Dade County for cruise and air passengers utilizing the Dante B. Fascell Port of Miami-Dade and Miami International Airport as embarkation/debarkation points for overnight cruise voyages. A portion of these funds will be utilized to co-sponsor the "Where the Worlds Meet" advertising campaign which is a marketing initiative in partnership with the GMCVB, the Beacon Council, American Airlines and the Aviation Department. Additional funds will go towards developing port marketing initiatives/campaigns and cruise familiarization tours (FAM Tours) for travel agents.

3. Florida International University

Event title: Inter-American Conference of Mayors
Amount recommended: \$ 60,000

The aim of this conference is to strengthen democracy in the hemisphere by creating opportunities for discussion among local leaders and those interested in local government. It provides a forum for discussion of common issues and varied experiences, which enables participants and communities to learn from one another. The event benefits our community by showcasing Miami-Dade County and its authorities as key resources in strengthening local government throughout the Americas.

4. Seatrade Cruise Shipping Miami Conference
 Event title: "Conference, Trade Show, FCCA Gala Dinner, and related events"
 Amount recommended: \$ 70,000

The Seatrade Cruise Shipping Miami conference and trade show is the premier annual convention in the cruise industry. It is attended regularly by over 10,000 participants, including more than 1,700 cruise line owners and operators from 65 cruise line companies. Miami-Dade County was chosen as the convention site based on its reputation as "Cruise Capital of the World," and there is no single cruise event in the world from which the Port of Miami and the County can receive more exposure. Funds for this event will be spent in conference registration, trade show promotional materials, the FCCA Gala Dinner, and related events.

5. Port of Miami Promotional/Inaugural Events/Customer Appreciation Activities
 Event title: "Miscellaneous Services Related to Preparation for Promotional and Inaugural Events at the Port and Customer Appreciation Activities"
 Amount recommended: \$ 20,000

Throughout the year, promotional events/activities arise where the Port of Miami elects to participate as a sponsor or host site. These events provide Miami-Dade County an excellent opportunity to showcase its seaport facilities for both cargo operations and passenger accommodations as hemispheric hubs for international trade and tourism. These funds might also be utilized to fund activities to welcome/inaugurate a new vessel or host customer appreciation activities either at the Port or at an off-Port site.

6. World Trade Center Miami
 Event title: Sea Cargo Americas Trade Show & Congress; and Trade Related/Business Development Cooperation"
 Amount recommended: \$ 62,500

This congress continues to provide a forum for executives in the air/sea cargo industries to exchange views on global trade and enhance growth of the industries in the Western Hemisphere. The 2010 congress was combined with Air Cargo Americas and attended by more than 5,000 participants. The trade show component showcases the latest topics, products and technology utilized in these ever evolving and competitive areas. Additionally, the World Trade Center Miami and its staff will assist the Port throughout the year in business and trade development efforts.

7. Florida Chamber of Commerce
 Event title: Various Activities to Support Port Objectives
 Amount recommended: \$ 50,000

Established in 1916 as Florida's first statewide business advocacy organization, the Florida Chamber of Commerce is the state's largest federation of employers, chambers of commerce and associations, representing more than 139,000 employers. The Chamber works within all branches of government to affect those changes set forth in the annual Florida Business Agenda, and which are seen as critical to the continued improvement of Florida's business environment. The Florida Chamber of Commerce is a major supporter of the maritime industry and specifically critical Port of Miami initiatives, including the deep dredge.

8. Future of Florida Forum
 Event title: Forum Session
 Amount recommended: \$ 7,500

The Port of Miami will serve as a moderator for the Future of Florida Forum which brings together maritime and business leaders to discuss current issues, including freight movement and impact of the Panama Canal expansion. This year the Forum will focus on economic recovery, transportation issues and international trade.

9. International Longshoreman Association
 Event title: Convention
 Amount recommended: \$ 30,000

The International Longshoremen's Association, AFL-CIO is the largest union of maritime workers in North America, representing upwards of 65,000 longshoremen on the Atlantic and Gulf Coasts, Great Lakes, major U.S. rivers, Puerto Rico and Eastern Canada. As a major stakeholder in the maritime industry it is important to share information pertaining to the various issues that may affect both the ILA and the port. Funds will be utilized to host events promoting the Port of Miami at the convention.

10. AAPA Latin American Ports Delegation
 Event title: Annual Congress
 Amount recommended: \$ 20,000

This convention will provide the opportunity to address and discuss the common issues facing both the Ports of Latin America and the Port of Miami. Expected discussions will include the impact of the Panama Canal, vessel sizes, general economic business, port financing and maritime security and training.

**Messaging Points – FY 2010-2011 Budget Proposal
2nd Budget Hearing (Revised 4:04pm)**

You know the facts of Miami-Dade's budget better than any billionaire.

You understand the scope and breadth of what we do.

We are providing programs and services across a 2,000 square mile area – from Florida City to Aventura -- Kendall to Miami Beach. If you started at the north end of Miami-Dade County and drove to our southernmost point... you'd be in your car at least an hour. You'd see rich neighborhoods and poor ones, old neighborhoods and new ones, towering skyscrapers and local businesses and a lot of families' homes. That's our service area – and in that area -- 2.5 million people rely on us in some way.

We are providing clean, safe water to 430,000 customers. We're providing public transit to more than 270,000 riders a day. We are responsible for maintaining nearly 23,000 street lights, 2,700 traffic signals and more than 3,200 miles of paved roads. We conduct elections in at least 20 municipalities every year. Those large and small infrastructure projects you see in and across every single commission district are investments in our future. They are keeping people employed and small, local businesses afloat.

We are a large and diverse urban area... and a complex government. There's no getting away from it. We do a whole lot of things for a whole lot of people. And while every service we provide may not touch everyone, every service we provide means something to someone.

Miami-Dade County did not cause the foreclosure crisis. We are not responsible for the collapse of the banking system. We are not to blame for the unemployment rate... or the reason why so many hardworking people can't find a job. Government is not the problem, and it's not the solution either. But while we wait for the private sector to reboot and re-energize and once again be the driving force behind our economy, government has a role to play.

My goal is to hold critical service together... continue providing programs at a time when people need them most... promote activities that advance

Mayor's Comments
2nd Budget Hearing

economic recovery and growth... and hold down spending. The budget before you does just that.

You have seen the faces of the people who desperately need the programs and services we provide – the elderly, disabled and poor. When the traffic signals work, potholes are filled promptly and the water runs when you turn on the tap – it's taken for granted – but we all know the amount of effort and coordination it takes to deliver those services well. And you, more than most, understand the important work that departments like procurement, human resources, and ETSD perform. Their labor lets the front-line employees do their work faster, better and cheaper, and it cannot be diminished.

You have before you a range of recommendations aimed at balancing our budget and closing a \$444 million budget gap – not a gap created by wasteful spending or questionable accounting or poor money management, but a gap caused by a severe recession, steep decline in property values and the increased cost of doing business. I don't want to see our quality of life drop as dramatically as property values.

Every median we maintain, every park and library and fire station that we keep open, every police officer who continues to patrol our streets contributes to our property values and our quality of life. We have all heard friends, families and even strangers say, "You live in paradise." Paradise does not build itself. We have a mission and responsibility to sustain it.

This budget will mean different things to different people. There is no typical case. What we do know is that 60% of property owners in this county will pay less in taxes. What we do know is that Miami-Dade County will collect \$38 million less in property taxes in the coming year... and \$198 million less than in the previous year.

The proposed budget includes the elimination of hundreds of positions, reassignments, consolidations, millions of dollars in pay and benefit concessions, service reductions and a millage rate adjustment. Every one of those tools is an integral part of getting us where we need to be.

Reaching consensus is never easy. We held 21 public budget meetings throughout the community and we have tried hard to engage every one of you in the budget process. We've answered your questions, listened to

your concerns, tried hard to understand your very different points of view and compromised whenever possible.

We have talked a lot about the proposed budget and what it means. It has been debated on the airwaves and around dinner tables. The proposed budget is a professional recommendation, but certainly not the only option. There are scenarios where cuts alone close the budget gap.

- In Fire, it could mean the reduction of 10 suppression units, 89 rescue units, 12 transport squads and the layoffs of nearly 400 firefighters. Remember, property taxes make up almost all of Fire's budget.
- In Police, it could mean the layoffs of more than 200 sworn officers.
- We'd be forced to consider the elimination of all cultural grants and CBO funding...
- Closure of parks, pools and some golf courses...
- Reducing NEAT teams and pothole patching crews...
- And, closure of the Boot Camp and the Women's Detention Center.

The cuts a flat rate would bring are steep, and in my mind, reckless. When I hear people say, "Live within your means", I don't think this is what they had in mind. But cuts like these are what would be necessary to close a \$444 million budget gap – not a \$1 million gap, or even a \$10 million gap – a \$444 million budget gap. I have said it before, eliminate the County Executive Office all together – the Mayor, County Manager, and our other top executives – you save about \$7 million. There's still \$437 million gap left to close. Conversely, the difference between the maximum increase in taxes on a homesteaded home of median value and a flat millage is about \$14 -- \$14.

I would rather face recall rather than lay off hundreds of public safety professionals and gut direct and essential services. I will not be the Mayor who returns our residents to the past, offering service levels that leave large gaps and compromise quality. The not-so-good-old-days would be bad for our residents, bad for our visitors and bad for our future. I come from a public safety background. I know what it takes to bring down a crime rate. It's one of the services that is easy to take for granted, but I remember crime in the 80's and how it impacted this community's quality of life. We have come a long way. Even so, the typical resident pays less for

government today, adjusted for inflation, than they have since 1992. In 1994, when our population was just over 2 million, County government had 12.1 employees for every 1,000 residents. Now, with about 2.5 million residents, the staffing ratio has fallen to 11.5.

Stop for a moment and think about this, behind every program and service we provide is a person. Hundreds of layoffs are already planned. Imagine what hundreds more layoffs will mean for residents in our county. Our 3-1-1 Answer Center operators, groundskeepers, animal control officers, engineers and computer specialists – are regular people – just like you – with varying degrees of success -- living right alongside people who have built careers in the private sector.

Some would have you believe that only the private sector is hurting. You know it's not true. Collective bargaining has resulted in \$224 million worth of pay and benefit concessions. The last year of the 3-year bargaining agreements reduced the annual income of our employees between 10% and 20%. Over two years, our workers experienced reductions of 8 ½% and 9%. We have forever reset the base and set the stage for another round of collective bargaining that will begin soon. These concessions are unprecedented.

Vote your conscience. Don't be swayed by threats or scare tactics. I know there are a lot of emotions out in the community – all across this audience – and they represent a wide spectrum of opinions and points of view. No matter what we do tonight, there will be those who will be unhappy.

This isn't about being popular. We can't govern based on emotions and half-truths. We're ready to answer any questions and explain to anyone the in's and out's of a very complex budget. More often than not, a sound bite or a quote doesn't tell the whole story.

You have a practical, responsible, realistic budget proposal before you that ensures this government operates with fewer dollars and a reduced workforce. We have been moving in this direction for some time. When this budget is finalized tonight – or tomorrow – we will have closed over a \$1 billion in budget gaps over the past four years. We will continue to move in this direction as the economy dictates, but we should not act rashly or impetuously, but continue on a steady course.

Let's listen to all sides and every voice. We have all night to give this budget the time and the thought it deserves. It's in your hands.

MAKING HOUSE A HOME

SINGLE MOTHER ANA LONGINES LEFT A LIFE OF PHYSICAL ABUSE BEHIND BUT IS STRUGGLING TO FURNISH HER RENTAL

BY PATRICIA MAZZEI
pmazzei@MiamiHerald.com

Ana Longines' living room is bare except for a slight plastic Christmas tree in the corner and two stockings on the wall.

In the bedroom is a twin-size mattress — a gift from her boss — where she and her 2-year-old son, Bryan, sleep with two blankets and two pillows.

"We barely fit," said Longines, 25. "But we used to sleep on the floor, and that was very uncomfortable."

Longines moved into her new town house in Florida City last month, her first home since leaving her abusive husband earlier this year. It came with a refrigerator and a stove — and laundry hookups, she points out, but no washer and dryer.

A waitress at a nearby Mexican restaurant, Longines has made do with what she has: a small backless stool, Bryan's colorful toys and a high chair. A customer gave her a TV. Bryan even has a SpongeBob SquarePants DVD player, where he chatters away watching *Mommy and Me*.

But no furniture. A bedroom set, for her or for Bryan, would be nice. So would something for the living room for visitors to have a place to sit, or a table. But Longines is reluctant to ask for much.

"I'm happy to have our own space and a roof," she said. She had lost her space and privacy on a Wednesday night in April, when police took her and Bryan to a domestic-violence shelter that became their home for

2½ months.

A beating left her with a black eye, swollen jaw and bruises on her and Bryan.

Longines keeps photos of her injuries in a white envelope in her closet, a reminder of the night she ran out of the house with the baby and cried to neighbors for help. No one answered, she said. Eventually, a young man let her in and called 911.

"She had left with nothing, just the clothes on her back," said Raquel Linares, a family support worker at Redland Christian Migrant Association who nominated Longines for Wish Book. "She's a very courageous young lady."

After the shelter, Longines, who has no family in Florida, rented a room in a house for four months. She got a restraining order against her husband, filed for divorce and put Bryan in therapy — both to help his speech, which was delayed, and to soothe him after the violence.

He had started hitting his head against the wall, biting his hands and reacting angrily, Longines said — something he doesn't do anymore. Unrelated to the beating, Bryan had to undergo ear surgery and will need another procedure to fix his tear ducts soon.

Bryan is covered by Medicaid. Longines, who is showing early symptoms of diabetes, is not.

Longines also saw a therapist and completed a program at MUJER, a South Miami-Dade nonprofit that helps victims of domestic violence.

Someone at the restaurant, where she works six days a week, told her about affordable housing and she applied for her new home. And she enrolled in English classes at Miami Dade College's Homestead Campus, eager to learn the language.

In her native Mexico, Lon-

She has a degree in international business, she said, but has not been able to put it to use in the United States — yet.

MIAMI-DADE COUNTY BOARD OF COUNTY COMMISIONERS

PUBLIC MEETING: MONDAY, SEPTEMBER 13 2010

FROM: THE CUBAN MUSEUM

SUBJ: FUNDING FULL \$ 5.9 MILLION BALANCE GOB FUNDS IN 2011 BUDGET

- \$4.1 million already disbursed in 2007 –fully utilized as intended - will show **no results, and no final product**, if the funding is interrupted now. It will seem like a **wasted \$4 million dollars**, for the museum building and inauguration will not materialize as planned;
- The interrupted project will leave the original expectations of the Cuban American community in particular, and the general community as a whole **unfulfilled**, with permits obtained, business plan completed, collection and programs for the first 3 years projected but unable to be realized;
- Granting NOW in 2011 the balance of \$5.9 million from the GOB “B” Series sale will multiply the investment already made by County Government by supporting:
 - The work of a General Contracting company from Miami Dade County, since \$3 million of the \$5.9 is for construction alone;
 - The hiring of dozens of county-based subcontracted workers, a good number of them from the minority communities;
 - The use of funds to increase sales among equipment and materials suppliers through purchases made from county-based businesses;
- Once the Museum is inaugurated in early 2012, between 13 and 15 new jobs will be created as we proceed to staff the museum for operations;
- The Museum opening will mean added educational resources to the Miami-Dade County constituency that will enrich the programs available to school children and teens, as well as to the higher education population nation-wide;
- The Museum will be an added attraction for tourists, especially to
 - The Cuban American communities across the United States and the world;
 - The international tourist community that will be attracted to Cuban music and art, already the object of international attention.
- The Cuban Museum will serve as vehicle for carefully-planned inter-ethnic communication through the arts and humanities, for the Museum’s collection and programs are being planned from the perspective of a multi-cultural, multi-ethnic and diversity-prioritizing institution with a unique capacity to reach out to the African, Jewish and Anglo-American communities.

Group brings hope to abused women

MUJER, a nonprofit that helps women who have suffered from domestic abuse and sexual assault turn their lives around, celebrates 10 years. One victim will be honored at tonight's gala.

BY PATRICIA MAZZE
AND REBECCA DELLAGLORIA
rdellagloria@MiamiHerald.com

Tonight, as MUJER celebrates its 10th anniversary, the organization will honor Suarez as its "Survivor of the Decade." MUJER — the acronym spells woman in Spanish, and stands for Women United in Justice, Education and Reform — will mark the milestone at a banquet at Fairchild Tropical Botanic Garden.

COUNSELING

MUJER offers counseling for physical and sexual abuse, marriage counseling, parenting classes and HIV education. The organization receives \$188,000 a year in county funding along with other state and federal grants and private contributions, said Susan Reyna, executive director of MUJER and one of its founding members.

Reyna said many of the clients are undocumented immigrants who feel they have nowhere else to turn because they lack legal immigration status.

"We have developed, for 10 years, a place where people can come, they feel safe, they feel secure. We are not judgmental," said Reyna, who said she grew up in a violent home. "The gala is going to be an opportunity for us to show the work that we do, the people who are impacted by the work that we do. It's a celebration."

Most of the women who have walked through

For 20 years, Dora Suarez endured daily lashings and mental torture inflicted by her husband in Colombia. She slept on a thin foam mattress in the living room and had no cellphone, no car, no full-time job. He would not let her straighten her hair, tweeze her eyebrows or shave her legs.

"I had no exit," said Suarez, who has since moved to Miami and divorced her husband.

But it wasn't until Suarez was hit by her current boyfriend — with whom she lives and has a daughter — that the 40-year-old mother of four sought help.

Like many immigrant women living south of Kendall Drive, Suarez was referred to MUJER, a nonprofit agency that helps low-income, primarily Hispanic victims of domestic violence and sexual abuse. With the group's help, she was able to regain her self-esteem, find steady employment and, most importantly she says, learn how to stand up for herself.

RONNA GRADUS/MIAMI HERALD STAFF

SURVIVORS: Dora Suarez, seated, is receiving the Survivor of the Decade Award. Josefina Vazquez, left, and Maria Romero were recognized in 2004 and 2005 for their efforts in overcoming domestic abuse.

'It's like opening the door to a little caged bird who was prisoner for 20 years. I'm free.'

— DORA SUAREZ
on how the organization MUJER helped her

MUJER's unmarked doors in a Leisure City shopping center over the years, however, have come in with little reason to rejoice.

Josefina Vazquez, 37, sought help on Jan. 23, 1999. It was just days after her husband had tried to kill her, beating her bloody and locking her in a bedroom without food or water. She contacted police and then, MUJER.

'HUGE HELP'

Today, Vazquez credits the organization with the three most important moments in her life: divorcing her husband, getting full custody of her children and getting a work permit to stay in the United States.

"Their name makes them seem small, but the help is huge," said Vazquez, who was honored in 2004 as MUJER's survivor of the year.

The 2005 award recipient, Maria Romero, feels the same way.

Romero, 31, never told anyone about the sexual abuse she suffered at the hands of a relative as a 6-year-old in Mexico — until her 12-year-old son was sexually abused

by an neighbor and then tried to take his own life.

That forced Romero to open up about her painful past. She worked "like a detective" to bring the man who hurt her son to justice. And she eventually sought training to teach other members of the community about preventing sexual abuse of children.

She credits MUJER for helping her turn her life around, and for improving her marriage.

"They treat you like family," Romero said. "They said, 'Count on us.'"

Suarez, this year's honoree, said MUJER is the reason she is enjoying her "second chance at life."

She is back together with her boyfriend, who underwent anger management therapy, and says she is the happiest she has ever been. The couple is raising their 2-year-old girl, Alejandra.

She now drives, has a cellphone and works as a manicurist.

"It's like opening the door to a little caged bird who was prisoner for 20 years," Suarez said. "I'm free."

Dear Commissioner Moss:

It is with great pleasure that we the members of the GOULDS COALITION of MINISTERS and LAY PEOPLE, Inc. highly recommend CHI of South Florida, for continuous funding. For the immediate past three decades, CHI of South Florida has provided health care for the residents of South Florida, and in particularly residents of South MIAMI-DADE County. In many instances their facilities were the only place some residents could get the Medical / Dental & Mental care needed.

CHI of South Florida serves as a beacon for caring and helping residents in distress . They serve families and individuals in need of affordable services, which in many cases, would not be available to them due to their financial status. CHI of South Florida is a revered and dedicated institution in our community and the County, without the services they provide, the residents would suffer untold inconveniences and sufferings.

Therefore we plead, and prayerfully ask for your continued support of this institution for the continuous health betterment of our community.

Sincerely,

Dr. Willie J. Wright, I

Dear Mr. Moss,

Community Health of South Florida, Inc. (CHI) is a private-non-profit Federally Qualified Health Center (FQHC) providing primary and behavioral health care services to the uninsured and underinsured residents of South Miami-Dade and Monroe Counties. In Miami-Dade County, CHI operates seven state-of-the art health centers, and twenty-seven school-based health programs.

During 2009, CHI provided primary and behavioral health care services for over 71,188 patients representing over 364,000 patient care visits and sixty-four percent of the patients are uninsured.

We are requesting your support to include CHI as a separate Line Item for funding on the Miami-Dade County Budget. This will help to ensure that CHI can continue to provide health care services to the underinsured and uninsured in our community. The Miami Dade Public Health Trust has proposed to reduce funding for CHI for fiscal year 2011 by \$1,736,828.00. This reduction will result in the substantial loss of services and employment for the South Miami- Dade community and likely result in a decreased quality of life for many residents.

Please contact your Congressman, Governor, State Representative, Commissioner, Mayor and /or Local Officials to show your support.

Let Your Voice Be Heard!

Sincerely,

Jimmie L. Williams

Dear Chairman Moss:

I write this letter in support of Community Health of South Florida, Inc.'s (CHI) request to be considered for funding as a Line Item on the Miami-Dade County Budget. In doing so, CHI can continue to provide health care services to the uninsured and underinsured in the South Florida community.

CHI is a private non-profit Federally Qualified Health Center (FQHC) that provides primary and behavioral health care services to the uninsured and underinsured residents of South Miami-Dade and Monroe Counties. In Miami-Dade County, CHI operated seven state-of-the-art health centers and 27 school-based health programs. During 2009, CHI provided primary and behavioral health care services for over 71,188 patients representing over 364,000 patients care visits and 64 percent of the patients are uninsured.

Any funding awarded to CHI would be a timely response to the health related needs of the South Florida community. Additionally, the funding will lead to improving the lives of South Floridians.

Thank you for your kind attention to this important matter.

Sincerely,

Farm Share Facts

Established in 1991, Farm Share focuses on the recovery, sorting, packing, and distribution of nutritious foods for people in need. Farm Share administers a combination of USDA commodity programs and fresh produce recovery operations from two packing houses provided by The Florida Department of Agriculture. One is located in Homestead, Florida, in the heart of Miami-Dade County's farming area, and the other is in the Florida Panhandle in Quincy, Florida. Farm Share maintains additional food handling facilities in Florida City and Pompano.

This Year...

- Farm Share distributed over 15 Million lbs. of food to hunger distressed families.
- Of this amount, more than half was recovered produce.
- Our number of households served soared nearly 65% from 444,109 to 732,629.
- Agencies feeding the hungry picked up food from Farm Share 3,024 times.
- Volunteers donated over 43,500 hours of their time.

Since 1991...

- Over 268 million pounds of food, with a value of \$469.7 million, has been delivered to Florida's hungry **free of charge to both agencies and recipients.**
- With an annual budget of \$1.4 million Farm Share has recovered over \$26.6 million in food for Florida's hunger distressed. That is a 19 times (or 1,900%) return for every dollar received by the program.

A dedicated work force...

- Florida Department of Corrections provides over 20,000 hours of essential service to the agencies and needy families while receiving valuable training in warehouse skills.
- Not passing on costs to agencies feeding the hungry allows us to serve more rural and impoverished areas than other organizations.
- Many of the agencies Farm Share supplies are small, volunteer-run non-profits that cannot afford to help carry the burden of our operating expenses.
- Farm Share has administrative expenses of only 1.5% annually.*
- Farm Share uses inmate labor to enable free distributions.

** This calculation includes the value of donated food which is the accounting standard used by other organizations feeding the hungry and required by the IRS.*

Farm Share is a 501c3 charity registered in the State of Florida

Community Health of South Florida, Inc. (CHI)

Dear CHI Patients, Community Partner and Supporters:

CHI needs your support to ensure your Medical Home and your Provider of Choice receives adequate funding from the Miami-Dade County Commission. We are requesting funding for CHI to be included as a Budget Line Item in the Miami-Dade County Budget.

The Miami-Dade Public Health Trust is proposing to reduce funding for CHI for fiscal year 2011 by \$1,736,828.00. This reduction will result in the substantial loss of services and employment for the South Miami-Dade community.

Your **HELP** Is Urgently Needed!!!!!!!

Let Your VOICE BE HEARD!

Please contact your Congressman, Governor, State Representative, Mayor, Commissioner and/or local officials to show your support.

Community Health of South Florida, Inc. (CHI)

Dear CHI Patients, Community Partner and Supporters:

CHI needs your support to ensure your Medical Home and Provider of Choice receives adequate funding from the Miami-Dade County Commission. The Miami Dade Public Health Trust is proposing to reduce funding for CHI for fiscal year 2011 by \$1,736,828.00. This reduction will result in the substantial loss of services and employment for the South Miami- Dade community.

Your HELP Is Urgently Needed!!!!!!

We are requesting funding for CHI to be included as a Line Item for funding on the Miami-Dade County Budget.

Let Your VOICE BE HEARD!

Please contact your congressman, governor, state representative, mayor, commissioner and/or local officials to show your support.

Community Health of South Florida, Inc. (CHI)

Dear CHI Patients, Community Partner and Supporters:

CHI needs your support to ensure your Medical Home and Provider of Choice receives adequate funding from the Miami-Dade County Commission. The Miami Dade Public Health Trust is proposing to reduce funding for CHI for fiscal year 2011 by \$1,736,828.00. This reduction will result in the substantial loss of services and employment for the South Miami- Dade community.

Your HELP Is Urgently Needed!!!!!!!!!!

We are requesting funding for CHI to be included as a Line Item for funding on the Miami-Dade County Budget.

Let Your VOICE BE HEARD!

Please contact your congressman, governor, state representative, mayor, commissioner and/or local officials to show your support.

Dear CHI Patients, Community Partner and Supporters:

CHI needs your support to ensure your Medical Home and your Provider of Choice receives adequate funding from the Miami-Dade County Commission. We are requesting funding for CHI to be included as a Budget Line Item in the Miami-Dade County Budget.

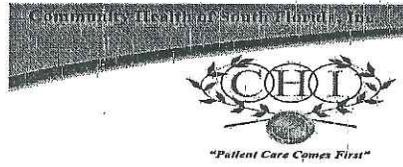

The Miami-Dade Public Health Trust is proposing to reduce funding for CHI for fiscal year 2011 by \$1,736,828.00. This reduction will result in the substantial loss of services and employment for the South Miami-Dade community.

Your HELP Is Urgently Needed!!!!!!!!!!

Let Your VOICE BE HEARD!

Please contact your Congressman, Governor, State Representative, Mayor, Commissioner and/or Local Officials to show your support.

Community Health of South Florida, Inc. (CHI)

Dear CHI Patients, Community Partner and Supporters:

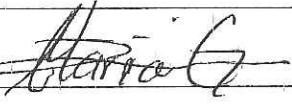

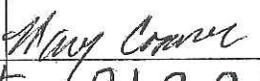

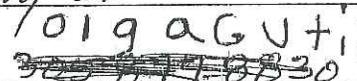

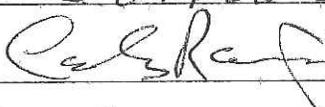

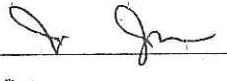

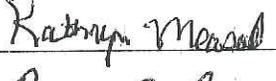

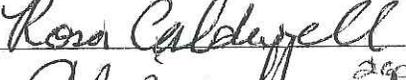

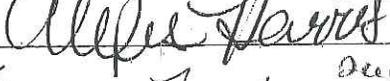

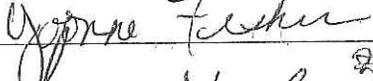

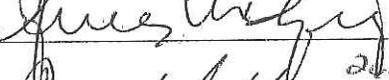

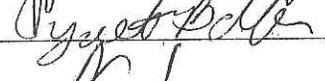

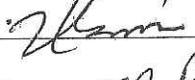

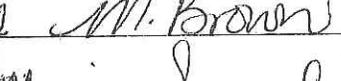

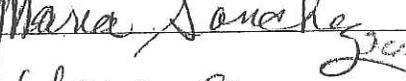

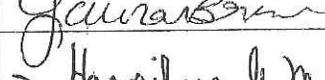

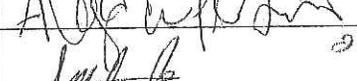

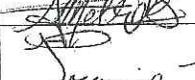

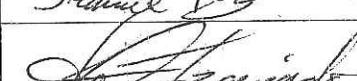

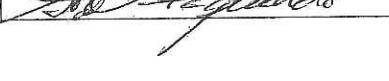

CHI needs your support to ensure your Medical Home and Provider of Choice receives adequate funding from the Miami-Dade County Commission. The Miami Dade Public Health Trust is proposing to reduce funding for CHI for fiscal year 2011 by \$1,736,828.00. This reduction will result in the substantial loss of services and employment for the South Miami- Dade community.

Your HELP Is Urgently Needed!!!!!!!!!!

We are requesting funding for CHI to be included as a Line Item for funding on the Miami-Dade County Budget.

Let Your VOICE BE HEARD!

Please contact your congressman, governor, state representative, mayor, commissioner and/or local officials to show your support.

Community Health of South Florida, Inc. (CHI)

Dear CHI Patients, Community Partner and Supporters:

CHI needs your support to ensure your Medical Home and Provider of Choice receives adequate funding from the Miami-Dade County Commission. The Miami Dade Public Health Trust is proposing to reduce funding for CHI for fiscal year 2011 by \$1,736,828.00. This reduction will result in the substantial loss of services and employment for the South Miami- Dade community.

Your HELP Is Urgently Needed!!!!!!!!!!

We are requesting funding for CHI to be included as a Line Item for funding on the Miami-Dade County Budget.

Let Your VOICE BE HEARD!

Please contact your congressman, governor, state representative, mayor, commissioner and/or local officials to show your support.

Community Health of South Florida, Inc. (CHI)

Dear CHI Patients, Community Partner and Supporters:

CHI needs your support to ensure your Medical Home and Provider of Choice receives adequate funding from the Miami-Dade County Commission. The Miami Dade Public Health Trust is proposing to reduce funding for CHI for fiscal year 2011 by \$1,736,828.00. This reduction will result in the substantial loss of services and employment for the South Miami-Dade community.

Your HELP Is Urgently Needed!!!!!!!!!!

We are requesting funding for CHI to be included as a Line Item for funding on the Miami-Dade County Budget.

Let Your VOICE BE HEARD!

Please contact your Congressman, Governor, State Representative, Mayor, Commissioner and/or Local Officials to show your support.

Community Health of South Florida, Inc. (CHI)

Dear CHI Patients, Community Partner and Supporters:

CHI needs your support to ensure your Medical Home and Provider of Choice receives adequate funding from the Miami-Dade County Commission. The Miami Dade Public Health Trust is proposing to reduce funding for CHI for fiscal year 2011 by \$1,736,828.00. This reduction will result in the substantial loss of services and employment for the South Miami- Dade community.

Your HELP Is Urgently Needed!!!!!!!!!!

We are requesting funding for CHI to be included as a Line Item for funding on the Miami-Dade County Budget.

Let Your VOICE BE HEARD!

Please contact your congressman, governor, state representative, mayor, commissioner and/or local officials to show your support.

Dear CHI Patients, Community Partner and Supporters:

CHI needs your support to ensure your Medical Home and your Provider of Choice receives adequate funding from the Miami-Dade County Commission. We are requesting funding for CHI to be included as a Budget Line Item in the Miami-Dade County Budget.

The Miami-Dade Public Health Trust is proposing to reduce funding for CHI for fiscal year 2011 by \$1,736,828.00. This reduction will result in the substantial loss of services and employment for the South Miami-Dade community.

Your HELP is Urgently Needed!!!!!!!

Let Your VOICE BE HEARD!

Please contact your Congressman, Governor, State Representative, Mayor, Commissioner and/or Local Officials to show your support.

Community Health of South Florida, Inc. (CHI)

Dear CHI Patients, Community Partner and Supporters:

CHI needs your support to ensure your Medical Home and Provider of Choice receives adequate funding from the Miami-Dade County Commission. The Miami Dade Public Health Trust is proposing to reduce funding for CHI for fiscal year 2011 by \$1,736,828.00. This reduction will result in the substantial loss of services and employment for the South Miami- Dade community.

Your HELP Is Urgently Needed!!!!!!!

We are requesting funding for CHI to be included as a Line Item for funding on the Miami-Dade County Budget.

Let Your VOICE BE HEARD!

Please contact your congressman, governor, state representative, mayor, commissioner and/or local officials to show your support.

Community Health of South Florida, Inc. (CHI)

Dear CHI Patients, Community Partner and Supporters:

CHI needs your support to ensure your Medical Home and your Provider of Choice receives adequate funding from the Miami-Dade County Commission. The Miami Dade Public Health Trust is proposing to reduce funding for CHI for fiscal year 2011 by \$1,736,828.00. This reduction will result in the substantial loss of services and employment for the South Miami- Dade community. We are requesting funding for CHI to be included as a Line Item for funding on the Miami-Dade County Budget.

Your HELP Is Urgently Needed!!!!!!!!!!

Let Your VOICE BE HEARD!

Please contact your Congressman, Governor, State Representative, Commissioner, Mayor and/or Local Officials to show your support.

Community Health of South Florida, Inc. (CHI)

Dear CHI Patients, Community Partner and Supporters:

CHI needs your support to ensure your Medical Home and your Provider of Choice receives adequate funding from the Miami-Dade County Commission. The Miami Dade Public Health Trust is proposing to reduce funding for CHI for fiscal year 2011 by \$1,736,828.00. This reduction will result in the substantial loss of services and employment for the South Miami-Dade community. We are requesting funding for CHI to be included as a Line Item for funding on the Miami-Dade County Budget.

Your HELP Is Urgently Needed!!!!!!!!!!

Let Your VOICE BE HEARD!

Please contact your Congressman, Governor, State Representative, Commissioner, Mayor and/or Local Officials to show your support.

Community Health of South Florida, Inc. (CHI)

Dear CHI Patients, Community Partner and Supporters:

CHI needs your support to ensure your Medical Home and your Provider of Choice receives adequate funding from the Miami-Dade County Commission. The Miami Dade Public Health Trust is proposing to reduce funding for CHI for fiscal year 2011 by \$1,736,828.00. This reduction will result in the substantial loss of services and employment for the South Miami- Dade community. We are requesting funding for CHI to be included as a Line Item for funding on the Miami-Dade County Budget.

Your HELP Is Urgently Needed!!!!!!!!!!

Let Your VOICE BE HEARD!

Please contact your Congressman, Governor, State Representative, Commissioner, Mayor and/or Local Officials to show your support.

Community Health of South Florida, Inc. (CHI)

Dear CHI Patients, Community Partner and Supporters:

CHI needs your support to ensure your Medical Home and your Provider of Choice receives adequate funding from the Miami-Dade County Commission. The Miami Dade Public Health Trust is proposing to reduce funding for CHI for fiscal year 2011 by \$1,736,828.00. This reduction will result in the substantial loss of services and employment for the South Miami- Dade community. We are requesting funding for CHI to be included as a Line Item for funding on the Miami-Dade County Budget.

Your HELP Is Urgently Needed!!!!!!!

Let Your VOICE BE HEARD!

Please contact your Congressman, Governor, State Representative, Commissioner, Mayor and/or Local Officials to show your support.

Estimados Pacientes de CHI, Socios de la Comunidad y gente de apoyo.

CHI necesita su apoyo para asegurar que su Centro de salud médico y su proveedor de salud de su elección reciban la ayuda financiera adecuada de La Comisión de Miami-Dade. A través de este medio solicitamos que los fondos para CHI sean incluidos en el presupuesto del Condado de Miami-Dade.

The Miami-Dade Public Health Trust propone reducir los fondos para CHI para el año fiscal 2011 por \$1,736,828.00. Esta reducción tendrá como resultado la pérdida substancial de servicios y empleos para la comunidad del sur de Miami-Dade.

Se necesita su ayuda Urgentemente!!!!!!!

Permita que Su VOZ SEA ESCUCHADA!

Llame por favor a su Congresista, al Gobernador, al representante del estado, al Alcalde, a los comisionados y/o funcionarios locales para demostrar su apoyo.

Community Health of South Florida, Inc. (CHI)

Dear CHI Patients, Community Partner and Supporters:

CHI needs your support to ensure your Medical Home and Provider of Choice receives adequate funding from the Miami-Dade County Commission. The Miami Dade Public Health Trust is proposing to reduce funding for CHI for fiscal year 2011 by \$1,736,828.00. This reduction will result in the substantial loss of services and employment for the South Miami- Dade community.

Your HELP Is Urgently Needed!!!!!!!!!!

We are requesting funding for CHI to be included as a Line Item for funding on the Miami-Dade County Budget.

Let Your VOICE BE HEARD!

Please contact your congressman, governor, state representative, mayor, commissioner and/or local officials to show your support.

Dear CHI Patients, Community Partner and Supporters:

CHI needs your support to ensure your Medical Home and your Provider of Choice receives adequate funding from the Miami-Dade County Commission. The Miami Dade Public Health Trust is proposing to reduce funding for CHI for fiscal year 2011 by \$1,736,828.00. This reduction will result in the substantial loss of services and employment for the South Miami-Dade community. We are requesting funding for CHI to be included as a Line Item for funding on the Miami-Dade County Budget.

Your HELP Is Urgently Needed!!!!!!!

Let Your VOICE BE HEARD!

Please contact your Congressman, Governor, State Representative, Commissioner, Mayor and/or Local Officials to show your support.

Community Health of South Florida, Inc. (CHI)

Dear CHI Patients, Community Partner and Supporters:

CHI needs your support to ensure your Medical Home and your Provider of Choice receives adequate funding from the Miami-Dade County Commission. The Miami Dade Public Health Trust is proposing to reduce funding for CHI for fiscal year 2011 by \$1,736,828.00. This reduction will result in the substantial loss of services and employment for the South Miami- Dade community. We are requesting funding for CHI to be included as a Line Item for funding on the Miami-Dade County Budget.

Your HELP Is Urgently Needed!!!!!!!!!!

Let Your VOICE BE HEARD!

Please contact your Congressman, Governor, State Representative, Commissioner, Mayor and/or Local Officials to show your support.
