*Adopted as amended
Ordinance 11-70
Mover: Jose "Pepe" Diaz
Seconder: Sally A. Heyman
Vote: 10- 2
No: Suarez, Martinez
Absent: Moss*

Report: County Attorney Robert Cuevas read the foregoing proposed ordinance into the record.

It was moved by Commissioner Diaz that carryover funding in the amount of \$761,000 be allocated from the Wage Adjustment and Separation Reserve to restore funding for the Office of the Chair and prospective budgets. This motion was seconded by Commissioner Jordan, and upon being put to a vote, passed by a vote of 8-5 (Commissioners Bell, Bovo, Sosa, Souto and Suarez voted "No").

It was moved by Commissioner Moss to amend the portion of the foregoing ordinance pertaining to the changes to the Office of Human Rights and Fair Employment Practices; this motion was seconded by Commissioner Jordan and upon being put to a vote, passed by a vote of 13-0.

It was moved by Commissioner Heyman that the foregoing proposed ordinance be adopted as amended. This motion was seconded by Commissioner Bovo, and upon being put to a vote, passed by a vote of 11-2 (Chairman Martinez and Commissioner Suarez voted "No").

Later in the meeting, upon a reconsideration of this item, it was moved by Commissioner Diaz that the foregoing ordinance be adopted as amended. This motion was seconded by Commissioner Heyman and upon being put to a vote, passed by a vote of 10-2 (Chairman Martinez and Commissioner Suarez voted "No" and Commissioner Moss was absent).

Hearing no further questions or comments, the Commission voted to adopt the foregoing proposed ordinance as amended.

(Note: The foregoing ordinance was adopted on Friday, September 23, 2011).

(See reports under Non-Agenda Report Items of Information for the Second Budget Hearing, Legislative File No. 121355 and 121357).

Item C

111860 Ordinance

ORDINANCE APPROVING, ADOPTING AND RATIFYING THE UNINCORPORATED MUNICIPAL SERVICE AREA MILLAGE FOR THE FISCAL YEAR COMMENCING OCTOBER 1, 2011 AND ENDING SEPTEMBER 30, 2012; LEVYING ALL TAXES SO PROVIDED; PROVIDING SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE (Office of Management and Budget)

*Adopted
Ordinance 11-71
Mover: Sally A. Heyman
Seconder: Jose "Pepe" Diaz
Vote: 12- 1
No: Jordan*

Report: *County Attorney Robert Cuevas read the foregoing proposed ordinance into the record.*

Budget Director Jennifer Moon noted the proposed Unincorporated Municipal Service Area operating millage rate was 2.0083 mills, which was 12.95 percent below the State-defined rolled-back rate.

(Note: The foregoing ordinance was adopted on Friday, September 23, 2011).

(See reports under Non-Agenda Report Items of Information for the Second Budget Hearing, Legislative File No. 121355 and 121357).

(See reports under Non-Agenda Report Items of Information for the Second Budget Hearing, Legislative File No. 121355 and 121357).

121355

Report

NON-AGENDA ITEM REPORT FOR SECOND BUDGET
HEARING - FY 2011-12 PROPOSED BUDGET

Presented

Report: County Attorney Cuevas read items A through F into the record followed by Budget Director Jennifer Moon who read the millage rates into the record.

Mayor Gimenez advised Commission members that the Administration had reached an agreement with leaders of the Government Supervisors Association of Florida (GSAF), the supervisory professional bargaining units, representing approximately 4,800 employees, and the agreement terms that would be sent to the members for ratification were as follows:

1. To reverse the July 2011 3-percent COLA and reduce the pay plan rates by 3-percent;
2. to suspend Merit and Longevity increases, Longevity Bonus Award, \$50.00 Bi-Weekly Premium Pay, and Flex Dollars;
3. to continue the 5-percent healthcare contribution, and if that was not permissible, replace it with a 4-percent reduction to the pay plan rates;
4. to take 11 unpaid Holiday Furloughs;
5. to keep the 2011 Group Health Insurance Premium rates in effect for the 2012 calendar year;
6. to make layoffs based on seniority;
7. to include re-opener clauses on the service connected disability program and the County's health plan, on Merit and Longevity increases, on Longevity Bonus Awards, and on the 5-percent healthcare contribution;
8. to include a Me-too provision whereby if any other union's economic concessions were less than GSAF, the County agrees to open the contract to discuss economic issues.

Mayor Gimenez noted he was hopeful GSAF employees would agree to the proposed agreement and Administration would proceed with negotiations with the remaining 8 bargaining unions.

Concerning the Head Start Program, Mayor Gimenez recommended that Head Start be continued for this full year and a transition be made next year. He noted issues with the Request for Qualifications (RFQ) for Delegate Agencies might require a recommendation to reject the RFQ. Mayor Gimenez said the Administration would then develop a Request for Applications (RFA) and establish a Task Force to work on recommendations for the RFA and proceed next year with a full program.

Concerning the Miami-Dade Fire Rescue Fire Boats, Mayor Gimenez said two fire boats would remain in service. He noted the boats would be tendered and manned by staff assigned to Station 21; and cross training would occur with nearby units. Mayor Gimenez said the call volume of certain units indicated that the availability factor was in the 90 percent range and adjustments were made.

Mayor Gimenez recommended that one Special Projects Administrator position be reinstated in this year's budget for the Wage Theft Program.

Chairman Martinez opened the public hearing and the following individuals appeared before the Commission.

- ~ Judge Mindy Glazer, on behalf of the Eleventh Judicial Circuit, appeared in support of restoring funding for the Court Care Program

~ Lynn Summers, 1910 NW 13 Street, Vizcaya Museum and Gardens, appeared in support of funding for museum restoration projects
~ Eric H. Braswell, 11979 SW 92 Lane, spoke on the need for public housing and job creation and suggested County vehicles and equipment be sold to reduce the budget gap

There being no other persons to appear before the County Commission, Chairman Martinez closed the public hearing.

Mayor Gimenez provided an update on the proposed FY 2011-12 budget. He noted the County was facing challenging economic realities and needed to fill a \$409 million shortfall. Subsequent to the September 8th Budget Hearing, Mayor Gimenez noted he met with commissioners individually, to discuss their concerns and to explore various options to mitigate those concerns. In some cases, the Administration identified funds that would fulfill commissioners' requests, in some cases partial funding was identified, and other cases funding was unavailable. Mayor Gimenez pointed out that his Changes Memorandum dated September 22, 2011, outlined and quantified the funding categories and programs identified since the September 8th Budget Hearing.

Mayor Gimenez noted Budget Director Jennifer Moon would respond to questions regarding the Changes Memorandum.

In response to Commissioner Sosa's comment regarding the need to correct a date involving the Head Start program, Mayor Gimenez noted a scrivener's error existed in his Memorandum, and the date reflected in line two, second paragraph under "Head Start" should be corrected to reflect "October 2011", rather than "October 2012."

Commissioner Moss noted the Office of Human Rights and Fair Employment Practices (OHRFEP) performed an important policy function for the County Commission and he believed this office should have a similar level of independence as the Inspector General's office. He also noted he believed that an additional board should be created to hear discrimination claims by County employees.

It was moved by Commissioner Moss that 1) all funding related appropriations for the 9 positions associated with the OHRFEP, as listed in the proposed budget, be placed under the County Commission, rather than under the Mayor; 2) that it be the Commission's policy that the Office shall be independent from the Commission and the Mayor, and that there be no external influence in the office in the performance of its duties from any persons including the Mayor, or any member of the Administrative staff; and that no commissioner or commissioner's employee(s) shall take part in the appointment or removal of officers, and employees in the Administrative services of the County, as such external influence would adversely affect the independence and objectivity of a director and the office staff; 3) Commissioner Moss directed the County Attorney to bring back to the Commission under his sponsorship, any necessary amendments to Chapter 11A of the Miami-Dade County Code or other Code provisions which was necessary to create a new board contemplated by this motion, and establish

the right of County employees to bring discrimination complaints before this proposed new board, hearing examiner or administrator in other related matters; and 4) that the current office staff remain in place and operate independently of the Chair's office or the Mayor's office. This motion was seconded by Commissioner Jordan.

County Attorney Cuevas noted the foregoing motion would amend Items B, D and F.

Commissioner Edmonson asked to be listed as a co-sponsor to the proposed legislation requested by Commissioner Moss.

Mayor Gimenez noted the Administration's support of the foregoing motion.

In response to Commissioner Sosa's inquiry, Mayor Gimenez confirmed that Commissioner Moss' motion would change the organizational structure as the OHRFEP would no longer report to the Administration but temporarily report to the County Commission; and if the legislation referenced was adopted, it would be a semi-autonomous or autonomous department. He concurred that this office should be separate from the Commission and the County Administration.

Commissioner Sosa noted she had a problem with the OHRFEP being placed under the County Commission.

County Attorney Cuevas noted the motion was to temporarily place the funding and the positions under the County Commission, rather than the Mayor.

Assistant County Attorney Cynthia Johnson-Stacks confirmed the intent of Commissioner Moss' motion was to temporarily remove the positions and funding to the County Commission. She noted Commissioner Moss' motion also simultaneously directed the County Attorney's Office to prepare legislation to establish a new board that would be independent of the Commission and the Administration.

In response to Commissioner Sosa's inquiry, Ms. Moon confirmed this proposal would not impact the budget.

Commissioner Barreiro suggested placing the OHRFEP under the Ethics Commission's jurisdiction, rather than creating additional independent boards.

Commissioner Diaz noted he believed the OHRFEP needed to have accountability until the proper procedure occurred.

Commissioner Bell questioned whether Commissioner Moss' intent could be accomplished in the form of a resolution, provided that the dollar amount would not be affected, and placed under the Ethics Commission at that time. She noted she was not comfortable with the OHRFEP being under the County Commission's purview.

In response to Commissioner Bell, Commissioner Moss said the OHRFEP was an independent office before the Mayor's proposal to merge it into another department. He noted he would consider this office being placed under the Ethics Commission; however, he believed it was necessary for it to be a separate office that functions independently.

FINAL OFFICIAL

Commissioner Suarez noted he would vote favorably if it was understood that the proposal was a modification of the Mayor's proposed reorganization, and that the exact format would be decided later.

Commissioner Jordan noted a board currently existed that was more operational than administrative and the Commission needed to ensure that the functions were blended.

In response to Commissioner Monestime's request for clarification on the motion, Commissioner Moss noted he was asking the County Attorney to work with him on proposed legislation which could be presented to the Commission quickly.

Responding to Chairman Martinez' questions regarding the authorities, responsibilities, and powers of the existing board, Assistant County Attorney Cynthia Johnson-Stacks advised Chairman Martinez that the Commission on Human Rights board investigated discrimination complaints from private and public employees, other than Miami-Dade County. She noted the Fair Employment Practices Office, which provided staff to that board, also investigated discrimination complaints by County employees and made recommendations to the Administration. Ms. Johnson-Stacks said Commissioner Moss' proposal was to create a new board which would address County employee complaints. She noted this proposed ordinance would require back pay or other appropriate pay be awarded when discrimination was determined.

Commissioner Moss said the powers of the proposed board would be determined by the County Commission. He noted the board would be under the Chair's office but would continue functioning as is until legislation was adopted.

Commissioner Bovo said he would support this proposal.

Chairman Martinez suggested separating the OHRFEP from the proposed merger, leaving it independent as it was, keeping the funding intact, and addressing it further when the proposed ordinance came back to the Commission.

Assistant County Attorney Johnson-Stacks noted her understanding of Chairman Martinez' intent was to leave the positions under the Mayor temporarily as a separate office; therefore, in approving the Changes Memorandum, that would be a separate office that would report to the Mayor but not be merged with any other department.

County Attorney Cuevas noted this action would be part of the budget process and the funding for this function would be separate from the proposed reorganization. He noted the funding would be placed in a separate department.

Commissioner Edmonson suggested the funds be appropriated to the Chair's Office temporarily, and during that time any grievances that may come before the OHRFEP, be delayed until a final determination was made.

Commissioner Sosa noted she was not comfortable with placing the OHRFEP under the County Commission's jurisdiction and would prefer this office to be under the Ethics Commission's jurisdiction as recommended by Commissioner

Barreiro. She expressed concern about creating additional beauracracy.

Commissioner Souto spoke in support of the OHRFEP being under the Ethics Commission.

Commissioner Bell pointed out that discriminatory complaints were currently addressed by the Equal Employment Opportunity Commission (EEOC); the Florida Commission on Human Rights (FCHR); Collective Bargaining Agreements; and federal contracts.

In response to Commissioner Jordan whether this department would be part of the Ethics Commission's responsibility, County Attorney Cuevas said he did not believe it would be because the Citizen's Bill of Rights refers to the Commission on Ethics and Public Trust with authority to review, interpret, render advisory opinions and enforce the County and municipal Code of Ethics ordinances, Conflict of Interest ordinances, lobbyist registration and reporting ordinances, ethical campaign ordinances and other related matters.

Commissioner Jordan said that that whatever legislation was proposed, the Commission had to consider the difference between the Ethics Commission's role and responsibility and the OHRFEP. She noted her support that the OHRFEP be under the Mayor's Office as this office could address issues that arose during the interim.

In response to Commissioner Moss' inquiry on how the OHRFEP could remain in its current format until the Commission decided on a structure, County Attorney Cuevas noted the funds to that department could be budgeted to a separate department. He noted the Commission was dealing with the issue of the relative powers of the Mayor's Office to establish administrative departments and the Board's power to budget. County Attorney Cuevas said placing the OHRFEP as a separate department under the Mayor could be accomplished through the Commission's budget power. He noted if the Commission wished to place the OHRFEP under the Commission when Commissioner Moss' proposed ordinance came back to the Commission, an amended or supplemental budget would be necessary.

Mayor Gimenez noted if it was the Commission's wish that the OHRFEP remain under the Mayor's Office until a permanent solution was developed, he would honor that commitment.

It was moved by Commissioner Moss that the OHRFEP remain under the Mayor's Office until a permanent solution was developed within a two-month timeframe. This motion was seconded by Commissioner Jordan.

In response to Chairman Martinez' question whether there was any function performed by the board that was not performed by anyone else, Assistant County Attorney Kraftchick said the board that dealt with private and public employers outside the County dealt with employers with a workforce of at least five employees. The EEOC in enforcing Title VII and the Florida Commission on Human Rights in enforcing the Civil Rights Act dealt with employers with at least 15 employees. Assistant County Attorney Kraftchick said the County board dealt with a slightly larger group of employees. He noted the County ordinances also dealt with discrimination on the basis of sexual orientation which was not covered by the federal Title VII or the State's Civil Rights Act. Mr. Kraftchick said the County's Fair Employment Practices Office also enforced discrimination on the basis of sexual orientation.

Commissioner Diaz noted his understanding that discrimination disputes comprised employee reporting and outside government level. Mr. Kraftchick explained the two avenues, noting the Fair Employment Practices Office dealt with County employees. He noted the Equal Opportunity Board conducts adversarial hearings, determines whether discrimination occurred and had the authority to award compensation in the form of back pay, and provide equitable relief in the form of reinstatement or promotion.

Following an explanation by Assistant County Attorney Kraftchick regarding the functions of the Commission on Human Rights Board, the Fair Employment Practices office and the Equal Opportunity Board, Commissioner Diaz noted he had no problem with the OHRFEP being placed under the Chair's Office.

Commissioner Edmonson concurred with Commissioner Diaz but noted she was not opposed to the OHRFEP temporarily remaining under the Mayor's purview.

Upon being put to a vote, the motion made by Commissioner Moss and seconded by Commissioner Jordan that the OHRFEP remain under the Mayor's Office and a permanent solution be developed within two months, passed by a vote of 13-0.

Chairman Martinez noted the foregoing vote was a preliminary vote on Items B, D and F.

Commissioner Moss questioned whether Chairman Martinez had looked at the possibility of allowing the Office of the Chair and departments/divisions under the Chair's purview, to keep their Carryover Funds to minimize the impact on those departments.

Responding to Commissioner Moss, Chairman Martinez noted he would prefer to wait until the Commission discussed the budget as he had questions pertaining to the Mayor's carryover.

Commissioner Heyman expressed appreciation to Mayor Gimenez for responding to commissioners' requests.

Commissioner Heyman questioned whether Administration had considered the possibility of cutting back on the Tuition Refund Program in order to save \$1.4 million.

Budget Director Jennifer Moon said the Tuition Refund Program was budgeted as needed and was governed by the Collective Bargaining Agreements. She noted any employee could request to participate in this Program which was granted under certain provisions. She noted similar rules applied to non-bargaining employees.

Mayor Gimenez noted the Tuition Refund Program was not part of the negotiations with the Unions; therefore, it remained at \$1.4 million.

In response to Commissioner Heyman's concern regarding the \$4.840 million advertising budget, and the County's legal obligation, Ms. Moon said that the advertising budget was \$2.842 million and various sub-object codes were associated with this amount. She noted advertising was reduced to legal obligations and promotion of County services. Responding further to Commissioner Heyman's concerns regarding the cost associated with

employment advertising when employees were laid off, Ms. Moon said that while layoffs were occurring, advertisement and recruitment for mission critical funded vacant positions would continue.

Commissioner Heyman expressed concern that \$287,000 was budgeted for 11 organizations (non-department memberships), most of which were Chambers of Commerce. She noted her preference that these funds be used to fund the Ocean Rescue deficit difference of \$98,000; or to provide additional funding to Boot Camp or to Animal Services where Code Enforcement employees were laid off.

Mayor Gimenez noted these Chambers were historically funded by the County Commission and it was the Commission's purview to eliminate this practice.

Commissioner Heyman expressed concern that funding to these organizations was not equitably distributed throughout the County, and she would prefer the \$287,000 be equitably distributed to more Chambers or allocated to Ocean Rescue.

In response to Commissioner Heyman's inquiry regarding the number of police take home cars taken out of the County, Mayor Gimenez noted an additional 250 take home cars would be eliminated. He said he would continue meeting with department directors to identify additional savings, which could not be calculated until the final number was available.

Commissioner Heyman expressed concern regarding employee salaries for the Office of Community Advocacy, noting these salaries were as high as \$130,000. She recommended these funds be shifted to an under-funded area, and this office be re-evaluated. Commissioner Heyman suggested the advisory boards be more extensive to provide additional representation.

Commissioner Heyman expressed concern regarding the \$98,000 budget shortfall for Ocean Rescue, and noted she was hopeful Mayor Gimenez would consider filling the gap. She also expressed concern regarding the reduction of \$394,000 in code enforcement for the Animal Services Department, noting she was more comfortable with directing direct funds for code enforcement rather than for an administrative position somewhere else.

Regarding funding for the fire boats, Commissioner Heyman noted it was her understanding that Mayor Gimenez was open to funding from partnerships with insurance companies. She noted she was hopeful this would result in less tendering and more operation of the boats as well as the consolidation of manpower and savings in the Fire Department.

Commissioner Heyman expressed concern regarding Phase 1, 2 and 3 of the Boot Camp Program (BCP) and asked that these phases be maintained at their existing funding levels. She noted she was hopeful the \$1.064 million shortfall could be reduced as \$3.7 million was reinstated; however, she expressed concern as to how this would be accomplished. Commissioner Heyman asked Mayor Gimenez to look at the overtime for the Department of Corrections and Rehabilitation employees, and other issues involving the BCP that did not serve the integrity of these phases. She noted she believed additional funding efficiencies for the BCP could be achieved through the Corrections Department, such as the use of video cameras when transporting inmates.

Chairman Martinez noted he would be reviewing the re-organization of

departments that reported to the Chair's Office. He noted the Mayor's request for \$1.81 million from these departments. Chairman Martinez said the savings to be provided would be discussed at a future meeting.

Chairman Martinez directed questions to Ms. Moon regarding the Mayor's September 22, 2011 Change Memorandum entitled "Information for Second Budget Hearing – FY 2011-12 Proposed Budget."

Ms. Moon noted Administration identified additional carryover funds in the Corrections and Rehabilitation Department, adjusted the carryover amount for the County Commission, and current year Utility Tax Revenue projections allowed for additional Utility Tax Revenue that could be budgeted for next year. Ms. Moon said the carryover was identified as savings from the Mayor's office budget, and reductions were also made to the Wage, Separation, and Energy Reserve. She noted additional revenues of \$3.7 million identified at the September 8, 2011 First Budget Hearing was placed into the Wage, Separation, and Energy Reserve.

Ms. Moon said that proprietary revenues were also identified including adjustments to housing revenues, movements in promotional funds, additional money available in the Inmate Welfare Trust fund and Fund 110 in the Corrections and Rehabilitation Department. She noted Administration performed an analysis of the transfer from the Tourist Development Surtax for administration, and performed a true-up. Ms. Moon said for the past three years Administration had been transferring only the budgeted amount rather than the available amount; therefore, the true-up allowed additional funds to be transferred into the General Fund. She noted this included the \$12 million from the Public Housing Agency.

Chairman Martinez noted the Mayor's Change Memorandum referenced waiving or rescinding, if necessary, various chapters of the Miami-Dade County Code. He questioned how many laws/code would be eliminated if the Mayor's proposed reorganization of County government occurred.

County Attorney Robert Cuevas advised Chairman Martinez that the Commission would be waiving the Code requirements that provide for the current structure to make allowance for the Mayor's proposed reorganization, and to address qualifications for department directors and delegations of Commission authority.

Responding to Chairman Martinez's suggestion that Seaport funds be used to fund the Fire Boat, Mayor Gimenez said the Port could be charged on a per call basis whenever the Fire Boat responded to the Port, a Port facility or a cruise ship. He noted the Fire Boat was a countywide asset and was funded through the Countywide General Fund. Mayor Gimenez also noted the Port Station responded to one call per day and the availability of personnel was pretty high.

In response to Chairman Martinez's comments regarding the reduction of payments to landlords who participated in the Section 8 Housing Choice Voucher program, Mr. Greg Fortner, Director, Miami-Dade Public Housing Agency, noted he met with Section 8 landlords to inform them that Section 8 payments would be reduced nationally by approximately \$12 million, and the County would have to lower its payment standards to landlords. He noted this would possibly increase the rent burden to Section 8 recipients and if they could not afford the increased rent the landlord could reduce the payment or the Department could provide them with a voucher to find a less expensive

unit.

Budget Director Moon clarified that of the \$17 million worth of changes outlined in the Mayor's Memorandum, \$12 million included the reduction referenced by Mr. Fortner. She noted there was approximately \$3.7 million of additional revenue and the remainder was a reallocation of revenues.

In response to Chairman Martinez' inquiry regarding the \$850,000 carryover, Mayor Gimenez noted this amount would be his carryover to the General Fund. He recommended this \$850,000 be used to create a Seniors First Trust Fund from which the County Commission could allocate funds in the event deficiencies were identified in programs for seniors. Mayor Gimenez noted if it was not used by the end of the year, it would go back to the General Fund.

Chairman Martinez asked about the funding source for the \$464,000 of additional funding for the Mom and Pop program, and Ms. Moon responded that the combination of additional revenue from carryover in the General Fund, and a reduction to the Wage, Separation and Energy Reserve allowed for additional funding for the Mom and Pop program, Community Based Organizations, the Cattle Show, and Boot Camp Program (BCP), etc.

Regarding Phases 2 and 3 of the BCP, Ms. Moon noted the adjustments that occurred which equaled \$1 million in savings. She said that one maintenance mechanic position was deleted; six positions would be shared with other functions in the department; and eight correctional officers would be moved to regular operations resulting in \$850,000 in overtime savings. Ms. Moon noted Phase 1 remained the same; however, civilians would perform the work of sworn officers in Phases 2 and 3.

The Deputy Corrections Director said Phases 2 and 3 of the BCP currently used sworn officers as case managers. She noted two of these managers would be assigned to the Monitored Release Program.

Responding to Chairman Martinez' inquiry regarding funding for the Head Start program, Ms. Moon noted union concessions across-the-board would save approximately \$2 million. She noted some operating savings had been identified and other salary adjustments were proposed to reduce the expense associated with this service delivery.

In response to Chairman Martinez' inquiry regarding the County Commission's carryover funds, Ms. Moon responded that these funds were being used to continue funding for CBOs.

Commissioner Suarez noted he was impressed by Commissioner Heyman's comments regarding Community Advocacy and Commissioner Bell's comments regarding duplication of functions across different governments. He expressed concern about eliminating four correctional counselors 2.

Commissioner Suarez commented on the Enterprise Funds, noting these funds usually included user fees. He said Enterprise Funds were also another way of issuing bonds, and the County currently had approximately \$20 billion in debt. He noted that in a meeting with the Mayor and staff, he was told that some departments were part proprietary or part departmental.

Commissioner Suarez also commented on the complexity of the budget and salary classifications. He noted his suggestion to the Mayor that employees making under \$50,000 be exempt from any cuts, and referenced a

memorandum dated October 6, 2009, to the Honorable Dennis Moss regarding tier reductions. Commissioner Suarez pointed out that an ordinance was proposed by then Commissioner Gimenez which provided that salaries between \$100,000 and \$150,000 would be reduced by 7.5 percent; \$150,000 and \$250,000 would be reduced by 10 percent; and more than \$250,000 would be reduced by 15 percent.

Commissioner Suarez spoke in support of tiered reductions. He noted the Mayor's proposed budget had not substantially reduced high level and upper management positions or salaries; the worker to manager ratio of 4.9 to one was extremely low and should be eight to 12, which the Mayor's proposed reorganization would not accomplish that. Commissioner Suarez said most of the positions to be eliminated were not administrative, and he could not support this proposed budget.

Commissioner Bell noted overall she believed this budget was straight forward, but expressed concern regarding the proposal to have one employee per board under the Office of Community Advocacy, with a budget of over \$1 million to manage nine boards. Commissioner Bell also noted the Office of Commission Auditor had 31 employees with a budget of approximately \$3 million. She suggested that commissioners look at the amount of flex pay, premium pay, and benefits in those offices.

Commissioner Bovo noted the Commission Auditor served a critical purpose. He said Commissioner Suarez raised some interesting issues, and his concerns regarding roll over of unused sick and vacation time would not be addressed in this budget. Commissioner Bovo noted this budget process should not take more than two meetings, and he believed the Mayor had done an outstanding job and even funded things he believed should have been eliminated. Commissioner Bovo said he would support the proposed budget, but felt it was the Commission's responsibility to provide residents with transparency.

Commissioner Jordan noted she was glad that Chairman Martinez indicated he would address the Commission's budget separately. She suggested that Commissioner Diaz conduct another workshop on the functions of the County boards.

Commissioner Jordan expressed concern about eliminating four correctional counselor supervisors, as well as the videographer, photographer, graphics and animation positions from Miami-Dade Television. She noted eliminating these positions would limit the County's ability to disseminate information to the community. She asked the Mayor to identify resources for the Corrections Department and Miami-Dade TV.

Commissioner Sosa noted that reviewing next year's budget would expedite this process and provide more community input. She said most of her concerns were addressed in the Mayor's Changes memorandum. She noted she was pleased that problems regarding the Head Start program and the Boot Camp phases were being addressed; and that the cleaning cycles in the Public Works Department were being increased.

Commissioner Sosa expressed concern regarding the water fee increases outlined in Agenda Item F and questioned whether these increases would be passed on to residents. She commented on the increase in the wholesale water rate; the wastewater rate, and various other credits.

Ms. Moon noted the credits would allow customers to be reimbursed. She

noted the wholesale rate (the five-year phase out) was negotiated with the City of Hialeah pursuant to an existing agreement as part of the negotiations related to the new infrastructure proposed in Hialeah, and that the transmission of credit was being phased out. Ms. Moon said the wholesale wastewater rates were being adjusted because of a true-up that was done pursuant to an agreement with the municipalities to cover the actual cost, which had been discussed with the municipality.

Commissioner Sosa asked about the Class B signs in the Department of Planning and Zoning that went from \$0.39 to \$250. Ms. Moon responded that the \$0.39 charge was a rate per square foot, which was being changed to a flat rate of \$250. She noted the proposed fee changes included increases, decreases, eliminations and establishing fees.

Commissioner Souto expressed concern that County employees were abusing the benefit(s) of take home cars, which could be addressed by entering into agreements with employees to prohibit the use of take home cars for personal use and by using the global positioning system (GPS) technology to monitor the cars. He noted the County needed to evaluate the issues involving employee salaries and determine whether employees would be fired, would take a salary cut, or would be held harmless because other savings were identified. Commissioner Souto questioned how reductions in commissioners' office budgets would help balance the budget. He also expressed concern regarding the proposed increases in water fees, noting the County's budget process could be improved, but not overnight.

Chairman Martinez pointed out that commissioners had opportunities to work on the budget all year through the Commission Committees, the Commission Auditor, and the County Administration. He also pointed out that the Commission had two Committee of the Whole meetings and two budget hearings, and noted he wished to reassure everyone that the existing budget process was not a haphazard, one-night process.

Commissioner Monestime maintained that the County would be judged by how it treated the most vulnerable residents, and he expressed concern regarding the impacts the proposed budget would have on those residents. He noted the County had neglected the economic infrastructure in the urban communities, and the lack of investment in these areas had resulted in an over reliance on public health. He expressed concern regarding the lack of jobs created by this proposed budget, and noted the financing rates or market conditions were most favorable now, and the County should take advantage by creating jobs by investing in the infrastructure. He expressed concern that the County could not spare employees earning less than \$50,000 from additional salary cuts.

Commissioner Moss asked the Mayor to characterize the outcome of the meeting held regarding the Public Housing Agency and the Mayor's proposed restructuring of County government. He expressed concern that the United States Department of Housing and Urban Development (US HUD) was controlling the Public Housing Agency a year ago.

Mayor Gimenez noted he met with US HUD representatives, and they explained they were concerned whether the County could firewall the information they wanted separate from the County, if the Public Housing Agency was combined with another department. He noted he sent US HUD a letter assuring them that the County would continue to separate and firewall the necessary functions, and that this letter included the required standard operating procedures.

Commissioner Moss noted he was still concerned regarding the proposed merger of the Public Works and Solid Waste departments.

In response to Commissioner Moss' inquiry regarding GOB project schedule and funding, Assistant County Attorney Geri Bonzon-Keenan advised the County Commission would approve the Mayor's proposed GOB project schedule and funding by approving the proposed budget.

Commissioner Moss questioned whether the Mayor's GOB project schedule and funding contemplated the possible \$200 million commercial paper program.

Mayor Gimenez noted his GOB project schedule and funding did contemplate the commercial paper program. He pointed out that the Commission could add to the GOB project list and appropriate funds at any time, and clarified that changes to the GOB project list would impact the Countywide Debt Service millage rate.

Commissioner Moss suggested the County Commission amend the proposed budget to approve the funding for GOB projects, but not specify which projects would receive the funds.

Mayor Gimenez explained the County would have to stop funding ongoing GOB projects if the Commission amended the budget as suggested by Commissioner Moss. The Mayor recommended the Commission approve the list of projects and amend it later.

Commissioner Diaz noted negotiating the collective bargaining agreement would not be easy. He expressed concern regarding the unintended consequences that may result from laying off police officers; and noted he supported the Boot Camp Program, the Fire Rescue Fire Boat, and the full-time Ocean Rescue lifeguards.

Mayor Gimenez clarified that the current proposal was to reduce the number of lifeguard hours by 4 percent, which was equivalent to less than two full-time lifeguards.

Commissioner Diaz noted he supported the funding for Court Care and for the Mom and Pop program. He suggested that the offices under the County Commission's purview retain their carryover funds and use them to offset some of the 20 percent proposed reductions in those offices.

Responding to Commissioner Diaz's question regarding the criteria that would be used to allocate monies from the Senior Trust Fund and \$150,000 of in-kind reserves, Mayor Gimenez explained that the in-kind reserve fund was used to fund services provided to non-profit organizations, and that the County could use the Senior Trust Fund to fund or offset cuts to senior services.

Chairman Martinez suggested the County Commission allocate the monies in the Senior Trust Fund to the County department that handled elderly services.

Commissioner Barreiro noted the County needed to ensure US HUD was treating the County the same way it treated every other public housing authority. He asked the Mayor to provide the County Commission with a list detailing US HUD's concerns regarding the Public Housing Agency merging

with another County department. Regarding the roll over of accrued sick and annual leave, Commissioner Barreiro suggested that any unused funds for this line item be put into a reserve, as opposed to being recaptured as part of the FY 2012-13 budget. He clarified that the cost for roll over sick and annual leave would eventually be fully funded if this practice was continued annually.

Regarding the Mayor's Changes Memorandum, Commissioner Barreiro noted the periodicals approved in the periodicals program were the same periodicals that County departments would use to advertise, which would help restore some of the reduced funding to the periodicals program. He pointed out that County residents were using the beaches at different times, and the County needed to exercise caution when changing lifeguard work schedules. He questioned how in-kind services would be handled.

Mayor Gimenez clarified that \$150,000 was allocated for in-kind services for events, and that the County Commission handled those funds. He noted the in-kind services were not a discretionary fund, and explained that these funds were intended for services provided by the County at events for a charitable organization.

Regarding GOB projects, Commissioner Barreiro noted his priorities were housing projects and other projects that could be started immediately. He noted he supported approving the debt service millage rate; however, he was hesitant to approve the specific projects that would be funded.

Assistant County Attorney Bonzon-Keenan advised that the County Commission had approved a list of projects eligible to be funded from the Series 2011A Bonds, and that this list did not provide specific funding amounts for those projects. She advised that if the Commission did not approve the Mayor's proposed expenditure authority for FY 2011-12, the County could not pay for the projects that had current contractual commitments.

Commissioner Barreiro noted GOB projects not on the list could start immediately.

Mayor Gimenez said he was committed to not executing any new GOB contracts until members of the Commission decided what projects to fund.

Commissioner Barreiro asked the Mayor to provide the County Commission with a list of the GOB projects that had current contractual commitments.

Commissioner Edmonson noted she did not want to lay off any employees. She questioned whether the Corrections and Rehabilitation Department would lay off four corrections counselor positions.

A Corrections and Rehabilitation Department employee noted the department would require \$252,000 to keep these four positions.

In response to Commissioner Edmonson's question regarding mental health counseling for inmates, a Corrections and Rehabilitation Department employee explained that Correctional Health Services at Jackson Memorial Hospital provided that counseling.

Commissioner Edmonson pointed out that the Corrections and Rehabilitation Department would hire 150 employees. She questioned why the four corrections counselor positions could not be retained, and the number of

hired employees be reduced to 146.

An unidentified Corrections and Rehabilitation Department employee explained that 111 positions would be converted, and that additional analysis was needed to identify more positions to convert.

Ms. Moon noted the original budget proposal reduced 10 positions, five Correction Counselor I positions and five Correction Counselor II positions; however, grant funding was identified to fund six of those positions. Therefore, five Correction Counselor I positions and one Correction Counselor II position were reinstated, Ms. Moon explained.

In response to Commissioner Edmonson's concern regarding employee lay offs, Ms. Moon stated the employees impacted by eliminating four positions were classified employees and who had classified rights.

Commissioner Edmonson questioned how many non-bargaining employees would be affected by layoffs.

Ms. Moon noted an estimated 200 employees would be placed in a position completely different than their current position, and each employee affected would be offered the opportunity to be pipelined.

Mayor Gimenez noted each of the employees affected would have the opportunity to fill 1,000 funded vacant positions and the County Administration would make every effort to pipeline those employees into those vacant positions.

In response to Commissioner Edmonson's inquiry regarding the contamination clean up at Olinda Park, Ms. Moon confirmed that the County Administration was committed to cleaning up the park and replacing all affected structures.

Commissioner Edmonson expressed concern with high unemployment rates and commented on the number of pending County projects. She suggested the County expedite those pending projects to spur economic development, particularly the swimming pool at Bannerman Park, the Culmer neighborhood service center, and the Wynwood/Alapattah neighborhood service center.

Commissioner Jordan inquired about the funding for the Women's Detention Center.

Deputy Director Barr noted 60 additional non-security, non-safety positions currently staffed by sworn correctional employees were identified and would be converted to civilian positions; and the sworn officers currently occupying those positions would be transferred into positions that would enable the department to reduce overtime.

Commissioner Jordan requested six additional sworn correctional officer positions from two posts be identified.

Deputy Director Barr noted the Corrections and Rehabilitation Department was looking at 99 other positions that could be converted, but some positions had issues with interrelated duties.

Commissioner Jordan noted that six of the 99 positions previously mentioned could be saved using the same creative funding strategies as the Women's

Detention Center. She suggested the County Administration look at that issue.

Upon inquiry by Chairman Martinez regarding ongoing negotiations with several labor unions, Mayor Gimenez noted the County Administration intended to continue negotiating or declare an impasse during the first week of October. He noted he was optimistic that the Administration could reach an agreement with some unions; however, others would result in an impasse.

Chairman Martinez asked what other budget cuts the County Administration could recommend to avoid layoffs in the Miami-Dade Police Department (MDAD).

Mayor Gimenez noted any recommended budget cuts would depend on how many agreements were negotiated successfully with the labor unions. He explained that he had directed the MDPD Director to streamline administration, to bump employee's down, and to ensure street patrol was the last to be impacted by layoffs.

Mayor Gimenez noted the layoff notification process would begin the first or second week of October 2011, and the County Administration had already compiled a list. He clarified that he wanted to reach an agreement with the Police Benevolent Association Union (PBA) before any notices were sent out.

Chairman Martinez asked whether the County Administration had a plan to avoid the layoff of police officers.

Mayor Gimenez expressed concern with conducting layoffs of employees whose labor unions had reached an agreement with the County Administration, in order to prevent the layoff of police officers. He noted over 2,000 employees, represented by various labor unions were already making sacrifices by having their pay frozen and making contributions of up to 10 percent of their salary. Mayor Gimenez clarified, other concessions being discussed with the labor unions included employees making an additional 5 percent contribution towards their health insurance, or taking a 4 percent reduction in their base pay, and/or 11 unpaid holidays that equated to the 4 percent.

Chairman Martinez explained that the MDPD was funded predominantly through UMSA. He expressed concern that the PBA and County Administration would not reach an agreement in time and many police officers would be laid off.

Commissioner Heyman commented on the increase of \$344,000 for the maintenance of effort to Jackson Health System (JHS). She questioned how the projected funding deficit at JHS would be absorbed.

Mr. Carlos Migoya, Chief Executive Officer, Jackson Health System, noted JHS had a \$400 million deficit and arrived at a balanced budget by including initiatives identified by Price Waterhouse, by bargaining with unions for employee compensations, by managing attrition/overtime, and by reducing the operating agreement with the University of Miami.

Mr. Migoya noted costs associated with the 700 County employees currently in the JHS health plan was still a concern and discussions were underway with members of the County Administration to address that issue.

It was moved by Commissioner Heyman to eliminate the CBO CC

memberships filing totaling \$356,271 and allocate those funds to increase the hours of Ocean Rescue; to increase Mom and Pop funding to 100 percent; and to increase code enforcement personnel.

Chairman Martinez requested clarification on Commissioner Heyman's motion.

Ms. Moon explained the funding was split between countywide funds and UMSA funds, and she would need to review the actual list. She noted Commissioner Heyman's motion related to Ordinances B and D.

Commissioner Heyman clarified her motion was to eliminate the following members from the CBO CC Membership: Columbian American Chamber of Commerce of Greater Miami, \$19,523; Community Advocacy Emergency Aids Relief Coalition, \$7,500; Coral Gables Chamber of Commerce, \$2,640; Economic Development of South Miami Dade Inc., \$35,923; Greater Miami Chamber of Commerce, \$29,050; Latin Chamber of Commerce Friends Camacol \$84,602; Miami Beach Latin Chamber of Commerce, \$13,016; Miami Dade Chamber of Commerce, \$26,031; National Forum of Black Public Officials, \$15,000; South Florida Hispanic Chamber of Commerce, Inc., \$13,016; South Florida Puerto Rican Chamber of Commerce Inc., \$41,129; and National League of Cities \$68,841.

Commissioner Heyman further clarified her motion included redirecting the \$356,271 saved to the following: \$98,000 to Ocean Rescue for increased part-time hours; \$116,000 to the Mom and Pop Program; and \$142,271 to restore some of the six Code Enforcement positions eliminated from Animal Services.

The foregoing motion died due to lack of a second.

It was moved by Commissioner Diaz that carryover funding for the divisions under the Office of the Chair in the amount of \$761,000 and prospective budgets be retained. This motion was seconded by Commissioner Jordan.

Ms. Moon noted Commissioner Diaz would need to identify \$761,000 in expenditure reductions elsewhere in the budget since this amount was included in appropriated revenues. She suggested taking the funds from the Wage Adjustment and Separation Reserve to avoid layoffs and reducing funding to CBOs; however, she pointed out there would be less money available in the event of layoffs and failure to achieve employee concessions. Ms. Moon noted future adjustments might be necessary if the Reserve did not have sufficient funds.

Commissioner Diaz noted his desire to take funds from the Wage Adjustment and Separation Reserve.

Commissioner Bell said she could not support the foregoing motion, noting these dollars should be allocated to the General Fund.

Chairman Martinez proposed the following reductions if the carryover funding was not used: Office of the Chair (eight-percent); Protocol Division (eight-percent); Media Division (eight-percent); Commission Auditor (23 percent/2 employee reduction); Office of Intergovernmental Affairs (17 percent/1 employee reduction); Commission Support staff (eight-percent); and Community Advocacy (30 percent).

In response to Commissioner Sosa's inquiry regarding departments with a

FINAL OFFICIAL

surplus, Ms. Moon said non-spent budget appropriations in General Fund departments would revert to the General Fund and become part of the carryover revenue for the following year.

Commissioner Sosa noted she could not support keeping surplus funding for some and not all departments.

Commissioner Monestime asked whether the Administration had identified a funding source if the departments under the County Commission were allowed to retain their carryover funds.

(SPECIAL NOTE: See Non-Agenda Item Report Legislative File No. 121357 for continuation of this report).

121357

Report

NON-AGENDA ITEM REPORT CONTINUATION FOR
SECOND BUDGET HEARING - FY 2011-12 PROPOSED
BUDGET

Presented

Report: Ms. Moon suggested taking the funds from the Wage Adjustment and Separation Reserve; however, cautioned the members of the County Commission that more people would need to be laid off in order to cover the separation costs associated with layoffs if there was insufficient funding, or if an agreement was not reached with the unions.

Commissioner Monestime noted his support for the foregoing motion to prevent layoffs in the departments under the County Commission's purview.

Responding to Commissioner Moss' inquiry regarding carryover funds, Ms. Moon noted General Fund subsidized departments did not keep carryover funds and any funds that were not spent from their annual appropriation reverted to the General Fund and became part of the following year's carryover.

Commissioner Barreiro suggested the County Commission consider allowing departments to carryover funds as a general policy.

Ms. Moon noted there were Code provisions which allowed for profit sharing with the departments at the Mayor's discretion. She said that opportunities for profit sharing were available when the County had excess revenues and not reducing its expenditures annually. Ms. Moon noted the General Fund had shrunk over the past three to four years and carryover funds were needed to maintain services.

It was moved by Commissioner Diaz that carryover funding in the amount of \$761,000 be allocated from the Wage Adjustment and Separation Reserve to restore funding for the Office of the Chair and prospective budgets. This motion was seconded by Commissioner Jordan, and upon being put to a vote, passed by a vote of 8-5, (Commissioners Bell, Bovo, Sosa, Souto and Suarez voted "No")

County Attorney Cuevas noted the foregoing motion would affect Items B and D.

Item A

County Attorney Robert Cuevas read the foregoing proposed ordinance into the record.

Budget Director Jennifer Moon noted the proposed Countywide operating millage rate was 4.8050 mills, which was 10.35% below the State-defined rolled-back rate.

Hearing no further questions or comments, the Commission voted to adopt the foregoing proposed ordinance.

(Note: The foregoing ordinance was adopted on Friday, September 23, 2011).

Item B

County Attorney Cuevas noted the foregoing proposed ordinance would be adopted as amended to incorporate the applicable changes delineated in the County Mayor's Changes Memorandum dated September 22, 2011, entitled "Information for Second Budget Hearing – FY 2011-12 Proposed Budget." This would include incorporating the applicable changes in the memorandum regarding tables of organization (Attachment A), with the exception of the Office of Human Rights and Fair Employment Practice, which would remain funded as a separate department under the Mayor; to add back the over-

stricken language in Section 12 (pages 4 through 10) of this proposed ordinance; and to add back the over-stricken text and figures in the schedule of expenditures (pages 14-15), and to delete the underlined text and figures.

County Attorney Cuevas noted as it related to non-organizational matters, to incorporate all other matters contained in the Mayor's Memorandum; additionally to include the waiver of Section 2-1799(e), related to the disposition of unexpended commission district office budgets, to apply to the Mayor's Office budget funds; and to include Commissioner Diaz' motion.

It was moved by Commissioner Bell that the \$850,000 carryover from the Mayor's budget be allocated to the General Fund. This motion was seconded by Commissioner Moss, and upon being put to a vote, passed by a vote of 9-4, (Commissioners Diaz, Jordan, Monestime and Barreiro voted "No").

It was moved by Commissioner Heyman that the foregoing proposed ordinance be adopted as amended to include the amendments noted by County Attorney Cuevas and Commissioner Bell's amendment. This motion was seconded by Commissioner Bovo, and upon being put to a vote, passed by a vote of 11-2 (Chairman Martinez and Commissioner Suarez voted "No").

Later in the meeting, upon Commissioner Moss' request, it was moved by Commissioner Jordan that the foregoing ordinance be reconsidered. This motion was seconded by Commissioner Suarez, and upon being put to a vote, passed by a vote of 13-0.

Upon a reconsideration of this item, it was moved by Commissioner Diaz that the foregoing ordinance be adopted as amended. This motion was seconded by Commissioner Heyman and upon being put to a vote passed by a vote of 10-2, (Chairman Martinez and Commissioner Suarez voted "No"), (Commissioner Moss was absent).

Hearing no further questions or comments, the Commission voted to adopt the foregoing proposed ordinance as amended.

(Note: The foregoing ordinance was adopted on Friday, September 23, 2011).

Item C

County Attorney Robert Cuevas read the foregoing proposed ordinance into the record.

Budget Director Jennifer Moon noted the proposed Unincorporated Municipal Service Area operating millage rate was 2.0083 mills, which was 12.95 percent below the State-defined rolled-back rate.

It was moved by Commissioner Heyman that the foregoing ordinance be adopted. This motion was seconded by Commissioner Diaz and upon being put to a vote passed by a vote of 12-1, (Commissioner Jordan voted "No").

Hearing no further questions or comments, the Commission voted to adopt the foregoing proposed ordinance.

(Note: The foregoing ordinance was adopted on Friday, September 23, 2011).

Item D

County Attorney Robert Cuevas read the foregoing proposed ordinance into the record.

County Attorney Cuevas noted the foregoing proposed ordinance included the applicable changes delineated in the County Mayor's Changes Memorandum dated September 22, 2011, entitled "Information for Second Budget Hearing – FY 2011-12 Proposed Budget" including tables of organization (Attachment A), with the exception of the Office of Human Rights and Fair Employment Practices, which would remain funded as a separate department under the Mayor; to add back the over-stricken language, including departmental names and delegations of authority and changes to qualifications for department directors in Section 11 (pages 4 through 11) of this proposed ordinance; and to add back the over-stricken text and figures in the schedule of expenditures on page 15 and to delete the underlined text and figures.

County Attorney Cuevas noted additionally, non related to re-organization, all other matters contained in the Mayor's Memorandum to be incorporated in Item D, to waive Section 2-1799(e) of the Code relating to Mayor's office budget; and to include Commissioner Diaz' and Commissioner Bell's motion.

It was moved by Commissioner Diaz that the foregoing proposed ordinance be adopted as amended. This motion was seconded by Commissioner Heyman, and upon being put to a vote, passed by a vote of 11-2 (Chairman Martinez and Commissioner Suarez voted "No").

Later in the meeting, upon Commissioner Moss' request, it was moved by Commissioner Jordan that the foregoing ordinance be reconsidered. This motion was seconded by Commissioner Suarez, and upon being put to a vote, passed by a vote of 13-0.

Upon a reconsideration of this item, it was moved by Commissioner Diaz that the foregoing ordinance be adopted as amended. This motion was seconded by Commissioner Heyman and upon being put to a vote passed by a vote of 10-2, (Chairman Martinez and Commissioner Suarez voted "No"), (Commissioner Moss was absent).

Hearing no further questions or comments, the Commission voted to adopt the foregoing proposed ordinance as amended.

(Note: The foregoing ordinance was adopted on Friday, September 23, 2011).

Item E

County Attorney Robert Cuevas read the foregoing proposed ordinance into the record.

Budget Director Jennifer Moon noted the proposed Miami-Dade Fire Rescue Service District operating millage rate was 2.4496 mills, which was 4.43 percent below the State-defined rolled-back rate; the proposed Miami-Dade Library System operating millage rate was 0.1795 mills, which was 35.87 percent below the State-defined rolled-back rate; the proposed Countywide Debt Service millage rate was 0.285 mills; and the proposed Fire Rescue District Debt Service millage rate was 0.0131 mills.

Hearing no further questions or comments, the Commission voted to adopt the foregoing proposed ordinance.

(Note: The foregoing ordinance was adopted on Friday, September 23, 2011).

Item F

County Attorney Robert Cuevas read the foregoing proposed ordinance into the record.

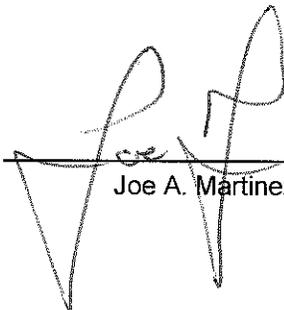

County Attorney Cuevas noted the foregoing proposed ordinance was amended to incorporate the applicable changes delineated in the County Mayor's Changes Memorandum dated September 22, 2011, entitled "Information for Second Budget Hearing – FY 2011-12 Proposed Budget" including tables of organization (Attachment A), with the exception of the Office of Human Rights and Fair Employment Practices, which would remain funded as a separate department under the Mayor; to add back the over-stricken language in Section 6, relating to departmental name changes, changes in delegations of authority and qualifications for directors (pages 3 through 10) of this proposed ordinance; and in the attached 107-page listing of departmental expenditure allocations, to add back the over-stricken text and figures and to delete the underlined text and figures; and to include all other matters in the Mayor's Memorandum.

It was moved by Commissioner Diaz that the foregoing ordinance be adopted as amended. This motion was seconded by Commissioner Bell, and upon being put to a vote passed by a vote of 8-5, (Chairman Martinez and Commissioners Moss, Sosa, Souto, and Suarez voted "No").

(Note: The foregoing ordinance was adopted on Friday, September 23, 2011).

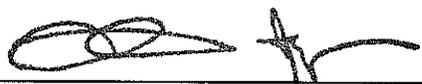

2 ADJOURNMENT

Report: There being no further business to come before the County Commission, the Budget Hearing was adjourned at 2:47 a.m. on Friday, September 23, 2011.

Memorandum

Date: September 19, 2011
To: Honorable Joe A. Martinez, Chairman
Board of County Commissioners
From: Carlos A. Gimenez
Mayor 
Subject: Merit Information

In response to your September 2, 2011 memorandum relating to merit pay value by department, the Office of Management and Budget prepared the attached report for your review. It provides the estimated merit savings for FY 2011-12.

Should you have any questions, please do not hesitate to contact Jennifer Moon, Budget Director, Office of Management and Budget at 305-375-5143, or me directly.

**BOARD OF COUNTY COMMISSIONERS
OFFICE OF THE COMMISSION AUDITOR**

M E M O R A N D U M

TO: Honorable Joe A. Martinez, Chairman
and Members, Board of County Commissioners

FROM: Charles Anderson
Commission Auditor

A handwritten signature in black ink, appearing to read "Charles Anderson", is written over the printed name and title.

DATE: August 23, 2011

SUBJECT: FY 2011-12 BCC/Non-Mayoral Budget Recommendations

In accordance with Ordinance No. 10-36, the Office of the Commission Auditor (OCA) has prepared budget recommendations for all departments and divisions that report to the Board of County Commissioners (BCC). Additionally, budget recommendations have also been prepared for the non-mayoral departments: the Commission on Ethics and the Public Trust (COE), the County Attorney's Office (CAO), and the Office of the Inspector General (OIG).

The Mayor's FY 2011-12 Proposed Budget, Volume 1, Page 28, states:

The subsidy to the Board of County Commissioners is reduced by 10 percent (\$1.818 million); the projected balance remaining at the end of FY 2010-11 is recaptured and used to fund general fund services (\$2.690 million).

It is my understanding that the Mayor, in addition to other employee benefit reductions, will propose an 8% cut to the County Pay Plan rates in lieu of a 10% contribution to Group Health Insurance. Should this plan be approved by the Board, I would offer that employees be given the choice of an 8% pay cut or take the equivalent amount of furlough days.

During this month, we met and/or discussed the Proposed Budget with the aforementioned offices, including most individual BCC district offices. The primary focus was to review any budgetary concerns they ~~had~~ have with the proposed budgets for their offices. The Mayor's Proposed Budget assumes a freeze during FY11-12 to flex, premium pay and longevity. The following information represents our proposed recommendations to the offices (at the time of our meetings):

*Exhibit
9-22-11
2nd Budget Hearing*

- The Office of the Chair and its direct offices (*Attachment 1*) are proposed to be cut by 20% from \$3.974 million in the FY 10-11 Adopted Budget to \$3.160 million in the FY 2011-12 Proposed Budget. Given this reduction, the Office of the Chair may have to reduce staff and/or operating expenditure:
 - Office of the Chair - \$562,000
 - Support Staff - \$252,000
 - \$814,000**

- The individual district offices were aware that their individual district budgets will remain flat at \$814,000 with the same allocated amounts used in the FY 10-11 Adopted Budget. They will utilize various alternatives such as: frozen vacancies to remain flat and within budget for FY 11-12.

- In the OCA, three frozen positions from FY10-11 were eliminated in the proposed budget (two legislative analysts and one legislative supervisor). Currently, a budget manager, an audit manager and a legislative analyst position are vacant. In the FY11-12 Proposed Budget, the OCA budget is proposed to be cut by 24%, from \$3.156 million in the FY 10-11 Adopted Budget to \$2.401 million in the FY 2011-12 Proposed Budget. Given this reduction, OCA will have to reduce staff by another six (6) FTE's (based on the average salary of non-executive staff), impacting the number of audits to be performed, budgetary analyses and legislative analyses (*Attachment 2*).

- The Office of Intergovernmental Affairs (OIA) budget is proposed to be cut by 24% from \$1.048 million in the FY10-11 Adopted Budget to \$797,000 in the FY 2011-12 Proposed Budget. Given this reduction OIA may have to reduce staff by one (1) FTE's (based on the average salary of non-executive staff) and operating expenditure, by \$76,000 (*Attachment 3*).

- The COE requests the restoration of two of three positions (\$222,000) from the proposed \$1.775 million to \$1.997 million. (*Attachment 4*). As per the COE Director, "*The County Manager has proposed reducing the Ethics Commission budget by 16% and cutting the staff by 3 employees when, in fact, the workload has increased and additional staff would be in order. As a result of last year's amendment to the County ethics code, the workload of the investigators and the attorneys have increased due to jurisdiction over two additional categories of employees. Elimination of one attorney in the advice-giving unit would in effect double the workload of the remaining attorney. Elimination of one of the two outreach positions will decimate the award winning, model education and outreach program that is now in place. We have one vacant investigator that we have not been permitted to fill in the past, which we are willing to eliminate at this time, but further reductions of the auditor or an additional investigator would*

render us unable to effectively cover the County and municipalities that we are mandated to review. In addition to eliminating the vacant position, we have agreed to freeze all salary and other benefits for the year. Our administrative functions are currently being performed by the Administrative Law Clerk. Our staff is already as lean and efficient as we can possibly be while still functioning at an acceptable level.”

- The CAO accepts the Mayor’s FY 2011-12 Proposed Budget at \$21.742 million down from \$23.518 million in FY 2010-11, a reduction \$1.776 million. The proposal will reduce budgeted positions from 125 to 119, but will not result in the loss of any current staff, since the office currently has 115 filled full time employees (payroll records 08-07-11, Employee Data Warehouse). (*Attachment 5*).
- The OIG accepts the Mayor’s FY 2011-12 Proposed Budget at \$5.388 million down from \$5.621 million in FY 2010-11 which will freeze the hiring of two vacant positions. OIG also accepts the Mayor’s proposal to reduce employee benefits as long as the Board of County Commissioners accepts the same reductions for its employees (*Attachment 6*).

Should you require additional information, please feel free to contact me at (305) 375-2524.

SERVICE TO THE COMMUNITY

A short survey was completed by 42 non-profit social service organizations, ranging from large organizations with several hundred employees to small and all-volunteer organizations. The findings show that these organizations are an important source of employment in the local economy and provide needed services to local residents.

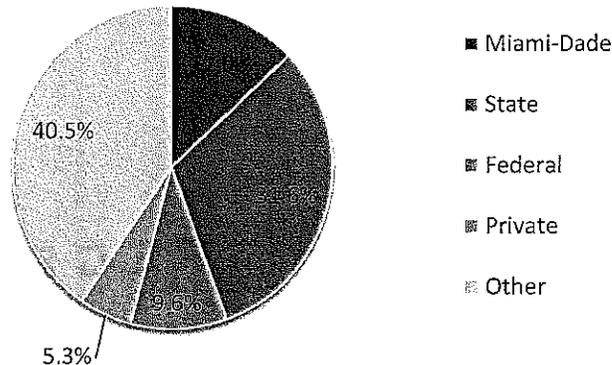

- The surveyed organizations provided 51,000 units of service to 202,799 clients during the last fiscal year, including children, people with disabilities, crime victims, the elderly, and families.
- Such services include child care, elderly transportation, tutoring programs, medical and counseling services, supported employment programs, leadership training programs, character development workshops, and the distribution of over 20,000 meals.

LOCAL JOBS AND ECONOMIC IMPACT

In addition to providing valuable and necessary services to the community, the findings show that CBO's are an integral part of Miami Dade's economy. The organizations surveyed are responsible for creating thousands of jobs with fair pay and employee benefits.

- The surveyed organizations provide employment for 2,038 people, 37% of those being full-time employees.
- 66% of the surveyed organizations pay their employees at least \$4 above minimum wage, the average being \$13.89 per hour.
- The 42 CBO's received a total of \$15.6 million from Miami-Dade County,
- but brought in \$65 million from outside sources to our local economy.

CBO Funding by Source

IMPACT OF BUDGET CUTS

Without Miami-Dade funds, 30% of the organizations would face total or partial closure of its offices, with 4 having to shut operations down entirely; at least 9 programs would be discontinued, and at least 112 jobs would be eliminated. Below are two examples of programs that would be impacted by further cuts to their budgets.

"A further cut from the County would result in a lay-off of one case Manager, two part-time therapists; and a loss of 25% of our overall operating expenses including space costs. This would impact our ability to maintain services and we anticipate that half of our clients would not be served. That's a loss of approximately 3,000 units of service to approximately 300 primary victims of domestic violence and sexual assault. Loss of funding may also jeopardize our certification as a rape crisis center and the loss of funding from the Florida Council Against Sexual Assault." - survey respondent

"I have already cut my salary by 50%. Another cut from the County would mean that we have to stop serving food to many of the disabled indigent dialysis patients that we now serve." - survey respondent

If funding from Miami-Dade were cut next year, what would that mean for the organization?

- At least 30% of the organizations would face total or partial closure of its offices (4 would have to shut down entirely).
- At least 112 (5%) job positions would be terminated
- At least 1,713 clients (including children and people with disabilities) would be affected
- At least 9 programs would be shut down
- Though salary cuts may happen, most organizations would have to eliminate entire positions instead
- Reduction in number of hours worked (elimination of both part and full-time jobs)
- Shifting of responsibilities to fewer workers, increasing stress and lowering morale
- Negative impact on quality of services
- Reduction in clients may lead to loss of certification which may lead to loss of additional funding
- Impact on trade, crime, cultural exchange, community service, etc.

If funding from Miami-Dade were cut next year, what would that mean for the organization?

- Reduction in staffing and clients
- Reduction in clients served (at least 750 children)
- Reduction of employment programs, at least 10 employees, 500 units of service, and closure of 1 office
- Reduction of trade, cultural exchange, and bilateral economic development
- Reduction of at least 40 clients, reduction on equipment and equipment repair
- Reduction of transportation services by 50%, lack of raises, strain on staff morale and relations
- Reduction in services offered, reduction in staff (at least 2 employees)
- Salary cuts, reduction in number of clients served
- Reduction in staff (at least 2), 150 clients would be affected, possibility of organization shutting down
- Reduction of full-time shifts, Increase in part-time shifts
- Reduction of part-time staff and shift select few to full-time positions, strain on individuals (too much for one person)
- Reduction of at least 1 staff member, resulting in 15% review reduction and loss of at least 180 clients
- Impact on the quality of programs and services
- Affects up to 70 employees as well as clients
- Drastically set enrollment caps, limit the amount of children accepted for services
- Closing of organization
- Possible closure, significant change in hours of operation, possible increase in crime
- Possibly continue with no funding
- Termination of program (crisis follow-up) as well as elimination of staff in charge
- Elimination of 6 staff members and services for 60 clients
- Elimination of 2 full-time positions
- Elimination of 2 full-time staff members and elimination of worker center
- Redistribution of budget, some staff or clients may be affected, wouldn't impact the quality
- Elimination of 4 full-time staff, 4 part-time staff, out-of-school services, and reduction in youth prevention by 50%
- Reduction of 20% of the staff, reduction of 30-40% of clients, quality of service impacted
- Not affected
- Reduction of staff, reduction of appointments accepted by almost half, increase amount of time clients must wait to receive services
- Elimination of one program entirely along with its part-time employee and local subcontractors

If funding from Miami-Dade were cut next year, what would that mean for the organization?

(Continued)

- Reduction of staff, impact on quality of program
- Reduction of at least 1-3 staff members, resulting in loss of at least 135 clients
- Elimination of one managerial position, 2 part-time positions, loss of 25% of operating expenses including space costs, possible loss of 3 agencies, possible loss of at least half of clients, loss of certification which leads to possible loss of other funding
- Discontinuation of programs
- Likely closure
- Reduction of 148 clients, some with disabilities, elimination of at least one full-time position.

Trends:

- Two organizations receive funds solely from Miami-Dade County.
- 66% of the organizations pay their employees at least \$4 above minimum wage
- 46% of the organizations don't have any employees receiving health care as a benefit.
- 39% (16) of the organizations do not meet their budget when combining funds received from all four listed sources

August 2010

Summary:

75 agencies who are funded by the county are facing a 50% cut in Mayor Gimenez's current proposed budget. Research from FIU shows that the contributions of these agencies -beyond meeting hundreds of thousands of client's immediate needs each year - is measured in thousands of jobs and millions of dollars of additional funds they pump into the economy.

With the 3rd-highest unemployment rate and the highest foreclosure rate in nation, cuts to core services could lead to a tipping point through increasing unemployment, foreclosures and a further eroding our tax base. Any cuts will severely damage Miami-Dade County's ability to recover from the recession.

"Cutting these agencies during a recession it would directly add to unemployment and increased need, meaning higher foreclosure rates, decreased property values while losing basic infrastructure to provide services which in turn could fuel a deepening spiral"

-Karen Woodall, Executive Director, Florida Center For Fiscal and Economic Policy

About the Penny Wise Campaign

The Penny Wise Campaign is a coalition of community and labor organizations fighting to keep the services and jobs that make Miami-Dade County prosperous. The campaign derives its name from the expression, "Don't be penny wise and pound foolish." We ask decision makers to cut from the top, not from the bottom, when crafting a budget for Miami-Dade County.

www.hscdade.org for more information.

History

The Penny Wise Campaign was launched when Miami-Dade County Mayor Carlos Alvarez proposed a budget for FY 2009-10 that would eliminate **all** funding for community-based organizations in social services, environment and the arts.

Thousands of Miami-Dade residents organized in response to these plans, attending planning meetings, signing petitions, demonstrating at rallies and collaborating across organization and sector.

Thanks in large part to a strong shared message from community organizations, nonprofits were not eliminated from the budget. Instead, 70% of the previous year's budget amount was preserved.

In 2010, Mayor Alvarez proposed cutting 25% of CBO funding. Again, because we organized, our funding was preserved.

What does "Penny Wise" mean?

The Campaign derives its name from the expression, "**Don't be penny wise and pound foolish.**" This is our message to the county commission: don't make short-term cuts that could have difficult long-term consequences.

What does the Campaign stand for?

*Eschukit
September 22, 2011
2nd Budget Hearing*

Penny Wise Campaigners believe that our communities are suffering enough and cannot afford cuts to vital services. The burden of difficult financial decisions should not fall on the most vulnerable among us. We are calling upon the County to maintain necessary services and jobs.

Who is part of the Penny Wise Campaign?

The Penny Wise Campaign is largely made up of nonprofit professionals, labor organizations and concerned community members. Some of our partner organizations include [Switchboard of Miami](#), [MUJER](#) and [Allegany Franciscan Ministries](#).

Day Without Services action shows that proposed Miami-Dade County budget cuts will lead to more joblessness and deepening recession

Miami's online community was inundated yesterday with powerful messages about the potential impact of County budget cuts. Dozens of organizations showcased the importance of nonprofit County service providers in advance of the first County budget hearing on September 8th by posting stories and data about the clients they serve daily on their social media sites.

With the 3rd-highest unemployment rate and the highest foreclosure rate in nation, the stories show cuts to core services will severely damage Miami-Dade County's ability to recover from the recession by increasing unemployment, foreclosures and further eroding our tax base.

"It is not only irresponsible to cut core services and jobs right now- it could lead to long term damage to the economy. It would directly add to unemployment and increased need, meaning higher foreclosure rates, decreased property values while losing basic infrastructure to provide services which in turn could fuel a deepening spiral"

-Karen Woodall, Executive Director, Florida Center For Fiscal and Economic Policy

Here are some of the stories they shared:

The Dialysis Food Foundation of South Florida

-**"Without the free food that we have been providing to our medically indigent and disabled dialysis patients since 1997, many of our patients would not survive.** It would be a travesty to stop the services to one of the most underserved populations in our community. [If we were not here today over] **35 children and 114 adults would not receive the nutritionally balanced meal that we provide for them"**

The Prosperity Campaign Of Greater Miami:

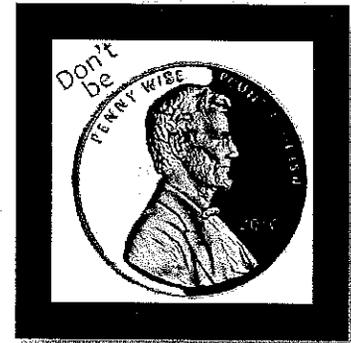

"[If there were a day without services] over 20 low income families would not have received help getting access to public benefits such as KidCare, Medicaid and food stamps"

-**"Annette", a client, says that "Without the prosperity Campaign, my family and I would be out on the streets or in a shelter, we would be in debt beyond belief"**

Citi Church Miami

"Imagine a day without our CitiKidz afterschool program. Without CitiKidz, 50 children (ages 6-14) would not receive homework assistance, reading support, physical education, social skills sessions and lots of love from our CitiKidz staff & CitiChurch peeps!"

*eschikit
September 22, 2011
2nd Budget Hearing*

Human Service Coalition

In a Day without Services, **over \$65 million in additional revenue nonprofit county agencies pump in to our economy would have left Miami-Dade, making an untold number of jobs disappear.**

MUJER:

-"[If there were a day without services] **Fifteen people would not have received services to protect them from domestic violence today; 8 women would not have participated in support groups.**]

-A client "RH" says "**I would feel very alone** and there would be nobody I would talk to. Remember before I came to MUJER for therapy I was constantly, blaming myself for the abuse. Now I don't blame myself.

-Another client said "**I am one of 48 people on a waiting list** and I really need help... "

Family Counseling Services of Greater Miami, Inc.

"[In] a day without services at FCS, **families wouldn't receive services to treat and prevent child abuse and neglect.**"

Mia Light House

"Imagine a day without services. If we were not open today **50 people wouldn't receive the skills to remain independent** or learn to use a computer, **53 children wouldn't receive eye exams** and eyeglasses, and **65 blind babies and their mothers wouldn't receive intervention** services and supervised playgroups. A cut to one is a cut to all. "

Switchboard of Miami:

"If our Call Center was closed today, **635 people would not have received services**, such as suicide prevention"

WeCare

Jose, a Client, said that if there was a day without services and WeCare was closed "**we would have [to] continue sleeping in the car.** The economy has hit our family hard...through [their] assistance I was also able to get a job and rent an apartment for me and my family where we can start brand new"

Easter Seals South Florida

"Imagine a day without services. If we hadn't been open today **216 older adults with dementia wouldn't have received adult day care today.** Along with these 216 recipients are 216 caregivers who have chosen to care for their loved ones at home. More than half of these caregivers are currently employed. That means that **over 100 people would not go to work** if we were not open today".

Miami Dade County
Board of County Commissioners
Stephen P. Clark Center
111 N.W. 1st Street
Miami, Florida 33128

Dear Honorable Mayor and Board of County Commissioners:

I write to announce my appreciation and support to the residents of Miami Dade County and especially, the county workers of Miami-Dade who are so capably represented by AFSCME.

The services that county workers provide are invaluable to families in our communities. These hard-working people keep our beaches and roads safe, they protect the citizens of Miami-Dade, and maintain our buildings. They provide the vital public services that make Miami-Dade a world-class community. County workers have tough jobs, and they often serve with low pay and insufficient recognition.

Budget cuts have been hard on many Floridians. County workers and folks at AFSCME, understand this better than most. These hard workers deserve better. We need to put a stop to the job losses, the home foreclosures, the evictions, and the economic turmoil that has been a hardship for our families and workers.

It is my hope that our local leaders work cooperatively with county employees and their representatives to provide a fair and balanced budget for Miami-Dade. It is of utmost importance to keep people working in Miami-Dade.

I am hopeful that through cooperation among local leaders and the workforce, we can make lasting improvements to our economy.

Sincerely,

The Honorable Barbara Watson
State Representative, D-103

COMMITTEE ASSIGNMENTS: *Health & Human Services Committee* Joint Administrative Procedures Committee* Ranking Member - Rulemaking & Regulation, Criminal Justice, Government Operations and Transportation & Highway Safety Subcommittees*

Introduction: Who I am, where do I work and have worked, years of service = 15 sec.

Purpose:

I have come before the commission to express my opinion against the budget cuts for the Ocean Rescue Lifeguards. With the knowledge that I have gained in this profession I would like to share an episode that transpired on my career.

The problem:

Approximately 8 years ago, I responded to a rescue of a ten year old Haitian child who drowned on a City that does not provide lifeguard services (BAL HARBOR). After driving over Haulover Bridge and arriving at BAL HARBOR, I discovered that the child was submerged and missing inside of a murky ocean. The lifeguards and I conducted a water search and after several long minutes we found the submerged child. As I was attempting to resuscitate the child, I saw him taken his last Agonal Breath on my arms. Since that day, I promised to him and to myself, that his last breath of his life will not go in vein and for as long as I breathe, I will continue to be an ambassador of Beach Safety by advocating for **adequate** ocean rescue lifeguard services on public beaches.

The proposed cuts for the Ocean Rescue Bureau will caused 3 FT employees to be lay off = 6,240 hrs of less beach coverage, in conjunction with the elimination of 6,895 PT hours (30.5% of the total number of PT hours). If I may, let me illustrate for you the layout of our beaches. Until two years ago, we had our PT staff showing up to work during the weekends at 9 a.m. Recently, due to lack of funds, they were brought in to work at 11 a.m. therefore we are staffing Haulover Beach, between 9 to 11, with 8 FT lifeguards and Crandon Beach with 6 FT lifeguards to cover a total of 2.4 miles of a beach (both beaches).

If the proposed cuts for the ocean rescue pass, the PT employees will report to work during the weekends at 12 p.m. I pray for God that no one drowns between 9 to 12 since we will not have enough lifeguards to safely guard our beaches. Now, let's take a look on the week days.... during the months of March, April and May, including Spring Break, we are going to have only 2 Lifeguards at Crandon and 3 at Haulover, from 9 to 12, (M to F) assuming that everybody shows up to work, to cover 30 towers on a distance of 2.4 miles stretch of beach. This is equivalent to 35 football fields with 5 lifeguards covering it.

I am afraid that more cases like the one described in BAL HARBOR might be the end result of these cuts.

Thank you and May God Bless your decisions.

10 Facts About DERM, www.miamidade.gov/derm:

1. Governing businesses to protect water quality has proven successful: The number of contaminated sites in drinking water wellfields is five times less than outside of these areas. DERM works with responsible parties to remediate groundwater contamination for the benefit of all residents. To maintain healthy systems and identify any potential threats to water quality, DERM also monitors our wellfields, Biscayne Bay and canals, conducting more than 43,000 analyses in 2010.
2. DERM responds annually to approximately 2,500 pollution and other environmental complaints from the public.
3. Less than 2 percent of environmentally regulated businesses are currently under enforcement action. The purpose of our programs and the culture of our employees are to help businesses and individuals comply.
4. Air quality permits and inspections reduce the amount of pollution in the air that we breathe. In the past, Miami-Dade's air quality did not meet standards set to protect human health, but this was reversed through air quality programs. DERM monitors and reports air quality and we now enjoy good to excellent ratings over 95 percent of the time. This is critical for people with respiratory conditions like asthma and exceptional for such a large metropolitan area.
5. Wetlands are protected for their inherent ability of directly re-charging and purifying our community's drinking water, providing flood management in low-lying areas and providing important wildlife habitat. Since 1999, more than 13,000 acres of wetlands impacts have been authorized. However, permitting has provided for restoration or enhancement of other wetlands to compensate for the impacts. Active efforts are taken to promote compliance with regulations, such as requiring the use of clean fill and appropriate management of stormwater. Only a relatively small fraction of all wetland parcels in Miami-Dade are affected by enforcement actions.
6. Residents saved over \$23.4 million on flood insurance in 2009 due to the County's excellent FEMA rating. DERM plays an important role in improving and maintaining the local stormwater flood control system.
7. Maintaining a healthy tree canopy improves property values, helps clean our air, cools and beautifies our neighborhoods, and provides important habitat. Miami-Dade County has an estimated tree canopy of 14 percent, far short of the target of 30-40 percent for a metropolitan area. In the past two years, property owners applied for and received permits to remove 52 acres of tree canopy. However, permitting helps to assure that the most important trees are protected and provides for replacement of lost tree canopy.

*Exhibit
September 22, 2011
2nd Budget Hearing*

8. DERM has created over 200 artificial reefs, restored more than 20 miles of beaches and bay shorelines and enhanced more than 500 acres of coastal habitats. These projects help to offset impacts of authorized coastal development. They reduce erosion and storm damage, improve water quality, enhance fisheries and wildlife habitat, and provide recreational opportunities for residents and visitors.
9. As part of the Environmentally Endangered Lands (EEL) Program, more than 20,000 acres of land have been acquired and are actively managed by DERM, preserving the heritage of South Florida's diverse wildlife, lush native plants and the serenity of natural settings for the enjoyment of future generations. Preserving environmentally endangered lands provides other public benefits, including drinking water recharge and reduced impacts from flooding.
10. DERM manages delegated federal and state programs providing the convenience of a one-stop process for approvals, which saves residents time and money

Tropical Audubon Society (TAS) has been working to help protect the environment since 1947 and having a strong local group of experts and scientists who understand the complex ecosystem we call home is essential. TAS is concerned that the reorganization of county government to combined zoning and building with DERM will distract from the core mission of this department. DERM is more than a regulatory department and with the proposed reorganization we would like assurances that its entire mission remains intact.

Miami-Dade County's economy and quality of life depend on maintaining a healthy environment. A healthy environment provides significant community benefits. We are internationally recognized for our beaches, pristine waters and natural areas. It's the reason so many visitors arrive each day and 2.5 million people have made Miami-Dade their home. Tourism is 1/3 of our economy and a clean water supply is tied to every component of our success. **The benefit of having such a beautiful and unique environment comes with the challenge and responsibility of protecting it for our continued future enjoyment.**

Many residents may not realize what DERM is responsible for and how critical this functioning department is to our sustainability. We live and work over the water we drink, with 21 out of 26 wellfields located within urbanized areas. Drinking water is a shared resource and protecting it is important for the general public and future generations, both for protection of human health, and to keep treatment costs affordable for everyone.

Tropical Audubon wants to be assured that the new structure proposed in reorganization will not lose sight of DERM's original mission, as our local oversight is now more important than ever as we see state laws relax. Enclosed are 10 facts I found on the county website to help you understand the importance of this department. We are unsure of how restructuring this department will help with the budget since DERM has a separate proprietary budget collected through fees. We feel if this change is to take place that some assurance for the public that its functions will not change or be weakened would be an appropriate step, prior to reorganization.

Protecting environment should top next Miami-Dade mayor's agenda

BY LAURA REYNOLDS

DIRECTOR@TROPICALAUDUBON.ORG

The new mayor of Miami-Dade County will face significant challenges. None is more pressing to our survival, prosperity and quality of life than the protection of our natural environment.

This year, legislators voted in line with Gov. Rick Scott's agenda to decimate environmental protections, dismantle state agencies and eliminate the people's ability to voice their concerns about destructive projects. Our county's elected officials have the power to safeguard agencies that protect our resources and balance their use. Here are five environmental essentials for Miami-Dade's future:

- **Growth management.** The county's current Comprehensive Development Master Plan and the Urban Development Boundary must be upheld. There is no going back once we've bulldozed into the Everglades ecosystem and its small protective fringe, now comprising farms essential to our economy. The current UDB boundary was drawn in an open political process. No doubt our next mayor will have to act on the incessant attempts to move the UDB westward.

Growth must be directed and incentivized to encourage density within areas already developed without moving into what is left of our county's green space. The Legislature irrationally gutted growth management laws. Our county Planning Department will now serve as the principal protection Miami-Dade citizens have to ensure our environment, water supply, schools, infrastructure, roads, economic base and other critical community needs are not compromised.

- **Local environmental regulation.** Given the Legislature's recent actions to decimate state environmental protections and usurp the people's ability to take issue against projects that would degrade our resources, it is more important than ever that the local Department of Environmental Resources Management be properly funded, professionally directed and nonpolitical.

DERM must retain its ability to act responsibly to ensure that our air and water quality are maintained and that uses of our land and coastal areas are protective of human health and our environment. DERM has to protect our bay, wetlands and beaches so that they are safe for humans and native flora and fauna for the benefit of generations to come.

*Eschibit
September 22, 2011
2nd Budget Hearing*

- **Public health and water quality.** Unpolluted water in sufficient supply from the Biscayne Aquifer is essential to residents' health and welfare. Water quantity and quality depend on restoration of the Everglades and its ability to recharge our aquifer.

The economy is also threatened by degrading water from inadequate treatment and pipes that dump raw sewage into our bay and beaches, hurting coral reefs. The third largest in the world, our southeast Florida reefs support recreational and commercial fisheries and bring in millions of tourism dollars.

The Department of Water and Sewer must apply users' fees to infrastructure repairs — not have that money used to fill county budget holes. Water treatment must be upgraded and offshore discharge eliminated.

- **Everglades and Biscayne Bay restoration.** The key to a healthy environment, quality of life and our water supply is the Everglades. It is essential that Miami-Dade not only support and advocate for federal and state action on restoration but move to control lateral seepage, follow zoning and planning rules to eliminate any nonconforming use of wetlands, and stop the proliferation of rock mines — critical threats to water retention and quality.

Biscayne Bay also needs to be protected from pollution and other abuse and its coastal wetlands restored. Marine law enforcement agencies have to be adequately funded. Massive projects now underway or planned such as the port expansion, dredging and power plant expansion pose grave risks to the bay.

County leaders can ensure that the most protective measures are in place to minimize the harm. Our two national parks, state parks and aquatic preserves, and county-owned environmentally sensitive lands are public treasures.

- **Climate change.** Sea level rise projections are scientifically founded and pose a significant threat to our quality of life and economy. Low-lying Miami-Dade County is one of the most threatened urban areas in the world. A proactive mindset is essential.

One way to stave off the effects of sea level rise — such as salt water intrusion into our drinking water supply — is to advocate for Everglades restoration projects that would mimic historic water timing and deliveries to Biscayne Bay.

Maintaining the county's Office of Sustainability is crucial. Just as important: implementing the Green Print program and moving on the recommendations of the county's Climate Change Task Force.

These actions will help to ensure Miami-Dade's viability as a place for people to live and communities to thrive well into the future.

Laura Reynolds is executive director of the Tropical Audubon Society in Miami.

Wage Theft Program – Real Money, Real Results, Real Need

Wage Theft – Bad for Miami-Dade's Economy

What is Wage Theft?

Wage theft, or nonpayment of wages earned by workers, is an epidemic nationally and in Miami-Dade County. It takes many forms, but essentially means a worker is not receiving the wages to which he or she is entitled, thus violating one of the most basic contracts in our society – that between employer and employee.

Who does Wage Theft Impact?

The negative effects of shortchanging workers' wages ripple across communities and the economy. Families suffer when earnings are too low to meet basic needs. Local businesses and economies are denied vital stimulus that would flow from the additional spending of workers had they been paid all that they had earned. Honest businesses are undermined by unscrupulous competitors who practice wage theft. And government at all levels take a hit, because they are denied tax revenues generated by higher earnings and because many working families must resort to public programs to meet basic needs when wages fall short.

Why do we need to address Wage Theft in Miami-Dade

- Because employees, their families, businesses, and communities are losing millions of dollars each year to wage theft
- Because it is bad for economic development – employees reinvest their money in our local economies and "good" businesses do the same both in their purchases and in their hiring practices.
- Because it is bad for local governments as workers who aren't paid are more likely to need social services to support themselves and their families.

Miami-Dade's Successful Wage Theft Program – Real Money, Real Results

- \$377,000 collected through conciliation; \$312,000 awarded in administrative hearings
- \$52,000 collected for 109 employees in August alone
- \$148,000 collected for 47 employees through a collaboration with the US Department of Labor – over 90 LPNs, RNs, & CNAs were victims of wage theft, but only the LPNs & RNs fell under the jurisdiction of the DOL; it was through the efforts of the County's Wage Theft Program that the CNAs received their unpaid wages

Successful Program Threatened by Budget Cut to Program's Sole Staff Person

- Program Budget of only \$75,000 with one designated staff person assigned to the program
- All designated funds for the program have been cut in the Mayor's initial budget
- Over one million dollars in claims pending
- This is not the time to cut program resources; employees, their families, and businesses count on this program and count on the staff that have developed the fledgling program

Public Support for Program Results in Increased Resources

- Pilot internship program started Summer 2011 with students from Florida International University
- Formal internship program now established with Florida International University to include both law students and other students in for credit internships with the Wage Theft Program

Wage theft hurts employers

"Pirates who don't pay their employees make it an uneven playing field for those of us who do. It's hard enough in a tough economy to run a business, but when you have a criminal next to you who isn't paying his employees, it makes it tough to compete."

- Ron von Paulus, Big Ron's Tree Service

*Exhibit

2nd Budget Hearing*

Alberto, an employee who has used the SBD to collect wages owed, shares his story:

My name is Alberto, and I have been working in Miami as a telemarketer for nearly 10 years. Most recently, both my wife and I were employed by the same company where we were selling vacation packages to tourists wanting to visit Florida. We had only been working there for 3 months when the company unexpectedly closed. My wife and I, and all 4 of our co-workers, were never paid our last pay check. When we asked our employers about getting paid they responded that they didn't have the money and that they would pay us back when they could. Weeks passed by and because they would not respond to our calls, it was clear that they did not have any intentions of paying us what we were owed.

"I have heard of other contractors not paying their workers the minimum wage and this kills my business. I lose bids to these employers all the time. This unfair business model feeds into the economic recession."

- Contractor impacted by Wage Theft

"Less than 2 weeks after filing our complaints, the county was able to collect all of our owed money."

I was owed \$350 and my wife was owed \$270. That total is \$620, which is almost what we pay for rent each month. That month was particularly difficult for us; we paid our rent late and spent very little on groceries. We had to use whatever little savings we had to make ends meet until we could find another job.

One day my wife and I were watching the local news station when a story came on about a new law passed by Miami-Dade, to help workers who had not been paid for their work. I wrote down the information and immediately called the Department of Small Business Development, which I later learned is the county office that oversees the Wage Theft Ordinance. I shared this information with my former co-workers and we decided to file wage theft complaints.

Less than 2 weeks after filing our complaints, the county was able to collect all of our owed money, which totaled \$3,315 between my co-workers, my wife and I. From what I learned, all it took was a letter from the Department of Small Business Development to get our employer to pay us back. It still makes me very angry to think that our employers knew that they were not going to be able to pay us but still had us working for them."

Workers in Miami-Dade County Deserve Better

After all, the best Economic Stimulus Plan is a Paycheck

Please make the Wage Theft Program one of your Priorities

The Wage Theft Ordinance was first drafted by the Wage Theft Task Force, a group of community organizations, labor unions, immigrant rights groups, faith based organizations, lawyers, and university researchers who recognized the need for action on this growing problem in Miami-Dade County and who appreciate the support of the Board of County Commissioners who voted 10-0 to pass this ordinance in 2010 before later declaring a Day Against Wage Theft in November 2010.

For more information on Wage Theft or on the Florida Wage Theft Task Force, please contact Jeanette Smith (305-598-1404) or Francesca Menes (786-340-1646) from the Florida Wage Theft Task Force at info@floridawagetheft.org.

tion, but only to the extent necessary to meet the emergency.

SECTION 7. Natural resources and scenic beauty.—

(a) It shall be the policy of the state to conserve and protect its natural resources and scenic beauty. Adequate provision shall be made by law for the abatement of air and water pollution and of excessive and unnecessary noise and for the conservation and protection of natural resources.

(b) Those in the Everglades Agricultural Area who cause water pollution within the Everglades Protection Area or the Everglades Agricultural Area shall be primarily responsible for paying the costs of the abatement of that pollution. For the purposes of this subsection, the terms "Everglades Protection Area" and "Everglades Agricultural Area" shall have the meanings as defined in statutes in effect on January 1, 1996.

History.—Am. by Initiative Petition filed with the Secretary of State March 26, 1996; adopted 1996; Am. proposed by Constitution Revision Commission, Revision No. 5, 1998, filed with the Secretary of State May 5, 1998; adopted 1998.

SECTION 8. Ethics in government.—A public office is a public trust. The people shall have the right to secure and sustain that trust against abuse. To assure this right:

(a) All elected constitutional officers and candidates for such offices and, as may be determined by law, other public officers, candidates, and employees shall file full and public disclosure of their financial interests.

(b) All elected public officers and candidates for such offices shall file full and public disclosure of their campaign finances.

(c) Any public officer or employee who breaches the public trust for private gain and any person or entity inducing such breach shall be liable to the state for all financial benefits obtained by such actions. The manner of recovery and additional damages may be provided by law.

(d) Any public officer or employee who is convicted of a felony involving a breach of public trust shall be subject to forfeiture of rights and privileges under a public retirement system or pension plan in such manner as may be provided by law.

(e) No member of the legislature or statewide elected officer shall personally represent another person or entity for compensation before the government body or agency of which the individual was an officer or member for a period of two years following vacation of office. No member of the legislature shall personally represent another person or entity for compensation during term of office before any state agency other than judicial tribunals. Similar restrictions on other public officers and employees may be established by law.

(f) There shall be an independent commission to conduct investigations and make public reports on all complaints concerning breach of public trust by public

officers or employees not within the jurisdiction of the judicial qualifications commission.

(g) A code of ethics for all state employees and non-judicial officers prohibiting conflict between public duty and private interests shall be prescribed by law.

(h) This section shall not be construed to limit disclosures and prohibitions which may be established by law to preserve the public trust and avoid conflicts between public duties and private interests.

(i) Schedule—On the effective date of this amendment and until changed by law:

(1) Full and public disclosure of financial interests shall mean filing with the secretary of state by July 1 of each year a sworn statement showing net worth and identifying each asset and liability in excess of \$1,000 and its value together with one of the following:

a. A copy of the person's most recent federal income tax return; or

b. A sworn statement which identifies each separate source and amount of income which exceeds \$1,000. The forms for such source disclosure and the rules under which they are to be filed shall be prescribed by the independent commission established in subsection (f), and such rules shall include disclosure of secondary sources of income.

(2) Persons holding statewide elective offices shall also file disclosure of their financial interests pursuant to subsection (i)(1).

(3) The independent commission provided for in subsection (f) shall mean the Florida Commission on Ethics.

History.—Proposed by Initiative Petition filed with the Secretary of State July 29, 1976; adopted 1976; Ams. proposed by Constitution Revision Commission, Revision Nos. 8 and 13, 1998, filed with the Secretary of State May 5, 1998; adopted 1998.

Note.—Section 24(a), Art. XII, State Constitution, provides for the amendment to s. 8(h)(1), Art. II, State Constitution, by Revision No. 8 (1998) to take effect January 7, 2003. Section 8(h)(1), Art. II, State Constitution, was redesignated as s. 8(i)(1) by Revision No. 13 (1998). As amended by Revision No. 8 (1998), effective January 7, 2003, s. 8(i)(1), Art. II, State Constitution, will read:

(1) Full and public disclosure of financial interests shall mean filing with the custodian of state records by July 1 of each year a sworn statement showing net worth and identifying each asset and liability in excess of \$1,000 and its value together with one of the following:

a. A copy of the person's most recent federal income tax return; or

b. A sworn statement which identifies each separate source and amount of income which exceeds \$1,000. The forms for such source disclosure and the rules under which they are to be filed shall be prescribed by the independent commission established in subsection (f), and such rules shall include disclosure of secondary sources of income.

SECTION 9. English is the official language of Florida.—

(a) English is the official language of the State of Florida.

(b) The legislature shall have the power to enforce this section by appropriate legislation.

History.—Proposed by Initiative Petition filed with the Secretary of State August 8, 1988; adopted 1988.

BEST OF MIAMI

Aesthetics, events go long way to improve quality of life

By YUDISLAIDY FERNANDEZ

Improving Miami-Dade's quality of life is a task some leaders are taking on full throttle to transform and beautify the county's communities.

For almost a decade, county commission Chairman **Dennis Moss** has been working hard to realize his vision for a well-planned, well-landscaped county with improved gateways, more tree canopy and better-maintained roadways.

The county's Community Image Advisory Board, which he helped form in 2000, was aimed at working with other agencies to make aesthetic and quality of life improvements in the community.

Mr. Moss, who chairs the advisory board, said at the beginning one focus was improving the major transportation arteries of the county such as US 1, North Kendall Drive and Northwest 27th Avenue and working with agencies such as the Florida Department of Transportation and the Miami-Dade Expressway Authority, also known as MDDX.

"We brought folks together to create a vision to increase the community aesthetically and make other kinds of improve-

ments to try to make a difference in the way the county looked and people perceived us," he said.

For example, the board was involved in coordinating efforts such as landscaping improvements of I-95, from Northwest 11th Terrace to I-395, and of replacing the "pink wall" along US 1 just south of Brickell with help from the City of Miami.

Mr. Moss said working with other agencies has helped them to think outside the brick-and-mortar mentality to see the real value of landscaping in planning. "Now they are getting so many compliments... that they are incorporating those aesthetic enhancements in their projects," he said.

During planning for International Pow Wow, a travel trade sales event hosted in Miami this year, Downtown Development Authority Director Alyce Robertson says, Mr. Moss got officials from various agencies to hop on a bus and identify needed street and landscape enhancements before the big event.

Ms. Robertson, who worked for the advisory board for three years, said Mr. Moss is hands-on and dedicates a lot of time to working with the board.

Mr. Moss said: "I am going to

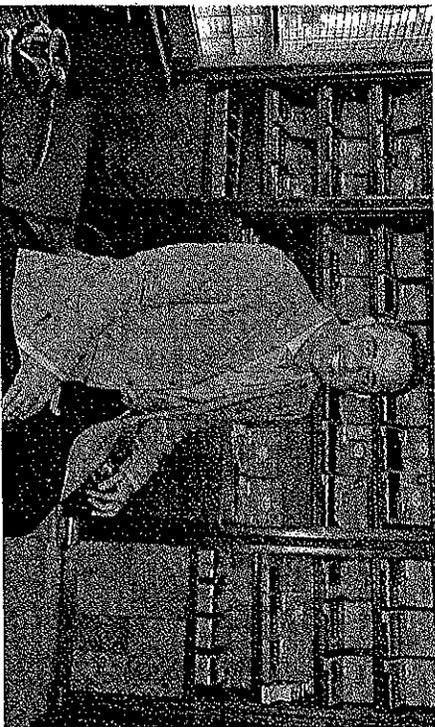

Photos by Nazme Usdan

Katherine Moore has promoted green living and unity with **Bike Miami**, continue preaching that doing this is good for the community, adds value to properties and sends a message that we take pride in our community."

The City of Miami also took a big step this year to improve residents' quality of life with its Bike Miami Days, a neighborhood biking event that continues to grow in attendance.

Ms. Robertson, the downtown authority director, says she has worked with Bike Miami Days coordinator **Katherine Moore** very closely and says she has played a big role in the event's continued success.

An aide to Miami Mayor **Manny Diaz**, Ms. Moore was given the task to develop the mayor's idea for a bike event to unite the community and pro-

Bill Fuller has worked to redevelop and revitalize historic Calle Ocho.

MEMORANDUM

(Revised)

TO: Honorable Chairman Dennis C. Moss
and Members, Board of County Commissioners

DATE: October 6, 2009

FROM: R. A. Cuevas, Jr.
County Attorney

SUBJECT: Agenda Item No. 4(K)

Please note any items checked.

- "3-Day Rule" for committees applicable if raised
- 6 weeks required between first reading and public hearing
- 4 weeks notification to municipal officials required prior to public hearing
- Decreases revenues or increases expenditures without balancing budget
- Budget required
- Statement of fiscal impact required
- Ordinance creating a new board requires detailed County Manager's report for public hearing
- No committee review
- Applicable legislation requires more than a majority vote (i.e., 2/3's ____, 3/5's ____, unanimous ____) to approve.
- Current information regarding funding source, index code and available balance, and available capacity (if debt is contemplated) required

ORDINANCE NO. _____

ORDINANCE AMENDING THE 2009-2010 PAY PLAN TO
PROVIDE FOR PAY REDUCTIONS FOR EXEMPT, NON-
BARGAINING UNIT EMPLOYEES

WHEREAS, this Board, consistent with its authority under the County Charter, wishes to amend the Pay Plan to reduce the salaries of all officials and employees in the County's administrative service who are not in a bargaining unit or otherwise employed under the terms of a contract,

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA:

Section 1: Except as may be provided by pre-existing contract, or the provisions of the Charter relating to the compensation of the Manager, the Pay Plan for Fiscal Year 2009-2010 shall be amended to provide that the salaries of non-bargaining unit employees who are exempt from the classified service shall be reduced as follows:

Range 1:	Employees earning between \$100,000 and \$150,000.....	7.5%
Range 2:	Employees earning between \$150,000 and \$250,000.....	10%
Range 3.	Employees earning more than \$250,000.....	15%

The pay reduction for an individual in a higher range will be the lesser of the full percentage reduction or \$1,000.00 more than the highest paid employee in the lower range. For purposes of this resolution, salary shall be defined as base pay.

3

Section 2. This ordinance shall become effective ten (10) days after the date of enactment unless vetoed by the Mayor, and if vetoed, shall become effective only upon an override by this Board.

PASSED AND ADOPTED:

Approved by County Attorney as

FIX THE MIAMI DADE COUNTY SWIMMING POOL PROBLEM

1. Fast track the Goulds and Naranja "under construction" closed pools.
 - a. They were closed all summer.
 - b. Have the mayor investigate who kept these pools closed all summer.
2. Install the correct pool lifts for the disabled, no fan fare, no undue attention to the wheelchair operator other than entering the pool area; transferring into the seat, moving the lever and entering and exiting the pool.
 - a. This transfer should be independent, unless assistance is requested. (the way buses should be).
 - b. The correct type of lift is attached. I have used it since 2004.
3. Install solar panels to heat the swimming pool.
 - a. In Florida this should be the only method of heating county pools.
 - b. Use past heating bills to weigh switching to solar panels.
4. Keep all pools open year round, 7 days a week, from 9 AM - 11PM
 - a. Acknowledge that swimming is the only feasible form of exercise for people in wheelchairs and others.
 - b. This should eliminate the fence jumping which lead to an accident some day.
 - c. This will keep at least one restroom open in the park.
 - d. Acknowledge the pool hours are for taxpayers, not just county employees.
5. Institute swimming lessons for infants, toddlers, preschool, grades from 1-12, and adults.
 - a. Allow professionals that do this for a living use the county pools for the cost of the per person fee.
 - b. Institute mask and snorkel lessons for people in wheelchairs and others.
 - c. Use the pools for scuba lessons.
 - d. Encourage scuba shops to use the county pools. Make the fee worth while.
6. Use the Parks in house "sign company" to create many signs in the highways giving directions to the pools.
 - a. Target tourists as well as the taxpayers; signs educate everyone that there is a pool nearby.
7. Repair the www.miami-dade.gov site so that:
 - a. All the pools have hours posted and have pictures of the permanent pool lifts by the pools.
 - b. List all the municipal pools, including those in the municipalities.
 - c. Once this site is "remodeled", require any changes or whatever to be posted within 24 hours.
8. Require pool phone numbers to be forwarded to pool manager cell phone from 9 AM -11:00 PM.
 - a. Parks pool use recordings that do not work.
 - b. Park pools use recordings and do not call back on left messages.

*Leschbit
September 22, 2011
2nd Budget Hearing*

c. If the County web site had the correct and full information, many calls would not be needed.

9. Hire a Pool Administrator who will run the pools like a business:

- a. Require this person to see that graffiti is removed within 12 hours.
- b. Require this person to have a business plan for each pool.
- c. Require this person to run pool lift purchases past the Commission on Disability Issues.
- e. Require this person to report directly to the Mayor.
- f. Require this person to insure that all restroom and shower areas are ADA accessible.

10. Create a county-wide ordinance that anyone teaching swimming may use their swimming pool

to teach swimming.

- a. Such ordinance must supersede the municipalities and county from harassment from code enforcement.
- b. Grant these teachers of swimming a business license to teach swimming at their home, any private home or in any pool in Miami-Dade County.

In closing, we can rely on the swimming teachers for program development. One taught me that some

infants drown because they are at home in the water, where they spent 9 months in the "water" until being born. When they fall into a pool they do not struggle to swim and they have not had swimming lessons.

I did funeral shirts for a mother of a 14 year old boy who drowned in a canal. He had never learned how to swim. If people paralyzed from the chest down can learn how to swim and also

get certified as a scuba diver, then everyone can learn how to swim.

The goal should be to have the best swimming pool program in the world. Like the Special Transportation Program (STS). This program is the best because the consumers are involved. If we have 12 pools, then lets make them perform to the maximum.

What We're All About

Volunteer Lucia Goyan Distributing Food

Dialysis Patient

Each week the Foundation supplies the indigent dialysis patients with nutritionally balanced, non perishable food. All of the food is approved for the dialysis patients by the nutritionist from the renal center. We serve approximately 250 patients per week including children. Our distribution center is located at 1500 NW 12th Ave, Miami Florida. We distribute the food every Wednesday, Thursday and Saturday.

In the United States, dialysis patients live about one third as long as non dialysis patients of the same age and gender. Improper diet can shorten their life expectancy. All of our food items are chosen to ensure balanced meals and good nutrition, and are designed to provide meats high in protein and low in potassium, phosphorus and other minerals. The nutritionist plans weekly meals around food items ensuring that a balanced diet and acceptable quality of food are giving for each individual.

Who We Serve

There are those in our community who have been debilitated by the misfortune of having lost their kidney function. They have been dehumanized by poverty. Their inadequate disability check is not enough to sustain them, with their meager income they must pay for a place to live, the cost of medications, and the basic necessities of life. There is no money left for food.

Loretta and volunteers at distribution center

Loretta accepting food from Larry Jones, President of Feed the Children

Facts:

- 40% of all diabetics lose their kidney function and are on dialysis.
- 37% of all those with hypertension lose their kidney function and are on dialysis.
- There are approximately 19,000 dialysis patients with End Stage Renal Disease in Florida. (End Stage Renal disease occurs when the kidneys shut down and can no longer function.)

Testimonial

The North Dade Medical Foundation, giving Loretta a donation for the Dialysis Food Foundation

We are the only organization providing this service

Alonzo Mourning with Loretta, patients and volunteers

The word "JAZZ" is rendered in a large, stylized, outlined font. The letter 'J' is uniquely designed to resemble a saxophone, with its body forming the vertical stem and its bell forming the bottom curve. The word is positioned above a set of five horizontal musical staves. Several musical notes are scattered across the staves, some appearing to float in the air around the 'J'.
