MEMORANDUM

Agenda Item No. 7(P)(1)(F)

To: Honorable Chairperson Barbara Carey–Shuler, Ed.D. and Members, Board of County Commissioners

Date: July 13, 2004

From: George M. Burgess, County Manager

Subject: Annual Pavement Striping Project Number: 20030010 People's Transportation Plan (PTP) Legistar No. 0020622

The attached Recommendation for Award of a contract between Fortex Construction, Inc., and Miami-Dade County has been prepared by the Public Works Department (PWD) and is recommended for approval.

PROJECT: Annual Pavement Striping

PROJECT NO.: 20030010

PROJECT LOCATION: Countywide

PROJECT DESCRIPTION: This is an open annual contract. Work in this contract consists of furnishing all supervision, labor, materials, cleaning and preparation (including layout), equipment and maintenance of traffic required to install thermoplastic striping.

COST ESTIMATE: $500,000.00

CONTRACT AMOUNT: $500,000.00

EXPLANATION: Four experienced engineering contractors proffered bids for this project. The lowest bidder, Fortex Construction, Inc., bid price was 6.9%, lower than the second lowest bidder, (Best Striping, Inc.); 7.6% lower than the third lowest bidder, (High Tech Striping, Inc.); 25.3% lower than the fourth lowest bidder, (United Rental Highway Technologies of Florida, Inc.); the aforementioned indicates a highly competitive bid.

EXPLANATION (con't)	Therefore, the PWD recommends that Fortex Construction Inc., the lowest responsive responsible bidder, be awarded the subject project for the sum of $500,000.00. Further, it shall be understood that since proceeds from the Charter County Transit System Sales Surtax levied pursuant to Section 29.121 of the Code of Miami-Dade County may be used to pay for all or some part of the cost of this contract, no award of this contract shall be effective and thereby give rise to a contractual relationship with the County unless and until the following have occurred: 1) the County Commission awards the contract, and such award becomes final (either by expiration of 10 days after such award without veto by the Mayor, or by Commission override of a veto); and 2) either i) the Citizens' Independent Transportation Trust (CITT) has approved same, or ii) in response to the CITT's disapproval, the County Commission re-affirms its award by two-thirds (2/3) vote of the Commission's membership and such reaffirmation becomes final.
CONTRACT PERIOD:	365 calendar days with an option to renew for an additional year.
INSPECTOR GENERAL AMOUNT:	$1,250.00
INDEPENDENT PRIVATE SECTOR INSPECTOR GENERAL AMOUNT:	Not Applicable
ART IN PUBLIC PLACES:	Not applicable
DBD MONITORING FEE:	$9,750.00
PRIME CONTRACTOR(S):	Fortex Construction, Inc.
COMPANY PRINCIPAL(S):	Jose Perez De Corcho
SUBCONTRACTOR(S):	Lisbon Concrete

CERTIFIED CSBE:	Yes
COMPANY QUALIFIER:	Jose Perez De Corcho
LOCATION OF COMPANY:	Miami, Florida
YEARS IN BUSINESS:	Nine years
PREVIOUS CONTRACTS WITH COUNTY IN THE LAST FIVE YEARS:	$1,790,500.00
MANAGING AGENCY:	Miami-Dade County Public Works Department
USING AGENCY:	Miami-Dade County Public Works Department
FUNDING SOURCE:	People's Transportation Plan (PTP) revenues, including but not limited to: the Charter County Transit System Surtax, financing proceeds as listed in Ordinance No. 02-116, provision for Implementation of the People's Transportation Plan. This contract, like all PTP contracts, will not be awarded without oversight of the Citizens' Independent Transportation Trust (CITT). Projects/sites as authorized by the BCC and/or CITT shall be constructed.
COMMUNITY SMALL BUSINESS ENTERPRISE INFORMATION:	No Goal
COMMUNITY WORKFORCE PROGRAM:	Not Applicable
RESPONSIBLE WAGES:	Yes
FISCAL IMPACT	Total contract amount for performing all operations necessary for striping is $500,000.00. This is an open contract which will address the Neighborhood Improvements portion of the PTP within various commission districts. This contract is part of the PWD's PTP 2-year plan, which was previously approved by the BCC and the CITT.

RESOLUTION NO. _____

RESOLUTION AWARDING THE CONTRACT TO FORTEX CONSTRUCTION, INC., FOR THE PROJECT ENTITLED ANNUAL PAVEMENT STRIPING; PUBLIC WORKS DEPARTMENT (PWD), PROJECT NUMBER 20030010 FOR PEOPLE'S TRANSPORTATION PLAN (PTP)

WHEREAS, this Board desires to accomplish the purposes outlined in the accompanying memorandum, a copy of which is incorporated herein by reference,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA, that this Commission approves the Award of a contract to Fortex Construction, Inc., for the Annual Pavement Striping PWD, project number 200300010, for People's Transportation Plan projects (Attachment 1) in substantially the form attached hereto and made a part hereof.

The foregoing resolution was offered by Commissioner , who moved its adoption. The motion was seconded by Commissioner and upon being put to a vote, the vote was as follows:

Dr. Barbara Carey-Shuler, Chairperson
Katy Sorenson, Vice-Chairperson

Bruno A. Barreiro	Jose "Pepe" Diaz
Betty T. Ferguson	Sally A. Heyman
Joe A. Martinez	Jimmy L. Morales
Dennis C. Moss	Dorrin D. Rolle
Natacha Seijas	Rebeca Sosa
Sen. Javier D. Souto	

The Chairperson thereupon declared the resolution duly passed and adopted this 13th day of July, 2004. This resolution shall become effective as follows: (1) ten (10) days after the date of its adoption unless vetoed by the Mayor, and if vetoed, shall become effective only upon an override by this Board, and (2) either i) the Citizens' Independent Transportation Trust (CITT) has approved same, or ii) in response to the CITT's disapproval, the County Commission re-affirms its award by two-thirds (2/3) vote of the Commission's membership and such reaffirmation becomes final.

MEMORANDUM

Not On
Agenda Item No. 7(P)(1)(J)

TO: Honorable Chairperson Barbara Carey-Shuler, Ed. D. and Members, Board of County Commissioners

DATE: January 20, 2004

FROM: George M. Burgess, County Manager

SUBJECT: Resolution Approving the Public Works Department's Two-Year Plan for the People's Transportation Plan

Recommendation

It is recommended that the Board of County Commissioners (BCC) approve the attached Public Works Department's (PWD) portion of the People's Transportation Plan (PTP) for Fiscal Years 2003-04 and 2004-05 (Attachment 1). The Two-Year Plan (Plan) includes projects from the two categories of the PTP Ordinance's Exhibit 1 (Attachment 2) that relates to the PWD.

In addition, the Department is submitting a line item for Traffic Signals and Signs (TSS) operations. Staff levels will be increased by 4 employees to provide signal timing improvements to an additional 200 locations on an annual basis. The following additional services that may be contracted out will supplement existing in-house staff: installation and repairing operations resulting in 15,000 new traffic signs annually, repair of 400 traffic signals, installation of 1,000 more vehicle loop detectors and re-striping of over 800 intersections yearly.

Furthermore, to address the various non-site specific categories discussed in the PTP ordinance including school flashing signals, installation/repair of guardrails, enhancement of greenways and bikeways, and ADA accessibility to bus stops, the Department created "The Neighborhood Improvement Projects Formula" (Attachment 3) in order to utilize the remaining funds. For each Commission district, the formula assigns a percentage for the population in the Unincorporated Municipal Service Area (UMSA), needs as reported to the Department by the public, and the lane miles for County maintained arterial and collector roads. The remaining percentage is evenly distributed among the Commission Districts.

The amount used for the Formula was derived as follows:

• Allocation in the PTP ordinance	$167.000M
• Est. cost of site specific projects in the ordinance	(21.650M)
• Initial amount available for non-site specific categories	$ 145.350M
• Amount needed for TSS operational needs (next 10 years)	(20.075M)
• Resurfacing, Sidewalks, and Drainage on Arterial Roads (next 6 years)	(18.000M)
• ADA Sidewalk Improvements (next 2 years)	(4.000M)
• Street Light Retrofit	(3.500M)
• Administrative Costs (5%)	(8.350M)
• Final amount available for non-site specific categories	$ 91.425M

The $91.425 million was divided by the life of the program (10 years) to arrive at an annual amount ($9.1425M) to be used in the formula. Approval of this portion of the Plan will allow the PWD to address the various non-site specific categories under Neighborhood Improvements in the most efficient and effective manner.

Background

The PWD, as part of the PTP, has been tasked with coordinating and constructing various roadway and neighborhood improvement projects. The Department identified four unfunded road resurfacing projects not requiring design and included them in the Plan. Additional site specific unfunded projects selected for inclusion had a clearly defined scope of work and did not require right-of-way acquisition. However, listed below are three projects in the proposed Plan that deviate from these parameters:

Miami River Tunnel (SW 1st Avenue from SW 1 Street to SW 8 Street)
The initial phase of this project will be a feasibility study for a new multi-lane tunnel underneath the Miami River to determine a preferred alternative alignment and cross section. The Plan will include a detailed review of the feasibility for utilizing the SW 1st Avenue corridor for the tunnel, and will provide an alternative recommendation if the SW 1st Avenue location is determined to be infeasible. In the event the corridor is found to be unfeasible, the recommended alternative corridor will be brought back before the Citizens' Independent Transportation Trust (CITT), City of Miami, and BCC for further evaluation. This project requires right-of-way acquisition.

Grand Avenue from 37 Avenue to Matilda Street
This project is partially funded in the Transportation Improvement Program (TIP) with an allocation of $500,000 from road impact fees and $350,000 from secondary gas tax. The total cost of construction is $3.7 million. Therefore the County is complementing the existing funds with $2 million of PTP funds to help accelerate the project, since the design is substantially completed. The City of Miami will provide the remaining balance of $850,000 to cover the enhanced elements for the project.

NW 62 Avenue from NW 138 Street to NW 105 Street
The NW 62 Avenue from NW 138 Street to NW 105 Street project (widening from 2 to 3 lanes) is partially funded through road impact fees in the amount of $600,000 per year beginning in FY 2004-05 through FY 2007-08. While the project is 100% designed under said funding source, construction of the project was not slated to begin until 2013 when the entire amount for construction is accumulated. PTP funds will allow the construction of the project to move forward immediately. The road impact fee program will reimburse the PTP $600,000 per year beginning in FY 2004-05 until fully reimbursed. The estimated cost of this project is $5.55 million. A Memorandum of Agreement with the City of Hialeah, which will allow the City to construct the project, was forwarded with a favorable recommendation by the Governmental Operations and Environment Committee on October 14, 2003, and subsequently approved on the October 21, 2003 agenda by the Board of County Commissioners.

PTP funds are also being proposed to complement Quality Neighborhood Improvements Program (QNIP) projects. QNIP provides drainage improvements, roadway paving, and sidewalk projects on local roads within the UMSA areas of the County. To enhance the effectiveness of this program, non-QNIP funds have been used selectively to cover the cost of complementing projects when local roads intersect arterial roads.

The PWD is also proposing to dedicate $2,000,000 per year, for the first two years of the Plan, to accelerate compliance with the program to provide ADA accessibility to bus stops throughout the County.

In line with the County's effort to make roadways as safe as possible, the lighting retrofit program should be continued to enhance the public safety of pedestrians as well as motorists. A one-time allocation from the Liability Trust fund was used for the first half of this project. The second half of this project was not funded. PTP funds in FY 2004-05 are proposed to retrofit the remaining streetlights.

The amount needed for TSS operational needs over the next ten years ($20.075M) is detailed below:

1. *Additional staff required for traffic signal timing improvements*

	Recurring Expenses	Non-Recurring Expenses
	Salaries and Benefits	
• 2 Traffic Engineers	$ 110,000	
• 2 Engineering Aides	75,000	
• Operational Expenses	15,000	
	$ 200,000	
		Vehicles and Equipment
• Vehicles (2 pick-ups & 2 cars)		$ 60,000
• Computers		15,000
		$ 75,000
	Contracted Services	
2. *Sign Installation and repairs*	$ 1,020,000	
3. *Traffic Signal Repairs*	200,000	
4. *Vehicle Loop Detectors*	125,000	
5. *Pavement Markings (Re-stripe)*	$ 455,000	
	$ 2,000,000	$ 75,000

The PWD will provide the CITT a monthly report detailing the projects that have been completed, as well as the status of ongoing projects and a listing of future projects. The report will enable the CITT members to review and inform the public of how surtax funds are being utilized.

RESOLUTION NO. R-87-04

RESOLUTION APPROVING A TWO-YEAR PLAN FOR THE PUBLIC WORKS DEPARTMENT'S PEOPLE'S TRANSPORTATION PLAN

WHEREAS, this Board desires to accomplish the purposes outlined in the accompanying memorandum, a copy of which is incorporated herein by reference,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA, that this Board approves a two-year plan for the Public Works Department's People's Transportation Plan (Attachments 1 & 2) in substantially the form attached hereto and made a part hereof.

The foregoing resolution was offered by Commissioner Natacha Seijas, who moved its adoption. The motion was seconded by Commissioner Rebeca Sosa and upon being put to a vote, the vote was as follows:

Dr. Barbara Carey-Shuler, Chairperson	absent		
Katy Sorenson, Vice Chairperson	aye		
Bruno A. Barreiro	absent	Jose "Pepe" Diaz	absent
Betty T. Ferguson	absent	Sally A. Heyman	aye
Joe A. Martinez	aye	Jimmy L. Morales	aye
Dennis C. Moss	aye	Dorrin D. Rolle	aye
Natacha Seijas	aye	Rebeca Sosa	aye
Sen. Javier D. Souto	absent		

The Chairperson thereupon declared the resolution duly passed and adopted this 20th day of January, 2004. This resolution shall become effective ten (10) days after the date of its adoption unless vetoed by the Mayor, and if vetoed, shall become effective only upon an override by this Board.

MIAMI-DADE COUNTY, FLORIDA
BY ITS BOARD OF COUNTY
COMMISSIONERS

HARVEY RUVIN, CLERK

Approved by County Attorney as
to form and legal sufficiency.

Bruce Libhaber

Footnote #1

PTP NEIGHBORHOOD IMPROVEMENTS INCLUDE: Modifications of intersections, resurfacing of local and arterial roads, installation / repairs of guardrails, installation of school flashing signals, enhancement of greenways and bikeways, A.D.A. curb cuts / repairs, pavement markings, roadway lighting, traffic calming, traffic signals, and traffic sign replacement / repair. Such improvements also include replacement / repair of sidewalks, repair / installation of drainage and landscape beautification (including community image enhancements) related to the development, construction, operation or maintenance of roads and bridges in the county or to the expansion, operation or maintenance of bus and fixed guideway system.

Footnote #2

For the SW 62 Avenue project (from SW 24 St to NW 7 St), $500,000 of the total project cost ($8.4 million) is projected for FY 2005-06.

Expenditure Phase

CST - Construction
R/W - Right of Way Acquisition
PE - Preliminary Engineering
FS - Feasibility Study

EXHIBIT 1
PEOPLE'S TRANSPORTATION PLAN

- The remaining 62.2-miles of rapid transit lines need to complete federal, state and local planning processes to determine feasibility, technology, and corridor alignment. These corridors include, but are not limited to, the following:
  - Earlington Heights/Airport Connector: A 3.1 mile extension from the Earlington Heights Metrorail Station to the Miami Intermodal Center, located on the east side of Miami International Airport. ($207 million)
  - Baylink: A 5.1-mile corridor between downtown Miami and South Miami Beach. ($510 million)
  - Kendall Corridor: A 15-mile corridor with both east-west and north-south segments. ($877 million)
  - Northeast Corridor: A 13.6-mile corridor from downtown Miami, through Little Haiti, to NE 215th Street, generally along the Biscayne Blvd./US-1 Corridor and Florida East Coast railroad right-of-way. ($795 million)
  - Rail Extension to Florida City: A 21-mile rail extension along US1 consisting of two segments, one from Dadeland South Metrorail Station to Cutler Ridge, a second segment from Cutler Ridge to Florida City. ($946 million)
  - Douglas Road Extension: A 4.5-mile corridor from the Douglas Road Metrorail Station to the Miami Intermodal Center. ($280 million)

YEAR 2003-2013: MAJOR HIGHWAY AND ROAD IMPROVEMENTS (Total Cost: $309 million)

Includes the following countywide improvements:

- Supplements funding to upgrade the County's traffic signalization system.
- Constructs major ingress/egress improvements in Downtown Miami, from SW 8 Street to SW 1 Avenue.
- Funds the Preliminary Engineering and Design study of I-395.
- Accelerates approved safety enhancements and lane improvements for Krome Avenue.
- Completes construction of NW 87 Avenue between NW 154 Street and Miami Gardens Drive (NW 183 Street).
- Creates viable reverse flow lanes on major thoroughfares.
- Funds grade separation of intersections where appropriate countywide.
- Supplements funding to widen NW 62 Avenue, from NW 105 Street to NW 138 Street.

EXHIBIT 1
PEOPLE'S TRANSPORTATION PLAN

YEAR 2003-2013: NEIGHBORHOOD IMPROVEMENTS (Total Cost: $167 million)

Neighborhood improvements include modification of intersections; resurfacing of local and arterial roads; installation/repairs of guardrails; installation of school flashing signals and enhancement of greenways and bikeways. Such improvements also include replacement/repair of sidewalks; repair/installation of drainage and landscape beautification (including community image enhancements) related to the development, construction, operation or maintenance of roads and bridges in the county or to the expansion, operation or maintenance of bus and fixed guideway systems.

- Accelerates program to provide ADA accessibility to bus stops throughout the County.

MUNICIPAL IMPROVEMENTS (Cities to receive a pro rata share (determined by population) of 20% total surtax revenues on an annual basis (currently estimated at $62.6 million [one-percent] or $31.3 million [one-half percent])

Cities will preserve the level of transportation funding currently in their FY 2001-2002 budgets (i.e. their maintenance of effort dollars). Maintenance of effort excludes special bond issues for infrastructure improvements.

The cities will dedicate 20% of their surtax funds to transit purposes. This would include circulators, bus shelters, bus pull out bays or other transit-related infrastructure. If such utilization is inappropriate, the County will be afforded the opportunity to undertake such projects with those funds or the funds will revert to the municipal pool for re-distribution.

NOTE: This Exhibit 1 includes those projects listed on the attached 3 pages entitled "Board Requested Major Roadway and Neighborhood Improvement Projects for Inclusion in the People's Transportation Plan."
