Southeast Florida Regional Climate Leadership Summit

Regions Connect Global Effect

"Climate change is not coming, it's already here.
We must act now, as individuals, as a state, as a nation of the world."

The Miami Herald, April 13, 2014

Dear Community Business Leader,

We are very excited to present you with an opportunity to support and align your brand with the "6th Annual Southeast Florida Regional Climate Leadership Summit" - a major event focused on forging new opportunities and partnerships that benefit our communities as they find themselves challenged by the impacts of a changing climate across the globe. This year's Summit is hosted by Miami-Dade County and the City of Miami Beach on October 1-2, 2014 at the Miami Beach Convention Center.

Summit Profile

The annual Summit is a part of the Southeast Florida Regional Climate Change Compact, a regional partnership of Broward, Miami-Dade, Monroe, and Palm Beach Counties, their municipalities and other partners. The Compact partners have been working together since 2009 to develop a coordinated strategy for the region to adapt to the impacts of our changing climate, such as sea level rise, and to reduce its causes. This unique effort is the first of its kind and has not yet been duplicated anywhere else. (Media coverage on the Compact has been tremendous.*) The Summit provides a powerful and effective forum for facilitating collaborative knowledge sharing by bringing together thought leaders from business, government, academia, and nonprofits to exchange ideas and dialogue at panel discussions and networking breaks. This year's theme, "Regions Connect \rightarrow Global Effect" reflects the Compact's influence on advancing actions locally and regionally, as well as connecting and collaborating with other communities throughout the nation and the world.

Increase Brand Awareness • Promote Your Business • Develop New Contacts

Maximize your visibility before, during, and after the Summit through one of the offered sponsorships which provide key benefits such as:

- Brand exposure and awareness of your product or service to an anticipated 400+ Summit attendees; and
- Networking with private and public-sector sustainability professionals, corporate representatives, and elected officials.

Participants attend the Summit to stay abreast of the current state of the science and regional efforts, track policy developments, and monitor key players at regional, national, and international levels.

A list of opportunities is attached and we welcome an opportunity to discuss customizing a sponsorship package that meets your marketing goals. Sponsorships are limited as registration for last year's event **SOLD OUT** quickly, so please act now by contacting us at 305-375-3520 or dmac@miamidade.gov.
