Demonstration of a Plug-in Hybrid Electric Vehicle (PHEV)

12:30 – 2:30 p.m.

Come by the North parking lot to observe a county fleet vehicle that was recently converted to a PHEV. You can also take a PHEV for a spin. An experienced hybrid driver will be on hand to give you smart driving tips on how to get the most fuel efficiency from a PHEV, or *any vehicle*.

Afternoon Training Sessions for Interested Summit Participants

1:30 – 4:30 p.m.

Miami-Dade Dept. of Environmental Resources Management (DERM)

701 NW First Court, Miami, Florida

(Access by Metrorail, 1<sup>st</sup> station north of Government Center Station at Historic Overtown/Lyric Theater Metrorail Station)

Electric Car Demonstration and Test Drive

3:00 p.m. – 5:00 p.m.

Summit participants are cordially invited to test drive the new Chevrolet Volt and hear from the engineers that designed it. This new electric car runs on electricity stored in its battery and a gas engine-generator when the battery runs out. This activity will take place on the North parking lot. Those interested in the test drive should sign up at the registration desk.

Reducing Our Carbon Footprint:

- **Please use public transportation!** The Stephen P. Clark Center (SPCC) is easily accessible by Metrorail and Metromover, with connections from Tri-Rail and the South Dade Busway. Downtown hotels are accessible by Metromover.
- The Summit presentations will be televised in Miami-Dade County and Webcast for viewing via the Internet for those outside of Miami-Dade County. Please visit <http://green.miamidade.gov/climatechangesummit.htm> for more information.
