

I would like to thank the participants in the *GreenPrint* planning process for their time, dedication and professionalism. The core planning team worked tirelessly to ensure that *GreenPrint* captures the key sustainability priorities of our government, community and economic partners, as well as concerned residents. During the process, I was struck by the passion and thoughtfulness of all participants to preserve and improve Miami-Dade County for generations to come. It is their unique and collective commitment to *GreenPrint's* development and implementation that will lead all of us to accomplish our comprehensive and inclusive sustainability goals.

Susanne M. Torriente, Sustainability Director
