¹ Total development cost is the total cost of completing the project, from acquisition to the issuance of Certificate of Occupancy, including but not limited to, the cost for design, planning, zoning, variances, financing costs, legal costs and construction and permitting. For construction and rehabilitation projects, the cost of land acquisition shall not be included in the Total Development Costs. In addition, construction costs associated with non-housing features included in the project, or those not deemed to be amenities expected of, typically provided with, or pertinent to affordable housing units, may be deducted from the total development cost by the Mayor or the Mayor's designee.
