- You must complete the HOPE VI Education and Training Request Form,
- You must attach supporting documentation to the completed Form, such as course description, purpose of the training, start date, cost and duration of the class. It must be on the school's letterhead. Residents must have completed and passed courses taken to be able to request additional funds.
- Requests must be submitted by the resident to MDPHA for review at least 30 days prior to the start of class,
- Once you have completed the course, you have 30 days to submit to MDPHA any certificate, grades and/or transcript you have received from completing the course,
- There must be a legitimate financial need for assistance.

Once the Form and supporting documentation are received by MDPHA, your request will be reviewed and the resident will be notified of the final decision. You are not guaranteed assistance,
