AvMed encourages you to select a Primary Care Physician (PCP) from this directory, but a PCP selection is not required. You may see any in-network specialist without a referral. Your PCP, however, can play an integral role in coordinating your care with specialists and other healthcare providers, as well as handling authorization requirements if needed. It is helpful to have one physician who maintains your medical history.

How to Use this Directory

Primary Care Physicians are identified in this directory by the specialties listed below. The first time you call a doctor's office, be sure to ask what age groups the doctor sees.

• Family Practice – *for all family members*
• General Practice – *for all family members*
• Internal Medicine – *for adults*
• Obstetrics/Gynecology** – for women and adolescent girls
• Pediatrics – *for children*

**If you are pregnant, you should choose an Obstetrics/Gynecology physician as your PCP during your pregnancy.

If you need assistance selecting a physician, call the MDC Dedicated Member Engagement Center: **1-800-682-8633** (TTY 711). To speak with a registered nurse, call AvMed's Nurse On Call: 1-888-866-5432, 24 hours a day, 7 days a week.

Focus on Quality
The MDC Select Network meets rigorous standards set by the National Committee for Quality Assurance (NCQA). AvMed contracts with physicians who are in private practice and see their patients by appointment in their medical offices. These doctors agree in their contracts to see MDC Members within certain time frames, depending upon the Member's condition. They also agree to maintain 24-hour accessibility. To view AvMed's Accessibility and Availability Standards, go to AvMed's website at **www.AvMed.org/MDC** and visit the "Quality Improvement" section on our Welcome page.

Cost Calculator
AvMed Cost Calculator enables you to see the total cost of a procedure before you schedule an appointment. This unique tool helps you evaluate providers and prices in advance to determine the best value. It is free to AvMed Members. To learn more, visit **www.AvMed.org/MDC** or call AvMed's Member Engagement Center at the number listed on your AvMed Member ID Card.

Emergency vs. Urgent Care
AvMed's contracted Urgent Care Centers, listed in this directory, can handle minor illnesses and injuries when your PCP is not available. These centers are more convenient and less expensive than emergency rooms. Also, they help keep emergency rooms ready for serious, life-threatening emergencies. Locate the Urgent Care Center nearest you, and keep that information, along with your doctor's information, in a handy place.

Please remember to confirm that your PCP, specialists and any other providers you seek services from are contracted with AvMed, and have privileges at one of the hospitals affiliated with the MDC Select Network.

This provider list is current as of the date printed.
