# Special Dental Open Enrollment

## New Dental Plan Highlights

The changes will include:

Moving to a single dental provider, Delta Dental, offering both a DHMO and a DPPPO plan each with a Standard and Enriched option. Minimal changes to plan premium rates on optional enriched and dependent tiers with a decrease in premiums in some instances.

### Significant enhancements to the DHMO include:

- NEW** Over 125 additional dental procedures covered with a copay
- NEW** Teeth whitening
- NEW** Standard Option – See a specialist with a copay instead of a 25% discount off the charges
- NEW** Standard Option – Orthodontic services offered with a copay instead of a 25% discount off the charges

### Significant enhancements to the DPPPO plan include:

- NEW** Coverage added for implants at the major restorative services level
- NEW** A Diagnostic and Preventative (D&P) Maximum Waiver. Helps with keeping your annual maximum dollars available for other types of covered services
- NEW** Enriched Option – Increase in the annual benefit maximum from \$1,500 to \$2,000 and the lifetime orthodontia maximum from \$1,000 to \$1,300

Your current dental plan coverage will end on June 30, 2017. New plan offerings will be available effective July 1 to December 31, 2017. You have a choice to make during the upcoming special dental open enrollment taking place from **May 29 to June 9**. If you miss the 2017 open enrollment time frame, you will not have another opportunity to make changes until the next open enrollment period for plan year 2018.

Orthodontic services currently in progress will not be impacted and will be transitioned to Delta Dental from the existing plan.
