Miami-Dade County - Board of County Commissioners  
c/o Mr. Keith Knowles  
Clerk of the Board Division  
111 N.W. 1<sup>st</sup> Street, Suite 17-202  
Miami FL 33128

**Re:   Annexation Application for the Proposed NE 149 Street Annexation Area - City of North Miami**

Dear Sir/Madam:

The city of North Miami is pleased to file an application for annexation of an unincorporated area bordered on the north-side by Northeast 149<sup>th</sup> Street, on the east-side by Northeast 11<sup>th</sup> Avenue (including those unincorporated portions of Northeast 11<sup>th</sup> Court), on the south-side by Northeast 147<sup>th</sup> Street, and on the west-side by Northeast 10<sup>th</sup> Court, known as the Northeast 149<sup>th</sup> Street Annexation Area. Pursuant to Section 20-3 of the Miami-Dade County Code, the City has completed its due diligence and obtained the pertinent documents needed to satisfy the submittal requirements as outlined in Section 20-3 (A) of the Miami-Dade County Code. As such, attached please find three (3) certified copies of the City's resolution requesting the proposed boundary change along with proof of compliance of noticing requirements along with the aforementioned supporting documents.

The last 2010 census data revealed that the city of North Miami is approaching build out with only 1.5% vacant developable land remaining and a decline in overall population size by 1,094 persons, within the last decade. Further decline in the City's population could put the City at a disadvantage over time since a smaller population could limit North Miami from qualifying for allocation of certain Federal, State and County funding, as well as diminish the City's political standing in the region. **Given the foregoing, future opportunities for continued economic growth and expansion in North Miami primarily exist in strategically pursuing infill redevelopment and annexations.** Furthermore, Policies 8.1.7 (5) and 1.1.10 of the city of North Miami's Comprehensive Plan encourages the City to actively pursue development and growth management opportunities through several mechanisms including, but not limited to pursuing annexations where feasible.

The subject area is 29.55 acres in size, contains 16 single family units and its land use is predominantly residential (95%) in nature. According to the Miami-Dade Supervisor of Elections Office, **the area currently has 46 registered voters**, is currently on septic and is located within the city of North Miami's Water Service Area. Staff has concluded that due to its current isolated location and small size, the subject area would be more efficiently served by the city of North Miami rather than Miami-Dade County.

Additionally, the City believes the proposed annexation area will help strengthen North Miami's fiscal base and eliminate multi jurisdiction overlaps and inefficiencies that exist in the provision of municipal services. **With the Miami-Dade Government Center being located 20 miles away and the city of North Miami's City Hall being located only 3 miles away, the City believes it is more practical to annex the subject area within its boundary** so residents can have readily available access to North Miami's quality neighborhood services and staff.

Miami-Dade Board of County Commissioners  
c/o Mr. Keith Knowles  
October 7, 2013

**Three (3) duly certified copies of such resolution requesting the proposed boundary changes.**

See attached three certified copies of resolution **R -2013-99**

**Proof of compliance with the notice requirements**

See attached copy of notice of public hearing held on August 27, 2013

**RESOLUTION NO. R-2013-99**

**RESOLUTION OF THE MAYOR AND CITY COUNCIL OF THE CITY OF NORTH MIAMI, FLORIDA, APPROVING THE SUBMITTAL OF AN APPLICATION TO MIAMI-DADE COUNTY TO ANNEX INTO THE CITY OF NORTH MIAMI AN AREA KNOWN AS THE 'NORTHEAST 149TH STREET ANNEXATION AREA', AND BORDERED ON THE NORTH-SIDE BY NORTHEAST 149TH STREET, ON THE EAST-SIDE BY NORTHEAST 11TH AVENUE (INCLUDING THOSE UNINCORPORATED PORTIONS OF NORTHEAST 11TH COURT), ON THE SOUTH-SIDE BY NORTHEAST 147TH STREET, AND ON THE WEST-SIDE BY NORTHEAST 10TH COURT; PROVIDING FOR AN EFFECTIVE DATE AND ALL OTHER PURPOSES.**

WHEREAS, policy 8.1.7 of the City of North Miami ("City") Comprehensive Plan encourages the City to actively pursue development and growth management opportunities through several mechanisms including, but not limited to the potential of annexations where necessary; and

WHEREAS, the Mayor and City Council desire to annex the subject area known as the '*Northeast 149<sup>th</sup> Street Annexation Area*', and bordered on the north-side by Northeast 149<sup>th</sup> Street, on the east-side by Northeast 11<sup>th</sup> Avenue (including those unincorporated portions of Northeast 11<sup>th</sup> Court), on the south-side by Northeast 147<sup>th</sup> Street, and on the west-side by Northeast 10<sup>th</sup> Court ("Subject Area"), as depicted in the attached map; and

WHEREAS, Policy 1.1.10 of the City's Comprehensive Plan requires that the City conduct a study to determine the feasibility of annexing areas situated within unincorporated Miami-Dade County and which are contiguous to the City's boundaries; and

WHEREAS, on July 9, 2013, the Mayor and City Council adopted Resolution R-2013-85, authorizing the City administration to conduct an analysis and collect data to determine the feasibility of annexing the Subject Area; and

WHEREAS, City administration completed its analysis of the proposed annexation and determined that: 1) due its current isolated location, the Subject Area is essentially an unincorporated enclave engulfed by the City by more than eighty (80) percent and would be more efficiently served by the City rather than Miami-Dade County, and 2) with the area located less than one (1) mile away, the residents would benefit from its close proximity to City Hall and

most City services, as opposed to Miami-Dade County which is located twenty (20) miles away; and

**WHEREAS**, consistent with Miami-Dade County Code of Ordinances, formal notice of the City's intent to annex the Subject Area was published in a newspaper of general circulation, and provided to all property owners situated within the Subject Area, as well as six hundred (600) feet from the boundaries of the Subject Area; and

**WHEREAS**, City administration seeks authorization from the Mayor and City Council to file a formal annexation application with the Miami-Dade County Clerk, in accordance with the requirements of Section 20-3 of the Miami-Dade County Code of Ordinances; and

**WHEREAS**, the Mayor and City Council have reviewed the proposed annexation application and determined that it satisfies the goals, objectives and policies of the City's Comprehensive Plan and therefore, it is in the best interest of the City to proceed with the formal annexation application to Miami-Dade County.

**NOW THEREFORE, BE IT DULY RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF NORTH MIAMI, FLORIDA:**

**Section 1. Authorization to Submit Annexation Application.** The Mayor and City Council of the City of North Miami, hereby approve the submittal of an application to Miami-Dade County to annex into the City of North Miami an area known as the 'Northeast 149<sup>th</sup> Street Annexation Area', and bordered on the north-side by Northeast 149<sup>th</sup> Street, on the east-side by Northeast 11<sup>th</sup> Avenue (including those unincorporated portions of Northeast 11<sup>th</sup> Court), on the south-side by Northeast 147<sup>th</sup> Street, and on the west-side by Northeast 10<sup>th</sup> Court, as depicted in the attached map.

**Section 2. Effective Date.** This Resolution shall become effective immediately upon adoption.

**PASSED AND ADOPTED** by a 4-1 vote of the Mayor and City Council of the City of North Miami, Florida, this 27 day of August, 2013.

## CERTIFICATION

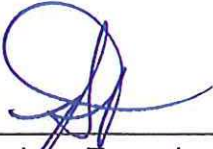

STATE OF FLORIDA)

COUNTY OF MIAMI-DADE)

I, Penelope Townsley, Supervisor of Elections of Miami-Dade County, Florida, do hereby certify that the City of North Miami Annexation Area – NE 149<sup>th</sup> Street, as described below, has 46 voters.

The annexation area is described as: "BOUNDED ON THE NORTH BY NE 149 STREET; ON THE EAST BY NE 11 COURT (INCLUDING THOSE UNINCORPORATED PORTIONS OF NE 11 COURT); BOUNDED ON THE SOUTH BY NE 147 STREET, ON THE WEST BY NE 10<sup>TH</sup> COURT."

WITNESS MY HAND  
AND OFFICIAL SEAL,  
AT MIAMI, MIAMI-DADE  
COUNTY, FLORIDA,  
ON THIS 19<sup>th</sup> DAY OF  
APRIL, 2013

  
\_\_\_\_\_  
Penelope Townsley  
Supervisor of Elections

*Please submit a check for \$70.00 to our office payable to the "Board of County Commissioners" for the cost of research and labor.*

#### D. Grounds for Proposed Annexation Boundary Changes

The last 2010 census data revealed that the City of North Miami is approaching build out with only 1.5% vacant developable land remaining and a decline in overall population size by 1,094 persons, within the last decade. Further decline in the City's population could put the City at a disadvantage overtime since a smaller population could limit North Miami from qualifying for allocation of certain Federal, State and County funding as well as diminish the City's political standing in the region. For instance allocation of funds for certain housing programs are dependent on a City's population size. Furthermore the City's seat on critical regional boards such as the MPO and the South Florida Regional Planning Council are dependent on the City's population size. **Given the foregoing, future opportunities for continued economic growth and expansion in North Miami primarily exist in strategically pursuing infill redevelopment and annexations.** Furthermore, Policies 8.1.7 (5) and 1.1.10 of the City of North Miami's Comprehensive Plan encourages the City to actively pursue development and growth management opportunities through several mechanisms including, but not limited to pursuing annexations where feasible.

To that end, City Administration completed an analysis of the subject *NE 149 Street* Annexation Area which is bordered by the City of North Miami on three (3) of its four (4) sides and abuts the City at its Northern limit. The subject area is bounded on the North by NE 149 Street; on the East by NE 11 Court (including those unincorporated portions of NE 11 Court); bounded on the South by NE 147 Street, on the west by NE 10<sup>th</sup> Court.

The subject area is 29.55 acres in size, contains 16 single family units and its land use is predominantly residential (95%) in nature. According to the Miami Dade Supervisor of Elections office **the area currently has 46 registered voters**, is currently on septic and is located within the City of North Miami's Water Service Area. Staff has concluded that due to its current isolated location and small size, the subject area would be more efficiently served by the City of North Miami rather than Miami Dade County. **Staff is of the opinion that the proposed annexation application is in keeping with the intent of Section 20-7 A(1)(c) of the Miami Dade County Code which seeks to eliminate such enclaves and create more cohesive, inclusive neighborhoods throughout the County.**

#### ANNEXATION BENEFITS TO THE SUBJECT AREA:

##### Elimination of Enclaves

If approved, the subject annexation would eliminate the current unincorporated enclave and create a seamless residential neighborhood.

### Localized Government

Although the subject annexation area is under the jurisdiction of Miami-Dade County, it is currently located within the City of North Miami's water service area. **As such, North Miami currently provides water service to the subject area.** However, since the area's residents are not within the geographic boundaries of the City, they are subjected to a non resident average annual surcharge of \$137. If the annexation is approved the surcharges would be eliminated. Although the area currently obtains water service from North Miami, as non residents the subject area is excluded from the City's electoral process and in turn those non residents have little or no influence over the political and fiscal affairs of North Miami. If annexed, the property owners within the proposed annexation area will benefit from more localized government and have an opportunity to actively participate in the political affairs of the City. To that end, the prospective residents would gain a legitimate voice in the City's fiscal and political decision making process. As residents they would also have readily available access to City Hall, Council meetings, responsive administrative personnel, as well as permitting and zoning services all in closer proximity.

### Quicker Emergency Response

With the Miami-Dade Government Center being located 20 miles away from the subject area and the City of North Miami's City Hall located only 3 miles away, the City believes it is more practical and efficient to annex these areas within its boundary so these residents can have readily available access to its quality neighborhood services with quicker service response. Under the current circumstances residents in the subject annexation area interested in filing a police report have to travel to the *Miami Dade County Intercostal Station* (located 6 miles way) or *Headquarters* (located 19 miles away) which is much further away than the *North Miami Police Station* (located only 3 miles away). North Miami Police Department often receives calls from residents from the subject area but have to refer these individuals to the County. However since North Miami police officers are closer than the County Police officers, they would be first responders on the scene and save critical response time in emergency cases.

For all calls the average response time for **North Miami Police Department** from the time the call is received until an officer arrives is **9 minutes and 20 seconds**. On average the call is held at dispatch for 5 minutes and 4 seconds and the officer's response time is 4 minutes and 16 seconds. The average response time for the **Miami-Dade Police Department** is 15 minutes and 54 seconds. On average the call is **held at dispatch for 7 minutes and 24 seconds** and the **officer's response time is 8 minutes and 30 seconds**. **North Miami Officers are assigned to smaller geographic areas to patrol then Miami Dade County Officers. This allows North Miami Officers to have more interaction with the community and a quicker response time to calls; both routine and emergency calls.**

### Infrastructure Improvements

The City has projected to set aside \$2320 in funding for annual roadway maintenance and public landscaping improvements needed in the subject area.

Additionally no sewer service is provided in the proposed annexation areas and all the homes are currently on a septic system. However North Miami residents currently obtain sewer service and the City manages over 3.8 billion gallons of sewage through its Public Works Department.

#### Additional Services

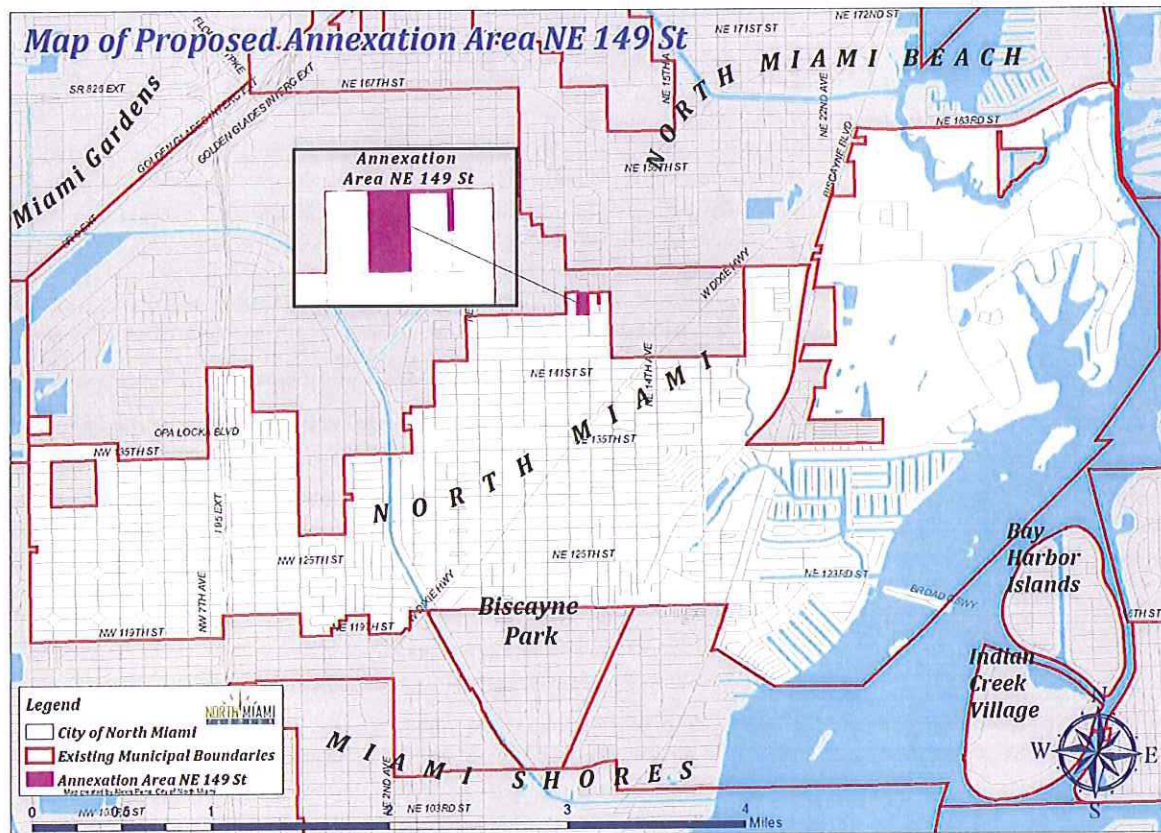

The proposed annexation areas will have access to the City's housing programs which offer first time home buyer funds in addition to roof and paint repair grants to qualified residents. The majority of the homes in the subject area are over 40 years old and may require repainting or other façade improvements. These future residents can take advantage of the City's housing repair grants and determine if they meet the eligibility requirements.

**North Miami currently holds the prestigious honor of being an All American City and a certified silver green local government as a result of the many innovative green strategies that are environmentally friendly and also offer cost savings to residents.** Additionally, if annexed, the subject areas would also enjoy programs like the recycle bank which provides curbside recycling pick up for all residential households. In turn North Miami residents can earn reward points for recycling. By participating in the *Recycle Bank rewards program*, residents can earn hundreds of dollars in reward value each year just by recycling as much as possible. Rewards include discounts at local supermarkets as well as local entertainment, including Zoo Miami and Miami Seaquarium.

**For the aforementioned reasons, the City of North Miami formally requests that Miami-Dade County Board of County Commissioners approved the proposed annexation request.**

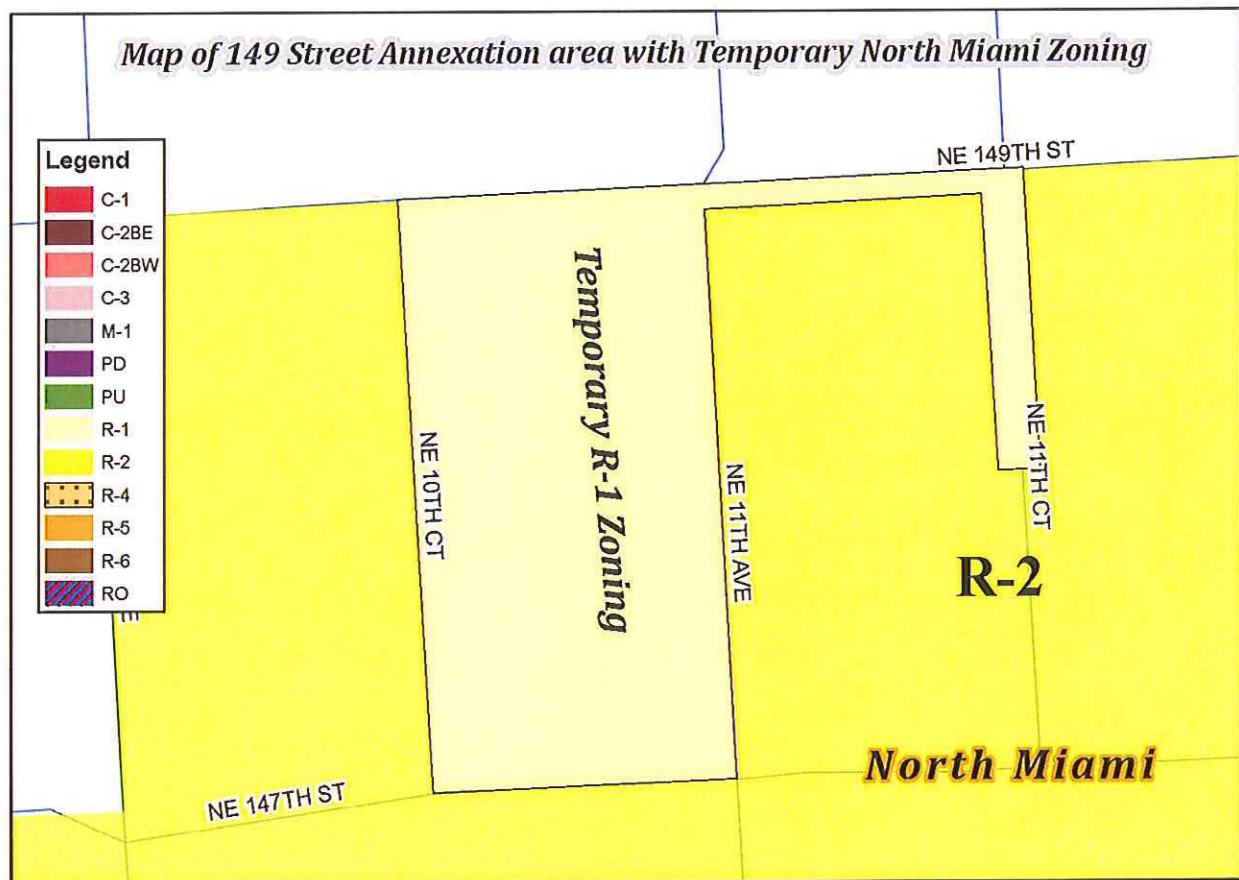

The City confirms that (as shown in the map below) the proposed NE 149 ST ANNEXATION Area is contiguous to its boundaries and does not create a separate enclave as defined by Section 20-7.A.1.c . In fact the area is surrounded by the City of North Miami by more than 80%. Therefore if approved, the proposed annexation eliminates the current county enclave and would create a more cohesive neighborhood.

F. In addition to the foregoing, there shall be filed with the Clerk of the County Commission the following information:

- (1) **Land use plan and zoning.** The municipality shall present a general land use plan and a map showing proposed zoning for the subject area which, if annexed, will be enacted by the municipality. This information shall be submitted regardless of size of area or state of existing development.

(2) *List of Services to be provided.*

**A. POLICE PROTECTION.**

The NE 149 Street Annexation Area is currently served by the Miami Dade County Police Department. However if annexed the City of North Miami has a full service law enforcement agency that will be providing police protection to the proposed area. The City of North Miami currently has 123 Sworn Law Enforcement Officers and 36 Non-Sworn support personnel. The local policing offered by North Miami will provide area property owners closer access to their local government and police services. In their current situation, residents travel to the Miami-Dade County Inter Coastal Station or Head Quarters which is located much further away than the North Miami Police Department or North Miami City Hall.

North Miami Police Officers currently respond to the area to look for subjects that have committed crimes in North Miami and to back-up county officers. Occasionally, North Miami Officers are closer than county officers for emergency calls and will be the first responders. Many of the people that live in this area associate themselves as living with in North Miami and frequently call the North Miami Police Department for assistance. North Miami then has to refer them to Miami-Dade County. The annexation of this area **will not have an effect on the staffing levels** of the North Miami Police Department since the area **will not require** the hiring of any additional officers.

From the proposed NE 149 Street Annexation Area, the North Miami Police Department and City Hall is located **3 miles away**. The Miami-Dade County Inter Coastal Station is 5.5 miles away and their Head Quarters is 19 miles away. For emergency and priority calls, the average response time for the North Miami Police Department, from the time the call was received in dispatch until an officer arrives at the scene is **4 minutes and 54 seconds**. The average time for emergency and priority calls to be processed at dispatch is just over 1 minute and the officer's response time is just over 3 minutes. Miami-Dade Police Department's average response time including dispatch for emergency and priority calls is approximately **8 minutes**, with just over 1 minute at dispatch and approximately 7 minutes for the officer to respond.

The City would be able to provide superior law enforcement services to the areas which would include patrol services, investigative services (the North Miami Police Department investigates all crimes that occur within the City including homicides), special response (SWAT), Tactical Units and specialized services such as community policing and traffic enforcement. The City of North Miami would be able to provide all law enforcement services to the annexed area in an exceptional manner.

The City would offer **outstanding law enforcement services, shorter response times** and an **in-depth community policing program**. Currently the city is divided into 6 patrol zones and 22 grids. By assigning an area to a grid and zone it allows the department to track and monitor crimes in a specific area. The police department then uses a three prong approach: Intelligence based policing, community policing, and traditional policing, to best deploy its resources.

**Intelligence based policing** requires the department to monitor crime statistics on a daily, weekly and monthly basis. Through monitoring, crime trends are detected and police resources are deployed to combat the crime. The department has a full time Crime Analyst that prepares reports daily. The Crime Analyst works directly with the Crime Suppress Team (CST), Investigative Section (IS) and the Patrol Section on a daily basis to discuss crime trends and the

Modus Operandi (MO). This strategy has been effective in **reducing crime by 5% in 2010, 9% in 2011 and 3% in 2012**. In addition, 2012, had the **lowest number of part one crimes reported since 1979**.

**Community policing** is a concept that the department has embraced for several years at all levels. The department has a community policing section and stresses community policing at every level from the patrol officer to the chief. The community policing section serves as the liaison between the community and the police department. The department has given credit to the community for being a strong partner and assisting the department in lowering crime to the lowest level since 1983. Each area of the city has its own community policing officer. The community policing officer attends community functions such as homeowners meetings, crime watch groups or other functions in the community. The officer serves in a bi-direction capacity. The officer provides the community with information and crime prevention tips but also brings back information and feedback from the community to the department.

## **B. FIRE PROTECTION**

Fire and emergency medical services will continue to be provided by Miami Dade County. Fire Station 20 is centrally located at 13000 NE 16 Avenue North Miami, FL 33168 and is only 2 miles from the proposed Annexation Area. There is no cost to the City for this service.

## **C. WATER SUPPLY AND DISTRIBUTION**

The City's existing water facility at the Winson Water Treatment Plant provides a reliable source of lime softening water with a permitted capacity of 9.3 MGD (million gallons per day). This plant provides approximately 65% of the City's finished water but it also supplies water to customers in a few of the neighboring cities as well as areas of unincorporated Miami Dade County (including the area of the proposed annexation). However, the existing facility cannot satisfy all the City's water demands so the City purchases supplemental finished water from Miami-Dade Water & Sewer Department to supply approximately 35% of its total water need. If the subject area is annexed the transition would be seamless since the City already provides water to the the proposed area and there is not anticipated to be any additional service cost to the City.

## **D. SANITARY SEWER**

The City of North Miami owns and maintains its sanitary sewer facility and provides sewer service to the businesses and residents of the City, a few neighboring cities as well as areas of unincorporated Miami Dade County. The subject area is currently on septic; however should the residents of the area desire to be hooked up to the City's sewer connection in the future, each applicant shall be responsible for charges associated with sewer service hook up and said request is subject to final Council approval. The City's total service demand based on existing needs is *approximately 3 billion gallons of sewage annually*. However the facility has a maximum annual system capacity of *over 5 billion*. Therefore the City is currently meeting its level of service standards for sanitary sewer facilities and maintains excess capacity to accommodate additional demands of the subject area if needed.

## **E. GARBAGE AND REFUSE COLLECTION AND DISPOSAL**

On February 14, 2012, the Mayor and City Council of North Miami passed and adopted Resolution Number R-2012-18, allowing the City to enter into agreement with Waste Pro of Florida, Inc., for the provision of waste management services. As of March 5, 2012, Waste Pro of Florida, Inc. began providing sanitation services for the City of North Miami. As such, if

annexed Waste Pro Inc would provide garbage and solid waste removal for the subject area six (6) days a week from Monday to Saturday. Recycling will be picked up on a weekly basis. On average, the City generates over 15,000 tons of garbage and 9,000 tons of trash annually. Solid waste collection is maintained at a level of service standard of 0.8 tons of solid waste per capita per year. The City is currently meeting its level of service standard for solid waste. If the subject annexation area is approved no additional City staff would be needed in order to service the area. With the current level of service the transition to bring the new areas on line would be seamless.

#### **F. STREET LIGHTING**

Florida Power & Light (FPL) currently provides the electrical service and the street lighting system for North Miami. FPL has adequate capacity to serve the future electrical needs of the subject area. It is also expected that FPL would provide these services to the proposed NE 149 ST ANNEXATION Area so the transition would be seamless. The standard for street lighting in the proposed area would be fully consistent with the South Florida Building Code and State Energy Code.

#### **G. STREET CONSTRUCTION AND MAINTENANCE**

North Miami maintains all the local roads within its jurisdiction except certain arterials, collector streets and expressways such as State Road 7, I-95 and U.S Highway 1. Many minor and arterial streets are constructed and improved by the private sector as development occurs. However the City assumes responsibility over the maintenance of local streets once development is completed. The subject annexation area contains over 2598 linear feet of roadway and over 2080 linear feet of sidewalk area. All public roads and sidewalks in the subject area will be maintained by the City of North Miami's Public Works Department.

#### **H. PARK AND RECREATION FACILITIES AND SERVICES**

The City of North Miami has an exceptional system of parks with onsite facilities and recreational programs for youth and adults. The City maintains 22 parks and recreational facilities (which include Community and Neighborhood Parks, Tot Lots, Passive Green Spaces, Sports Fields and Special Use Parks). North Miami's current park level of service (LOS) is 2.75 acres of park space per 1,000 residents. Currently, the City is surpassing this with a level of service of 18.9 acres per 1,000 people. As an All American City and a Certified Silver Green Local Government, North Miami strives to achieve the sustainable goals and objectives outlined in the adopted Parks Master Plan. One of the outstanding programs offered by the City through its Parks & Recreation Department is the paid YOB (Youth Opportunity Board) Summer Internship Program for High School and College students who are residents of North Miami. If annexed, the future residents of subject annexation area would be able to enjoy the fully operational and well maintained system of parks, facilities and programs offered through the City's Parks & Recreational Department. If approved residents within the subject area can enjoy discounted facility rental rates at any City owned park facility.

#### **I. BUILDING & ZONING**

The City of North Miami City of North Miami's Community Planning Department maintains a full service Building & Zoning Division that processes variances, special exceptions, site plans, building permits and conducts building inspections. Staff of the Building & Zoning Division also work closely with the members of the Board of Adjustment at their monthly public hearings where the Board reviews and makes decisions on zoning related matters. The residents of the subject annexation area currently commute over 20 miles away to the County's Planning & Development Department in order to receive these services. If annexed, the City's Building and Zoning Division is conveniently located only 3 miles away from the subject area.

## J. LOCAL COMMUNITY PLANNING SERVICES

The City of North Miami's Community Planning Department, Planning section provides long and short range planning services including, annexation, transportation planning, traffic calming, comprehensive plan amendments, conditional use permits, rezoning, master planning and platting. Planning Staff work closely with the Planning Commission (the City's Planning Advisory Board) to review and discuss proposed projects at a monthly public hearing before they are forwarded to City Council for final approval.

The Department is also responsible for providing economic development and housing services to the City's businesses and residents. The City of North Miami offers several programs to promote affordable housing opportunities. Deferred loans and grants are available for very low to moderate-income families who are in need of home repairs or are interested in purchasing their first home. Federal and State funding sources for the City's Housing Programs are the State Housing Initiative Partnership (SHIP) program, the Community Development Block Grant (CDBG) program and the HOME Investment Partnership (HOME) program. The City also offers a façade grant to area business to assist in the cleaning and revitalization of commercial store fronts. If annexed the future residents of the subject area will have convenient access to these City services and programs that are located only 3 miles away from the subject area.

## K. SPECIAL SERVICES NOT LISTED ABOVE

### Code Compliance Division

The Code Compliance Division is responsible for investigating complaints and enforcing violations of Municipal, County, and State codes, rules, regulations, and laws relating to residential, commercial and industrial properties. As part of the process Code staff collaborates with area residents, businesses, neighborhood associations, public services agencies and other City departments to address blight, nuisances, and to maintain a clean environment for all residents and businesses in North Miami. If annexed the subject areas will have close access to the City's Code enforcement staff in order to address code violation and improve the aesthetics of the area in an effort to enhance property values.

## L. GENERAL GOVERNMENT

The City of North Miami was established in 1926 under the laws of the State of Florida and the Miami Dade County Charter and governed by an elected Mayor and four (4) elected City Council members. The proposed annexation will provide property owners closer access to their local government staff and political leaders at City Hall. **With the Miami-Dade government center being located 20 miles away and the City of North Miami's City Hall located only 3 miles away, the City believes it is more practical to annex these areas within its boundary to more efficiently serve this abutting enclave and allow its future residents to fully maximize the benefits available to local residents.**

**G. Timetable for supplying the services listed above.**

<b>Service</b>	<b>Timetable</b>
Police Protection	Immediate
Water	Immediate
Fire	Immediate
Sewer	Based on resident request and future funding
Garbage & Refuse	Within 1 month of executing inter local agreement
Street Lighting	Immediate
Parks	Immediate
Building & Zoning	Immediate
Planning	Immediate
Code Enforcement	Immediate
General Government	Immediate

**H. Financing of the services listed above.**

*Table 1 below contains estimates for those services that will be impacted by the annexation. Several services will require capital expenditure at the onset in order to appropriately service the newly annexed areas. Otherwise there are services like Police that will not require additional capital costs or staffing in order to serve the annexed area. Total initial first year cost to the City to bring the subject area online is projected to be **\$3,600**. The annual cost to provide services to the subject area is **\$2,320**.*

**North Miami NE 149 St Annexation Area**

Service to be Provided	Annual Cost to Provide Service	1st year cost	Source of Funds
Police	0	0	General
Water supply & distribution	0	0	W&S
Collection and treatment of sewage	0	0	W&S
Garbage, refuse collection and disposal	0	0	Sanitation
Street Maintenance	2000	2,000	General
Parks (Contractual Tree Trimming and Landscape Maintenance )	320	1,600	General
<b>Totals</b>	<b>2,320</b>	<b>3,600</b>	

**I. Tax Load on Annexed Area NE 149 St**

- The City of North Miami currently maintains a millage rate of 7.9336 (FY 13-14). The current Miami Dade millage rate is **1.9283**

According to the Miami Dade County Property Appraiser's Office, the 2012 total taxable property value in the NE 149 St Annexation Area was: **\$1,092,982**

- **Property tax revenue is determined by the following formula:**

Revenue = Taxable Property Value x millage

At the current County mileage rate of **1.9283**, total taxable revenues to the County are approximately **\$2107.59**; However if the area is annexed into the City of North Miami the potential tax revenue based on the City's mileage rate of 7.9336 would be **\$8671.28**.

- **Projected Cost vs. Benefit to the City of North Miami – NE 149 St Annexation Area**

Annual Property Tax Revenue From Annexation Area	Annual Cost of Providing Service	Net Gain
\$8671.28	\$2320	\$6351.28

- J. Certificate of the Director of the Department of Planning and Zoning certifying that in the Director's sole determination an area proposed for annexation or separation having two hundred and fifty (250) or fewer registered electors is more than fifty (50) percent developed residential. This certification will determine whether an election of registered electors will be required as provided in Section 20-9.

# Memorandum

**Date:** August 26, 2013

**To:** Christopher Agrippa, Division Chief  
Clerk of the Board

**From:** Eric Silva, Assistant Director  
Regulatory and Economic Resources

**Subject:** Certification of the City of North Miami's Proposed Annexation - NE 149<sup>th</sup> Street

---

This memorandum serves to certify that, in accordance with Sec. 20-9 (a) of the Code of Miami-Dade County, I have determined that:

- The proposed annexation area, described below, is more than 50 percent developed residential. According to the 2013 land use records, as shown in the attached table and figure, there are 3.7 acres of land in residential use (71.7 percent) within the proposed annexation area. The land area of the proposed annexation is approximately 5.2 acres.
- The proposed annexation area, which is shown in the attached figure, is bounded by NE 149<sup>th</sup> Street to the north, NE 11<sup>th</sup> Court to the east, NE 147<sup>th</sup> Street to the south and NE 10<sup>th</sup> Court to the west.
