Miami-Dade Fire Rescue Calls

MDFR Suspected COVID-19 Calls

Data Source: Miami-Dade Fire Rescue
An August 15th decision by the Florida Medical Examiner Commission determined that “treating physicians may certify COVID-19 deaths” so long as certain conditions are met. While this decision will expedite such process, it may result in the County’s ME reporting and certifying a lower number of deaths than the State. The administration will work closely with FDOH to ensure that the appropriate figures are reported.
