

CARLOS A. GIMENEZ

MAYOR
MIAMI-DADE COUNTY

June 8, 2012

Ms. Amy Smith
Senior Vice President
Cable Management Florida Region
Comcast Corporation
1100 Northpoint Parkway, Suite 100
West Palm Beach, FL 33407

Dear Ms. Smith:

It has come to my attention that *America TeVe* Network has requested usage of Channel 15 on the Comcast cable system in South Florida in order to effectively implement their affiliation agreement with Fox International Channels. By broadcasting the MundoFox programming on Channel 15, *America TeVe* Network will be able to increase the production of relevant local programming and expand their marketing opportunities.

As you know, *America TeVe* is a locally owned and operated company that produces most of its programming right here in Miami-Dade County. The company has been a responsible corporate citizen, and its on-the-air talent, as well as its executive team, have been very involved in a number of important community initiatives in our county.

America TeVe is also serving an important role in our community by providing employment to over 350 residents of our county. According to their executive team, allowing them to broadcast over Channel 15 will allow the company to continue growing its operations in Miami-Dade County, a very important factor for all residents of the county.

I therefore urge you to give full consideration to *America TeVe*'s request.

Sincerely,
