

Memorandum

Date: September 25, 2015

To: Honorable Xavier L. Suarez
Commissioner, District 7

From: Carlos A. Gimenez
Mayor

Subject: Unused Fire Rescue Vehicles

The following information is provided to you in response to your August 14, 2015 memorandum regarding unused fire rescue vehicles parked in Miami-Dade County's Shop II, located at 6400 SW 87 Avenue. In your memorandum, you include a picture depicting fire rescue vehicles. Please note that the picture you provided depicts fire rescue vehicles that are located in a different Miami-Dade Fire Rescue (MDFR) surplus vehicle lot, located at 8006 SW 107 Avenue, where there currently are no vehicles stored.

MDFR uses two (2) repair shops: Shop II and the North Shop, located at 8141 NW 80 Street in the Town of Medley. The equipment you mentioned in your memorandum, located at Shop II, is fluid. This location receives fire-rescue trucks that need to be repaired and, once they have been repaired, places them in a holding area to be picked up. MDFR Special Events Bureau vehicles are also stored in Shop II so that they may be deployed, as needed, throughout the County. The North Shop stores MDFR vehicles that are no longer serviceable and have been removed from use, as well as, vehicles that are scheduled to be refurbished and placed back into service as front line units.

The attached report provides detailed information regarding the vehicles located at MDFR's North Shop. The first 20 fire rescue vehicles identified in green are being refurbished to be placed back into service. The remaining vehicles are part of MDFR's spare fleet, which contains very few vehicles.

As part of MDFR's vehicle replacement plan, the department has designed a long-term plan to refurbish fire rescue vehicles in order to build a spare vehicle fleet and minimize the purchase of new fire rescue vehicles.

If you have any further questions or concerns, please do not hesitate to contact David Downey, Fire Chief, at 786-331-5118, or me directly.
