RE: FY 2008/2009 Transportation Improvement Program (TIP) Amendment To Add Safety Project FM No. 425578-1.

Dear Mr. Mesa,

This is a follow-up to the Department's request to amend the adopted Miami Urbanized Area's FY 2008/2009 Transportation Improvement Program (TIP) to add safety projects. At this time, the only project to be funded is FM 425578-1, which will add funds to the SR 90/SW 8th Street HEFT interchange project. Presently, funding is available to reconstruct the west ramps and adding discretionary safety funds would expand the project scope to include safety improvements to all the interchange's ramps.

Please disregard the remaining four projects that appear in the original amendment request. We are requesting the amendment, at this time, in order to ensure that the funds can be obligated no later than the close of the Federal fiscal year on September 30, 2009. These funds are in the Federal 2009 budget and will expire on that date.

The Department appreciates your expeditious handling of this request. Please contact Alice Bravo, PE, Director of Transportation Development, at (305) 470-5464 if you have any questions.

Sincerely,

Gary Donn
District Director of Transportation Support & MIC

Project Title: Safety Projects

Project Description (brief): Five safety projects at various intersections in Miami-Dade County.

PROJECT AMENDMENT: Amendment to the FY2008/2009 TIP to add new projects.

Type of Amendment	Funding		Time Schedule	
	Funding Level		Scope of Work	

Amendment Description (brief): Addition of five new safety projects.

Justification for the Amendment: The Department applied for available discretionary safety funds, which if awarded will be applied to five safety projects. While funding is contingent upon the Safety Office's decision, the Department is compelled to request this amendment at this time. This will ensure that the funds which will expire on September 30, 2009 can be obligated on time.
