

2007 HURRICANE SEASON – EMERGENCY EVACUATION PICK-UP SITES

Miami-Dade County encourages individuals living in hurricane evacuation zones to have arrangements in place to stay outside of the hurricane evacuation zones during a tropical storm or hurricane. These arrangements should be in place prior to the start of hurricane season.

For those unable to make such arrangements, the American Red Cross opens Hurricane Evacuation Centers as shelters of last resort. Individuals that are unable to provide their own transportation to a Hurricane Evacuation Center can use public evacuation transportation.

Miami-Dade Transit will activate specific Emergency Evacuation Bus Pick-Up Sites by zone (zones are listed on the next 4 pages) as directed by the Office of Emergency Management & Homeland Security. These Emergency Evacuation Bus Pick-Up Sites are identified by a sign that reads “**EMERGENCY EVACUATION BUS PICK-UP SITE.**” The buses placed into service for the evacuation will have displays that read “**EMERGENCY EVACUATION**” and these buses will only travel between the Emergency Evacuation Bus Pick-Up Site and the Hurricane Evacuation Center. Please note that the active zones will be determined individually for each storm.

To learn which Emergency Evacuation Bus Pick-Up Sites are active during a particular storm you should listen to the local media, monitor the County’s website at www.miamidade.gov, or contact Miami-Dade 3-1-1.
