Lands Under Pressure for Conversion to Non-Agricultural Use Suitability

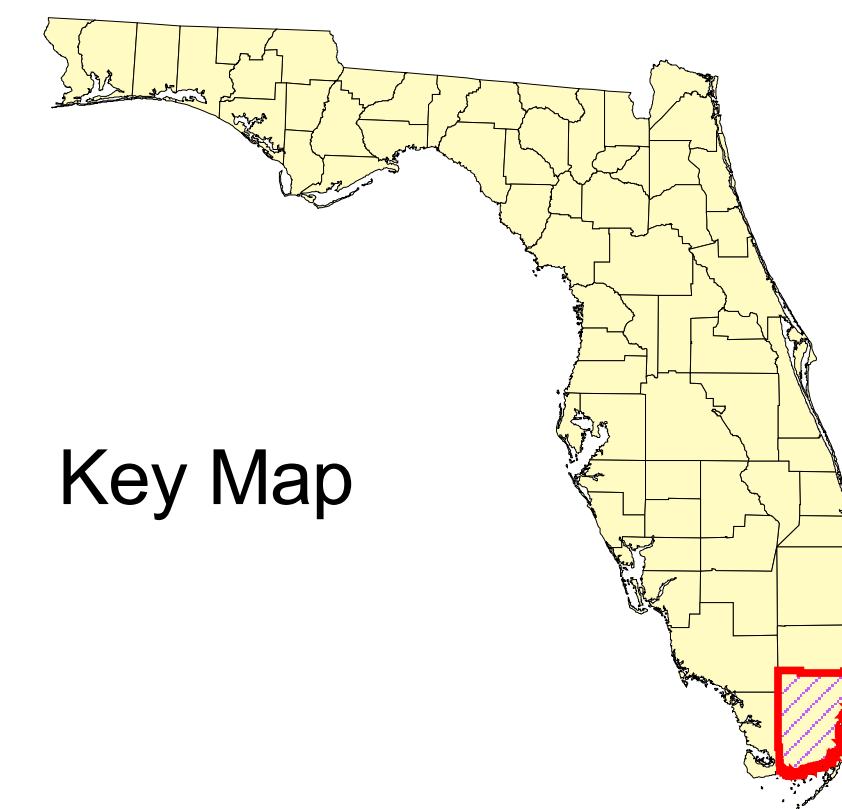

Composite Lands Under Pressure for Conversion to Non-Agricultural Use Suitability Criteria

Miami-Dade County
Agriculture & Rural Area Study

This map represents a composite of Lands Under Pressure for Conversion to Non-Agricultural Uses suitability. The criteria are: Wetlands; Wellfield Protection Areas; Environmentally Sensitive Areas; Major Power Line Easements; and Population Change for 1999-2020. For more information see the Suitability Criteria and Map Description documentation.

Data Sources:
Roads: Miami-Dade County, 1998.
Streams and Canals: USGS, 1994.
Water: SFWMD, 1995.
Urban Development Boundary: Miami-Dade County.
Urban Expansion Area: Miami-Dade County.
Publicly Owned and Conservation Areas: URS, 2002. Compiled from 3 sources: Environmentally Endangered Lands, Miami-Dade County, Feb 2001. Conservation and Recreational Lands, FDEP, 1999. County Parks, Miami-Dade County, 2000.
Developed Areas: Miami-Dade County, 1998 Parcel Based Land Use.

Suitability Sources:
Wetlands: SFWMD, 1995, Florida Land Use Cover and Forms Classification System (FLUCCS).
Wellfield Protection Areas: Miami-Dade County.
Environmentally Sensitive Areas: Miami-Dade County, 2001. Environmentally Endangered Lands.
Major Power Lines: Miami-Dade County, 1998 Parcel Based Land Use.
Population Change: Miami-Dade County Department of Planning and Zoning.
Population changes are predicted by Traffic Analysis Zones (TAZ) for 1999 - 2020.

November, 2002
