Subrata Basu, DP&Z gave a brief review of the agenda and overview of the County owned project.

Jose Perez, GSA provided detailed information regarding the County owned project and discussed the proposed timeline for the project.

Renae Nottage, MDPR discussed the parks located in the Richmond Heights area and programs offered. She also discussed the maintenance schedule and the Optimist Football League responsibility for cleaning parks following games.

There was a request to set-up a committee to work with MDPR to improve the services and facilities within the area.

Gil Hernandez, OCHP provided an overview of OCHP's function. He also discussed federally qualified healthcare centers.

Attendees requested the following departments attend at the charrette: Police, Elderly Services, Transit, Florida Department of Transportation, and Neighborhood Compliance.

Jess Linn, DP&Z discussed the promotional charrette materials and provided meeting attendees with posters, postcards and door hangers to hand out around the community.

The lack of available parking at the County site was discussed. The need to bring the adjacent property owner to the table for discussions was suggested.
