INTRODUCTION

This report contains the Department of Planning and Zoning's initial recommendations addressing applications to amend the Comprehensive Development Master Plan (CDMP), which were filed for consideration during the April 2009 Plan Amendment Review Cycle. A total of 9 applications were filed during this amendment cycle, six by private parties (Application Nos. 1, 2, 3, 4, 5 and 6), and three (Application Nos. 7, 8 and 9) by the Miami-Dade County Department of Planning and Zoning (DP&Z). The DP&Z and the Park and Recreation Department jointly filed Application No. 8. Application Nos. 1 and 2 were withdrawn by the applicants prior to the issuance of this report. The report contains the recommendations for the remaining 7 applications and the necessary background information and analyses on which the recommendations are based.

Application Review Process and Schedule of Activities

Following is a summary of the Plan review, amendment activities and schedule that will be followed by this cycle to comply with the CDMP procedural requirements contained in Section 2-116.1, Code of Miami-Dade County and State law. The Schedule of Activities on page v lists the principal activities that will occur under this process and indicates the timeframes for those activities in accordance with the State requirements and the County Code.

For this amendment cycle, the application filing period extended from April 1 through April 30, 2009. Miami-Dade County's adopted procedures allow for the filing of requests to amend all provisions of the CDMP and changes to the Urban Development Boundary (UDB) at this time.

The CDMP amendment process involves two phases. The first phase occurs between the time applications are filed and the time the Board of County Commissioners (Board) conducts its first hearing and takes action to transmit standard applications to the Florida Department of Community Affairs (DCA) and other associated State agencies for possible review and comment, and/or adopt eligible small-scale Land Use Plan (LUP) map amendments on an expedited schedule. During the first phase, affected and neighboring property owners are notified of the nearby LUP map amendment requests. Section 2-116.1 authorizes Community Councils to conduct public hearings and issue recommendations on applications that directly affect their areas. These hearings must be held before the Planning Advisory Board (PAB), acting as the County's "Local Planning Agency", and the Board.

The DP&Z will submit its initial recommendations to the PAB regarding each requested change, no later than August 25, 2009. Each Community Council in which a proposed amendment to the LUP map is located is scheduled to hold a public hearing to discuss the LUP map application(s) and may formulate recommendation(s) regarding the request(s) in September 2009. The PAB is scheduled to hold a public hearing on October 5, 2009 to receive comments and recommendations on the proposed amendments, and to formulate recommendations to the Board regarding adoption of the Capital Improvements Element (CIE) Annual Update and transmittal to DCA. The Board is currently scheduled to hold a public hearing on November 4, 2009 taking final action on the CIE Annual Update, and to consider transmittal of the other requested amendments to DCA. "Transmittal" of a proposed amendment to the State for initial review does not constitute adoption of requested amendments.

The second phase of the review, addressing the standard applications, begins after transmittal of the applications to the DCA and associated State agencies. The CDMP amendment procedures in Section 2-116.1 of the County Code provide that the DCA will be requested by the County to review and comment on all transmitted amendment proposals. The DCA is expected to return comments addressing all transmitted amendment proposals in February 2010, approximately within 75 days of the transmittal date. The PAB will then conduct its final public hearing(s) within 30 days after receiving comments from the DCA. No later than 60 days after receiving comments from the DCA, the Board could conduct a public hearing and take final action on the applications. During the DCA review period, the DP&Z will also review comments received at the transmittal hearings and any additional submitted material and may issue a "Revised Recommendations" report reflecting any new information prior to the final public hearings. Final action by the Board will be to adopt, adopt with change, or not adopt each of the transmitted applications.

Outside this regular CDMP amendment process, requests to amend the CDMP can be made by the Board under a special amendment process, or by a party having an application undergoing the Development of Regional Impact (DRI) process requesting a concurrent amendment to the CDMP. Procedures for processing such special or DRI-related amendments are established in Section 2-116.1 of the Miami-Dade County Code.

Capital Improvements Element (CIE) Amendment

The CIE annual update amendment may be adopted by a local government with only one public hearing. Thus, the Board of County Commissioners may be able to adopt this amendment (Application No. 7) at the public hearing in November. Under this expedited process, the local government does not transmit the annual update as a proposed amendment and the DCA does not issue an Objections, Recommendations and Comments report. Instead, the local government simply adopts the CIE annual update amendment at a duly noticed public hearing, sends the adopted amendment to the DCA, and the DCA publishes a Notice of Intent after conducting a compliance review.

Additional Information

Anyone having questions regarding any aspect of the CDMP review and amendment process should visit or call the Metropolitan Planning Section of the Miami-Dade County Department of Planning and Zoning at 111 NW 1st Street, Suite 1220; Miami, Florida 33128-1972; telephone 305/375-2835.
