APPLICATIONS AND FILING PERIODS

Applications requesting changes to those provisions of the Comprehensive Development Master Plan (CDMP), including changes to the Land Use Plan (LUP) map designation of parcels inside the 2020 Urban Development Boundary (UDB) or text of the CDMP can be accepted during this filing period from May 1, 2014 through June 2, 2014. The next opportunity for the private sector to file an application to amend the 2020 UDB, the 2030 Urban Expansion Areas (UEA) and to change the designations of parcels outside the 2020 UDB is the May 2015 Cycle. The CDMP amendment application filing periods are indicated in the "Plan Components Eligible for Amendment" table on page 2.

PRE-APPLICATION CONFERENCE FOR APPLICATIONS

The CDMP amendment application procedures have been revised to include pre-application conferences. Prospective applicants are strongly advised to contact the Miami-Dade County Department of Regulatory and Economic Resources staff at the address and phone number listed below as early as possible to receive this Instructions Report and to schedule the pre-application meeting prior to filing any application in the subject May 2014 Cycle of amendments to the CDMP.

I. PURPOSE

The CDMP/Plan was originally adopted by the Miami-Dade County Commission in 1975 as the official guide for managing growth and development of the Miami-Dade County area. The County substantially revised and updated the CDMP as adopted in 1988 pursuant to Section 2-116.1 of the Miami-Dade County Code, which provides the procedures for the Plan to be periodically re-evaluated and amended.

The plan review and amendment process provides a means for amending the Plan for many reasons, including the need to correct an error, to reflect changing circumstances or conditions in the community that justify adjustments to long range projections and to improve the ability of the Plan to fulfill its basic intent, purposes and goals.

Not all Plan components may be amended during every Plan amendment cycle. Components eligible for amendment during the various semi-annual filing periods are summarized below.

Plan Components Eligible for Amendment

Application Filing Period (Month)	Even-Numbered Years	Odd-Numbered Years
May Filing Period	All Components Except UDB, UEA and Land Uses Outside UDB	All Components including UDB and UEA
November Filing Period	All Components Except UDB, UEA and Land Use Outside UDB	All Components Except UDB, UEA and Land Use Outside UDB
Concurrent DRI/CDMP	Can be filed at any time in conjunction with a new or modified DRI	
Notes: DRI = Development of Regional Impact UDB = Urban Development Boundary UEA = Urban Expansion Area		

II. SEQUENCE OF ACTIVITIES

Applications requesting amendments to the CDMP must be filed with the Miami-Dade County Department of Regulatory and Economic Resources (Department) during the filing period from May 1 through June 2, 2014. Prior to filing, applicants are strongly advised to request a pre-application conference with Department staff to go over their proposals for their intended applications. Applications must contain the information and conform to the format outlined in this document. Applications deemed by the Department to be unclear or incomplete must be corrected and resubmitted within seven business days following notice by the Department to the applicant that the application is deficient. An application can be withdrawn at any time. In order to obtain a refund of the entire filing fee, notice of the withdrawal and the Applicant's request for refund must be received by the Department in writing from the applicant(s) or their representative no later than 5:00 PM on June 7, 2014. The Department will publish an Applications Report addressing each application no later than June 21, 2014 and its Initial Recommendations report addressing each application no later than August 25, 2014.

A tentative Schedule of Events for the May 2014-15 Amendment Cycle (Table 2) is presented on page 5. Each directly affected Community Council in which a proposed amendment to the Land Use Plan map is located, may at its option, hold a public hearing in September 2014 to discuss the application(s), and to formulate recommendation(s) to the Miami-Dade County Planning Advisory Board (PAB) and Miami-Dade County Board of County Commissioners (Board) regarding the request(s).

The PAB acting as Miami-Dade County's Local Planning Agency (LPA) pursuant to Chapter 163, Part 2, Florida Statutes (F.S.), will then hold one duly noticed public hearing scheduled to occur October 20, 2014 to receive comments on the proposed amendments and the Department staff initial recommendations and to formulate its recommendations to the Board. The LPA's recommendations will address adoption, adoption with change, or denial of any requested "small-scale" amendments, and transmittal of any requested "standard" amendments to the State Land Planning Agency (SLPA) and other state and regional agencies (reviewing agencies) for review and comment and subsequent final action by the Board on the transmitted plan amendment(s).

The Board is scheduled to conduct a duly noticed public hearing on November 19, 2014, to address adoption of requested "small-scale" amendments and transmittal of the requested "standard" amendments to the reviewing agencies. The SLPA will not review adopted "small-scale" land use plan map amendments for policy conformance or compliance with state law; and pursuant to Chapter 163.3187(5)(c) adopted "small-scale" amendments will become effective 31 days after adoption, unless an affected person or agency challenges the compliance of the amendment with Chapter 163, Part 2, F.S. Transmittal of "standard" amendment applications to the reviewing agencies for review and comment does not constitute adoption of requested amendments.

A second phase of the review addressing the "standard" applications begins after transmittal of the applications to the reviewing agencies. Also, the Board may opt to neither adopt nor deny a requested "small-scale" amendment at its first public hearing but may, instead, decide to transmit it for state and regional agency review and comment as a "standard" amendment request. Transmittal of the May 2014 Cycle applications to the reviewing agencies is scheduled to occur on November 19, 2014; then the reviewing agencies, including the SLPA, are each expected to issue a comment letter in or about January 2015 addressing all transmitted applications. The Board would conduct a Final public hearing for the transmitted standard application(s) and take final action in or about February or March 2015.

During the review period for the SLPA and other reviewing agencies, the Department will also review comments received at the transmittal hearings and any additional material submitted and may issue a Final Recommendations report reflecting any new information prior to the final public hearings. The Final Recommendations report may also address any issues raised by the reviewing agencies in their respective review letters.

Final action by the Board will be to adopt, adopt with change, adopt with acceptance of Declaration of Restrictions (covenant), adopt with change and with acceptance of covenant, or not adopt each of the transmitted applications.

Comprehensive Development Master Plan Amendments (CDMP) to Adopted 2020-2030 Land Use Plan map and Related Zoning Actions

Both the CDMP amendment and zoning approval processes need to occur before a particular development can be built. The CDMP amendment review process examines the need, impacts and compatibility of a certain land use at a particular location. The zoning process examines the site issues related to a particular development that are typically addressed in site plans.

The filing of zoning applications related to proposed CDMP amendments to the Adopted 2020-2030 Land Use Plan map can occur at any time during the CDMP amendment process, or even prior to the filing period for the CDMP application. However, the zoning actions cannot occur until after the CDMP amendment is finalized or is in effect. To be final and become effective, a CDMP application must be adopted by the Board of County Commissioners and the 30-day challenge period expire without a petition being filed to challenge the adopted amendment. If timely challenged, an amendment does not become effective until the SPLA or Administrative Commission enters into a Final Order determining the adopted amendment to be in compliance with state law.

The Development Impact Committee (DIC) reviews certain zoning applications that require a public hearing and which also could have a substantial impact on the health, safety, and welfare of County residents because of their magnitude, location or character. The types of projects that could require a DIC review include: residential developments; business uses; recreational, cultural, or entertainment facilities; office buildings or complexes; industrial uses; hotel or motel developments; planned area developments; and mixed-use developments. The threshold requirements for developments requiring a DIC review are identified in Section 33-303.1(D) (7) (a) 1 through 8 of the County Code.

To reduce the timeline for getting all the required approvals needed for a project, the Department suggests that applicants file DIC applications, related to CDMP applications, after the Initial Recommendations Report is published on or before August 25, 2014. The report would identify the Department's concerns with the CDMP application that the applicant could utilize in preparing the DIC application. Filing the DIC application during the early stages of the CDMP Amendment process could be beneficial to any applicant seeking to reduce the total review timeline for a project. However, the potential drawback to filing a DIC, or any zoning application prior to the conclusion of the CDMP Amendment process, is that the zoning fees would not be refunded if the related CDMP application is denied.

Deadlines for Submittal of Technical Reports for Consideration in the Initial Recommendations and Revised Recommendations Reports

Applicants are reminded that Section 2-116.1(7) of the Miami-Dade County Code stipulates that "No economic reports or studies, real estate appraisals or reports, and/or written reports of consultants or other experts shall be considered as evidence by either the PAB/LPA, the Department, or the Board during their consideration of final action on the amendments, unless filed with the Director of Department no later than 30 days after the Board's Transmittal Action. This provision may be waived by a vote of the Board upon a demonstration by any interested party that an injustice will occur." Exceptions are usually approved by the Board for reports addressing issues first raised after the deadline, such as issues that are raised by the SLPA or the other reviewing agencies in their respective comments letters.

The deadline for all Applicant(s) and/or their representative(s) to submit technical reports, such as **Traffic or Economic Studies**, in support of their applications and for consideration in the Initial Recommendations Report, shall be no less than eight weeks prior to the publication date of August 25, 2014. **Technical reports must be submitted no later than June 28, 2014** for the May 2014-15 CDMP Amendment Cycle. This deadline will allow staff adequate time to review and consider all the additional data and analysis submitted by the applicant in the Initial Recommendations report. If the Department is to consider a technical report in its written recommendation on an application in the Final Recommendations report, it must be received at least four weeks prior to the final hearing of the Board.

For Standard Applications to amend the Land Use Plan (LUP) map, the applicant(s) shall submit a traffic impact study signed and sealed by a Florida registered professional engineer. The traffic impact study should be conducted using a professional methodology accepted by the Department. The applicant or his transportation consultant should address the following methodology requirements as part of the traffic impact analysis:

1. **Study Area.** The study area (area of influence) for the traffic impact analysis is dependent on the type and size of the land use application. If the application is a small-scale application, the application shall be evaluated for impact on the roadway network adjacent to and in the vicinity of the application site. If the application is a standard amendment application, the application shall be evaluated for impact on roadways in the traffic network where traffic generated by the propose application is equivalent to 5 percent of the maximum service volume at the adopted LOS standard for the facility. Study area boundaries should include all significantly impacted State and County roadways.
2. **Analysis Years.** The analysis years should be: 2020 for the short-term traffic level of service analysis and 2030 (the CDMP's planning horizon) or 2040 (Long Range Transportation Plan's (LRTP) 2040 Cost Feasible Plan) for the long-term traffic impact analysis.
3. **The Short Term Traffic Level of Service Analysis** should be based on the average of the two highest consecutive hours. The long-term analysis period should be based on the period that has the highest combination of development and background traffic.
4. **Existing Conditions.** Identify the physical characteristics of the transportation roadway network adjacent to and within the study area and the traffic operating conditions of the roadways using the County's adopted level of service standards.
5. **Background Traffic.** The expected increase in non-development traffic and traffic from other development should be accounted for in future years.
6. **Roadway improvements.** Consider roadway capacity improvements in the adopted Metropolitan Planning Organization's (MPO) Adopted 2013 Transportation Improvement

Program (TIP) and planned roadway capacity improvements listed in as Priority I, Priority II, Priority III and Priority IV in the adopted 2040 Long Range Transportation Plan.

7. Trip Generation. Using the ITE's Trip Generation estimate the average daily and AM and PM Peak Hour trip generation associated with the current and requested CDMP Land Use Plan map designations. Trip generation should be estimated for the maximum potential development that could occur under the current and requested CDMP land use designation or the limited development proposed in a proffered covenant.
8. Trip Distribution. Allocate the trips to origin and destination land uses and areas external to the application site. Trip distribution can be performed concurrent with assignment if a manual process is used, or computerized travel demand forecasting model can also be used.
9. Short-term Traffic Level-of-Service Analysis. Perform the short-term traffic analysis (utilizing the roadway concurrency management analysis procedure) with and without the impact of the requested amendment application, and indicate which roadways segments meet or violate the County's adopted LOS standards. This analysis must be performed using the most current State and County traffic count stations data published by the Miami-Dade County Public Works and Waste Management Department (PWWM), or the most recently available traffic counts.
10. Future Conditions Analysis. For standard amendment applications, an assessment of the impacts of proposed land use change on the transportation system related to the CDMP long-term planning horizon (Year 2040) or LRTP, 2040 Cost Feasible Plan is required. This analysis must include the 2030 or 2040 LOS conditions on the roadway network without the proposed land use change and with the land use change. Identify which roadway segments will violate the adopted minimum LOS standards.
11. Address the need for new facilities or expansion of existing facilities to provide a safe and efficient transportation network, enhance mobility, and maintain the adopted level of service standards through the short-term (concurrency) and long-term time frames.
12. Mitigation Analysis. This analysis is to determine what mitigation measure should be taken and to assess a range of alternatives and to indicate if the improvements will operate as anticipated.
13. Maps or exhibits must be drawn to an approximate scale.

It is recommended that the applicant or transportation consultant contact the Department with any questions or concerns regarding the requirements of the traffic impact study.

Prohibition on Argument or Representation Regarding Proposed Specific Future Uses Without Proffering a Declaration of Restrictions

According to County Ordinance 03-40 pertaining to CDMP procedures, no applicant or applicant's representative seeking a recommendation for approval or approval of an amendment to the Land Use Plan map shall be permitted to argue or represent to the Board or other recommending County board a specific future use or uses for an application site without such representation being proffered in a Declaration of Restrictions (covenant). The representation cannot include a specific use or uses or exclude a use or uses authorized by the proposed land use designation, unless the applicant has submitted a covenant committing to such representation for the subject property, which has been submitted to the Director and has received approval as to form. The covenant and associated opinion of title and joinders must be submitted to the Metropolitan Planning Section of the Department and a copy to the Office of the Assistant Director for Planning at the address provided on page 1. The Applicant or applicant's representative should also deliver the fully executed documents with all signatures on the covenant, Opinion of Title, any and all joinders to the Metropolitan Planning Section by the appropriate adoption hearing deadline indicated in Table 3. The Department's administrative staff will then contact the Applicant(s) or the Applicant's representative(s) for payment of the appropriate fee before recording the covenant through the Clerk of the Courts Office.

Deadlines for Submitting Declaration of Restrictions to be Considered

Deadlines at different stages in the review process exist for providing Declaration of Restrictions (covenants). The deadline for Declaration of Restrictions to be submitted to staff for consideration in the Initial Recommendations Report is June 23, 2014. If a Community Council, the Planning Advisory Board or the Board is to consider a covenant in its decision-making that was not included or addressed in the Initial Recommendations, the deadline for submittal is 17 days prior to the hearing. If the Department is to consider the covenant in its written recommendation on an application in the Final Recommendations report, it must be received and finalized as to form and content at least four weeks prior to the final hearing of the Planning Advisory Board. Table 3 below specifies the deadlines for the submittal of applicant's proffered covenant.

The Department has a specific format for CDMP Declaration of Restrictions and Opinion of Title for applicants to follow, copies of which are included herein as Appendix C on page 31.

- b. Small scale applications: 40 hard copies to the Board agenda coordinator, 10 copies (5 CDs and 5 hard copies) for transmittal to the SLPA and the remaining copies for the Department staff.

All hard copies should be 8-1/2 x 11 inch, 3-hole punch, if possible.

III. INSTRUCTIONS FOR REQUESTING AMENDMENTS

Any individual, organization, group or firm may apply to Miami-Dade County for a Plan amendment. For each requested amendment, a separate application must be submitted. Each applicant is responsible for preparing his or her own application in conformance with these instructions. Two sets of signed original documents must be filed in each application along with the appropriate fees.

All applications are to be filed with the Department, Metropolitan Planning Section, 12th Floor, Stephen P. Clark Center, 111 NW 1 Street, Miami, Florida 33128-1972, after 8:00 AM on May 1, 2014 and before 5:00 PM on June 2, 2014. After this date, no one will be permitted to file or expand an application. Upon review, if an application is found to be incomplete or contain errors, staff will notify the applicant of the deficiencies and the applicant must resubmit the application with clarification or additional information. Resubmitted applications are due within seven (7) business days after notice by the Department that the application is deficient. To enable better service, applicants are encouraged to file before the June 2, 2014 deadline.

Application Procedures

Prior to filing a Plan amendment application, prospective private applicants are strongly advised to request a pre-application conference with staff at which time all necessary technical assistance, except for formal CDMP interpretations, will be offered to help applicants prepare their proposals and associated documents or supporting data and analysis. The pre-application conference will assist the applicants to evaluate their requests carefully with staff and determine whether a CDMP amendment is necessary to achieve their objective. For example, many different land uses can occur within a specific land use category of the Land Use Plan map without being in conflict with the CDMP. All prospective applicants should become familiar with all Elements of the CDMP, in order to be certain that their anticipated Plan amendment is necessary. If you have questions, contact the CDMP Administration Unit of the Metropolitan Planning Section of the Department. If the applicant makes an appointment, the Planning Division staff will hold a pre-application conference to discuss the need for the application and any additional information that the applicant may be required to produce, such as traffic study/analysis report.

If a written interpretation of the CDMP or a written response to a question regarding the necessity for a Plan amendment is sought from the Department such requests should be directed in writing to Mr. Jack Osterholt, Director, or Mark R. Woerner, Assistant Director for Planning, Department of Regulatory and Economic Resources, 111 NW 1 Street, 12th Floor, Miami, Florida 33128. These written requests shall be submitted no later than six weeks before the end of the filing period. Department fees for such a request can be found in County Implementing Order 4-111 (Ordinance No. 10-64) effective October 3, 2011, which requires that a fee will be charged for the issuance of a written opinion (See Appendix A, Schedule of Fees for Letters of CDMP Interpretation, Page 19).

Small-Scale Amendments

A procedure is provided for the expedited processing of "Small-scale" amendments to the Land Use Plan map as defined in Amended Section 163.3187(2), F.S. This procedure authorizes the Board to take final action on small-scale requests to amend the Land Use Plan map at the May 2014 transmittal public hearing. An amendment application is eligible for expedited processing as a "Small-scale" amendment under the following conditions:

1. The proposed amendment involves a land use change of 10 acres or less.
2. The cumulative annual acreage of all small-scale amendments shall not exceed 120 acres.
3. The proposed amendment does not involve a text change to the goals, policies, and objectives of the local government's comprehensive plan, but only proposes a land use change to the future land use map for a site specific small scale development activity. However, text changes that relate directly to, and are adopted simultaneously with the small scale future land use map amendment shall be permissible under this section.

Any applicant who wants their eligible application processed under the expedited "Small-scale" amendment procedure must explicitly make such a request in the application. Generally, "Small-scale" amendments will not be reviewed by the SLPA or issued a notice of intent, and will take effect 31 days after adoption by the Commission unless a challenge is timely filed against the amendment.

Application Format and Contents

Two signed originals of each application are required. All parts of the application must be typed or printed legibly on 8-1/2 x 11 inch paper, with the exception of the plat map and aerial photograph, which are required to be submitted with requests for a Land Use Plan map change. Please use the format outlined below and do not exceed ten pages in length, excluding graphics. Applicants may submit supplemental information with the application or at a later date. (See item 5, Additional Material Submitted, below).

An illustration is provided in Appendix B of this report as an example of the appropriate format for a hypothetical application seeking to amend the Land Use Plan map. The following information must appear in each application in the order listed below. Use the headings shown in capital letters for each item.

1. APPLICANT

Names, addresses and telephone numbers of all the applicants must be given.

2. APPLICANT'S REPRESENTATIVE

An individual who is responsible for filing the application and communicating for the applicant(s) must be indicated as the Applicant's Representative. This may be the applicant, one of a group of applicants, the applicant's attorney, or another representative designated by the applicant(s). The name, address (including ZIP code), email address and telephone number of the representative must be given, (including fax if available) and the representative must sign and date the application. If the application requests expedited processing as a small-scale amendment, this signature shall also constitute certification by the Applicant(s) that the application conforms to the statutory eligibility criteria referenced above.

3. DESCRIPTION OF REQUESTED CHANGE

Make clear reference to the Element of the Plan for which a change is being requested and indicate the type of change being requested, referring to the categories identified in the fee schedule (See Appendix A).

- A. If your requested change is to a text portion of the Plan, the Element name and page numbers of the Adopted Components Comprehensive Development Master Plan for Miami-Dade County (October 2013 Edition) must be given. Please check for the specific CDMP version that is on the Department's website. Any additions or deletions to the existing text should be shown in "underline" or "strike-through" format respectively. For amendments to graphics, tables, or maps other than the Land Use Plan Map, indicate the Element and the page number and title of the map, graphic, or table. Be as specific and clear as possible in describing the requested change. (Also, if this is known by you to be a repeat of a previous CDMP amendment application, please indicate the amendment cycle in which it was previously filed and the assigned application number in the description of the request).
- B. If your requested change is to the Adopted 2020-2030 Land Use Plan map, the following information must be submitted:
 - (1) A clear and concise written description of the application area boundaries.
 - (2) The total number of gross acres in the application area, which includes roadway rights-of-way, the "net acres" excluding the dedicated roadway rights-of-way, and the number of these acres which are owned by the applicant(s). Make reference to subsection 7 regarding properties not owned by the applicant.
 - (3) The present CDMP Land Use Plan map designation(s) of the application area and the land use designation(s) being requested. Please refer to the 2020-2030 Land Use Plan map for a listing of the applicable land use categories. If more than one land use category is being requested, precise boundaries and acreages of each requested use designation must be accurately described under items 3 B (1) and (2) above, and the land areas subject to the requested changes must be depicted on both maps required by the following paragraph.
 - (4) If the application is eligible for expedited processing as a "Small-scale" amendment, the applicant must explicitly include a request for the application to be processed under the expedited procedure as a small-scale amendment.
 - (5) The application area must be identified on Miami-Dade County Section Sheets and Aerial maps at a scale of 1 inch = 300 feet. An additional black and white map of reproducible quality must also be included depicting the location and boundaries of the application area on an 8 1/2" X 11" size page.
 - (6) Each map should identify roadways and section-township-range, and each map should distinguish between that portion of the application area, which is owned by the applicants and that portion, which is owned by nonparticipants in the application. A legend should be included as necessary to supplement map labeling.

Miami-Dade County Section Sheets and Aerial maps at a scale of 1" = 300' are available for purchase from the Public Works and Waste Management Department, Suite 1600,

Stephen P. Clark Center, and blank base maps at various other scales are available for purchase from the Planning Division, 12 Floor, Stephen P. Clark Center.

4. REASONS FOR AMENDMENT

This section should include reasons why the change to the Plan is requested and why it should be approved. Reasons offered may address any relevant issues, including the following: (A) the need to correct an error; (B) the need to reflect changing circumstances or conditions in the community that justify adjustments; (C) the need to improve the ability of the Plan to fulfill the basic intent and purposes as set forth in Section 2-113 of the Miami-Dade County Code or in the Goals, Objectives and Policies of the Plan Elements; and (D) the need to assure internal consistency within the Plan.

Applicants requesting changes to the Land Use Plan map may wish to comment on any factors, such as the following items which are considered by the Department Director in evaluating and formulating initial recommendations on proposed amendments.

- Land Use Plan map designation of the subject property and abutting properties.
- Relation of the property to the surrounding road network.
- Size of the subject property.
- Availability and demand on the public facilities for sanitary sewer, solid waste, drainage, potable water, traffic circulation, mass transit, recreation, schools, and fire and rescue services.
- Consistency of the proposed land use amendments with the objectives and policies of the Land Use Element and other affected Plan Elements.
- Consistency with environmental objectives and policies.

All rights, remedies and privileges granted herein shall be deemed to be cumulative and the exercise of any one or more shall neither be deemed to constitute an election of remedies, nor shall it preclude the party exercising the same from exercising such other additional rights, remedies or privileges.

Presumption of Compliance. Where construction has occurred on the Property or any portion thereof, pursuant to a lawful permit issued by the County, and inspections made and approval of occupancy given by the County, then such construction, inspection and approval shall create a rebuttable presumption that the buildings or structures thus constructed comply with the intent and spirit of this Declaration.

Severability. Invalidation of any one of these covenants, by judgment of Court, shall not affect any of the other provisions which shall remain in full force and effect. However, if any material portion is invalidated, the County shall be entitled to revoke any approval predicated upon the invalidated portion

Recordation and Effective Date. This Declaration shall be filed of record in the public records of Miami-Dade County, Florida at the cost of the Owner following the approval of the Application. This Declaration shall become effective immediately upon recordation.

Notwithstanding the previous sentence, if any appeal is filed, and the disposition of such appeal results in the denial of the Application, in its entirety, then this Declaration shall be null and void and of no further effect. Upon the disposition of an appeal that results in the denial of the Application, in its entirety, and upon written request, the Director of the Department of Regulatory and Economic Resources or the executive officer of the successor of said department, or in the absence of such director or executive officer by his/her assistant in charge of the office in his/her absence, shall forthwith execute a written instrument, in recordable form, acknowledging that this Declaration is null and void and of no further effect.

Acceptance of Declaration. The Owner acknowledges that acceptance of this Declaration does not obligate the County in any manner, nor does it entitle the Owner to a favorable recommendation or approval of any application, zoning or otherwise, and the Board of County Commissioners retains its full power and authority to deny each such application in whole or in part and decline to accept any conveyance.

Owner. The term Owner shall include all heirs, assigns, and successors in interest.
