INTRODUCTION

This report contains the initial recommendations of the Department of Regulatory and Economic Resources (Department) addressing Standard Application Nos. 5, 6 and 7 of the May 2016 Plan Amendment Review Cycle to amend the Comprehensive Development Master Plan (CDMP). A total of five (5) applications (Application Nos. 1, 2, 3, 4 and 7) were filed, all by private parties during the May 2016 Cycle filing period. Two applications (Application Nos. 5 and 6) were filed in the November 2015 Cycle and were transferred to the May 2016 Cycle, bringing the total number of applications in the May 2016 Cycle to seven. Application No. 2 was transferred to the October 2016 Cycle at the request of the Applicant, pursuant to Section 2-116.1 of Miami-Dade County Code. All of the applications in the May 2016 Cycle request amendments to the CDMP Adopted 2020 and 2030 Land Use Plan (LUP) map. Application Nos. 1, 3 and 4 are addressed in a separate report and were adopted as small-scale amendments on October 26, 2016 by Miami-Dade Board of County Commissioners (Board). This report addresses Standard Application Nos. 5, 6 and 7. A summary of each May 2016 Cycle standard application is presented in the Summary of Recommendations matrix on Page vii.

Application Review Process and Schedule of Activities

Following is a summary of the Plan review, amendment activities and schedule that will be followed by this cycle to comply with the CDMP procedural requirements contained in Section 2-116.1, Code of Miami-Dade County and State law. The Schedule of Activities on page v lists the principal activities that will occur under this process and indicates the timeframes for those activities in accordance with the State requirements and the County Code. For this amendment cycle, the application filing period occurred from May 2 through May 31, 2016.

The CDMP amendment process involves two phases. The first phase occurs between the time applications are filed and the time the Board conducts its first public hearing. At its first hearing, the Board will take action addressing transmittal of the standard application(s) to the State Land Planning Agency (SLPA) and other State and regional agencies (reviewing agencies) for review and comment, and/or adopt eligible small-scale LUP map amendments on an expedited schedule. During the first phase, affected and neighboring property owners are notified of the nearby LUP map amendment request(s). The Department will issue its initial recommendations regarding each requested change in November 2016 for the standard applications, and will submit the report to the Community Councils, the Planning Advisory Board (PAB) and the Board for their consideration during their public hearings.

Section 2-116.1 authorizes Community Councils to conduct public hearings and issue recommendations on the applications that directly affect their areas. The Community Councils public hearings on the standard applications for this CDMP amendment cycle must be held prior to the PAB, acting as the County's Local Planning Agency, and the Board conduct their public hearings, and are currently scheduled for November 29, 2016 for Application Nos. 5 and 6; and for November 28, 2016 for Application No. 7. The PAB is scheduled to hold a public hearing on Standard Application Nos. 5, 6, and 7 on December 7, 2016. The purposes of these public hearings are to receive comments and recommendations on the applications, and to formulate recommendations to the Board regarding the transmittal of the standard applications. The Board is currently scheduled to hold a duly noticed public hearing on January 25, 2017, to address transmittal of the standard applications. "Transmittal" of a proposed amendment to the reviewing agencies does not constitute adoption of the requested amendment.
The second phase of the amendment process begins after transmittal of the standard applications to the reviewing agencies. The CDMP amendment procedures in Section 2-116.1 of the County Code provide that the County will request to the SLPA to review and comment on all transmitted CDMP amendment proposals. Application Nos. 5 and 6 will undergo the State Coordinated Review process, pursuant to Chapter 163.3184(4)(d)1., F.S. Under the State Coordinated Review Process, the reviewing agencies are expected to return comments addressing Application Nos. 5 and 6, if transmitted, in April 2017, approximately 75 days after the transmittal hearing. Application No. 7 will undergo the Expedited State Review Process, pursuant to Chapter 163.3184(3)(b)2., F.S. Under the Expedited State Review Process, the reviewing agencies are expected to return comments addressing Application No. 7, if transmitted, in March 2017, approximately 45 days after the transmittal hearing. Within 45 days after receiving comments from the reviewing agencies, or other time period determined by the Director of the Department, the Board will conduct a public hearing and take final action on the transmitted applications. During the review period by the reviewing agencies, the Department will also review comments received at the transmittal hearing and any additional submitted materials and may issue a “Final Recommendations” report reflecting any new information prior to the final public hearing. Final action by the Board will be to adopt, adopt with change or not adopt any of the transmitted applications.

Outside of this regular CDMP amendment process, requests to amend the CDMP can be made by the Board under a special amendment process, or by a party filing a Notice of Proposed Change application, pursuant to Chapter 380.6, F.S., that is related to an existing application undergoing the Development of Regional Impact (DRI) process. Procedures for processing such special or DRI-related amendments are established in Section 2-116.1 of the Miami-Dade County Code.

Additional Information

Anyone having questions regarding any aspect of the CDMP review and amendment process should visit or call the Metropolitan Planning Section of the Miami-Dade County Department of Regulatory and Economic Resources at 111 NW 1st Street, 12th Floor, Miami, Florida 33128-1972; telephone 305/375-2835.
