Note: Selected monthly owner costs as a percentage of household income in 1999. Selected monthly owner costs as a percentage of household income is the computed ratio of selected monthly owner costs to monthly household income in 1999. The ratio was computed separately for each unit and rounded to the nearest whole percentage. Units occupied by households reporting no income or a net loss in 1999 are included in the "Not Computed" category.

Note: Specified owner-occupied units are owner-occupied, one-family, attached and detached houses on less than 10 acres without a business or medical office on the property.

Note: Selected monthly owner costs as a percentage of household income in 1999. Selected monthly owner costs as a percentage of household income is the computed ratio of selected monthly owner costs to monthly household income in 1999. The ratio was computed separately for each unit and rounded to the nearest whole percentage. Units occupied by households reporting no income or a net loss in 1999 are included in the "Not Computed" category.

Note: Specified owner-occupied units are owner-occupied, one-family, attached and detached houses on less than 10 acres without a business or medical office on the property.
