CHAPTER 832 VIOLATIONS INVOLVING CHECKS AND DRAFTS

832.05. Giving worthless checks, drafts, and debit card orders; penalty; duty of drawee; evidence; costs; complaint form.

(1) PURPOSE.—The purpose of this section is to remedy the evil of giving checks, drafts, bills of exchange, debit card orders, and other orders on banks without first providing funds in or credit with the depositories on which the same are made or drawn to pay and satisfy the same, which tends to create the circulation of worthless checks, drafts, bills of exchange, debit card orders, and other orders on banks, bad banking, check kiting, and a mischief to trade and commerce.
(2) WORTHLESS CHECKS, DRAFTS, OR DEBIT CARD ORDERS; PENALTY.—
(a) It is unlawful for any person, firm, or corporation to draw, make, utter, issue, or deliver to another any check, draft, or other written order on any bank or depository, or to use a debit card, for the payment of money or its equivalent, knowing at the time of the drawing, making, uttering, issuing, or delivering such check or draft, or at the time of using such debit card, that the maker or drawer thereof has not sufficient funds on deposit in or credit with such bank or depository with which to pay the same on presentation; except that this section does not apply to any check when the payee or holder knows or has been expressly notified prior to the drawing or uttering of the check, or has reason to believe, that the drawer did not have on deposit or to the drawer's credit with the drawee sufficient funds to ensure payment as aforesaid, nor does this section apply to any postdated check.
(b) A violation of the provisions of this subsection constitutes a misdemeanor of the first degree, punishable as provided in § 775.082 or § 775.083, unless the check, draft, debit card order, or other written order drawn,
made, uttered, issued, or delivered is in the amount of $150, or its equivalent, or more and the payee or a subsequent holder thereof receives something of value therefor. In that event, the violation constitutes a felony of the third degree, punishable as provided in § 775.082, § 775.083, or § 775.084.

(3) CASHING OR DEPOSITING ITEM WITH INTENT TO DEFRAUD; PENALTY.—
(a) It is unlawful for any person, by act or common scheme, to cash or deposit any item, as defined in § 674.104(1)(i), in any bank or depository with intent to defraud.
(b) A violation of the provisions of this subsection constitutes a felony of the third degree, punishable as provided in § 775.082, § 775.083, or § 775.084.

(4) OBTAINING PROPERTY OR SERVICES IN RETURN FOR WORTHLESS CHECKS, DRAFTS, OR DEBIT CARD ORDERS; PENALTY.—
(a) It is unlawful for any person, firm, or corporation to obtain any services, goods, wares, or other things of value by means of a check, draft, or other written order upon any bank, person, firm, or corporation, knowing at the time of the making, drawing, uttering, issuing, or delivering of such check or draft that the maker thereof has not sufficient funds on deposit in or credit with such bank or depository with which to pay the same upon presentation. However, no crime may be charged in respect to the giving of any such check or draft or other written order when the payee knows, has been expressly notified, or has reason to believe that the drawer did not have on deposit or to the drawer’s credit with the drawee sufficient funds to ensure payment thereof. A payee does not have reason to believe a payor does not have sufficient funds to ensure payment of a check solely because the payor has previously issued a worthless check to him or her.
(b) It is unlawful for any person to use a debit card to obtain money, goods, services, or anything else of value knowing at the time of such use that he or she does not have sufficient funds on deposit with which to pay for the same or that the value thereof exceeds the amount of credit which is available to him or her through an overdraft financing agreement or prearranged line of credit which is accessible by the use of the card.
(c) A violation of the provisions of this subsection, if the check, draft, other written order, or debit card order is for an amount less than $150 or its equivalent, constitutes a misdemeanor of the first degree, punishable as provided in § 775.082 or § 775.083.

(5) PAYMENT NO DEFENSE.—Payment of a dishonored check, draft, bill of exchange, or other order does not constitute a defense or ground for dismissal of charges brought under this section.

(6) “CREDIT,” “DEBIT CARD” DEFINED.—
(a) The word “credit” as used herein shall be construed to mean an arrangement or understanding with the drawee for the payment of such check, draft, or other written order.
(b) As used in this section, the term “debit card” means a card, code, or other device, other than a check, draft, or similar paper instrument, by the use of which a person may order, instruct, or authorize a financial institution to debit a demand deposit, savings deposit, or other asset account.

(7) REASON FOR DISHONOR, DUTY OF DRAVEE.—It is the duty of the drawee of any check, draft, or other written order, before refusing to pay the same to the holder thereof upon presentation, to cause to be written, printed, or stamped in plain language thereon or attached thereto the reason for the dishonor or refusal to pay it. In any prosecution under this section, the introduction in evidence of any unpaid and dishonored check, draft, or other written order having the drawee’s refusal to pay stamped or written thereon or attached thereto, with the reason therefor as aforesaid, is prima facie evidence of the making or uttering of such check, draft, or other written order, of the due presentation to the drawee for payment and the dishonor thereof, and that the same was properly dishonored for the reasons written, stamped, or attached by the drawee on such dishonored check, draft, or other written order. As against the maker or drawer thereof, the withdrawing from deposit with the drawee named in the check, draft, or other written order of the funds on deposit with such drawee necessary to ensure payment of such check, draft, or other written order upon presentation within a reasonable time after negotiation or the drawing, making, uttering, or delivering of a check, draft, or written order, payment of which is refused by the drawee, is prima facie evidence of knowledge of insufficient funds in or credit with such drawee. However, if it is deter-
§ 832.08(5) or an amount of up to 5 percent of the face amount of the check, whichever is greater, within 15 days after written notice has been sent to the address printed on the check or given at the time of issuance that such check, draft, or order has not been paid to the holder thereof, and bank fees incurred by the holder. In the event of legal action for recovery, the maker or drawer may be additionally liable for court costs and reasonable attorney’s fees. Notice mailed by certified or registered mail, evidenced by return receipt, or by first-class mail, evidenced by an affidavit of service of mail, to the address printed on the check or given at the time of issuance shall be deemed sufficient and equivalent to notice having been received by the maker or drawer, whether such notice shall be returned undelivered or not. The form of such notice shall be substantially as follows:

“You are hereby notified that a check, numbered ________, in the face amount of $______, issued by you on ________ (date), drawn upon ________ (name of bank), and payable to ________, has been dishonored. Pursuant to Florida law, you have 15 days from the date of this notice to tender payment of the full amount of such check plus a service charge of $25, if the face value does not exceed $50; $30, if the face value exceeds $50 but does not exceed $300; $40, if the face value exceeds $300, or an amount of up to 5 percent of the face amount of the check, whichever is greater, the total amount due being $______ and ________ cents. Unless this amount is paid in full within the time specified above, the holder of such check may turn over the dishonored check and all other available information relating to this incident to the state attorney for criminal prosecution. You may be additionally liable in a civil action for triple the amount of the check, but in no case less than $50, together with the amount of the check, a service charge, court costs, reasonable attorney fees, and incurred bank fees, as provided in § 68.065.”

Subsequent persons receiving a check, draft, or order from the original payee or a successor endorsee have the same rights that the original payee has against the maker of the instrument, provided such subsequent persons give notice in a substantially similar form to that provided above. Subsequent persons providing such notice shall be immune from civil liability for the giving of such notice and for proceeding under the forms of such notice, so long as the maker of the instrument has the same defenses against these subsequent persons as against the original payee. However, the remedies available under this section may be exercised only by one party in interest.

(b) When a check is drawn on a bank in which the maker or drawer has no account or a closed account, it shall be presumed that such check was issued with intent to defraud,
and the notice requirement set forth in this section shall be waived.

(2) IDENTITY.—
   
   (a) In any prosecution or action under the provisions of this chapter, a check, draft, or order for which the information required in paragraph (b), paragraph (d), paragraph (e), or paragraph (f) is available at the time of issuance constitutes prima facie evidence of the identity of the person issuing the check, draft, or order and that such person is authorized to draw upon the named account.

   (b) To establish this prima facie evidence:
      
      1. The driver's license number or state identification number, specifying the state of issuance of the person presenting the check must be written on the check; or
      
      2. The following information regarding the identity of the person presenting the check must be obtained by the person accepting such check: The presenter's full name, residence address, home phone number, business phone number, place of employment, sex, date of birth, and height.

      (c) The information required in subparagraph (b)2. may be provided by either of two methods:
         
         1. The information may be recorded on the check; or
         
         2. The number of a check-cashing identification card issued by the accepter of the check may be recorded on the check. In order to be used to establish identity, such check-cashing identification card may not be issued until the information required in subparagraph (b)2. has been placed on file with the accepter of the check.

      (d) If a check is received by a payee through the mail or by delivery to a representative of the payee, the prima facie evidence referred to in paragraph (a) may be established by presenting the original contract, order, or request for services that the check purports to pay for, bearing the signature of the person who signed the check, or by presenting a copy of the information required in subparagraph (b)2. which is on file with the accepter of the check together with the signature of the person presenting the check.

      (e) If a check is received by a payee and the drawer or maker has a check-cashing identification card on file with the payee, the prima facie evidence referred to in paragraph (a) may be established by presenting the signature found on the check-cashing identification card bearing the signature of the person who signed the check.

      (f) If a check is received by the Department of Revenue through the mail or by de-

877.08. Coin-operated vending machines and parking meters; defined; prohibited acts, penalties.

(1) A “coin-operated vending machine” or “parking meter,” for the purposes of this act, is defined to be any machine, contrivance, or device that is adapted for use in such a way that, as the result of the insertion of any piece of money, coin, or other object, the machine, contrivance, parking meter, or device is caused to operate or may be operated and by reason of such operation the user may become entitled to receive any food, drink, telephone or telegraph service, insurance protection, parking privilege or any other personal property, service, protection, right or privilege of any kind or nature whatsoever.

the second degree, punishable as provided in § 775.082 or § 775.083.

877.15. Failure to control or report dangerous fire.

Any person who knows, or has reasonable grounds to believe, that a fire is endangering the life or property of another, and who fails to take reasonable measures to put out or control the fire when the person can do so without substantial risk to himself or herself, or who fails to give a prompt fire alarm, is guilty of a misdemeanor of the second degree, punishable as provided in § 775.082 or § 775.083, if:

   a. Prior to selling or issuing such card or document, the person has first obtained from the applicant and retains for a period of 3 years from the date of sale:
      1. An authenticated or certified copy of proof of age as provided in § 1003.21(4); and
      2. A notarized affidavit from the applicant attesting to the applicant’s age and that the proof-of-age document required by subparagraph 1. is for such applicant.
   b. Prior to offering to sell such cards in this state, the person has included in any offer for sale of identification cards or documents that such cards cannot be sold or issued without the applicants’ first submitting the documents required by paragraph (a).
   c. The identification card or document contains the business name and street address of the person selling or issuing such card or document.
2. For the purposes of this section, the term “offer to sell” includes every inducement, solicitation, attempt, or printed or media advertisement to encourage a person to purchase an identification card.

However, if the physician writing the prescription is not known to the pharmacist, the pharmacist shall obtain proof to a reasonable certainty of the validity of said prescription. A prescription order for a controlled substance shall not be issued on the same prescription blank with another prescription order for a controlled substance which is named or described in a different schedule, nor shall any prescription order for a controlled substance be issued on the same prescription blank as a prescription order for a medicinal drug, as defined in § 465.003(8), which does not fall within the definition of a controlled substance as defined in this act.

(23) “Wholesaler” means any person who acts as a jobber, wholesale merchant, or broker, or an agent thereof, who sells or distributes for resale any drug as defined by the Florida Drug and Cosmetic Act. (f) A prescription for a controlled substance listed in Schedule II may be dispensed only upon a written prescription of a practitioner, except that in an emergency situa-
tion, as defined by regulation of the Department of Health, such controlled substance may be dispensed upon oral prescription but is limited to a 72-hour supply. A prescription for a controlled substance listed in Schedule II may not be refilled.

(g) A prescription for a controlled substance listed in Schedule III, Schedule IV, or Schedule V may not be filled or refilled more than five times within a period of 6 months after the date on which the prescription was written unless the prescription is renewed by a practitioner.

(2) (a) A pharmacist may not dispense a controlled substance listed in Schedule II, Schedule III, or Schedule IV to any patient or patient’s agent without first determining, in the exercise of her or his professional judgment, that the order is valid. The pharmacist may dispense the controlled substance, in the exercise of her or his professional judgment, when the pharmacist or pharmacist’s agent has obtained satisfactory patient information from the patient or the patient’s agent.

(b) Any pharmacist who dispenses by mail a controlled substance listed in Schedule II, Schedule III, or Schedule IV is exempt from the requirement to obtain suitable identification for the prescription dispensed by mail if the pharmacist has obtained the patient’s identification through the patient’s prescription benefit plan.

(c) Any controlled substance listed in Schedule III or Schedule IV may be dispensed by a pharmacist upon an oral prescription if, before filling the prescription, the pharmacist reduces it to writing or records the prescription electronically if permitted by federal law. Such prescriptions must contain the date of the oral authorization.

(d) Each written prescription prescribed by a practitioner in this state for a controlled substance listed in Schedule II, Schedule III, or Schedule IV must include both a written and a numerical notation of the quantity of the controlled substance prescribed on the face of the prescription and a notation of the date, with the abbreviated month written out on the face of the prescription. A pharmacist may, upon verification by the prescriber, document any information required by this paragraph. If the prescriber is not available to verify a prescription, the pharmacist may dispense the controlled substance but may insist that the person to whom the controlled substance is dispensed provide valid photographic identification. If a prescription includes a numerical notation of the quantity of the controlled substance or date, but does not include the quantity or date written out in textual format, the pharmacist may dispense the controlled substance without verification by the prescriber of the quantity or date if the pharmacy previously dispensed another prescription for the person to whom the prescription was written.

(e) A pharmacist may not dispense more than a 30-day supply of a controlled substance listed in Schedule III upon an oral prescription issued in this state.

(f) A pharmacist may not knowingly fill a prescription that has been forged for a controlled substance listed in Schedule II, Schedule III, or Schedule IV.

(4) The legal owner of any stock of controlled substances in a pharmacy, upon discontinuance of dealing in controlled substances, may sell said stock to a manufacturer, wholesaler, or pharmacy. Such controlled substances may be sold only upon an order form, when such an order form is required for sale by the drug abuse laws of the United States or this state, or regulations pursuant thereto.

893.05. Practitioners and persons administering controlled substances in their absence.

(1) A practitioner, in good faith and in the course of his or her professional practice only, may prescribe, administer, dispense, mix, or otherwise prepare a controlled substance, or the practitioner may cause the same to be administered by a licensed nurse or an intern practitioner under his or her direction and supervision only. A veterinarian may so prescribe, administer, dispense, mix, or prepare a controlled substance for use on animals only, and may cause it to be administered by an assistant or orderly under the veterinarian’s direction and supervision only. A certified optometrist licensed under chapter 463 may not administer or prescribe a controlled substance listed in Schedule I or Schedule II of § 893.03.

(1) Controlled substances in Schedules I and II shall be distributed by a duly licensed manufacturer, distributor, or wholesaler to a duly licensed manufacturer, wholesaler, distributor, practitioner, pharmacy, as defined in chapter 465, hospital, or laboratory only pursuant to an order form. It shall be deemed a compliance with this subsection if the parties to the transaction have complied with federal law respecting the use of order forms.

(2) Possession or control of controlled substances obtained as authorized by this section shall be lawful if in the regular course of business, occupation, profession, employment, or duty.

(3) A person in charge of a hospital or laboratory or in the employ of this state or of any other state, or of any political subdivision thereof, and a master or other proper officer of a ship or aircraft, who obtains controlled substances under the provisions of this section or otherwise, shall not administer, dispense, or otherwise use such controlled substances within this state, except within the scope of her or his employment or official duty, and then only for scientific or medicinal purposes and subject to the provisions of this chapter.

(4) It shall be unlawful to distribute a controlled substance in a commercial container unless such container bears a label showing the name and address of the manufacturer, the quantity, kind, and form of controlled substance contained therein, and the identifying symbol for such substance, as required by federal law. No person except a pharmacist, for the purpose of dispensing a prescription, or a practitioner, for the purpose of dispensing a controlled substance to a patient, shall alter, deface, or remove any labels so affixed.

893.07. Records.

(1) Every person who engages in the manufacture, compounding, mixing, cultivating, growing, or by any other process preparing or preparing, or in the dispensing, importation, or, as a wholesaler, distribution, of controlled substances shall:

(a) On January 1, 1974, or as soon thereafter as any person first engages in such activity, and every second year thereafter, make a complete and accurate record of all stocks of controlled substances on hand. The inventory may be prepared on the regular physical inventory date which is nearest to, and does not vary by more than 6 months from, the biennial date that would otherwise apply. As additional substances are designated for control under this chapter, they shall be inventoried as provided for in this subsection.

(b) On and after January 1, 1974, maintain, on a current basis, a complete and accurate record of each substance manufactured, received, sold, delivered, or otherwise disposed of by him or her, except that this subsection shall not require the maintenance of a perpetual inventory.

Compliance with the provisions of federal law pertaining to the keeping of records of controlled substances shall be deemed a compliance with the requirements of this subsection.

(2) The record of controlled substances received shall in every case show:

(a) The date of receipt.

(b) The name and address of the person from whom received.

(c) The kind and quantity of controlled substances received.

(3) The record of all controlled substances sold, administered, dispensed, or otherwise disposed of shall show:

(a) The date of selling, administering, or dispensing.

(b) The correct name and address of the person to whom or for whose use, or the owner and species of animal for which, sold, administered, or dispensed.

(c) The kind and quantity of controlled substances sold, administered, or dispensed.

(4) Every inventory or record required by this chapter, including prescription records, shall be maintained:
(a) Separately from all other records of the registrant, or
(b) Alternatively, in the case of Schedule III, IV, or V controlled substances, in such form that information required by this chapter is readily retrievable from the ordinary business records of the registrant.

In either case, the records described in this subsection shall be kept and made available for a period of at least 2 years for inspection and copying by law enforcement officers whose duty it is to enforce the laws of this state relating to controlled substances. Law enforcement officers are not required to obtain a subpoena, court order, or search warrant in order to obtain access to or copies of such records.

(5) Each person described in subsection (1) shall:
(a) Maintain a record which shall contain a detailed list of controlled substances lost, destroyed, or stolen, if any; the kind and quantity of such controlled substances; and the date of the discovering of such loss, destruction, or theft.
(b) In the event of the discovery of the theft or significant loss of controlled substances, report such theft or significant loss to the sheriff of that county within 24 hours after discovery. A person who fails to report a theft or significant loss of a substance listed in § 893.03(3), (4), or (5) within 24 hours after discovery as required in this paragraph commits a misdemeanor of the second degree, punishable as provided in § 775.082 or § 775.083. A person who fails to report a theft or significant loss of a substance listed in § 893.03(2) within 24 hours after discovery as required in this paragraph commits a misdemeanor of the first degree, punishable as provided in § 775.082 or § 775.083.

(a) Any compound, mixture, or preparation described in Schedule V.
(b) Any compound, mixture, or preparation containing any depressant or stimulant substance described in § 893.03(2)(a) or (c) except any amphetamine drug or sympathomimetic amine drug or compound designated as a Schedule II controlled substance pursuant to this chapter; in § 893.03(3)(a); or in Schedule IV, if:
1. The compound, mixture, or preparation contains one or more active medicinal ingredients not having depressant or stimulant effect on the central nervous system, and
2. Such ingredients are included therein in such combinations, quantity, proportion, or concentration as to vitiate the potential for abuse of the controlled substances which do have a depressant or stimulant effect on the central nervous system.
(2) No compound, mixture, or preparation may be dispensed under subsection (1) unless such substance may, under the Federal Food, Drug, and Cosmetic Act, be lawfully sold at retail without a prescription.
(3) The exemptions authorized by this section shall be subject to the following conditions:
(a) The compounds, mixtures, and preparations referred to in subsection (1) may be dispensed to persons under age 18 only on prescription. A bound volume must be maintained as a record of sale at retail of excepted compounds, mixtures, and preparations, and the pharmacist must require suitable identification from every unknown purchaser.
(b) Such compounds, mixtures, and preparations shall be sold by the pharmacist in good faith as a medicine and not for the purpose of evading the provisions of this chapter. The pharmacist may, in his or her discretion, withhold sale to any person whom the pharmacist reasonably believes is attempting to purchase excepted compounds, mixtures, or preparations for the purpose of abuse.
(c) The total quantity of controlled substance listed in Schedule V which may be sold to any one purchaser within a given 48-hour period shall not exceed 120 milligrams of codeine, 60 milligrams dihydrocodeine, 30 milligrams of ethyl morphine, or 240 milligrams of opium.
(d) Nothing in this section shall be construed to limit the kind and quantity of any controlled substance that may be prescribed, administered, or dispensed to any person, or for the use of any person or animal, when it is prescribed, administered, or dispensed in compliance with the general provisions of this chapter.
(4) The dextrorotatory isomer of 3-methoxy-n-methylmorphinan and its salts (dextromethorphan) shall not be deemed to be included in any schedule by reason of enactment of this chapter.

(2) Any agency authorized to enforce this chapter shall have the right to institute an action in its own name to enjoin the violation of any of the provisions of this chapter. Said action for an injunction shall be in addition to any other action, proceeding, or remedy authorized by law.

(3) All law enforcement officers whose duty it is to enforce this chapter shall have authority to administer oaths in connection with their official duties, and any person making a material false statement under oath before such law enforcement officers shall be deemed guilty of perjury and subject to the same punishment as prescribed for perjury.

(1) It is not necessary for the state to negative any exemption or exception set forth in this chapter in any indictment, information, or other pleading or in any trial, hearing, or other proceeding under this chapter, and the burden of going forward with the evidence with respect to any exemption or exception is upon the person claiming its benefit.

(2) In the prosecution of an offense involving the manufacture of a controlled substance, a photograph or video recording of the manufacturing equipment used in committing the offense, including, but not limited to, grow lights, growing trays, and chemical fertilizers, may be introduced as competent evidence of the existence and use of the equipment and is admissible in the prosecution of the offense to the same extent as if the property were introduced as evidence.

(3) After a law enforcement agency documents the manufacturing equipment by photography or video recording, the manufacturing equipment may be destroyed on site and left in disrepair. The law enforcement agency destroying the equipment is immune from civil liability for the destruction of the equipment. The destruction of the equipment must be recorded by the supervising law enforcement officer in the manner described in § 893.12(1)(a), and records must be maintained for 24 months.

(1) Any controlled substance or listed chemical seized as evidence may be sample tested and weighed by the seizing agency after the seizure. Any such sample and the analysis thereof shall be admissible into evidence in any civil or criminal action for the purpose of proving the nature, composition, and weight of the substance seized. In addition, the seizing agency may photograph or videotape, for use at trial, the controlled substance or listed chemical seized.

5. Keep or maintain any store, shop, warehouse, dwelling, building, vehicle, boat, aircraft, or other structure or place which is resorted to by persons using controlled substances in violation of this chapter for the purpose of using these substances, or which is used for keeping or selling them in violation of this chapter.

For purposes of this subparagraph, a material fact includes whether the patient has an existing prescription for a controlled substance issued for the same period of time by another practitioner or as described in subparagraph (a)8.

13. With the intent to obtain a controlled substance or combination of controlled substances that are not medically necessary for the person or an amount of a controlled substance or substances that is not medically necessary for the person, obtain or attempt to obtain from a practitioner a controlled substance or a prescription for a controlled substance by misrepresentation, fraud, forgery, deception, subterfuge, or concealment of a material fact. (b) If the prescribing practitioner wrote a prescription or multiple prescriptions for a controlled substance for the patient, other person, or animal for which there was no medical necessity, or which was in excess of what was medically necessary to treat the patient, other person, or animal, that fact does not give rise to any presumption that the prescribing practitioner violated subparagraph (a)1., but may be considered with other competent evidence in determining whether the prescribing practitioner knowingly assisted a patient, other person, or the owner of an animal to obtain a controlled substance in violation of subparagraph (a)1.

(c) A person who violates paragraph (a) commits a felony of the third degree, punishable as provided in § 775.082, § 775.083, or § 775.084.

893.135. Trafficking; mandatory sentences; suspension or reduction of sentences; conspiracy to engage in trafficking.

(1) Except as authorized in this chapter or in chapter 499 and notwithstanding the provisions of § 893.13:

(a) Any person who knowingly sells, purchases, manufactures, delivers, or brings into this state, or who is knowingly in actual or constructive possession of, in excess of 25 pounds of cannabis, or 300 or more cannabis plants, commits a felony of the first degree, which felony shall be known as “trafficking in cannabis,” punishable as provided
in § 775.082, § 775.083, or § 775.084. If the quantity of cannabis involved:

1. Is in excess of 25 pounds, but less than 2,000 pounds, or is 300 or more cannabis plants, but not more than 2,000 cannabis plants, such person shall be sentenced to a mandatory minimum term of imprisonment of 3 years, and the defendant shall be ordered to pay a fine of $50,000.

2. Is 2,000 pounds or more, but less than 10,000 pounds, or is 2,000 or more cannabis plants, but not more than 10,000 cannabis plants, such person shall be sentenced to a mandatory minimum term of imprisonment of 7 years, and the defendant shall be ordered to pay a fine of $50,000.

For the purpose of this paragraph, a plant, including, but not limited to, a seedling or cutting, is a “cannabis plant” if it has some readily observable evidence of root formation, such as root hairs. To determine if a piece or part of a cannabis plant severed from the cannabis plant is itself a cannabis plant, the severed piece or part must have some readily observable evidence of root formation, such as root hairs. Callous tissue is not readily observable evidence of root formation. The viability and sex of a plant and the fact that the plant may or may not be a dead harvested plant are not relevant in determining if the plant is a “cannabis plant” or in the charging of an offense under this paragraph. Upon conviction, the court shall impose the longest term of imprisonment provided for in this paragraph.

(b) 1. Any person who knowingly sells, purchases, manufactures, delivers, or brings into this state, or who is knowingly in actual or constructive possession of, 28 grams or more of cocaine, as described in § 893.03(2)(a)4., or of any mixture containing cocaine, but less than 150 kilograms of cocaine or any such mixture, commits a felony of the first degree, which felony shall be known as “trafficking in cocaine,” punishable as provided in § 775.082, § 775.083, or § 775.084. The Legislature finds that the opinions in State v. Hayes, 720 So. 2d 1095 (Fla. 4th DCA 1998) and State v. Baxley, 684 So. 2d 831 (Fla. 5th DCA 1996) correctly construe legislative intent.

(a) Any stratagem or deception, including the use of an undercover operative or law enforcement officer, was employed.

(b) A facility or an opportunity to engage in conduct in violation of this act was provided.

(c) A law enforcement officer, or person acting under direction of a law enforcement officer, solicited a person predisposed to engage in conduct in violation of any provision of this chapter to commit a violation of this chapter in order to gain evidence against that person, provided such solicitation would not induce an ordinary law-abiding person to violate this chapter.

This subsection does not preclude the defense of entrapment.

A person who violates this section, if the violation involves:

(a) Financial transactions exceeding $300 but less than $20,000 in any 12-month period, commits a felony of the third degree, punishable as provided in § 775.082, § 775.083, or § 775.084.

(10) [Intentionally omitted.]

(11) In any prosecution brought pursuant to this chapter, the common law corpus delicti rule does not apply. The defendant’s confession or admission is admissible during trial without the state’s having to prove the corpus delicti if the court finds in a hearing conducted outside the presence of the jury that the defendant’s confession or admission is trustworthy. Before the court admits the defendant’s confession or admission, the state must prove by a preponderance of the evidence that there is sufficient corroborating evidence that tends to establish the trustworthiness of the statement by the defendant. Hearsay evidence is admissible during the presentation of evidence at the hearing. In making its determination, the court may consider all relevant corroborating evidence, including the defendant’s statements.

896.104. Structuring transactions to evade reporting or registration requirements prohibited.

(1) DEFINITIONS.—For purposes of this section, the terms "structure" or "structuring" mean that a person, acting alone, or in conjunction with, or on behalf of, other persons, conducts or attempts to conduct one or more transactions in currency, in any amount, at one or more financial institutions, on one or more days, in any manner, for the purpose of evading currency transaction reporting requirements provided by state or federal law. “In any manner” includes, but is not limited to, the breaking down of a single sum of currency exceeding $10,000 into smaller sums, including sums at or below $10,000, or the conduct of a transaction, or series of currency transactions, at or below $10,000. The transaction or transactions need not exceed the $10,000 reporting threshold at any single financial institution on any single day in order to meet the definition of “structure” or “structuring” provided in this subsection.

(2) DOMESTIC COIN AND CURRENCY TRANSACTIONS.—A person may not, for the purpose of evading the reporting and
registration requirements of chapter 560, chapter 655, or this chapter, or 31 U.S.C. § 5313(a) or § 5325, or any rules or regulations adopted under those chapters and sections, when some portion of the activity by that person occurs in this state:

(3) INTERNATIONAL MONETARY INSTRUMENT TRANSACTIONS.—A person may not, for the purpose of evading the reporting or registration requirements of chapter 560, chapter 655, or this chapter, or 31 U.S.C. § 5316, when some portion of the activity by that person occurs in this state:

(a) Fail to file an applicable registration or report required by those chapters and sections, or cause or attempt to cause a person to fail to file such a report;

(b) File or cause or attempt to cause a person to file an applicable registration or report required under those chapters and sections which contains a material omission or misstatement of fact; or

(b) In addition to the penalties authorized by § 775.082, § 775.083, or § 775.084, a person who has been found guilty of or who has pleaded guilty or nolo contendere to having violated this section may be sentenced to pay a fine not exceeding $250,000 or twice the value of the financial transactions, whichever is greater, except that for a second or subsequent violation of this section, the fine may be up to $500,000 or quintuple the value of the financial transactions, whichever is greater.

(c) A person who violates this section is also liable for a civil penalty of not more than the value of the financial transactions involved or $25,000, whichever is greater.

(5) INFERENCE.—Proof that a person engaged for monetary consideration in the business of a money transmitter, as defined in § 560.103, and who is transporting more than $10,000 in currency, or the foreign equivalent, without being licensed as a money transmitter or designated as an authorized vendor under chapter 560, gives rise to an inference that the transportation was done with knowledge of the licensure requirements of chapter 560 and the reporting requirements of this chapter.

(6) CONSTRUCTION.—This section may not be construed to require any new or additional reporting requirements on any entity obligated to file reports under state or federal law.

896.105. Penalty provisions not applicable to law enforcement.

The penalty provisions of this chapter, including those directed at reporting violations or the conduct or attempted conduct of unlawful financial transactions, the unlawful transportation or attempted transportation of monetary instruments, and the concealment of unlawful proceeds or their ownership are not applicable to law enforcement officers who engage in aspects of such activity for bona fide authorized undercover law enforcement purposes in the course of or in relation to an active criminal investigation, active criminal intelligence gathering, or active prosecution.

896.106. Fugitive disentitlement.

A person may not use the resources of the courts of this state in furtherance of a claim in any related civil forfeiture action.
or a claim in a third-party proceeding in any related forfeiture action if that person purposefully leaves the jurisdiction of this state or the United States; declines to enter or reenter this state to submit to its jurisdiction; or otherwise evades the jurisdiction of the court in which a criminal case is pending against the person.

(b) At the hearing referred to in paragraph (a), any adverse party named in the complaint has the right to present evidence and cross-examine witnesses.

It is also lawful for such employee to intercept and record outgoing wire communications to the numbers from which such incoming wire communications were placed when necessary to obtain information required to provide the emergency services being requested. For the purpose of this paragraph, the term “public utility” has the same meaning as provided in § 366.02 and includes a person, partnership, association, or corporation now or hereafter owning or operating equipment or facilities in the state for conveying or transmitting messages or communications by telephone or telegraph to the public for compensation.

(h) It shall not be unlawful under §§ 934.03-934.09 for any person:

4. To intercept any wire or electronic communication the transmission of which is causing harmful interference to any lawfully operating station of consumer electronic equipment to the extent necessary to identify the source of such interference.

5. To intercept, if such person is another user of the same frequency, any radio communication that is not scrambled or encrypted made through a system that utilizes frequencies monitored by individuals engaged in the provision or the use of such system.

6. To intercept a satellite transmission that is not scrambled or encrypted and that is transmitted:
   a. To a broadcasting station for purposes of retransmission to the general public; or
   b. As an audio subcarrier intended for redistribution to facilities open to the public, but not including data transmissions or telephone calls, when such interception is not for the purposes of direct or indirect commercial advantage or private financial gain.

7. To intercept and privately view a private satellite video communication that is not scrambled or encrypted or to intercept a radio communication that is transmitted on frequencies allocated under subpart D of part 74 of the rules of the Federal Communications Commission that is not scrambled or encrypted, if such interception is not for a tortious or illegal purpose or for purposes of direct or indirect commercial advantage or private commercial gain.

   (i) It shall not be unlawful under §§ 934.03-934.09:
   1. To use a pen register or a trap and trace device as authorized under §§ 934.31-934.34 or under federal law; or
   2. For a provider of electronic communication service to record the fact that a wire or electronic communication was initiated or completed in order to protect such provider, another provider furnishing service toward the completion of the wire or electronic communication, or a user of that service, from fraudulent, unlawful, or abusive use of such service.

   (j) It is not unlawful under §§ 934.03-934.09 for a person acting under color of law to intercept the wire or electronic communications of a computer trespasser which are transmitted to, through, or from a protected computer if:

   2. The person acting under color of law is lawfully engaged in an investigation;
   3. The person acting under color of law has reasonable grounds to believe that the contents of the communications of the computer trespasser will be relevant to the investigation; and
   4. The interception does not acquire communications other than those transmitted to, through, or from the computer trespasser.

   (3) (a) Except as provided in paragraph (b), a person or entity providing an electronic communication service to the public shall not intentionally divulge the contents of any communication while in transmission on that service to any person or entity other than an addressee or intended recipient of such communication or an agent of such addressee or intended recipient.

   (b) A person or entity providing electronic communication service to the public may divulge the contents of any such communication:

(4) (a) Except as provided in paragraph (b), whoever violates subsection (1) is guilty of a felony of the third degree, punishable as provided in § 775.082, § 775.083, § 775.084, or § 934.41.

(b) If the offense is a first offense under paragraph (a) and is not for any tortious or illegal purpose or for purposes of direct or indirect commercial advantage or private commercial gain, and the wire or electronic communication with respect to which the offense under paragraph (a) was committed is a radio communication that is not scrambled, encrypted, or transmitted using modulation techniques the essential parameters of which have been withheld from the public with the intention of preserving the privacy of such communication, then:

1. If the communication is not the radio portion of a cellular telephone communication, a cordless telephone communication that is transmitted between the cordless telephone handset and the base unit, a public land mobile radio service communication, or a paging service communication, and the conduct is not that described in subparagraph (2)(h)7., the person committing the offense is guilty of a misdemeanor of the first degree, punishable as provided in § 775.082 or § 775.083.

2. If the communication is the radio portion of a cellular telephone communication, a cordless telephone communication that is transmitted between the cordless telephone handset and the base unit, a public land mobile radio service communication, or a paging service communication, the person committing the offense is guilty of a misdemeanor of the second degree, punishable as provided in § 775.082 or § 775.083.

934.215. Unlawful use of a two-way communications device.

Any person who uses a two-way communications device, including, but not limited to, a portable two-way wireless communications device, to facilitate or further the commission of any felony offense commits a felony of the third degree, punishable as provided in § 775.082, § 775.083, or § 775.084.

934.43. Criminal disclosure of subpoena, order, or authorization.

(1) Any person having knowledge of a warrant, subpoena, application, order, or other authorization which has been issued or obtained pursuant to the action of an investiga-

(a) With intent to obstruct, impede, or prevent an investigation, criminal prosecution, or civil, regulatory, or forfeiture action on behalf of the State of Florida or a political subdivision thereof; or

(b) With intent to obstruct, impede, or prevent the obtaining by an investigative or law enforcement officer of the information or materials sought pursuant to such warrant, subpoena, application, order, or authorization

(2) This section does not prevent disclosure of the existence of the warrant, subpoena, application, order, or other authorization as otherwise provided under this chapter.

State Substantive Laws (Crimes)

§ 937.021. Missing child and missing adult reports.

(1) Law enforcement agencies in this state shall adopt written policies that specify the procedures to be used to investigate reports of missing children and missing adults. The policies must ensure that cases involving missing children and adults are investigated promptly using appropriate resources. The policies must include:

(a) Requirements for accepting missing child and missing adult reports;

(b) Procedures for initiating, maintaining, closing, or referring a missing child or missing adult investigation; and

(c) Standards for maintaining and clearing computer data of information concerning a missing child or missing adult which is stored in the Florida Crime Information Center and the National Crime Information Center. The standards must require, at a minimum, a monthly review of each case and a determination of whether the case should be maintained in the database.

(2) An entry concerning a missing child or missing adult may not be removed from the Florida Crime Information Center or the National Crime Information Center databases based solely on the age of the missing child or missing adult.

(3) A report that a child or adult is missing must be accepted by and filed with the law enforcement agency having jurisdiction in the county or municipality in which the child or adult was last seen. The filing and acceptance of the report imposes the duties specified in this section upon the law enforcement agency receiving the report. This subsection does not preclude a law enforcement agency from accepting a missing child or missing adult report when agency jurisdiction cannot be determined.

(4) (a) Upon the filing of a police report that a child is missing by the parent or guardian, the Department of Children and Family Services, a community-based care provider, or a sheriff’s office providing investigative services for the department, the law enforcement agency receiving the report shall immediately inform all on-duty law enforcement officers of the missing child report, communicate the report to every other law enforcement agency having jurisdiction in the county, and within 2 hours after receipt of the report, transmit the report for inclusion within the Florida Crime Information
State Substantive Laws (Crimes)

Center and the National Crime Information Center databases. A law enforcement agency may not require a reporter to present an order that a child be taken into custody or any other such order before accepting a report that a child is missing.

(b) Upon the filing of a credible police report that an adult is missing, the law enforcement agency receiving the report shall, within 2 hours after receipt of the report, transmit the report for inclusion within the Florida Crime Information Center and the National Crime Information Center databases.

(5) (a) Upon receiving a request to record, report, transmit, display, or release Amber Alert or Missing Child Alert information from the law enforcement agency having jurisdiction over the missing child, the Department of Law Enforcement as the state Amber Alert coordinator, any state or local law enforcement agency, and the personnel of these agencies; any radio or television network, broadcaster, or other media representative; any dealer of communications services as defined in §202.11; or any agency, employee, individual, or entity is immune from civil liability for damages for complying in good faith with the request and is presumed to have acted in good faith in recording, reporting, transmitting, displaying, or releasing Amber Alert or Missing Child Alert information pertaining to the child.

(b) Upon receiving a request to record, report, transmit, display, or release information and photographs pertaining to a missing adult or missing child from the law enforcement agency having jurisdiction over the missing adult or missing child, the department, a state or local law enforcement agency, and the personnel of these agencies; any radio or television network, broadcaster, or other media representative; any dealer of communications services as defined in §202.11; or any agency, employee, individual, or entity is immune from civil liability for damages for complying in good faith with the request and is presumed to have acted in good faith in recording, reporting, transmitting, displaying, or releasing information pertaining to the missing adult or missing child.

(c) Upon receiving a request to record, report, transmit, display, or release Silver Alert information from the law enforcement agency having jurisdiction over the missing adult, the Department of Law Enforcement as the state Silver Alert coordinator, any state or local law enforcement agency, and the personnel of these agencies; any radio or television network, broadcaster, or other media representative; any dealer of communications services as defined in §202.11; or any agency, employee, individual, or entity is immune from civil liability for damages for complying in good faith with the request and is presumed to have acted in good faith in recording, reporting, transmitting, displaying, or releasing Silver Alert information pertaining to the missing adult.

(d) The presumption of good faith is not overcome if a technical or clerical error is made by any agency, employee, individual, or entity acting at the request of the local law enforcement agency having jurisdiction, or if the Amber Alert, Missing Child Alert, missing child information, missing adult information, or Silver Alert information is incomplete or incorrect because the information received from the local law enforcement agency was incomplete or incorrect.

(e) Neither this subsection nor any other provision of law creates a duty of the agency, employee, individual, or entity to record, report, transmit, display, or release the Amber Alert, Missing Child Alert, missing child information, missing adult information, or Silver Alert information received from the local law enforcement agency having jurisdiction. The decision to record, report, transmit, display, or release information is discretionary with the agency, employee, individual, or entity receiving the information.

(6) If a missing child or missing adult is not located within 90 days after the missing child or missing adult report is filed, the law enforcement agency that accepted the report shall attempt to obtain a biological specimen for DNA analysis from the missing child or missing adult or from appropriate family members in addition to obtaining necessary documentation. This subsection does not prevent a law enforcement agency from attempting to obtain information or approved biological specimens for DNA analysis before the expiration of the 90-day period.

(7) The department shall adopt rules specific to cases involving missing children and missing adults which will:

(a) Identify biological specimens that are approved by the department for DNA analysis.

(b) Identify the documentation necessary for the department to use the biological specimens for DNA analysis.

(c) Establish procedures for the collection of biological specimens by law enforcement agencies.
(d) Establish procedures for forwarding biological specimens by law enforcement agencies to the department.

(8) Subsections (6) and (7) are contingent upon the availability of federal funding for the submission and processing of approved biological specimens for DNA analysis.

937.022. Missing Endangered Persons Information Clearinghouse.

(1) There is created a Missing Endangered Persons Information Clearinghouse within the department to serve as a central repository of information regarding missing endangered persons. Such information shall be collected and disseminated to assist in the location of missing endangered persons.

(2) The clearinghouse shall be supervised by a director who shall be employed upon the recommendation of the executive director. The executive director shall establish services deemed appropriate by the department to aid in the location of missing endangered persons.

(3) The clearinghouse shall:

(a) Establish a system of intrastate communication of information relating to missing endangered persons.

(b) Provide a centralized file for the exchange of information on missing endangered persons.

1. Every state, county, or municipal law enforcement agency shall submit to the clearinghouse information concerning missing endangered persons.

2. Any person having knowledge may submit a missing endangered person report to the clearinghouse concerning a child or adult younger than 26 years of age whose whereabouts is unknown, regardless of the circumstances, subsequent to reporting such child or adult missing to the appropriate law enforcement agency within the county in which the child or adult became missing, and subsequent to entry by the law enforcement agency of the child or person into the Florida Crime Information Center and the National Crime Information Center databases. The missing endangered person report shall be included in the clearinghouse database.

3. Only the law enforcement agency having jurisdiction over the case may submit a missing endangered person report to the clearinghouse involving a missing adult age 26 years or older who is suspected by a law enforcement agency of being endangered or the victim of criminal activity.

4. Only the law enforcement agency having jurisdiction over the case may make a request to the clearinghouse for the activation of a state Silver Alert involving a missing adult if circumstances regarding the disappearance have met the criteria for activation of the Silver Alert Plan.

(c) Collect, process, maintain, and disseminate information on missing endangered persons and strive to maintain or disseminate only accurate and complete information.

(4) The person responsible for notifying the clearinghouse or a law enforcement agency about a missing endangered person shall immediately notify the clearinghouse or the agency of any child or adult whose location has been determined.

(5) The law enforcement agency having jurisdiction over a case involving a missing endangered person shall, upon locating the child or adult, immediately purge information about the case from the Florida Crime Information Center or the National Crime Information Center databases and notify the clearinghouse.

937.028. Fingerprints; missing persons.

(1) If fingerprints have been taken for the purpose of identifying a child, in the event that child becomes missing, the state agency, public or private organization, or other person who took such fingerprints shall not release the fingerprints to any law enforcement agency or other person for any purpose other than the identification of a missing child. Such records and data are exempt from § 119.07(1).

(2) Fingerprints of children taken and retained by any state agency other than the Department of Law Enforcement, any public or private organization, or other person, excluding the parent or legal custodian of the child, shall be destroyed when the child attains 18 years of age. Fingerprints of persons, including children, who are reported missing that have been entered into the automated biometric identification system maintained by the Department of Law Enforcement may be retained until the department is notified that the missing person has been recovered.

As used in this subparagraph, the term “portable communication device” means any device carried, worn, or stored which is designed or intended to receive or transmit verbal or written messages, access or store data, or connect electronically to the Internet or any other electronic device and which allows communications in any form. Such devices include, but are not limited to, portable two-way pagers, hand-held radios, cellular telephones, Blackberry-type devices, personal digital assistants or PDA’s, laptop computers, or any components of these devices which are intended to be used to assemble such devices. The term also includes any new technology that is developed for similar purposes. Excluded from this definition is any device having communication capabilities which has been approved or issued by the department for investigative or institutional security purposes or for conducting other state business.

(b) It is unlawful to transmit or attempt to transmit to, or cause or attempt to cause to be transmitted to or received by, any inmate of any state correctional institution any article or thing declared by this subsection to be contraband, at any place which is outside the grounds of such institution, except through regular channels as authorized by the officer in charge of such correctional institution.

A notice of violation and a traffic citation may not be issued for failure to stop at a red light if the driver is making a right-hand turn in a careful and prudent manner at an intersection where right-hand turns are permitted. A notice of violation and a traffic citation may not be issued under this section if the driver of the vehicle came to a complete stop after crossing the stop line and before turning right if permissible at a red light, but failed to stop before crossing over the stop line or other point at which a stop is required. This paragraph does not prohibit a review of information from a traffic infraction detector by an authorized employee or agent of the department, a county, or a municipality before issuance of the traffic citation by the traffic infraction enforcement officer. This paragraph does not prohibit the department, a county, or a municipality from issuing notification as provided in paragraph (b) to the registered owner of the motor vehicle involved in the violation of § 316.074(1) or § 316.075(1)(c)1.

(b) 1. a. Within 30 days after a violation, notification must be sent to the registered owner of the motor vehicle involved in the violation specifying the remedies available under § 318.14 and that the violator must pay the penalty of $158 to the department, county, or municipality, or furnish an affidavit in accordance with paragraph (d), or request a hearing within 60 days following the date of the notification in order to avoid the issuance of a traffic citation. The notification must be sent by first-class mail. The mailing of the notice of violation constitutes notification.

Included with the notification to the registered owner of the motor vehicle involved in the infraction must be a notice that the owner has the right to review the photographic or electronic images or the streaming video evidence that constitutes a rebuttable presumption against the owner of the vehicle. The notice must state the time and place or Internet location where the evidence may be examined and observed.

c. Notwithstanding any other provision of law, a person who receives a notice of violation under this section may request a hearing within 60 days following the notification of violation or pay the penalty pursuant to the notice of violation, but a payment or fee may not be required before the hearing requested by the person. The notice of violation must be accompanied by, or direct the person to a website that provides, information on the person's right to request a hearing and on all court costs related thereto and a form to request a hearing. As used in this subparagraph, the term "person" includes a natural person, registered owner or coowner of a motor vehicle, or person identified on an affidavit as having care, custody, or control of the motor vehicle at the time of the violation.

d. If the registered owner or coowner of the motor vehicle, or the person designated as having care, custody, or control of the motor vehicle at the time of the violation, or an authorized representative of the owner, coowner, or designated person, initiates a proceeding to challenge the violation pursuant to this paragraph, such person waives any challenge or dispute as to the delivery of the notice of violation.

2. Penalties assessed and collected by the department, county, or municipality authorized to collect the funds provided for in this paragraph, less the amount retained by the county or municipality pursuant to subpara-
graph 3., shall be paid to the Department of Revenue weekly. Payment by the department, county, or municipality to the state shall be made by means of electronic funds transfers. In addition to the payment, summary detail of the penalties remitted shall be reported to the Department of Revenue.

a. One hundred fifty-eight dollars for a violation of § 316.074(1) or § 316.075(1)(c)1. when a driver failed to stop at a traffic signal if enforcement is by the department’s traffic infraction enforcement officer. One hundred dollars shall be remitted to the Department of Revenue for deposit into the General Revenue Fund, $10 shall be remitted to the Department of Revenue for deposit into the Department of Health Emergency Medical Services Trust Fund under this sub-subparagraph shall be issued by mailing the traffic citation by certified mail to the address of the registered owner of the motor vehicle involved in the violation if payment has not been made within 60 days after notification under paragraph (b), if the registered owner has not requested a hearing as authorized under paragraph (b), or if the registered owner has not submitted an affidavit under this section.

b. Delivery of the traffic citation constitutes notification under this paragraph. If the registered owner or coowner of the motor vehicle, or the person designated as having care, custody, or control of the motor vehicle at the time of the violation, or a duly authorized representative of the owner, coowner, or designated person, initiates a proceeding to challenge the citation pursuant to this section, such person waives any challenge or dispute as to the delivery of the traffic citation.

c. In the case of joint ownership of a motor vehicle, the traffic citation shall be mailed to the first name appearing on the registration, unless the first name appearing on the registration is a business organization, in which case the second name appearing on the registration may be used.

2. Included with the notification to the registered owner of the motor vehicle involved in the infraction shall be a notice that the owner has the right to review, in person or remotely, the photographic or electronic images or the streaming video evidence that constitutes a rebuttable presumption against the owner of the vehicle. The notice must state the time and place or Internet location where the evidence may be examined and observed.

(d) 1. The owner of the motor vehicle involved in the violation is responsible and liable for paying the uniform traffic citation issued for a violation of § 316.074(1) or § 316.075(1)(c)1. when the driver failed to stop at a traffic signal, unless the owner can establish that:
a. The motor vehicle passed through the intersection in order to yield right-of-way to an emergency vehicle or as part of a funeral procession;

b. The motor vehicle passed through the intersection at the direction of a law enforcement officer;

c. The motor vehicle was, at the time of the violation, in the care, custody, or control of another person;

d. A uniform traffic citation was issued by a law enforcement officer to the driver of the motor vehicle for the alleged violation of § 316.074(1) or § 316.075(1)(c)1.; or

e. The motor vehicle’s owner was deceased on or before the date that the uniform traffic citation was issued, as established by an affidavit submitted by the representative of the motor vehicle owner’s estate or other designated person or family member.

2. In order to establish such facts, the owner of the motor vehicle shall, within 30 days after the date of issuance of the traffic citation, furnish to the appropriate governmental entity an affidavit setting forth detailed information supporting an exemption as provided in this paragraph.

a. An affidavit supporting an exemption under sub-subparagraph 1.c. must include the name, address, date of birth, and, if known, the driver license number of the person who leased, rented, or otherwise had care, custody, or control of the motor vehicle at the time of the alleged violation. If the vehicle was stolen at the time of the alleged offense, the affidavit must include the police report indicating that the vehicle was stolen.

b. If a traffic citation for a violation of § 316.074(1) or § 316.075(1)(c)1. was issued at the location of the violation by a law enforcement officer, the affidavit must include the serial number of the uniform traffic citation.

c. If the motor vehicle’s owner to whom a traffic citation has been issued is deceased, the affidavit must include a certified copy of the owner’s death certificate showing that the date of death occurred on or before the issuance of the uniform traffic citation and one of the following:

I. A bill of sale or other document showing that the deceased owner’s motor vehicle was sold or transferred after his or her death, but on or before the date of the alleged violation.

II. Documentary proof that the registered license plate belonging to the deceased owner’s vehicle was returned to the department or any branch office or authorized agent of the department, but on or before the date of the alleged violation.

III. A copy of a police report showing that the deceased owner’s registered license plate or motor vehicle was stolen after the owner’s death, but on or before the date of the alleged violation.

Upon receipt of the affidavit and documentation required under this sub-subparagraph, the governmental entity must dismiss the citation and provide proof of such dismissal to the person that submitted the affidavit.

3. Upon receipt of an affidavit, the person designated as having care, custody, or control of the motor vehicle at the time of the violation may be issued a notice of violation pursuant to paragraph (b) for a violation of § 316.074(1) or § 316.075(1)(c)1. when the driver failed to stop at a traffic signal. The affidavit is admissible in a proceeding pursuant to this section for the purpose of providing proof that the person identified in the affidavit was in actual care, custody, or control of the motor vehicle. The owner of a leased vehicle for which a traffic citation is issued for a violation of § 316.074(1) or § 316.075(1)(c)1. when the driver failed to stop at a traffic signal is not responsible for paying the traffic citation and is not required to submit an affidavit as specified in this subsection if the motor vehicle involved in the violation is registered in the name of the lessee of such motor vehicle.

4. Paragraphs (b) and (c) apply to the person identified on the affidavit, except that the notification under sub-subparagraph (b)1.a. must be sent to the person identified on the affidavit within 30 days after receipt of an affidavit.

5. The submission of a false affidavit is a misdemeanor of the second degree, punishable as provided in § 775.082 or § 775.083.

(e) The photographic or electronic images or streaming video attached to or referenced in the traffic citation is evidence that a violation of § 316.074(1) or § 316.075(1)(c)1. when the driver failed to stop at a traffic signal has occurred and is admissible in any proceeding to enforce this section and raises a rebuttable presumption that the motor vehicle named in the report or shown in the photographic or electronic images or streaming video evidence was used in violation of § 316.074(1) or § 316.075(1)(c)1. when the driver failed to stop at a traffic signal.

(2) A notice of violation and a traffic citation may not be issued for failure to stop at a red light if the driver is making a right-hand
(3) This section supplements the enforcement of § 316.074(1) or § 316.075(1)(c.1) by law enforcement officers when a driver fails to stop at a traffic signal and does not prohibit a law enforcement officer from issuing a traffic citation for a violation of § 316.074(1) or § 316.075(1)(c.1). When a driver fails to stop at a traffic signal in accordance with normal traffic enforcement techniques.

(4) (a) Each county or municipality that operates a traffic infraction detector shall submit a report by October 1, 2012, and annually thereafter, to the department which details the results of using the traffic infraction detector and the procedures for enforcement for the preceding state fiscal year. The information submitted by the counties and municipalities must include statistical data and information required by the department to complete the report required under paragraph (b).

(b) On or before December 31, 2012, and annually thereafter, the department shall provide a summary report to the Governor, the President of the Senate, and the Speaker of the House of Representatives regarding the use and operation of traffic infraction detectors under this section, along with the department’s recommendations and any necessary legislation. The summary report must include a review of the information submitted to the department by the counties and municipalities and must describe the enhancement of the traffic safety and enforcement programs.

(5) Procedures for a hearing under this section are as follows:

(a) The department shall publish and make available electronically to each county and municipality a model Request for Hearing form to assist each local government administering this section.

(b) The charter county, noncharter county, or municipality electing to authorize traffic infraction enforcement officers to issue traffic citations under paragraph (1)(a) shall designate by resolution existing staff to serve as the clerk to the local hearing officer.

(c) Any person, herein referred to as the “petitioner,” who elects to request a hearing under paragraph (1)(b) shall be scheduled for a hearing by the clerk to the local hearing officer to appear before a local hearing officer with notice to be sent by first-class mail. Upon receipt of the notice, the petitioner may reschedule the hearing once by submitting a written request to reschedule to the clerk to the local hearing officer, at least 5 calendar days before the day of the originally scheduled hearing. The petitioner may cancel his or her appearance before the local hearing officer by paying the penalty assessed under paragraph (1)(b), plus $50 in administrative costs, before the start of the hearing.

(d) All testimony at the hearing shall be under oath and shall be recorded. The local hearing officer shall take testimony from a traffic infraction enforcement officer and the petitioner, and may take testimony from others. The local hearing officer shall review the photographic or electronic images or the streaming video made available under sub-subparagraph (1)(b.1.b. Formal rules of evidence do not apply, but due process shall be observed and govern the proceedings.

(e) At the conclusion of the hearing, the local hearing officer shall determine whether a violation under this section has occurred, in which case the hearing officer shall uphold or dismiss the violation. The local hearing officer shall issue a final administrative order including the determination and, if the notice of violation is upheld, require the petitioner to pay the penalty previously assessed under paragraph (1)(b), and may also require the petitioner to pay county or municipal costs, not to exceed $250. The final administrative order shall be mailed to the petitioner by first-class mail.

(f) An aggrieved party may appeal a final administrative order consistent with the process provided under § 162.11.

316.027. Crash involving death or personal injuries.

(1) (a) The driver of any vehicle involved in a crash occurring on public or private property that results in injury of any person must immediately stop the vehicle at the scene of the crash, or as close thereto as possible, and must remain at the scene of the crash until he or she has fulfilled the requirements of § 316.062. Any person who willfully violates this paragraph commits a felony of the third degree, punishable as provided in § 775.082, § 775.083, or § 775.084.

(b) The driver of any vehicle involved in a crash occurring on public or private property that results in the death of any person must immediately stop the vehicle at the scene of the crash, or as close thereto as possible, and must remain at the scene of the crash until he or she has fulfilled the requirements of § 316.062. A person who is arrested for a violation of this paragraph and who has previously been convicted of a viola-
tion of this section, § 316.061, § 316.191, or § 316.193, or a felony violation of § 322.34, shall be held in custody until brought before the court for admittance to bail in accordance with chapter 903. Any person who willfully violates this paragraph commits a felony of the first degree, punishable as provided in § 775.082, § 775.083, or § 775.084. Any person who willfully commits such a violation while driving under the influence as set forth in § 316.195(1) shall be sentenced to a mandatory minimum term of imprisonment of 2 years.

(c) Notwithstanding § 775.089(1)(a), if the driver of a vehicle violates paragraph (a) or paragraph (b), the court shall order the driver to make restitution to the victim for any damage or loss unless the court finds clear and compelling reasons not to order the restitution. Restitution may be monetary or nonmonetary restitution. The court shall make the payment of restitution a condition of probation in accordance with § 948.03. An order requiring the defendant to make restitution to a victim does not remove or diminish the requirement that the court order payment to the Crimes Compensation Trust Fund under chapter 960. Payment of an award by the Crimes Compensation Trust Fund creates an order of restitution to the Crimes Compensation Trust Fund unless specifically waived in accordance with § 775.089(1)(b).

(2) The department shall revoke the driver’s license of the person so convicted.

(3) Every stop must be made without obstructing traffic more than is necessary, and, if a damaged vehicle is obstructing traffic, the driver of the vehicle must make every reasonable effort to move the vehicle or have it moved so as not to obstruct the regular flow of traffic. Any person who fails to comply with this subsection shall be cited for a nonmoving violation, punishable as provided in chapter 318.

(4) A person whose commission of a noncriminal traffic infraction or any violation of this chapter or § 1006.66 causes or results in the death of another person may, in addition to any other civil, criminal, or administrative penalty imposed, be required by the court to serve 120 community service hours in a trauma center or hospital that regularly receives victims of vehicle accidents, under the supervision of a registered nurse, an emergency room physician, or an emergency medical technician pursuant to a voluntary community service program operated by the trauma center or hospital.

(5) This section does not apply to crashes occurring during a motorsports event, as defined in § 549.10(1), or at a closed-course motorsports facility, as defined in § 549.09(1).

316.061. Crashes involving damage to vehicle or property.

(1) The driver of any vehicle involved in a crash resulting only in damage to a vehicle or other property which is driven or attended by any person shall immediately stop such vehicle at the scene of such crash or as close thereto as possible, and shall forthwith return to, and in every event shall remain at, the scene of the crash until he or she has fulfilled the requirements of § 316.062. A person who violates this subsection commits a misdemeanor of the second degree, punishable as provided in §§ 775.082 or 775.083. Notwithstanding any other provision of this section, $5 shall be added to a fine imposed pursuant to this section, which $5 shall be deposited in the Emergency Medical Services Trust Fund.

(2) Every stop must be made without obstructing traffic more than is necessary, and, if a damaged vehicle is obstructing traffic, the driver of such vehicle must make every reasonable effort to move the vehicle or have it moved so as not to block the regular flow of traffic. Any person failing to comply with this subsection shall be cited for a nonmoving violation, punishable as provided in chapter 318.

(3) Employees or authorized agents of the Department of Transportation, law enforcement with proper jurisdiction, or an expressway authority created pursuant to chapter 348, in the exercise, management, control, and maintenance of its highway system, may undertake the removal from the main traveled way of roads on its highway system of all vehicles incapacitated as a result of a motor vehicle crash and of debris caused thereby. Such removal is applicable when such a motor vehicle crash results only in damage to a vehicle or other property, and when such removal can be accomplished safely and will result in the improved safety or convenience of travel upon the road. The driver or any other person who has removed a motor vehicle from the main traveled way of the road as provided in this section shall not be considered liable or at fault regarding the cause of the accident solely by reason of moving the vehicle.
316.062. Duty to give information and render aid.

(1) The driver of any vehicle involved in a crash resulting in injury to or death of any person or damage to any vehicle or other property which is driven or attended by any person shall give his or her name, address, and the registration number of the vehicle he or she is driving, and shall upon request and if available exhibit his or her license or permit to drive, to any person injured in such crash or to the driver or occupant of or person attending any vehicle or other property damaged in the crash and shall give such information and, upon request, exhibit such license or permit to any police officer at the scene of the crash or who is investigating the crash and shall render to any person injured in the crash reasonable assistance, including the carrying, or the making of arrangements for the carrying, of such person to a physician, surgeon, or hospital for medical or surgical treatment if it is apparent that treatment is necessary, or if such carrying is requested by the injured person.

(2) In the event none of the persons specified are in condition to receive the information to which they otherwise would be entitled under subsection (1), and no police officer is present, the driver of any vehicle involved in such crash, after fulfilling all other requirements of § 316.027 and subsection (1), insofar as possible on his or her part to be performed, shall forthwith report the crash to the nearest office of a duly authorized police authority and submit thereto the information specified in subsection (1).

(3) The statutory duty of a person to make a report or give information to a law enforcement officer making a written report relating to a crash shall not be construed as extending to information which would violate the privilege of such person against self-incrimination.

(4) A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

316.063. Duty upon damaging unattended vehicle or other property.

(1) The driver of any vehicle which collides with, or is involved in a crash with, any vehicle or other property which is unattended, resulting in any damage to such other vehicle or property, shall immediately stop and shall then and there either locate and notify the operator or owner of the vehicle or other property of the driver’s name and address and the registration number of the vehicle he or she is driving, or shall attach securely in a conspicuous place in or on the vehicle or other property a written notice giving the driver’s name and address and the registration number of the vehicle he or she is driving, and shall without unnecessary delay notify the nearest office of a duly authorized police authority. Any person who fails to comply with this subsection commits a misdemeanor of the second degree, punishable as provided in §§ 775.082 or 775.083.

(2) Every such stop shall be made without obstructing traffic more than is necessary. If a damaged vehicle is obstructing traffic, the driver shall make every reasonable effort to move the vehicle or have it moved so as not to obstruct the regular flow of traffic. A violation of this subsection is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

(3) The law enforcement officer at the scene of a crash required to be reported in accordance with the provisions of subsection (1) or the law enforcement officer receiving a report by a driver as required by subsection (1) shall, if part or any of the property damaged is a fence or other structure used to house or contain livestock, promptly make a reasonable effort to notify the owner, occupant, or agent of this damage.

316.064. When driver unable to report.

(1) A crash report is not required under this chapter from any person who is physically incapable of making a report during the period of such incapacity.

(2) Whenever the driver of a vehicle is physically incapable of making an immediate or a written report of a crash, as required in §§ 316.065 and 316.066, and there was another occupant in the vehicle at the time of the crash capable of making a report, such occupant shall make or cause to be made the report not made by the driver.

(3) Whenever the driver is physically incapable of making a written report of a crash as required in this chapter, then the owner of the vehicle involved in the crash shall, within 10 days after the crash, make such report not made by the driver.

(4) A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

316.065. Crashes; reports; penalties.

(1) The driver of a vehicle involved in a crash resulting in injury to or death of any persons or damage to any vehicle or other property in an apparent amount of at least $500 shall immediately by the quickest
means of communication give notice of the crash to the local police department, if such crash occurs within a municipality; otherwise, to the office of the county sheriff or the nearest office or station of the Florida Highway Patrol. A violation of this subsection is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

(2) Every coroner or other official performing like functions, upon learning of the death of a person in his or her jurisdiction as the result of a traffic crash, shall immediately notify the nearest office or station of the department.

(3) Any person in charge of any garage or repair shop to which is brought any motor vehicle which shows evidence of having been struck by a bullet, or any other person to whom is brought for the purpose of repair a motor vehicle showing such evidence, shall make a report, or cause a report to be made, to the nearest local police station or Florida Highway Patrol office within 24 hours after the motor vehicle is received and before any repairs are made to the vehicle. The report shall contain the year, license number, make, model, and color of the vehicle and the name and address of the owner or person in possession of the vehicle.

(4) Any person who knowingly repairs a motor vehicle without having made a report as required by subsection (3) is guilty of a misdemeanor of the first degree, punishable as provided in § 775.082 or § 775.083. The owner and driver of a vehicle involved in a crash who makes a report thereof in accordance with subsection (1) is not liable under this section.

316.066. Written reports of crashes.

(1) (a) A Florida Traffic Crash Report, Long Form must be completed and submitted to the department within 10 days after an investigation is completed by the law enforcement officer who in the regular course of duty investigates a motor vehicle crash that:

1. Resulted in death of, personal injury to, or any indication of complaints of pain or discomfort by any of the parties or passengers involved in the crash;
2. Involved a violation of § 316.061(1) or § 316.193;
3. Rendered a vehicle inoperable to a degree that required a wrecker to remove it from the scene of the crash; or
4. Involved a commercial motor vehicle.

(b) The Florida Traffic Crash Report, Long Form must include:

1. The date, time, and location of the crash.
2. A description of the vehicles involved.

4. The names and addresses of witnesses.
5. The name, badge number, and law enforcement agency of the officer investigating the crash.
6. The names of the insurance companies for the respective parties involved in the crash.

(c) In any crash for which a Florida Traffic Crash Report, Long Form is not required by this section and which occurs on the public roadways of this state, the law enforcement officer shall complete a short-form crash report or provide a driver exchange-of-information form, to be completed by all drivers and passengers involved in the crash, which requires the identification of each vehicle that the drivers and passengers were in. The short-form report must include:

1. The date, time, and location of the crash.
2. A description of the vehicles involved.
3. The names and addresses of the parties involved, including all drivers and passengers, and the identification of the vehicle in which each was a driver or a passenger.
4. The names and addresses of witnesses.

6. The names of the insurance companies for the respective parties involved in the crash.

(d) Each party to the crash must provide the law enforcement officer with proof of insurance, which must be documented in the crash report. If a law enforcement officer submits a report on the crash, proof of insurance must be provided to the officer by each party involved in the crash. Any party who fails to provide the required information commits a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318, unless the officer determines that due to injuries or other special circumstances such insurance information cannot be provided immediately. If the person provides the law enforcement agency, within 24 hours after the crash, proof of insurance that was valid at the time of the crash, the law enforcement agency may void the citation.

(e) The driver of a vehicle that was in any manner involved in a crash resulting in dam-
(f) Long-form and short-form crash reports prepared by law enforcement must be submitted to the department and may be maintained by the law enforcement officer’s agency.

(2) (a) Crash reports that reveal the identity, home or employment telephone number or home or employment address of, or other personal information concerning the parties involved in the crash and that are held by any agency that regularly receives or prepares information from or concerning the parties to motor vehicle crashes are confidential and exempt from § 119.07(1) and § 24(a), Art. I of the State Constitution for a period of 60 days after the date the report is filed.

(b) Crash reports held by an agency under paragraph (a) may be made immediately available to the parties involved in the crash, their legal representatives, their licensed insurance agents, their insurers or insurers to which they have applied for coverage, persons under contract with such insurers to provide claims or underwriting information, prosecutorial authorities, law enforcement agencies, the Department of Transportation, county traffic operations, victim services programs, radio and television stations licensed by the Federal Communications Commission, newspapers qualified to publish legal notices under §§ 50.011 and 50.031, and free newspapers of general circulation, published once a week or more often, available and of interest to the public generally for the dissemination of news. For the purposes of this section, the following products or publications are not newspapers as referred to in this section: those intended primarily for members of a particular profession or occupational group; those with the primary purpose of distributing advertising; and those with the primary purpose of publishing names and other personal identifying information concerning parties to motor vehicle crashes.

(c) Any local, state, or federal agency that is authorized to have access to crash reports by any provision of law shall be granted such access in the furtherance of the agency’s statutory duties.

(d) As a condition precedent to accessing a crash report within 60 days after the date the report is filed, a person must present a valid driver license or other photographic identification, proof of status, or identification that demonstrates his or her qualifications to access that information, and file a written sworn statement with the state or local agency in possession of the information stating that information from a crash report made confidential and exempt by this section will not be used for any commercial solicitation of accident victims, or knowingly disclosed to any third party for the purpose of such solicitation, during the period of time that the information remains confidential and exempt. In lieu of requiring the written sworn statement, an agency may provide crash reports by electronic means to third-party vendors under contract with one or more insurers, but only when such contract states that information from a crash report made confidential and exempt by this section will not be used for any commercial solicitation of accident victims by the vendors, or knowingly disclosed by the vendors to any third party for the purpose of such solicitation, during the period of time that the information remains confidential and exempt, and only when a copy of such contract is furnished to the agency as proof of the vendor’s claimed status.

(e) This subsection does not prevent the dissemination or publication of news to the general public by any legitimate media entitled to access confidential and exempt information pursuant to this section.

(3) (a) Any driver failing to file the written report required under subsection (1) commits a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

(b) Any employee of a state or local agency in possession of information made confidential and exempt by this section who knowingly discloses such confidential and exempt information to a person not entitled to access such information under this section commits a felony of the third degree, punishable as provided in § 775.082, § 775.083, or § 775.084.

(c) Any person, knowing that he or she is not entitled to obtain information made confidential and exempt by this section, who obtains or attempts to obtain such information commits a felony of the third degree, punishable as provided in § 775.082, § 775.083, or § 775.084.

(d) Any person who knowingly uses confidential and exempt information in violation of a filed written sworn statement or contractual agreement required by this section commits a felony of the third degree, punish-

316.068. Crash report forms.
(1) The department shall prepare and, upon request, supply to police departments, sheriffs, and other appropriate agencies or individuals forms for crash reports as required in this chapter, suitable with respect to the persons required to make such reports and the purposes to be served. The form must call for sufficiently detailed information to disclose, with reference to a vehicle crash, the cause and conditions then existing and the persons and vehicles involved. Every crash report form must call for the policy numbers of liability insurance and the names of carriers covering any vehicle involved in a crash required to be reported by this chapter.

(2) Every crash report required to be made in writing must be made on the appropriate form approved by the department and must contain all the information required therein, including:
   (a) The date, time, and location of the crash;
   (b) A description of the vehicles involved;
   (c) The names and addresses of the parties involved;
   (d) The names and addresses of all drivers and passengers in the vehicles involved;

   (f) The name, badge number, and law enforcement agency of the officer investigating the crash; and
   (g) The names of the insurance companies for the respective parties involved in the crash.

unless not available. The absence of information in such written crash reports regarding the existence of passengers in the vehicles involved in the crash constitutes a rebuttable presumption that no such passengers were involved in the reported crash. Notwithstanding any other provisions of this section, a crash report produced electronically by a law enforcement officer must, at a minimum, contain the same information as is called for on those forms approved by the department.

316.070. Exchange of information at scene of crash.
The law enforcement officer at the scene of a crash required to be reported in accordance with the provisions of § 316.066 shall instruct the driver of each vehicle involved in the crash to report the following to all other parties suffering injury or property damage as an apparent result of the crash:

Any person failing to comply with the provisions of this section shall be cited for a nonmoving violation, punishable as provided in chapter 318.

316.072. Obedience to and effect of traffic laws.
(1) PROVISIONS OF CHAPTER RE-FERRING TO VEHICLES UPON THE HIGHWAYS.—The provisions of this chapter shall apply to the operation of vehicles and bicycles and the movement of pedestrians upon all state-maintained highways, county-maintained highways, and municipal streets and alleys and wherever vehicles have the right to travel.
(2) REQUIRED OBEDIENCE TO TRAFFIC LAWS.—It is unlawful for any person to do any act forbidden, or to fail to perform any act required, in this chapter. It is unlawful for the owner, or any other person employing or otherwise directing the driver of any vehicle, to require or knowingly permit the operation of such vehicle upon a highway in any manner contrary to law. A violation of this subsection is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

(3) OBEDIENCE TO POLICE AND FIRE DEPARTMENT OFFICIALS.—It is unlawful and a misdemeanor of the second degree, punishable as provided in § 775.082 or § 775.083, for any person willfully to fail or refuse to comply with any lawful order or direction of any law enforcement officer, traffic crash investigation officer as described in § 316.640, traffic infraction enforcement officer as described in § 316.640, or member of the fire department at the scene of a fire, rescue operation, or other emergency. Notwithstanding the provisions of this subsection, certified emergency medical technicians or paramedics may respond to the scene of emergencies and may provide emergency medical treatment on the scene and provide transport of patients in the performance of their duties for an emergency medical services provider licensed under chapter 401 and in accordance with any local emergency medical response protocols.

(4) PUBLIC OFFICERS AND EMPLOYEES TO OBEY CHAPTER; EXCEPTIONS.—

(b) Unless specifically made applicable, the provisions of this chapter, except those contained in §§ 316.192, 316.1925, and 316.193, shall not apply to persons, teams, or motor vehicles and other equipment while actually engaged in work upon the surface of a highway, but shall apply to such persons and vehicles when traveling to or from such work.

(5) AUTHORIZED EMERGENCY VEHICLES.—
(a) 1. The driver of an authorized emergency vehicle, when responding to an emergency call, when in the pursuit of an actual or suspected violator of the law, or when responding to a fire alarm, but not upon returning from a fire;
2. A medical staff physician or technician of a medical facility licensed by the state when responding to an emergency in the line of duty in his or her privately owned vehicle, using red lights as authorized in § 316.2398;
3. The driver of an authorized law enforcement vehicle, when conducting a non-emergency escort, to warn the public of an approaching motorcade;
   may exercise the privileges set forth in this section, but subject to the conditions herein stated.
(b) The driver of a vehicle specified in paragraph (a), except when otherwise directed by a police officer, may:
1. Park or stand, irrespective of the provisions of this chapter;
2. Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation;
3. Exceed the maximum speed limits so long as the driver does not endanger life or property;
4. Disregard regulations governing direction or movement or turning in specified directions, so long as the driver does not endanger life or property.
(c) The foregoing provisions shall not relieve the driver of a vehicle specified in paragraph (a) from the duty to drive with due regard for the safety of all persons, nor shall such provisions protect the driver from the consequences of his or her reckless disregard for the safety of others.

316.073. Applicability to animals and animal-drawn vehicles.
Every person driving an animal-drawn vehicle upon a roadway is subject to the provisions of this chapter applicable to the driver of a vehicle, except those provisions of this chapter which by their nature can have no application. The provisions of this chapter applicable to pedestrians, with the exception of § 316.130(3), apply to any person riding or leading an animal upon a roadway or the shoulder thereof.

316.074. Obedience to and required traffic control devices.
(1) The driver of any vehicle shall obey the instructions of any official traffic control device applicable thereto, placed in accordance with the provisions of this chapter, unless otherwise directed by a police officer, subject to the exceptions granted the driver of an authorized emergency vehicle in this chapter.
(2) No person shall drive any vehicle from a roadway to another roadway to avoid obeying the indicated traffic control indicated by such traffic control device.

(3) No provision of this chapter for which official traffic control devices are required shall be enforced against an alleged violator if at the time and place of the alleged violation an official device is not in proper position and sufficiently legible to be seen by an ordinarily observant person. Whenever a particular section does not state that official traffic control devices are required, such section shall be effective even though no devices are erected or in place.

(4) Whenever official traffic control devices are placed in position approximately conforming to the requirements of this chapter, such devices shall be presumed to have been so placed by the official act or direction of lawful authority unless the contrary shall be established by competent evidence.

(5) Any official traffic control device placed pursuant to the provisions of this chapter and purporting to conform to the lawful requirements pertaining to such devices shall be presumed to comply with the requirements of this chapter unless the contrary shall be established by competent evidence.

(6) A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.0741. High-occupancy-vehicle lanes.

(1) As used in this section, the term: “High-occupancy-vehicle lane” or “HOV lane” means a lane of a public roadway designated for use by vehicles in which there is more than one occupant unless otherwise authorized by federal law.

(b) “Hybrid vehicle” means a motor vehicle:

1. That draws propulsion energy from onboard sources of stored energy which are both an internal combustion or heat engine using combustible fuel and a rechargeable energy-storage system;

2. That, in the case of a passenger automobile or light truck, has received a certificate of conformity under the Clean Air Act, 42 U.S.C. §§ 7401 et seq., and meets or exceeds the equivalent qualifying California standards for a low-emission vehicle; and

(2) The number of persons who must be in a vehicle to qualify for legal use of the HOV lane and the hours during which the lane will serve as an HOV lane, if it is not designated as such on a full-time basis, must also be indicated on a traffic control device.

(3) Except as provided in subsection (4), a vehicle may not be driven in an HOV lane if the vehicle is occupied by fewer than the number of occupants indicated by a traffic control device. A driver who violates this section shall be cited for a moving violation, punishable as provided in chapter 318.

(4) (a) Notwithstanding any other provision of this section, an inherently low-emission vehicle (ILEV) that is certified and labeled in accordance with federal regulations may be driven in an HOV lane at any time, regardless of its occupancy. In addition, upon the state’s receipt of written notice from the proper federal regulatory agency authorizing such use, a vehicle defined as a hybrid vehicle under this section may be driven in an HOV lane at any time, regardless of its occupancy.

(b) All eligible hybrid and all eligible other low-emission and energy-efficient vehicles driven in an HOV lane must comply with the minimum fuel economy standards in 23 U.S.C. § 166(f)(3)(B).

(c) Upon issuance of the applicable United States Environmental Protection Agency final rule pursuant to 23 U.S.C. § 166(e), relating to the eligibility of hybrid and other low-emission and energy-efficient vehicles for operation in an HOV lane, regardless of occupancy, the Department of Transportation shall review the rule and recommend to the Legislature any statutory changes necessary for compliance with the federal rule. The department shall provide its recommendations no later than 30 days following issuance of the final rule.

(5) The department shall issue a decal and registration certificate, to be renewed annually, reflecting the HOV lane designation on vehicles meeting the criteria in subsection (4) authorizing driving in an HOV lane at any time. The department may charge a fee for a decal, not to exceed the costs of designing, producing, and distributing each decal, or $5, whichever is less. The proceeds from sale of the decals shall be deposited in the Highway Safety Operating Trust Fund. The department may, for reasons of operation and management of HOV facilities, limit or discontinue issuance of decals for the use of HOV facilities by hybrid and low-emission and energy-efficient vehicles, regardless of occupancy, if it has been determined by the Department of Transportation that the fa-
cilities are degraded as defined by 23 U.S.C. § 166(d)(2).

(6) Vehicles having decals by virtue of compliance with the minimum fuel economy standards under 23 U.S.C. § 166(f)(3)(B), and which are registered for use in high-occupancy-vehicle toll lanes or express lanes in accordance with Department of Transportation rule, shall be allowed to use any HOV lanes redesignated as high-occupancy-vehicle toll lanes or express lanes without requiring payment of a toll.

(7) The department may adopt rules necessary to administer this section.

316.075. Traffic control signal devices.

(1) Except for automatic warning signal lights installed or to be installed at railroad crossings, whenever traffic, including municipal traffic, is controlled by traffic control signals exhibiting different colored lights, or colored lighted arrows, successively one at a time or in combination, only the colors green, red, and yellow shall be used, except for special pedestrian signals carrying a word legend, and the lights shall indicate and apply to drivers of vehicles and pedestrians as follows:

(a) Green indication.—

1. Vehicular traffic facing a circular green signal may proceed cautiously straight through or turn right or left unless a sign at such place prohibits either such turn. But vehicular traffic, including vehicles turning right or left, shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.

2. Vehicular traffic facing a green arrow signal, shown alone or in combination with another indication, as directed by the manual, may cautiously enter the intersection only to make the movement indicated by such arrow, or such other movement as is permitted by other indications shown at the same time, except the driver of any vehicle may U-turn, so as to proceed in the opposite direction unless such movement is prohibited by posted traffic control signs. Such vehicular traffic shall yield the right-of-way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection.

3. Unless otherwise directed by a pedestrian control signal as provided in § 316.0755, pedestrians facing any green signal, except when the sole green signal is a turn arrow, may proceed across the roadway within any marked or unmarked crosswalk.

(b) Steady yellow indication.—

1. Vehicular traffic facing a steady yellow signal is thereby warned that the related green movement is being terminated or that a red indication will be exhibited immediately thereafter when vehicular traffic shall not enter the intersection.

2. Pedestrians facing a steady yellow signal, unless otherwise directed by a pedestrian control signal as provided in § 316.0755, are thereby advised that there is insufficient time to cross the roadway before a red indication is shown and no pedestrian shall start to cross the roadway.

(c) Steady red indication.—

1. Vehicular traffic facing a steady red signal shall stop before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection and shall remain standing until a green indication is shown; however:

a. The driver of a vehicle which is stopped at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection, or, if none then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection in obedience to a steady red signal may make a right turn, but shall yield the right-of-way to pedestrians and other traffic proceeding as directed by the signal at the intersection, except that municipal and county authorities may prohibit any such right turn against a steady red signal at any intersection, which prohibition shall be effective when a sign giving notice thereof is erected in a location visible to traffic approaching the intersection.

b. The driver of a vehicle on a one-way street that intersects another one-way street on which traffic moves to the left shall stop in obedience to a steady red signal, but may then make a left turn into the one-way street, but shall yield the right-of-way to pedestrians and other traffic proceeding as directed by the signal at the intersection, except that municipal and county authorities may prohibit any such left turn as described, which prohibition shall be effective when a sign giving notice thereof is attached to the traffic control signal device at the intersection.

2. a. The driver of a vehicle facing a steady red signal shall stop before entering the crosswalk and remain stopped to allow a pedestrian, with a permitted signal, to cross a roadway when the pedestrian is in the crosswalk or steps into the crosswalk and is upon the half of the roadway upon which the vehicle is traveling or when the pedestrian is
approaching so closely from the opposite half of the roadway as to be in danger.

b. Unless otherwise directed by a pedestrian control signal as provided in § 316.0755, pedestrians facing a steady red signal shall not enter the roadway.

(2) In the event an official traffic control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal.

(3) (a) No traffic control signal device shall be used which does not exhibit a yellow or “caution” light between the green or “go” signal and the red or “stop” signal.

(b) No traffic control signal device shall display other than the color red at the top of the vertical signal, nor shall it display other than the color red at the extreme left of the horizontal signal.

(4) A violation of this section is a noncriminal traffic infraction, punishable pursuant to chapter 318 as either a pedestrian violation or, if the infraction resulted from the operation of a vehicle, as a moving violation.

316.076. Flashing signals.

(1) Whenever an illuminated flashing red or yellow signal is used in a traffic sign or signal it shall require obedience by vehicular traffic as follows:

(a) Flashing red (stop signal).—When a red lens is illuminated with rapid intermittent flashes, drivers of vehicles shall stop at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection, or if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.

(b) Flashing yellow (caution signal).—When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution.

(2) This section does not apply at railroad-highway grade crossings. Conduct of drivers of vehicles approaching such crossings shall be governed by the rules as set forth in §§ 316.1575 and 316.159.

(3) A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.0765. Lane direction control signals.

When lane direction control signals are placed over the individual lanes of a street or highway, vehicular traffic may travel in any lane or lanes over which a green signal is shown, but shall not enter or travel in any lane or lanes over which a red signal is shown. A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.077. Display of unauthorized signs, signals or markings.

(1) No person shall place, maintain or display upon or in view of any highway any unauthorized sign, signal, marking or device which purports to be or is an imitation of or resembles an official traffic control device or railroad sign or signal, or which attempts to direct the movement of traffic, or which hides from view or interferes with the effectiveness of any official traffic control device or any railroad sign or signal.

(2) No person shall place or maintain nor shall any public authority permit upon any highway any traffic sign or signal bearing thereon any commercial advertising.

(3) This section shall not be deemed to prohibit the erection upon private property adjacent to highways of signs giving useful directional information and of a type that cannot be mistaken for official signs.

(4) Every such prohibited sign, signal or marking is declared to be a public nuisance and the authority having jurisdiction over the highway is empowered to remove the same or cause it to be removed without notice.

(5) A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

316.0775. Interference with official traffic control devices or railroad signs or signals.

(1) A person may not, without lawful authority, attempt to or in fact alter, deface, injure, knock down, or remove any official traffic control device or any railroad sign or signal or any inscription, shield, or insignia thereon, or any other part thereof. A violation of this subsection is a criminal violation pursuant to § 318.17 and shall be punishable as set forth in § 806.13 related to criminal
mischief and graffiti, beginning on or after July 1, 2000.

(2) A person may not, without lawful authority, possess or use any traffic signal pre-emption device as defined under § 316.003. A person who violates this subsection commits a moving violation, punishable as provided in chapter 318, and shall have 4 points assessed against his or her driver's license as set forth in § 322.27.

316.078. Detour signs to be respected.
(1) It is unlawful to tear down or deface any detour sign or to break down or drive around any barricade erected for the purpose of closing any section of a public street or highway to traffic during the construction or repair thereof or to drive over such section of public street or highway until again thrown open to public traffic. However, such restriction shall not apply to the person in charge of the construction or repairs.

(2) A violation of this section is a noncriminal traffic infraction, punishable pursuant to chapter 318 as:
(a) A nonmoving violation for tearing, breaking down, or defacing any detour sign.
(b) A moving violation for driving around any barricade erected for the purpose of closing any section of a public street or highway to traffic that is under construction or repair or driving over such section of public street or highway until open to public traffic.

316.079. Duty to yield to highway construction workers.
(1) Every driver of a vehicle shall yield the right-of-way to a pedestrian worker and flagperson engaged in maintenance or construction work on a highway whenever the driver is reasonably and lawfully notified of the presence of such worker by a flagperson and a warning sign or device.

(2) Every driver of a vehicle on public roadways shall yield the right-of-way to an escort vehicle or pedestrian flagperson that is engaged in the management of highway movements of an oversize vehicle permitted pursuant to § 316.550, provided the driver is reasonably and lawfully notified of the presence of such vehicle or flagperson.

(3) A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.081. Driving on right side of roadway; exceptions.
(1) Upon all roadways of sufficient width, a vehicle shall be driven upon the right half of the roadway, except as follows:
(a) When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement;
(b) When an obstruction exists making it necessary to drive to the left of the center of the highway; provided any person so doing shall yield the right-of-way to all vehicles traveling in the proper direction upon the unobstructed portion of the highway within such distance as to constitute an immediate hazard;
(c) Upon a roadway divided into three marked lanes for traffic under the rules applicable thereon; or
(d) Upon a roadway designated and sign-posted for one-way traffic.

(2) Upon all roadways, any vehicle proceeding at less than the normal speed of traffic at the time and place and under the conditions then existing shall be driven in the right-hand lane then available for traffic or as close as practicable to the right-hand curb or edge of the roadway except when overtaking and passing another vehicle proceeding in the same direction or when preparing for a left turn at an intersection or into a private road or driveway.

(3) On a road, street, or highway having two or more lanes allowing movement in the same direction, a driver may not continue to operate a motor vehicle at any speed which is more than 10 miles per hour slower than the posted speed limit in the furthermost left-hand lane if the driver knows or reasonably should know that he or she is being overtaken in that lane from the rear by a motor vehicle traveling at a higher rate of speed. This subsection does not apply to drivers operating a vehicle that is overtaking another vehicle proceeding in the same direction, or is preparing for a left turn at an intersection.

(4) Upon any roadway having four or more lanes for moving traffic and providing for two-way movement of traffic, no vehicle shall be driven to the left of the centerline of the roadway, except when authorized by official traffic control devices designating certain lanes to the left side of the center of the roadway for use by traffic not otherwise permitted to use such lanes, or except as permitted under paragraph (1)(b). However, this subsection shall not be construed as prohibit-ing the crossing of the centerline in making a
left turn into or from an alley, private road, or driveway.

(5) A violation of this section is a non-criminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.0815. Duty to yield to public transit vehicles.

(1) The driver of a vehicle shall yield the right-of-way to a publicly owned transit bus traveling in the same direction which has signaled and is reentering the traffic flow from a specifically designated pullout bay.

(2) This section does not relieve the driver of a public transit bus from the duty to drive with due regard for the safety of all persons using the roadway.

316.082. Passing vehicles proceeding in opposite directions.

(1) Drivers of vehicles proceeding in opposite directions shall pass each other to the right.

(2) Upon roadways having width for not more than one line of traffic in each direction, each driver shall give to the other at least one-half of the main-traveled portion of the roadway, as nearly as possible.

(3) A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.0825. Vehicle approaching an animal.

Every person operating a motor vehicle shall use reasonable care when approaching or passing a person who is riding or leading an animal upon a roadway or the shoulder thereof, and shall not intentionally startle or injure such an animal. A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.083. Overtaking and passing a vehicle.

The following rules shall govern the overtaking and passing of vehicles proceeding in the same direction, subject to those limitations, exceptions, and special rules hereinafter stated:

(1) The driver of a vehicle overtaking another vehicle proceeding in the same direction shall give an appropriate signal as provided for in § 316.135, shall pass to the left thereof at a safe distance, and shall not again drive to the right side of the roadway until safely clear of the overtaken vehicle. The driver of a vehicle overtaking a bicycle or other nonmotorized vehicle must pass the bicycle or other nonmotorized vehicle at a safe distance of not less than 3 feet between the vehicle and the bicycle or other nonmotorized vehicle.

(2) Except when overtaking and passing on the right is permitted, the driver of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle, on audible signal or upon the visible blinking of the headlamps of the overtaking vehicle if such overtaking is being attempted at nighttime, and shall not increase the speed of his or her vehicle until completely passed by the overtaking vehicle.

(3) A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.084. When overtaking on the right is permitted.

(1) The driver of a vehicle may overtake and pass on the right of another vehicle only under the following conditions:

(a) When the vehicle overtaken is making or about to make a left turn;

(b) Upon a street or highway with unobstructed pavement not occupied by parked vehicles of sufficient width for two or more lines of moving traffic in each direction;

(c) Upon a one-way street, or upon any roadway on which traffic is restricted to one direction of movement, where the roadway is free from obstructions and of sufficient width for two or more lines of moving vehicles.

(2) The driver of a vehicle may overtake and pass another vehicle on the right only under conditions permitting such movement in safety. In no event shall such movement be made by driving off the pavement or main-traveled portion of the roadway.

(3) A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.085. Limitations on overtaking, passing, changing lanes and changing course.

(1) No vehicle shall be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless authorized by the provisions of this chapter and unless such left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the operation of any vehicle approaching from the opposite direction of any vehicle overtaken. In every event the overtaking vehicle must return to an authorized lane of travel as soon as practicable and, in the event the passing movement involves the use
316.087. Further limitations on driving to left of center of roadway.

(1) No vehicle shall at any time be driven to the left side of the roadway under the following conditions:

(a) When approaching or upon the crest of a grade where the driver’s view is obstructed within such distance as to create a hazard in the event another vehicle might approach from the opposite direction;

(b) Upon a curve in the highway where the driver’s view is obstructed within such distance as to create a hazard in the event another vehicle might approach from the opposite direction;

(c) When approaching within 100 feet of or traversing any intersection, except that this section shall not apply to any intersection on a state-maintained or county-maintained highway located outside city limits unless such intersection is marked by an official Department of Transportation or county road department traffic control device indicating an intersection either by symbol or by words and such marking is placed at least 100 feet before the intersection;

(d) When approaching within 100 feet of or traversing any railroad grade crossing;

(e) When the view is obstructed upon approaching within 100 feet of any bridge, viaduct, or tunnel.

(2) The foregoing limitations shall not apply upon a one-way roadway, nor when an obstruction exists making it necessary to drive to the left of the center of the highway, nor to the driver of a vehicle turning left into or from an alley, private road or driveway.

(3) A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.0875. No-passing zones.

(1) The Department of Transportation and local authorities are authorized to determine those portions of any highway under their respective jurisdiction where overtaking and passing or driving to the left of the roadway would be especially hazardous and may, by appropriate signs or markings on the roadway, indicate the beginning and end of such zones, and when such signs or markings are in place and clearly visible to an ordinarily observant person, every driver of a vehicle shall obey the directions thereof.

(2) Where signs or markings are in place to define a no-passing zone as set forth in subsection (1), no driver shall at any time drive on the left side of the roadway with such no-passing zone or on the left side of any pavement striping designed to mark such no-passing zone throughout its length.

(3) This section does not apply when an obstruction exists making it necessary to drive to the left of the center of the highway, nor to the driver of a vehicle turning left into or from an alley, private road or driveway.

(4) A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.088. One-way roadways and rotary traffic islands.

(1) The Department of Transportation and local authorities, with respect to highways under their respective jurisdictions, may designate any highway, roadway, part of a roadway, or specific lanes upon which vehicular traffic shall proceed in one direction at such times as shall be indicated by official traffic control devices.

(2) Upon a roadway so designated for one-way traffic, a vehicle shall be driven only in the direction designated at such times as shall be indicated by official traffic control devices.

(3) A vehicle passing around a rotary traffic island shall be driven only to the right of such island.

(4) A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.089. Driving on roadways laned for traffic.

Whenever any roadway has been divided into two or more clearly marked lanes for traffic, the following rules, in addition to all others consistent herewith, shall apply:

(1) A vehicle shall be driven as nearly as practicable entirely within a single lane and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety.
(2) Upon a roadway which is divided into three lanes and provides for two-way movement of traffic, a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle traveling in the same direction when such center lane is clear of traffic within a safe distance, when in preparation for making a left turn, or where such center lane is at the time allocated exclusively to traffic moving in the same direction that the vehicle is proceeding and such allocation is designated by official traffic control devices.

(3) Official traffic control devices may be erected directing specified traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the roadway; and drivers of vehicles shall obey the directions of every such device.

(4) Official traffic control devices may be installed prohibiting the changing of lanes on sections of roadway, and drivers of vehicles shall obey the directions of every such device.

(5) A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.0895. Following too closely.

(1) The driver of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicles and the traffic upon, and the condition of, the highway.

(2) It is unlawful for the driver of any motor truck, motor truck drawing another vehicle, or vehicle towing another vehicle or trailer, when traveling upon a roadway outside of a business or residence district, to follow within 300 feet of another motor truck, motor truck drawing another vehicle, or vehicle towing another vehicle or trailer. The provisions of this subsection shall not be construed to prevent overtaking and passing nor shall the same apply upon any lane specially designated for use by motor trucks or other slow-moving vehicles.

(3) Motor vehicles being driven upon any roadway outside of a business or residence district in a caravan or motorcade, whether or not towing other vehicles, shall be so operated as to allow sufficient space between each such vehicle or combination of vehicles as to enable any other vehicle to enter and occupy such space without danger. This provision shall not apply to funeral processions.

(4) A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.090. Driving on divided highways.

(1) Whenever any highway has been divided into two or more roadways by leaving an intervening space or by a physical barrier or clearly indicated dividing section so constructed as to impede vehicular traffic, every vehicle shall be driven only upon the right-hand roadway unless directed or permitted to use another roadway by official traffic control devices or police officers.

(2) No vehicle shall be driven over, across, or within any such dividing space, barrier, or section, except through an opening in such physical barrier or dividing section or space or at a crossover or intersection as established, unless specifically authorized by public authority.

(3) A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.091. Limited access facilities; interstate highways; use restricted.

(1) No person shall drive a vehicle onto or from any limited access roadway except at such entrances and exits as are established by public authority.

(2) Except as provided herein, no person shall operate upon a limited access facility any bicycle, motor-driven cycle, animal-drawn vehicle, or any other vehicle which by its design or condition is incompatible with the safe and expedient movement of traffic.

(3) No person shall ride any animal upon any portion of a limited access facility.

(4) No person shall operate a bicycle or other human-powered vehicle on the roadway or along the shoulder of a limited access highway, including bridges, unless official signs and a designated, marked bicycle lane are present at the entrance of the section of highway indicating that such use is permitted pursuant to a pilot program of the Department of Transportation.

(5) The Department of Transportation and expressway authorities are authorized to designate use of shoulders of limited access facilities and interstate highways under their jurisdiction for such vehicular traffic determined to improve safety, reliability, and transportation system efficiency. Appropriate traffic signs or dynamic lane control signals shall be erected along those portions of the facility affected to give notice to the public of the action to be taken, clearly indicating when the shoulder is open to designated vehicular traffic. This section may not be deemed to authorize such designation in violation of any federal law or any covenant
established in a resolution or trust indenture relating to the issuance of turnpike bonds, expressway authority bonds, or other bonds.

(6) The Department of Transportation shall establish a 2-year pilot program, in three separate urban areas, in which it shall erect signs and designate marked bicycle lanes indicating highway approaches and bridge segments of limited access highways as open to use by operators of bicycles and other human-powered vehicles, under the following conditions:

(a) The limited access highway approaches and bridge segments chosen must cross a river, lake, bay, inlet, or surface water where no street or highway crossing the water body is available for use within 2 miles of the entrance to the limited access facility measured along the shortest public right-of-way.

(b) The Department of Transportation, with the concurrence of the Federal Highway Administration on the interstate facilities, shall establish the three highway approaches and bridge segments for the pilot project by October 1, 2012. In selecting the highway approaches and bridge segments, the Department of Transportation shall consider, without limitation, a minimum size of population in the urban area within 5 miles of the highway approach and bridge segment, the lack of bicycle access by other means, cost, safety, and operational impacts.

(c) The Department of Transportation shall begin the pilot program by erecting signs and designating marked bicycle lanes indicating highway approaches and bridge segments of limited access highways, as qualified by the conditions described in this subsection, as open to use by operators of bicycles and other human-powered vehicles no later than March 1, 2013.

(d) The Department of Transportation shall conduct the pilot program for a minimum of 2 years following the implementation date.

(e) The Department of Transportation shall submit a report of its findings and recommendations from the pilot program to the Governor, the President of the Senate, and the Speaker of the House of Representatives by September 1, 2015. The report shall include, at a minimum, bicycle crash data occurring in the designated segments of the pilot program, usage by operators of bicycles and other human-powered vehicles, enforcement issues, operational impacts, and the cost of the pilot program.

(7) A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.1001. Payment of toll on toll facilities required; penalties.

(1) A person may not use any toll facility without payment of tolls, except as provided in § 338.155. Failure to pay a prescribed toll is a noncriminal traffic infraction, punishable as a moving violation under chapter 318.

(2) (a) For the purpose of enforcing this section, any governmental entity, as defined in § 334.03, that owns or operates a toll facility may, by rule or ordinance, authorize a toll enforcement officer to issue a uniform traffic citation for a violation of this section. Toll enforcement officer means the designee of a governmental entity whose authority is to enforce the payment of tolls. The governmental entity may designate toll enforcement officers pursuant to § 316.640(1).

(b) A citation issued under this subsection may be issued by mailing the citation by first-class mail or by certified mail to the address of the registered owner of the motor vehicle involved in the violation. Mailing the citation to such address constitutes notification. In the case of joint ownership of a motor vehicle, the traffic citation must be mailed to the first name appearing on the registration, unless the first name appearing on the registration is a business organization, in which case the second name appearing on the registration may be used. A citation issued under this paragraph must be mailed to the registered owner of the motor vehicle involved in the violation within 14 days after the date of issuance of the citation. In addition to the citation, notification must be sent to the registered owner of the motor vehicle involved in the violation specifying remedies available under §§ 318.14(12) and 318.18(7).

(c) The owner of the motor vehicle involved in the violation is responsible and liable for payment of a citation issued for failure to pay a toll, unless the owner can establish the motor vehicle was, at the time of the violation, in the care, custody, or control of another person. In order to establish such facts, the owner of the motor vehicle is required, within 14 days after the date of issuance of the citation, to furnish to the appropriate governmental entity an affidavit setting forth:

1. The name, address, date of birth, and, if known, the driver license number of the person who leased, rented, or otherwise had the care, custody, or control of the motor vehicle at the time of the alleged violation; or
2. If stolen, the police report indicating that the vehicle was stolen at the time of the alleged violation.

Upon receipt of an affidavit the person designated as having care, custody, and control of the motor vehicle at the time of the violation may be issued a citation for failure to pay a required toll. The affidavit shall be admissible in a proceeding pursuant to this section for the purpose of providing that the person identified in the affidavit was in actual care, custody, or control of the motor vehicle. The owner of a leased vehicle for which a citation is issued for failure to pay a toll is not responsible for payment of the citation and is not required to submit an affidavit as specified in this subsection if the motor vehicle involved in the violation is registered in the name of the lessee of such motor vehicle.

(d) A written report of a toll enforcement officer to photographic evidence that a required toll was not paid is admissible in any proceeding to enforce this section and raises a rebuttable presumption that the motor vehicle named in the report or shown in the photographic evidence was used in violation of this section.

(3) The submission of a false affidavit is a misdemeanor of the second degree.

(4) Any governmental entity, including, without limitation, a clerk of court, may provide the department with data that is machine readable by the department's computer system, listing persons who have one or more outstanding violations of this section, with reference to the person's driver's license number or vehicle registration number in the case of a business entity. Pursuant to § 320.03(8), those persons may not be issued a license plate or revalidation sticker for any motor vehicle.

(5) Subsections (2)-(4) supplement the enforcement of this section by law enforcement officers, and this section does not prohibit a law enforcement officer from issuing a citation for a violation of this section in accordance with normal traffic enforcement techniques.

316.121. Vehicles approaching or entering intersections.

(1) The driver of a vehicle approaching an intersection shall yield the right-of-way to a vehicle which has entered the intersection from a different highway.

(2) When two vehicles enter an intersection from different highways at the same time the driver of the vehicle on the left shall yield the right-of-way to the vehicle on the right.

(3) The driver of a vehicle about to enter or cross a state-maintained road or highway from a paved or unpaved road and not subject to control by an official traffic control device shall yield the right-of-way to all vehicles approaching on the state-maintained road or highway.

(4) The driver of a vehicle about to enter or cross a paved county-maintained or city-maintained road or highway from an unpaved road or highway and not subject to control by an official traffic control device shall yield the right-of-way to all vehicles approaching on said paved road or highway.

(5) The foregoing rules are modified at through highways and otherwise, as herein-after stated.

(6) A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.122. Vehicle turning left.

The driver of a vehicle intending to turn to the left within an intersection or into an alley, private road, or driveway shall yield the right-of-way to any vehicle approaching from the opposite direction, or vehicles lawfully passing on the left of the turning vehicle, which is within the intersection or so close thereto as to constitute an immediate hazard. A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.123. Vehicle entering stop or yield intersection.

(1) The right-of-way at an intersection may be indicated by stop signs or yield signs as authorized in § 316.006.

(2) (a) Except when directed to proceed by a police officer or traffic control signal, every driver of a vehicle approaching a stop intersection indicated by a stop sign shall stop at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection or, if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection. After having stopped, the driver shall yield the right-of-way to any vehicle which has entered the intersection from another highway or which is approaching so closely on said highway as to constitute an immediate hazard during the time when the driver is moving across or within the intersection.

(b) At a four-way stop intersection, the driver of the first vehicle to stop at the intersection shall be the first to proceed. If two
or more vehicles reach the four-way stop intersection at the same time, the driver of the vehicle on the left shall yield the right-of-way to the vehicle on the right.

(3) The driver of a vehicle approaching a yield sign shall, in obedience to such sign, slow down to a speed reasonable for the existing conditions and, if required for safety to stop, shall stop before entering the crosswalk on the near side of the intersection, or, if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway. After slowing or stopping, the driver shall yield the right-of-way to any vehicle in the intersection or approaching on another highway so closely as to constitute an immediate hazard during the time the driver is moving across or within the intersection. If such a driver is involved in a collision with a pedestrian in a crosswalk or a vehicle in the intersection, after driving past a yield sign without stopping, the collision shall be deemed prima facie evidence of the driver's failure to yield the right-of-way.

(4) A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.1235. Vehicle approaching intersection in which traffic lights are inoperative.

The driver of a vehicle approaching an intersection in which the traffic lights are inoperative shall stop in the manner indicated in § 316.123(2) for approaching a stop intersection. In the event that only some of the traffic lights within an intersection are inoperative, the driver of a vehicle approaching an inoperative light shall stop in the above-prescribed manner. A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.125. Vehicle entering highway from private road or driveway or emerging from alley, driveway or building.

(1) The driver of a vehicle about to enter or cross a highway from an alley, building, private road or driveway shall yield the right-of-way to all vehicles approaching on the highway to be entered which are so close thereto as to constitute an immediate hazard.

(2) The driver of a vehicle emerging from an alley, building, private road or driveway within a business or residence district shall stop the vehicle immediately prior to driving onto a sidewalk or onto the sidewalk area extending across the alley, building entrance, road or driveway, or in the event there is no sidewalk area, shall stop at the point nearest the street to be entered where the driver has a view of approaching traffic thereon and shall yield to all vehicles and pedestrians which are so close thereto as to constitute an immediate hazard.

(3) A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.126. Operation of vehicles and actions of pedestrians on approach of authorized emergency vehicle.

(1) (a) Upon the immediate approach of an authorized emergency vehicle, while en route to meet an existing emergency, the driver of every other vehicle shall, when such emergency vehicle is giving audible signals by siren, exhaust whistle, or other adequate device, or visible signals by the use of displayed blue or red lights, yield the right-of-way to the emergency vehicle and shall immediately proceed to a position parallel to, and as close as reasonable to the closest edge of the curb of the roadway, clear of any intersection and shall stop and remain in position until the authorized emergency vehicle has passed, unless otherwise directed by any law enforcement officer.

(b) When an authorized emergency vehicle making use of any visual signals is parked or a wrecker displaying amber rotating or flashing lights is performing a recovery or loading on the roadside, the driver of every other vehicle, as soon as it is safe:

1. Shall vacate the lane closest to the emergency vehicle or wrecker when driving on an interstate highway or other highway with two or more lanes traveling in the direction of the emergency vehicle or wrecker, except when otherwise directed by a law enforcement officer. If such movement cannot be safely accomplished, the driver shall reduce speed as provided in subparagraph 2.

2. Shall slow to a speed that is 20 miles per hour less than the posted speed limit when the posted speed limit is 25 miles per hour or greater; or travel at 5 miles per hour when the posted speed limit is 20 miles per hour or less, when driving on a two-lane road, except when otherwise directed by a law enforcement officer.

(c) The Department of Highway Safety and Motor Vehicles shall provide an educational awareness campaign informing the motoring public about the Move Over Act. The department shall provide information about the Move Over Act in all newly printed
driver's license educational materials after July 1, 2002.

This section does not relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the safety of all persons using the highway.

(2) Every pedestrian using the road right-of-way shall yield the right-of-way until the authorized emergency vehicle has passed, unless otherwise directed by any police officer.

(3) Any authorized emergency vehicle, when en route to meet an existing emergency, shall warn all other vehicular traffic along the emergency route by an audible signal, siren, exhaust whistle, or other adequate device or by a visible signal by the use of displayed blue or red lights. While en route to such emergency, the emergency vehicle shall otherwise proceed in a manner consistent with the laws regulating vehicular traffic upon the highways of this state.

(4) Nothing herein contained shall diminish or enlarge any rules of evidence or liability in any case involving the operation of an emergency vehicle.

(5) This section shall not operate to relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the safety of all persons using the highway.

(6) A violation of this section is a noncriminal traffic infraction, punishable pursuant to chapter 318 as either a moving violation for infractions of subsection (1) or subsection (3), or as a pedestrian violation for infractions of subsection (2).

316.130. Pedestrians; traffic regulations.

(1) A pedestrian shall obey the instructions of any official traffic control device specifically applicable to the pedestrian unless otherwise directed by a police officer.

(2) Pedestrians shall be subject to traffic control signals at intersections as provided in § 316.075, but at all other places pedestrians shall be accorded the privileges and be subject to the restrictions stated in this chapter.

(3) Where sidewalks are provided, no pedestrian shall, unless required by other circumstances, walk along and upon the portion of a roadway paved for vehicular traffic.

(4) Where sidewalks are not provided, any pedestrian walking along and upon a highway shall, when practicable, walk only on the shoulder on the left side of the roadway in relation to the pedestrian's direction of travel, facing traffic which may approach from the opposite direction.

(5) No person shall stand in the portion of a roadway paved for vehicular traffic for the purpose of soliciting a ride, employment, or business from the occupant of any vehicle.

(6) No person shall stand on or in proximity to a street or highway for the purpose of soliciting the watching or guarding of any vehicle while parked or about to be parked on a street or highway.

(7) (a) The driver of a vehicle at an intersection that has a traffic control signal in place shall stop before entering the crosswalk and remain stopped to allow a pedestrian, with a permitted signal, to cross a roadway when the pedestrian is in the crosswalk or steps into the crosswalk and is upon the half of the roadway upon which the vehicle is traveling or when the pedestrian is approaching so closely from the opposite half of the roadway as to be in danger.

(b) The driver of a vehicle at any crosswalk where signage so indicates shall stop and remain stopped to allow a pedestrian to cross a roadway when the pedestrian is in the crosswalk or steps into the crosswalk and is upon the half of the roadway upon which the vehicle is traveling or when the pedestrian is approaching so closely from the opposite half of the roadway as to be in danger.

(c) When traffic control signals are not in place or in operation and there is no signage indicating otherwise, the driver of a vehicle shall yield the right-of-way, slowing down or stopping if need be to so yield, to a pedestrian crossing the roadway within a crosswalk when the pedestrian is upon the half of the roadway upon which the vehicle is traveling or when the pedestrian is approaching so closely from the opposite half of the roadway as to be in danger. Any pedestrian crossing a roadway at a point where a pedestrian tunnel or overhead pedestrian crossing has been provided shall yield the right-of-way to all vehicles upon the roadway.

(8) No pedestrian shall suddenly leave a curb or other place of safety and walk or run into the path of a vehicle which is so close that it is impossible for the driver to yield.

(9) Whenever any vehicle is stopped at a marked crosswalk or at any unmarked crosswalk at an intersection to permit a pedestrian to cross the roadway, the driver of any other vehicle approaching from the rear shall not overtake and pass such stopped vehicle.

(10) Every pedestrian crossing a roadway at any point other than within a marked crosswalk or within an unmarked crosswalk at an intersection shall yield the right-of-way to all vehicles upon the roadway.
316.1301. Traffic regulations to assist blind persons.

(1) It is unlawful for any person, unless totally or partially blind or otherwise incapacitated, while on any public street or highway, to carry in a raised or extended position a cane or walking stick which is white in color or white tipped with red. A person who is convicted of a violation of this subsection is guilty of a misdemeanor of the second degree, punishable as provided in § 775.082 or § 775.083.

(2) Whenever a pedestrian is crossing, or attempting to cross, a public street or highway, guided by a dog guide or carrying in a raised or extended position a cane or walking stick which is white in color or white tipped with red, the driver of every vehicle approaching the intersection or place where the pedestrian is attempting to cross shall bring his or her vehicle to a full stop before arriving at such intersection or place of crossing and, before proceeding, shall take such precautions as may be necessary to avoid injuring such pedestrian. A person who is convicted of a violation of this subsection is guilty of a moving violation punishable as provided in chapter 318.

(3) Nothing contained in this section shall be construed to deprive any totally or partially blind or otherwise incapacitated person not carrying such a cane or walking stick, or not being guided by a dog, of the rights and privileges conferred by law upon pedestrians crossing streets or highways. The failure of any such person to carry a cane or walking stick or to be guided by a dog shall not be considered comparative negligence, nor shall such failure be admissible as evidence in the trial of any civil action with regard to negligence.

316.1303. Traffic regulations to assist mobility-impaired persons.

(1) Whenever a pedestrian who is mobility impaired is in the process of crossing a public street or highway with the assistance of a guide dog or service animal designated as such with a visible means of identification, a walking, a crutch, an orthopedic cane, or a wheelchair, the driver of a vehicle approaching the intersection, as defined in § 316.003(17), shall bring his or her vehicle to a full stop before arriving at the intersection and, before proceeding, shall take precautions necessary to avoid injuring the pedestrian.

(2) A person who is mobility impaired and who is using a motorized wheelchair on a sidewalk may temporarily leave the side-
walk and use the roadway to avoid a potential conflict, if no alternative route exists. A law enforcement officer may issue only a verbal warning to such person.

(3) A person who is convicted of a violation of subsection (1) shall be punished as provided in § 318.18(3).  

316.1305. Fishing from state road bridges.

(a) Right turn.—Both the approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the roadway.

(b) Left turn.—The driver of a vehicle intending to turn left at any intersection shall approach the intersection in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of such vehicle, and, after entering the intersection, the left turn shall be made so as to leave the intersection in a lane lawfully available to traffic moving in such direction upon the roadway being entered. A person riding a bicycle and intending to turn left in accordance with this section is entitled to the full use of the lane from which the turn may legally be made. Whenever practicable the left turn shall be made in that portion of the intersection to the left of the center of the intersection.

(c) Left turn by bicycle.—In addition to the method of making a left turn described in paragraph (b), a person riding a bicycle and intending to turn left has the option of following the course described hereafter: The rider shall approach the turn as close as practicable to the right curb or edge of the roadway; after proceeding across the intersecting roadway, the turn shall be made as close as practicable to the curb or edge of the roadway on the far side of the intersection; and, before proceeding, the bicyclist shall comply with any official traffic control device or police officer regulating traffic on the highway along which the bicyclist intends to proceed.

(2) Fishing from a bridge upon which the Department of Transportation has posted signs as provided in subsection (1) is a noncriminal traffic infraction, punishable as a pedestrian violation as provided in chapter 318.

(3) This section is cumulative and is not intended to repeal any special law making it unlawful to fish from any bridge.

316.1355. Driving through safety zone prohibited.

No vehicle shall at any time be driven through or within a safety zone. A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.151. Required position and method of turning at intersections.

(a) Right turn.—Both the approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the roadway.

(b) Left turn.—The driver of a vehicle intending to turn left at any intersection shall approach the intersection in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of such vehicle, and, after entering the intersection, the left turn shall be made so as to leave the intersection in a lane lawfully available to traffic moving in such direction upon the roadway being entered. A person riding a bicycle and intending to turn left in accordance with this section is entitled to the full use of the lane from which the turn may legally be made. Whenever practicable the left turn shall be made in that portion of the intersection to the left of the center of the intersection.

(c) Left turn by bicycle.—In addition to the method of making a left turn described in paragraph (b), a person riding a bicycle and intending to turn left has the option of following the course described hereafter: The rider shall approach the turn as close as practicable to the right curb or edge of the roadway; after proceeding across the intersecting roadway, the turn shall be made as close as practicable to the curb or edge of the roadway on the far side of the intersection; and, before proceeding, the bicyclist shall comply with any official traffic control device or police officer regulating traffic on the highway along which the bicyclist intends to proceed.

(2) The state, county, and local authorities in their respective jurisdictions may cause official traffic control devices to be placed within or adjacent to intersections and thereby require and direct that a different course from that specified in this section be traveled by vehicles turning at an intersection. When such devices are so placed, no driver of a vehicle may turn a vehicle at an intersection other than as directed and required by such devices.

(3) A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.1515. Limitations on turning around.

The driver of any vehicle shall not turn the vehicle so as to proceed in the opposite direction upon any street unless such movement can be made in safety and without interfering with other traffic and unless such movement is not prohibited by posted traffic control signs. A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.152. Turning on curve or crest of grade prohibited.

No vehicle shall be turned so as to proceed in the opposite direction upon any curve, or upon the approach to, or near, the crest of a grade, where such vehicle cannot be seen by the driver of any other vehicle approaching from either direction within 500 feet. A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.154. Starting parked vehicle.

No person shall start a vehicle which is stopped, standing, or parked, unless and
State Traffic Laws

until such movement can be made with reasonable safety. A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.155. When signal required.
(1) No person may turn a vehicle from a direct course or move right or left upon a highway unless and until such movement can be made with reasonable safety, and then only after giving an appropriate signal in the manner hereinafter provided, in the event any other vehicle may be affected by the movement.

(2) A signal of intention to turn right or left must be given continuously during not less than the last 100 feet traveled by the vehicle before turning, except that such a signal by hand or arm need not be given continuously by a bicyclist if the hand is needed in the control or operation of the bicycle.

(3) No person may stop or suddenly decrease the speed of a vehicle without first giving an appropriate signal in the manner provided herein to the driver of any vehicle immediately to the rear, when there is opportunity to give such signal.

(4) The signals provided for in § 316.156 shall be used to indicate an intention to turn, to overtake, or to pass a vehicle and may not, except as provided in § 316.2397, be flashed on one side only on a parked or disabled vehicle or flashed as a courtesy or “do pass” signal to operators of other vehicles approaching from the rear.

(5) A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.156. Signals by hand and arm or signal lamps.
(1) Any stop or turn signal when required herein shall be given either by means of the hand and arm or by signal lamps, except as otherwise provided in subsection (2).

(2) Any motor vehicle in use on a highway shall be equipped with, and required signal shall be given by, signal lamps when the distance from the center of the top of the steering post to the left outside limit of the body, cab or load of such motor vehicle exceeds 24 inches, or when the distance from the center of the top of the steering post to the rear limit of the body or load thereof exceeds 14 feet. The latter measurement shall apply to any single vehicle and also to any combination of vehicles.

(3) A violation of this section is a noncriminal traffic infraction, punishable pursuant to chapter 318 as either a moving violation for infractions of subsection (1) or as a nonmoving violation for infractions of subsection (2).

316.157. Method of giving hand and arm signals.
(1) All signals herein required to be given by hand and arm shall be given from the left side of the vehicle in the following manner and such signals shall indicate as follows:

(a) Left turn.—Hand and arm extended horizontally.

(b) Right turn.—Hand and arm extended upward, except that a bicyclist may extend the right hand and arm horizontally to the right side of the bicycle.

(c) Stop or decrease speed.—Hand and arm extended downward.

(2) A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.1575. Obedience to traffic control devices at railroad-highway grade crossings.
(1) Any person walking or driving a vehicle and approaching a railroad-highway grade crossing under any of the circumstances stated in this section shall stop within 50 feet but not less than 15 feet from the nearest rail of such railroad and shall not proceed until he or she can do so safely. The foregoing requirements apply when:

(a) A clearly visible electric or mechanical signal device gives warning of the immediate approach of a railroad train;

(b) A crossing gate is lowered or a law enforcement officer or a human flagger gives or continues to give a signal of the approach or passage of a railroad train;

(c) An approaching railroad train emits an audible signal or the railroad train, by reason of its speed or nearness to the crossing, is an immediate hazard; or

(d) An approaching railroad train is plainly visible and is in hazardous proximity to the railroad-highway grade crossing, regardless of the type of traffic control devices installed at the crossing.

(2) No person shall drive any vehicle through, around, or under any crossing gate or barrier at a railroad-highway grade crossing while the gate or barrier is closed or is being opened or closed.

(3) A violation of this section is a noncriminal traffic infraction, punishable pursuant to chapter 318 as either a pedestrian violation or, if the infraction resulted from the operation of a vehicle, as a moving violation.
316.1576. Insufficient clearance at a railroad-highway grade crossing.

(1) A person may not drive any vehicle through a railroad-highway grade crossing that does not have sufficient space to drive completely through the crossing without stopping.

(2) A person may not drive any vehicle through a railroad-highway grade crossing that does not have sufficient undercarriage clearance to drive completely through the crossing without stopping.

(3) A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.159. Certain vehicles to stop or slow at all railroad grade crossings.

(1) The driver of any motor vehicle carrying passengers for hire, excluding taxicabs, of any school bus carrying any school child, or of any vehicle carrying explosive substances or flammable liquids as a cargo or part of a cargo, before crossing at grade any track or tracks of a railroad, shall stop such vehicle within 50 feet but not less than 15 feet from the nearest rail of the railroad and, while so stopped, shall listen and look in both directions along the track for any approaching train, and for signals indicating the approach of a train, except as hereinafter provided, and shall not proceed until he or she can do so safely. After stopping as required herein and upon proceeding when it is safe to do so, the driver of any such vehicle shall cross only in a gear of the vehicle so that there will be no necessity for changing gears while traversing the crossing, and the driver shall not shift gears while crossing the track or tracks.

(2) No stop need be made at any such crossing where a police officer, a traffic control signal, or a sign directs traffic to proceed. However, any school bus carrying any school child shall be required to stop unless directed to proceed by a police officer.

(3) The driver of any commercial motor vehicle that is not required to stop under subsection (1) or subsection (2) shall slow the motor vehicle before crossing the tracks of any railroad grade crossing and check that the tracks are clear of an approaching train.

(4) A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.170. Moving heavy equipment at railroad grade crossings.

(1) No person shall operate or move any crawler-type tractor, steam shovel, derrick, or roller, or any equipment or structure having a normal operating speed of 10 or less miles per hour or a vertical body or load clearance of less than 1/2 inch per foot of the distance between any two adjacent axles or in any event of less than 9 inches, measured above the level surface of a roadway, upon or across any tracks at a railroad grade crossing without first complying with this section.

(2) Notice of any such intended crossing shall be given to a station agent or other proper authority of the railroad, and a reasonable time shall be given to the railroad to provide proper protection at the crossing.

(3) Before making any such crossing the person operating or moving any such vehicle or equipment shall first stop the same not less than 15 feet nor more than 50 feet from the nearest rail of the railroad and while so stopped shall listen and look in both directions along the track for any approaching train and for signals indicating the approach of a train, and shall not proceed until the crossing can be made safely.

(4) No such crossing shall be made when warning is being given by automatic signal or crossing gates or a flagger or otherwise of the immediate approach of a railroad train or car. If a flagger is provided by the railroad, movement over the crossing shall be under his or her direction.

(5) A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.171. Traffic control devices at railroad-highway grade crossings.

Every railroad company operating or leasing any track intersecting a public road at grade and upon which railroad trains are operated shall erect traffic control devices that are necessary to conform with the requirements of the uniform system of traffic control devices adopted pursuant to § 316.0745. This section does not require the railroad company to erect those devices, such as pavement markings and advance warning signs, which are the responsibility of the governmental entity having jurisdiction over or maintenance responsibility for the public road. Any change in the design of a traffic control device in the uniform system of traffic control devices applies only at new installations and at locations where replacements of existing devices are being made.

316.172. Traffic to stop for school bus.

(1) (a) Any person using, operating, or driving a vehicle on or over the roads or highways of this state shall, upon approaching
any school bus which displays a stop signal, bring such vehicle to a full stop while the bus is stopped, and the vehicle shall not pass the school bus until the signal has been withdrawn. A person who violates this section commits a moving violation, punishable as provided in chapter 318.

(b) Any person using, operating, or driving a vehicle that passes a school bus on the side that children enter and exit when the school bus displays a stop signal commits a moving violation, punishable as provided in chapter 318, and is subject to a mandatory hearing under the provisions of § 318.19.

(2) The driver of a vehicle upon a divided highway with an unpaved space of at least 5 feet, a raised median, or a physical barrier is not required to stop when traveling in the opposite direction of a school bus which is stopped in accordance with the provisions of this section.

(3) Every school bus shall stop as far to the right of the street as possible and shall display warning lights and stop signals as required by rules of the State Board of Education before discharging or loading passengers. When possible, a school bus shall not stop where the visibility is obscured for a distance of 200 feet either way from the bus.

316.183. Unlawful speed.

(1) No person shall drive a vehicle on a highway at a speed greater than is reasonable and prudent under the conditions and having regard to the actual and potential hazards then existing. In every event, speed shall be controlled as may be necessary to avoid colliding with any person, vehicle, or other conveyance or object on or entering the highway in compliance with legal requirements and the duty of all persons to use due care.

(2) On all streets or highways, the maximum speed limits for all vehicles must be 30 miles per hour in business or residence districts, and 55 miles per hour at any time at all other locations. However, with respect to a residence district, a county or municipality may set a maximum speed limit of 20 or 25 miles per hour on local streets and highways after an investigation determines that such a limit is reasonable. It is not necessary to conduct a separate investigation for each residence district. The minimum speed limit on all highways that comprise a part of the National System of Interstate and Defense Highways and have not fewer than four lanes is 40 miles per hour, except that when the posted speed limit is 70 miles per hour, the minimum speed limit is 50 miles per hour.

(3) A school bus may not exceed the posted speed limits at any time.

(4) The driver of every vehicle shall, consistent with the requirements of subsection (1), drive at an appropriately reduced speed when:

(a) Approaching and crossing an intersection or railway grade crossing;

(b) Approaching and going around a curve;

(c) Approaching a hill crest;

(d) Traveling upon any narrow or winding roadway; and

(e) Any special hazard exists with respect to pedestrians or other traffic or by reason of weather or highway conditions.

(5) No person shall drive a motor vehicle at such a slow speed as to impede or block the normal and reasonable movement of traffic, except when reduced speed is necessary for safe operation or in compliance with law.

(6) No driver of a vehicle shall exceed the posted maximum speed limit in a work zone area.

(7) A violation of this section is a non-criminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.185. Special hazards.
The fact that the speed of a vehicle is lower than the prescribed limits shall not relieve the driver from the duty to decrease speed when approaching and crossing an intersection, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding roadway, or when special hazards exist or may exist with respect to pedestrians or other traffic or by reason of weather or other roadway conditions, and speed shall be decreased as may be necessary to avoid colliding with any person, vehicle, or other conveyance on or entering the street in compliance with legal requirements and the duty of all persons to use due care. A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

(1) Whenever the Department of Transportation determines, upon the basis of an engineering and traffic investigation, that any speed is greater or less than is reasonable or safe under the conditions found to exist at any intersection or other place, or upon any part of a highway outside of a municipality or upon any state roads, connecting links or extensions thereof within a municipality,
the Department of Transportation may determine and declare a reasonable and safe speed limit thereat which shall be effective when appropriate signs giving notice thereof are erected at the intersection or other place or part of the highway.

(2) (a) The maximum allowable speed limit on limited access highways is 70 miles per hour.

(b) The maximum allowable speed limit on any other highway which is outside an urban area of 5,000 or more persons and which has at least four lanes divided by a median strip is 65 miles per hour.

(c) The Department of Transportation is authorized to set such maximum and minimum speed limits for travel over other roadways under its authority as it deems safe and advisable, not to exceed as a maximum limit 60 miles per hour.

(3) Violation of the speed limits established under this section must be cited as a moving violation, punishable as provided in chapter 318.

316.189. Establishment of municipal and county speed zones.

(1) MUNICIPAL SPEED.—The maximum speed within any municipality is 30 miles per hour. With respect to residence districts, a municipality may set a maximum speed limit of 20 or 25 miles per hour on local streets and highways after an investigation determines that such a limit is reasonable. It shall not be necessary to conduct a separate investigation for each residence district. A municipality may set speed zones altering the speed limit, both as to maximum, not to exceed 60 miles per hour, and minimum, after investigation determines such a change is reasonable and in conformity to criteria promulgated by the Department of Transportation, except that no changes shall be made on state highways or connecting links or extensions thereof, which shall be changed only by the Department of Transportation.

(2) SPEED ON COUNTY ROADS.—The maximum speed on any county-maintained road is:

(a) In any business or residence district, 30 miles per hour in the daytime or nighttime; provided that with respect to residence districts a county may set a maximum speed limit of 25 miles per hour after an investigation determines that such a limit is reasonable; and it shall not be necessary to conduct a separate investigation in each residence district.

(b) On any other part of a county road not a business or residence district, as set forth in § 316.183.

However, the board of county commissioners may set speed zones altering such speeds, both as to maximum and minimum, after investigation determines such a change is reasonable and in conformity to criteria promulgated by the Department of Transportation, except that no such speed zone shall permit a speed of more than 60 miles per hour.

(3) POSTING OF SPEED LIMITS.—All speed zones shall be posted with clearly legible signs. No change in speeds from 30 miles per hour or from those established in § 316.183 shall take effect until the zone is posted by the authority changing the speed pursuant to this section and § 316.187. All signs which limit or establish speed limits, maximum and minimum, shall be so placed and so painted as to be plainly visible and legible in daylight or in darkness when illuminated by headlights.

(4) PENALTY.—Violation of the speed limits established under this section must be cited as a moving violation, punishable as provided in chapter 318.

316.1895. Establishment of school speed zones, enforcement; designation.

(1) (a) The Department of Transportation, pursuant to the authority granted under § 316.0745, shall adopt a uniform system of traffic control devices and pedestrian control devices for use on the streets and highways in the state surrounding all schools, public and private.

(b) The Department of Transportation shall compile, publish, and transmit a manual containing all specifications and requirements with respect to the system of devices established pursuant to paragraph (a) to the governing body of each county and municipality in the state, and the Department of Transportation and each county and municipality in the state shall install and maintain such traffic and pedestrian control devices in conformity with such uniform system.

(2) Upon request from the appropriate local government, the Department of Transportation shall install and maintain such traffic and pedestrian control devices on state-maintained roads as prescribed in this section for all prekindergarten early-intervention schools that receive federal funding through the Headstart program.

(3) (a) A school zone located on a state-maintained primary or secondary road shall be maintained by the Department of Transportation. However, nothing herein shall
prohibit the Department of Transportation from entering into agreements with counties or municipalities whereby the local governmental entities would maintain specified school zones on state-maintained primary or secondary roads.

(b) The county shall have the responsibility to maintain a school zone located outside of any municipality and on a county road.

(c) A municipality shall have the responsibility to maintain a school zone located in a municipality.

(d) For the purposes of this section, the term “maintained” with respect to any school zone means the care and maintenance of all school zone signs, markers, traffic control devices, and pedestrian control devices.

(4) (a) A school zone maintained by a county shall be periodically inspected by the county sheriff’s office or any other qualified agent to determine whether or not the school zone is being properly maintained.

(b) A school zone maintained by a municipality shall be periodically inspected by the municipal police department or any other qualified agent to determine whether or not the school zone is being properly maintained.

(5) A school zone speed limit may not be less than 15 miles per hour except by local regulation. No school zone speed limit shall be more than 20 miles per hour in an urbanized area, as defined in § 334.03. Such speed limit may be in force only during those times 30 minutes before, during, and 30 minutes after the periods of time when pupils are arriving at a regularly scheduled breakfast program or a regularly scheduled school session and leaving a regularly scheduled school session.

(6) Permanent signs designating school zones and school zone speed limits shall be uniform in size and color, and shall have the times during which the restrictive speed limit is enforced clearly designated thereon. Flashing beacons activated by a time clock, or other automatic device, or manually activated may be used as an alternative to posting the times during which the restrictive school speed limit is enforced. Beginning July 1, 2008, for any newly established school zone or any school zone in which the signing has been replaced, a sign stating “Speeding Fines Doubled” shall be installed within the school zone. The Department of Transportation shall establish adequate standards for the signs and flashing beacons.

(7) Portable signs designating school zones and school zone speed limits shall be uniform in size and color. Such signs shall be erected on the roadway only during those hours when pupils are arriving at and leaving regularly scheduled school sessions. The Department of Transportation shall establish adequate standards for the signs.

(8) Nothing herein shall prohibit the use of automatic traffic control devices for the control of vehicular and pedestrian traffic at school crossings.

(9) All flags, belts, apparel, and devices issued, supplied, or furnished to pupils or persons acting in the capacity of school safety patrolmen, special school police, or special police officers appointed to control and direct traffic at or near schools, when used during periods of darkness, shall be made at least in part with retroreflective materials so as to be visible at night at 300 feet to approaching motorists when viewed under lawful low-beam headlights.

(10) A person may not drive a vehicle on a roadway designated as a school zone at a speed greater than that posted in the school zone in accordance with this section. Violation of the speed limits established pursuant to this section must be cited as a moving violation, punishable as provided in chapter 318.

316.1905. Electrical, mechanical, or other speed calculating devices; power of arrest; evidence.

(1) Whenever any peace officer engaged in the enforcement of the motor vehicle laws of this state uses an electronic, electrical, mechanical, or other device used to determine the speed of a motor vehicle on any highway, road, street, or other public way, such device shall be of a type approved by the department and shall have been tested to determine that it is operating accurately. Tests for this purpose shall be made not less than once each 6 months, according to procedures and at regular intervals of time prescribed by the department.

(2) Any police officer, upon receiving information relayed to him or her from a fellow officer stationed on the ground or in the air operating such a device that a driver of a vehicle has violated the speed laws of this state, may arrest the driver for violation of the said laws where reasonable and proper identification of the vehicle and the speed of same has been communicated to the arresting officer.

(3) (a) A witness otherwise qualified to testify shall be competent to give testimony against an accused violator of the motor vehicle laws of this state when such testimony is derived from the use of such an electronic,
electrical, mechanical, or other device used in the calculation of speed, upon showing that the speed calculating device which was used had been tested. However, the operator of any visual average speed computer device shall first be certified as a competent operator of such device by the department.

(b) Upon the production of a certificate, signed and witnessed, showing that such device was tested within the time period specified and that such device was working properly, a presumption is established to that effect unless the contrary shall be established by competent evidence.

(c) Any person accused pursuant to the provisions of this section shall be entitled to have the officer actually operating the device appear in court and testify upon oral or written motion.

(1) DEFINITIONS.—

(a) “Audio Doppler” means a backup audible signal that translates the radar’s Doppler shift into a tone which can be heard by the radar operator.

(b) “Audio warning tone” refers to an auxiliary radar device which alerts the operator, by means of an audible tone, to the presence of a speed registration above a preset level.

(c) “Automatic speed lock” refers to an auxiliary radar device which immediately holds any speed reading obtained above a preset level.

(d) “Officer” means any:

1. “Law enforcement officer” who is elected, appointed, or employed full time by any municipality or the state or any political subdivision thereof; who is vested with the authority to bear arms and make arrests; and whose primary responsibility is the prevention and detection of crime or the enforcement of the penal, criminal, traffic, or highway laws of the state;

2. “Part-time law enforcement officer” who is employed or appointed less than full time, as defined by an employing agency, with or without compensation; who is vested with authority to bear arms and make arrests; and whose primary responsibility is the prevention and detection of crime or the enforcement of the penal, criminal, traffic, or highway laws of the state; or

3. “Auxiliary law enforcement officer” who is employed or appointed, with or without compensation; who aids or assists a full-time or part-time law enforcement officer; and who, while under the direct supervision of a full-time or part-time law enforcement officer, has the authority to arrest and perform law enforcement functions.

(e) “Radar” means law enforcement speed radar, any laser-based or microwave-based speed-measurement system employed by a law enforcement agency to detect the speed of motorists.

(2) Evidence of the speed of a vehicle measured by any radar speed-measuring device shall be inadmissible in any proceeding with respect to an alleged violation of provisions of law regulating the lawful speed of vehicles, unless such evidence of speed is obtained by an officer who:

(a) Has satisfactorily completed the radar training course established by the Criminal Justice Standards and Training Commission pursuant to § 943.17(1)(b).

(b) Has made an independent visual determination that the vehicle is operating in excess of the applicable speed limit.

(c) Has written a citation based on evidence obtained from radar when conditions permit the clear assignment of speed to a single vehicle.

(d) Is using radar which has no automatic speed locks and no audio alarms, unless disconnected or deactivated.

(e) Is operating radar with audio Doppler engaged.

(f) Is using a radar unit which meets the minimum design criteria for such units established by the Department of Highway Safety and Motor Vehicles.

316.191. Racing on highways.

(1) As used in this section, the term:

(a) “Conviction” means a determination of guilt that is the result of a plea or trial, regardless of whether adjudication is withheld.

(b) “Drag race” means the operation of two or more motor vehicles from a point side by side at accelerating speeds in a competitive attempt to outdistance each other, or the operation of one or more motor vehicles over a common selected course, from the same point to the same point, for the purpose of comparing the relative speeds or power of acceleration of such motor vehicle or motor vehicles within a certain distance or time limit.

(c) “Race” means the use of one or more motor vehicles in competition, arising from a challenge to demonstrate superiority of a motor vehicle or driver and the acceptance or competitive response to that challenge, either through a prior arrangement or in intermediate response, in which the competitor attempts to outgain or outdistance another motor vehicle, to prevent another motor vehicle from passing, to arrive at a given desti-
nation ahead of another motor vehicle or motor vehicles, or to test the physical stamina or endurance of drivers over long-distance driving routes. A race may be prearranged or may occur through a competitive response to conduct on the part of one or more drivers which, under the totality of the circumstances, can reasonably be interpreted as a challenge to race.

(d) "Spectator" means any person who is knowingly present at and views a drag race, when such presence is the result of an affirmative choice to attend or participate in the race. For purposes of determining whether or not an individual is a spectator, finders of fact shall consider the relationship between the racer and the individual, evidence of gambling or betting on the outcome of the race, and any other factor that would tend to show knowing attendance or participation.

(2) A person may not:
(a) Drive any motor vehicle, including any motorcycle, in any race, speed contest or contest, drag race or acceleration contest, test of physical endurance, or exhibition of speed or acceleration or for the purpose of making a speed record on any highway, roadway, or parking lot;
(b) In any manner participate in, coordinate, facilitate, or collect moneys at any location for any such race, competition, contest, test, or exhibition;
(c) Knowingly ride as a passenger in any such race, competition, contest, test, or exhibition;

(3) (a) Any person who violates subsection (2) commits a misdemeanor of the first degree, punishable as provided in § 775.082 or § 775.083. Any person who violates subsection (2) shall pay a fine of not less than $500 and not more than $1,000, and the department shall revoke the driver license of that person for 2 years. A hearing may be requested pursuant to § 322.271.

(c) Any person who commits a third or subsequent violation of subsection (2) within 5 years after the date of a prior violation that resulted in a conviction for a violation of subsection (2) commits a misdemeanor of the first degree, punishable as provided in § 775.082 or § 775.083, and shall pay a fine of not less than $2,000 and not more than $5,000. The department shall also revoke the driver license of that person for 4 years. A hearing may be requested pursuant to § 322.271.

(d) In any case charging a violation of subsection (2), the court shall be provided a copy of the driving record of the person charged and may obtain any records from any other source to determine if one or more prior convictions of the person for a violation of subsection (2) have occurred within 5 years prior to the charged offense.

(4) (a) A person may not be a spectator at any drag race prohibited under subsection (2).

(b) A person who violates paragraph (a) commits a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

(5) Whenever a law enforcement officer determines that a person was engaged in a drag race or race, as described in subsection (1), the officer may immediately arrest and take such person into custody. The court may enter an order of impoundment or immobilization as a condition of incarceration or probation. Within 7 business days after the date the court issues the order of impoundment or immobilization, the clerk of the court must send notice by certified mail, return receipt requested, to the registered owner of the motor vehicle, if the registered owner is a person other than the defendant, and to each person of record claiming a lien against the motor vehicle.

(a) Notwithstanding any provision of law to the contrary, the impounding agency shall release a motor vehicle under the conditions provided in § 316.193(6)(e), (f), (g), and (h), if the owner or agent presents a valid driver license at the time of pickup of the motor vehicle.

(b) All costs and fees for the impoundment or immobilization, including the cost of notification, must be paid by the owner of the motor vehicle or, if the motor vehicle is leased or rented, by the person leasing or renting the motor vehicle, unless the impoundment or immobilization order is dismissed. All provisions of § 713.78 shall apply.
(c) Any motor vehicle used in violation of subsection (2) may be impounded for a period of 30 business days if a law enforcement officer has arrested and taken a person into custody pursuant to this subsection and the person being arrested is the registered owner or coowner of the motor vehicle. If the arresting officer finds that the criteria of this paragraph are met, the officer may immediately impound the motor vehicle. The law enforcement officer shall notify the Department of Highway Safety and Motor Vehicles of any impoundment for violation of this subsection in accordance with procedures established by the department. Paragraphs (a) and (b) shall be applicable to such impoundment.

(6) Any motor vehicle used in violation of subsection (2) by any person within 5 years after the date of a prior conviction of that person for a violation under subsection (2) may be seized and forfeited as provided by the Florida Contraband Forfeiture Act. This subsection shall only be applicable if the owner of the motor vehicle is the person charged with violating subsection (2).

(7) This section does not apply to licensed or duly authorized racetracks, drag strips, or other designated areas set aside by proper authorities for such purposes.

316.192. Reckless driving.

(1) (a) Any person who drives any vehicle in willful or wanton disregard for the safety of persons or property is guilty of reckless driving.

(b) Fleeing a law enforcement officer in a motor vehicle is reckless driving per se.

(2) Except as provided in subsection (3), any person convicted of reckless driving shall be punished:

(a) Upon a first conviction, by imprisonment for a period of not more than 90 days or by fine of not less than $25 nor more than $500, or by both such fine and imprisonment.

(b) On a second or subsequent conviction, by imprisonment for not more than 6 months or by a fine of not less than $50 nor more than $1,000, or by both such fine and imprisonment.

(3) Any person:

(a) Who is in violation of subsection (1);

(b) Who operates a vehicle; and

(c) Who, by reason of such operation, causes:

1. Damage to the property or person of another commits a misdemeanor of the first degree, punishable as provided in § 775.082 or § 775.083.

2. Serious bodily injury to another commits a felony of the third degree, punish-
able as provided in § 775.082, § 775.083, or § 775.084. The term “serious bodily injury” means an injury to another person, which consists of a physical condition that creates a substantial risk of death, serious personal disfigurement, or protracted loss or impairment of the function of any bodily member or organ.

(4) Notwithstanding any other provision of this section, §§ shall be added to a fine imposed pursuant to this section. The clerk shall remit the $5 to the Department of Revenue for deposit in the Emergency Medical Services Trust Fund.

(5) In addition to any other penalty provided under this section, if the court has reasonable cause to believe that the use of alcohol, chemical substances set forth in § 877.111, or substances controlled under chapter 893 contributed to a violation of this section, the court shall direct the person so convicted to complete a DUI program substance abuse education course and evaluation as provided in § 316.193(5) within a reasonable period of time specified by the court. If the DUI program conducting such course and evaluation refers the person to an authorized substance abuse treatment provider for substance abuse evaluation and treatment, the directive of the court requiring completion of such course, evaluation, and treatment shall be enforced as provided in § 322.245. The referral to treatment resulting from the DUI program evaluation may not be waived without a supporting independent psychosocial evaluation conducted by an authorized substance abuse treatment provider, appointed by the court, which shall have access to the DUI program psychosocial evaluation before the independent psychosocial evaluation is conducted. The court shall review the results and recommendations of both evaluations before determining the request for waiver. The offender shall bear the full cost of this procedure. If a person directed to a DUI program substance abuse education course and evaluation or referred to treatment under this subsection fails to report for or complete such course, evaluation, or treatment, the DUI program shall notify the court and the department of the failure. Upon receipt of such notice, the department shall cancel the person’s driving privilege, notwithstanding the terms of the court order or any suspension or revocation of the driving privilege. The department may reinstate the driving privilege upon verification from the DUI program that the education, evaluation, and treatment are completed. The department
may temporarily reinstate the driving privilege on a restricted basis upon verification that the offender is currently participating in treatment and has completed the DUI education course and evaluation requirement. If the DUI program notifies the department of the second failure to complete treatment, the department shall reinstate the driving privilege only after notice of successful completion of treatment from the DUI program.

316.1923. Aggressive careless driving.

“Aggressive careless driving” means committing two or more of the following acts simultaneously or in succession:

Failure to drive in such manner shall constitute careless driving and a violation of this section.
(2) Any person who violates this section shall be cited for a moving violation, punishable as provided in chapter 318.

316.1926. Additional offenses.

(1) A person who violates the provisions of § 316.2085(2) or (3) shall be cited for a moving violation, punishable as provided in chapter 318.
(2) A person who exceeds the speed limit in excess of 50 miles per hour or more in violation of § 316.183(2), § 316.187, or § 316.189 shall be cited for a moving violation, punishable as provided in chapter 318.

316.193. Driving under the influence; penalties.

2. By imprisonment for:
   a. Not more than 6 months for a first conviction.
   b. Not more than 9 months for a second conviction.
3. For a second conviction, by mandatory placement for a period of at least 1 year, at the convicted person’s sole expense, of an ignition interlock device approved by the department in accordance with § 316.1938 upon all vehicles that are individually or jointly leased or owned and routinely operated by the convicted person, when the convicted person qualifies for a permanent or restricted license. The installation of such device may not occur before July 1, 2003.
(b) 1. In addition, the court shall order the mandatory placement for a period of not less than 2 years, at the convicted person’s sole expense, of an ignition interlock device approved by the department in accordance with § 316.1938 upon all vehicles that are individually or jointly leased or owned and routinely operated by the convicted person, when the convicted person qualifies for a permanent or restricted license. The installation of such device may not occur before July 1, 2003.
2. Any person who is convicted of a third violation of this section for an offense that oc-
curs more than 10 years after the date of a prior conviction for a violation of this section shall be punished by a fine of not less than $2,000 or more than $5,000 and by imprisonment for not more than 12 months. In addition, the court shall order the mandatory placement for a period of at least 2 years, at the convicted person’s sole expense, of an ignition interlock device approved by the department in accordance with § 316.1938 upon all vehicles that are individually or jointly leased or owned and routinely operated by the convicted person, when the convicted person qualifies for a permanent or restricted license. The installation of such device may not occur before July 1, 2003.

3. Any person who is convicted of a fourth or subsequent violation of this section, regardless of when any prior conviction for a violation of this section occurred, commits a felony of the third degree, punishable as provided in § 775.082, § 775.083, or § 775.084. However, the fine imposed for such fourth or subsequent violation may be not less than $2,000.

(3) Any person:
(a) Who is in violation of subsection (1);

2. Serious bodily injury to another, as defined in § 316.1933, commits a felony of the third degree, punishable as provided in § 775.082, § 775.083, or § 775.084.
3. The death of any human being or unborn quick child commits DUI manslaughter, and commits:
   a. A felony of the second degree, punishable as provided in § 775.082, § 775.083, or § 775.084.
   b. A felony of the first degree, punishable as provided in § 775.082, § 775.083, or § 775.084, if:
      I. At the time of the crash, the person knew, or should have known, that the crash occurred; and
      II. The person failed to give information and render aid as required by § 316.062.

For purposes of this subsection, the definition of the term “unborn quick child” shall be determined in accordance with the definition of viable fetus as set forth in § 782.071. A person who is convicted of DUI manslaughter shall be sentenced to a mandatory minimum term of imprisonment of 4 years.

(4) Any person who is convicted of a violation of subsection (1) and who has a blood-alcohol level or breath-alcohol level of 0.15 or higher, or any person who is convicted of a violation of subsection (1) and who at the time of the offense was accompanied in the vehicle by a person under the age of 18 years, shall be punished:
(a) By a fine of:

(5) The court shall place all offenders convicted of violating this section on monthly reporting probation and shall require completion of a substance abuse course conducted by a DUI program licensed by the department under § 322.292, which must include a psychosocial evaluation of the offender. If the DUI program refers the offender to an authorized substance abuse treatment provider for substance abuse treatment, in addition to any sentence or fine imposed under this section, completion of all such education, evaluation, and treatment is a condition of reporting probation. The offender shall assume reasonable costs for such education, evaluation, and treatment. The referral to treatment resulting from a psychosocial evaluation shall not be waived without a supporting independent psychosocial evaluation conducted by an authorized substance abuse treatment provider appointed by the court,
which shall have access to the DUI program’s psychosocial evaluation before the independent psychosocial evaluation is conducted. The court shall review the results and recommendations of both evaluations before determining the request for waiver. The offender shall bear the full cost of this procedure. The term “substance abuse” means the abuse of alcohol or any substance named or described in Schedules I through V of § 893.03. If an offender referred to treatment under this subsection fails to report for or complete such treatment or fails to complete the DUI program substance abuse education course and evaluation, the DUI program shall notify the court and the department of the failure. Upon receipt of the notice, the department shall cancel the offender’s driving privilege, notwithstanding the terms of the court order or any suspension or revocation of the driving privilege. The department may temporarily reinstate the driving privilege on a restricted basis upon verification from the DUI program that the offender is currently participating in treatment and the DUI education course and evaluation requirement has been completed. If the DUI program notifies the department of the second failure to complete treatment, the department shall reinstate the driving privilege only after notice of completion of treatment from the DUI program. The organization that conducts the substance abuse education and evaluation may not provide required substance abuse treatment unless a waiver has been granted to that organization by the department. A waiver may be granted only if the department determines, in accordance with its rules, that the service provider that conducts the substance abuse education and evaluation is the most appropriate service provider and is licensed under chapter 397 or is exempt from such licensure. A statistical referral report shall be submitted quarterly to the department by each organization authorized to provide services under this section.

(6) With respect to any person convicted of a violation of subsection (1), regardless of any penalty imposed pursuant to subsection (2), subsection (3), or subsection (4):

(a) For the first conviction, the court shall place the defendant on probation for a period not to exceed 1 year and, as a condition of such probation, shall order the defendant to participate in public service or a community work project for a minimum of 50 hours. The court may order a defendant to pay a fine of $10 for each hour of public service or community work otherwise required only if the court finds that the residence or location of the defendant at the time public service or community work is required or the defendant’s employment obligations would create an undue hardship for the defendant. However, the total period of probation and incarceration may not exceed 1 year. The court must also, as a condition of probation, order the impoundment or immobilization of the vehicle that was operated by or in the actual control of the defendant or any one vehicle registered in the defendant’s name at the time of impoundment or immobilization, for a period of 10 days or for the unexpired term of any lease or rental agreement that expires within 10 days. The impoundment or immobilization must not occur concurrently with the incarceration of the defendant. The impoundment or immobilization order may be dismissed in accordance with paragraph (e), paragraph (f), paragraph (g), or paragraph (h).

(b) For the second conviction for an offense that occurs within a period of 5 years after the date of a prior conviction for violation of this section, the court shall order imprisonment for not less than 10 days. The court must also, as a condition of probation, order the impoundment or immobilization of all vehicles owned by the defendant at the time of impoundment or immobilization, for a period of 30 days or for the unexpired term of any lease or rental agreement that expires within 30 days. The impoundment or immobilization must not occur concurrently with the incarceration of the defendant and must occur concurrently with the driver’s license revocation imposed under § 322.28(2) (a)2. The impoundment or immobilization order may be dismissed in accordance with paragraph (e), paragraph (f), paragraph (g), or paragraph (h). At least 48 hours of confinement must be consecutive.

(c) For the third or subsequent conviction for an offense that occurs within a period of 10 years after the date of a prior conviction for violation of this section, the court shall order imprisonment for not less than 30 days. The court must also, as a condition of probation, order the impoundment or immobilization of all vehicles owned by the defendant at the time of impoundment or immobilization, for a period of 90 days or for the unexpired term of any lease or rental agreement that expires within 90 days. The impoundment or immobilization must not occur concurrently with the incarceration of the defendant and must occur concurrently with the driver’s license revocation imposed under § 322.28(2)
(a)3. The impoundment or immobilization order may be dismissed in accordance with paragraph (e), paragraph (f), paragraph (g), or paragraph (h). At least 48 hours of confinement must be consecutive.

(d) The court must at the time of sentencing the defendant issue an order for the impoundment or immobilization of a vehicle. The order of impoundment or immobilization must include the name and telephone numbers of all immobilization agencies meeting all of the conditions of subsection (13). Within 7 business days after the date that the court issues the order of impoundment or immobilization, the clerk of the court must send notice by certified mail, return receipt requested, to the registered owner of each vehicle, if the registered owner is a person other than the defendant, and to each person of record claiming a lien against the vehicle.

(e) A person who owns but was not operating the vehicle when the offense occurred may submit to the court a police report indicating that the vehicle was stolen at the time of the offense or documentation of having purchased the vehicle after the offense was committed from an entity other than the defendant or the defendant’s agent. If the court finds that the vehicle was stolen or that the sale was not made to circumvent the order and allow the defendant continued access to the vehicle, the order must be dismissed and the owner of the vehicle will incur no costs. If the court denies the request to dismiss the order of impoundment or immobilization, the petitioner may request an evidentiary hearing.

(f) A person who owns but was not operating the vehicle when the offense occurred, and whose vehicle was stolen or who purchased the vehicle after the offense was committed directly from the defendant or the defendant’s agent, may request an evidentiary hearing to determine whether the impoundment or immobilization should occur. If the court finds that either the vehicle was stolen or the purchase was made without knowledge of the offense, that the purchaser had no relationship to the defendant other than through the transaction, and that such purchase would not circumvent the order and allow the defendant continued access to the vehicle, the order must be dismissed and the owner of the vehicle will incur no costs.

(g) The court shall also dismiss the order of impoundment or immobilization of the vehicle if the court finds that the family of the owner of the vehicle has no other private or public means of transportation.

(h) The court may also dismiss the order of impoundment or immobilization of any vehicles that are owned by the defendant but that are operated solely by the employees of the defendant or any business owned by the defendant.

(i) All costs and fees for the impoundment or immobilization, including the cost of notification, must be paid by the owner of the vehicle or, if the vehicle is leased or rented, by the person leasing or renting the vehicle, unless the impoundment or immobilization order is dismissed. All provisions of § 713.78 shall apply. The costs and fees for the impoundment or immobilization must be paid directly to the person impounding or immobilizing the vehicle.

(j) The person who owns a vehicle that is impounded or immobilized under this paragraph, or a person who has a lien of record against such a vehicle and who has not requested a review of the impoundment pursuant to paragraph (e), paragraph (f), or paragraph (g), may, within 10 days after the date that person has knowledge of the location of the vehicle, file a complaint in the county in which the owner resides to determine whether the vehicle was wrongfully taken or withheld from the owner or lienholder. Upon the filing of a complaint, the owner or lienholder may have the vehicle released by posting with the court a bond or other adequate security equal to the amount of the costs and fees for impoundment or immobilization, including towing or storage, to ensure the payment of such costs and fees if the owner or lienholder does not prevail. When the bond is posted and the fee is paid as set forth in § 28.24, the clerk of the court shall issue a certificate releasing the vehicle. At the time of release, after reasonable inspection, the owner or lienholder must give a receipt to the towing or storage company indicating any loss or damage to the vehicle or to the contents of the vehicle.

(k) A defendant, in the court’s discretion, may be required to serve all or any portion of a term of imprisonment to which the defendant has been sentenced pursuant to this section in a residential alcoholism treatment program or a residential drug abuse treatment program. Any time spent in such a program must be credited by the court toward the term of imprisonment.

For the purposes of this section, any conviction for a violation of § 327.35; a previous conviction for the violation of former § 316.1931, former § 860.01, or former § 316.028; or a previous conviction outside
this state for driving under the influence, driving while intoxicated, driving with an unlawful blood-alcohol level, driving with an unlawful breath-alcohol level, or any other similar alcohol-related or drug-related traffic offense, is also considered a previous conviction for violation of this section. However, in satisfaction of the fine imposed pursuant to this section, the court may, upon a finding that the defendant is financially unable to pay either all or part of the fine, order that the defendant participate for a specified additional period of time in public service or a community work project in lieu of payment of that portion of the fine which the court determines the defendant is unable to pay. In determining such additional sentence, the court shall consider the amount of the unpaid portion of the fine and the reasonable value of the services to be ordered; however, the court may not compute the reasonable value of services at a rate less than the federal minimum wage at the time of sentencing.

(7) A conviction under this section does not bar any civil suit for damages against the person so convicted.

(8) At the arraignment, or in conjunction with any notice of arraignment provided by the clerk of the court, the clerk shall provide any person charged with a violation of this section with notice that upon conviction the court shall suspend or revoke the offender’s driver’s license and that the offender should make arrangements for transportation at any proceeding in which the court may take such action. Failure to provide such notice does not affect the court’s suspension or revocation of the offender’s driver’s license.

(9) A person who is arrested for a violation of this section may not be released from custody:

(a) Until the person is no longer under the influence of alcoholic beverages, any chemical substance set forth in § 877.111, or any substance controlled under chapter 893 and affected to the extent that his or her normal faculties are impaired;

(b) Until the person’s blood-alcohol level or breath-alcohol level is less than 0.05; or

(c) Until 8 hours have elapsed from the time the person was arrested.

(10) The rulings of the Department of Highway Safety and Motor Vehicles under § 322.2615 shall not be considered in any trial for a violation of this section. Testimony or evidence from the administrative proceedings or any written statement submitted by a person in his or her request for administrative review is inadmissible into evidence or for any other purpose in any criminal proceeding, unless timely disclosed in criminal discovery pursuant to Rule 3.220, Florida Rules of Criminal Procedure.

(11) The Department of Highway Safety and Motor Vehicles is directed to adopt rules providing for the implementation of the use of ignition interlock devices.

(12) If the records of the Department of Highway Safety and Motor Vehicles show that the defendant has been previously convicted of the offense of driving under the influence, that evidence is sufficient by itself to establish that prior conviction for driving under the influence. However, such evidence may be contradicted or rebutted by other evidence. This presumption may be considered along with any other evidence presented in deciding whether the defendant has been previously convicted of the offense of driving under the influence.

(13) If personnel of the circuit court or the sheriff do not immobilize vehicles, only immobilization agencies that meet the conditions of this subsection shall immobilize vehicles in that judicial circuit.

(a) The immobilization agency responsible for immobilizing vehicles in that judicial circuit shall be subject to strict compliance with all of the following conditions and restrictions:

1. Any immobilization agency engaged in the business of immobilizing vehicles shall provide to the clerk of the court a signed affidavit attesting that the agency:
   a. Has verifiable experience in immobilizing vehicles;
   b. Maintains accurate and complete records of all payments for the immobilization, copies of all documents pertaining to the court’s order of impoundment or immobilization, and any other documents relevant to each immobilization. Such records must be maintained by the immobilization agency for at least 3 years; and
   c. Employs and assigns persons to immobilize vehicles that meet the requirements established in subparagraph 2.

2. The person who immobilizes a vehicle must:
   a. Not have been adjudicated incapacitated under § 744.331, or a similar statute in another state, unless his or her capacity has been judicially restored; involuntarily placed in a treatment facility for the mentally ill under chapter 394, or a similar law in any other state, unless his or her competency has been judicially restored; or diagnosed as having an incapacitating mental illness unless a psy-
chologist or psychiatrist licensed in this state certifies that he or she does not currently suffer from the mental illness.

b. Not be a chronic and habitual user of alcoholic beverages to the extent that his or her normal faculties are impaired; not have been committed under chapter 397, former chapter 396, or a similar law in any other state; not have been found to be a habitual offender under § 855.011(3), or a similar law in any other state; or not have had any convictions under this section, or a similar law in any other state, within 2 years before the affidavit is submitted.

c. Not have been committed for controlled substance abuse or have been found guilty of a crime under chapter 893, or a similar law in any other state, relating to controlled substances in any other state.

d. Not have been found guilty of or entered a plea of guilty or nolo contendere to, regardless of adjudication, or been convicted of a felony, unless his or her civil rights have been restored.

e. Be a citizen or legal resident alien of the United States or have been granted authorization to seek employment in this country by the United States Bureau of Citizenship and Immigration Services.

(b) The immobilization agency shall conduct a state criminal history check through the Florida Department of Law Enforcement to ensure that the person hired to immobilize a vehicle meets the requirements in sub-subparagraph (a)2.d.

(c) A person who violates paragraph (a) commits a misdemeanor of the first degree, punishable as provided in § 775.082 or § 775.083.

(14) As used in this chapter, the term:

(a) “Immobilization,” “immobilizing,” or “immobilize” means the act of installing a vehicle antitheft device on the steering wheel of a vehicle, the act of placing a tire lock or wheel clamp on a vehicle, or a governmental agency’s act of taking physical possession of the license tag and vehicle registration rendering a vehicle legally inoperable to prevent any person from operating the vehicle pursuant to an order of impoundment or immobilization under subsection (6).

(b) “Immobilization agency” or “immobilization agencies” means any person, firm, company, agency, organization, partnership, corporation, association, trust, or other business entity of any kind whatsoever that meets all of the conditions of subsection (13).

(c) “Impoundment,” “impounding,” or “impound” means the act of storing a vehicle at a storage facility pursuant to an order of impoundment or immobilization under subsection (6) where the person impounding the vehicle exercises control, supervision, and responsibility over the vehicle.

(d) “Person” means any individual, firm, company, agency, organization, partnership, corporation, association, trust, or other business entity of any kind whatsoever.

316.1932. Tests for alcohol, chemical substances, or controlled substances; implied consent; refusal.

(1) (a) 1. a. Any person who accepts the privilege extended by the laws of this state of operating a motor vehicle within this state is, by so operating such vehicle, deemed to have given his or her consent to submit to an approved chemical test or physical test including, but not limited to, an infrared light test of his or her breath for the purpose of determining the alcoholic content of his or her blood or breath if the person is lawfully arrested for any offense allegedly committed while the person was driving or was in actual physical control of a motor vehicle while under the influence of alcoholic beverages. The chemical or physical breath test must be incidental to a lawful arrest and administered at the request of a law enforcement officer who has reasonable cause to believe such person was driving or was in actual physical control of the motor vehicle within this state while under the influence of alcoholic beverages. The administration of a breath test does not preclude the administration of another type of test. The person shall be told that his or her failure to submit to any lawful test of his or her blood will result in the suspension of the person’s privilege to operate a motor vehicle for a period of 1 year for a first refusal, or for a period of 18 months if the driving privilege of such person has been previously suspended as a result of a refusal to submit to a lawful test of his or her blood, or urine, or blood, he or she commits a misdemeanor in addition to any other penalties. The refusal to submit to a chemical or physical breath test upon the request of a law enforcement officer as provided in this section is admissible into evidence in any criminal proceeding.

b. Any person who accepts the privilege extended by the laws of this state of operating a motor vehicle within this state is, by so operating such vehicle, deemed to have given
his or her consent to submit to a urine test for the purpose of detecting the presence of chemical substances as set forth in § 877.111 or controlled substances if the person is lawfully arrested for any offense allegedly committed while the person was driving or was in actual physical control of a motor vehicle while under the influence of chemical substances or controlled substances. The urine test shall be administered at a detention facility or any other facility, mobile or otherwise, which is equipped to administer such test in a reasonable manner that will ensure the accuracy of the specimen and maintain the privacy of the individual involved. The administration of a urine test does not preclude the administration of another type of test. The person shall be told that his or her failure to submit to any lawful test of his or her urine will result in the suspension of the person’s privilege to operate a motor vehicle for a period of 1 year for the first refusal, or for a period of 18 months if the driving privilege of such person has been previously suspended as a result of a refusal to submit to such a test or tests, and shall also be told that if he or she refuses to submit to a lawful test of his or her urine and his or her driving privilege has been previously suspended for a prior refusal to submit to a lawful test of his or her breath, urine, or blood, or he or she commits a misdemeanor in addition to any other penalties. The refusal to submit to a urine test upon the request of a law enforcement officer as provided in this section is admissible into evidence in any criminal proceeding.

2. The Alcohol Testing Program within the Department of Law Enforcement is responsible for the regulation of the operation, inspection, and registration of breath test instruments utilized under the driving and boating under the influence provisions and related provisions located in this chapter and chapters 322 and 327. The program is further responsible for the regulation of blood analysts who conduct blood testing to be utilized under the driving and boating under the influence provisions and related provisions located in this chapter and chapters 322 and 327. The program shall:

a. Establish uniform criteria for the issuance of permits to breath test operators, agency inspectors, instructors, blood analysts, and instruments.

b. Have the authority to permit breath test operators, agency inspectors, instructors, blood analysts, and instruments.

c. Have the authority to discipline and suspend, revoke, or renew the permits of breath test operators, agency inspectors, instructors, blood analysts, and instruments.

d. Establish uniform requirements for instruction and curricula for the operation and inspection of approved instruments.

e. Have the authority to specify one approved curriculum for the operation and inspection of approved instruments.

f. Establish a procedure for the approval of breath test operator and agency inspector classes.

g. Have the authority to approve or disapprove breath test instruments and accompanying paraphernalia for use pursuant to the driving and boating under the influence provisions and related provisions located in this chapter and chapters 322 and 327.

h. With the approval of the executive director of the Department of Law Enforcement, make and enter into contracts and agreements with other agencies, organizations, associations, corporations, individuals, or federal agencies as are necessary, expedient, or incidental to the performance of duties.

i. Issue final orders which include findings of fact and conclusions of law and which constitute final agency action for the purpose of chapter 120.

j. Enforce compliance with the provisions of this section through civil or administrative proceedings.

k. Make recommendations concerning any matter within the purview of this section, this chapter, chapter 322, or chapter 327.

l. Promulgate rules for the administration and implementation of this section, including definitions of terms.

m. Consult and cooperate with other entities for the purpose of implementing the mandates of this section.
n. Have the authority to approve the type of
blood test utilized under the driving and
boating under the influence provisions and
related provisions located in this chapter and
chapters 322 and 327.

o. Have the authority to specify tech-
niques and methods for breath alcohol test-
ing and blood testing utilized under the driv-
ing and boating under the influence provi-
sions and related provisions located in this
chapter and chapters 322 and 327.

p. Have the authority to approve repair
facilities for the approved breath test instru-
m ents, including the authority to set criteria
for approval.

Nothing in this section shall be construed
to supersede provisions in this chapter and
chapters 322 and 327. The specifications in
this section are derived from the power and
authority previously and currently possessed
by the Department of Law Enforcement and
are enumerated to conform with the man-

(b) 1. The blood-alcohol level must be
based upon grams of alcohol per 100 millili-
ters of blood. The breath-alcohol level must
be based upon grams of alcohol per 210 liters
of breath.

2. An analysis of a person’s breath, in or-
der to be considered valid under this section,
must have been performed substantially ac-
cording to methods approved by the Depart-
ment of Law Enforcement. For this purpose,
the department may approve satisfactory
techniques or methods. Any insubstantial
differences between approved techniques
and actual testing procedures in any individ-
ual case do not render the test or test results
invalid.

(c) Any person who accepts the privilege
extended by the laws of this state of operat-
ing a motor vehicle within this state is, by
operating such vehicle, deemed to have given
his or her consent to submit to an approved
blood test for the purpose of determining the
alcoholic content of the blood or a breath test
for the purpose of determining the presence
of chemical substances or controlled sub-
stances as provided in this section if there
is reasonable cause to believe the person
was driving or in actual physical control of
a motor vehicle while under the influence of
alcoholic beverages or chemical or controlled
substances and the person appears for treat-
ment at a hospital, clinic, or other medical
facility and the administration of a breath
or urine test is impractical or impossible.
As used in this paragraph, the term “other
medical facility” includes an ambulance or
other medical emergency vehicle. The blood
test shall be performed in a reasonable man-
ner. Any person who is incapable of refusal
by reason of unconsciousness or other mental
or physical condition is deemed not to have
withdrawn his or her consent to such test. A
blood test may be administered whether or
not the person is told that his or her failure
to submit to such a blood test will result in
the suspension of the person’s privilege to
operate a motor vehicle upon the public high-
ways of this state and that a refusal to sub-
mit to a lawful test of his or her blood, if his
or her driving privilege has been previously
suspended for refusal to submit to a lawful
test of his or her breath, urine, or blood, is a
misdemeanor. Any person who is capable of
refusal shall be told that his or her failure to
submit to such a blood test will result in the
suspension of the person’s privilege to op-
erate a motor vehicle for a period of 1 year for
a first refusal, or for a period of 18 months if
the driving privilege of the person has been
suspended previously as a result of a refusal
to submit to such a test or tests, and that a
refusal to submit to a lawful test of his or her
blood, if his or her driving privilege has been
previously suspended for a prior refusal to
submit to a lawful test of his or her breath,
urine, or blood, is a misdemeanor. The refus-
al to submit to a blood test upon the request
of a law enforcement officer is admissible in
evidence in any criminal proceeding.

(d) If the arresting officer does not request
a chemical or physical breath test of the per-
son arrested for any offense allegedly com-
m ited while the person was driving or was
in actual physical control of a motor vehicle
while under the influence of alcoholic bever-
ages or controlled substances, such person
may request the arresting officer to have a
chemical or physical test made of the arrested
person’s breath or a test of the urine or blood
for the purpose of determining the alcoholic
content of the person’s blood or breath or the
presence of chemical substances or controlled
substances; and, if so requested, the arrest-
 ing officer shall have the test performed.

(e) 1. By applying for a driver’s license and
by accepting and using a driver’s license, the
person holding the driver’s license is deemed
to have expressed his or her consent to the
provisions of this section.

2. A nonresident or any other person driv-
ing in a status exempt from the requirements
of the driver’s license law, by his or her act
of driving in such exempt status, is deemed
to have expressed his or her consent to the
provisions of this section.
3. A warning of the consent provision of this section shall be printed on each new or renewed driver's license.

(f) 1. The tests determining the weight of alcohol in the defendant's blood or breath shall be administered at the request of a law enforcement officer substantially in accordance with rules of the Department of Law Enforcement. Such rules must specify precisely the test or tests that are approved by the Department of Law Enforcement for reliability of result and ease of administration, and must provide an approved method of administration which must be followed in all such tests given under this section. However, the failure of a law enforcement officer to request the withdrawal of blood does not affect the admissibility of a test of blood withdrawn for medical purposes.

2. a. Only a physician, certified paramedic, registered nurse, licensed practical nurse, other personnel authorized by a hospital to draw blood, or duly licensed clinical laboratory director, supervisor, technologist, or technician, acting at the request of a law enforcement officer, may withdraw blood for the purpose of determining its alcoholic content or the presence of chemical substances or controlled substances therein. However, the failure of a law enforcement officer to request the withdrawal of blood does not affect the admissibility of a test of blood withdrawn for medical purposes.

b. Notwithstanding any provision of law pertaining to the confidentiality of hospital records or other medical records, if a health care provider, who is providing medical care in a health care facility to a person injured in a motor vehicle crash, becomes aware, as a result of any blood test performed in the course of that medical treatment, that the person’s blood-alcohol level meets or exceeds the blood-alcohol level specified in § 316.193(1)(b), the health care provider may notify any law enforcement officer or law enforcement agency. Any such notice must be given within a reasonable time after the health care provider receives the test result. Any such notice shall be used only for the purpose of providing the law enforcement officer with reasonable cause to request the withdrawal of a blood sample pursuant to this section.

c. The notice shall consist only of the name of the person being treated, the name of the person who drew the blood, the blood-alcohol level indicated by the test, and the date and time of the administration of the test.

d. Nothing contained in § 395.3025(4), § 456.057, or any applicable practice act affects the authority to provide notice under this section, and the health care provider is not considered to have breached any duty owed to the person under § 395.3025(4), § 456.057, or any applicable practice act by providing notice or failing to provide notice. It shall not be a breach of any ethical, moral, or legal duty for a health care provider to provide notice or fail to provide notice.

e. A civil, criminal, or administrative action may not be brought against any person or health care provider participating in good faith in the provision of notice or failure to provide notice as provided in this section. Any person or health care provider participating in the provision of notice or failure to provide notice as provided in this section shall be immune from any civil or criminal liability and from any professional disciplinary action with respect to the provision of notice or failure to provide notice under this section. Any such participant has the same immunity with respect to participating in any judicial proceedings resulting from the notice or failure to provide notice.

3. The person tested may, at his or her own expense, have a physician, registered nurse, other personnel authorized by a hospital to draw blood, or duly licensed clinical laboratory director, supervisor, technologist, or technician, or other person of his or her own choosing administer an independent test in addition to the test administered at the direction of the law enforcement officer for the purpose of determining the amount of alcohol in the person’s blood or breath or the presence of chemical substances or controlled substances at the time alleged, as shown by chemical analysis of his or her blood or urine, or by chemical or physical test of his or her breath. The failure or inability to obtain an independent test by a person does not preclude the admissibility in evidence of the test taken at the direction of the law enforcement officer. The law enforcement officer shall not interfere with the person’s opportunity to obtain the independent test and shall provide the person with timely telephone access to secure the test, but the burden is on the person to arrange and secure the test at the person’s own expense.

4. Upon the request of the person tested, full information concerning the results of the test taken at the direction of the law enforcement officer shall be made available to the person or his or her attorney. Full information is limited to the following:
State Traffic Laws

§ 316.193. Blood test for impairment or intoxication in cases of death or serious bodily injury; right to use reasonable force.

(1) (a) If a law enforcement officer has probable cause to believe that a motor vehicle driven by or in the actual physical control of a person under the influence of alcoholic beverages, any chemical substances, or any controlled substances has caused the death or serious bodily injury of a human being, a law enforcement officer shall require the person driving or in actual physical control of the motor vehicle to submit to a test of the person’s blood for the purpose of determining the alcoholic content thereof or the presence of chemical substances as set forth in § 877.111 or any substance controlled under chapter 893. The law enforcement officer may use reasonable force if necessary to require such person to submit to the administration of the blood test. The blood test shall be performed in a reasonable manner. Notwithstanding § 316.1932, the testing required by this paragraph need not be incidental to a lawful arrest of the person.

(b) The term “serious bodily injury” means an injury to any person, including the driver, which consists of a physical condition that creates a substantial risk of death, serious personal disfigurement, or protracted loss or impairment of the function of any bodily member or organ.

(2) (a) Only a physician, certified paramedic, registered nurse, licensed practical nurse, other personnel authorized by a hospital to draw blood, or duly licensed clinical laboratory director, supervisor, technologist, or technician, acting at the request of a law enforcement officer, may withdraw blood for the purpose of determining the alcoholic content thereof or the presence of chemical substances or controlled substances therein. However, the failure of a law enforcement officer to request the withdrawal of blood shall not affect the admissibility of a test of blood withdrawn for medical purposes.

1. Notwithstanding any provision of law pertaining to the confidentiality of hospital records or other medical records, if a health care provider, who is providing medical care in a health care facility to a person injured in a motor vehicle crash, becomes aware, as a result of any blood test performed in the course of that medical treatment, that the person’s blood-alcohol level meets or exceeds the blood-alcohol level specified in § 316.193(1)(b), the health care provider may notify any law enforcement officer or law enforcement agency of the results of the test obtained pursuant to that section. The health care provider shall not notify any law enforcement officer or law enforcement agency of the results of any blood test unless the person is or was in the actual physical control of a motor vehicle involved in the occurrence that resulted in the injury, or the results of the test might be admissible in evidence in a court proceeding.

a. The type of test administered and the procedures followed.

b. The time of the collection of the blood or breath sample analyzed.

c. The numerical results of the test indicating the alcohol content of the blood and breath.

d. The type and status of any permit issued by the Department of Law Enforcement which was held by the person who performed the test.

e. If the test was administered by means of a breath testing instrument, the date of performance of the most recent required inspection of such instrument.

Full information does not include manuals, schematics, or software of the instrument used to test the person or any other material that is not in the actual possession of the state. Additionally, full information does not include information in the possession of the manufacturer of the test instrument.

5. A hospital, clinical laboratory, medical clinic, or similar medical institution or physician, certified paramedic, registered nurse, licensed practical nurse, other personnel authorized by a hospital to draw blood, or duly licensed clinical laboratory director, supervisor, technologist, or technician, or other person assisting a law enforcement officer does not incur any civil or criminal liability as a result of the withdrawal or analysis of a blood or urine specimen, or the chemical or physical test of a person’s breath pursuant to accepted medical standards when requested by a law enforcement officer, regardless of whether or not the subject resisted administration of the test.

(2) The results of any test administered pursuant to this section for the purpose of detecting the presence of any controlled substance shall not be admissible as evidence in a criminal prosecution for the possession of a controlled substance.

(3) Notwithstanding any provision of law pertaining to the confidentiality of hospital records or other medical records, information relating to the alcoholic content of the blood or breath or the presence of chemical substances or controlled substances in the blood obtained pursuant to this section shall be released to a court, prosecuting attorney, defense attorney, or law enforcement officer in connection with an alleged violation of § 316.193 upon request for such information.
enforcement agency. Any such notice must be given within a reasonable time after the health care provider receives the test result. Any such notice shall be used only for the purpose of providing the law enforcement officer with reasonable cause to request the withdrawal of a blood sample pursuant to this section.

2. The notice shall consist only of the name of the person being treated, the name of the person who drew the blood, the blood-alcohol level indicated by the test, and the date and time of the administration of the test.

3. Nothing contained in § 395.3025(4), § 456.057, or any applicable practice act affects the authority to provide notice under this section, and the health care provider is not considered to have breached any duty owed to the person under § 395.3025(4), § 456.057, or any applicable practice act by providing notice or failing to provide notice. It shall not be a breach of any ethical, moral, or legal duty for a health care provider to provide notice or fail to provide notice.

4. A civil, criminal, or administrative action may not be brought against any person or health care provider participating in good faith in the provision of notice or failure to provide notice as provided in this section. Any person or health care provider participating in the provision of notice or failure to provide notice as provided in this section shall be immune from any civil or criminal liability and from any professional disciplinary action with respect to the provision of notice or failure to provide notice under this section. Any such participant has the same immunity with respect to participating in any judicial proceedings resulting from the notice or failure to provide notice.

(b) A chemical analysis of the person's blood to determine the alcoholic content thereof must have been performed substantially in accordance with methods approved by the Department of Law Enforcement and by an individual possessing a valid permit issued by the department for this purpose. The Department of Law Enforcement may approve satisfactory techniques or methods, ascertain the qualifications and competence of individuals to conduct such analyses, and issue permits that are subject to termination or revocation at the discretion of the department. Any insubstantial differences between approved methods or techniques and actual testing procedures, or any insubstantial defects concerning the permit issued by the department, in any individual case, shall not render the test or test results invalid.

(c) No hospital, clinical laboratory, medical clinic, or similar medical institution or physician, certified paramedic, registered nurse, licensed practical nurse, other personnel authorized by a hospital to draw blood, or duly licensed clinical laboratory director, supervisor, technologist, or technician, or other person assisting a law enforcement officer shall incur any civil or criminal liability as a result of the withdrawal or analysis of a blood specimen pursuant to accepted medical standards when requested by a law enforcement officer, regardless of whether or not the subject resisted administration of the test.

(3) (a) Any criminal charge resulting from the incident giving rise to the officer's demand for testing shall be tried concurrently with a charge of any violation arising out of the same incident, unless, in the discretion of the court, such charges should be tried separately. If such charges are tried separately, the fact that such person refused, resisted, obstructed, or opposed testing shall be admissible at the trial of the criminal offense which gave rise to the demand for testing.

(b) The results of any test administered pursuant to this section for the purpose of detecting the presence of any controlled substance shall not be admissible as evidence in a criminal prosecution for the possession of a controlled substance.

(4) Notwithstanding any provision of law pertaining to the confidentiality of hospital records or other medical records, information relating to the alcoholic content of the blood or the presence of chemical substances or controlled substances in the blood obtained pursuant to this section shall be released to a court, prosecuting attorney, defense attorney, or law enforcement officer in connection with an alleged violation of § 316.193 upon request for such information.

316.1934. Presumption of impairment; testing methods.

(1) It is unlawful and punishable as provided in chapter 322 and in § 316.193 for any person who is under the influence of alcoholic beverages or controlled substances, when affected to the extent that the person's normal faculties are impaired or to the extent that the person is deprived of full possession of normal faculties, to drive or be in actual physical control of any motor vehicle within this state. Such normal faculties include, but are not limited to, the ability to see, hear, walk, talk, judge distances, drive an automobile, make judgments, act in emergencies,
and, in general, normally perform the many mental and physical acts of daily life.

(2) At the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person while driving, or in actual physical control of, a vehicle while under the influence of alcoholic beverages or controlled substances, when affected to the extent that the person’s normal faculties were impaired or to the extent that he or she was deprived of full possession of his or her normal faculties, the results of any test administered in accordance with § 316.1932 or § 316.1933 and this section are admissible into evidence when otherwise admissible, and the amount of alcohol in the person’s blood or breath at the time alleged, as shown by chemical analysis of the person’s blood, or by chemical or physical test of the person’s breath, gives rise to the following presumptions:

(a) If there was at that time a blood-alcohol level or breath-alcohol level of 0.05 or less, it is presumed that the person was not under the influence of alcoholic beverages to the extent that his or her normal faculties were impaired.

(b) If there was at that time a blood-alcohol level or breath-alcohol level in excess of 0.05 but less than 0.08, that fact does not give rise to any presumption that the person was or was not under the influence of alcoholic beverages to the extent that his or her normal faculties were impaired but may be considered with other competent evidence in determining whether the person was under the influence of alcoholic beverages to the extent that his or her normal faculties were impaired.

(c) If there was at that time a blood-alcohol level or breath-alcohol level of 0.08 or higher, that fact is prima facie evidence that the person was under the influence of alcoholic beverages to the extent that his or her normal faculties were impaired. Moreover, such person who has a blood-alcohol level or breath-alcohol level of 0.08 or higher is guilty of driving, or being in actual physical control of, a motor vehicle, with an unlawful blood-alcohol level or breath-alcohol level.

The presumptions provided in this subsection do not limit the introduction of any other competent evidence bearing upon the question of whether the person was under the influence of alcoholic beverages to the extent that his or her normal faculties were impaired.

(3) A chemical analysis of a person’s blood to determine alcoholic content or a chemical or physical test of a person’s breath, in order to be considered valid under this section, must have been performed substantially in accordance with methods approved by the Department of Law Enforcement and by an individual possessing a valid permit issued by the department for this purpose. Any insubstantial differences between approved techniques and actual testing procedures or any insubstantial defects concerning the permit issued by the department, in any individual case do not render the test or test results invalid. The Department of Law Enforcement may approve satisfactory techniques or methods, ascertain the qualifications and competence of individuals to conduct such analyses, and issue permits that are subject to termination or revocation in accordance with rules adopted by the department.

(4) Any person charged with a violation of § 316.193, whether in a municipality or not, is entitled to trial by jury according to the Florida Rules of Criminal Procedure.

(5) An affidavit containing the results of any test of a person’s blood or breath to determine its alcohol content, as authorized by § 316.1932 or § 316.1933, is admissible in evidence under the exception to the hearsay rule in § 90.803(8) for public records and reports. Such affidavit is admissible without further authentication and is presumptive proof of the results of an authorized test to determine alcohol content of the blood or breath if the affidavit discloses:

(a) The type of test administered and the procedures followed;
(b) The time of the collection of the blood or breath sample analyzed;
(c) The numerical results of the test indicating the alcohol content of the blood or breath;
(d) The type and status of any permit issued by the Department of Law Enforcement which was held by the person who performed the test; and
(e) If the test was administered by means of a breath testing instrument, the date of performance of the most recent required maintenance on such instrument.

The Department of Law Enforcement shall provide a form for the affidavit. Admissibility of the affidavit does not abrogate the right of the person tested to subpoena the person who administered the test for examination as an adverse witness at a civil or criminal trial or other proceeding.

(6) Nothing in this section prohibits the prosecution of a person under § 322.62. The provisions of subsection (2) do not apply to
such prosecution and the presumptions made pursuant to that subsection may not be introduced into evidence during such prosecution.

316.1935. Fleeing or attempting to elude a law enforcement officer; aggravated fleeing or eluding.

(1) It is unlawful for the operator of any vehicle, having knowledge that he or she has been ordered to stop such vehicle by a duly authorized law enforcement officer, willfully to refuse or fail to stop the vehicle in compliance with such order or, having stopped in knowing compliance with such order, willfully to flee in an attempt to elude the officer, and a person who violates this subsection commits a felony of the third degree, punishable as provided in § 775.082, § 775.083, or § 775.084.

(2) Any person who willfully flees or attempts to elude a law enforcement officer in an authorized law enforcement patrol vehicle, with agency insignia and other jurisdictional markings prominently displayed on the vehicle, with siren and lights activated commits a felony of the third degree, punishable as provided in § 775.082, § 775.083, or § 775.084.

(3) Any person who willfully flees or attempts to elude a law enforcement officer in an authorized law enforcement patrol vehicle, with agency insignia and other jurisdictional markings prominently displayed on the vehicle, with siren and lights activated, and during the course of the fleeing or attempted eluding:

(a) Drives at high speed, or in any manner which demonstrates a wanton disregard for the safety of persons or property, commits a felony of the second degree, punishable as provided in § 775.082, § 775.083, or § 775.084.

(b) Drives at high speed, or in any manner which demonstrates a wanton disregard for the safety of persons or property, and causes serious bodily injury or death to another person, including any law enforcement officer involved in pursuing or otherwise attempting to effect a stop of the person’s vehicle, commits a felony of the first degree, punishable as provided in § 775.082, § 775.083, or § 775.084.

(4) Any person who, in the course of unlawfully leaving or attempting to leave the scene of a crash in violation of § 316.027 or § 316.061, having knowledge of an order to stop by a duly authorized law enforcement officer, willfully refuses or fails to stop in compliance with such an order, or having stopped in knowing compliance with such order, willfully flees in an attempt to elude such officer and, as a result of such fleeing or eluding:

(a) Causes injury to another person or causes damage to any property belonging to another person, commits aggravated fleeing or eluding, a felony of the second degree, punishable as provided in § 775.082, § 775.083, or § 775.084.

(b) Causes serious bodily injury or death to another person, including any law enforcement officer involved in pursuing or otherwise attempting to effect a stop of the person’s vehicle, commits aggravated fleeing or eluding with serious bodily injury or death, a felony of the first degree, punishable as provided in § 775.082, § 775.083, or § 775.084.

The felony of aggravated fleeing or eluding and the felony of aggravated fleeing or eluding with serious bodily injury or death constitute separate offenses for which a person may be charged, in addition to the offenses under §§ 316.027 and 316.061, relating to unlawfully leaving the scene of a crash, which the person had been in the course of committing or attempting to commit when the order to stop was given. Notwithstanding any other provision of law, the court shall sentence any person convicted of committing aggravated fleeing or eluding with serious bodily injury or death to a mandatory minimum sentence of 3 years imprisonment. Nothing in this subsection shall prevent a court from imposing a greater sentence of incarceration as authorized by law.

(5) The court shall revoke, for a period not less than 1 year nor exceeding 5 years, the driver’s license of any operator of a motor vehicle convicted of a violation of subsection (1), subsection (2), subsection (3), or subsection (4).

(6) Notwithstanding § 948.01, no court may suspend, defer, or withhold adjudication of guilt or imposition of sentence for any violation of this section. A person convicted and sentenced to a mandatory minimum term of incarceration under paragraph (3)(b) or paragraph (4)(b) is not eligible for statutory gain-time under § 944.275 or any form of discretionary early release, other than pardon or executive clemency or conditional medical
release under § 947.149, prior to serving the mandatory minimum sentence.

(7) Any motor vehicle involved in a violation of this section is deemed to be contraband, which may be seized by a law enforcement agency and is subject to forfeiture pursuant to §§ 932.701-932.704. Any vehicle not required to be titled under the laws of this state is presumed to be the property of the person in possession of the vehicle.

316.1936. Possession of open containers of alcoholic beverages in vehicles prohibited; penalties.

(1) As used in this section, the term:

(a) “Open container” means any container of alcoholic beverage which is immediately capable of being consumed from, or the seal of which has been broken.

(b) “Road” means a way open to travel by the public, including, but not limited to, a street, highway, or alley. The term includes associated sidewalks, the roadbed, the right-of-way, and all culverts, drains, sluices, ditches, water storage areas, embankments, slopes, retaining walls, bridges, tunnels, and viaducts necessary for the maintenance of travel and all ferries used in connection therewith.

(2) (a) It is unlawful and punishable as provided in this section for any person to possess an open container of an alcoholic beverage or consume an alcoholic beverage while operating a vehicle in the state or while a passenger in or on a vehicle being operated in the state.

(b) It is unlawful and punishable as provided in this section for any person to possess an open container of an alcoholic beverage or consume an alcoholic beverage while seated in or on a motor vehicle that is parked or stopped within a road as defined in this section. Notwithstanding the prohibition contained in this section, passengers in vehicles designed, maintained, and used primarily for the transportation of persons for compensation and in motor homes are exempt.

(3) An open container shall be considered to be in the possession of the operator of a vehicle if the container is not in the possession of a passenger and is not located in a locked glove compartment, locked trunk, or other locked nonpassenger area of the vehicle.

(4) An open container shall be considered to be in the possession of a passenger of a vehicle if the container is in the physical control of the passenger.

(5) This section shall not apply to:

(a) A passenger of a vehicle in which the driver is operating the vehicle pursuant to a contract to provide transportation for passengers and such driver holds a valid commercial driver’s license with a passenger endorsement issued in accordance with the requirements of chapter 322;

(b) A passenger of a bus in which the driver holds a valid commercial driver’s license with a passenger endorsement issued in accordance with the requirements of chapter 322; or

(c) A passenger of a self-contained motor home which is in excess of 21 feet in length.

(6) Any operator of a vehicle who violates this section is guilty of a noncriminal moving traffic violation, punishable as provided in chapter 318. A passenger of a vehicle who violates this section is guilty of a nonmoving traffic violation, punishable as provided in chapter 318.

(7) A county or municipality may adopt an ordinance which imposes more stringent restrictions on the possession of alcoholic beverages in vehicles than those imposed by this section.

(8) Nothing in this section prohibits the enforcement of § 316.302.

(9) A bottle of wine that has been resealed and is transported pursuant to § 564.09 is not an open container under the provisions of this section.

316.1937. Ignition interlock devices, requiring; unlawful acts.

(1) In addition to any other authorized penalties, the court may require that any person who is convicted of driving under the influence in violation of § 316.193 shall not operate a motor vehicle unless that vehicle is equipped with a functioning ignition interlock device certified by the department as provided in § 316.1938, and installed in such a manner that the vehicle will not start if the operator’s blood alcohol level is in excess of 0.025 percent or as otherwise specified by the court. The court may require the use of an approved ignition interlock device for a period of at least 6 continuous months, if the person is permitted to operate a motor vehicle, whether or not the privilege to operate a motor vehicle is restricted, as determined by the court. The court, however, shall order placement of an ignition interlock device in those circumstances required by § 316.193.

(2) If the court imposes the use of an ignition interlock device, the court shall:

(a) Stipulate on the record the requirement for, and the period of, the use of a certified ignition interlock device.

(b) Order that the records of the department reflect such requirement.
(c) Order that an ignition interlock device be installed, as the court may determine necessary, on any vehicle owned or operated by the person.

(d) Determine the person’s ability to pay for installation of the device if the person claims inability to pay. If the court determines that the person is unable to pay for installation of the device, the court may order that any portion of a fine paid by the person for a violation of § 316.193 shall be allocated to defray the costs of installing the device.

(e) Require proof of installation of the device and periodic reporting to the department for verification of the operation of the device in the person’s vehicle.

(3) If the court imposes the use of an ignition interlock device on a person whose driving privilege is not suspended or revoked, the court shall require the person to provide proof of compliance to the department within 30 days. If the person fails to provide proof of installation within that period, absent a finding by the court of good cause for that failure which is entered in the court record, the court shall notify the department.

(4) If the court imposes the use of an ignition interlock device on a person whose driving privilege is suspended or revoked for a period of less than 3 years, the department shall require proof of compliance before reinstatement of the person’s driving privilege.

(5) (a) In addition to any other provision of law, upon conviction of a violation of this section the department shall revoke the person’s driving privilege for 1 year from the date of conviction. Upon conviction of a separate violation of this section during the same period of required use of an ignition interlock device, the department shall revoke the person’s driving privilege for 5 years from the date of conviction.

(b) Any person convicted of a violation of subsection (6) who does not have a driver license shall, in addition to any other penalty provided by law, pay a fine of not less than $250 or more than $500 per each such violation. In the event that the person is unable to pay any such fine, the fine shall become a lien against the motor vehicle used in violation of subsection (6) and payment shall be made pursuant to § 316.3025(5).

(6) (a) It is unlawful to tamper with, or to circumvent the operation of, a court-ordered ignition interlock device.

(b) It is unlawful for any person whose driving privilege is restricted pursuant to this section to request or solicit any other person to blow into an ignition interlock device or to start a motor vehicle equipped with the device for the purpose of providing the person so restricted with an operable motor vehicle.

(c) It is unlawful to blow into an ignition interlock device or to start a motor vehicle equipped with the device for the purpose of providing an operable motor vehicle to a person whose driving privilege is restricted pursuant to this section.

(d) It is unlawful to knowingly lease or lend a motor vehicle to a person who has had his or her driving privilege restricted as provided in this section, unless the vehicle is equipped with a functioning, certified ignition interlock device. Any person whose driving privilege is restricted under a condition of probation requiring an ignition interlock device shall notify any other person who leases or loans a motor vehicle to him or her of such driving restriction.

(7) Notwithstanding the provisions of this section, if a person is required to operate a motor vehicle in the course and scope of his or her employment and if the vehicle is owned by the employer, the person may operate that vehicle without installation of an approved ignition interlock device if the employer has been notified of such driving privilege restriction and if proof of that notification is with the vehicle. This employment exemption does not apply, however, if the business entity which owns the vehicle is owned or controlled by the person whose driving privilege has been restricted.

(8) In addition to the penalties provided in this section, a violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

316.1939. Refusal to submit to testing; penalties.

(1) Any person who has refused to submit to a chemical or physical test of his or her breath, blood, or urine, as described in § 316.1932, and whose driving privilege was previously suspended for a prior refusal to submit to a lawful test of his or her breath, urine, or blood, and:

(a) Who the arresting law enforcement officer had probable cause to believe was driving in actual physical control of a motor vehicle in this state while under the influence of alcoholic beverages, chemical substances, or controlled substances;

(b) Who was placed under lawful arrest for a violation of § 316.193 unless such test was requested pursuant to § 316.1932(1)(c);
(c) Who was informed that, if he or she refused to submit to such test, his or her privilege to operate a motor vehicle would be suspended for a period of 1 year or, in the case of a second or subsequent refusal, for a period of 18 months;

(d) Who was informed that a refusal to submit to a lawful test of his or her breath, urine, or blood, if his or her driving privilege has been previously suspended for a prior refusal to submit to a lawful test of his or her breath, urine, or blood, is a misdemeanor; and

(e) Who, after having been so informed, refused to submit to any such test when requested to do so by a law enforcement officer or correctional officer

commits a misdemeanor of the first degree and is subject to punishment as provided in § 775.082 or § 775.083.

(2) The disposition of any administrative proceeding that relates to the suspension of a person’s driving privilege does not affect a criminal action under this section.

(3) The disposition of a criminal action under this section does not affect any administrative proceeding that relates to the suspension of a person’s driving privilege. The department’s records showing that a person’s license has been previously suspended for a prior refusal to submit to a lawful test of his or her breath, urine, or blood shall be admissible and shall create a rebuttable presumption of such suspension.

316.194. Stopping, standing or parking outside of municipalities.

(1) Upon any highway outside of a municipality, no person shall stop, park, or leave standing any vehicle, whether attended or unattended, upon the paved or main-traveled part of the highway when it is practicable to stop, park, or so leave the vehicle off such part of the highway; but in every event an unobstructed width of the highway opposite a standing vehicle shall be left for the free passage of other vehicles, and a clear view of the stopped vehicle shall be available from a distance of 200 feet in each direction upon the highway.

(2) This section shall not apply to the driver or owner of any vehicle which is disabled while on the paved or main-traveled portion of a highway in such manner and to such extent that it is impossible to avoid stopping and temporarily leaving the disabled vehicle in such position, or to passenger-carrying buses temporarily parked while loading or discharging passengers, where highway conditions render such parking off the paved portion of the highway hazardous or impractical.

(3) (a) Whenever any police officer or traffic accident investigation officer finds a vehicle standing upon a highway in violation of any of the foregoing provisions of this section, the officer is authorized to move the vehicle, or require the driver or other persons in charge of the vehicle to move the vehicle, to a position off the paved or main-traveled part of the highway.

(b) Officers and traffic accident investigation officers may provide for the removal of any abandoned vehicle to the nearest garage or other place of safety, cost of such removal to be a lien against motor vehicle, when an abandoned vehicle is found unattended upon a bridge or causeway or in any tunnel, or on any public highway in the following instances:

1. Where such vehicle constitutes an obstruction of traffic;

2. Where such vehicle has been parked or stored on the public right-of-way for a period exceeding 48 hours, in other than designated parking areas, and is within 30 feet of the pavement edge; and

3. Where an operative vehicle has been parked or stored on the public right-of-way for a period exceeding 10 days, in other than designated parking areas, and is more than 30 feet from the pavement edge. However, the agency removing such vehicle shall be required to report same to the Department of Highway Safety and Motor Vehicles within 24 hours of such removal.

(c) Any vehicle moved under the provisions of this chapter which is a stolen vehicle shall not be subject to the provisions hereof unless the moving authority has reported to the Florida Highway Patrol the taking into possession of the vehicle within 24 hours of the moving of the vehicle.

(4) A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.1945. Stopping, standing, or parking prohibited in specified places.

(1) Except when necessary to avoid conflict with other traffic, or in compliance with law or the directions of a police officer or official traffic control device, no person shall:

(a) Stop, stand, or park a vehicle:

1. On the roadway side of any vehicle stopped or parked at the edge or curb of a street.

2. On a sidewalk.

3. Within an intersection.

4. On a crosswalk.
5. Between a safety zone and the adjacent curb or within 30 feet of points on the curb immediately opposite the ends of a safety zone, unless the Department of Transportation indicates a different length by signs or markings.

6. Alongside or opposite any street excavation or obstruction when stopping, standing, or parking would obstruct traffic.

7. Upon any bridge or other elevated structure upon a highway or within a highway tunnel.

8. On any railroad tracks.

9. On a bicycle path.

10. At any place where official traffic control devices prohibit stopping.

11. On the roadway or shoulder of a limited access facility, except as provided by regulation of the Department of Transportation, or on the paved portion of a connecting ramp; except that a vehicle which is disabled or in a condition improper to be driven as a result of mechanical failure or crash may be parked on such shoulder for a period not to exceed 6 hours. This provision is not applicable to a person stopping a vehicle to render aid to an injured person or assistance to a disabled vehicle in obedience to the directions of a law enforcement officer or to a person stopping a vehicle in compliance with applicable traffic laws.

12. For the purpose of loading or unloading a passenger on the paved roadway or shoulder of a limited access facility or on the paved portion of any connecting ramp. This provision is not applicable to a person stopping a vehicle to render aid to an injured person or assistance to a disabled vehicle.

(b) Stand or park a vehicle, whether occupied or not, except momentarily to pick up or discharge a passenger or passengers:

1. In front of a public or private driveway.

2. Within 15 feet of a fire hydrant.

3. Within 20 feet of a crosswalk at an intersection.

4. Within 30 feet upon the approach to any flashing signal, stop sign, or traffic control signal located at the side of a roadway.

5. Within 20 feet of the driveway entrance to any fire station and on the side of a street opposite the entrance to any fire station within 75 feet of such entrance (when property signposted).

6. On an exclusive bicycle lane.

7. At any place where official traffic control devices prohibit standing.

(c) Park a vehicle, whether occupied or not, except temporarily for the purpose of, and while actually engaged in, loading or unloading merchandise or passengers:

1. Within 50 feet of the nearest rail of a railroad crossing unless the Department of Transportation establishes a different distance due to unusual circumstances.

2. At any place where official signs prohibit parking.

(2) No person shall move a vehicle not lawfully under his or her control into any such prohibited area or away from a curb such a distance as is unlawful.

(3) A law enforcement officer or parking enforcement specialist who discovers a vehicle parked in violation of this section or a municipal or county ordinance may:

(a) Issue a ticket form as may be used by a political subdivision or municipality to the driver; or

(b) If the vehicle is unattended, attach such ticket to the vehicle in a conspicuous place, except that the uniform traffic citation prepared by the department pursuant to § 316.650 may not be issued by being attached to an unattended vehicle.

The uniform traffic citation prepared by the department pursuant to § 316.650 may not be issued for violation of a municipal or county parking ordinance.

(4) A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

316.195. Additional parking regulations.

(1) Except as otherwise provided in this section, every vehicle stopped or parked upon a two-way roadway shall be so stopped or parked with the right-hand wheels parallel to and within 12 inches of the right-hand curb or edge of the roadway.

(2) Except when otherwise provided by local ordinance, every vehicle stopped or parked upon a one-way roadway shall be so stopped or parked parallel to the curb or edge of the roadway, in the direction of authorized traffic movement, with its right-hand wheels within 12 inches of the right-hand curb or edge of the roadway, or its left wheels within 12 inches of the left-hand curb or edge of the roadway.

(3) Local authorities may, by ordinance, permit angle parking on any roadway, except that angle parking shall not be permitted on any state road unless the Department of Transportation has determined by resolution or order entered in its minutes that the roadway is of sufficient width to permit angle parking without interfering with the free movement of traffic.
(4) A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

316.1951. Parking for certain purposes prohibited; sale of motor vehicles; prohibited acts.

(1) It is unlawful for any person to park a motor vehicle, as defined in § 320.01, upon a public street or highway, a public parking lot, or other public property, or upon private property where the public has the right to travel by motor vehicle, for the principal purpose and intent of displaying the motor vehicle thereon for sale, hire, or rental unless the sale, hire, or rental of the motor vehicle is specifically authorized on such property by municipal or county regulation and the person is in compliance with all municipal or county licensing regulations.

(2) The provisions of subsection (1) do not prohibit a person from parking his or her own motor vehicle or his or her other personal property on any private real property which the person owns or leases or on private real property which the person does not own or lease, but for which he or she obtains the permission of the owner, or on the public street immediately adjacent thereto, for the principal purpose and intent of sale, hire, or rental.

(3) Subsection (1) does not prohibit a licensed motor vehicle dealer from displaying for sale or offering for sale motor vehicles at locations other than the dealer’s licensed location if the dealer has been issued a supplemental license for off-premises sales, as provided in § 320.27(5), and has complied with the requirements in subsection (1). A vehicle displayed for sale by a licensed dealer at any location other than the dealer’s licensed location is subject to immediate removal without warning.

(4) A local government may adopt an ordinance to allow the towing of a motor vehicle parked in violation of this section. A law enforcement officer, compliance officer, code enforcement officer from any local government agency, or supervisor of the department may issue a citation and cause to be immediately removed at the owner’s expense any motor vehicle found in violation of subsection (1), except as provided in subsections (2) and (3), or in violation of subsection (5), subsection (6), subsection (7), or subsection (8), and the owner shall be assessed a penalty as provided in § 318.18(21) by the government agency or authority that orders immediate removal of the motor vehicle. A motor vehicle removed under this section shall not be released from an impound or towing and storage facility before a release form prescribed by the department has been completed verifying that the fine has been paid to the government agency or authority that ordered immediate removal of the motor vehicle. However, the owner may pay towing and storage charges to the towing and storage facility pursuant to § 713.78 before payment of the fine or before the release form has been completed.

(5) It is unlawful to offer a vehicle for sale if the vehicle identification number has been destroyed, removed, covered, altered, or defaced, as described in § 319.33(1)(d). A vehicle found in violation of this subsection is subject to immediate removal without warning.

(6) It is unlawful to knowingly attach to any motor vehicle a registration that was not assigned or lawfully transferred to the vehicle pursuant to § 320.261. A vehicle found in violation of this subsection is subject to immediate removal without warning.

(7) It is unlawful to display or offer for sale a vehicle that does not have a valid registration as provided in § 320.02. A vehicle found in violation of this subsection is subject to immediate removal without warning. This subsection does not apply to vehicles and recreational vehicles being offered for sale through motor vehicle auctions as defined in § 320.27(1)(c)4.

(8) A vehicle is subject to immediate removal without warning if it bears a telephone number that has been displayed on three or more vehicles offered for sale within a 12-month period.

(9) Any other provision of law to the contrary notwithstanding, a violation of subsection (1), subsection (5), subsection (6), subsection (7), or subsection (8) shall subject the owner of such motor vehicle to towing fees reasonably necessitated by removal and storage of the motor vehicle and a fine as required by § 318.18.

(10) This section does not prohibit the governing body of a municipality or county, with respect to streets, highways, or other property under its jurisdiction, from regulating the parking of motor vehicles for any purpose.

(11) A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318, unless otherwise mandated by general law.
316.1955. Enforcement of parking requirements for persons who have disabilities.

(1) It is unlawful for any person to stop, stand, or park a vehicle within, or to obstruct, any such specially designated and marked parking space provided in accordance with § 553.5041, unless the vehicle displays a disabled parking permit issued under § 316.1958 or § 320.0848 or a license plate issued under § 320.084, § 320.0842, § 320.0843, or § 320.0845, and the vehicle is transporting the person to whom the displayed permit is issued. The violation may not be dismissed for failure of the marking on the parking space to comply with § 553.5041 if the space is in general compliance and is clearly distinguishable as a designated accessible parking space for people who have disabilities. Only a warming may be issued for unlawfully parking in a space designated for persons with disabilities if there is no above-grade sign as provided in § 553.5041.

(a) Whenever a law enforcement officer, a parking enforcement specialist, or the owner or lessee of the space finds a vehicle in violation of this subsection, that officer, owner, or lessee shall have the vehicle in violation removed to any lawful parking space or facility or require the operator or other person in charge of the vehicle immediately to remove the unauthorized vehicle from the parking space. Whenever any vehicle is removed under this section to a storage lot, garage, or other safe parking space, the cost of the removal and parking constitutes a lien against the vehicle.

(b) The officer or specialist shall charge the operator or other person in charge of the vehicle in violation with a noncriminal traffic infraction, punishable as provided in § 316.008(4) or § 318.18(6). The owner of a leased vehicle is not responsible for a violation of this section if the vehicle is registered in the name of the lessee.

(c) All convictions for violations of this section must be reported to the Department of Highway Safety and Motor Vehicles by the clerk of the court.

(d) A law enforcement officer or a parking enforcement specialist has the right to demand to be shown the person’s disabled parking permit and driver’s license or state identification card when investigating the possibility of a violation of this section. If such a request is refused, the person in charge of the vehicle may be charged with resisting an officer without violence, as provided in § 843.02.

(2) It is unlawful for any person to obstruct the path of travel to an accessible parking space, curb cut, or access aisle by standing or parking a vehicle within any such designated area. The violator is subject to the same penalties as are imposed for illegally parking in a space that is designated as an accessible parking space for persons who have disabilities.

(3) Any person who is chauffeuring a person who has a disability is allowed, without need for a disabled parking permit or a special license plate, to stand temporarily in any such parking space, for the purpose of loading or unloading the person who has a disability. A penalty may not be imposed upon the driver for such temporary standing.

(4) (a) A vehicle that is transporting a person who has a disability and that has been granted a permit under § 320.0848(1)(a) may be parked for a maximum of 30 minutes in any parking space reserved for persons who have disabilities.

(b) Notwithstanding paragraph (a), a theme park or an entertainment complex as defined in § 509.013(9) which provides parking in designated areas for persons who have disabilities may allow any vehicle that is transporting a person who has a disability to remain parked in a space reserved for persons who have disabilities throughout the period the theme park is open to the public for that day.

316.1957. Parking violations; designated parking spaces for persons who have disabilities.

When evidence is presented in any court of the fact that any motor vehicle was parked in a properly designated parking space for persons who have disabilities in violation of § 316.1955, it is prima facie evidence that the vehicle was parked and left in the space by the person, firm, or corporation in whose name the vehicle is registered and licensed according to the records of the department.

Motor vehicles displaying a special license plate or parking permit issued to a person who has a disability by any other state or district subject to the laws of the United States or by a foreign country that issues disabled parking permits that display the international symbol of accessibility are recognized as displaying a valid license plate or permit, that allows such a vehicle special parking privileges under § 316.1955, if the other state...
or district grants reciprocal recognition for residents of this state who have disabilities. However, when an individual is required by law to have a Florida driver’s license or a Florida vehicle registration, a special motor vehicle license plate or parking permit issued by another state, district, or country to persons who have disabilities is not valid and the individual whose vehicle displays such an invalid plate or permit is subject to the same penalty as an individual whose vehicle does not display a valid plate or permit. A law enforcement officer or parking enforcement specialist may not ticket a vehicle for a violation of § 316.1955 without first determining whether the vehicle is transporting a resident of another state who is the owner of the out-of-state placard.

316.1959. Handicapped parking enforcement.

The provisions of handicapped parking shall be enforced by state, county, and municipal authorities in their respective jurisdictions whether on public or private property in the same manner as is used to enforce other parking laws and ordinances by said agencies.

316.1964. Exemption of vehicles transporting certain persons who have disabilities from payment of parking fees and penalties.

(1) A state agency, county, municipality, or any agency thereof, may not exact any fee for parking on the public streets or highways or in any metered parking space from the driver of a vehicle that displays a disabled parking permit or a license plate issued under § 316.1958 or § 320.0848 or a license plate issued under § 320.084, § 320.0842, § 320.0843, or § 320.0845 if the vehicle is transporting the person who has a disability and to whom the disabled parking permit or license plate was issued.

(2) The driver of a vehicle that is parked as provided in subsection (1) may not be penalized for parking, except in clearly defined bus loading zones, fire zones, or access aisles adjacent to the parking spaces for persons who have disabilities, or in areas posted as “No Parking” zones or as emergency vehicle zones, or for parking in excess of the posted time limits.

(3) Notwithstanding subsection (1), when a state, county, or municipal parking facility or lot is being used in connection with an event at a convention center, cruise-port terminal, sports stadium, sports arena, coliseum, or auditorium, the parking facility may charge a person whose vehicle displays such a parking permit a parking fee in the same manner and amount as it charges other persons.

(4) A parking facility that restricts the number of consecutive days that a vehicle may be parked may impose that same restriction on a vehicle that displays a disabled parking permit issued to a person who has a disability.

(5) Notwithstanding subsection (1), when an on-street parking meter restricts the duration of time that a vehicle may be parked, a vehicle properly displaying a disabled parking permit is allowed a maximum of 4 hours at no charge; however, local governments may extend such time by local ordinance.

(6) A parking facility that leases a parking space for a duration that exceeds 1 week is not required to reduce the fee for a lessee who is disabled.

(7) An airport that owns, operates, or leases parking facilities, or any other parking facilities that are used for the purpose of air travel, may charge for parking vehicles that display a disabled parking permit or license tag issued under § 316.1958, § 320.084, § 320.0842, § 320.0843, § 320.0845, or § 320.0848. However, the governing body of each publicly owned or publicly operated airport must grant free parking to any vehicle with specialized equipment, such as ramps, lifts, or foot or hand controls, or for utilization by a person who has a disability or whose vehicle is displaying the Florida Toll Exemption permit.

(8) Notwithstanding subsection (1), a county, municipality, or any agency thereof may charge for parking in a facility or lot that provides timed parking spaces any vehicle that displays a disabled parking permit, except that any vehicle with specialized equipment, such as ramps, lifts, or foot or hand controls, for use by a person who has a disability, or any vehicle that is displaying the Florida Toll Exemption permit, is exempt from any parking fees.

316.1965. Parking near rural mailbox during certain hours; penalties.

Whoever parks any vehicle within 30 feet of any rural mailbox upon any state highway in this state between 8 a.m. and 6 p.m. shall be cited for a nonmoving violation, punishable as provided in chapter 318.
316.1967. Liability for payment of parking ticket violations and other parking violations.

(1) The owner of a vehicle is responsible and liable for payment of any parking ticket violation unless the owner can furnish evidence, when required by this subsection, that the vehicle was, at the time of the parking violation, in the care, custody, or control of another person. In such instances, the owner of the vehicle is required, within a reasonable time after notification of the parking violation, to furnish to the appropriate law enforcement authorities an affidavit setting forth the name, address, and driver’s license number of the person who leased, rented, or otherwise had the care, custody, or control of the vehicle. The affidavit submitted under this subsection is admissible in a proceeding charging a parking ticket violation and raises the rebuttable presumption that the person identified in the affidavit is responsible for payment of the parking ticket violation. The owner of a vehicle is not responsible for a parking ticket violation if the vehicle involved was, at the time, stolen or in the care, custody, or control of some person who did not have permission of the owner to use the vehicle. The owner of a leased vehicle is not responsible for a parking ticket violation and is not required to submit an affidavit or the other evidence specified in this section, if the vehicle is registered in the name of the person who leased the vehicle.

(2) Any person who is issued a county or municipal parking ticket by a parking enforcement specialist or officer is deemed to be charged with a noncriminal violation and shall comply with the directions on the ticket. If payment is not received or a response to the ticket is not made within the time period specified thereon, the county court or its traffic violations bureau shall notify the registered owner of the vehicle that was cited, or the registered lessee when the cited vehicle is registered in the name of the person who leased the vehicle, by mail to the address given on the motor vehicle registration, of the ticket. Mailing the notice to this address constitutes notification. Upon notification, the registered owner or registered lessee shall comply with the court’s directive.

(3) Any person who fails to satisfy the court’s directive waives his or her right to pay the applicable civil penalty.

(4) Any person who elects to appear before a designated official to present evidence waives his or her right to pay the civil penalty provisions of the ticket. The official, after a hearing, shall make a determination as to whether a parking violation has been committed and may impose a civil penalty not to exceed $100 or the fine amount designated by county ordinance, plus court costs. Any person who fails to pay the civil penalty within the time allowed by the court is deemed to have been convicted of a parking ticket violation, and the court shall take appropriate measures to enforce collection of the fine.

(5) Any provision of subsections (2), (3), and (4) to the contrary notwithstanding, chapter 318 does not apply to violations of county parking ordinances and municipal parking ordinances.

(6) Any county or municipality may provide by ordinance that the clerk of the court or the traffic violations bureau shall supply the department with a magnetically encoded computer tape reel or cartridge or send by other electronic means data which is machine readable by the installed computer system at the department, listing persons who have three or more outstanding parking violations, including violations of §316.1955. Each county shall provide by ordinance that the clerk of the court or the traffic violations bureau shall supply the department with a magnetically encoded computer tape reel or cartridge or send by other electronic means data that is machine readable by the installed computer system at the department, listing persons who have any outstanding violations of §316.1955 or any similar local ordinance that regulates parking in spaces designated for use by persons who have disabilities. The department shall mark the appropriate registration records of persons who are so reported. Section 320.03(8) applies to each person whose name appears on the list.

If the court finds that a person does not have sufficient funds to pay the fine, the court may require the performance of a specified number of hours of community service or attendance at a safety seminar.

(17) Notwithstanding § 318.21, all proceeds collected pursuant to § 318.18 for violations under paragraphs (3)(e) and (15)(b) shall be deposited into the State Transportation Trust Fund.

(5) Except as provided in this section, an all-terrain vehicle may not be operated upon the public roads, streets, or highways of this state, except as otherwise permitted by the managing state or federal agency.

(6) An all-terrain vehicle having four wheels may be used by police officers on public beaches designated as public roadways for the purpose of enforcing the traffic laws of the state. All-terrain vehicles may also be used by the police to travel on public roadways within 5 miles of beach access only when getting to and from the beach.

(7) An all-terrain vehicle having four wheels may be used by law enforcement officers on public roads within public lands while in the course and scope of their duties.

316.208. Motorcycles and mopeds.

(1) Any person operating a motorcycle or moped shall be granted all of the rights and shall be subject to all of the duties applicable to the driver of any other vehicle under this chapter, except as to special regulations in this chapter and except as to those provisions of this chapter which by their nature can have no application.

(2) (a) Any person operating a moped upon a roadway at less than the normal speed of traffic at the time and place and under the conditions then existing shall ride as close as practicable to the right-hand curb or edge of the roadway except under any of the following situations:

1. When overtaking or passing another vehicle proceeding in the same direction.

2. When preparing for a left turn at an intersection or into a private road or driveway.

3. When reasonably necessary to avoid any condition, including, but not limited to, a fixed or moving object, parked or moving vehicle, bicycle, pedestrian, animal, surface hazard, or substandard-width lane, that makes it unsafe to continue along the right-hand curb or edge. For purposes of this paragraph, a “substandard-width lane” is a lane that is too narrow for a moped and another vehicle to travel safely side by side within the lane.

(b) Any person operating a moped upon a one-way highway with two or more marked traffic lanes may ride as near the left-hand curb or edge of such roadway as practicable.

(3) A person propelling a moped solely by human power upon and along a sidewalk, or across a roadway upon and along a crosswalk, has all the rights and duties applicable to a pedestrian under the same circumstances, except that such person shall yield the right-of-way to any pedestrian and shall give an audible signal before overtaking and passing a pedestrian.

(4) No person shall propel a moped upon and along a sidewalk while the motor is operating.

(1) A person operating a motorcycle or moped shall ride only upon the permanent and regular seat attached thereto, and such operator shall not carry any other person, nor shall any other person ride on a motorcycle or moped, unless such motorcycle or moped is designed to carry more than one person, in which event a passenger may ride upon the permanent and regular seat if designed for two persons or upon another seat firmly at-
tached to the motorcycle or moped at the rear or side of the operator.

(2) A person shall ride upon a motorcycle or moped only while sitting astride the seat, with both wheels on the ground at all times, facing forward, and with one leg on each side of the motorcycle or moped. However, it is not a violation of this subsection if the wheels of a motorcycle or moped lose contact with the ground briefly due to the condition of the road surface or other circumstances beyond the control of the operator.

(3) The license tag of a motorcycle or moped must be permanently affixed to the vehicle and remain clearly visible from the rear at all times. Any deliberate act to conceal or obscure the legibility of the license tag of a motorcycle is prohibited. The license tag of a motorcycle or moped may be affixed horizontally to the ground so that the numbers and letters read from left to right. Alternatively, a license tag for a motorcycle or moped for which the numbers and letters read from top to bottom may be affixed perpendicularly to the ground. Notwithstanding the authorization to affix the license tag of a motorcycle or moped perpendicularly to the ground, the owner or operator of a motorcycle or moped shall pay any required toll pursuant to § 316.1001 by whatever means available.

(4) No person shall operate a motorcycle or moped while carrying any package, bundle, or other article which prevents the person from keeping both hands on the handlebars.

(5) No operator shall carry any person, nor shall any person ride, in a position that will interfere with the operation or control of the motorcycle or moped or the view of the operator.

316.211. Equipment for motorcycle and moped riders.

(1) A person may not operate or ride upon a motorcycle unless the person is properly wearing protective headgear securely fastened upon his or her head which complies with Federal Motorcycle Vehicle Safety Standard 218 promulgated by the United States Department of Transportation. The Department of Highway Safety and Motor Vehicles shall adopt this standard by agency rule.

(2) A person may not operate a motorcycle unless the person is wearing an eye-protective device over his or her eyes of a type approved by the department.

(3) (a) This section does not apply to persons riding within an enclosed cab or to any person 16 years of age or older who is operating or riding upon a motorcycle powered by a motor with a displacement of 50 cubic centimeters or less or is rated not in excess of 2 brake horsepower and which is not capable of propelling such motorcycle at a speed greater than 30 miles per hour on level ground.

(b) Notwithstanding subsection (1), a person over 21 years of age may operate or ride upon a motorcycle without wearing protective headgear securely fastened upon his or her head if such person is covered by an insurance policy providing for at least $10,000.
in medical benefits for injuries incurred as a result of a crash while operating or riding on a motorcycle.

(4) A person under 16 years of age may not operate or ride upon a moped unless the person is properly wearing protective headgear securely fastened upon his or her head which complies with Federal Motorcycle Vehicle Safety Standard 218 promulgated by the United States Department of Transportation.

(5) The department shall make available a list of protective headgear approved in this section, and the list shall be provided on request.

(6) Each motorcycle registered to a person under 21 years of age must display a license plate that is unique in design and color.

(7) A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

316.212. Operation of golf carts on certain roadways.

The operation of a golf cart upon the public roads or streets of this state is prohibited except as provided herein:

(1) A golf cart may be operated only upon a county road that has been designated by a county, or a municipal street that has been designated by a municipality, for use by golf carts. Prior to making such a designation, the responsible local governmental entity must first determine that golf carts may safely travel on or cross the public road or street, considering factors including the speed, volume, and character of motor vehicle traffic using the road or street. Upon a determination that golf carts may be safely operated on a designated road or street, the responsible governmental entity shall post appropriate signs to indicate that such operation is allowed.

(2) A golf cart may be operated on a part of the State Highway System only under the following conditions:

(a) To cross a portion of the State Highway System which intersects a county road or municipal street that has been designated for use by golf carts if the Department of Transportation has reviewed and approved the location and design of the crossing and any traffic control devices needed for safety purposes.

(b) To cross, at midblock, a part of the State Highway System where a golf course is constructed on both sides of the highway if the Department of Transportation has reviewed and approved the location and design of the crossing and any traffic control devices needed for safety purposes.

(c) A golf cart may be operated on a state road that has been designated for transfer to a local government unit pursuant to § 335.0415 if the Department of Transportation determines that the operation of a golf cart within the right-of-way of the road will not impede the safe and efficient flow of motor vehicular traffic. The department may authorize the operation of golf carts on such a road if:

1. The road is the only available public road along which golf carts may travel or cross or the road provides the safest travel route among alternative routes available; and

2. The speed, volume, and character of motor vehicular traffic using the road is considered in making such a determination.

Upon its determination that golf carts may be operated on a given road, the department shall post appropriate signs on the road to indicate that such operation is allowed.

(3) Notwithstanding any other provision of this section, a golf cart may be operated for the purpose of crossing a street or highway where a single mobile home park is located on both sides of the street or highway and is divided by that street or highway, provided that the governmental entity having original jurisdiction over such street or highway shall review and approve the location of the crossing and require implementation of any traffic controls needed for safety purposes. This subsection shall apply only to residents or guests of the mobile home park. If notice is posted at the entrance and exit of any mobile home park where residents of the park operate golf carts or electric vehicles within the confines of the park, it is not necessary for the park to have a gate or other device at the entrance and exit in order for such golf carts or electric vehicles to be lawfully operated in the park.

(4) Notwithstanding any other provision of this section, if authorized by the Division of Recreation and Parks of the Department of Environmental Protection, a golf cart may be operated on a road that is part of the State Park Road System if the posted speed limit is 35 miles per hour or less.

(5) A golf cart may be operated only during the hours between sunrise and sunset, unless the responsible governmental entity has determined that a golf cart may be operated during the hours between sunset and sunrise and the golf cart is equipped with
headlights, brake lights, turn signals, and a windshield.

(6) A golf cart must be equipped with efficient brakes, reliable steering apparatus, safe tires, a rearview mirror, and red reflectorized warning devices in both the front and rear.

(7) A golf cart may not be operated on public roads or streets by any person under the age of 14.

(8) A local governmental entity may enact an ordinance relating to:

(a) Golf cart operation and equipment which is more restrictive than those enumerated in this section. Upon enactment of such ordinance, the local governmental entity shall post appropriate signs or otherwise inform the residents that such an ordinance exists and that it will be enforced within the local government’s jurisdictional territory. An ordinance referred to in this section must apply only to an unlicensed driver.

(b) Golf cart operation on sidewalks adjacent to specific segments of municipal streets, county roads, or state highways within the jurisdictional territory of the local governmental entity if:

1. The local governmental entity determines, after considering the condition and current use of the sidewalks, the character of the surrounding community, and the locations of authorized golf cart crossings, that golf carts, bicycles, and pedestrians may safely share the sidewalk;

2. The local governmental entity consults with the Department of Transportation before adopting the ordinance;

3. The ordinance restricts golf carts to a maximum speed of 15 miles per hour and permits such use on sidewalks adjacent to state highways only if the sidewalks are at least 8 feet wide;

4. The ordinance requires the golf carts to meet the equipment requirements in subsection (6). However, the ordinance may require additional equipment, including horns or other warning devices required by § 316.271; and

5. The local governmental entity posts appropriate signs or otherwise informs residents that the ordinance exists and applies to such sidewalks.

(9) A violation of this section is a non-criminal traffic infraction, punishable pursuant to chapter 318 as a moving violation for infractions of subsections (1)-(5) or a local ordinance corresponding thereto and enacted pursuant to subsection (8), or punishable pursuant to chapter 318 as a nonmoving violation for infractions of subsection (6), subsection (7), or a local ordinance corresponding thereto and enacted pursuant to subsection (8).

(1) A low-speed vehicle or mini truck may be operated only on streets where the posted speed limit is 35 miles per hour or less. This does not prohibit a low-speed vehicle or mini truck from crossing a road or street at an intersection where the road or street has a posted speed limit of more than 35 miles per hour.

(2) A low-speed vehicle must be equipped with headlamps, stop lamps, turn signal lamps, taillamps, reflex reflectors, parking brakes, rearview mirrors, windshield, seat belts, and vehicle identification numbers.

(3) A low-speed vehicle or mini truck must be registered and insured in accordance with § 320.02 and titled pursuant to chapter 319.

(4) Any person operating a low-speed vehicle or mini truck must have in his or her possession a valid driver license.

(5) A county or municipality may prohibit the operation of low-speed vehicles or mini trucks on any road under its jurisdiction if the governing body of the county or municipality determines that such prohibition is necessary in the interest of safety.

(6) The Department of Transportation may prohibit the operation of low-speed vehicles or mini trucks on any road under its jurisdiction if it determines that such prohibition is necessary in the interest of safety.

316.2123. Operation of an ATV on certain roadways.

(1) The operation of an ATV, as defined in § 317.0003, upon the public roads or streets of this state is prohibited, except that an ATV may be operated during the daytime on an unpaved roadway where the posted speed limit is less than 35 miles per hour.

(2) A county is exempt from this section if the governing body of the county, by majority vote, following a noticed public hearing, votes to exempt the county from this section. Alternatively, a county may, by majority vote after such a hearing, designate certain unpaved roadways where an ATV may be operated during the daytime as long as each such designated roadway has a posted speed limit.
of less than 35 miles per hour and is appropriately marked to indicate permissible ATV use.

(3) Any ATV operation that is permitted under subsection (1) or subsection (2) may be undertaken only by a licensed driver or a minor who is under the direct supervision of a licensed driver. The operator must provide proof of ownership under chapter 317 upon the request of a law enforcement officer.

316.2125. Operation of golf carts within a retirement community.

(2) (a) A county or municipality may prohibit the operation of golf carts on any street or highway under its jurisdiction if the governing body of the county or municipality determines that such prohibition is necessary in the interest of safety.

(b) The Department of Transportation may prohibit the operation of golf carts on any street or highway under its jurisdiction if it determines that such prohibition is necessary in the interest of safety.

(3) A local governmental entity may enact an ordinance regarding golf cart operation and equipment which is more restrictive than those enumerated in this section. Upon enactment of any such ordinance, the local governmental entity shall post appropriate signs or otherwise inform the residents that such an ordinance exists and that it shall be enforced within the local government’s jurisdictional territory. An ordinance referred to in this section must apply only to an unlicensed driver.

(1) A utility vehicle may be operated by a homeowners’ association or its agents only upon a county road that has been designated by a county, or a city street that has been designated by a city, for use by a utility vehicle for general maintenance, security, and landscaping purposes. Prior to making such a designation, the responsible local governmental entity must first determine that utility vehicles may safely travel on or cross the public road or street, considering factors including the speed, volume, and character of motor vehicle traffic on the road or street. Upon a determination that utility vehicles may be safely operated on a designated road or street, the responsible governmental entity shall post appropriate signs to indicate that such operation is allowed.

(2) A utility vehicle may be operated by a homeowners’ association or its agents on a portion of the State Highway System only under the following conditions:

(a) To cross a portion of the State Highway System which intersects a county road or a city street that has been designated for use by utility vehicles if the Department of Transportation has reviewed and approved the location and design of the crossing and any traffic control devices needed for safety purposes.

(b) To cross, at midblock, a portion of the State Highway System where the highway bisects property controlled or maintained by a homeowners’ association if the Department of Transportation has reviewed and approved the location and design of the crossing and any traffic control devices needed for safety purposes.

(c) To travel on a state road that has been designated for transfer to a local government unit pursuant to § 335.0415 if the Department of Transportation determines that the operation of a utility vehicle within the right-of-way of the road will not impede the safe and efficient flow of motor vehicle traffic. The department may authorize the operation of utility vehicles on such a road if:

1. The road is the only available public road on which utility vehicles may travel or cross or the road provides the safest travel route among alternative routes available; and

2. The speed, volume, and character of motor vehicle traffic on the road is considered in making such a determination.

Upon its determination that utility vehicles may be operated on a given road, the department shall post appropriate signs on the road to indicate that such operation is allowed.

(3) A utility vehicle may be operated by a homeowners’ association or its agents only during the hours between sunrise and sunset, unless the responsible governmental entity has determined that a utility vehicle may be operated during the hours between sunset and sunrise and the utility vehicle is

When rear identification lamps are required and are mounted as high as is practicable, rear clearance lamps may be mounted at optional height, and when the mounting of front clearance lamps results in such lamps failing to indicate the extreme width of the trailer, such lamps may be mounted at optional height but must indicate, as nearly as practicable, the extreme width of the trail-
er. Clearance lamps on truck tractors shall be located so as to indicate the extreme width of the truck tractor cab. Clearance lamps and side marker lamps may be mounted in combination provided illumination is given as required herein with reference to both.

(3) A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

316.226. Visibility requirements for reflectors, clearance lamps, identification lamps and marker lamps.

(1) Every reflector upon any vehicle referred to in § 316.2225 shall be of such size and characteristics and so maintained as to be readily visible at nighttime from all distances within 600 feet to 100 feet from the vehicle when directly in front of lawful lower beams of headlamps, except that the visibility for reflectors on vehicles manufactured or assembled prior to January 1, 1972, shall be measured in front of lawful upper beams of headlamps. Reflectors required to be mounted on the sides of the vehicle shall reflect the required color of light to the sides and those mounted on the rear shall reflect a red color to the rear.

(2) Front and rear clearance lamps and identification lamps shall be capable of being seen and distinguished under normal atmospheric conditions at the times lights are required at all distances between 550 feet from the front and rear, respectively, of the vehicle.

(3) Side marker lamps shall be capable of being seen and distinguished under normal atmospheric conditions at the times lights are required at all distances between 550 feet from the side of the vehicle on which mounted.

(4) A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

316.227. Obstructed lights not required.

Whenever motor and other vehicles are operated in combination during the time that lights are required, any lamp (except tailamps) need not be lighted which, by reason of its location on a vehicle of the combination, would be obscured by another vehicle of the combination, but this shall not affect the requirement that lighted clearance lamps be displayed on the front of the foremost vehicle required to have clearance lamps, nor that all lights required on the rear of the rearmost vehicle of any combination shall be lighted.

316.228. Lamps or flags on projecting load.

(1) Except as provided in subsection (2), whenever the load upon any vehicle extends to the rear 4 feet or more beyond the bed or body of such vehicle, there shall be displayed at the extreme rear end of the load, at the times specified in § 316.217, two red lamps visible from a distance of at least 500 feet to the rear, two red reflectors visible at night from all distances within 600 feet to 100 feet to the rear when directly in front of lawful lower beams of headlamps and located so as to indicate maximum width, and on each side one red lamp visible from a distance of at least 500 feet to the side and located so as to indicate maximum overhang. There shall be displayed at all other times on any vehicle having a load which extends beyond its sides or more than 4 feet beyond its rear, red flags, not less than 12 inches square, marking the extremities of such load, at each point where a lamp would otherwise be required by this section. A violation of this section is a noncriminal traffic infraction punishable as a nonmoving violation as provided in chapter 318.

(2) Any commercial motor vehicle or trailer transporting a load of unprocessed logs or pulpwood, which load extends more than 4 feet beyond the rear of the body or bed of such vehicle, must have securely fixed as close as practical to the end of any such projection one amber strobe-type lamp equipped with a multidirectional type lens so mounted as to be visible from the rear and both sides of the projecting load. If the mounting of one strobe lamp cannot be accomplished so that it is visible from the rear and both sides of the projecting load, multiple strobe lights must be used to meet the visibility requirements of this subsection. The strobe lamp must flash at a rate of at least 60 flashes per minute and must be plainly visible from a distance of at least 500 feet to the rear and sides of the projecting load at any time of the day or night. The lamp must be operating at any time of the day or night when the vehicle is operated on any highway or parked on the shoulder or immediately adjacent to the traveled portion of any public roadway. The projecting load must also be marked with a red flag as described in subsection (1).

316.229. Lamps on parked vehicles.

(1) Every vehicle shall be equipped with one or more lamps which, when lighted, shall display a white or amber light visible from a distance of 1,000 feet to the front of the vehicle and a red light visible from a distance
of 1,000 feet to the rear of the vehicle. The location of the lamp or lamps shall always be such that at least one lamp or combination of lamps meeting the requirements of this section is installed as near as practicable to the side of the vehicle which is closest to passing traffic.

(2) Whenever a vehicle is lawfully parked upon a street or highway during the hours between sunset and sunrise and in the event there is sufficient light to reveal persons and vehicles within a distance of 1,000 feet upon such street or highway, no lights need be displayed upon such parked vehicle.

(3) Whenever a vehicle is parked or stopped upon a roadway or shoulder adjacent thereto outside of a municipality, whether attended or unattended, during the hours between sunset and sunrise and there is insufficient light to reveal any person or object within a distance of 1,000 feet upon such highway, the vehicle so parked or stopped shall be equipped with and shall display lamps meeting the requirements of subsection (1).

(4) Any lighted headlamps upon a parked vehicle shall be depressed or dimmed.

(5) A violation of this section is a noncriminal traffic infraction, punishable as a non-moving violation as provided in chapter 318.

316.2295. Lamps, reflectors and emblems on farm tractors, farm equipment and implements of husbandry.

(1) Every farm tractor and every self-propelled unit of farm equipment or implement of husbandry manufactured or assembled after January 1, 1972, shall be equipped with vehicular hazard-warning lights visible from a distance of not less than 1,000 feet to the front and rear in normal sunlight, which shall be displayed whenever any such vehicle is operated upon a highway.

(2) Every farm tractor and every self-propelled unit of farm equipment or implement of husbandry manufactured or assembled after January 1, 1972, shall at all times, and every other such motor vehicle shall at all times mentioned in § 316.217, be equipped with lamps and reflectors as follows:

(a) At least two headlamps meeting the requirements of §§ 316.237 and 316.239.

(3) Every combination of farm tractor and towed farm equipment or towed implement of husbandry shall at all times mentioned in § 316.217 be equipped with lamps and reflectors as follows:

(a) The farm tractor shall be equipped as required in subsections (1) and (2).

(b) If the towed unit or its load extends more than 4 feet to the rear of the tractor or obscures any light thereon, the unit shall be equipped on the rear with at least two red reflectors visible from all distances within 600 feet to 100 feet to the rear when directly in front of lawful lower beams of headlamps.

(c) If the towed unit of such combination extends more than 4 feet to the left of the centerline of the tractor, the unit shall be equipped on the front with an amber reflector visible from all distances within 600 feet to 100 feet to the front when directly in front of lawful lower beams of headlamps. This reflector shall be so positioned to indicate, as nearly as practicable, the extreme left projection of the towed unit.

(4) The two red reflectors required in the foregoing subsections shall be so positioned as to show from the rear, as nearly as practicable, the extreme width of the vehicle or combination carrying them. If all other requirements are met, reflective tape or paint may be used in lieu of the reflectors required by subsection (3).

(5) Every farm tractor and every self-propelled unit of farm equipment or implement of husbandry designed for operation at speeds not in excess of 25 miles per hour shall at all times be equipped with a slow moving vehicle emblem mounted on the rear except as provided in subsection (6).

(6) Every combination of farm tractor and towed farm equipment or towed implement of husbandry normally operating at speeds not in excess of 25 miles per hour shall at all times be equipped with a slow moving vehicle emblem as follows:

(a) When the towed unit or any load thereon obscures the slow moving vehicle emblem on the farm tractor, the towed unit shall be equipped with a slow moving vehicle emblem. In such cases, the towing vehicle need not display the emblem.

(b) When the slow moving vehicle emblem on the farm tractor unit is not obscured by the towed unit or its load, then either or both may be equipped with the required emblem, but it shall be sufficient if either has it.

(c) The emblem required by subsections (5) and (6) shall comply with current standards and specifications of the American So-
ciety of Agricultural Engineers approved by the department.

(7) Except during the periods of time stated in § 316.217(1), an agricultural product trailer which is less than 10 feet in length and narrower than the hauling vehicle is not required to have taillamps, stop lamps, and turn signals and may use the hauling vehicle’s lighting apparatus to meet the requirements of §§ 316.221 and 316.222. However, the load of the agricultural product trailer must be contained within the trailer and must not in any way obstruct the hauling vehicle’s lighting apparatus.

(8) A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

316.231. Lamps on other vehicles and equipment.

Every vehicle, including animal-drawn vehicles and vehicles referred to in § 316.215(3), not specifically required by the provisions of this section to be equipped with lamps or other lighting devices shall at all times specified in § 316.217 be equipped with at least one lamp displaying a white light visible from a distance of not less than 1,000 feet to the front of said vehicle, and shall also be equipped with two lamps displaying red light visible from a distance of not less than 1,000 feet to the rear of the vehicle, or, as an alternative, one lamp displaying a red light visible from a distance of not less than 1,000 feet to the rear and two red reflectors visible from all distances of 600 to 100 feet to the rear when illuminated by the lawful lower beams of headlamps. A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

316.233. Spot lamps and auxiliary lamps.

(1) SPOT LAMPS.—Any motor vehicle may be equipped with not to exceed two spot lamps and every lighted spot lamp shall be so aimed and used that no part of the high intensity portion of the beam will strike the windshield, or any windows, mirror, or occupant of another vehicle in use.

(2) FOG LAMPS.—Any motor vehicle may be equipped with not to exceed two fog lamps mounted on the front at a height not less than 12 inches nor more than 30 inches above the level surface upon which the vehicle stands and so aimed that when the vehicle is not loaded none of the high intensity portion of the light to the left of the center of the vehicle shall at a distance of 25 feet ahead project higher than a level of 4 inches below the level of the center of the lamp from which it comes. Lighted fog lamps meeting the above requirements may be used with lower headlamp beams as specified in § 316.237(1)(b).

(3) AUXILIARY PASSING LAMPS.—Any motor vehicle may be equipped with not to exceed two auxiliary passing lamps mounted on the front at a height not less than 24 inches nor more than 42 inches above the level surface upon which the vehicle stands. The provisions of § 316.237 shall apply to any combination of headlamps and auxiliary passing lamps.

(4) AUXILIARY DRIVING LAMPS.—Any motor vehicle may be equipped with not to exceed two auxiliary driving lamps mounted on the front at a height not less than 16 inches nor more than 42 inches above the level surface upon which the vehicle stands. The provisions of § 316.237 shall apply to any combination of headlamps and auxiliary driving lamps.

(5) VIOLATIONS.—A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

316.234. Signal lamps and signal devices.

(1) Any vehicle may be equipped and, when required under this chapter, shall be equipped with a stop lamp or lamps on the rear of the vehicle which shall display a red or amber light, visible from a distance of not less than 300 feet to the rear in normal sunlight, and which shall be actuated upon application of the service (foot) brake, and which may but need not be incorporated with one or more other rear lamps. An object, material, or covering that alters the stop lamp’s visibility from 300 feet to the rear in normal sunlight may not be placed, displayed, installed, affixed, or applied over a stop lamp.

(2) Any vehicle may be equipped and, when required under § 316.222(2), shall be equipped with electric turn signals which shall indicate an intention to turn by flashing lights showing to the front and rear of a vehicle or on a combination of vehicles on the side of the vehicle or combination toward which the turn is to be made. The lamps showing to the front shall be mounted on the same level and as widely spaced laterally as practicable and, when signaling, shall emit white or amber light. The lamps showing to the rear shall be mounted on the same level and as widely spaced laterally as practicable, and, when signaling, shall emit a red or amber light. Turn signal lamps on vehicles 80
inches or more in overall width shall be visible from a distance of not less than 500 feet to the front and rear in normal sunlight, and an object, material, or covering that alters the lamp's visibility from a distance of 500 feet to the front or rear in normal sunlight may not be placed, displayed, installed, affixed, or applied over a turn signal lamp. Turn signal lamps on vehicles less than 80 inches wide shall be visible at a distance of not less than 300 feet to the front and rear in normal sunlight, and an object, material, or covering that alters the lamp's visibility from a distance of 300 feet to the front or rear in normal sunlight may not be placed, displayed, installed, affixed, or applied over a turn signal lamp. Turn signal lamps may, but need not be, incorporated in other lamps on the vehicle.

(2) Any motor vehicle may be equipped with not more than one running board courtesy lamp on each side thereof which shall emit a white or amber light without glare.

(3) Any motor vehicle may be equipped with one or more backup lamps either separately or in combination with other lamps, but any such backup lamp or lamps shall not be lighted when the motor vehicle is in forward motion.

(4) Any vehicle 80 inches or more in overall width, if not otherwise required by § 316.2225, may be equipped with not more than three identification lamps showing to the front which shall emit an amber light without glare and not more than three identification lamps showing to the rear which shall emit a red light without glare. Such lamps shall be mounted as specified in this chapter.

(5) A bus, as defined in § 316.003(3), may be equipped with a deceleration lighting system which cautions following vehicles that the bus is slowing, preparing to stop, or is stopped. Such lighting system shall consist of amber lights mounted in horizontal alignment on the rear of the vehicle at or near the vertical centerline of the vehicle, not higher than the lower edge of the rear window or, if the vehicle has no rear window, not higher than 72 inches from the ground. Such lights shall be visible from a distance of not less than 300 feet to the rear in normal sunlight. Lights are permitted to light and flash during deceleration, braking, or standing and idling of the bus. Vehicular hazard warning flashers may be used in conjunction with or in lieu of a rear-mounted deceleration lighting system.

(6) A violation of this section is a noncriminal traffic infraction, punishable as a non-moving violation as provided in chapter 318.

316.237. Multiple-beam road-lighting equipment.

(1) Except as hereinafter provided, the headlamps or the auxiliary driving lamp or the auxiliary passing lamp or combination thereof on motor vehicles shall be so arranged that the driver may select at will between distributions of light projected to different elevations and such lamps may, in addition, be so arranged that such selection can be made automatically, subject to the following limitations:

(a) There shall be an uppermost distribution of light, or composite beam, so aimed and of such intensity as to reveal persons and vehicles at a distance of at least 450 feet ahead for all conditions of loading.

(b) There shall be a lowermost distribution of light, or composite beam, so aimed and of sufficient intensity to reveal persons and vehicles at a distance of at least 150 feet ahead; and on a straight level road under any condition of loading none of the high intensity portion of the beam shall be directed to strike the eyes of an approaching driver.

An object, material, or covering that alters the headlamp's visibility from at least 450 feet for an uppermost distribution of light or at least 150 feet for a lowermost distribution of light may not be placed, displayed, installed, affixed, or applied over a headlamp.

(2) Every new motor vehicle registered in this state shall be equipped with a beam indicator, which shall be lighted whenever the uppermost distribution of light from the headlamps is in use, and shall not otherwise be lighted. Said indicator shall be so designed and located that when lighted it will be readily visible without glare to the driver of the vehicle so equipped.

(3) A violation of this section is a noncriminal traffic infraction, punishable as a non-moving violation as provided in chapter 318.

316.238. Use of multiple-beam road-lighting equipment.

(1) Whenever a motor vehicle is being operated on a roadway or shoulder adja-
cent thereto during the times specified in § 316.217, the driver shall use a distribution of light, or composite beam, directed high enough and of sufficient intensity to reveal persons and vehicles at a safe distance in advance of the vehicle, subject to the following requirements and limitations:

(a) Whenever the driver of a vehicle approaches an oncoming vehicle within 500 feet, such driver shall use a distribution of light, or composite beam, so aimed that the glaring rays are not projected into the eyes of the oncoming driver. The lowermost distribution of light, or composite beam, specified in §§ 316.237(1)(a) and 316.430(2)(a) shall be deemed to avoid glare at all times, regardless of road contour and loading.

(b) Whenever the driver of a vehicle approaches another vehicle from the rear within 300 feet, such driver shall use a distribution of light permissible under this chapter other than the uppermost distribution of light specified in §§ 316.237(1)(a) and 316.430(2)(a).

(2) A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.2385. Requirements for use of lower beam.

The lower or passing beam shall be used at all times during the twilight hours in the morning and the twilight hours in the evening, and during fog, smoke and rain. Twilight shall mean the time between sunset and full night or between full night and sunrise. A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

316.239. Single-beam road-lighting equipment.

(1) Headlamp systems which provide only a single distribution of light shall be permitted on all farm tractors regardless of date of manufacture, and on other motor vehicles manufactured and sold prior to January 1, 1972, in lieu of multiple-beam road-lighting equipment herein specified if the single distribution of light complies with the following requirements and limitations:

(a) The headlamps shall be so aimed that when the vehicle is not loaded none of the high intensity portion of the light shall, at a distance of 25 feet ahead, project higher than a level of five inches below the level of the center of the lamp from which it comes, and in no case higher than 42 inches above the level on which the vehicle stands at a distance of 75 feet ahead.

(b) The intensity shall be sufficient to reveal persons and vehicles at a distance of at least 200 feet.

(2) A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

316.2395. Motor vehicles; minimum headlamp requirement.

Any motor vehicle may be operated at nighttime under the conditions specified in §§ 316.237 and 316.239, when equipped with two lighted lamps upon the front thereof capable of revealing persons and objects 100 feet ahead in lieu of lamps required in §§ 316.237 and 316.239. However, at no time when lighted lamps are required shall such motor vehicle be operated in excess of 20 miles per hour. A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

316.2396. Number of driving lamps required or permitted.

(1) At all times specified in § 316.217, at least two lighted lamps shall be displayed, one on each side at the front of every motor vehicle, except when such vehicle is parked subject to the regulations governing lights on parked vehicles.

(2) Whenever a motor vehicle equipped with headlamps, as herein required, is also equipped with any auxiliary lamps or a spot lamp or any other lamp on the front thereof projecting a beam of intensity greater than 300 candlepower, not more than a total of 4 of any such lamps on the front of a vehicle shall be lighted at any one time when upon a highway.

(3) A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

316.2397. Certain lights prohibited; exceptions.

Wreckers, mosquito control fog and spray vehicles, and emergency vehicles of governmental departments or public service corporations may show or display amber lights when in actual operation or when a hazard exists provided they are not used going to and from the scene of operation or hazard without specific authorization of a law enforcement officer or law enforcement agency. Wreckers must use amber rotating or flashing lights while performing recoveries and loading on the roadside day or night, and may use such lights while towing a vehicle on wheel lifts, slings, or under reach if the operator of the wrecker deems such lights necessary. A flatbed, car carrier, or rollback may not use amber rotating or flashing lights when hauling a vehicle on the bed unless it creates a hazard to other motorists because of protruding objects. Further, escort vehicles may show or display amber lights when in the actual process of escorting overdimensioned equipment, material, or buildings as authorized by law. Vehicles owned or leased by private security agencies may show or display green and amber lights, with either color being no greater than 50 percent of the lights displayed, while the security personnel are engaged in security duties on private or public property.

(4) Road or street maintenance equipment, road or street maintenance vehicles, road service vehicles, refuse collection vehicles, petroleum tankers, and mail carrier vehicles may show or display amber lights when in operation or a hazard exists.

(5) Road maintenance and construction equipment and vehicles may display flashing white lights or flashing white strobe lights when in operation and where a hazard exists. Additionally, school buses and vehicles that are used to transport farm workers may display flashing white strobe lights.

(6) All lighting equipment heretofore referred to shall meet all requirements as set forth in § 316.241.

(7) Flashing lights are prohibited on vehicles except:

(a) As a means of indicating a right or left turn, to change lanes, or to indicate that the vehicle is lawfully stopped or disabled upon the highway;

(b) When a motorist intermittently flashes his or her vehicle’s headlamps at an oncoming vehicle notwithstanding the motorist’s intent for doing so; and

(c) For the lamps authorized under subsections (1), (2), (3), (4), and (9), § 316.2065, or § 316.235(5) which may flash.

(8) Subsections (1) and (7) do not apply to police, fire, or authorized emergency vehicles while in the performance of their necessary duties.

(9) Flashing red lights may be used by emergency response vehicles of the Fish and Wildlife Conservation Commission, the Department of Environmental Protection, and the Department of Health when responding to an emergency in the line of duty.

(10) A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

(1) A privately owned vehicle belonging to an active firefighter member of a regularly organized volunteer firefighting company or association, while en route to the fire station for the purpose of proceeding to the scene of a fire or other emergency or while en route to the scene of a fire or other emergency in the line of duty as an active firefighter member of a regularly organized firefighting company or association, or a privately owned vehicle belonging to a medical staff physician or technician of a medical facility licensed by the state, while responding to an emergency in the line of duty, may display or use red warning signals visible from the front and from the rear of such vehicle, subject to the following restrictions and conditions:

(a) No more than two red warning signals may be displayed.
(b) No inscription of any kind may appear across the face of the lens of the red warning signal.

(c) In order for an active volunteer firefighter to display such red warning signals on his or her vehicle, the volunteer firefighter must first secure a written permit from the chief executive officers of the firefighting organization to use the red warning signals, and this permit must be carried by the volunteer firefighter at all times while the red warning signals are displayed.

(2) It is unlawful for any person who is not an active firefighter member of a regularly organized volunteer firefighting company or association or a physician or technician of the medical staff of a medical facility licensed by the state to display on any motor vehicle owned by him or her, at any time, any red warning signals as described in subsection (1).

(3) It is unlawful for an active firefighter to operate any red warning signals as authorized in subsection (1), except when en route to the fire station for the purpose of proceeding to the scene of a fire or other emergency, or while at or en route to the scene of a fire or other emergency, in the line of duty.

(4) It is unlawful for a physician or technician of the medical staff of a medical facility to operate any red warning signals as authorized in subsection (1), except when responding to an emergency in the line of duty.

(5) A violation of this section is a nonmoving violation, punishable as provided in chapter 318. In addition, any volunteer firefighter shall be dismissed from membership in the firefighting organization by the chief executive officers thereof.

316.2399. Special warning lights for buses or taxicabs.

Such devices shall be capable of activation by the operator of the bus or taxicab and shall be of a type approved by the Department of Highway Safety and Motor Vehicles. Such devices shall be mounted one at the front and one at the rear of the bus or taxicab and shall display flashing red lights which shine on the roadway under the vehicle. (3) A violation of this section shall be defined as a moving violation. A person charged with a violation of this section is subject to the penalty provided in §318.18.

316.253. Vehicles used to sell ice cream and other confections; display of warnings required.

Any person who sells ice cream or other frozen confections at retail from a motor vehicle shall display on each side of such motor vehicle, in letters at least 3 inches high, a warning containing the words “look out for children” or “caution: children” or such similar words as are approved by the department. A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.
traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

316.261. Brake equipment required. Every motor vehicle, trailer, semitrailer, and pole trailer, and any combination of such vehicles, operating upon a highway within this state shall be equipped with brakes in compliance with the requirements of this chapter.

1. SERVICE BRAKES; ADEQUACY.—Every such vehicle and combination of vehicles, except special mobile equipment not designed to carry persons, shall be equipped with service brakes adequate to control the movement of and to stop and hold such vehicle under all conditions of loading, and on any grade incident to its operation.

(2) PARKING BRAKES; ADEQUACY.—Every such vehicle and combination of vehicles shall be equipped with parking brakes adequate to hold the vehicle on any grade on which it is operated, under all conditions of loading, on a surface free of loose material. The parking brakes shall be capable of being applied in conformance with the foregoing requirements by the driver’s muscular effort or by spring action or by equivalent means. Their operation may be assisted by the service brakes or other source of power provided that failure of the service brake actuation system or other power assisting mechanism will not prevent the parking brakes from being applied in conformance with the foregoing requirements. The parking brakes shall be so designed that when once applied they shall remain applied with the required effectiveness despite exhaustion of any source of energy or leakage of any kind. The same brakedrums, brakeshoes and lining assemblies, brakeshoe anchors, and mechanical brakeshoe actuation mechanism normally associated with the wheel-brake assemblies may be used for both the service brakes and the parking brakes. If the means of applying the parking brakes and the service brakes are connected in any way, they shall be so constructed that failure of any one part shall not leave the vehicle without operative brakes.

(3) BRAKES ON ALL WHEELS.—Every vehicle shall be equipped with brakes acting on all wheels except:

(a) Trailers, semitrailers, or pole trailers of a gross weight not exceeding 3,000 pounds, provided that:

1. The total weight on and including the wheels of the trailer or trailers shall not exceed 40 percent of the gross weight of the towing vehicle when connected to the trailer or trailers; and

2. The combination of vehicles, consisting of the towing vehicle and its total towed load, is capable of complying with the performance requirements of § 316.262.

(b) Pole trailers with a gross weight in excess of 3,000 pounds manufactured prior to January 1, 1972, need not be equipped with brakes.

(c) Any vehicle being towed in driveaway or towaway operations, provided the combination of vehicles is capable of complying with the performance requirements of § 316.262.

(d) Trucks and truck tractors having three or more axles need not have brakes on the front wheels, except that when such vehicles are equipped with at least two steerable axles, the wheels of one steerable axle need not have brakes. However, such trucks and truck tractors must be capable of complying with the performance requirements of § 316.262.

(e) Special mobile equipment not designed to carry persons.

(f) “Antique cars” as defined in § 320.08, and “horseless carriages” as defined in § 320.086.

(g) Four-wheeled motorized golf carts operated by municipal or county law enforcement officers on official business.

(4) AUTOMATIC TRAILER BRAKE APPLICATION UPON BREAKAWAY.—Every trailer, semitrailer, and pole trailer with air or vacuum-actuated brakes, every trailer and semitrailer with a gross weight in excess of 3,000 pounds, and every pole trailer with a gross weight in excess of 3,000 pounds manufactured or assembled after January 1, 1972, shall be equipped with brakes acting on all wheels and of such character as to be applied automatically and promptly, and remain applied for at least 15 minutes, upon breakaway from the towing vehicle.

(5) TRACTOR BRAKES PROTECTED.—Every motor vehicle manufactured or assembled after January 1, 1972, and used to tow a trailer, semitrailer, or pole trailer equipped with brakes, shall be equipped with means for providing that in case of breakaway of the towed vehicle, the towing vehicle will be capable of being stopped by the use of its service brakes.

(6) TRAILER AIR RESERVOIRS SAFEGUARDED.—Air brake systems installed on trailers manufactured or assembled after January 1, 1972, shall be so designed that the supply reservoir used to provide air for the brakes shall be safeguard-
ed against backflow of air from the reservoir through the supply line.

(7) TWO MEANS OF EMERGENCY BRAKE OPERATION.—

(a) Every towing vehicle, when used to tow another vehicle equipped with air-controlled brakes, in other than driveaway or towaway operations, shall be equipped with two means for emergency application of the trailer brakes. One of these means shall apply the brakes automatically in the event of a reduction of the towing vehicle air supply to a fixed pressure which shall not be lower than 20 pounds per square inch nor higher than 45 pounds per square inch. The other means shall be a manually controlled device for applying and releasing the brakes, readily operable by a person seated in the driving seat, and its emergency position or method of operation shall be clearly indicated. In no instance may the manual means be so arranged as to permit its use to prevent operation of the automatic means. The automatic and the manual means required by this section may be, but are not required to be, separate.

(b) Every towing vehicle used to tow other vehicles equipped with vacuum brakes, in operations other than driveaway or towaway operations, shall have, in addition to the single-control device required by subsection (8), a second-control device which can be used to operate the brakes on towed vehicles in emergencies. The second control shall be independent of brake air, hydraulic, and other pressure, and independent of other controls, unless the braking system is so arranged that failure of the pressure upon which the second control depends will cause the towed vehicle brakes to be applied automatically. The second control is not required to provide modulated braking.

(8) SINGLE CONTROL TO OPERATE ALL BRAKES.—Every motor vehicle, trailer, semitrailer and pole trailer, and every combination of such vehicles, equipped with brakes shall have the braking system so arranged that one control device can be used to operate all service brakes. This requirement does not prohibit vehicles from being equipped with an additional control device to be used to operate brakes on the towed vehicles. This regulation does not apply to driveaway or towaway operations unless the brakes on the individual vehicles are designed to be operated by a single control on the towing vehicle.

(9) RESERVOIR CAPACITY AND CHECK VALVE.—

(a) Air brakes.—Every bus, truck or truck tractor with air-operated brakes shall be equipped with at least one reservoir sufficient to ensure that, when fully charged to the maximum pressure as regulated by the air compressor governor cutout setting, a full service-brake application may be made without lowering such reservoir pressure by more than 20 percent. Each reservoir shall be provided with means for readily draining accumulated oil or water.

(b) Vacuum brakes.—Every truck with three or more axles equipped with vacuum assistortype brakes and every truck tractor and truck used for towing a vehicle equipped with vacuum brakes shall be equipped with a reserve capacity or a vacuum reservoir sufficient to ensure that, with the reserve capacity or reservoir fully charged and with the engine stopped, a full service-brake application may be made without depleting the vacuum supply by more than 40 percent.

(c) Reservoir safeguarded.—All motor vehicles, trailers, semitrailers, and pole trailers, when equipped with air or vacuum reservoirs or reserve capacity as required by this section, shall have such reservoirs or reserve capacity so safeguarded by a check valve or equivalent device that in the event of failure or leakage in its connection to the source of compressed air or vacuum, the stored air or vacuum shall not be depleted by the leak or failure.

(10) WARNING DEVICES.—

(a) Air brakes.—Every bus, truck or truck tractor using compressed air for the operation of its own brakes or the brakes on any towed vehicle shall be provided with a warning signal, other than a pressure gauge, readily audible or visible to the driver, which will operate at any time the air reservoir pressure of the vehicle is below 50 percent of the air compressor governor cutout pressure. In addition, each such vehicle shall be equipped with a pressure gauge visible to the driver, which indicates in pounds per square inch the pressure available for braking.

(b) Vacuum brakes.—Every truck tractor and truck used for towing a vehicle equipped with vacuum operated brakes and every truck with three or more axles using vacuum in the operation of its brakes, except those in driveaway or towaway operations, shall be equipped with a warning signal, other than a gauge indicating vacuum, readily audible or visible to the driver, which will operate at any time the vacuum in the vehicle’s supply reservoir or reserve capacity is less than 8 inches of mercury.

(c) Combination of warning devices.—When a vehicle required to be equipped with
a warning device is equipped with both air and vacuum power for the operation of its own brakes or the brakes on a towed vehicle, the warning devices may be, but are not required to be, combined into a single device which will serve both purposes. A gauge or gauges indicating pressure or vacuum shall not be deemed to be an adequate means of satisfying this requirement.

(11) VIOLATIONS.—A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

316.267. Brakes on electric-powered vehicles.

When operated on the public streets and roads, every electric-powered vehicle with a rating of 3 to 6 horsepower shall be equipped with hydraulic brakes on the two rear wheels and at all times and under all conditions of loading, upon application of the service brake, shall be capable of:

(1) Developing a braking force that is not less than 43.5 percent of its gross weight.
(2) Decelerating to a stop from not more than 20 miles per hour at not less than 17 feet per second.
(3) Stopping from a speed of 20 miles per hour in not more than 25 feet, such distance to be measured from the point at which movement of the service brake pedal or control begins.

A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

316.271. Horns and warning devices.

(1) Every motor vehicle when operated upon a highway shall be equipped with a horn in good working order and capable of emitting sound audible under normal conditions from a distance of not less than 200 feet.
(2) No horn or other warning device shall emit an unreasonably loud or harsh sound or a whistle.
(3) The driver of a motor vehicle shall, when reasonably necessary to ensure safe operation, give audible warning with his or her horn.
(4) No vehicle shall be equipped with, nor shall any person use upon a vehicle, any siren, whistle, or bell, except as otherwise permitted in this section.
(5) It is permissible but not required that any vehicle be equipped with a theft alarm signal device which is so arranged that it cannot be used by the driver as an ordinary warning signal.

(6) Every authorized emergency vehicle shall be equipped with a siren, whistle, or bell capable of emitting sound audible under normal conditions from a distance of not less than 500 feet and of a type approved by the department, but such siren, whistle, or bell shall not be used except when the vehicle is operated in response to an emergency call or in the immediate pursuit of an actual or suspected violator of the law, in which event the driver of the vehicle shall sound the siren, whistle, or bell when reasonably necessary to warn pedestrians and other drivers of the approach thereof.

(7) Notwithstanding the other provisions of this section, a trolley may be equipped with a bell, and the bell is not required to be used only as a warning device. As used in this subsection, the term “trolley” includes any bus which resembles a streetcar, which is powered by overhead electric wires or is self-propelled, and which is used primarily as a public conveyance.

(8) A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

(1) Every motor vehicle shall at all times be equipped with an exhaust system in good working order and in constant operation, including muffler, manifold pipe, and tailpiping to prevent excessive or unusual noise. In no event shall an exhaust system allow noise at a level which exceeds a maximum decibel level to be established by regulation of the Department of Environmental Protection as provided in § 403.061(11) in cooperation with the Department of Highway Safety and Motor Vehicles. No person shall use a muffler cutout, bypass or similar device upon a vehicle on a highway.
(2) The engine and power mechanism of every motor vehicle shall be so equipped and adjusted as to prevent the escape of excessive fumes or smoke.
(3) A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

316.2935. Air pollution control equipment; tampering prohibited; penalty.

(1) (a) It is unlawful for any person or motor vehicle dealer as defined in § 320.27 to offer or display for retail sale or lease, sell, lease, or transfer title to, a motor vehicle in Florida that has been tampered with in vio-
lation of this section, as determined pursuant to subsection (7). Tampering is defined as the dismantling, removal, or rendering ineffective of any air pollution control device or system which has been installed on a motor vehicle by the vehicle manufacturer except to replace such device or system with a device or system equivalent in design and function to the part that was originally installed on the motor vehicle. All motor vehicles sold, reassigned, or traded to a licensed motor vehicle dealer are exempt from this paragraph.

(b) At the time of sale, lease, or transfer of title of a motor vehicle, the seller, lessor, or transferor shall certify in writing to the purchaser, lessee, or transferee that the air pollution control equipment of the motor vehicle has not been tampered with by the seller, lessor, or transferor or their agents, employees, or other representatives. A licensed motor vehicle dealer shall also visually observe those air pollution control devices listed by department rule pursuant to subsection (7), and certify that they are in place, and appear properly connected and undamaged. Such certification shall not be deemed or construed as a warranty that the pollution control devices of the subject vehicle are in functional condition, nor does the execution or delivery of this certification create by itself grounds for a cause of action between the parties to this transaction.

(c) All motor vehicles sold, reassigned, or traded by a licensed motor vehicle dealer to a licensed motor vehicle dealer, all new motor vehicles subject to certification under § 207, Clean Air Act, 42 U.S.C. § 7541, and all lease agreements for 30 days or less are exempt from this subsection. Also exempt from this subsection are sales of motor vehicles for salvage purposes only.

(2) No person shall operate any gasoline-powered motor vehicle, except a motorcycle, moped, scooter, or an imported nonconforming motor vehicle which has received a one-time exemption from federal emission control requirements under 40 C.F.R. 85, subpart P, on the public roads and streets of this state which emits visible emissions from the exhaust pipe for more than a continuous period of 5 seconds, except during engine acceleration, engine lugging, or engine deceleration.

(3) No person shall operate on the public roads or streets of this state any diesel-powered motor vehicle which emits visible emissions from the exhaust pipe for more than a continuous period of 5 seconds, except during engine acceleration, engine lugging, or engine deceleration.

(4) This section shall be enforced by the Department of Environmental Protection and any law enforcement officer of this state as defined in § 112.531.

(5) Any person who knowingly and willfully violates this section, as determined pursuant to subsection (7), as determined pursuant to subsection (7), shall be charged with a noncriminal traffic infraction, punishable as provided in § 775.082 or § 775.083.

(b) For a second or subsequent offense, violators, including motor vehicle dealers, shall be guilty of a misdemeanor of the first degree, punishable as provided in § 775.082 or § 775.083. In addition, the Department of Highway Safety and Motor Vehicles may temporarily or permanently revoke or suspend the motor vehicle dealer license authorized pursuant to the provisions of § 320.27.

(6) Except as provided in subsection (5), any person who violates subsection (1), subsection (2), or subsection (3) shall be charged with a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318. However, the penalty may be reduced if the person committing the violation corrects the violation pursuant to the provisions of § 316.6105.

(7) The Department of Environmental Protection shall adopt rules that define the specific wording of the required certification and the circumstances under which the certificate is not required. In addition, the department shall adopt rules as necessary to conform to requirements of federal law, to establish procedures to determine compliance with this section, including specifying what tampering activities constitute a violation of this section, and to provide for exceptions and waivers. For those rules applicable pursuant to subsection (1) to licensed motor vehicle dealers for certification by visual observation, the air pollution control devices or systems that shall be included in such certification for motor vehicles dated model year 1981 or later are the catalytic converter, fuel inlet restrictor, unvented fuel cap, exhaust gas recirculation system (EGR), air pump and/or air injector system (AIS), and fuel evaporative emissions system (EVP). The department may by rule remove or add devices or systems to this test if justified by develop-
ments in air pollution control technology or changes in federal law.

316.294. Mirrors.
Every vehicle, operated singly or when towing any other vehicle, shall be equipped with a mirror so located as to reflect to the driver a view of the highway for a distance of at least 200 feet to the rear of the motor vehicle. A violation of this section is a non-criminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

316.2951. Motor vehicle windows; definitions.
Whenever used in §§ 316.2951-316.2957, unless the context otherwise requires, the following terms have the following meanings:
(1) “Motor vehicle” means any vehicle as defined in § 316.003, except vehicles used in farm husbandry, which is registered or required to be registered in the state.
(2) “Multipurpose passenger vehicle” means a motor vehicle with motive power designed to carry 10 persons or fewer which is constructed either on a truck chassis or with special features for occasional off-road operation.
(3) “Reflectance” means the ratio of the amount of total light, expressed in a percentage, which is reflected outward by the product or material to the amount of total light falling on the product or material.
(4) “Sunscreening material” means a product or material, including film, glazing, and perforated sunscreening, which, when applied to the windshield or windows of a motor vehicle, reduces the effects of the sun with respect to light reflectance or transmittance.
(5) “Transmittance” means the ratio of the amount of total light, expressed in a percentage, which is allowed to pass through the product or material, including glazing, to the amount of total light falling on the product or material and the glazing.
(6) “Window” means any device designed for exterior viewing from a motor vehicle, except the windshield, any roof-mounted viewing device, and any viewing device having less than 150 square inches in area.
(7) “Windshield” means the front exterior viewing device of a motor vehicle.

316.2952. Windshields; requirements; restrictions.
(1) A windshield in a fixed and upright position, which windshield is equipped with safety glazing as required by federal safety-glazing material standards, is required on every motor vehicle which is operated on the public highways, roads, and streets, except on a motorcycle or implement of husbandry.
(2) A person shall not operate any motor vehicle on any public highway, road, or street with any sign, sunscreening material, product, or covering attached to, or located in or upon, the windshield, except the following:
(a) A certificate or other paper required to be displayed by law.
(b) Sunscreening material along a strip at the top of the windshield, so long as such material is transparent and does not encroach upon the driver’s direct forward viewing area, more particularly described and defined in Federal Motor Vehicle Safety Standards No. 205 as the AS/1 portion of the windshield.
(c) A device, issued by a governmental entity as defined in § 334.03, or its designee, for the purpose of electronic toll payments.
(d) A global positioning system device or similar satellite receiver device which uses the global positioning system operated pursuant to 10 U.S.C. § 2281 for the purpose of obtaining navigation or routing information while the motor vehicle is being operated.
(3) The windshield on every motor vehicle shall be equipped with a device for cleaning rain, snow, or other moisture from the windshield, which device shall be constructed as to be controlled or operated by the driver of the vehicle.
(4) Every windshield wiper upon a motor vehicle shall be maintained in good working order.
(5) Grove equipment, including “goats,” “highlift-goats,” grove chemical supply tanks, fertilizer distributors, fruit-loading equipment, and electric-powered vehicles regulated under the provisions of § 316.267, are exempt from the requirements of this section. However, such electric-powered vehicles shall have a windshield approved by the department sufficient to give protection from wind, rain, or insects, and such windshield shall be in place whenever the vehicle is operated on the public roads and highways.
(6) A former military vehicle is exempt from the requirements of this section if the department determines that the exemption is necessary to maintain the vehicle’s accurate military design and markings. However, whenever the vehicle is operating on the public roads and highways, the operator and passengers must wear eye-protective devices approved by the department. For purposes of this subsection, “former military vehicle” means a vehicle, including a trailer, regard-
316.2954. Windows behind the driver; restrictions on sunscreening material.

(1) A person shall not operate any motor vehicle on any public highway, road, or street on which vehicle any windows behind the driver are composed of, covered by, or treated with any sunscreening material or other product or covering which has the effect of making the window nontransparent or which would alter the window's color, increase its reflectivity, or reduce its light transmittance, except as expressly permitted by this section. A sunscreening material is authorized for such windows if, when applied to and tested on the glass of such windows on the specific motor vehicle, the material has a total solar reflectance of visible light of not more than 25 percent as measured on the nonfilm side and a light transmittance of at least 28 percent in the visible light range. A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

316.29545. Window sunscreening exclusions; medical exemption; certain law enforcement vehicles and private investigative service vehicles exempt.

(1) The department shall issue medical exemption certificates to persons who are afflicted with Lupus, any autoimmune disease, or other medical conditions which require a limited exposure to light, which certificates shall entitle the person to whom the certificate is issued to have sunscreening material on the windshield, side windows, and windows behind the driver which is in violation of the requirements of §§ 316.2951-316.2957. The department shall consult with the Medical Advisory Board established in § 322.125 for guidance with respect to the autoimmune diseases and other medical conditions which shall be included on the form of the medical certificate authorized by this section. At a minimum, the medical exemption certificate shall include a vehicle description with the make, model, year, vehicle identification number, medical exemption decal number and
issued for the vehicle, and the name of the person or persons who are the registered owners of the vehicle. A medical exemption certificate shall be nontransferable and shall become null and void upon the sale or transfer of the vehicle identified on the certificate.

(2) The department shall exempt all law enforcement vehicles used in undercover or canine operations from the window sunscreening requirements of §§ 316.2951-316.2957.

(3) The department shall exempt from the window sunscreening restrictions of §§ 316.2953, 316.2954, and 316.2956 vehicles that are owned or leased by private investigators or private investigative agencies licensed under chapter 493.

(4) The department may charge a fee in an amount sufficient to defray the expenses of issuing a medical exemption certificate as described in subsection (1).

(5) The department is authorized to promulgate rules for the implementation of this section.

316.2955. Window sunscreening material; compliance labeling; tolerances.

(1) Each installer or seller of sunscreening material shall provide a pressure-sensitive, self-destructive, nonremovable, vinyl-type film label to the purchaser stating that the material complies with the provisions of §§ 316.2951-316.2954. Each such installer shall affix the required label to the inside left door jamb of the motor vehicle. In addition, the label shall state the trade name of the material and the installer’s or seller’s business name. Labeling is not required for factory glazing which complies with Federal Motor Vehicle Safety Standard No. 205.

(2) Every percentage measurement required by §§ 316.2951-316.2954 is subject to a tolerance of plus or minus 3 percent.

(3) The department shall adopt rules approving light transmittance measuring devices for use in making measurements required by §§ 316.2951-316.2954. A witness otherwise qualified to testify shall be competent to give testimony regarding the percentage of light transmission when the testimony is derived from the use of an approved device. The reading from an approved device is presumed accurate and shall be admissible into evidence in the trial of any infraction arising under §§ 316.2951-316.2954.

316.2956. Violation of provisions relating to windshields, windows, and sunscreening material; penalties.

(1) Any person who operates a motor vehicle on which, after June 20, 1984, material was installed in violation of §§ 316.2951-316.2954 commits a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

(2) The replacement or repair of any material legally installed is not a violation of §§ 316.2951-316.2954.

(3) Any person who sells or installs sunscreening material in violation of any provision of §§ 316.2951-316.2955 is guilty of a misdemeanor of the second degree, punishable as provided in § 775.082 or § 775.083.

316.2957. Exemption for motor vehicle manufacturers.

The provisions of §§ 316.2951-316.2956 do not apply to the manufacturer’s tinting or glazing of motor vehicle windows or windshields which is otherwise in compliance with or permitted by Federal Motor Vehicle Safety Standard No. 205 as promulgated in 49 C.F.R. § 571.205.

316.299. Rough surfaced wheels prohibited.

No person shall drive, propel, operate, or cause to be driven, propelled or operated over any paved or graded public road of this state any tractor engine, tractor or vehicle or contrivance having wheels provided with sharpened or roughened surfaces, other than roughened pneumatic rubber tires having studs designed to improve traction without materially injuring the surface of the highway, unless the rims or tires of the wheels of such tractor engines, tractors, or other vehicles or contrivances are provided with suitable filler blocks between the cleats so as to form a smooth surface. This requirement shall not apply to tractor engines, tractors, or other vehicles or contrivances if the rims or tires of their wheels are constructed in such manner as to prevent injury to such roads. This restriction shall not apply to tractor engines, tractors, and other vehicles or implements used by any county or the Department of Transportation in the construction or maintenance of roads or to farm implements weighing less than 1,000 pounds provided with wheel surfaces of more than 1/2 inch in width. A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.
316.300. Certain vehicles to carry flares or other devices.

(1) No person shall operate any truck, bus, truck tractor, trailer, semitrailer, pole trailer, or motor vehicle towing a house trailer, when such vehicle is 80 inches or more in overall width or 30 feet or more in overall length, upon any highway outside an urban district or upon any divided highway at any time between sunset and sunrise unless there is carried in such vehicle the following equipment, except as provided in subsection (2):

(a) At least three flares, three red electric lanterns, or three portable red emergency reflectors, each of which shall be capable of being seen and distinguished at a distance of not less than 600 feet under normal atmospheric conditions at nighttime. No flare, fusee, electric lantern, or warning flag shall be used for the purpose of compliance with the requirements of this section unless such equipment is of a type which has been submitted to the department and approved by it. No portable reflector unit shall be used for the purpose of compliance with the requirements of this section unless it is so designed and constructed as to be capable of reflecting red light clearly visible from all distances within 600 feet to 100 feet under normal atmospheric conditions at night when directly in front of lawful lower beams of headlamps and unless it is of a type which has been submitted to the department and approved by it.

(b) At least three red-burning fusees, unless red electric lanterns or red portable emergency reflectors are carried.

(2) No person shall operate at the time and under conditions stated in subsection (1) any motor vehicle used for the transportation of explosives or any cargo tank truck used for the transportation of flammable liquids or compressed gases unless there is carried in such vehicle three red electric lanterns or three portable red emergency reflectors meeting the requirements of subsection (1), and there shall not be carried in any such vehicle any flares, fusees, or signal produced by flame.

(3) No person shall operate any vehicle described in subsection (1) or subsection (2) upon any highway outside an urban district or upon a divided highway at any time when lighted lamps are not required by § 316.217 unless there is carried in such vehicle at least two red flags, not less than 12 inches square, with standards to support such flags, or two red portable emergency reflectors of the type described in subsection (1).

(4) A violation of this section is a noncriminal traffic infraction, punishable as a non-moving violation as provided in chapter 318.

316.301. Display of warning lights and devices when vehicle is stopped or disabled.

(1) Whenever any truck, bus, truck tractor, trailer, semitrailer, or pole trailer 80 inches or more in overall width or 30 feet or more in overall length is stopped upon a roadway or adjacent shoulder, the driver shall immediately actuate vehicular hazard-warning signal lamps meeting the requirements of this chapter. Such lights need not be displayed by a vehicle parked lawfully in an urban district, or stopped lawfully to receive or discharge passengers, or stopped to avoid conflict with other traffic or to comply with the directions of a police officer or an official traffic control device, or while the devices specified in subsections (2)-(8) are in place.

(2) Whenever any vehicle of a type referred to in subsection (1) is disabled, or stopped for more than 10 minutes, upon a roadway outside an urban district at any time when lighted lamps are required, the driver of such vehicle shall display the following warning devices except as provided in subsection (3):

(a) A lighted fusee, a lighted red electric lantern, or a portable red emergency reflector shall immediately be placed at the traffic side of the vehicle in the direction of the nearest approaching traffic.

(b) As soon thereafter as possible but in any event within the burning period of the fusee (15 minutes), the driver shall place three liquid-burning flares (pot torches), or three lighted red electric lanterns, or three portable red emergency reflectors on the roadway in the following order:

1. One approximately 100 feet from the disabled vehicle in the center of the lane occupied by such vehicle and toward traffic approaching in that lane;

2. One approximately 100 feet in the opposite direction from the disabled vehicle and in the center of the traffic lane occupied by such vehicle; and

3. One at the traffic side of the disabled vehicle not less than 10 feet rearward or forward thereof in the direction of the nearest approaching traffic. If a lighted red electric lantern or a red portable emergency reflector has been placed at the traffic side of the vehicle in accordance with paragraph (a), it may be used for this purpose.

(3) Whenever any vehicle referred to in this section is disabled, or stopped for more than 10 minutes, within 500 feet of a curve,
hill crest, or other obstruction to view, the warning device in that direction shall be so placed as to afford ample warning to other users of the highway, but in no case less than 100 feet nor more than 500 feet from the disabled vehicle.

(4) Whenever any vehicle of a type referred to in this section is disabled, or stopped for more than 10 minutes, upon any roadway of a divided highway during the time lighted lamps are required, the appropriate warning devices prescribed in subsections (2) and (5) shall be placed as follows:

(a) One at a distance of approximately 200 feet from the vehicle in the center of the lane occupied by the stopped vehicle and in the direction of traffic approaching in that lane.

(b) One at a distance of approximately 100 feet from the vehicle, in the center of the lane occupied by the vehicle and in the direction of traffic approaching in that lane.

(c) One at the traffic side of the vehicle and approximately 10 feet from the vehicle in the direction of the nearest approaching traffic.

(5) Whenever any motor vehicle used in the transportation of explosives or any cargo tank truck used for the transportation of any flammable liquid or compressed flammable gas is disabled, or stopped for more than 10 minutes, at any time and place mentioned in subsection (2), subsection (3), or subsection (4), the driver of such vehicle shall immediately display red electric lanterns or portable red emergency reflectors in the same number and manner specified therein. Flares, fusees, or signals produced by flame shall not be used as warning devices for disabled vehicles of the type mentioned in this subsection.

(6) The warning devices described in subsections (2)-(5) need not be displayed where there is sufficient light to reveal persons and vehicles within a distance of 1,000 feet.

(7) Whenever any vehicle described in this section is disabled, or stopped for more than 10 minutes, upon a roadway outside an urban district or upon the roadway of a divided highway at any time when lighted lamps are not required by § 316.217, the driver of the vehicle shall display two red flags or two red portable emergency reflectors as follows:

(a) If traffic on the roadway moves in two directions, one flag or reflector shall be placed approximately 100 feet to the rear and one flag or reflector approximately 100 feet in advance of the vehicle in the center of the lane occupied by such vehicle.

(b) Upon a one-way roadway, one flag or reflector shall be placed approximately 100 feet, and one flag or reflector approximately 200 feet, to the rear of the vehicle in the center of the lane occupied by such vehicle.

is found to be operating in an unsafe condition, or if any required part or equipment is not present or is not in proper repair or adjustment, and the continued operation would present an unduly hazardous operating condition, the officer may require the vehicle or the driver to be removed from service pursuant to the North American Standard Out-of-Service Criteria, until corrected. However, if continuous operation would not present an unduly hazardous operating condition, the officer may give written notice requiring correction of the condition within 14 days.

(5) (a) The Department of Transportation may issue a wrecker special blanket permit to authorize a wrecker as defined in §320.01 to tow a disabled motor vehicle as defined in §320.01 where the combination of the wrecker and the disabled vehicle being towed exceeds the maximum weight limits as established by §316.535.

(b) The Department of Transportation must supply the permitted wrecker with a map showing the routes on which the wrecker may safely tow disabled vehicles for all special permit classifications for which the wrecker applies.

(6) The Department of Transportation or such local authority is authorized to promulgate rules and regulations concerning the issuance of such permits and to charge a fee for the issuance thereof, which rules, regulations, and fees shall have the force and effect of law. The minimum fee for issuing any such permit shall be $5. The Department of Transportation may issue blanket permits for not more than 36 months. The department may charge an annualized fee for blanket permits not to exceed $500.

(7) Every special permit shall be carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any police officer or authorized agent of any authority granting such permit. No person shall violate any of the terms or conditions of such special permit.

(8) The Department of Transportation may impose fines for the operation of a vehicle in violation of this section, as provided in subsection (10).

(9) The Department of Transportation may not refuse to issue a permit under this section to any person solely on the basis that such person allegedly violated this chapter or the rules promulgated hereunder until a final order is entered with regard to such violation pursuant to chapter 120.

(10) Whenever any motor vehicle, or the combination of a wrecker as defined in §320.01 and a towed motor vehicle, exceeds any weight or dimensional criteria or special operational or safety stipulation contained in a special permit issued under the provisions of this section, the penalty assessed to the owner or operator shall be as follows:

(a) For violation of weight criteria contained in a special permit, the penalty per pound or portion thereof exceeding the permitted weight shall be as provided in §316.545.

(b) For each violation of dimensional criteria in a special permit, the penalty shall be as provided in §316.516 and penalties for multiple violations of dimensional criteria shall be cumulative except that the total penalty for the vehicle shall not exceed $1,000.

(c) For each violation of an operational or safety stipulation in a special permit, the penalty shall be an amount not to exceed $1,000 per violation and penalties for multiple violations of operational or safety stipulations shall be cumulative except that the total penalty for the vehicle shall not exceed $1,000.

(d) For violation of any special condition that has been prescribed in the rules of the Department of Transportation and declared on the permit, the vehicle shall be determined to be out of conformance with the permit and the permit shall be declared null and void for the vehicle, and weight and dimensional limits for the vehicle shall be as established in §316.515 or §316.535, whichever is applicable, and:

1. For weight violations, a penalty as provided in §316.545 shall be assessed for those weights which exceed the limits thus established for the vehicle; and

2. For dimensional, operational, or safety violations, a penalty as established in paragraph (c) or §316.516, whichever is applicable, shall be assessed for each nonconforming dimensional, operational, or safety violation and the penalties for multiple violations shall be cumulative for the vehicle.

(11) All penalties imposed by violations of this section shall be assessed, collected, and deposited in accordance with the provisions of §316.545(6).
316.600. Health and sanitation hazards.

No motor vehicle, trailer or semitrailer shall be equipped with an open toilet or other device that may be a hazard from a health and sanitation standpoint. A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

316.605. Licensing of vehicles.

(1) Every vehicle, at all times while driven, stopped, or parked upon any highways, roads, or streets of this state, shall be licensed in the name of the owner thereof in accordance with the laws of this state unless such vehicle is not required by the laws of this state to be licensed in this state and shall, except as otherwise provided in §320.0706 for front-end registration license plates on truck tractors and §320.086(5) which exempts display of license plates on described former military vehicles, display the license plate or both of the license plates assigned to it by the state, one on the rear and, if two, the other on the front of the vehicle, each to be securely fastened to the vehicle outside the main body of the vehicle not higher than 60 inches and not lower than 12 inches from the ground and no more than 24 inches to the left or right of the centerline of the vehicle, and in such manner as to prevent the plates from swinging, and all letters, numerals, printing, writing, and other identification marks upon the plates regarding the word “Florida,” the registration decal, and the alphanumeric designation shall be clear and distinct and free from defacement, mutilation, grease, and other obscuring matter, so that they will be plainly visible and legible at all times 100 feet from the rear or front. Except as provided in §316.2085(3), vehicle license plates shall be affixed and displayed in such a manner that the letters and numerals shall be read from left to right parallel to the ground. No vehicle license plate may be displayed in an inverted or reversed position or in such a manner that the letters and numbers and their proper sequence are not readily identifiable. Nothing shall be placed upon the face of a Florida plate except as permitted by law or by rule or regulation of a governmental agency. No license plates other than those furnished by the state shall be used. However, if the vehicle is not required to be licensed in this state, the license plates on such vehicle issued by another state, by a territory, possession, or district of the United States, or by a foreign country, substantially complying with the provisions hereof, shall be considered as complying with this chapter. A violation of this subsection is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

(2) Any commercial motor vehicle, as defined in §316.003(66), operating over the highways of this state with an expired registration, with no registration from this or any other jurisdiction, or with no registration under the applicable provisions of chapter 320 shall be in violation of §320.07(3) and shall subject the owner or operator of such vehicle to the penalty provided. In addition, a commercial motor vehicle found in violation of this section may be detained by any law enforcement officer until the owner or operator produces evidence that the vehicle has been properly registered and that any applicable delinquent penalties have been paid.

316.610. Safety of vehicle; inspection.

It is a violation of this chapter for any person to drive or move, or for the owner or his or her duly authorized representative to cause or knowingly permit to be driven or moved, on any highway any vehicle or combination of vehicles which is in such unsafe condition as to endanger any person or property, or which does not contain those parts or is not at all times equipped with such lamps and other equipment in proper condition and adjustment as required in this chapter, or which is equipped in any manner in violation of this chapter, or for any person to do any act forbidden or fail to perform any act required under this chapter.

(1) Any police officer may at any time, upon reasonable cause to believe that a vehicle is unsafe or not equipped as required by law, or that its equipment is not in proper adjustment or repair, require the driver of the vehicle to stop and submit the vehicle to an inspection and such test with reference thereto as may be appropriate.

(2) In the event the vehicle is found to be in unsafe condition or any required part or equipment is not present or is not in proper repair and adjustment, and the continued operation would probably present an unduly hazardous operating condition, the officer may require the vehicle to be immediately repaired or removed from use. However, if continuous operation would not present unduly hazardous operating conditions, that is, in the case of equipment defects such as tailpipes, mufflers, windshield wipers, marginally worn tires, the officer shall give written notice to require proper repair and ad-
justment of same within 48 hours, excluding Sunday.

§ 316.2935 or for the operation of a motor vehicle which is in an unsafe condition or which is not properly equipped as required pursuant to § 316.610, the law enforcement officer shall also issue an affidavit-of-compliance form.

(2) The person to whom the citation has been issued may mitigate the civil penalty by making the necessary repair and presenting the vehicle to any local police department or sheriff’s department in this state for inspection within 30 days after the issuance of the citation.

(3) The police or sheriff’s department shall make available a person or persons to confirm that the defect has been corrected. If the correction has been made, such employee shall execute the affidavit-of-compliance form in a manner established by the Department of Highway Safety and Motor Vehicles and return it to the person who received the citation. The person who received the citation shall, upon receipt of the executed affidavit of compliance, pay the appropriate fine to the law enforcement agency pursuant to § 318.18(2)(c) thereby completing the affidavit of compliance. The affidavit of compliance shall not be construed by the courts as a warranty of the mechanical condition of the motor vehicle. Neither the person who confirms that a defect has been corrected nor the department by which he or she is employed shall be liable in damages for any defect, failure, or improper functioning of any item of equipment on such motor vehicle.

(4) The person to whom the citation was issued shall mail or present the traffic citation and the affidavit-of-compliance form to the clerk of the court where the traffic citation was issued and shall thereupon pay the appropriate fine pursuant to § 318.18(2)(c).

(5) In the event that the person to whom the traffic citation has been issued chooses not to correct the defect, the procedure for the collection of the fine and any other penalties shall proceed as provided by law.

(6) This section does not apply to commercial motor vehicles as defined in § 316.003(66) or transit buses owned or operated by a governmental entity.

316.613. Child restraint requirements.

(1) (a) Every operator of a motor vehicle as defined in this section, while transporting a child in a motor vehicle operated on the roadways, streets, or highways of this state, shall, if the child is 5 years of age or younger, provide for protection of the child by properly using a crash-tested, federally approved child restraint device. For children aged through 3 years, such restraint device must be a separate carrier or a vehicle manufacturer’s integrated child seat. For children aged 4 through 5 years, a separate carrier, an integrated child seat, or a seat belt may be used.

(b) The department shall provide notice of the requirement for child restraint devices, which notice shall accompany the delivery of each motor vehicle license tag.

(2) As used in this section, the term “motor vehicle” means a motor vehicle as defined in § 316.003 that is operated on the roadways, streets, and highways of the state. The term does not include:

(a) A school bus as defined in § 316.003(45).

(b) A bus used for the transportation of persons for compensation, other than a bus regularly used to transport children to or from school, as defined in § 316.615(1)(b), or in conjunction with school activities.

(c) A farm tractor or implement of husbandry.

(d) A truck having a gross vehicle weight rating of more than 26,000 pounds.

(e) A motorcycle, moped, or bicycle.

(3) The failure to provide and use a child passenger restraint shall not be considered comparative negligence, nor shall such failure be admissible as evidence in the trial of any civil action with regard to negligence.

(4) It is the legislative intent that all state, county, and local law enforcement agencies, and safety councils, in recognition of the problems with child death and injury from unrestrained occupancy in motor vehicles, conduct a continuing safety and public awareness campaign as to the magnitude of the problem.

(5) Any person who violates this section commits a moving violation, punishable as provided in chapter 318 and shall have 3 points assessed against his or her driver license as set forth in § 322.27. In lieu of the penalty specified in § 318.18 and the assessment of points, a person who violates this section may elect, with the court’s approval, to participate in a child restraint safety pro-
gram approved by the chief judge of the circuit in which the violation occurs, and, upon completing such program, the penalty specified in chapter 318 and associated costs may be waived at the court's discretion and the assessment of points shall be waived. The child restraint safety program must use a course approved by the Department of Highway Safety and Motor Vehicles, and the fee for the course must bear a reasonable relationship to the cost of providing the course.

(6) The child restraint requirements imposed by this section do not apply to a chauffeur-driven taxi, limousine, sedan, van, bus, motor coach, or other passenger vehicle if the operator and the motor vehicle are hired and used for the transportation of persons for compensation. It is the obligation and responsibility of the parent, guardian, or other person responsible for a child's welfare, as defined in § 39.01(47), to comply with the requirements of this section.

316.6135. Leaving children unattended or unsupervised in motor vehicles; penalty; authority of law enforcement officer.

(1) A parent, legal guardian, or other person responsible for a child younger than 6 years of age may not leave the child unattended or unsupervised in a motor vehicle:
   (a) For a period in excess of 15 minutes;
   (b) For any period of time if the motor of the vehicle is running, the health of the child is in danger, or the child appears to be in distress.

(2) Any person who violates the provisions of paragraph (1)(a) commits a misdemeanor of the second degree punishable as provided in § 775.082 or § 775.083.

(3) Any person who violates the provisions of paragraph (1)(b) is guilty of a noncriminal traffic infraction, punishable by a fine not less than $50 and not more than $500.

(4) Any person who violates subsection (1) and in so doing causes great bodily harm, permanent disability, or permanent disfigurement to a child commits a felony of the third degree, punishable as provided in § 775.082, § 775.083, or § 775.084.

(5) Any law enforcement officer who observes a child left unattended or unsupervised in a motor vehicle in violation of subsection (1) may use whatever means are reasonably necessary to protect the minor child and to remove the child from the vehicle.

(6) If the child is removed from the immediate area, notification should be placed on the vehicle.

(7) The child shall be remanded to the custody of the Department of Children and Family Services pursuant to chapter 39, unless the law enforcement officer is able to locate the parents or legal guardian or other person responsible for the child.

316.614. Safety belt usage.

(1) This section may be cited as the "Florida Safety Belt Law."

(2) It is the policy of this state that enactment of this section is intended to be compatible with the continued support by the state for federal safety standards requiring automatic crash protection, and the enactment of this section should not be used in any manner to rescind or delay the implementation of the federal automatic crash protection system requirements of Federal Motor Safety Standard 208 as set forth in §4.1.2.1 thereof, as entered on July 17, 1984, for new cars.

(3) As used in this section:
   (a) “Motor vehicle” means a motor vehicle as defined in § 316.003 which is operated on the roadways, streets, and highways of this state. The term does not include:
      1. A school bus.
      2. A bus used for the transportation of persons for compensation.
      3. A farm tractor or implement of husbandry.
      4. A truck having a gross vehicle weight rating of more than 26,000 pounds.
      5. A motorcycle, moped, or bicycle.
   (b) “Safety belt” means a seat belt assembly that meets the requirements established under Federal Motor Vehicle Safety Standard No. 208, 49 C.F.R. § 571.208.
   (c) “Restrained by a safety belt” means being restricted by an appropriately adjusted safety belt which is properly fastened at all times when a motor vehicle is in motion.

(4) It is unlawful for any person:
   (a) To operate a motor vehicle in this state unless each passenger and the operator of the vehicle under the age of 18 years are restrained by a safety belt or by a child restraint device pursuant to § 316.613, if applicable; or
   (b) To operate a motor vehicle in this state unless the person is restrained by a safety belt.

(5) It is unlawful for any person 18 years of age or older to be a passenger in the front seat of a motor vehicle unless such person is restrained by a safety belt when the vehicle is in motion.

(6) (a) Neither a person who is certified by a physician as having a medical condition that causes the use of a safety belt to be in-
appropriate or dangerous nor an employee of a newspaper home delivery service while in the course of his or her employment delivering newspapers on home delivery routes is required to be restrained by a safety belt.

(b) An employee of a solid waste or recyclable collection service is not required to be restrained by a safety belt while in the course of employment collecting solid waste or recyclables on designated routes.

(c) The requirements of this section do not apply to the living quarters of a recreational vehicle or a space within a truck body primarily intended for merchandise or property.

(d) The requirements of this section do not apply to motor vehicles that are not required to be equipped with safety belts under federal law.

(7) It is the intent of the Legislature that all state, county, and local law enforcement agencies, safety councils, and public school systems, in recognition of the fatalities and injuries attributed to unrestrained occupancy of motor vehicles, shall conduct a continuing safety and public awareness campaign as to the magnitude of the problem and adopt programs designed to encourage compliance with the safety belt usage requirements of this section.

(8) Any person who violates the provisions of this section commits a nonmoving violation, punishable as provided in chapter 318.

(9) By January 1, 2006, each law enforcement agency in this state shall adopt departmental policies to prohibit the practice of racial profiling. When a law enforcement officer issues a citation for a violation of this section, the law enforcement officer must record the race and ethnicity of the violator. All law enforcement agencies must maintain such information and forward the information to the department in a form and manner determined by the department. The department shall collect this information by jurisdiction and annually report the data to the Governor, the President of the Senate, and the Speaker of the House of Representatives. The report must show separate statewide totals for the state’s county sheriffs and municipal law enforcement agencies, state law enforcement agencies, and state university law enforcement agencies.

(10) A violation of the provisions of this section shall not constitute negligence per se, nor shall such violation be used as prima facie evidence of negligence or be considered in mitigation of damages, but such violation may be considered as evidence of comparative negligence, in any civil action.

316.622. Farm labor vehicles.

(1) Each owner or operator of a farm labor vehicle that is operated on the public highways of this state shall ensure that such vehicle conforms to vehicle safety standards prescribed by the Secretary of Labor under § 401(b) of the Migrant and Seasonal Agricultural Worker Protection Act, 29 U.S.C. § 1841(b), and other applicable federal and state safety standards.

(2) On or after January 1, 2008, a farm labor vehicle having a gross vehicle weight rating of 10,000 pounds or less must be equipped at each passenger position with a seat belt assembly that meets the requirements established under Federal Motor Vehicle Safety Standard No. 208, 49 C.F.R. § 571.208.

(3) A farm labor contractor may not transport migrant or seasonal farm workers in a farm labor vehicle unless the display sticker described in § 450.33 is clearly displayed on the vehicle.

(4) The owner or operator of a farm labor vehicle must prominently display in the vehicle standardized notification instructions requiring passengers to fasten their seat belts. The Department of Highway Safety and Motor Vehicles shall create standard notification instructions.

(5) Failure of any migrant or seasonal farm worker to use a seat belt provided by the owner of a farm labor vehicle under this section does not constitute negligence per se, and such failure may not be used as prima facie evidence of negligence or be considered in mitigation of damages, but such failure may be considered as evidence of comparative negligence in a civil action.

(6) Failure of any owner or operator of a farm labor vehicle to require that all passengers be restrained by a safety belt when the vehicle is in motion may not be considered as evidence of negligence in any civil action, if such vehicle is otherwise in compliance with this section.

(7) A violation of this section is a noncriminal traffic infraction, punishable as provided in § 318.18(16).

(8) The department shall provide to the Department of Business and Professional Regulation each quarter a copy of each accident report involving a farm labor vehicle, as defined in § 316.003(62), commencing with the first quarter of the 2006-2007 fiscal year.

316.635. Courts having jurisdiction over traffic violations; powers relating to custody and detention of minors.

(1) A court which has jurisdiction over traffic violations shall have original jurisdic-
tion in the case of any minor who is alleged to have committed a violation of law or of a county or municipal ordinance pertaining to the operation of a motor vehicle; however, any traffic offense that is punishable by law as a felony shall be under the jurisdiction of the circuit court.

(2) If a minor is arrested for the commission of a criminal traffic offense and transportation is necessary, the minor shall not be placed in any police car or other vehicle which at the same time contains an adult under arrest, except upon special order of the circuit court. However, if the minor is alleged to have participated with an adult in the same offense or transaction, the minor may be transported in the same vehicle with the adult.

(3) If a minor is taken into custody for a criminal traffic offense or a violation of chapter 322 and the minor does not demand to be taken before a trial court judge, or a Civil Traffic Infraction Hearing Officer, who has jurisdiction over the offense or violation, the arresting officer or booking officer shall immediately notify, or cause to be notified, the minor’s parents, guardian, or responsible adult relative of the action taken. After making every reasonable effort to give notice, the arresting officer or booking officer may:

(a) Issue a notice to appear pursuant to chapter 901 and release the minor to a parent, guardian, responsible adult relative, or other responsible adult;
(b) Issue a notice to appear pursuant to chapter 901 and release the minor pursuant to § 903.06;
(c) Issue a notice to appear pursuant to chapter 901 and deliver the minor to an appropriate substance abuse treatment or rehabilitation facility or refer the minor to an appropriate medical facility as provided in § 901.29. If the minor cannot be delivered to an appropriate substance abuse treatment or rehabilitation facility or medical facility, the arresting officer may deliver the minor to an appropriate intake office of the Department of Juvenile Justice, which shall take custody of the minor and make any appropriate referrals; or
(d) If the violation constitutes a felony and the minor cannot be released pursuant to § 903.03, transport and deliver the minor to an appropriate Department of Juvenile Justice intake office. Upon delivery of the minor to the intake office, the department shall assume custody and proceed pursuant to chapter 984 or chapter 985.

If action is not taken pursuant to paragraphs (a)-(d), the minor shall be delivered to the Department of Juvenile Justice, and the department shall make every reasonable effort to contact the parents, guardian, or responsible adult relative to take custody of the minor. If there is no parent, guardian, or responsible adult relative available, the department may retain custody of the minor for up to 24 hours.

(4) A minor who willfully fails to appear before any court or judicial officer as required by written notice to appear is guilty of contempt of court. Upon a finding by a court, after notice and a hearing, that a minor is in contempt of court for willful failure to appear pursuant to a valid notice to appear, the court may:

(a) For a first offense, order the minor to serve up to 5 days in a staff-secure shelter as defined in chapter 984 or chapter 985 or, if space in a staff-secure shelter is unavailable, in a secure juvenile detention center.
(b) For a second or subsequent offense, the court may order a minor to serve up to 15 days in a staff-secure shelter or, if space in a staff-secure shelter is unavailable, in a secure juvenile detention center.

316.640. Enforcement.

The enforcement of the traffic laws of this state is vested as follows:

(1) STATE.—
(a) 1. a. The Division of Florida Highway Patrol of the Department of Highway Safety and Motor Vehicles; the Division of Law Enforcement of the Fish and Wildlife Conservation Commission; and the agents, inspectors, and officers of the Department of Law Enforcement each have authority to enforce all of the traffic laws of this state on all the streets and highways thereof and elsewhere throughout the state wherever the public has a right to travel by motor vehicle.

b. University police officers may enforce all of the traffic laws of this state when violations occur on or within 1,000 feet of any property or facilities that are under the guidance, supervision, regulation, or control of a state university, a direct-support organization of such state university, or any other organization controlled by the state university or a direct-support organization of the state university, or when such violations occur within a specified jurisdictional area as agreed upon in a mutual aid agreement entered into with a law enforcement agency pursuant to § 23.1225(1). Traffic laws may also be enforced off-campus when hot pursuit originates on or within 1,000 feet of any such
property or facilities, or as agreed upon in accordance with the mutual aid agreement.

c. Florida College System institution police officers may enforce all the traffic laws of this state only when such violations occur on or within 1,000 feet of any property or facilities that are under the guidance, supervision, regulation, or control of the Florida College System institution, or when such violations occur within a specified jurisdictional area as agreed upon in a mutual aid agreement entered into with a law enforcement agency pursuant to § 23.1225. Traffic laws may also be enforced off-campus when hot pursuit originates on or within 1,000 feet of any such property or facilities, or as agreed upon in accordance with the mutual aid agreement.

d. Police officers employed by an airport authority may enforce all of the traffic laws of this state only when such violations occur on any property or facilities that are owned or operated by an airport authority.

I. An airport authority may employ as a parking enforcement specialist any individual who successfully completes a training program established and approved by the Criminal Justice Standards and Training Commission for parking enforcement specialists but who does not otherwise meet the uniform minimum standards established by the commission for law enforcement officers or auxiliary or part-time officers under § 943.12. This sub-sub-subparagraph may not be construed to permit the carrying of firearms or other weapons, nor shall such parking enforcement specialist have arrest authority.

II. A parking enforcement specialist employed by an airport authority may enforce all state, county, and municipal laws and ordinances governing parking only when such violations are on property or facilities owned or operated by the airport authority employing the specialist, by appropriate state, county, or municipal traffic citation.

e. The Office of Agricultural Law Enforcement of the Department of Agriculture and Consumer Services may enforce traffic laws of this state.

f. School safety officers may enforce all of the traffic laws of this state when such violations occur on or about any property or facilities that are under the guidance, supervision, regulation, or control of the district school board.

2. An agency of the state as described in subparagraph 1. is prohibited from establishing a traffic citation quota. A violation of this subparagraph is not subject to the penalties provided in chapter 318.

3. Any disciplinary action taken or performance evaluation conducted by an agency of the state as described in subparagraph 1. of a law enforcement officer’s traffic enforcement activity must be in accordance with written work-performance standards. Such standards must be approved by the agency and any collective bargaining unit representing such law enforcement officer. A violation of this subparagraph is not subject to the penalties provided in chapter 318.

4. The Division of the Florida Highway Patrol may employ as a traffic accident investigation officer any individual who successfully completes instruction in traffic accident investigation and court presentation through the Selective Traffic Enforcement Program as approved by the Criminal Justice Standards and Training Commission and funded through the National Highway Traffic Safety Administration or a similar program approved by the commission, but who does not necessarily meet the uniform minimum standards established by the commission for law enforcement officers or auxiliary law enforcement officers under chapter 943. Any such traffic accident investigation officer who makes an investigation at the scene of a traffic accident may issue traffic citations, based upon personal investigation, when he or she has reasonable and probable grounds to believe that a person who was involved in the accident committed an offense under this chapter, chapter 319, chapter 320, or chapter 322 in connection with the accident. This subparagraph does not permit the officer to carry firearms or other weapons, and such an officer does not have authority to make arrests.

(b) 1. The Department of Transportation has authority to enforce on all the streets and highways of this state all laws applicable within its authority.

2. a. The Department of Transportation shall develop training and qualifications standards for toll enforcement officers whose sole authority is to enforce the payment of tolls pursuant to § 316.1001. Nothing in this subparagraph shall be construed to permit the carrying of firearms or other weapons, nor shall a toll enforcement officer have arrest authority.

b. For the purpose of enforcing § 316.1001, governmental entities, as defined in § 334.03, which own or operate a toll facility may employ independent contractors or designate employees as toll enforcement officers; how-
ever, any such toll enforcement officer must successfully meet the training and qualifications standards for toll enforcement officers established by the Department of Transportation.

3. For the purpose of enacting § 316.0083, the department may designate employees as traffic infraction enforcement officers. A traffic infraction enforcement officer must successfully complete instruction in traffic enforcement procedures and court presentation through the Selective Traffic Enforcement Program as approved by the Division of Criminal Justice Standards and Training of the Department of Law Enforcement, or through a similar program, but may not necessarily otherwise meet the uniform minimum standards established by the Criminal Justice Standards and Training Commission for law enforcement officers or auxiliary law enforcement officers under § 943.13. This subparagraph does not authorize the carrying of firearms or other weapons by a traffic infraction enforcement officer and does not authorize a traffic infraction enforcement officer to make arrests. The department’s traffic infraction enforcement officers must be physically located in the state.

2. (a) The sheriff’s office of each of the several counties of this state shall enforce all of the traffic laws of this state on all the streets and highways thereof and elsewhere throughout the county wherever the public has the right to travel by motor vehicle. In addition, the sheriff’s office may be required by the county to enforce the traffic laws of this state on any private or limited access road or roads over which the county has jurisdiction pursuant to a written agreement entered into under § 316.006(3)(b).

(b) The sheriff’s office of each county may employ as a traffic crash investigation officer any individual who successfully completes instruction in traffic crash investigation and court presentation through the Selective Traffic Enforcement Program (STEP) as approved by the Criminal Justice Standards and Training Commission and funded through the National Highway Traffic Safety Administration (NHTSA) or a similar program approved by the commission, but who does not necessarily otherwise meet the uniform minimum standards established by the commission for law enforcement officers or auxiliary law enforcement officers under chapter 943. Any such traffic crash investigation officer who makes an investigation at the scene of a traffic crash may issue traffic citations when, based upon personal investigation, he or she has reasonable and probable grounds to believe that a person who was involved in the crash has committed an offense under this chapter, chapter 319, chapter 320, or chapter 322 in connection with the crash. This paragraph does not permit the carrying of firearms or other weapons, nor do such officers have arrest authority.

(c) The sheriff’s office of each of the several counties of this state may employ as a parking enforcement specialist any individual who successfully completes a training program established and approved by the Criminal Justice Standards and Training Commission for parking enforcement specialists, but who does not necessarily otherwise meet the uniform minimum standards established by the commission for law enforcement officers or auxiliary or part-time officers under § 943.12.

1. A parking enforcement specialist employed by the sheriff’s office of each of the several counties of this state is authorized to enforce all state and county laws, ordinances, regulations, and official signs governing parking within the unincorporated areas of the county by appropriate state or county citation and may issue such citations for parking in violation of signs erected pursuant to § 316.006(3) at parking areas located on property owned or leased by a county, whether or not such areas are within the boundaries of a chartered municipality.

2. A parking enforcement specialist employed pursuant to this subsection shall not carry firearms or other weapons or have arrest authority.

3. (a) The police department of each chartered municipality shall enforce the traffic laws of this state on all the streets and highways thereof and elsewhere throughout the municipality wherever the public has the right to travel by motor vehicle. In addition, the police department may be required by a municipality to enforce the traffic laws of this state on any private or limited access road or roads over which the municipality has jurisdiction pursuant to a written agreement entered into under § 316.006(2)(b). However, nothing in this chapter shall affect any law, general, special, or otherwise, in effect on January 1, 1972, relating to “hot pursuit” without the boundaries of the municipality.

(b) The police department of a chartered municipality may employ as a traffic crash investigation officer any individual who successfully completes instruction in traffic
crash investigation and court presentation through the Selective Traffic Enforcement Program (STEP) as approved by the Criminal Justice Standards and Training Commission and funded through the National Highway Traffic Safety Administration (NHTSA) or a similar program approved by the commission, but who does not otherwise meet the uniform minimum standards established by the commission for law enforcement officers or auxiliary law enforcement officers under chapter 943. Any such traffic crash investigation officer who makes an investigation at the scene of a traffic crash is authorized to issue traffic citations when, based upon personal investigation, he or she has reasonable and probable grounds to believe that a person involved in the crash has committed an offense under the provisions of this chapter, chapter 319, chapter 320, or chapter 322 in connection with the crash. This paragraph does not permit the carrying of firearms or other weapons, nor do such officers have arrest authority.

(c) 1. A chartered municipality or its authorized agency or instrumentality may employ as a parking enforcement specialist any individual who successfully completes a training program established and approved by the Criminal Justice Standards and Training Commission for parking enforcement specialists, but who does not otherwise meet the uniform minimum standards established by the commission for law enforcement officers or auxiliary or part-time officers under § 943.12.

2. A parking enforcement specialist employed by a chartered municipality or its authorized agency or instrumentality is authorized to enforce all state, county, and municipal laws and ordinances governing parking within the boundaries of the municipality employing the specialist, by appropriate state, county, or municipal traffic citation.

3. A parking enforcement specialist employed pursuant to this subsection may not carry firearms or other weapons or have arrest authority.

(4) (a) Any sheriff's department, or any police department of a municipality, may employ as a traffic control officer any individual who successfully completes at least 8 hours of instruction in traffic control procedures through a program approved by the Division of Criminal Justice Standards and Training of the Department of Law Enforcement, or through a similar program offered by the local sheriff's department or police department, but who does not necessarily otherwise meet the uniform minimum standards established by the Criminal Justice Standards and Training Commission for law enforcement officers or auxiliary law enforcement officers under § 943.13. A traffic control officer employed pursuant to this subsection may direct traffic or operate a traffic control device only at a fixed location and only upon the direction of a fully qualified law enforcement officer; however, it is not necessary that the traffic control officer's duties be performed under the immediate supervision of a fully qualified law enforcement officer.

(b) In the case of a special event or activity in relation to which a nongovernmental entity is paying for traffic control on public streets, highways, or roads, traffic control officers may be employed to perform such traffic control responsibilities only when off-duty, full-time law enforcement officers, as defined in § 943.10(1), are unavailable to perform those responsibilities. However, this paragraph may not be construed to limit the use of traffic infraction enforcement officers for traffic enforcement purposes.

(c) This subsection does not permit the carrying of firearms or other weapons, nor do traffic control officers have arrest authority.

(5) (a) Any sheriff's department or police department of a municipality may employ, as a traffic infraction enforcement officer, any individual who successfully completes instruction in traffic enforcement procedures and court presentation through the Selective Traffic Enforcement Program as approved by the Division of Criminal Justice Standards and Training of the Department of Law Enforcement, or through a similar program, but who does not necessarily otherwise meet the uniform minimum standards established by the Criminal Justice Standards and Training Commission for law enforcement officers or auxiliary law enforcement officers under § 943.13. Any such traffic infraction enforcement officer who observes the commission of a traffic infraction or, in the case of a parking infraction, who observes an illegally parked vehicle may issue a traffic citation for the infraction when, based upon personal investigation, he or she has reasonable and probable grounds to believe that an offense has been committed which constitutes a noncriminal traffic infraction as defined in § 318.14. In addition, any such traffic infraction enforcement officer may issue a traffic citation under § 316.0083. For purposes of enforcing § 316.0083, any sheriff's department or police department of a municipality may designate employees as traffic infraction enforcement officers.
enforcement officers. The traffic infraction enforcement officers must be physically located in the county of the respective sheriff’s or police department.

(b) The traffic infraction enforcement officer shall be employed in relationship to a selective traffic enforcement program at a fixed location or as part of a crash investigation team at the scene of a vehicle crash or in other types of traffic infraction enforcement under the direction of a fully qualified law enforcement officer; however, it is not necessary that the traffic infraction enforcement officer’s duties be performed under the immediate supervision of a fully qualified law enforcement officer.

(c) This subsection does not permit the carrying of firearms or other weapons, nor do traffic infraction enforcement officers have arrest authority other than the authority to issue a traffic citation as provided in this subsection.

(6) MOBILE HOME PARK RECREATION DISTRICTS.—Notwithstanding subsection (2) or subsection (3), the sheriff’s office of each of the several counties of this state and the police department of each chartered municipality have authority, but are not required, to enforce the traffic laws of this state on any way or place used for vehicular traffic on a controlled access basis within a mobile home park recreation district which has been created under § 418.30 and the recreational facilities of which district are open to the general public.

(7) CONSTRUCTION OF CHAPTER 87-88, LAWS OF FLORIDA.—For purposes of traffic control and enforcement, nothing in chapter 87-88, Laws of Florida, shall be construed to classify any road which has been dedicated or impliedly dedicated for public use, and which has been constructed and is open to the use of the public for vehicular traffic, as a private road or driveway.

(8) TRAFFIC ENFORCEMENT AGENCY.—Any agency or governmental entity designated in subsection (1), subsection (2), or subsection (3), including a university, a Florida College System institution, a school board, or an airport authority, is a traffic enforcement agency for purposes of § 316.650.

316.645. Arrest authority of officer at scene of a traffic crash.

A police officer who makes an investigation at the scene of a traffic crash may arrest any driver of a vehicle involved in the crash when, based upon personal investigation, the officer has reasonable and probable grounds to believe that the person has committed any offense under the provisions of this chapter, chapter 320, or chapter 322 in connection with the crash.

316.646. Security required; proof of security and display thereof.

(1) Any person required by § 324.022 to maintain property damage liability security, required by § 324.023 to maintain liability security for bodily injury or death, or required by § 627.733 to maintain personal injury protection security on a motor vehicle shall have in his or her immediate possession at all times while operating such motor vehicle proper proof of maintenance of the required security.

(a) Such proof shall be in a uniform paper or electronic format, as prescribed by the department, a valid insurance policy, an insurance policy binder, a certificate of insurance, or such other proof as may be prescribed by the department.

(b) 1. The act of presenting to a law enforcement officer an electronic device displaying proof of insurance in an electronic format does not constitute consent for the officer to access any information on the device other than the displayed proof of insurance.

2. The person who presents the device to the officer assumes the liability for any resulting damage to the device.

(2) If, upon a comparison of the vehicle registration certificate or other evidence of registration or ownership with the operator’s driver license or other evidence of personal identity, it appears to a law enforcement officer or other person authorized to issue traffic citations that the operator is also the owner or registrant of the vehicle, upon demand of the law enforcement officer or other person authorized to issue traffic citations the operator shall display proper proof of maintenance of security as specified by subsection (1).

(3) Any person who violates this section commits a nonmoving traffic infraction subject to the penalty provided in chapter 318 and shall be required to furnish proof of security as provided in this section. If any person charged with a violation of this section fails to furnish proof at or before the scheduled court appearance date that security was in effect at the time of the violation, the court shall, upon conviction, notify the department to suspend the registration and driver license of such person. If the court fails to order the suspension of the person’s registration and driver license for a conviction of this section at the time of sentencing, the department shall, upon receiving notice of the conviction from the court, suspend the person’s
Section 316.650. Traffic citations.

(1) The department shall prepare and supply to every traffic enforcement agency in the state an appropriate form traffic citation that contains a notice to appear, is issued in prenumbered books, meets the requirements of this chapter or any laws of this state regulating traffic, and is consistent with the state traffic court rules and the procedures established by the department. The form shall include a box that is to be checked by the law enforcement officer when the officer believes that the traffic violation or crash was due to aggressive careless driving as defined in § 316.1923. The form shall also include a box that is to be checked by the law enforcement officer when the officer writes a uniform traffic citation for a violation of § 316.074(1) or § 316.075(1)(c)1. as a result of the driver failing to stop at a traffic signal.

(b) The department shall prepare, and supply to every traffic enforcement agency in the state, an appropriate affidavit-of-compliance form that shall be issued along with the form traffic citation for any violation of § 316.610 and that indicates the specific defect needing to be corrected. However, such affidavit of compliance shall not be issued in the case of a violation of § 316.610 by a commercial motor vehicle as defined in § 316.003(66). Such affidavit-of-compliance form shall be distributed in the same manner and to the same parties as is the form traffic citation.

(c) Notwithstanding paragraphs (a) and (b), a traffic enforcement agency may produce uniform traffic citations by electronic means. Such citations must be consistent with the state traffic court rules and the procedures established by the department and must be appropriately numbered and inventoried. Affidavit-of-compliance forms may also be produced by electronic means.

(d) The department must distribute to every traffic enforcement agency and to any others who request it, a traffic infraction reference guide describing the class of the traffic infraction, the penalty for the infraction, the points to be assessed on a driver’s record, and any other information necessary to describe a violation and the penalties therefor.

(2) Courts, enforcement agencies, and the department are jointly responsible to account for all uniform traffic citations in accordance with rules and procedures promulgated by the department.

(3) (a) Except for a traffic citation issued pursuant to § 316.1001 or § 316.0083, each traffic enforcement officer, upon issuing a traffic citation to an alleged violator of any provision of the motor vehicle laws of this state or of any traffic ordinance of any municipality or town, shall deposit the original traffic citation or, in the case of a traffic enforcement agency that has an automated citation issuance system, the chief administrative officer shall provide by an electronic transmission a replica of the citation data to a court having jurisdiction over the alleged offense or with its traffic violations bureau within 5 days after issuance to the violator.

(b) If a traffic citation is issued pursuant to § 316.1001, a traffic enforcement officer may deposit the original traffic citation or, in the case of a traffic enforcement agency that has an automated citation system, may provide by an electronic transmission a replica of the citation data to a court having jurisdiction over the alleged offense or with its traffic violations bureau within 45 days after the date of issuance of the citation to the violator. If the person cited for the violation of § 316.1001 makes the election provided by § 318.14(12) and pays the $25 fine, or such other amount as imposed by the governmental entity owning the applicable toll facility, plus the amount of the unpaid toll that is shown on the traffic citation directly to the governmental entity that issued the citation, or on whose behalf the citation was issued, in accordance with § 318.14(12), the traffic citation will not be submitted to the court, the disposition will be reported to the department by the governmental entity that issued the citation, or on whose behalf the citation was issued, and no points will be assessed against the person’s driver license.

(c) If a traffic citation is issued under § 316.0083, the traffic infraction enforcement officer shall provide by electronic transmission a replica of the traffic citation data to the court having jurisdiction over the alleged offense or its traffic violations bureau within 5 days after the date of issuance of the traffic citation to the violator. If a hearing is re-
request, the traffic infraction enforcement officer shall provide a replica of the traffic notice of violation data to the clerk for the local hearing officer having jurisdiction over the alleged offense within 14 days.

(4) The chief administrative officer of every traffic enforcement agency shall require the return to him or her of the officer-agency copy of every traffic citation issued by an officer under the chief administrative officer’s supervision to an alleged violator of any traffic law or ordinance and all copies of every traffic citation that has been spoiled or upon which any entry has been made and not issued to an alleged violator. In the case of a traffic enforcement agency that has an automated citation issuance system, the chief administrative officer shall require the return of all electronic traffic citation records.

(5) Upon the deposit of the original traffic citation or upon an electronic transmission of a replica of citation data of the traffic citation with respect to traffic enforcement agencies that have an automated citation issuance system with a court having jurisdiction over the alleged offense or with its traffic violations bureau, the original citation, the electronic citation containing a replica of citation data, or a copy of such traffic citation may be disposed of only by trial in the court or other official action by a judge of the court, including forfeiture of the bail, or by the deposit of sufficient bail with, or payment of a fine to, the traffic violations bureau by the person to whom such traffic citation has been issued by the traffic enforcement officer.

(6) The chief administrative officer shall transmit, on a form approved by the department, within 5 days after submission of the original, groups of issued citations and transmitted data to the court. Batches of electronic citations containing a replica of citation data may be transmitted to the court in an electronic fashion, in a format prescribed by the department within 5 days after issuance to the violator.

(7) The chief administrative officer shall also maintain or cause to be maintained in connection with every traffic citation issued by an officer under his or her supervision a record of the disposition of the charge by the court or its traffic violations bureau in which the original or copy of the traffic citation or electronic citation was deposited.

(8) It is unlawful and official misconduct for any traffic enforcement officer or other officer or public employee to dispose of a traffic citation or copies thereof or of the record of the issuance of the same in a manner other than as required herein.

(9) Such citations shall not be admissible evidence in any trial, except when used as evidence of falsification, forgery, uttering, fraud, or perjury, or when used as physical evidence resulting from a forensic examination of the citation.

(10) If a uniform traffic citation has not been issued with respect to a criminal traffic offense, or with respect to an offense that requires mandatory revocation of the driver license or driving privilege pursuant to §322.26 upon conviction of such offense, and the prosecution is by affidavit, information, or indictment, the prosecutor shall direct the arresting officer to prepare a citation. In the absence of an arresting officer, the prosecutor shall prepare the citation. For the purpose of this subsection, the term “arresting officer” means the law enforcement officer who apprehended or took into custody the alleged offender.

(11) Driver information contained in a uniform traffic citation, which includes but is not limited to, the accused person’s name and address, shall not be used for commercial solicitation purposes. However, the use of such driver information contained in a uniform traffic citation shall not be considered a commercial purpose when used for publication in a newspaper or other news periodical, when used for broadcast by radio or television, or when used to inform a person of the availability of driver safety training.

316.655. Penalties.

(1) A violation of any of the provisions of this chapter, except those violations with a specific criminal charge, as enumerated in §318.17, are infractions, as defined in §318.13(3). Except for violations of §316.302, infractions of this chapter are punishable as provided in chapter 318. Any person convicted of a violation of or otherwise found to be in violation of §316.063, §316.3025, §316.516, §316.545, or §316.650 shall be punished as specifically provided in that section.

(2) A driver convicted of a violation of any offense prohibited by this chapter or any other law of this state regulating motor vehicles, which resulted in an accident, may have his or her driving privileges revoked or suspended by the court if the court finds such revocation or suspension warranted by the totality of the circumstances resulting in the conviction and the need to provide for the maximum safety for all persons who travel on or who are otherwise affected by the use of the highways of the state. In determining
whether suspension or revocation is appropriate, the court shall consider all pertinent factors, including, but not limited to, such factors as the extent and nature of the driver’s violation of this chapter, the number of persons killed or injured as the result of the driver’s violation of this chapter, and the extent of any property damage resulting from the driver’s violation of this chapter.

316.656. Mandatory adjudication; prohibition against accepting plea to lesser included offense.
(1) Notwithstanding the provisions of § 948.01, no court may suspend, defer, or withhold adjudication of guilt or imposition of sentence for any violation of § 316.193, for manslaughter resulting from the operation of a motor vehicle, or for vehicular homicide.
(2) (a) No trial judge may accept a plea of guilty to a lesser offense from a person charged under the provisions of this act who has been given a breath or blood test to determine blood or breath alcohol content, the results of which show a blood or breath alcohol content by weight of 0.15 percent or more.
(b) No trial judge may accept a plea of guilty to a lesser offense from a person charged with a violation of § 316.193(3), manslaughter resulting from the operation of a motor vehicle, or vehicular homicide.

CHAPTER 318

(1) “Department” means Department of Highway Safety and Motor Vehicles, defined in § 20.24, or the appropriate division thereof.
(2) “Suspension” means that a licensee’s privilege to drive a motor vehicle is temporarily withdrawn.
(3) “Infraction” means a noncriminal violation that may require community service hours under § 316.027(4), but is not punishable by incarceration and for which there is no right to a trial by jury or a right to court-appointed counsel.
(4) “Official” means any judge authorized by law to preside over a court or hearing adjudicating traffic infractions.
(5) “Officer” means any law enforcement officer charged with and acting under his or her authority to arrest persons suspected of, or known to be, violating statutes or ordinances regulating traffic or the operation or equipment of vehicles. “Officer” includes any individual employed by a sheriff’s department or the police department of a chartered municipality who is acting as a traffic enforcement officer as provided in § 316.640.

318.14. Noncriminal traffic infractions; exception; procedures.
(1) Except as provided in §§ 318.17 and 320.07(3)(c), any person cited for a violation of chapter 316, § 320.0605, § 320.07(3) (a) or (b), § 322.065, § 322.15(1), § 322.16(2) or (3), § 322.1615, § 322.19, or § 1006.66(3) is charged with a noncriminal infraction and must be cited for such an infraction and cited to appear before an official. If another person dies as a result of the noncriminal infraction, the person cited may be required to perform 120 community service hours under § 316.027(4), in addition to any other penalties.
(2) Except as provided in §§ 316.1001(2) and 316.0083, any person cited for a violation requiring a mandatory hearing listed in § 318.19 or any other criminal traffic violation listed in chapter 316 must sign and accept a citation indicating a promise to appear. The officer may indicate on the traffic citation the time and location of the scheduled hearing and must indicate the applicable civil penalty established in § 318.18. For all other infractions under this section, except for infractions under § 316.1001, the officer must certify by electronic, electronic facsimile, or written signature that the citation was delivered to the person cited. This certification is prima facie evidence that the person cited was served with the citation.
(3) Any person who willfully refuses to accept and sign a summons as provided in subsection (2) commits a misdemeanor of the second degree.
(4) (a) Except as provided in subsection (12), any person charged with a noncriminal infraction under this section who does not elect to appear shall, within 30 days after the date of issuance of the citation:

Such admission shall not be used as evidence in any other proceedings. Any person who is cited for a violation of § 320.0605 or § 322.15(1), or subject to a penalty under § 320.07(3)(a) or (b) or § 322.065, and who makes an election under this subsection shall submit proof of compliance with the applicable section to the clerk of the court. For the purposes of this subsection, proof of compliance consists of a valid driver’s license or a valid registration certificate.

(5) Any person electing to appear before the designated official or who is required so to appear shall be deemed to have waived his or her right to the civil penalty provisions of § 318.18. The official, after a hearing, shall make a determination as to whether an infraction has been committed. If the commission of an infraction has been proven, the official may impose a civil penalty not to exceed $500, except that in cases involving unlawful speed in a school zone or involving unlawful speed in a construction zone, the civil penalty may not exceed $1,000; or require attendance at a driver improvement school, or both. If the person is required to appear before the designated official pursuant to § 318.19(1) and is found to have committed the infraction, the designated official shall impose a civil penalty of $1,000 in addition to any other penalties and the person’s driver’s license shall be suspended for 6 months. If the person is required to appear before the designated official pursuant to § 318.19(2) and is found to have committed the infraction, the designated official shall impose a civil penalty of $500 in addition to any other penalties and the person’s driver’s license shall be suspended for 3 months. If the official determines that no infraction has been committed, no costs or penalties shall be imposed and any costs or penalties that have been paid shall be returned. Moneys received from the mandatory civil penalties imposed pursuant to this subsection upon persons required to appear before a designated official pursuant to § 318.19(1) or (2) shall be remitted to the Department of Revenue and deposited into the Department of Health Emergency Medical Services Trust Fund to provide financial support to certified trauma centers to assure the availability and accessibility of trauma services throughout the state. Funds deposited into the Emergency Medical Services Trust Fund under this section shall be allocated as follows:

(a) Fifty percent shall be allocated equally among all Level I, Level II, and pediatric trauma centers in recognition of readiness costs for maintaining trauma services.

(b) Fifty percent shall be allocated among Level I, Level II, and pediatric trauma centers based on each center’s relative volume of trauma cases as reported in the Department of Health Trauma Registry.

(6) The commission of a charged infraction at a hearing under this chapter must be proved beyond a reasonable doubt.

(7) (a) The official having jurisdiction over the infraction shall certify to the department within 10 days after payment of the civil penalty that the defendant has admitted to the infraction. If the charge results in a hearing, the official having jurisdiction shall certify to the department the final disposition within 10 days after the hearing. All dispositions returned to the county requiring a correction shall be resubmitted to the department within 10 days after the notification of the error.

(b) If the official having jurisdiction over the traffic infraction submits the final disposition to the department more than 180 days after the final hearing or after payment of the civil penalty, the department may modify any resulting suspension or revocation action to begin as if the citation were reported in a timely manner.

(8) When a report of a determination or admission of an infraction is received by the department, it shall proceed to enter the proper number of points on the licensee’s driving record in accordance with § 322.27.

(9) Any person who does not hold a commercial driver license or commercial learner’s permit and who is cited while driving a noncommercial motor vehicle for an infraction under this section other than a violation of § 316.183(2), § 316.187, or § 316.189 when the driver exceeds the posted limit by 30 miles per hour or more, § 320.0605, § 320.07(3)(a) or (b), § 322.065, § 322.15(1), § 322.61, or § 322.62 may, in lieu of a court appearance, elect to attend in the location of his or her choice within this state a basic driver improvement course approved by the Department of Highway Safety and Motor Vehicles. In such a case, adjudication must be withheld and points, as provided by § 322.27, may not be assessed. However, a person may not make an election under this subsection if the person has made an election under this subsection in the preceding 12 months. A person may not make more than five elections within his or her lifetime.
under this subsection. The requirement for community service under § 318.18(8) is not waived by a plea of nolo contendere or by the withholding of adjudication of guilt by a court. If a person makes an election to attend a basic driver improvement course under this subsection, 18 percent of the civil penalty imposed under § 318.18(3) shall be deposited in the State Courts Revenue Trust Fund; however, that portion is not revenue for purposes of § 28.36 and may not be used in establishing the budget of the clerk of the court under that section or § 28.35.

(10) (a) Any person who does not hold a commercial driver license or commercial learner’s permit and who is cited while driving a noncommercial motor vehicle for an offense listed under this subsection may, in lieu of payment of fine or court appearance, elect to enter a plea of nolo contendere and provide proof of compliance to the clerk of the court, designated official, or authorized operator of a traffic violations bureau. In such case, adjudication shall be withheld; however, a person may not make an election under this subsection if the person has made an election under this subsection in the preceding 12 months. A person may not make more than three elections under this subsection. This subsection applies to the following offenses:

1. Operating a motor vehicle without a valid driver license in violation of § 322.03, § 322.065, or § 322.15(1), or operating a motor vehicle with a license that has been suspended for failure to appear, failure to pay civil penalty, or failure to attend a driver improvement course pursuant to § 322.291.

2. Operating a motor vehicle without a valid registration in violation of § 320.0605, § 320.07, or § 320.131.

3. Operating a motor vehicle in violation of § 316.646.

4. Operating a motor vehicle with a license that has been suspended under § 61.13016 or § 322.245 for failure to pay child support or for failure to pay any other financial obligation as provided in § 322.245; however, this subparagraph does not apply if the license has been suspended pursuant to § 322.245(1).

5. Operating a motor vehicle with a license that has been suspended under § 322.091 for failure to meet school attendance requirements.

(b) Any person cited for an offense listed in this subsection shall present proof of compliance before the scheduled court appearance date. For the purposes of this subsection, proof of compliance shall consist of a valid, renewed, or reinstated driver license or registration certificate and proper proof of maintenance of security as required by § 316.646. Notwithstanding waiver of fine, any person establishing proof of compliance shall be assessed court costs of $25, except that a person charged with violation of § 316.646(1)-(3) may be assessed court costs of $8. One dollar of such costs shall be remitted to the Department of Revenue for deposit into the Child Welfare Training Trust Fund of the Department of Children and Family Services. One dollar of such costs shall be distributed to the Department of Juvenile Justice for deposit into the Juvenile Justice Training Trust Fund. Fourteen dollars of such costs shall be distributed to the municipality and $9 shall be deposited by the clerk of the court into the fine and forfeiture fund established pursuant to § 142.01, if the offense was committed within the municipality. If the offense was committed in an unincorporated area of a county or if the citation was for a violation of § 316.646(1)-(3), the entire amount shall be deposited by the clerk of the court into the fine and forfeiture fund established pursuant to § 142.01, except for the moneys to be deposited into the Child Welfare Training Trust Fund and the Juvenile Justice Training Trust Fund. This subsection does not authorize the operation of a vehicle without a valid driver license, without a valid vehicle tag and registration, or without the maintenance of required security.

(11) If adjudication is withheld for any person charged or cited under this section, such action is not a conviction.

(12) Any person cited for a violation of § 316.1001 may, in lieu of making an election as set forth in subsection (4) or 1s. 318.18(7), elect to pay a fine of $25, or such other amount as imposed by the governmental entity owning the applicable toll facility, plus the amount of the unpaid toll that is shown on the traffic citation directly to the governmental entity that issued the citation, or on whose behalf the citation was issued, within 30 days after the date of issuance of the citation. Any person cited for a violation of § 316.1001 who does not elect to pay the fine imposed by the governmental entity owning the applicable toll facility plus the amount of the unpaid toll that is shown on the traffic citation directly to the governmental entity that issued the citation, or on whose behalf the citation was issued, as described in this subsection shall have an additional 45 days after the date of the issuance of the citation.
in which to request a court hearing or to pay the civil penalty and delinquent fee, if applicable, as provided in § 318.18(7), either by mail or in person, in accordance with subsection (4).

(13) (a) A person cited for a violation of § 316.1926 shall, in addition to any other requirements provided in this section, pay a fine of $1,000. This fine is in lieu of the fine required under § 318.18(3)(b), if the person was cited for violation of § 316.1926(2).

(b) A person cited for a second violation of § 316.1926 shall, in addition to any other requirements provided in this section, pay a fine of $2,500. This fine is in lieu of the fine required under § 318.18(3)(b), if the person was cited for violation of § 316.1926(2). In addition, the court shall revoke the person’s authorization and privilege to operate a motor vehicle for a period of 1 year and order the person to surrender his or her driver’s license.

(c) A person cited for a third violation of § 316.1926 commits a felony of the third degree, punishable as provided in § 775.082, § 775.083, or § 775.084. Upon conviction, the court shall impose a fine of $5,000, revoke the person’s authorization and privilege to operate a motor vehicle for a period of 10 years, and order the person to surrender his or her driver’s license.

318.15. Failure to comply with civil penalty or to appear; penalty.

(1) (a) If a person fails to comply with the civil penalties provided in § 318.18 within the time period specified in § 318.14(4), fails to enter into or comply with the terms of a penalty payment plan with the clerk of the court in accordance with §§ 318.14 and 28.246, fails to attend driver improvement school, or fails to appear at a scheduled hearing, the clerk of the court shall notify the Department of Highway Safety and Motor Vehicles of such failure within 10 days after such failure. Upon receipt of such notice, the department shall immediately issue an order suspending the driver’s license and privilege to drive of such person effective 20 days after the date the order of suspension is mailed in accordance with § 322.251(1), (2), and (6). Any such suspension of the driving privilege which has not been reinstated, including a similar suspension imposed outside Florida, shall remain on the records of the department for a period of 7 years from the date imposed and shall be removed from the records after the expiration of 7 years from the date it is imposed.

(b) However, a person who elects to attend driver improvement school and has paid the civil penalty as provided in § 318.14(9), but who subsequently fails to attend the driver improvement school within the time specified by the court shall be deemed to have admitted the infraction and shall be adjudicated guilty. In all other such cases, the person must pay the clerk a processing fee of up to $18, after which no additional penalties, court costs, or surcharges shall be imposed for the violation. The clerk of the court shall notify the department of the person’s failure to attend driver improvement school and points shall be assessed pursuant to § 322.27.

(c) A person who is charged with a traffic infraction may request a hearing within 180 days after the date upon which the violation occurred, regardless of any action taken by the court or the department to suspend the person’s driving privilege, and, upon request, the clerk must set the case for hearing. The person shall be given a form for requesting that his or her driving privilege be reinstated. If the 180th day after the date upon which the violation occurred is a Saturday, Sunday, or legal holiday, the person who is charged must request a hearing within 177 days after the date upon which the violation occurred; however, the court may grant a request for a hearing made more than 180 days after the date upon which the violation occurred. This paragraph does not affect the assessment of late fees as otherwise provided in this chapter.

(2) After the suspension of a person’s driver’s license and privilege to drive under subsection (1), the license and privilege may not be reinstated until the person complies with the terms of a periodic payment plan or a revised payment plan with the clerk of the court pursuant to §§ 318.14 and 28.246 or with all obligations and penalties imposed under § 318.18 and presents to a driver license office a certificate of compliance issued by the court, together with a nonrefundable service charge of $60 imposed under § 322.29, or presents a certificate of compliance and pays the service charge to the clerk of the court or a driver licensing agent authorized under § 322.135 clearing such suspen-

(3) The clerk shall notify the department of persons who were mailed a notice of violation of § 316.074(1) or § 316.075(1)(c)1. pursuant to § 316.0083 and who failed to enter into, or comply with the terms of, a penalty payment plan, or order with the clerk to the local hearing officer or failed to appear at a scheduled hearing within 10 days after such failure, and shall reference the person’s driver license number, or in the case of a business entity, vehicle registration number.

(a) Upon receipt of such notice, the department, or authorized agent thereof, may not issue a license plate or revalidation sticker for any motor vehicle owned or coowned by that person pursuant to § 320.03(8) until the amounts assessed have been fully paid.

(b) After the issuance of the person’s license plate or revalidation sticker is withheld pursuant to paragraph (a), the person may challenge the withholding of the license plate or revalidation sticker only on the basis that the outstanding fines and civil penalties have been paid pursuant to § 320.03(8).

318.16. Appeals; stay orders; procedures.

(1) If a person is found to have committed an infraction by the hearing official, he or she may appeal that finding to the circuit court.

An appeal under this subsection shall not operate to stay the reporting requirements of § 318.14(7) or to stay appropriate action by the department upon receipt of that report.

(2) The circuit court, upon application by the appellant, may:

The owner or insurance company, as the case may be, may not dispose of a vehicle or mobile home that is a total loss before it has obtained a salvage certificate of title or certificate of destruction from the department. When applying for a salvage certificate of title or certificate of destruction, the owner or insurance company must provide the department with an estimate of the costs of repairing the physical and mechanical damage suffered by the vehicle for which a salvage certificate of title or certificate of destruction is sought. If the estimated costs of repairing the physical and mechanical damage to the vehicle are equal to 80 percent or more of the current retail cost of the vehicle, as established in any official used car or used mobile home guide, the department shall declare the vehicle unrebuildable and print a certificate of destruction, which authorizes the dismantling or destruction of the motor vehicle or mobile home described therein. However, if the damaged motor vehicle is equipped with custom-lowered floors for wheelchair access or a wheelchair lift, the insurance company may, upon determining that the vehicle is repairable to a condition that is safe for operation on public roads, submit the certificate of title to the department for reissuance as a salvage rebuildable title and the addition of a title brand of “insurance-declared total loss.” The certificate of destruction shall be reas-
assignable a maximum of two times before dismantling or destruction of the vehicle shall be required, and shall accompany the motor vehicle or mobile home for which it is issued, when such motor vehicle or mobile home is sold for such purposes, in lieu of a certificate of title, and, thereafter, the department shall refuse issuance of any certificate of title for that vehicle. Nothing in this subsection shall be applicable when a vehicle is worth less than $1,500 retail in undamaged condition in any official used motor vehicle guide or used mobile home guide or when a stolen motor vehicle or mobile home is recovered in substantially intact condition and is readily resalable without extensive repairs to or replacement of the frame or engine. Any person who knowingly violates this paragraph or falsifies any document to avoid the requirements of this paragraph commits a misdemeanor of the first degree, punishable as provided in § 775.082 or § 775.083.

(4) It is unlawful for any person to have in his or her possession any motor vehicle or mobile home when the manufacturer’s or state-assigned identification number plate or serial plate has been removed therefrom.

(a) Nothing in this subsection shall be applicable when a vehicle defined in this section as a derelict or salvage was purchased or acquired from a foreign state requiring such vehicle’s identification number plate to be surrendered to such state, provided the person shall have an affidavit from the seller describing the vehicle by manufacturer’s serial number and the state to which such vehicle’s identification number plate was surrendered.

(b) Nothing in this subsection shall be applicable if a certificate of destruction has been obtained for the vehicle.

(5) (a) It is unlawful for any person to knowingly possess, sell, or exchange, offer to sell or exchange, or give away any certificate of title or manufacturer’s or state-assigned identification number plate or serial plate of any motor vehicle, mobile home, or derelict that has been sold as salvage contrary to the provisions of this section, and it is unlawful for any person to authorize, direct, aid in, or consent to the possession, sale, or exchange or to offer to sell, exchange, or give away such certificate of title or manufacturer’s or state-assigned identification number plate or serial plate.

(b) It is unlawful for any person to knowingly possess, sell, or exchange, offer to sell or exchange, or give away any manufacturer’s or state-assigned identification number plate or serial plate of any motor vehicle or mobile home that has been removed from the motor vehicle or mobile home for which it was manufactured, and it is unlawful for any person to authorize, direct, aid in, or consent to the possession, sale, or exchange or to offer to sell, exchange, or give away such manufacturer’s or state-assigned identification number plate or serial plate.

(c) This chapter does not apply to anyone who removes, possesses, or replaces a manufacturer’s or state-assigned identification number plate, in the course of performing repairs on a vehicle, that require such removal or replacement. If the repair requires replacement of a vehicle part that contains the manufacturer’s or state-assigned identification number plate, the manufacturer’s or state-assigned identification number plate that is assigned to the vehicle being repaired will be installed on the replacement part. The manufacturer’s or state-assigned identification number plate that was removed from this replacement part will be installed on the part that was removed from the vehicle being repaired.

(6) (a) In the event of a purchase by a salvage motor vehicle dealer of materials or major component parts for any reason, the purchaser shall:

1. For each item of materials or major component parts purchased, the salvage motor vehicle dealer shall record the date of purchase and the name, address, and personal identification card number of the person selling such items, as well as the vehicle identification number, if available.

2. With respect to each item of materials or major component parts purchased, obtain such documentation as may be required by subsection (2).

(b) Any person who violates this subsection commits a felony of the third degree, punishable as provided in § 775.082, § 775.083, or § 775.084.

(7) (a) In the event of a purchase by a secondary metals recycler, that has been issued a certificate of registration number, of:

1. Materials, prepared materials, or parts from any seller for purposes other than the processing of such materials, prepared materials, or parts, the purchaser shall obtain such documentation as may be required by this section and shall record the seller’s name and address, date of purchase, and the personal identification card number of the person delivering such items.

2. Parts or prepared materials from any seller for purposes of the processing of such
parts or prepared materials, the purchaser shall record the seller’s name and address and date of purchase and, in the event of a purchase transaction consisting primarily of parts or prepared materials, the personal identification card number of the person delivering such items.

3. Materials from another secondary metals recycler for purposes of the processing of such materials, the purchaser shall record the seller’s name and address and date of purchase.

4. a. Motor vehicles, recreational vehicles, mobile homes, or derelict motor vehicles from other than a secondary metals recycler for purposes of the processing of such motor vehicles, recreational vehicles, mobile homes, or derelict motor vehicles, the purchaser shall make the required notification to the National Motor Vehicle Title Information System and record the date of purchase and the name, address, and personal identification card number of the person selling such items and shall obtain the following documentation from the seller with respect to each item purchased:

I. A valid certificate of title issued in the name of the seller or properly endorsed, as required in § 319.22, over to the seller;

II. A valid salvage certificate of title issued in the name of the seller or properly endorsed, as required in § 319.22, over to the seller;

III. A valid certificate of destruction issued in the name of the seller or properly endorsed over to the seller; or

IV. A valid derelict motor vehicle certificate obtained from the department by a licensed salvage motor vehicle dealer and properly reassigned to the secondary metals recycler.

b. If a valid certificate of title, salvage certificate of title, certificate of destruction, or derelict motor vehicle certificate is not available and the motor vehicle or mobile home is a derelict motor vehicle, a derelict motor vehicle certificate application shall be completed by the seller or owner of the motor vehicle or mobile home, the seller’s or owner’s authorized transporter, and the registered secondary metals recycler at the time of sale, transport, or delivery to the registered secondary metals recycler to obtain a derelict motor vehicle certificate from the department. The derelict motor vehicle certificate application must be accompanied by a legible copy of the seller’s or owner’s valid Florida driver license or Florida identification card, or a valid driver license or identification card from another state. If the seller is not the owner of record of the vehicle being sold, the recycler shall, at the time of sale, ensure that a smudge-free right thumbprint, or other digit if the seller has no right thumb, of the seller is imprinted upon the derelict motor vehicle certificate application and that the legible copy of the seller’s driver license or identification card is affixed to the application and transmitted to the department. The derelict motor vehicle certificate shall be used by the owner, the owner’s authorized transporter, and the registered secondary metals recycler. The registered secondary metals recycler shall make the required notification of the derelict motor vehicle to the National Motor Vehicle Title Information System and shall secure the derelict motor vehicle for 3 full business days, excluding weekends and holidays, if there is no active lien or a lien of 3 years or more on the department’s records before destroying or dismantling the derelict motor vehicle and shall follow all reporting procedures established by the department, including electronic notification to the department or delivery of the original derelict motor vehicle certificate application to an agent of the department within 24 hours after receiving the derelict motor vehicle. If there is an active lien of less than 3 years on the derelict motor vehicle, the registered secondary metals recycler shall secure the derelict motor vehicle for 10 days. The department shall notify the lienholder of the application for a derelict motor vehicle certificate and shall notify the lienholder of its intention to remove the lien. Ten days after receipt of the motor vehicle derelict application, the department may remove the lien from its records if a written statement protesting removal of the lien is not received by the department from the lienholder within the 10-day period. However, if the lienholder files with the department and the registered secondary metals recycler within the 10-day period a written statement that the lien is still outstanding, the department shall not remove the lien and shall place an administrative hold on the record for 30 days to allow the lienholder to apply for title to the vehicle or a repossession certificate under § 319.28. The registered secondary metals recycler must secure the derelict motor vehicle until the department’s administrative stop is removed, the lienholder submits a lien satisfaction, or the lienholder takes possession of the vehicle.

c. Any person who knowingly violates this subparagraph by selling, transporting, delivering, purchasing, or receiving a motor vehi-
icle, recreational motor vehicle, mobile home, or derelict motor vehicle without obtaining a certificate of title, salvage certificate of title, certificate of destruction, or derelict motor vehicle certificate; enters false or fictitious information on a derelict motor vehicle certificate application; does not complete the derelict motor vehicle certificate application as required or does not make the required notification to the department; does not make the required notification to the National Motor Vehicle Title Information System; does not obtain a legible copy of the seller’s or owner’s driver license or identification card when required; or destroys or dismantles a derelict motor vehicle without waiting the required time as set forth in sub-subparagraph

(b) Any person who violates this subsection commits a felony of the third degree, punishable as provided in § 775.082, § 775.083, or § 775.084.

(b) Secondary metals recyclers and salvage motor vehicle dealers shall return to the department on a monthly basis all certificates of title and salvage certificates of title that are required by this section to be obtained. Secondary metals recyclers and salvage motor vehicle dealers may elect to notify the department electronically through procedures established by the department when they receive each motor vehicle or mobile home, salvage motor vehicle or mobile home, or derelict motor vehicle with a certificate of title or salvage certificate of title through procedures established by the department. The department may adopt rules and establish fees as it deems necessary or proper for the administration of the electronic notification service.

(b) Secondary metals recyclers and salvage motor vehicle dealers shall keep originals, or a copy in the event the original was returned to the department, of all certificates of title, salvage certificates of title, certificates of destruction, derelict motor vehicle certificates, and all other information required by this section to be recorded or ob-

tained, on file in the offices of such secondary metals recyclers or salvage motor vehicle dealers for a period of 3 years after the date of purchase of the items reflected in such certificates of title, salvage certificates of title, certificates of destruction, or derelict motor vehicle certificates. These records shall be maintained in chronological order.

(c) For the purpose of enforcement of this section, the department or its agents and employees have the same right of inspection as law enforcement officers as provided in § 812.055.

(d) Whenever the department, its agent or employee, or any law enforcement officer has reason to believe that a stolen or fraudulently titled motor vehicle, mobile home, recreational vehicle, salvage motor vehicle, or derelict motor vehicle is in the possession of a salvage motor vehicle dealer or secondary metals recycler, the department, its agent or employee, or the law enforcement officer may issue an extended hold notice, not to exceed 5 additional business days, excluding weekends and holidays, to the salvage motor vehicle dealer or registered secondary metals recycler.

(e) Whenever a salvage motor vehicle dealer or registered secondary metals recycler is notified by the department, its agent or employee, or any law enforcement officer to hold a motor vehicle, mobile home, recreational vehicle, salvage motor vehicle, or derelict motor vehicle that is believed to be stolen or fraudulently titled, the salvage motor vehicle dealer or registered secondary metals recycler shall hold the motor vehicle, mobile home, recreational vehicle, salvage motor vehicle, or derelict motor vehicle and may not dismantle or destroy the motor vehicle, mobile home, recreational vehicle, salvage motor vehicle, or derelict motor vehicle until it is recovered by a law enforcement officer, the hold is released by the department or the law enforcement officer placing the hold, or the 5 additional business days have passed since being notified of the hold.

(f) This section does not authorize any person who is engaged in the business of recovering, towing, or storing vehicles pursuant to § 713.78, and who is claiming a lien for performing labor or services on a motor vehicle or mobile home pursuant to § 713.58, or is claiming that a motor vehicle or mobile home has remained on any premises after tenancy has terminated pursuant to § 715.104, to use a derelict motor vehicle certificate application for the purpose of transporting, selling, disposing of, or delivering a motor vehicle to
a salvage motor vehicle dealer or secondary metals recycler without obtaining the title or certificate of destruction required under § 713.58, § 713.78, or § 715.104.

(g) The department shall accept all properly endorsed and completed derelict motor vehicle certificate applications and shall issue a derelict motor vehicle certificate having an effective date that authorizes when a derelict motor vehicle is eligible for dismantling or destruction. The electronic information obtained from the derelict motor vehicle certificate application shall be stored electronically and shall be made available to authorized persons after issuance of the derelict motor vehicle certificate in the Florida Real Time Vehicle Information System.

(h) The department is authorized to adopt rules pursuant to §§ 120.536(1) and 120.54 establishing policies and procedures to administer and enforce this section.

(i) The department shall charge a fee of $3 for each derelict motor vehicle certificate delivered to the department or one of its agents for processing and shall mark the title record canceled. A service charge may be collected under § 320.04.

(j) The licensed salvage motor vehicle dealer or registered secondary metals recycler shall make all payments for the purchase of any derelict motor vehicle that is sold by a seller who is not the owner of record on file with the department by check or money order made payable to the seller and may not make payment to the authorized transporter. The licensed salvage motor vehicle dealer or registered secondary metals recycler may not cash the check that such dealer or recycler issued to the seller.

(9) (a) An insurance company may notify an independent entity that obtains possession of a damaged or dismantled motor vehicle to release the vehicle to the owner. The insurance company shall provide the independent entity a release statement on a form prescribed by the department authorizing the independent entity to release the vehicle to the owner. The form shall, at a minimum, contain the following:

1. The policy and claim number.
2. The name and address of the insured.
3. The vehicle identification number.
4. The signature of an authorized representative of the insurance company.

(b) The independent entity in possession of a motor vehicle must send a notice to the owner that the vehicle is available for pick up when it receives a release statement from the insurance company. The notice shall be sent by certified mail to the owner at the owner’s address reflected in the department’s records. The notice must inform the owner that the owner has 30 days after receipt of the notice to pick up the vehicle from the independent entity. If the motor vehicle is not claimed within 30 days after the owner receives the notice, the independent entity may apply for a certificate of destruction or a certificate of title.

(c) The independent entity shall make the required notification to the National Motor Vehicle Title Information System before releasing any damaged or dismantled motor vehicle to the owner or before applying for a certificate of destruction or salvage certificate of title.

(d) Upon applying for a certificate of destruction or salvage certificate of title, the independent entity shall provide a copy of the release statement from the insurance company to the independent entity, proof of providing the 30-day notice to the owner, proof of notification to the National Motor Vehicle Title Information System, and applicable fees.

(e) The independent entity may not charge an owner of the vehicle storage fees or apply for a title under § 713.585 or § 713.78.

(10) The department may adopt rules to implement an electronic system for issuing salvage certificates of title and certificates of destruction.

(11) Except as otherwise provided in this section, any person who violates this section commits a felony of the third degree, punishable as provided in § 775.082, § 775.083, or § 775.084.

319.33. Offenses involving vehicle identification numbers, applications, certificates, papers; penalty.

(a) To alter or forge any certificate of title to a motor vehicle or mobile home or any assignment thereof or any cancellation of any lien on a motor vehicle or mobile home.

(b) To retain or use such certificate, assignment, or cancellation knowing that it has been altered or forged.

(c) To procure or attempt to procure a certificate of title to a motor vehicle or mobile home, or pass or attempt to pass a certificate of title or any assignment thereof to a motor vehicle or mobile home, knowing or having reason to believe that such motor vehicle or mobile home has been stolen.

(d) To possess, sell or offer for sale, conceal, or dispose of in this state a motor vehicle or mobile home, or major component part thereof, on which any motor number or
vehicle identification number that has been affixed by the manufacturer or by a state agency, such as the Department of Highway Safety and Motor Vehicles, which regulates motor vehicles has been destroyed, removed, covered, altered, or defaced, with knowledge of such destruction, removal, covering, alteration, or defacement, except as provided in § 319.30(4).

(e) To use a false or fictitious name, give a false or fictitious address, or make any false statement in any application or affidavit required under the provisions of this chapter or in a bill of sale or sworn statement of ownership or otherwise commit a fraud in any application.

(2) It is unlawful for any person knowingly to obtain goods, services, credit, or money by means of an invalid, duplicate, fictitious, forged, counterfeit, stolen, or unlawfully obtained certificate of title, registration, bill of sale, or other indicia of ownership of a motor vehicle or mobile home.

(3) It is unlawful for any person knowingly to obtain goods, services, credit, or money by means of a certificate of title to a motor vehicle or mobile home, which certificate is required by law to be surrendered to the department.

(4) It is unlawful for any person knowingly and with intent to defraud to have in his or her possession, sell, offer to sell, counterfeit, or supply a blank, forged, fictitious, counterfeit, stolen, or fraudulently or unlawfully obtained certificate of title, registration, bill of sale, or other indicia of ownership of a motor vehicle or mobile home or to conspire to do any of the foregoing.

(5) It is unlawful for any person, firm, or corporation to knowingly possess, manufacture, sell or exchange, offer to sell or exchange, supply in blank, or give away any counterfeit manufacturer’s or state-assigned identification number plates or serial plates or any decal used for the purpose of identification of any motor vehicle; or for any officer, agent, or employee of any person, firm, or corporation, or any person who shall authorize, direct, aid in exchange, or give away such counterfeit manufacturer’s or state-assigned identification number plates or serial plates or any decal; or conspire to do any of the foregoing. However, nothing in this subsection shall be applicable to any approved replacement manufacturer’s or state-assigned identification number plates or serial plates or any decal issued by the department or any state.

(6) Any person who violates any provision of this section is guilty of a felony of the third degree, punishable as provided in § 775.082, § 775.083, or § 775.084. Any motor vehicle used in violation of this section shall constitute contraband which may be seized by a law enforcement agency and shall be subject to forfeiture proceedings pursuant to §§ 932.701-932.704. This section is not exclusive of any other penalties prescribed by any existing or future laws for the larceny or unauthorized taking of motor vehicles or mobile homes, but is supplementary thereto.

(7) (a) If all identifying numbers of a motor vehicle or mobile home do not exist or have been destroyed, removed, covered, altered, or defaced, or if the real identity of the motor vehicle or mobile home cannot be determined, the motor vehicle or mobile home shall constitute contraband and shall be subject to forfeiture by a seizing law enforcement agency, pursuant to applicable provisions of §§ 932.701-932.704. Such motor vehicle shall not be operated on the streets and highways of the state unless, by written order of a court of competent jurisdiction, the department is directed to assign to the vehicle a replacement vehicle identification number which shall thereafter be used for identification purposes. If the motor vehicle is confiscated from a licensed motor vehicle dealer as defined in § 320.27, the dealer’s license shall be revoked.

(b) If all numbers or other identifying marks manufactured on a major component part have been altered, defaced, destroyed, or otherwise removed for the purpose of concealing the identity of the major component part, the part shall constitute contraband and shall be subject to forfeiture by a seizing law enforcement agency, pursuant to applicable provisions of §§ 932.701-932.704. Any major component part forfeited under this subsection shall be destroyed or disposed of in a manner so as to make it unusable.

319.34. Transfer without delivery of certificate; operation or use without certificate; failure to surrender; other violations.

Whoever, except as otherwise provided for in this chapter, purports to sell or transfer a motor vehicle or mobile home without delivering to the purchaser or transferee thereof a certificate of title thereto duly assigned to such purchaser as provided in this chapter or operates or uses in this state a motor vehicle or mobile home for which a certificate of title is required without such certificate having been obtained in accordance with the
provisions of this chapter, or upon which the certificate of title has been canceled; whoev-
er fails to surrender any certificate of title, certificate of registration, license plate, or
sticker upon cancellation of the same by the department and notice thereof as prescribed
in this chapter; whoever fails to surrender the certificate of title to the department as
provided in this chapter in case of the de-

vehicle or mobile home in such respect that
it is not the motor vehicle or mobile home
described in the certificate of title; or who-
ever violates any of the other provisions of
this chapter, or any lawful rule adopted pur-
suant to the provisions of this chapter, shall
be fined not more than $500 or imprisoned
for not more than 6 months, or both, for each
offense.

319.35. Unlawful acts in connection
with motor vehicle odometer readings;
penalties.

(1) (a) It is unlawful for any person know-
ingly to tamper with, adjust, alter, set back,
disconnect, or fail to connect an odometer of
a motor vehicle, or to cause any of the fore-
going to occur to an odometer of a motor ve-
hicle, so as to reflect a lower mileage than
the motor vehicle has actually been driven,
or to supply any written odometer statement
knowing such statement to be false or based
on mileage figures reflected by an odometer
that has been tampered with or altered, ex-
cept as hereinafter provided. It is unlawful
for any person to knowingly bring into this
state a motor vehicle which has an odometer
that has been illegally altered.

(b) It is unlawful for any person to know-
ingly provide false information on the
odometer readings required pursuant to
§§ 319.23(3) and 320.02(2)(b).

(c) It is unlawful for any person to know-
ingly possess, sell, or offer for sale, conceal,
or dispose of in this state a motor vehicle
with an odometer that has been tampered
with so as to reflect a lower mileage than
the motor vehicle has actually been driven,
except as provided in paragraph (2)(a) and
subsection (3).

(2) (a) This section does not prevent the
service, repair, or replacement of an odom-
eter if the mileage indicated thereon remains
the same as before the service, repair, or re-
placement. If the odometer is incapable of
registering the same mileage as before such
service, repair, or replacement, the odometer
must be adjusted to read zero and a notice in
writing must be attached to the door frame of
the vehicle by the owner or his or her agent
specifying the mileage prior to repair or re-
placement of the odometer and the date on
which it was repaired or replaced.

(b) A person may not fail to adjust an
odometer or affix a notice regarding such ad-
justment as required by paragraph (a).

(c) A person may not, with intent to de-
fraud, remove or alter any notice affixed to a
motor vehicle under paragraph (a).

(3) Any motor vehicle with an odometer
that has been tampered with so as to reflect
a lower mileage than the motor vehicle has
actually been driven may not be knowingly
operated on the streets and highways of the
state in such condition unless the certificate
of title and registration certificate of the ve-
hicle have been conspicuously stamped so as
to indicate the displayed mileage is inaccu-
rate and written notice has been placed on
the vehicle as described in paragraph (2)(a).

(4) If any person, with intent to defraud,
possesses, sells, or offers to sell any motor
vehicle with an odometer that has been ille-
gally adjusted, altered, set back, or tampered
with so as to reflect a lower mileage than
the vehicle has actually been driven, such
motor vehicle is contraband and is subject
to seizure and forfeiture by a law enforce-
ment agency or the department pursuant to
§§ 932.701-932.704.

(5) Any person who intentionally violates
the provisions of this section is guilty of a
felony of the third degree, punishable as pro-
vided in § 775.082, § 775.083, or § 775.084.

CHAPTER 320
MOTOR VEHICLE LICENSES

320.01. Definitions, general.
As used in the Florida Statutes, except as
otherwise provided, the term:

(1) “Motor vehicle” means:

(a) An automobile, motorcycle, truck,
trailer, semitrailer, truck tractor and semi-
trailer combination, or any other vehicle
operated on the roads of this state, used to
transport persons or property, and propelled
by power other than muscular power, but the
term does not include traction engines, road
rollers, special mobile equipment as defined
in § 316.003(48), vehicles that run only upon
a track, bicycles, swamp buggies, or mopeds.

(b) A recreational vehicle-type unit pri-
marily designed as temporary living quar-
ters for recreational, camping, or travel use,
which either has its own motive power or
is mounted on or drawn by another vehicle.
Recreational vehicle-type units, when travel-
ing on the public roadways of this state, must
comply with the length and width provisions of § 316.515, as that section may hereafter be amended. As defined below, the basic entities are:

1. The “travel trailer,” which is a vehicular portable unit, mounted on wheels, of such a size or weight as not to require special highway movement permits when drawn by a motorized vehicle. It is primarily designed and constructed to provide temporary living quarters for recreational, camping, or travel use. It has a body width of no more than 81/2 feet and an overall body length of no more than 40 feet when factory-equipped for the road.

2. The “camping trailer,” which is a vehicular portable unit mounted on wheels and constructed with collapsible partial sidewalls which fold for towing by another vehicle and unfold at the campsite to provide temporary living quarters for recreational, camping, or travel use.

3. The “truck camper,” which is a truck equipped with a portable unit designed to be loaded onto, or affixed to, the bed or chassis of the truck and constructed to provide temporary living quarters for recreational, camping, or travel use.

4. The “motor home,” which is a vehicular unit which does not exceed the length, height, and width limitations provided in § 316.515, is a self-propelled motor vehicle, and is primarily designed to provide temporary living quarters for recreational, camping, or travel use.

5. The “private motor coach,” which is a vehicular unit which does not exceed the length, width, and height limitations provided in § 316.515(9), is built on a self-propelled bus type chassis having no fewer than three load-bearing axles, and is primarily designed to provide temporary living quarters for recreational, camping, or travel use.

6. The “van conversion,” which is a vehicular unit which does not exceed the length and width limitations provided in § 316.515, is built on a self-propelled motor vehicle chassis, and is designed for recreation, camping, and travel use.

7. The “park trailer,” which is a transportable unit which has a body width not exceeding 14 feet and which is built on a single chassis and is designed to provide seasonal or temporary living quarters when connected to utilities necessary for operation of installed fixtures and appliances. The total area of the unit in a setup mode, when measured from the exterior surface of the exterior stud walls at the level of maximum dimensions, not including any bay window, does not exceed 400 square feet when constructed to ANSI A-119.5 standards, and 500 square feet when constructed to United States Department of Housing and Urban Development Standards. The length of a park trailer means the distance from the exterior of the front of the body (nearest to the drawbar and coupling mechanism) to the exterior of the rear of the body (at the opposite end of the body), including any protrusions.

8. The “fifth-wheel trailer,” which is a vehicular unit mounted on wheels, designed to provide temporary living quarters for recreational, camping, or travel use, of such size or weight as not to require a special highway movement permit, of gross trailer area not to exceed 400 square feet in the setup mode, and designed to be towed by a motorized vehicle that contains a towing mechanism that is mounted above or forward of the tow vehicle’s rear axle.

(2) (a) “Mobile home” means a structure, transportable in one or more sections, which is 8 body feet or more in width and which is built on an integral chassis and designed to be used as a dwelling when connected to the required utilities and includes the plumbing, heating, air-conditioning, and electrical systems contained therein. For tax purposes, the length of a mobile home is the distance from the exterior of the wall nearest to the drawbar and coupling mechanism to the exterior of the wall at the opposite end of the home where such walls enclose living or other interior space. Such distance includes expandable rooms, but excludes bay windows, porches, drawbars, couplings, hitches, wall and roof extensions, or other attachments that do not enclose interior space. In the event that the mobile home owner has no proof of the length of the drawbar, coupling, or hitch, then the tax collector may in his or her discretion either inspect the home to determine the actual length or may assume 4 feet to be the length of the drawbar, coupling, or hitch.

(b) “Manufactured home” means a mobile home fabricated on or after June 15, 1976, in an offsite manufacturing facility for installation or assembly at the building site, with each section bearing a seal certifying that it is built in compliance with the federal Manufactured Home Construction and Safety Standard Act.

(3) “Owner” means any person, firm, corporation, or association controlling any motor vehicle or mobile home by right of purchase, gift, lease, or otherwise.
(4) “Trailer” means any vehicle without motive power designed to be coupled to or drawn by a motor vehicle and constructed so that no part of its weight or that of its load rests upon the towing vehicle.

(5) “Semitrailer” means any vehicle without motive power designed to be coupled to or drawn by a motor vehicle and constructed so that some part of its weight and that of its load rests upon or is carried by another vehicle.

(6) “Net weight” means the actual scale weight in pounds with complete catalog equipment.

(7) “Gross weight” means the net weight of a motor vehicle in pounds plus the weight of the load carried by it.

(8) “Cwt” means the weight per hundred pounds, or major fraction thereof, of a motor vehicle.

(9) “Truck” means any motor vehicle with a net vehicle weight of 5,000 pounds or less and which is designed or used principally for the carriage of goods and includes a motor vehicle to which has been added a cabinet box, a platform, a rack, or other equipment for the purpose of carrying goods other than the personal effects of the passengers.

(10) “Heavy truck” means any motor vehicle with a net vehicle weight of more than 5,000 pounds, which is registered on the basis of gross vehicle weight in accordance with § 320.08(4), and which is designed or used for the carriage of goods or designed or equipped with a connecting device for the purpose of drawing a trailer that is attached or coupled thereto by means of such connecting device and includes any such motor vehicle to which has been added a cabinet box, a platform, a rack, or other equipment for the purpose of carrying goods other than the personal effects of the passengers.

2. Review the number of times the permit has been confiscated for fraudulent or unlawful use, if at all.

(b) At least annually, the department shall verify that the owner of each disabled parking permit has not died. Such verification shall include, but need not be limited to, consultation of death records maintained by the Department of Health. If a disabled parking permit holder is found to be deceased, the department shall promptly invalidate the decedent’s disabled parking permit.

(10) The department shall develop and implement a means by which persons can report abuse of disabled parking permits by telephone hotline or by submitting a form online or by mail.

(11) A violation of this section is grounds for disciplinary action under § 458.331, § 459.015, § 460.413, § 461.013, § 463.016, or § 464.018, as applicable.

(g) Where an out-of-state resident, subject to registration in this state, must secure ownership documentation from the home state.

(h) For a rental car company which possesses a motor vehicle dealer license and which may use temporary tags on vehicles offered for lease by such company in accordance with the provisions of rules established by the department. However, the original issuance date of a temporary tag shall be the date which determines the applicable license plate fee.

(i) In the resolution of a consumer complaint where there is a need to issue more than two temporary tags, the department may do so.
(j) While a personalized prestige or specialty license plate is being manufactured for use upon the motor vehicle. A temporary tag issued for this purpose shall be valid for 90 days.

(k) In any case where a permanent license plate cannot legally be issued to an applicant and a temporary license is not specifically authorized under the provisions of this section, the department shall have the discretion to issue or authorize agents or Florida licensed dealers to issue temporary license plates to applicants demonstrating a need for such temporary use.

(l) For use by licensed dealers to transport motor vehicles and recreational vehicles from the dealer’s licensed location to an off-premise sales location and return. Temporary tags used for such purposes shall be issued to the licensed dealer who owns the vehicles.

Further, the department is authorized to disallow the purchase of temporary tags by licensed dealers, common carriers, or financial institutions in those cases where abuse has occurred.

(2) The department is authorized to sell temporary tags, in addition to those listed above, to their agents and where need is demonstrated by a consumer complainant. The fee shall be $2 each. One dollar from each tag sold shall be deposited into the Brain and Spinal Cord Injury Program Trust Fund, with the remaining proceeds being deposited into the Highway Safety Operating Trust Fund. Agents of the department shall sell temporary tags for $2 each and shall charge the service charge authorized by §320.04 per transaction, regardless of the quantity sold. Requests for purchase of temporary tags to the department or its agents shall be made, where applicable, on letterhead stationery and notarized. Except as specifically provided otherwise, a temporary tag shall be valid for 30 days, and no more than two shall be issued to the same person for the same vehicle.

(3) Any person or corporation who unwillfully issues or uses a temporary tag or violates this section or any rule adopted by the department to implement this section commits a noncriminal infraction, punishable as a moving violation as provided in chapter 318 in addition to other administrative action by the department. Using a temporary tag that has been expired for a period of 7 days or less is a noncriminal infraction, and is a nonmoving violation punishable as provided for in chapter 318.

(4) (a) Temporary tags shall be conspicuously displayed in the rear license plate bracket or, on vehicles requiring front display of license plates, on the front of the vehicle in the location where the metal license plate would normally be displayed.

(b) The department shall designate specifications for the media upon which the temporary tag is printed. Such media shall be either nonpermeable or subject to weather-proofing so that it maintains its structural integrity, including graphic and data adhesion, in all weather conditions after being placed on a vehicle.

(8) The department shall administer an electronic system for licensed motor vehicle dealers to use for issuing temporary tags. If a dealer fails to comply with the department’s requirements for issuing temporary tags using the electronic system, the department may deny, suspend, or revoke a license under §320.27(9)(b)16. upon proof that the licensee has failed to comply with the department’s requirements. The department may adopt rules to administer this section.

(9) (a) The department shall implement a secure print-on-demand electronic temporary tag registration, record retention, and issue system required for use by every department-authorized issuer of temporary tags by the end of the 2007-2008 fiscal year. Such system shall enable the department to issue, on demand, a temporary tag number in response to a request from the issuer by way of a secure electronic exchange of data.
and then enable the issuer to print the temporary tag that has all required information. A motor vehicle dealer licensed under this chapter may charge a fee to comply with this subsection.

(b) To ensure the continuation of operations for issuers if a system outage occurs, the department shall allow the limited use of a backup manual issuance method during an outage which requires recordkeeping of information as determined by the department and which requires the timely electronic reporting of this information to the department.

(c) The department may adopt rules necessary to administer this subsection. Such rules may include exemptions from the requirements of this subsection as feasibly required to administer the program, as well as exemptions for issuers who do not require a dealer license under this chapter because of the type or size of vehicle being sold.

320.1325. Registration required for the temporarily employed.
Motor vehicles owned or leased by persons who are temporarily employed within the state but are not residents are required to be registered. Upon payment of the fees prescribed in this section and proof of insurance coverage as required by the applicant’s resident state, the department shall provide a temporary registration plate and a registration certificate valid for 90 days to an applicant who is temporarily employed in this state. The temporary registration plate may be renewed one time for an additional 90-day period. At the end of the 180-day period of temporary registration, the applicant shall apply for a permanent registration if there is a further need to remain in this state. A temporary license registration plate may not be issued for any commercial motor vehicle as defined in §320.01. The fee must include payment for the color photograph or digital image of the applicant. Any person who loses an identification card and who, after obtaining a duplicate, finds the original card shall immediately surrender the original card to the department. The same documentary evidence shall be furnished for a duplicate as for an original identification card.

(4) When used with reference to identification cards, “cancellation” means that an identification card is terminated without prejudice and must be surrendered. Cancellation of the card may be made when a card has been issued through error or when voluntarily surrendered to the department.

(5) No public entity shall be liable for any loss or injury resulting directly or indirectly from false or inaccurate information contained in identification cards provided for in this section.

(6) It is unlawful for any person:

(b) A capital "V" shall be exhibited on the identification card of a veteran upon the payment of an additional $1 fee for the license and the presentation of a copy of the person’s DD Form 214, issued by the United States Department of Defense, or another acceptable form specified by the Department of Veterans’ Affairs. Until a veteran’s identification card is next renewed, the veteran may have the capital “V” designation added to his or her identification card upon surrender of his or her current identification card, payment of a $2 fee to be deposited into the Highway Safety Operating Trust Fund, and presentation of a copy of his or her DD Form 214 or another acceptable form specified by the Department of Veterans’ Affairs. If the applicant is not conducting any other transaction affecting the identification card, a replacement identification card may be issued with the capital “V” designation without payment of the fee required in § 322.21(1)(f3).

(9) Notwithstanding any other provision of this section or § 322.21 to the contrary, the department shall issue or renew a card at no charge to a person who presents evidence satisfactory to the department that he or she is homeless as defined in § 414.0252(7).

(1) Notwithstanding the provisions of § 322.28, upon the conviction of a person 18 years of age or older for possession or sale of, trafficking in, or conspiracy to possess, sell, or traffic in a controlled substance, the court shall direct the department to revoke the driver’s license or driving privilege of the person. The period of such revocation shall be 2 years or until the person is evaluated for and, if deemed necessary by the evaluating agency, completes a drug treatment and rehabilitation program approved or regulated by the Department of Children and Family Services. However, the court may, in its sound discretion, direct the department to issue a license for driving privileges restricted to business or employment purposes only, as defined by § 322.271, if the person is otherwise qualified for such a license. A driver whose license or driving privilege has been suspended or revoked under this section or § 322.056 may, upon the expiration of 5 months, petition the department for restoration of the driving privilege on a restricted or unrestricted basis depending on length of suspension or revocation. In no case shall a restricted license be available until 6 months of the suspension or revocation period has expired.

(2) If a person 18 years of age or older is convicted for the possession or sale of, trafficking in, or conspiracy to possess, sell, or traffic in a controlled substance and such person is eligible by reason of age for a driver’s license or privilege, the court shall direct the department to withhold issuance of such person’s driver’s license or driving privilege for a period of 2 years after the date the person was convicted or until the person is evaluated for and, if deemed necessary by the evaluating agency, completes a drug treatment and rehabilitation program approved or regulated by the Department of Children and Family Services. In no case shall a restricted license be available until 6 months of the suspension or revocation period has expired.

(3) If a person 18 years of age or older is convicted for the possession or sale of, trafficking in, or conspiracy to possess, sell, or traffic in a controlled substance and such person’s driver’s license or driving privilege is already under suspension or revocation for any reason, the court shall direct the department to extend the period of such suspension or revocation by an additional period of 2 years or until the person is evaluated for and, if deemed necessary by the evaluating agency, completes a drug treatment and rehabilitation program approved or regulated by the Department of Children and Family Services. However, the court may, in its sound discretion, direct the department to issue a license for driving privileges restricted to business or employment purposes only, as defined by § 322.271, if the person is otherwise qualified for such a license. (4) If a person 18 years of age or older is convicted for the possession or sale of, trafficking in, or conspiracy to possess, sell, or traffic in a controlled substance and such person is ineligible by reason of age for a driver’s license or driving privilege, the court shall direct the department to withhold issuance of such person’s driver’s license or driving privilege for a period of 2 years after the date that he or she would otherwise have become eligible or until he or she becomes eligible by reason of age for a driver’s license and is evaluated for and, if deemed necessary by the evaluating agency, completes a drug treatment and rehabilitation program approved or regulated by the Department of Children and Family Services. However, the court may, in its sound discretion, direct the department to issue a license for driving privileges restricted to business or employment purposes only, as defined by § 322.271, if the person is otherwise qualified for such a license. A driver whose license or driving privilege has been suspended or revoked under this section or § 322.056 may, upon the expiration of 6 months, petition the department for restoration of the driving privilege on a restricted or unrestricted basis depending on the length of suspension or revocation. In no case shall a restricted license be available until 6 months of the suspension or revocation period has expired.

(5) Each clerk of court shall promptly report to the department each conviction for the possession or sale of, trafficking in, or conspiracy to possess, sell, or traffic in a controlled substance.

322.056. Mandatory revocation or suspension of, or delay of eligibility for, driver’s license for persons under age 18 found guilty of certain alcohol, drug, or tobacco offenses; prohibition.

(1) Notwithstanding the provisions of § 322.055, if a person under 18 years of age is found guilty of or delinquent for a violation of § 562.11(2), § 562.111, or chapter 893, and:

   1. Not less than 6 months and not more than 1 year after the date on which he or she would otherwise have become eligible, for the first violation.
   2. Two years after the date on which he or she would otherwise have become eligible, for a subsequent violation.

However, the court may, in its sound discretion, direct the department to issue a license for driving privileges restricted to business or employment purposes only, as defined in § 322.271, if the person is otherwise qualified for such a license.

(2) If a person under 18 years of age is found by the court to have committed a non-criminal violation under § 569.11 and that person has failed to comply with the procedures established in that section by failing to fulfill community service requirements, failing to pay the applicable fine, or failing to attend a locally available school-approved anti-tobacco program, and:

(a) The person is eligible by reason of age for a driver’s license or driving privilege, the court shall direct the department to revoke or to withhold issuance of his or her driver’s license or driving privilege as follows:
   1. For the first violation, for 30 days.
   2. For the second violation within 12 weeks of the first violation, for 45 days.

(b) The person’s driver’s license or driving privilege is under suspension or revocation for any reason, the court shall direct the department to extend the period of suspension or revocation by an additional period as follows:
   1. For the first violation, for 30 days.
   2. For the second violation within 12 weeks of the first violation, for 45 days.

Any second violation of § 569.11 not within the 12-week period after the first violation will be treated as a first violation and in the same manner as provided in this subsection.

(3) If a person under 18 years of age is found by the court to have committed a third violation of § 569.11 within 12 weeks of the first violation, the court must direct the Department of Highway Safety and Motor Vehicles to suspend or withhold issuance of his or her driver’s license or driving privilege for 60 consecutive days. Any third violation of § 569.11 not within the 12-week period after the first violation will be treated as a first violation and in the same manner as provided in subsection (2).

(4) A penalty imposed under this section shall be in addition to any other penalty imposed by law.

(5) The suspension or revocation of a person’s driver’s license imposed pursuant to subsection (2) or subsection (3), shall not result in or be cause for an increase of the convicted person’s, or his or her parent’s or legal guardian’s, automobile insurance rate or premium or result in points assessed against the person’s driving record.

322.065. Driver license expired for 6 months or less; penalties.

A person whose driver license has been expired for 6 months or less and who drives a motor vehicle upon the highways of this state commits an infraction and is subject to the penalty provided in § 318.18.

322.07. Instruction permits and temporary licenses.

(1) Any person who is at least 18 years of age and who, except for his or her lack of instruction in operating a motor vehicle, would otherwise be qualified to obtain a Class E driver’s license under this chapter, may apply for a temporary instruction permit. The department shall issue such a permit entitling the applicant, while having the permit in his or her immediate possession, to drive a motor vehicle of the type for which a Class E driver’s license is required upon the highways for a period of 90 days, but, except when operating a motorcycle or moped as defined in § 316.003, the person must be accompanied by a licensed driver who is 21 years of age or older, who is licensed to operate the class of vehicle being operated, and who is actually occupying the closest seat to the right of the driver.

(2) The department may, in its discretion, issue a temporary permit to an applicant for a Class E driver’s license permitting him or her to operate a motor vehicle of the type for which a Class E driver’s license is required while the department is completing its investigation and determination of all facts relative to such applicant’s right to receive a driver’s license. Such permit must be in his or her immediate possession while operating a motor vehicle, and it shall be invalid when the applicant’s license has been issued or for good cause has been refused.

(3) Any person who, except for his or her lack of instruction in operating a commercial motor vehicle, would otherwise be qualified to obtain a commercial driver license under this chapter, may apply for a temporary commercial instruction permit. The department shall issue such a permit entitling the applicant, while having the permit in his or her immediate possession, to drive a commercial motor vehicle on the highways, if:

(a) The applicant possesses a valid Florida driver license; and

(b) The applicant, while operating a commercial motor vehicle, is accompanied by a licensed driver who is 21 years of age or older, who is licensed to operate the class of vehicle being operated, and who is occupying the closest seat to the right of the driver.

322.14. Licenses issued to drivers.

(1) (a) The department shall, upon successful completion of all required examinations and payment of the required fee, issue to every qualified applicant a driver license that must bear a color photograph or digital image of the licensee; the name of the state; a distinguishing number assigned to the licensee; and the licensee’s full name, date of birth, and residence address; a brief description of the licensee, including, but not limited to, the licensee’s gender and height; and the dates of issuance and expiration of the license. A space shall be provided upon which the licensee shall affix his or her usual signature. A license is invalid until it has been signed by the licensee except that the signature of the licensee is not required if it appears thereon in facsimile or if the licensee is not present within the state at the time of issuance.

(b) In addition to the requirements of paragraph (a), each license must exhibit the class of vehicle which the licensee is authorized to operate and any applicable endorsements or restrictions. If the license is a com-
cmercial driver’s license, such fact must be exhibited thereon.

(c) A capital “V” shall be exhibited on the driver license of a veteran upon the payment of an additional $1 fee for the license and the presentation of a copy of the person’s DD Form 214, issued by the United States Department of Defense, or another acceptable form specified by the Department of Veterans’ Affairs. Until a veteran’s license is next renewed, the veteran may have the capital “V” designation added to his or her license upon surrender of his or her current license, payment of a $2 fee to be deposited into the Highway Safety Operating Trust Fund, and presentation of a copy of his or her DD Form 214 or another acceptable form specified by the Department of Veterans’ Affairs. If the applicant is not conducting any other transaction affecting the driver license, a replacement license may be issued with the capital “V” designation without payment of the fee required in § 322.21(1)(e).

(2) The department may require other pertinent information to be exhibited on a driver’s license.

322.15. License to be carried and exhibited on demand; fingerprint to be imprinted upon a citation.

(1) Every licensee shall have his or her driver’s license, which must be fully legible with no portion of such license faded, altered, mutilated, or defaced, in his or her immediate possession at all times when operating a motor vehicle and shall display the same upon the demand of a law enforcement officer or an authorized representative of the department.

(2) Upon the failure of any person to display a driver’s license as required by subsection (1), the law enforcement officer or authorized representative of the department stopping the person shall require the person to imprint his or her fingerprints upon any citation issued by the officer or authorized representative, or the officer or authorized representative shall collect the fingerprints electronically.

(3) In relation to violations of subsection (1) or § 322.03(5), persons who cannot supply proof of a valid driver’s license for the reason that the license was suspended for failure to comply with that citation shall be issued a suspension clearance by the clerk of the court for that citation upon payment of the applicable penalty and fee for that citation. If proof of a valid driver’s license is not provided to the clerk of the court within 30 days, the person’s driver’s license shall again be suspended for failure to comply.

(4) A violation of subsection (1) is a non-criminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

322.16. License restrictions.

(1) (a) The department, upon issuing a driver’s license, may, whenever good cause appears, impose restrictions suitable to the licensee’s driving ability with respect to the type of special mechanical control devices required on a motor vehicle that the licensee may operate, including, but not limited to, restricting the licensee to operating only vehicles equipped with air brakes, or imposing upon the licensee such other restrictions as the department determines are appropriate to assure the safe operation of a motor vehicle by the licensee.

(b) The department may further impose other suitable restrictions on use of the license with respect to time and purpose of use, including, but not limited to, a restriction providing for intrastate operation only, or may impose any other condition or restriction that the department considers necessary for driver improvement, safety, or control of drivers in this state.

(c) The department may further, at any time, impose other restrictions on the use of the license with respect to time and purpose of use or may impose any other condition or restriction upon recommendation of any court, of the Parole Commission, or of the Department of Corrections with respect to any individual who is under the jurisdiction, supervision, or control of the entity that made the recommendation.

(d) The department may impose a restriction upon the use of the license requiring that the licensee wear a medical identification bracelet when operating a motor vehicle. Medical identification bracelet restrictions must be coded on the license of the restricted operator. There is no penalty for violating this paragraph.

(2) A person who holds a driver’s license and who is under 17 years of age, when operating a motor vehicle after 11 p.m. and before 6 a.m., must be accompanied by a driver who holds a valid license to operate the type of vehicle being operated and is at least 21 years of age unless that person is driving directly to or from work.

(3) A person who holds a driver’s license who is 17 years of age, when operating a motor vehicle after 1 a.m. and before 5 a.m., must be accompanied by a driver who holds
a valid license to operate the type of vehicle being operated, and is at least 21 years of age unless that person is driving directly to or from work.

(4) The department may, upon receiving satisfactory evidence of any violation of the restriction upon such a license, except a violation of paragraph (1)(d), subsection (2), or subsection (3), suspend or revoke the license, but the licensee is entitled to a hearing as upon a suspension or revocation under this chapter.

(5) It is a misdemeanor of the second degree, punishable as provided in § 775.082 or § 775.083, for any person to operate a motor vehicle in any manner in violation of the restrictions imposed under paragraph (1)(c).

(6) Any person who operates a motor vehicle in violation of the restrictions imposed under paragraph (1)(a), paragraph (1)(b), subsection (2), or subsection (3) will be charged with a moving violation and fined in accordance with chapter 318.

   (c) Occupies the closest seat to the right of the driver of the motor vehicle.

(3) A person who holds a learner's driver's license may operate a vehicle only during daylight hours, except that the holder of a learner's driver's license may operate a vehicle until 10 p.m. after 3 months following the issuance of the learner's driver's license.

(4) A licensee who violates subsection (2) or subsection (3) is subject to the civil penalty imposed for a moving violation as set forth in chapter 318.

322.212. Unauthorized possession of, and other unlawful acts in relation to, driver license or identification card.

(1) It is unlawful for any person to:
   (a) Knowingly have in his or her possession or to display any blank, forged, stolen, fictitious, counterfeit, or unlawfully issued driver license or identification card or any instrument in the similitude of a driver license or identification card unless possession by such person has been duly authorized by the department;
   (b) Knowingly have in his or her possession any instrument in the similitude of a driver license issued by the department or its duly authorized agents or those of any state or jurisdiction issuing licenses recognized in this state for the operation of a motor vehicle;

   (d) Knowingly sell, manufacture, or deliver, or knowingly offer to sell, manufacture, or deliver, a blank, forged, stolen, fictitious, counterfeit, or unlawfully issued driver license or identification card, or an instrument in the similitude of a driver license or identification card, unless that person is authorized to do so by the department. A violation of this section may be investigated by any law enforcement agency, including the Division of Alcoholic Beverages and Tobacco.
The term “driver license” includes a driver license issued by the department or its agents or a driver license issued by any state or jurisdiction that issues licenses recognized in this state for the operation of a motor vehicle. The term “identification card” includes any identification card issued by the department or its agents or any identification card issued by any state or jurisdiction that issues identification cards recognized in this state for the purpose of indicating a person’s true name and age. This subsection does not prohibit a person from possessing or displaying another person’s driver license or identification card for a lawful purpose.

(2) It is unlawful for any person to barter, trade, sell, or give away any driver license or identification card or to perpetrate a conspiracy to barter, trade, sell, or give away any such license or identification card unless such person has been duly authorized to issue the license or identification card by the department as provided in this chapter or in the adopted rules of the department.

(3) It is unlawful for any employee of the department to allow or permit the issuance of a driver license or identification card when he or she knows that the applicant has not lawfully fulfilled the requirements of this chapter for the issuance of such license or identification card.

(4) It is unlawful for any person to agree to supply or to aid in supplying any person with a driver license or identification card by any means whatsoever not in accordance with the provisions of this chapter.

(5) (a) It is unlawful for any person to use a false or fictitious name in any application for a driver license or identification card or knowingly to make a false statement, knowingly conceal a material fact, or otherwise commit a fraud in any such application.

(b) It is unlawful for any person to have in his or her possession a driver license or identification card upon which the date of birth has been altered.

(c) It is unlawful for any person designated as a sexual predator or sexual offender to have in his or her possession a driver license or identification card upon which the sexual predator or sexual offender markings required by § 322.141 are not displayed or have been altered.

(6) Except as otherwise provided in this subsection, any person who violates any of the provisions of this section is guilty of a felony of the third degree, punishable as provided in § 775.082 or § 775.083. Any person who violates paragraph (5)(b) by possessing a driver license, identification card, or any instrument in the similitude thereof, on which the date of birth has been altered is guilty of a misdemeanor of the second degree, punishable as provided in § 775.082 or § 775.083. Any person who violates paragraph (1)(d) commits a felony of the third degree, punishable as provided in § 775.082, § 775.083, or § 775.084.

(7) In addition to any other penalties provided by this section, any person who provides false information when applying for a commercial driver license or commercial learner’s permit or is convicted of fraud in connection with testing for a commercial driver license or commercial learner’s permit shall be disqualified from operating a commercial motor vehicle for a period of 1 year.

(8) The provisions of this section are in addition and supplemental to all other provisions of this chapter and of the laws of this state relating to driver licenses and identification cards.

322.25. When court to forward license to department and report convictions.

(1) Whenever any person is convicted of any offense for which this chapter makes mandatory the revocation of the driver license of such person by the department, the court in which such conviction is had shall require the surrender to it of all driver licenses then held by the person so convicted, and the court shall thereupon forward the same, together with a record of such conviction, to the department.

(2) Every court having jurisdiction over offenses committed under this chapter, or any other law of this state regulating the operation of motor vehicles on highways, shall forward to the department a record of the conviction of any person in said court for a violation of any said laws, and shall suspend or revoke in accordance with the provisions of this chapter the driver license of the person so convicted.

(3) There shall be no notation made upon a license of either an arrest or warning until the holder of the license has been duly convicted or has forfeited bond.

(4) For the purpose of this chapter, a forfeiture of bail or collateral deposited to secure a defendant’s appearance in court, which forfeiture has not been vacated, shall be equivalent to a conviction.

(5) For the purpose of this chapter, the entrance of a plea of nolo contendere by the
defendant to a charge of driving while intoxicated, driving under the influence, driving with an unlawful blood-alcohol level, or any other alcohol-related or drug-related traffic offense similar to the offenses specified in § 316.193, accepted by the court and under which plea the court has entered a fine or sentence, whether in this state or any other state or country, shall be equivalent to a conviction.

(6) The report of a judicial disposition of an offense committed under this chapter or of any traffic violation, including parking on a roadway outside the limits of a municipality, or of a violation of any law of this state regulating the operation of motor vehicles on highways shall be made by the court to the department on a standard form prescribed by the department. In addition, the court shall so report to the department any conviction of a person for felony possession of a controlled substance if such person was driving or in actual physical control of a motor vehicle at the time of such possession. The form shall be a copy of the uniform traffic citation and complaint as prescribed by § 316.650 and shall include a place for the court to indicate clearly whether it recommends suspension or revocation of the offender’s driving privilege. The report shall be signed by the judge or by facsimile signature. The clerks of the court may submit disposition data to the department in an automated fashion, in a form prescribed by the department.

322.26. Mandatory revocation of license by department.

The department shall forthwith revoke the license or driving privilege of any person upon receiving a record of such person’s conviction of any of the following offenses:

(1) (a) Murder resulting from the operation of a motor vehicle, DUI manslaughter where the conviction represents a subsequent DUI-related conviction, or a fourth violation of § 316.193 or former § 316.1931. For such cases, the revocation of the driver’s license or driving privilege shall be permanent.

(b) Manslaughter resulting from the operation of a motor vehicle.

(2) Driving a motor vehicle or being in actual physical control thereof, or entering a plea of nolo contendere, said plea being accepted by the court and said court entering a fine or sentence to a charge of driving, while under the influence of alcoholic beverages or a substance controlled under chapter 893, or being in actual physical control of a motor vehicle while under the influence of alcoholic beverages or a substance controlled under chapter 893. In any case where DUI manslaughter occurs and the person has no prior convictions for DUI-related offenses, the revocation of the license or driving privilege shall be permanent, except as provided for in § 322.271(4).

(3) Any felony in the commission of which a motor vehicle is used.

(4) Failure to stop and render aid as required under the laws of this state in the event of a motor vehicle crash resulting in the death or personal injury of another.

(5) Perjury or the making of a false affidavit or statement under oath to the department under this law, or under any other law relating to the ownership or operation of motor vehicles.

(6) Conviction, or forfeiture of bail not vacated, upon three charges of reckless driving committed within a period of 12 months.

(7) Any violation of the law against lewdness, assignation, and prostitution where such violation has been effected through the use of a motor vehicle.

(8) Conviction in any court having jurisdiction over offenses committed under this chapter or any other law of this state regulating the operation of a motor vehicle on the highways, upon direction of the court, when the court feels that the seriousness of the offense and the circumstances surrounding the conviction warrant the revocation of the licensee’s driving privilege.

(9) Conviction in any court having jurisdiction over offenses committed under § 817.234(8) or (9) or § 817.505.

322.2615. Suspension of license; right to review.

(1) (a) A law enforcement officer or correctional officer shall, on behalf of the department, suspend the driving privilege of a person who is driving or in actual physical control of a motor vehicle and who has an unlawful blood-alcohol level or breath-alcohol level of 0.08 or higher, or of a person who has refused to submit to a urine test or a test of his or her breath-alcohol or blood-alcohol level. The officer shall take the person’s driver license and issue the person a 10-day temporary permit if the person is otherwise eligible for the driving privilege and shall issue the person a notice of suspension. If a blood test has been administered, the officer or the agency employing the officer shall transmit such results to the department within 5 days after receipt of the results. If the department then determines that the person had a blood-alcohol level or breath-alcohol level of 0.08 or higher, the department shall suspend the
person’s driver license pursuant to subsection (3).

(b) The suspension under paragraph (a) shall be pursuant to, and the notice of suspension shall inform the driver of, the following:

1. a. The driver refused to submit to a lawful breath, blood, or urine test and his or her driving privilege is suspended for a period of 1 year for a first refusal or for a period of 18 months if his or her driving privilege has been previously suspended as a result of a refusal to submit to such a test; or

b. The driver was driving or in actual physical control of a motor vehicle and had an unlawful blood-alcohol level or breath-alcohol level of 0.08 or higher and his or her driving privilege is suspended for a period of 6 months for a first offense or for a period of 1 year if his or her driving privilege has been previously suspended under this section.

2. The suspension period shall commence on the date of issuance of the notice of suspension.

3. The driver may request a formal or informal review of the suspension by the department within 10 days after the date of issuance of the notice of suspension or may request a review of eligibility for a restricted driving privilege under § 322.271(7).

4. The temporary permit issued at the time of suspension expires at midnight of the 10th day following the date of issuance of the notice of suspension.

5. The driver may submit to the department any materials relevant to the suspension.

(2) (a) Except as provided in paragraph (1)(a), the law enforcement officer shall forward to the department, within 5 days after issuing the notice of suspension, the driver license; an affidavit stating the officer’s grounds for belief that the person was driving or in actual physical control of a motor vehicle while under the influence of alcoholic beverages or chemical or controlled substances; the results of any breath or blood test or an affidavit stating that a breath, blood, or urine test was requested by a law enforcement officer or correctional officer and that the person refused to submit; the officer’s description of the person’s field sobriety test, if any; and the notice of suspension. The failure of the officer to submit materials within the 5-day period specified in this subsection and in subsection (1) does not affect the department’s ability to consider any evidence submitted at or prior to the hearing.

(b) The officer may also submit a copy of the crash report and a copy of a video recording of the field sobriety test or the attempt to administer such test. Materials submitted to the department by a law enforcement agency or correctional agency shall be considered self-authenticating and shall be in the record for consideration by the hearing officer. Notwithstanding § 316.066(4), the crash report shall be considered by the hearing officer.

(3) If the department determines that the license should be suspended pursuant to this section and if the notice of suspension has not already been served upon the person by a law enforcement officer or correctional officer as provided in subsection (1), the department shall issue a notice of suspension and, unless the notice is mailed pursuant to § 322.251, a temporary permit that expires 10 days after the date of issuance if the driver is otherwise eligible.

(4) If the person whose license was suspended requests an informal review pursuant to subparagraph (1)(b)3., the department shall conduct the informal review by a hearing officer designated by the department. Such informal review hearing shall consist solely of an examination by the department of the materials submitted by a law enforcement officer or correctional officer and by the person whose license was suspended, and the presence of an officer or witness is not required.

(5) After completion of the informal review, notice of the department’s decision sustaining, amending, or invalidating the suspension of the driver license of the person whose license was suspended must be provided to such person. Such notice must be mailed to the person at the last known address shown on the department’s records, or to the address provided in the law enforcement officer’s report if such address differs from the address of record, within 21 days after the expiration of the temporary permit issued pursuant to subsection (1) or subsection (3).

(6) (a) If the person whose license was suspended requests a formal review, the department must schedule a hearing within 30 days after such request is received by the department and must notify the person of the date, time, and place of the hearing.

(b) Such formal review hearing shall be held before a hearing officer designated by the department, and the hearing officer shall be authorized to administer oaths, examine witnesses and take testimony, receive relevant evidence, issue subpoenas for the of-
officers and witnesses identified in documents provided under paragraph (2)(a), regulate the course and conduct of the hearing, question witnesses, and make a ruling on the suspension. The hearing officer may conduct hearings using communications technology. The party requesting the presence of a witness shall be responsible for the payment of any witness fees and for notifying in writing the state attorney's office in the appropriate circuit of the issuance of the subpoena. If the person who requests a formal review hearing fails to appear and the hearing officer finds such failure to be without just cause, the right to a formal hearing is waived and the suspension shall be sustained.

(c) The failure of a subpoenaed witness to appear at the formal review hearing is not grounds to invalidate the suspension. If a witness fails to appear, a party may seek enforcement of a subpoena under paragraph (b) by filing a petition for enforcement in the circuit court of the judicial circuit in which the person failing to comply with the subpoena resides or by filing a motion for enforcement in any criminal court case resulting from the driving or actual physical control of a motor vehicle that gave rise to the suspension under this section. A failure to comply with an order of the court shall result in a finding of contempt of court. However, a person is not in contempt while a subpoena is being challenged.

(d) The department must, within 7 working days after a formal review hearing, send notice to the person of the hearing officer's decision as to whether sufficient cause exists to sustain, amend, or invalidate the suspension.

(7) In a formal review hearing under subsection (6) or an informal review hearing under subsection (4), the hearing officer shall determine by a preponderance of the evidence whether sufficient cause exists to sustain, amend, or invalidate the suspension. The scope of the review shall be limited to the following issues:

(a) If the license was suspended for driving with an unlawful blood-alcohol level or breath-alcohol level of 0.08 or higher:
   1. Whether the law enforcement officer had probable cause to believe that the person whose license was suspended was driving or in actual physical control of a motor vehicle in this state while under the influence of alcoholic beverages or chemical or controlled substances.
   2. Whether the person whose license was suspended had an unlawful blood-alcohol level or breath-alcohol level of 0.08 or higher as provided in § 316.193.

(b) If the license was suspended for refusal to submit to a breath, blood, or urine test:
   1. Whether the law enforcement officer had probable cause to believe that the person whose license was suspended was driving or in actual physical control of a motor vehicle in this state while under the influence of alcoholic beverages or chemical or controlled substances.
   2. Whether the person whose license was suspended refused to submit to any such test after being requested to do so by a law enforcement officer or correctional officer.

3. Whether the person whose license was suspended was told that if he or she refused to submit to such test his or her privilege to operate a motor vehicle would be suspended for a period of 1 year or, in the case of a second or subsequent refusal, for a period of 18 months.

(8) Based on the determination of the hearing officer pursuant to subsection (7) for both informal hearings under subsection (4) and formal hearings under subsection (6), the department shall:

(a) Sustain the suspension of the person's driving privilege for a period of 1 year for a first refusal, or for a period of 18 months if the driving privilege of such person has been previously suspended as a result of a refusal to submit to such tests, if the person refused to submit to a lawful breath, blood, or urine test. The suspension period commences on the date of issuance of the notice of suspension.

(b) Sustain the suspension of the person's driving privilege for a period of 6 months for a blood-alcohol level or breath-alcohol level of 0.08 or higher, or for a period of 1 year if the driving privilege of such person has been previously suspended under this section as a result of driving with an unlawful alcohol level. The suspension period commences on the date of issuance of the notice of suspension.

(9) A request for a formal review hearing or an informal review hearing shall not stay the suspension of the person's driver license. If the department fails to schedule the formal review hearing within 30 days after receipt of the request therefor, the department shall invalidate the suspension. If the scheduled hearing is continued at the department's initiative or the driver enforced the subpoena as provided in subsection (6), the department shall issue a temporary driving permit that shall be valid until the hearing is conducted.
if the person is otherwise eligible for the driving privilege. Such permit may not be issued to a person who sought and obtained a continuance of the hearing. The permit issued under this subsection shall authorize driving for business or employment use only.

(10) A person whose driver license is suspended under subsection (1) or subsection (3) may apply for issuance of a license for business or employment purposes only if the person is otherwise eligible for the driving privilege pursuant to §322.271.

(a) If the suspension of the driver license of the person for failure to submit to a breath, urine, or blood test is sustained, the person is not eligible to receive a license for business or employment purposes only, pursuant to §322.271, until 90 days have elapsed after the expiration of the last temporary permit issued. If the driver is not issued a 10-day permit pursuant to this section or §322.64 because he or she is ineligible for the permit and the suspension for failure to submit to a breath, urine, or blood test is not invalidated by the department, the driver is not eligible to receive a business or employment license pursuant to §322.271 until 90 days have elapsed from the date of the suspension.

(b) If the suspension of the driver license of the person relating to unlawful blood-alcohol level or breath-alcohol level of 0.08 or higher is sustained, the person is not eligible to receive a license for business or employment purposes only pursuant to §322.271 until 30 days have elapsed after the expiration of the last temporary permit issued. If the driver is not issued a 10-day permit pursuant to this section or §322.64 because he or she is ineligible for the permit and the suspension relating to unlawful blood-alcohol level or breath-alcohol level of 0.08 or higher is not invalidated by the department, the driver is not eligible to receive a business or employment license pursuant to §322.271 until 30 days have elapsed from the date of the suspension.

(11) The formal review hearing may be conducted upon a review of the reports of a law enforcement officer or a correctional officer, including documents relating to the administration of a breath test or blood test or the refusal to take either test or the refusal to take a urine test. However, as provided in subsection (6), the driver may subpoena the officer or any person who administered or analyzed a breath or blood test. If the arresting officer or the breath technician fails to appear pursuant to a subpoena as provided in subsection (6), the department shall invalidate the suspension.

(12) The formal review hearing and the informal review hearing are exempt from the provisions of chapter 120. The department may adopt rules for the conduct of reviews under this section.

(13) A person may appeal any decision of the department sustaining a suspension of his or her driver license by a petition for writ of certiorari to the circuit court in the county wherein such person resides or wherein a formal or informal review was conducted pursuant to §322.31. However, an appeal shall not stay the suspension. A law enforcement agency may appeal any decision of the department invalidating a suspension by a petition for writ of certiorari to the circuit court in the county wherein a formal or informal review was conducted. This subsection shall not be construed to provide for a de novo review.

(14) (a) The decision of the department under this section or any circuit court review thereof may not be considered in any trial for a violation of §316.193, and a written statement submitted by a person in his or her request for departmental review under this section may not be admitted into evidence against him or her in any such trial.

(b) The disposition of any related criminal proceedings does not affect a suspension for refusal to submit to a blood, breath, or urine test imposed under this section.

(15) If the department suspends a person’s license under §322.2616, it may not also suspend the person’s license under this section for the same episode that was the basis for the suspension under §322.2616.

(16) The department shall invalidate a suspension for driving with an unlawful blood-alcohol level or breath-alcohol level imposed under this section if the suspended person is found not guilty at trial of an underlying violation of §316.193.

322.2616. Suspension of license; persons under 21 years of age; right to review.

(1) (a) Notwithstanding §316.193, it is unlawful for a person under the age of 21 who has a blood-alcohol or breath-alcohol level of 0.02 or higher to drive or be in actual physical control of a motor vehicle.

(b) A law enforcement officer who has probable cause to believe that a motor vehicle is being driven by or is in the actual physical control of a person who is under the age of 21 while under the influence of alcoholic beverages or who has any blood-alcohol
or breath-alcohol level may lawfully detain such a person and may request that person to submit to a test to determine his or her blood-alcohol or breath-alcohol level.

(2) (a) A law enforcement officer or correctional officer shall, on behalf of the department, suspend the driving privilege of such person if the person has a blood-alcohol or breath-alcohol level of 0.02 or higher. The officer shall also suspend, on behalf of the department, the driving privilege of a person who has refused to submit to a test as provided by paragraph (b). The officer shall take the person's driver license and issue the person a 10-day temporary driving permit if the person is otherwise eligible for the driving privilege and shall issue the person a notice of suspension.

(b) The suspension under paragraph (a) must be pursuant to, and the notice of suspension must inform the driver of, the following:

1. a. The driver refused to submit to a lawful breath test and his or her driving privilege is suspended for a period of 1 year for a first refusal or for a period of 18 months if his or her driving privilege has been previously suspended as provided in this section as a result of a refusal to submit to a test; or

b. The driver was under the age of 21 and was driving or in actual physical control of a motor vehicle while having a blood-alcohol or breath-alcohol level of 0.02 or higher; and the person's driving privilege is suspended for a period of 6 months for a first violation, or for a period of 1 year if his or her driving privilege has been previously suspended as provided in this section for driving or being in actual physical control of a motor vehicle with a blood-alcohol or breath-alcohol level of 0.02 or higher.

2. The suspension period commences on the date of issuance of the notice of suspension.

3. The driver may request a formal or informal review of the suspension by the department within 10 days after the issuance of the notice of suspension.

4. A temporary permit issued at the time of the issuance of the notice of suspension shall not become effective until after 12 hours have elapsed and will expire at midnight of the 10th day following the date of issuance.

5. The driver may submit to the department any materials relevant to the suspension of his or her license.

(c) When a driver subject to this section has a blood-alcohol or breath-alcohol level of 0.05 or higher, the suspension shall remain in effect until such time as the driver has completed a substance abuse course offered by a DUI program licensed by the department. The driver shall assume the reasonable costs for the substance abuse course. As part of the substance abuse course, the program shall conduct a substance abuse evaluation of the driver, and notify the parents or legal guardians of drivers under the age of 19 years of the results of the evaluation. The term “substance abuse” means the abuse of alcohol or any substance named or described in Schedules I through V of § 893.03. If a driver fails to complete the substance abuse education course and evaluation, the driver license shall not be reinstated by the department.

(d) A minor under the age of 18 years proven to be driving with a blood-alcohol or breath-alcohol level of 0.02 or higher may be taken by a law enforcement officer to the addictions receiving facility in the county in which the minor is found to be so driving, if the county makes the addictions receiving facility available for such purpose.

(3) The law enforcement officer shall forward to the department, within 5 days after the date of the issuance of the notice of suspension, a copy of the notice of suspension, the driver license of the person receiving the notice of suspension, and an affidavit stating the officer's grounds for belief that the person was under the age of 21 and was driving or in actual physical control of a motor vehicle with any blood-alcohol or breath-alcohol level, and the results of any blood or breath test or an affidavit stating that a breath test was requested by a law enforcement officer or correctional officer and that the person refused to submit to such test. The failure of the officer to submit materials within the 5-day period specified in this subsection does not bar the department from considering any materials submitted at or before the hearing.

(4) If the department finds that the license of the person should be suspended under this section and if the notice of suspension has not already been served upon the person by a law enforcement officer or correctional officer as provided in subsection (2), the department shall issue a notice of suspension and, unless the notice is mailed under § 322.251, a temporary driving permit that expires 10 days after the date of issuance if the driver is otherwise eligible.

(5) If the person whose license is suspended requests an informal review under subparagraph (2)(b)3., the department shall conduct the informal review by a hearing of-
officer designated by the department within 30 days after the request is received by the department and shall issue such person a temporary driving permit for business purposes only to expire on the date that such review is scheduled to be conducted if the person is otherwise eligible. The informal review hearing must consist solely of an examination by the department of the materials submitted by a law enforcement officer or correctional officer and by the person whose license is suspended, and the presence of an officer or witness is not required.

(6) After completion of the informal review, notice of the department’s decision sustaining, amending, or invalidating the suspension of the driver license must be provided to the person. The notice must be mailed to the person at the last known address shown on the department’s records, or to the address provided in the law enforcement officer’s report if such address differs from the address of record, within 7 days after completing the review.

(7) (a) If the person whose license is suspended requests a formal review, the department must schedule a hearing to be held within 30 days after the request is received by the department and must notify the person of the date, time, and place of the hearing and shall issue such person a temporary driving permit for business purposes only to expire on the date that such review is scheduled to be conducted if the person is otherwise eligible.

(b) The formal review hearing must be held before a hearing officer designated by the department, and the hearing officer may administer oaths, examine witnesses and take testimony, receive relevant evidence, issue subpoenas, regulate the course and conduct of the hearing, and make a ruling on the suspension. The hearing officer may conduct hearings using communications technology. The department and the person whose license was suspended may subpoena witnesses, and the party requesting the presence of a witness is responsible for paying any witness fees and for notifying in writing the state attorney’s office in the appropriate circuit of the issuance of the subpoena. If the person who requests a formal review hearing fails to appear and the hearing officer finds the failure to be without just cause, the right to a formal hearing is waived and the suspension is sustained.

(c) The failure of a subpoenaed witness to appear at the formal review hearing shall not be grounds to invalidate the suspension. If a witness fails to appear, a party may seek enforcement of a subpoena under paragraph (b) by filing a petition for enforcement in the circuit court of the judicial circuit in which the person failing to comply with the subpoena resides. A failure to comply with an order of the court constitutes contempt of court. However, a person may not be held in contempt while a subpoena is being challenged.

(d) The department must, within 7 working days after a formal review hearing, send notice to the person of the hearing officer’s decision as to whether sufficient cause exists to sustain, amend, or invalidate the suspension.

(8) In a formal review hearing under subsection (7) or an informal review hearing under subsection (5), the hearing officer shall determine by a preponderance of the evidence whether sufficient cause exists to sustain, amend, or invalidate the suspension. The scope of the review is limited to the following issues:

(a) If the license was suspended because the individual, then under the age of 21, drove with a blood-alcohol or breath-alcohol level of 0.02 or higher:

1. Whether the law enforcement officer had probable cause to believe that the person was under the age of 21 and was driving or in actual physical control of a motor vehicle in this state with any blood-alcohol or breath-alcohol level or while under the influence of alcoholic beverages.

2. Whether the person was under the age of 21.

3. Whether the person had a blood-alcohol or breath-alcohol level of 0.02 or higher.

(b) If the license was suspended because of the individual’s refusal to submit to a breath test:

1. Whether the law enforcement officer had probable cause to believe that the person was under the age of 21 and was driving or in actual physical control of a motor vehicle in this state with any blood-alcohol or breath-alcohol level or while under the influence of alcoholic beverages.

2. Whether the person was under the age of 21.

3. Whether the person refused to submit to a breath test after being requested to do so by a law enforcement officer or correctional officer.

4. Whether the person was told that if he or she refused to submit to a breath test his or her privilege to operate a motor vehicle would be suspended for a period of 1 year or,
in the case of a second or subsequent refusal, for a period of 18 months.

(9) Based on the determination of the hearing officer under subsection (8) for both informal hearings under subsection (5) and formal hearings under subsection (7), the department shall:

(a) Sustain the suspension of the person’s driving privilege for a period of 1 year for a first refusal, or for a period of 18 months if the driving privilege of the person has been previously suspended, as provided in this section, as a result of a refusal to submit to a test. The suspension period commences on the date of the issuance of the notice of suspension.

(b) Sustain the suspension of the person’s driving privilege for a period of 6 months for driving or being in actual physical control of a motor vehicle while under the age of 21 with a blood-alcohol or breath-alcohol level of 0.02 or higher, or for a period of 1 year if the driving privilege of such person has been previously suspended under this section. The suspension period commences on the date of the issuance of the notice of suspension.

(10) A request for a formal review hearing or an informal review hearing shall not stay the suspension of the person’s driver license. If the department fails to schedule the formal review hearing within 30 days after receipt of the request therefor, the department shall invalidate the suspension. If the scheduled hearing is continued at the department’s initiative or the driver enforces the subpoena as provided in subsection (7), the department shall issue a temporary driving permit that is valid until the hearing is conducted if the person is otherwise eligible for the driving privilege. The permit shall not be issued to a person who requested a continuance of the hearing. The permit issued under this subsection authorizes driving for business or employment use only.

(11) A person whose driver license is suspended under subsection (2) or subsection (4) may apply for issuance of a license for business or employment purposes only, pursuant to § 322.271, if the person is otherwise eligible for the driving privilege. However, such a license may not be issued until 30 days have elapsed after the expiration of the last temporary driving permit issued under this section.

(12) The formal review hearing may be conducted upon a review of the reports of a law enforcement officer or correctional officer, including documents relating to the administration of a breath test or the refusal to take a test. However, as provided in subsection (7), the driver may subpoena the officer or any person who administered a breath or blood test. If the officer who suspended the driving privilege fails to appear pursuant to a subpoena as provided in subsection (7), the department shall invalidate the suspension.

(13) The formal review hearing and the informal review hearing are exempt from chapter 120. The department may adopt rules for conducting reviews under this section.

(14) A person may appeal any decision of the department sustaining a suspension of his or her driver license by a petition for writ of certiorari to the circuit court in the county wherein such person resides or wherein a formal or informal review was conducted under § 322.31. However, an appeal does not stay the suspension. This subsection does not provide for a de novo review.

(15) The decision of the department under this section shall not be considered in any trial for a violation of § 316.193, nor shall any written statement submitted by a person in his or her request for departmental review under this section be admissible into evidence against him or her in any such trial. The disposition of any related criminal proceedings shall not affect a suspension imposed under this section.

(16) By applying for and accepting and using a driver license, a person under the age of 21 years who holds the driver license is deemed to have expressed his or her consent to the provisions of this section.

(17) A breath test to determine breath-alcohol level pursuant to this section may be conducted as authorized by § 316.1932 or by a breath-alcohol test device listed in the United States Department of Transportation’s conforming-product list of evidential breath-measurement devices. The reading from such a device is presumed accurate and is admissible in evidence in any administrative hearing conducted under this section.

(18) The result of a blood test obtained during an investigation conducted under § 316.1932 or § 316.1933 may be used to suspend the driving privilege of a person under this section.

(19) A violation of this section is neither a traffic infraction nor a criminal offense, nor does being detained pursuant to this section constitute an arrest. A violation of this section is subject to the administrative action provisions of this section, which are administered by the department through its administrative processes. Administrative ac-
tions taken pursuant to this section shall be recorded in the motor vehicle records maintained by the department. This section does not bar prosecution under § 316.193. However, if the department suspends a person’s license under § 322.2615 for a violation of § 316.193, it may not also suspend the person’s license under this section for the same episode that was the basis for the suspension under § 322.2615.

322.264. “Habitual traffic offender” defined.

A “habitual traffic offender” is any person whose record, as maintained by the Department of Highway Safety and Motor Vehicles, shows that such person has accumulated the specified number of convictions for offenses described in subsection (1) or subsection (2) within a 5-year period:

1. Three or more convictions of any one or more of the following offenses arising out of separate acts:
   a. Voluntary or involuntary manslaughter resulting from the operation of a motor vehicle;
   b. Any violation of § 316.193, former § 316.1931, or former § 860.01;
   c. Any felony in the commission of which a motor vehicle is used;
   d. Driving a motor vehicle while his or her license is suspended or revoked;
   e. Failing to stop and render aid as required under the laws of this state in the event of a motor vehicle crash resulting in the death or personal injury of another; or
   f. Driving a commercial motor vehicle while his or her privilege is disqualified.

2. Fifteen convictions for moving traffic offenses for which points may be assessed as set forth in § 322.27, including those offenses in subsection (1).

Any violation of any federal law, any law of another state or country, or any valid ordinance of a municipality or county of another state similar to a statutory prohibition specified in subsection (1) or subsection (2) shall be counted as a violation of such prohibition. In computing the number of convictions, all convictions during the 5 years previous to July 1, 1972, will be used, provided at least one conviction occurs after that date. The fact that previous convictions may have resulted in suspension, revocation, or disqualification under another section does not exempt them from being used for suspension or revocation under this section as a habitual offender.

322.27. Authority of department to suspend or revoke driver license or identification card.

1. Notwithstanding any provisions to the contrary in chapter 120, the department may suspend the license or identification card of any person without preliminary hearing upon a showing of its records or other sufficient evidence that the licensee or cardholder:
   a. Has committed an offense for which mandatory revocation of license is required upon conviction. A law enforcement agency must provide information to the department within 24 hours after any traffic fatality or when the law enforcement agency initiates action pursuant to § 316.1933;
   b. Has been convicted of a violation of any traffic law which resulted in a crash that caused the death or personal injury of another or property damage in excess of $500;
   c. Is incompetent to drive a motor vehicle;
   d. Has permitted an unlawful or fraudulent use of the license or identification card or has knowingly been a party to the obtaining of a license or identification card by fraud or misrepresentation or to the display, or representation as one’s own, of a driver license or identification card not issued to him or her. This section does not include the provisions of § 322.32(1);
   e. Has committed an offense in another state which, if committed in this state, would be grounds for suspension or revocation; or
   f. Has committed a second or subsequent violation of § 316.172(1) within a 5-year period of any previous violation.

2. The department shall suspend the license of any person without preliminary hearing upon a showing of its records that the licensee has been convicted in any court having jurisdiction over offenses committed under this chapter or any other law of this state regulating the operation of a motor vehicle on the highways, upon direction of the court, when the court feels that the seriousness of the offense and the circumstances surrounding the conviction warrant the suspension of the licensee’s driving privilege.

3. There is established a point system for evaluation of convictions of violations of motor vehicle laws or ordinances, and violations of applicable provisions of § 403.413(6) (b) when such violations involve the use of motor vehicles, for the determination of the continuing qualification of any person to operate a motor vehicle. The department is authorized to suspend the license of any per-
son upon showing of its records or other good and sufficient evidence that the licensee has been convicted of violation of motor vehicle laws or ordinances, or applicable provisions of § 403.413(6)(b), amounting to 12 or more points as determined by the point system. The suspension shall be for a period of not more than 1 year.

(a) When a licensee accumulates 12 points within a 12-month period, the period of suspension shall be for not more than 30 days.

(b) When a licensee accumulates 18 points, including points upon which suspension action is taken under paragraph (a), within an 18-month period, the suspension shall be for a period of not more than 3 months.

(c) When a licensee accumulates 24 points, including points upon which suspension action is taken under paragraphs (a) and (b), within a 36-month period, the suspension shall be for a period of not more than 1 year.

(d) The point system shall have as its basic element a graduated scale of points assigning relative values to convictions of the following violations:

1. Reckless driving, willful and wanton—4 points.
2. Leaving the scene of a crash resulting in property damage of more than $50—6 points.
3. Unlawful speed, or unlawful use of a wireless communications device, resulting in a crash—6 points.
4. Passing a stopped school bus—4 points.
5. Unlawful speed:
   a. Not in excess of 15 miles per hour of lawful or posted speed—3 points.
   b. In excess of 15 miles per hour of lawful or posted speed—4 points.
6. A violation of a traffic control signal device as provided in § 316.074(1) or § 316.075(1)(c).—4 points. However, no points shall be imposed for a violation of § 316.074(1) or § 316.075(1)(c). when a driver has failed to stop at a traffic signal and when enforced by a traffic infraction enforcement officer. In addition, a violation of § 316.074(1) or § 316.075(1)(c) when a driver has failed to stop at a traffic signal and when enforced by a traffic infraction enforcement officer may not be used for purposes of setting motor vehicle insurance rates.
7. All other moving violations (including parking on a highway outside the limits of a municipality)—3 points. However, no points shall be imposed for a violation of § 316.0741 or § 316.2065(11); and points shall be imposed for a violation of § 316.1001 only when imposed by the court after a hearing pursuant to § 318.14(5).
8. Any moving violation covered in this paragraph, excluding unlawful speed and unlawful use of a wireless communications device, resulting in a crash—4 points.
9. Any conviction under § 403.413(6)(b)—3 points.
10. Any conviction under § 316.0775(2)—4 points.

11. A moving violation covered in this paragraph which is committed in conjunction with the unlawful use of a wireless communications device within a school safety zone—2 points, in addition to the points assigned for the moving violation.

(e) A conviction in another state of a violation therein which, if committed in this state, would be a violation of the traffic laws of this state, or a conviction of an offense under any federal law substantially conforming to the traffic laws of this state, except a violation of § 322.26, may be recorded against a driver on the basis of the same number of points received had the conviction been made in a court of this state.

(f) In computing the total number of points, when the licensee reaches the danger zone, the department is authorized to send the licensee a warning letter advising that any further convictions may result in suspension of his or her driving privilege.

(g) The department shall administer and enforce the provisions of this law and may make rules and regulations necessary for its administration.

(h) Three points shall be deducted from the driver history record of any person whose driving privilege has been suspended only once pursuant to this subsection and has been reinstated, if such person has complied with all other requirements of this chapter.

(i) This subsection does not apply to persons operating a nonmotorized vehicle for which a driver license is not required.

(4) The department, in computing the points and period of time for suspensions under this section, shall use the offense date of all convictions.

(5) The department shall revoke the license of any person designated a habitual offender, as set forth in § 322.264, and such person is not eligible to be relicensed for a minimum of 5 years from the date of revocation, except as provided for in § 322.271. Any person whose license is revoked may, by petition to the department, show cause why his or her license should not be revoked.
(6) The department shall revoke the driving privilege of any person who is convicted of a felony for the possession of a controlled substance if, at the time of such possession, the person was driving or in actual physical control of a motor vehicle. A person whose driving privilege has been revoked pursuant to this subsection is not eligible to receive a limited business or employment purpose license during the term of such revocation.

(7) Review of an order of suspension or revocation shall be by writ of certiorari as provided in § 322.31.

322.274. Automatic revocation of driver’s license.

(1) The driver’s license of any person convicted hereunder of theft of any motor vehicle or parts or components of a motor vehicle shall be revoked. If such revocation shall not be ordered by the court, the Department of Highway Safety and Motor Vehicles shall forthwith revoke the same. The department shall not consider the convicted person’s application for reinstatement of such revoked license until the expiration of the full term of the sentence imposed, whether served during actual imprisonment, probation, parole, or suspension.

(2) It shall be grounds for the revocation of any person’s parole or probation if he or she operates a motor vehicle while his or her license is revoked pursuant to this chapter. However, it shall be within the discretion of the trial judge who imposes sentence upon the person convicted hereunder to direct the reinstatement of the person’s driver’s license on a limited basis after a reasonable time.

322.28. Period of suspension or revocation.

(1) Unless otherwise provided by this section, the department shall not suspend a license for a period of more than 1 year and, upon revoking a license, in any case except in a prosecution for the offense of driving a motor vehicle while under the influence of alcoholic beverages, chemical substances as set forth in § 877.111, or controlled substances, shall not in any event grant a new license until the expiration of 1 year after such revocation.

(2) In a prosecution for a violation of § 316.193 or former § 316.1931, the following provisions apply:

(a) Upon conviction of the driver, the court, along with imposing sentence, shall revoke the driver license or driving privilege of the person so convicted, effective on the date of conviction, and shall prescribe the period of such revocation in accordance with the following provisions:

1. Upon a first conviction for a violation of the provisions of § 316.193, except a violation resulting in death, the driver license or driving privilege shall be revoked for at least 180 days but not more than 1 year.

2. Upon a second conviction for an offense that occurs within a period of 5 years after the date of a prior conviction for a violation of the provisions of § 316.193 or former § 316.1931 or a combination of such sections, the driver license or driving privilege shall be revoked for at least 5 years.

3. Upon a third conviction for an offense that occurs within a period of 10 years after the date of a prior conviction for the violation of the provisions of § 316.193 or former § 316.1931 or a combination of such sections, the driver license or driving privilege shall be revoked for at least 10 years.

For the purposes of this paragraph, a previous conviction outside this state for driving under the influence, driving while intoxicated, driving with an unlawful blood-alcohol level, or any other alcohol-related or drug-related traffic offense similar to the offense of driving under the influence as proscribed by § 316.193 will be considered a previous conviction for violation of § 316.193, and a conviction for violation of former § 316.028, former § 316.1931, or former § 860.01 is considered a conviction for violation of § 316.193.

(b) If the period of revocation was not specified by the court at the time of imposing sentence or within 30 days thereafter, and is not otherwise specified by law, the department shall forthwith revoke the driver license or driving privilege for the maximum period applicable under paragraph (a) for a first conviction and for the minimum period applicable under paragraph (a) for any subsequent convictions. The driver may, within 30 days after such revocation by the department, petition the court for further hearing on the period of revocation, and the court may reopen the case and determine the period of revocation within the limits specified in paragraph (a).

(c) The forfeiture of bail bond, not vacated within 20 days, in any prosecution for the offense of driving while under the influence of alcoholic beverages, chemical substances, or controlled substances to the extent of depriving the defendant of his or her normal faculties shall be deemed equivalent to a conviction for the purposes of this paragraph, and the department shall forthwith revoke the defendant’s driver license or driving privi-
(4) (a) Upon a conviction for a violation of §316.193(3)(c)2., involving serious bodily injury, a conviction of manslaughter resulting from the operation of a motor vehicle, or a conviction of vehicular homicide, the court shall revoke the driver license of the person convicted for a minimum period of 3 years. If a conviction under §316.193(3)(c)2., involving serious bodily injury, is also a subsequent conviction as described under paragraph (2)(a), the court shall revoke the driver license or driving privilege of the person convicted for the period applicable as provided in paragraph (2)(a) or paragraph (2)(d).

(b) If the period of revocation was not specified by the court at the time of imposing sentence or within 30 days thereafter, the department shall revoke the driver license for the minimum period applicable under paragraph (a) or, for a subsequent conviction, for the minimum period applicable under paragraph (2)(a) or paragraph (2)(d).

(5) A court may not stay the administrative suspension of a driving privilege under §322.2615 or §322.2616 during judicial review of the departmental order that resulted in such suspension, and a suspension or revocation of a driving privilege may not be stayed upon an appeal of the conviction or order that resulted in the suspension or revocation.

(6) In a prosecution for a violation of §316.172(1), and upon a showing of the department's records that the licensee has received a second conviction within 5 years following the date of a prior conviction of §316.172(1), the department shall, upon direction of the court, suspend the driver license of the person convicted for a period of at least 90 days but not more than 6 months.

(7) Following a second or subsequent violation of §796.07(2) which involves a motor vehicle and which results in any judicial disposition other than acquittal or dismissal, in addition to any other sentence imposed, the court shall revoke the person's driver license or driving privilege, effective upon the date of the disposition, for a period of at least 1 year. A person sentenced under this subsection may request a hearing under §322.271.

322.32. Unlawful use of license.

It is a misdemeanor of the second degree, punishable as provided in §775.082 or §775.083, for any person:

(1) To display, cause or permit to be displayed, or have in his or her possession any canceled, revoked, suspended, or disqualified driver's license knowing that such license...
has been canceled, revoked, suspended, or disqualified.

(a) The element of knowledge is satisfied if:
1. The person has been cited as provided in § 322.34(1), and any cancellation, revocation, or suspension in effect at that time remains in effect; or
2. The person admits to knowledge of the cancellation, suspension, or revocation; or
3. The person received notice as provided in paragraph (c).

(b) In any proceeding for a violation of this section, a court may consider evidence, other than that specified in paragraph (a), that a person knowingly possessed a canceled, suspended, or revoked driver’s license.

(c) Any judgment or order rendered by a court or adjudicatory body or any uniform traffic citation that cancels, suspends, or revokes a person’s driver’s license must contain a provision notifying the person that his or her driver’s license or driving privilege has been canceled, suspended, or revoked.

(2) To lend his or her driver’s license to any other person or knowingly permit the use thereof by another.

(3) To display, or represent as his or her own, any driver’s license not issued to him or her.

(4) To fail or refuse to surrender to the department or to any law enforcement officer, upon lawful demand, any driver’s license in his or her possession that has been suspended, revoked, disqualified, or canceled.

(5) To permit any unlawful use of a driver’s license issued to him or her.

(6) To apply for, obtain, or cause to be issued to him or her two or more photog- raphic driver’s licenses which are in different names. The issuance of such licenses shall be prima facie evidence that the licensee has violated the provisions of this section unless the issuance was in compliance with the requirements of this chapter.

(7) To do any act forbidden, or fail to perform any act required, by this chapter.

322.34. Driving while license suspended, revoked, canceled, or disqualified.

(1) Except as provided in subsection (2), any person whose driver’s license or driving privilege has been canceled, suspended, or revoked, except a “habitual traffic offender” as defined in § 322.264, who drives a vehicle upon the highways of this state while such license or privilege is canceled, suspended, or revoked is guilty of a moving violation, punishable as provided in chapter 318.

(2) Any person whose driver’s license or driving privilege has been canceled, suspended, or revoked as provided by law, except persons defined in § 322.264, who, knowing of such cancellation, suspension, or revocation, drives any motor vehicle upon the highways of this state while such license or privilege is canceled, suspended, or revoked, upon:
   (a) A first conviction is guilty of a misdemeanor of the second degree, punishable as provided in § 775.082 or § 775.083.
   (b) A second conviction is guilty of a misdemeanor of the first degree, punishable as provided in § 775.082 or § 775.083.
   (c) A third or subsequent conviction is guilty of a felony of the third degree, punishable as provided in § 775.082, § 775.083, or § 775.084.

The element of knowledge is satisfied if the person has been previously cited as provided in subsection (1); or the person admits to knowledge of the cancellation, suspension, or revocation; or the person received notice as provided in subsection (4). There shall be a rebuttable presumption that the knowledge requirement is satisfied if a judgment or order as provided in subsection (4) appears in the department’s records for any case except for one involving a suspension by the department for failure to pay a traffic fine or for a financial responsibility violation.

(3) In any proceeding for a violation of this section, a court may consider evidence, other than that specified in subsection (2), that the person knowingly violated this section.

(4) Any judgment or order rendered by a court or adjudicatory body or any uniform traffic citation that cancels, suspends, or revokes a person’s driver’s license must contain a provision notifying the person that his or her driver’s license has been canceled, suspended, or revoked.

(5) Any person whose driver’s license has been revoked pursuant to § 322.264 (habitual offender) and who drives any motor vehicle upon the highways of this state while such license is revoked is guilty of a felony of the third degree, punishable as provided in § 775.082, § 775.083, or § 775.084.

(6) Any person who operates a motor vehicle:
   (a) Without having a driver’s license as required under § 322.03; or
   (b) While his or her driver’s license or driving privilege is canceled, suspended, or revoked pursuant to § 316.655, § 322.26(8), § 322.27(2), or § 322.28(2) or (4).
and who by careless or negligent operation of the motor vehicle causes the death of or serious bodily injury to another human being is guilty of a felony of the third degree, punishable as provided in § 775.082 or § 775.083.

(7) Any person whose driver’s license or driving privilege has been canceled, suspended, revoked, or disqualified and who drives a commercial motor vehicle on the highways of this state while such license or privilege is canceled, suspended, revoked, or disqualified, and who by careless or negligent operation of the motor vehicle causes the death of or serious bodily injury to another human being is guilty of a felony of the third degree, punishable as provided in § 775.082 or § 775.083.

(a) A first conviction is guilty of a misdemeanor of the first degree, punishable as provided in § 775.082 or § 775.083.

(b) A second or subsequent conviction is guilty of a felony of the third degree, punishable as provided in § 775.082, § 775.083, or § 775.084.

(8) (a) Upon the arrest of a person for the offense of driving while the person’s driver’s license or driving privilege is suspended or revoked, the arresting officer shall determine:

1. Whether the person’s driver’s license is suspended or revoked.

2. Whether the person’s driver’s license has remained suspended or revoked since a conviction for the offense of driving with a suspended or revoked license.

3. Whether the suspension or revocation was made under § 316.646 or § 627.733, relating to failure to maintain required security, or under § 322.264, relating to habitual traffic offenders.

4. Whether the driver is the registered owner or coowner of the vehicle.

(b) If the arresting officer finds in the affirmative as to all of the criteria in paragraph (a), the officer shall immediately impound or immobilize the vehicle.

(c) Within 7 business days after the date the arresting agency impounds or immobilizes the vehicle, either the arresting agency or the towing service, whichever is in possession of the vehicle, shall send notice by certified mail to any coregistered owners of the vehicle other than the person arrested and to each person of record claiming a lien against the vehicle. All costs and fees for the impoundment or immobilization, including the cost of notification, must be paid by the owner of the vehicle or, if the vehicle is leased, by the person leasing the vehicle.

(d) Either the arresting agency or the towing service, whichever is in possession of the vehicle, shall determine whether any vehicle impounded or immobilized under this section has been leased or rented or if there are any persons of record with a lien upon the vehicle. Either the arresting agency or the towing service, whichever is in possession of the vehicle, shall notify by express courier service with receipt or certified mail within 7 business days after the date of the immobilization or impoundment of the vehicle, the registered owner and all persons having a recorded lien against the vehicle that the vehicle has been impounded or immobilized. A lessor, rental car company, or lienholder may then obtain the vehicle, upon payment of any lawful towing or storage charges. If the vehicle is a rental vehicle subject to a written contract, the charges may be separately charged to the renter, in addition to the rental rate, along with other separate fees, charges, and recoupments disclosed on the rental agreement. If the storage facility fails to provide timely notice to a lessor, rental car company, or lienholder as required by this paragraph, the storage facility shall be responsible for payment of any towing or storage charges necessary to release the vehicle to a lessor, rental car company, or lienholder that accrue after the notice period, which charges may then be assessed against the driver of the vehicle if the vehicle was lawfully impounded or immobilized.

(e) Except as provided in paragraph (d), the vehicle shall remain impounded or immobilized for any period imposed by the court until:

1. The owner presents proof of insurance to the arresting agency; or
2. The owner presents proof of sale of the vehicle to the arresting agency and the buyer presents proof of insurance to the arresting agency.

If proof is not presented within 35 days after the impoundment or immobilization, a lien shall be placed upon such vehicle pursuant to § 713.78.

(f) The owner of a vehicle that is impounded or immobilized under this subsection may, within 10 days after the date the owner has knowledge of the location of the vehicle, file a complaint in the county in which the owner resides to determine whether the vehicle was wrongfully taken or withheld. Upon the filing of a complaint, the owner or lienholder may have the vehicle released by posting with the court a bond or other adequate security equal to the amount of the costs and fees for impoundment or immobilization, including towing or storage, to ensure the payment of such costs and fees if the owner or lienholder does not prevail. When the vehicle owner or lienholder does not prevail on a complaint that
the vehicle was wrongfully taken or withheld, he or she must pay the accrued charges for the immobilization or impoundment, including any towing and storage charges assessed against the vehicle. When the bond is posted and the fee is paid as set forth in § 28.24, the clerk of the court shall issue a certificate releasing the vehicle. At the time of release, after reasonable inspection, the owner must give a receipt to the towing or storage company indicating any loss or damage to the vehicle or to the contents of the vehicle.

(9) (a) A motor vehicle that is driven by a person under the influence of alcohol or drugs in violation of § 316.193 is subject to seizure and forfeiture under §§ 932.701-932.706 and is subject to liens for recovering, towing, or storing vehicles under § 713.78 if, at the time of the offense, the person’s driver’s license is suspended, revoked, or canceled as a result of a prior conviction for driving under the influence.

(b) The law enforcement officer shall notify the Department of Highway Safety and Motor Vehicles of any impoundment or seizure for violation of paragraph (a) in accordance with procedures established by the department.

(c) Notwithstanding § 932.703(1)(c) or § 932.7055, when the seizing agency obtains a final judgment granting forfeiture of the motor vehicle under this section, 30 percent of the net proceeds from the sale of the motor vehicle shall be retained by the seizing law enforcement agency and 70 percent shall be deposited in the General Revenue Fund for use by regional workforce boards in providing transportation services for participants of the welfare transition program. In a forfeiture proceeding under this section, the court may consider the extent that the family of the owner has other public or private means of transportation.

(10) (a) Notwithstanding any other provision of this section, if a person does not have a prior forcible felony conviction as defined in § 776.08, the penalties provided in paragraph (b) apply if a person’s driver’s license or driving privilege is canceled, suspended, or revoked for:

1. Failing to pay child support as provided in § 322.245 or § 61.13016;
2. Failing to pay any other financial obligation as provided in § 322.245 other than those specified in § 322.245(1);
3. Failing to comply with a civil penalty required in § 318.15;
4. Failing to maintain vehicular financial responsibility as required by chapter 324;
5. Failing to comply with attendance or other requirements for minors as set forth in § 322.091; or
6. Having been designated a habitual traffic offender under § 322.264(1)(d) as a result of suspensions of his or her driver’s license or driver privilege for any underlying violation listed in subparagraphs 1.-5.

(b) 1. Upon a first conviction for knowingly driving while his or her license is suspended, revoked, or canceled for any of the underlying violations listed in subparagraphs (a)1.-6., a person commits a misdemeanor of the first degree, punishable as provided in § 775.082 or § 775.083.

2. Upon a second or subsequent conviction for the same offense of knowingly driving while his or her license is suspended, revoked, or canceled for any of the underlying violations listed in subparagraphs (a)1.-6., a person commits a misdemeanor of the first degree, punishable as provided in § 775.082 or § 775.083.

(11) (a) A person who does not hold a commercial driver’s license and who is cited for an offense of knowingly driving while his or her license is suspended, revoked, or canceled for any of the underlying violations listed in paragraph (10)(a) may, in lieu of payment of fine or court appearance, elect to enter a plea of nolo contendere and provide proof of compliance to the clerk of the court, designated official, or authorized operator of a traffic violations bureau. In such case, adjudication shall be withheld. However, no election shall be made under this subsection if such person has made an election under this subsection during the preceding 12 months. A person may not make more than three elections under this subsection.

(b) If adjudication is withheld under paragraph (a), such action is not a conviction.

322.35. Permitting unauthorized minor to drive.

No person shall cause or knowingly permit his or her child or ward under the age of 18 years to drive a motor vehicle upon any highway when such minor is not authorized by the provisions of this chapter.

322.36. Permitting unauthorized operator to drive.

A person may not authorize or knowingly permit a motor vehicle owned by him or her or under his or her dominion or control to be operated upon any highway or public street except by a person who is duly authorized to
operate a motor vehicle under this chapter. Any person who violates this section commits a misdemeanor of the second degree, punishable as provided in § 775.082 or § 775.083. If a person violates this section by knowingly loaning a vehicle to a person whose driver’s license is suspended and if that vehicle is involved in an accident resulting in bodily injury or death, the driver’s license of the person violating this section shall be suspended for 1 year.

322.37. Employing unlicensed driver.

No person shall employ as a driver of a motor vehicle any person not then licensed to operate such vehicle as provided in this chapter. Violation of this section is a noncriminal traffic infraction subject to the penalty provided in § 318.18(2).

322.38. Renting motor vehicle to another.

(1) No person shall rent a motor vehicle to any other person unless the latter person is then duly licensed, or if a nonresident he or she shall be licensed under the laws of the state or country of his or her residence, except a nonresident whose home state or country does not require that an operator be licensed.

(2) No person shall rent a motor vehicle to another until he or she has inspected the driver’s license of the person to whom the vehicle is to be rented, and compared and verified the signature thereon with the signature of such person written in his or her presence.

(3) Every person renting a motor vehicle to another shall keep a record of the registration number of the motor vehicle so rented, the name and address of the person to whom the vehicle is rented, the number of the license of said latter person, and the date and place when and where the said license was issued. Such record shall be open to inspection by any police officer, or officer or employee of the department.

322.39. Penalties.

(1) It is a misdemeanor for any person to violate any of the provisions of this chapter, unless such violation is declared to be otherwise by this chapter or other law of this state.

(2) Unless another penalty is provided in this chapter or by the laws of this state, a person convicted of a misdemeanor for the violation of a provision of this chapter is guilty of a misdemeanor of the second degree, punishable as provided in § 775.082 or § 775.083.

322.62. Driving under the influence; commercial motor vehicle operators.

(1) A person who has any alcohol in his or her body may not drive or be in actual physical control of a commercial motor vehicle in this state. Any person who violates this section is guilty of a moving violation, punishable as provided in § 318.18.

(2) (a) In addition to the penalty provided in subsection (1), a person who violates this section shall be placed out-of-service immediately for a period of 24 hours.

(b) In addition to the penalty provided in subsection (1), a person who violates this section and who has a blood-alcohol level of 0.04 or more grams of alcohol per 100 milliliters of blood, or a breath-alcohol level of 0.04 or more grams of alcohol per 210 liters of breath is subject to the penalty provided in § 322.61.

(3) This section does not supersede § 316.193. Nothing in this section prohibits the prosecution of a person who drives a commercial motor vehicle for driving under the influence of alcohol or controlled substances whether or not such person is also prosecuted for a violation of this section.

322.64. Holder of commercial driver license; persons operating a commercial motor vehicle; driving with unlawful blood-alcohol level; refusal to submit to breath, urine, or blood test.

(1) (a) A law enforcement officer or correctional officer shall, on behalf of the department, disqualify from operating any commercial motor vehicle a person who while operating or in actual physical control of a commercial motor vehicle is arrested for a violation of § 316.193, relating to unlawful blood-alcohol level or breath-alcohol level, or a person who has refused to submit to a breath, urine, or blood test authorized by § 322.63 or § 316.1932 arising out of the operation or actual physical control of a commercial motor vehicle. A law enforcement officer or correctional officer shall, on behalf of the department, disqualify the holder of a commercial driver license from operating any commercial motor vehicle if the licenseholder, while operating or in actual physical control of a motor vehicle, is arrested for a violation of § 316.193, relating to unlawful blood-alcohol level or breath-alcohol level, or refused to submit to a breath, urine, or blood test authorized by § 322.63 or § 316.1932. Upon disqualification of the person, the officer shall take the person’s driver license and issue the person a 10-day temporary permit for the operation of noncommercial vehicles only if the person is otherwise eligible for
the driving privilege and shall issue the person a notice of disqualification. If the person has been given a blood, breath, or urine test, the results of which are not available to the officer at the time of the arrest, the agency employing the officer shall transmit such results to the department within 5 days after receipt of the results. If the department then determines that the person had a blood-alcohol level or breath-alcohol level of 0.08 or higher, the department shall disqualify the person from operating a commercial motor vehicle pursuant to subsection (3).

(2) (a) Except as provided in paragraph (1)(a), the law enforcement officer shall forward to the department, within 5 days after the date of the issuance of the notice of disqualification, a copy of the notice of disqualification, the driver license of the person disqualified, and an affidavit stating the officer’s grounds for belief that the person disqualified was operating or in actual physical control of a commercial motor vehicle, or holds a commercial driver license, and had an unlawful blood-alcohol or breath-alcohol level; the results of any breath or blood or urine test or an affidavit stating that a breath, blood, or urine test was requested by a law enforcement officer or correctional officer and that the person arrested refused to submit; a copy of the notice of disqualification issued to the person; and the officer’s description of the person’s field sobriety test, if any. The failure of the officer to submit materials within the 5-day period specified in this subsection or subsection (1) does not affect the department’s ability to consider any evidence submitted at or prior to the hearing.

(b) The officer may also submit a copy of a video recording of the field sobriety test or the attempt to administer such test and a copy of the crash report. Notwithstanding § 316.066, the crash report shall be considered by the hearing officer.

(3) If the department determines that the person arrested should be disqualified from operating a commercial motor vehicle pursuant to this section and if the notice of disqualification has not already been served upon the person by a law enforcement officer or correctional officer as provided in subsection (1), the department shall issue a notice of disqualification and, unless the notice is mailed pursuant to § 322.251, a temporary permit which expires 10 days after the date of issuance if the driver is otherwise eligible.

(4) If the person disqualified requests an informal review pursuant to subparagraph (1)(c)3., the department shall conduct the informal review by a hearing officer designated by the department. Such informal review hearing shall consist solely of an examination by the department of the materials submitted by a law enforcement officer or correctional officer and by the person disqualified, and the presence of an officer or witness is not required.

(5) After completion of the informal review, notice of the department’s decision sustaining, amending, or invalidating the disqualification must be provided to the person. Such notice must be mailed to the person at the last known address shown on the department’s records, and to the address provided in the law enforcement officer’s report if such address differs from the address of record, within 21 days after the expiration of the temporary permit issued pursuant to subsection (1) or subsection (3).

(6) (a) If the person disqualified requests a formal review, the department must schedule a hearing to be held within 30 days after such request is received by the department
and must notify the person of the date, time, and place of the hearing.

(b) Such formal review hearing shall be held before a hearing officer designated by the department, and the hearing officer shall be authorized to administer oaths, examine witnesses and take testimony, receive relevant evidence, issue subpoenas for the officers and witnesses identified in documents provided under paragraph (2)(a), regulate the course and conduct of the hearing, and make a ruling on the disqualification. The hearing officer may conduct hearings using communications technology. The department and the person disqualified may subpoena witnesses, and the party requesting the presence of a witness shall be responsible for the payment of any witness fees. If the person who requests a formal review hearing fails to appear and the hearing officer finds such failure to be without just cause, the right to a formal hearing is waived.

(c) The failure of a subpoenaed witness to appear at the formal review hearing shall not be grounds to invalidate the disqualification. If a witness fails to appear, a party may seek enforcement of a subpoena under paragraph (b) by filing a petition for enforcement in the circuit court of the judicial circuit in which the person failing to comply with the subpoena resides or by filing a motion for enforcement in any criminal court case resulting from the driving or actual physical control of a motor vehicle or commercial motor vehicle that gave rise to the disqualification under this section. A failure to comply with an order of the court shall result in a finding of contempt of court. However, a person shall not be in contempt while a subpoena is being challenged.

(d) The department must, within 7 working days after a formal review hearing, send notice to the person of the hearing officer’s decision as to whether sufficient cause exists to sustain, amend, or invalidate the disqualification.

(7) In a formal review hearing under subsection (6) or an informal review hearing under subsection (4), the hearing officer shall determine by a preponderance of the evidence whether sufficient cause exists to sustain, amend, or invalidate the disqualification. The scope of the review shall be limited to the following issues:

(a) If the person was disqualified from operating a commercial motor vehicle for driving with an unlawful blood-alcohol level:

1. Whether the law enforcement officer had probable cause to believe that the person was driving or in actual physical control of a commercial motor vehicle, or any motor vehicle if the driver holds a commercial driver license, in this state while he or she had any alcohol, chemical substances, or controlled substances in his or her body.

2. Whether the person had an unlawful blood-alcohol level or breath-alcohol level of 0.08 or higher.

(b) If the person was disqualified from operating a commercial motor vehicle for refusal to submit to a breath, blood, or urine test:

1. Whether the law enforcement officer had probable cause to believe that the person was driving or in actual physical control of a commercial motor vehicle, or any motor vehicle if the driver holds a commercial driver license, in this state while he or she had any alcohol, chemical substances, or controlled substances in his or her body.

2. Whether the person refused to submit to the test after being requested to do so by a law enforcement officer or correctional officer.

3. Whether the person was told that if he or she refused to submit to such test he or she would be disqualified from operating a commercial motor vehicle for a period of 1 year or, if previously disqualified under this section, permanently.

(8) Based on the determination of the hearing officer pursuant to subsection (7) for both informal hearings under subsection (4) and formal hearings under subsection (6), the department shall sustain the disqualification for the time period described in 49 C.F.R. § 383.51. The disqualification period commences on the date of the issuance of the notice of disqualification.

(9) A request for a formal review hearing or an informal review hearing shall not stay the disqualification. If the department fails to schedule the formal review hearing within 30 days after receipt of the request therefor, the department shall invalidate the disqualification. If the scheduled hearing is continued at the department’s initiative or the driver enforces the subpoena as provided in subsection (6), the department shall issue a temporary driving permit limited to non-commercial vehicles which is valid until the hearing is conducted if the person is otherwise eligible for the driving privilege. Such permit shall not be issued to a person who sought and obtained a continuance of the hearing. The permit issued under this subsection shall authorize driving for business purposes only.
(10) A person who is disqualified from operating a commercial motor vehicle under subsection (1) or subsection (3) is eligible for issuance of a license for business or employment purposes only under § 322.271 if the person is otherwise eligible for the driving privilege. However, such business or employment purposes license shall not authorize the driver to operate a commercial motor vehicle.

(11) The formal review hearing may be conducted upon a review of the reports of a law enforcement officer or a correctional officer, including documents relating to the administration of a breath test or blood test or the refusal to take either test. However, as provided in subsection (6), the driver may subpoena the officer or any person who administered or analyzed a breath or blood test. If the arresting officer or the breath technician fails to appear pursuant to a subpoena as provided in subsection (6), the department shall invalidate the disqualification.

(12) The formal review hearing and the informal review hearing are exempt from the provisions of chapter 120. The department may adopt rules for the conduct of reviews under this section.

(13) A person may appeal any decision of the department sustaining the disqualification from operating a commercial motor vehicle by a petition for writ of certiorari to the circuit court in the county wherein such person resides or wherein a formal or informal review was conducted pursuant to § 322.31. However, an appeal shall not stay the disqualification. This subsection shall not be construed to provide for a de novo review.

(14) The decision of the department under this section shall not be considered in any trial for a violation of § 316.193, § 322.61, or § 322.62, nor shall any written statement submitted by a person in his or her request for departmental review under this section be admissible into evidence against him or her in any such trial. The disposition of any related criminal proceedings shall not affect a disqualification imposed pursuant to this section.

(15) This section does not preclude the suspension of the driving privilege pursuant to § 322.2615. The driving privilege of a person who has been disqualified from operating a commercial motor vehicle also may be suspended for a violation of § 316.193.

CHAPTER 324
FINANCIAL RESPONSIBILITY

324.201. Return of license or registration to department.

(1) Any person whose license or registration shall have been suspended as herein provided; whose policy of insurance or bond, when required under this chapter, shall have been canceled or terminated; or who shall neglect to furnish other proof upon the request of the department shall immediately return his or her license and registrations to the department. If any person shall fail to return to the department the license or registrations as provided herein, the department shall issue a complaint to a court of competent jurisdiction which shall issue a warrant charging such person with a misdemeanor of the second degree, punishable as provided in § 775.082 or § 775.083. Such person shall surrender to the court his or her driver's license, registration, and plates for delivery to the department. For the service and execution of such warrant the sheriff shall receive the arrest and other fees authorized by law.

(2) It shall be unlawful for any person whose license has been suspended to operate any motor vehicle or for any person whose registrations have been suspended to obtain another motor vehicle for the purpose of circumventing this chapter.

(3) If a law enforcement officer determines that a person operating a motor vehicle is also the owner or registrant, or the coowner or coregistrant, of the motor vehicle and is operating the motor vehicle with a driver's license or vehicle registration that has been under suspension pursuant to a violation of this chapter for a period of at least 30 days, the police officer shall immediately seize the license plate of the motor vehicle.

(4) All information obtained by the department regarding compliance with the provisions of this chapter shall be made available to all law enforcement agencies for the purpose of enforcing this chapter. Law enforcement agencies may utilize that information to seize the license plate of any motor vehicle which has a suspended registration as a result of noncompliance by the operator or owner of the motor vehicle under the provisions of this chapter.

ADMINISTRATION

ARTICLE XIII
NUISANCE ABATEMENT

2-98.4. Legislative findings and intent.
This article [Ordinance No. 92-42] is enacted pursuant to the provisions of the Miami-Dade County Home Rule Charter and Florida Statute, Section 893.138, as it may be renumbered or amended from time to time, and shall be known and may be cited as the “Miami-Dade County Public Nuisance Abatement Ordinance.”

The Board of County Commissioners of Miami-Dade County, hereby finds and declares that any places or premises which are used as the site of the unlawful sale or delivery of controlled substances, prostitution, youth and street gang activity, gambling, illegal sale or consumption of alcoholic beverages, or lewd or lascivious behavior, may be a public nuisance that adversely affects the public health, safety, morals, and welfare. This Board also finds that abating the public nuisance which results from said criminal activity is necessary to improve the quality of life of the residents of Miami-Dade County and that said abatement will safeguard the public health, safety, and welfare.

(1) It is prima facie evidence that a price is unconscionable if:
   a. The amount charged represents a gross disparity between the price of the commodity or rental or lease of any dwelling unit or self-storage facility that is the subject of the offer or transaction and the average price at which that commodity or dwelling unit or self-storage facility was rented, leased, sold, or offered for rent or sale in the usual course of business during the thirty (30) days immediately prior to a declaration of a state or emergency, and the increase in the amount charged is not attributable to additional costs incurred in connection with the rental or sale of the commodity or rental or lease of any dwelling unit or self-storage facility, or national or international market trends; or
   b. The amount charged grossly exceeds the average price at which the same or similar commodity was readily obtainable in the trade area during the thirty (30) days immediately prior to a declaration of a state of emergency, and the increase in the amount charged is not attributable to additional costs incurred in connection with the rental or sale of the commodity or rental or lease of any dwelling unit or self-storage facility, or national or international market trends.
(2) Upon a declaration applicable to any portion of Miami-Dade County of a state of emergency by the Governor, the Mayor, the Board of County Commissioners, the County Manager or Director of the Miami-Dade Police Department, it shall be unlawful for a person or his agent or employee to rent or sell or offer to rent or sell at an unconscionable price within the area for which the state of emergency is declared, any essential commodity including, but not limited to food, water, ice, chemicals, petroleum products, lumber, supplies, services, provisions, or equipment, or any dwelling unit or self-storage facility, that is necessary for consumption or use as a direct result of the emergency. This prohibition shall remain in effect until the declaration expires or is terminated.
(3) A price increase approved by an appropriate government agency shall not be a violation of this section.
(4) This section shall not apply to sales by growers, producers, or processors of raw or processed food products, except for retail sales of such products to the ultimate consumer within the area of the declared state of emergency.
(5) Any person or entity who suffers a loss as result of a violation of any provision of this article may, in addition to any other available remedy, recover compensatory damages, attorney’s fees and court costs from the person or entity committing the violation.

(6) In addition to the remedies elsewhere provided in this article, the County Manager or his or her designee shall have the authority to institute a civil action in a court of competent jurisdiction: (i) to seek temporary or permanent, prohibitory or mandatory injunctive relief to enforce compliance with or prohibit the violation of this Section 8A-5; (ii) to impose and recover a civil penalty in an amount of not more than ten thousand dollars ($10,000.00) for each violation of this Section 8A-5; and (iii) to recover any sums and costs expended by the county in tracing, investigating, preventing, controlling, abating or remedying violation of this Section 8A-5. Each day during any portion of which such violation occurs constitutes a separate violation. In any such action in which the county prevails the court shall award the county reasonable attorney’s fees.
(7) The County Manager or his or her designee shall have the power to investigate compliance with the requirements of this Section 8A-5 and incident thereto may subpoena witnesses, administer oaths and require the production of records.
(8) In addition to the remedies elsewhere provided in this article, any person found
guilty of violating any provision of this Section 8A-5 may be punished by a fine not to exceed five hundred dollars ($500.00), or by imprisonment in the county jail for a period not to exceed sixty (60) days, or both.

If a mover charges for packing material, the mover shall only charge for such material on a per container basis. This container charge shall include the cost for each container and any wrap, tape or other materials utilized by mover to pack the container.

(k) **Person** shall mean any natural person, individual, public, or private corporation, trust, firm, association, joint venture, partnership, municipality, governmental agency, political subdivision, public officer, or any other entity whatsoever, or any combination of the foregoing, jointly or severally.

(m) **Shipper** shall mean any person who contracts with a mover for the transportation of household goods. This term shall include any other person whom the shipper designates in writing.

8A-326. **Intent and application.**

(a) The provisions of this article shall be construed liberally to promote the following policies:

(1) To establish the law governing moving practices within this county with regard to the transportation of household goods.

(2) To address moving practices in this county in a manner that is not inconsistent with federal law and the laws of this state relating to consumer protection and moving.

(b) The provisions of this article apply to the operations of any mover engaged in the intrastate transportation of household goods, except that this article shall not be construed to include shipments contracted by the United States, the state, or any local government or subdivision thereof. The provision of this article shall only apply to the transportation of household goods originating in Miami-Dade County and terminating in Miami-Dade County, Broward County or Palm Beach County, or originating in Broward County or Palm Beach County and terminating in Miami-Dade County.

(c) It is the intent of this article to seek to secure the satisfaction and confidence of customers and members of the public when utilizing a mover. This article shall be effective in the incorporated and unincorporated areas of Miami-Dade County and shall be liberally construed to effectuate the purposes set forth herein and to protect the public. This article shall be known and cited as the “Miami-Dade County Moving Ordinance.”

(d) Nothing in this article shall be construed to remove the authority or jurisdiction of any state or local agency with respect to goods or services regulated or controlled under other provisions of law or ordinance.
(e) This article is not applicable to an act or practice required or specifically permitted by federal law or the law of this state.

(f) The provisions of this article shall be deemed supplemental to all county and municipal ordinances. In the event of a conflict between any of the provisions of this article and any provision of any county or municipal ordinance, the provision which establishes the most stringent standard shall prevail.

8A-330. Contract for service and disclosure statement required.

11. If the cost for services provided is based on weight, a statement that the shipper has a right to observe any weighing before and after loading.

(c) The contract for service provided by a mover to a shipper shall include the following language in bold capitalized letters of at least 12-point type:

PLEASE READ CAREFULLY:
THIS CONTRACT FOR SERVICE IS REQUIRED BY COUNTY LAW AND MUST INCLUDE THE TERMS AND COSTS ASSOCIATED WITH YOUR MOVE. IN ORDER FOR THE CONTRACT FOR SERVICE TO BE ACCURATE, YOU MUST DISCLOSE ALL INFORMATION RELEVANT TO THE MOVE TO THE MOVER. COUNTY LAW REQUIRES THAT A MOVER RELINQUISH POSSESSION OF YOUR GOODS AND COMPLETE YOUR MOVE UPON PAYMENT OF NO MORE THAN THE SPECIFIED MAXIMUM AMOUNT DUE AT DELIVERY.

(d) Prior to beginning the move, the mover shall present to the shipper a copy of the Moving Consumer Bill of Rights and Disclosure Statement (Disclosure Statement) on its letterhead in the form approved and as amended by the Director. basis upon which the charge will be calculated, and

(2) Obtains the customer’s written authorization on the written estimate to prepare an estimate.

(c) The written estimate provided to the shipper shall, at a minimum, include the following:

(1) The total cost for transportation and accessorial services to be provided.

(2) A description of the transportation and accessorial services to be provided.

UNDER COUNTY LAW YOU ARE ENTITLED TO A WRITTEN ESTIMATE OF THE TOTAL COST OF YOUR MOVE AND A COPY OF THE DISCLOSURE STATEMENT. PLEASE REVIEW THESE DOCUMENTS TO MAKE SURE THEY ARE COMPLETE.

(d) A copy of the estimate, signed by the mover, shall be delivered to the shipper prior to performing any transportation or accessorial service and a copy shall be maintained by the mover as part of the mover’s records.

(e) Nothing in this article shall be construed to require a customer to enter into a contract for service with a mover based upon the issuance of an estimate.

(f) The estimate and disclosure may be provided on the same form as the contract for service.

(g) No mover shall provide an oral estimate to any customer.

(h) Reserved.

ARTICLE IV
MISCELLANEOUS

21-21. Alcoholic beverage establishments, solicitation of drinks in.

(a) Soliciting drinks. It shall be unlawful for any host, hostess, waiter, waitress, male or female entertainer or employee in a place dispensing alcoholic beverages for consumption on the premises to solicit any beverage, whether an alcoholic beverage or otherwise, for which the customer or patron in such establishment pays.

(b) Mingling incident to soliciting drinks. It shall be unlawful for any male or female employee or entertainer in places dispensing alcoholic beverages for consumption on the premises to mingle or fraternize with the customers or patrons of such establishments incident to soliciting the purchase of beverages, alcoholic or otherwise, for any such employee and for which the patron or customer in such establishment pays.

(c) Employing persons to solicit drinks. It shall be unlawful for any owner, operator, manager or other employee of a place dispensing alcoholic beverages for consumption on the premises to employ or permit on the premises any person to solicit drinks for himself or herself or any other person.

(d) Lottering to solicit drinks. It shall be unlawful for any man or woman to frequent or loiter in any tavern, cabaret or night club for the purpose of soliciting drinks.

21-22. Sale, offer for sale, purchase with intent to sell and public display for sale of synthetic cannabinoid herbal incense prohibited.

(a) Purpose and intent. The Miami-Dade County Board of County Commissioners finds and declares that the products and synthetic substances described hereunder are commonly used as alternatives to marijuana. The Board further finds that these synthetic substances are particularly appealing to youth, and that these synthetic substances are potentially dangerous to users in the short term and that the long term effects are not yet known. The Board finds that the products which contain these synthetic substances often use a disclaimer that the product is “not for human consumption” to avoid regulations requiring the manufacturer to list the product’s active ingredients. The Board finds drug designers and chemists can quickly create new synthetic drugs once federal or state law makes a particular synthetic drug illegal. As such, the Board finds there is a need to declare illegal the sale, offer for sale, purchase with intent to sell and public display for sale of synthetic substances that mimic illegal controlled substances that have not yet themselves been categorized as illegal controlled substances under federal or state law. The Board further finds that it is proper and necessary for the Board to exercise its authority to safeguard and protect the public health, safety and welfare by taking this action.

(b) Application. This section shall be applicable in the incorporated and unincorporated areas of Miami-Dade County, with the enforcement of the provision of this section in the unincorporated area being the responsibility of Miami-Dade County and in the incorporated area being the responsibility of the respective municipalities.

(c) Preemption. This section shall not preempt any municipal ordinance governing this subject area that is more stringent than this ordinance or that declares illegal a substance that is not declared illegal by this ordinance.

(d) Definitions. For purposes of this section, the following terms apply:

(1) Structurally similar as used in this section shall mean chemical substitutions off a common chemical backbone associated with synthetic cannabinoids, synthetic cannabinoid-mimicking compounds, 2-(1R,3S)-3-hydroxycyclohexyl)-5-(2-methyloctan-2-yl) phenol, also known as CP 47,497 and its dimethylcyclohexyl (C8) homologue, (6aR,10aR) -9-(hydroxymethyl) -6, 6-dimethyl-3- (2-methyloctan-2-yl) -6a, 7, 10, 10a-tetrahydrobenzo [c] chromen-1-ol, also known as HU-210, 1-Pentyl-3- (1-naphthoyl) indole, also known as JWH-018, 1-Butyl-3- (1-naphthoyl) indole, also known as JWH-073, 1-[2-(4-morpholinyl)ethyl]-3-(1-naphthoyl)indole, also known as JWH-200, JWH-007 (1-pentyl-2-methyl-

herbal incense is pursuant to the direction or
prescription of a licensed physician or dentist
authorized in the State of Florida to direct or
prescribe such act.

(h) Seizure and destruction of synthetic
cannabinoid herbal incense. Synthetic can-
nabino id herbal incense prohibited herein
may be seized by law enforcement officers
and may be destroyed in the same manner
used to destroy narcotics and contraband
substances, after its use for evidentiary pur-
poses in any judicial proceeding is no longer
required.

(i) Injunctive relief. Miami-Dade County
shall have the authority to seek an injunc-
tion against any person or business violating
the provisions of this section. In any action
seeking an injunction, Miami-Dade County
shall be entitled to collect its enforcement ex-

costs incurred at trial and on appeal.

(j) Subsequent federal or state action. If
Congress or a federal agency amends fed-
eral law to include a particular substance
or otherwise enacts or amends a federal law
providing for criminal penalties for the pro-
hibitions of substances set forth in this ordi-
nance, then upon the effective date of such
enactment or amendment, the provisions of
this ordinance addressed by federal law shall
no longer be deemed effective. Any violations
of this ordinance committed prior to the Con-
gress or a federal agency enacting a federal
law may be prosecuted.

If the Florida Legislature amends the con-
trolled substance schedules in Section 893.01,
Florida Statutes, to include a particular sub-
stance or otherwise enacts or amends a state
statute providing for criminal penalties for
the prohibitions of substances set forth in
this ordinance, then upon the effective date of
such enactment or amendment, the provi-
sions of this ordinance addressed by the state
statute shall no longer be deemed effective.

If the Florida Attorney General pursu-
ant to the rulemaking authority provided
in Chapter 893[, Florida Statutes,] adds a
particular substance to the controlled sub-
stance schedules in Section 893.01, Florida
Statutes, then upon the effective date of such
enactment or amendment, the provisions of
this ordinance addressed by the state statute
shall no longer be deemed effective.

21-22.1. Sale, offer for sale, purchase
with intent to sell and public display
for sale prohibited of synthetic
stimulant bath salts, synthetic
cathinones, synthetic amphetamines,
and other synthetic stimulants that
mimic illegal drugs.

(a) Purpose and intent. The Miami-Dade
County Board of County Commissioners
finds and declares that the products and syn-
thetic substances described hereunder are
commonly used as alternatives to amphet-
amines, cocaine, ecstasy and other illegal
drugs. The Board further finds that these
synthetic substances are particularly appeal-
ing to youth, and that these synthetic sub-
stances are potentially dangerous to users
in the short term and the long term effects
are not yet known. The Board finds that the
products which contain these synthetic sub-
stances often use a disclaimer that the prod-
uct is “not for human consumption” to avoid
regulations that require the manufacturer
to list the product’s active ingredients. The
Board finds that drug designers and chem-
ists can quickly create new synthetic drugs
once federal or state law makes a particular
synthetic drug illegal. As such, the Board
finds there is a need to declare illegal the
sale, offer for sale, purchase with intent to
sell and public display for sale of synthetic
substances that mimic illegal controlled
substances, even though such synthetic sub-
stances have not yet themselves been catego-
rized as illegal controlled substances under
federal or state law. The Board further finds
that it is proper and necessary for the Board to exercise its authority to safeguard and protect the public health, safety and welfare by taking this action.

(b) Application. This section shall be applicable in the incorporated and unincorporated areas of Miami-Dade County, with the enforcement of the provision of this section in the unincorporated area being the responsibility of Miami-Dade County and in the incorporated area being the responsibility of the respective municipalities.

(c) Preemption. This section shall not preempt any municipal ordinance governing this subject area that is more stringent than this ordinance or that declares illegal a substance that is not declared illegal by this ordinance.

(d) Definitions. For purposes of this section, the following terms apply:

1. Structurally similar as used in this section shall mean chemical substitutions off a common chemical backbone associated with cathinone, methcathinone, amphetamine, methamphetamine, cocaine, 3,4-methylenedioxyamphetamine (MDMA), 3,4-methylenedioxyethylamphetamine, 3,4-methylenedioxy-methylamphetamine, 3,4-methylenedioxyethylamphetamine, 3,4-methylenedioxymethcathinone, 3,4-methylenedioxymethamphetamine, 3,4-methylenedioxypyrovalerone (MDPV), methylmethcathinone, 3,4-methylenedioxymethamphetamine, N,N-Diallyl-5-Methoxytryptamine, 5-Methoxy-alpha-pyrrolidinopropiophenone, Methoxy-alpha-pyrrolidinopropiophenone (MOPP), Methyl-alpha-pyrrolidinohexophenone (MPHP), Benocyclidine (BCP), benzothiophenylcyclohexylpiperidine (BTPC), Fluoromethylaminobutyrophenone (FMABP), Methoxyphenylprolinobutyrophene (MeO-PBP), Ethyl-pyrrolidino-butyrophene (Et-PBP), 3-Methyl-4-Methoxyaminobutyrophenone (3-Me-4-MeO- MCAT), Methylethylaminobutyrophenone (Me-EABP), Methylaminobutyrophenone (MABP), Pyrrolidinopropiophenone (PPP), Pyrrolidinobutyrophene (PBP), Pyrrolidinovalerophene (PVP), Methyl-alpha-pyrrolidinopropiophenone (MPPP), or related salts, isomers, and salts of isomers, listed in the controlled substance schedules in Chapter 893, Florida Statutes, as amended, or otherwise prohibited by federal or state law.

amine, methamphetamine, cocaine, MDMA or any other substance listed in paragraph (1) above, or related salts, isomers, and salts of isomers. Packaging that indicates, suggests or implies that a product mimics the phar-
macological effects of cathinone, methcathi-
none, amphetamine, methamphetamine, co-
caine, ecstasy or any other substance listed in paragraph (1) above, shall create a pre-
sumption that the product mimics the effects of the substance. “Synthetic stimulant” shall not include any substance currently listed in the controlled substance schedules in Chap-
ter 893, Florida Statutes, or otherwise pro-
hibited by federal or state law, as such may be amended from time to time.

(e) Sale, offer for sale and purchase with intent to sell synthetic stimulant bath salts and synthetic stimulants prohibited. It shall be unlawful for any store owner, store manag-
er, store purchasing agent or other person to sell, offer for sale or purchase with intent to sell any synthetic stimulant bath salts as defined herein or any synthetic stimulants as defined herein.

firmative defense to prosecution of a viola-
tion of this section if the sale, offer for sale, purchase with intent to sell or public display for sale of synthetic stimulant bath salts as defined herein or synthetic stimulants as de-

defined herein is pursuant to the direction or 

prescription of a licensed physician or dentist authorized in the State of Florida to direct or 

prescribe such act.

(h) Seizure and destruction of synthetic stimulant bath salts and synthetic stimu-

stances, after its use for evidentiary pur-

poses in any judicial proceeding is no longer required.

(i) Injunctive relief. Miami-Dade County shall have the authority to seek an injunc-
tion against any person or business violating the provisions of this section. In any action seeking an injunction, Miami-Dade County shall be entitled to collect its enforcement 

expenses, including forensic costs, law en-
forcement costs and reasonable attorney fees 

and costs incurred at the trial level and on appeal.

(j) Subsequent federal or state action. If Congress or a federal agency amends fed-

eral law to include a particular substance or otherwise enacts or amends a federal law providing for criminal penalties for the pro-
hibitions of substances set forth in this ordi-
nance, then upon the effective date of such enactment or amendment, the provisions of this ordinance addressed by federal law shall no longer be deemed effective. Any violations of this ordinance committed prior to Con-

gress or a federal agency enacting a federal law may be prosecuted.

If the Florida Legislature amends the con-
trolled substance schedules in Section 893.01, Florida Statutes, to include a particular sub-

stance or otherwise enacts, or amends a state statute providing for criminal penalties for the prohibitions of substances set forth in this ordinance, then upon the effective date of such enactment or amendment, the provisions of this ordinance addressed by the state statute shall no longer be deemed effective.

If the Florida Attorney General pursu-
ant to the rulemaking authority provided in Chapter 893,[ Florida Statutes,] adds a 

particular substance to the controlled sub-

stance schedules in Section 893.01, Florida Statutes, then upon the effective date of such 

enactment or amendment, the provisions of this ordinance addressed by the state statute

Any municipalities in Miami-Dade County may adopt more stringent graffiti regulations and/or higher penalties for graffiti offenses than those provided herein.

(d) Graffiti prohibited.

(1) No person shall write, paint, or draw any inscription, figure, or mark of any type on any public or private building or structure or other real or personal property, owned, operated, or maintained by a governmental entity or any agency or instrumentality thereof or by any person, firm, or corporation, unless the express prior written permission of the owner, owner’s agent, manager or operator of the property has been obtained and filed with the Public Works Department, Graffiti Coordinator. In any forfeiture under this section, the court shall not order a forfeiture unless it finds that the forfeiture is commensurate with the severity of the violation to the extent required by Florida and Federal Constitution.

(I) Municipalities may establish their own system for the forfeiture of personal property.

(e) Graffiti removal by the County.

(1) Whenever the County becomes aware of the existence of graffiti on any property, including any structure or improvement, that abuts the public right-of-way within any unincorporated area of the County, County personnel are authorized to immediately remove or obscure such graffiti.

(2) For purposes of this subsection (e) only, “property that abuts the public right-of-way” means property that can be accessed by County personnel without substantially encroaching onto private property, such as subdivision walls and other structures and improvements lying at or near the public right-of-way.

(3) General notice. Property owners are hereby put on notice of the County’s intention to immediately obscure graffiti placed on walls, buildings and other surfaces that abut the public right-of-way. Team Metro shall also publish notice once during each week for four (4) consecutive weeks in the Miami Herald and shall substantially comply with Chapter 50, Florida Statutes. Any property owner who objects to graffiti being obscured on property abutting the public right-of-way shall file a statement of objection with the County Manager or his designee within thirty (30) days of the date of the final published notice. Such objection shall be effective for one (1) year. A new objection must be filed each year thereafter to preserve the objection. If an objection is filed, subsection (e) shall not apply to the property owner’s property. The County reserves the right, however, to ensure that graffiti is obscured on such property by citation and fine under subsection (g).

(4) Specific notice to affected property owner. The appearance of graffiti on a wall, building or other surface abutting the public right-of-way shall serve as notice to the property owner that the graffiti is subject to being obscured or removed by the County. Any property owner who has not filed a statement under subsection (3) and who desires to obscure or remove the graffiti himself shall (i) immediately remove the graffiti; or (ii) notify the County Manager or his designee immediately of his intention to remove the graffiti within forty-eight (48) hours. Graffiti not removed within forty-eight (48) hours is subject to removal by the County.

(5) Nothing contained in this subsection (e) shall be construed to supersede or otherwise affect the provisions contained in subsection (g). 

(f) Graffiti removal by the property owner.

(1) Whenever the County becomes aware of the existence of graffiti visible from the public right-of-way on any property, real or personal, including structures or improvements within the County, a Code Enforcement Officer is authorized, upon such discovery, to give, or cause to be given, notice to take corrective action to the property owner or the property owner’s agent or manager.

(2) For commercial property, the property owner or the property owner’s agent or manager shall take corrective action within two (2) business days from receipt or posting of the notice listed in subsection (f)(1). For non-commercial property, the property owner or the property owner’s agent or manager shall take corrective action within fourteen (14) calendar days from receipt or posting of the notice listed in subsection (f)(1).

(3) If the property owner or the property owner’s agent or manager fails to take corrective action, he or she shall be cited pursuant to Chapter 8CC of this Code or by any municipal citation system.

(I) For commercial property, the property owner or the property owner’s agent or man-
ager has two (2) business days from receipt or posting of the citation to file for an appeal hearing before an SCC hearing officer, or municipal hearing officer, or take corrective action. For non-commercial property, the property owner or the property owner’s agent or manager has seven (7) calendar days from receipt or posting of the citation to file for an appeal hearing before an SCC Hearing Officer, or municipal hearing officer, or take corrective action.

(II) If the owner or the property owner’s agent or manager does not appeal the citation, they shall pay the fine in accordance with Section 8CC-10 of the Code, or in accordance with the applicable municipal citation system. Thereafter, each day the owner, or property owner’s agent or manager fails to take corrective action counts as a continuing violation.

(4) The above listed hearing shall be conducted not sooner than five (5) calendar days, but not later than twenty (20) calendar days after receipt of the appeal.

(5) Notwithstanding any provision of this Chapter or Chapter 8CC of the Miami-Dade County Code to the contrary, the appeal of a violation of this section shall not extend or otherwise change the time period for corrective action of the violation. Continuing penalties as provided for herein and in Section 8CC-4(c) shall accrue upon the expiration of the time period provided in subsection (3) above.

(6) The Director, or City Manager of a municipality, shall cause corrective action to take place at the owner’s expense after two (2) business days for commercial property, or fourteen (14) calendar days for non-commercial property from the date of citation or date of the rendering of the Hearing Officer’s order, which finds the violator guilty.

(I) The County or municipality shall have the right to enter upon private property to the extent necessary to take corrective action. Entry into any dwelling or structure is expressly prohibited.

(II) After taking corrective action, the Director, or City Manager of a municipality, shall file a lien in the amount of all expenses incurred in correcting the condition, including all fines, continuing penalties and actual administrative costs.

(III) Such liens shall be enforceable in the same manner as a tax lien and may be satisfied at any time by payment thereof, including accrued interest. Upon such payment, the Clerk of the Circuit Court shall, by appropriate means, evidence the satisfaction and cancellation of such lien upon the record thereof. Notice of such lien may be filed in the Office of the Clerk of the Circuit Court and recorded among the public records of Miami-Dade County, Florida.

(7) It shall be an affirmative defense preventing any fines from issuing under this section if the property owner proves at a hearing that, at the subject location, he or she had been victimized by graffiti three (3) or more times within the calendar year of the violation and had removed or effectively obscured the graffiti within two (2) business days of its appearance for commercial property, or within fourteen (14) days of its appearance for non-commercial property, or within the times provided in this ordinance if a notice or violation was issued. This mitigation provision applies only to fines and shall not prevent the Director, pursuant to section (d)(6), from taking corrective action and liening the property for costs, if the property owner fails to take corrective action.

(1) Possession of spray paint and markers with intent to make graffiti is prohibited. No person shall carry an aerosol spray paint can or broad-tipped indelible marker with the intent to violate the provisions of subsection (d)(1).

(3) Possession of spray paint and markers by minors on private property prohibited without consent of owner. No person under the age of eighteen (18) shall have in his or her possession any aerosol container of spray paint or broad-tipped indelible marker while on any private property unless the owner, agent, or manager, or person in possession of the property knows of the minor’s possession of the aerosol container or marker and has consented to the minor’s possession while on his or her property.

(4) Any person violating this subsection (g)(1), (2) or (3) shall be punished by a fine of two hundred and fifty dollars ($250.00) for a first offense, and five hundred dollars ($500.00) for a second offense and one thousand dollars ($1,000.00) for each subsequent offense, or by imprisonment in the County Jail for a term not to exceed sixty (60) days,
or by both fine and imprisonment in the discretion of the court.

(I) In the case of a minor, the parents or legal guardian shall be responsible for payment of all fines.

(II) Failure of the parents or legal guardian to make payment will result in the filing of a lien on the parents or legal guardian’s property to include the fine and administrative costs.

(5) In addition to any punishment, the court shall order any person found in violation of subsection (g)(1), (2) or (3) to make restitution to the victim for damage or loss caused directly or indirectly by the defendant’s offense in a reasonable amount or manner to be determined by the court.

(I) Where the defendant is a minor, the parent or legal guardian shall be jointly and severally liable with the minor to make such restitution.

(6) In addition to any punishment listed in subsection (g)(5) or restitution ordered under subsection (g)(6), the court shall order any person found in violation of subsection (g)(1), (2), or (3) to perform monitored community service in the removal of graffiti of not less than forty (40) hours and not more than one hundred (100) hours.

(h) Storage and sale of spray paint and markers.

(1) Sale to minors prohibited. No person or firm shall sell or cause to be sold to any person under the age of eighteen (18) years, and no person under the age of eighteen (18) years shall buy any aerosol container of spray paint or broad-tipped indelible markers. Evidence that a person, his or her employee, or agent demanded and was shown bona fide evidence of majority and acted upon such evidence in a transaction or sale shall be a defense to any prosecution thereof.

(2) Display or spray paint and markers. Every person who owns, conducts, operates or manages a retail commercial establishment selling aerosol containers of spray paint or broad-tipped indelible markers shall:

(I) Place a sign in clear public view at or near the display of such products stating: “GRAFFITI IS A CRIME. ANY PERSON DEFACING REAL OR PERSONAL PROPERTY NOT HIS OR HER OWN WITH PAINT OR ANY OTHER LIQUID OR DEVICE IS GUILTY OF A CRIME PUNISHABLE BY IMPRISONMENT OF UP TO 60 DAYS AND/OR A FINE UP TO $1,000.00.”

(II) Place a sign in the direct view of such persons responsible for accepting customer payment for aerosol containers of spray paint or broad-tipped indelible markers.

“IT IS A VIOLATION OF THE LAW TO SELL AEROSOL CONTAINERS OF SPRAY PAINT OR BROAD-TIPPED INDELIBLE MARKERS TO PERSONS UNDER 18 YEARS OF AGE PUNISHABLE BY A CIVIL FINE OF $100.00.”

(III) Store or cause such aerosol containers or marker pens to be stored either (a) in the direct line of sight from the cash-register work station or any other work station that is normally continuously occupied while the store is open, or (b) in a place not accessible to the public in the regular course of business without employee assistance, pending legal sale or disposition of such marker pens or paint containers.

(3) Violation of subsection (h)(1) or (2) shall result in a civil penalty of one hundred dollars ($100.00) for a first offense and two hundred dollars ($200.00) for subsequent offenses. When three (3) violations of subsection (h)(1) or (2) occur within any calendar year at a commercial establishment, that establishment shall be subject to an injunction from a court of competent jurisdiction forbidding the sale of aerosol containers of spray paints and broad-tipped indelible markers for a period up to two (2) years. Violation of such injunction shall be punished by a fine of one hundred dollars ($100.00) per day of violation in addition to any other penalties levied by the Court. Failure to make payment of fines will be subject to an injunction from a court of competent jurisdiction forbidding the sale of aerosol containers of spray paints and broad-tip indelible markers until payment of the fine, attorney’s fees and costs.

(i) Anti-graffiti trust fund.

(1) There is hereby created the Miami-Dade County Anti-Graffiti Trust Fund. Civil and criminal penalties assessed against violators of this section shall be placed in the fund. The Board of County Commissioners shall direct the expenditures of monies in the fund. Such expenditures shall be limited to the payment of the cost of removal of graffiti, the payment, at the discretion of the County Manager, or rewards for information leading to the arrest, taking into custody, adjudication, referral to pre-trial programs or conviction for violation of this section or other state laws relating to graffiti, the costs of administering this ordinance, and such other public purposes as may be approved by the Miami-Dade County Commission by resolution.

It shall be unlawful for the parent, legal guardian or other adult person at least twenty-one (21) years of age having the care, custody or control of a juvenile to permit or by insufficient control to permit such juvenile to linger, stay, congregate, move about, wander, or stroll on or upon the public streets, highways, roads, alleys, parks, public buildings, places of amusement and entertainment, vacant lots or any public places in Miami-Dade County during curfew hours, unless the juvenile is accompanied by his or her parent, legal guardian or other adult person at least twenty-one (21) years of age having his or her care, custody or control. Any parent, legal guardian or other adult person at least twenty-one (21) years of age having the care, custody or control of a juvenile who shall have made a missing person notification or informs the police department that the juvenile left or remained away from his or her residence during curfew hours over the objection of the parent, legal guardian or other adult person at least twenty-one (21) years of age having the care, custody or control of the juvenile shall not be considered to have permitted any person to be in violation of this section. It shall also constitute a defense hereto that such parent, legal guardian or other adult person at least twenty-one (21) years of age having the care, custody or control of such juvenile, did not have knowledge of the presence of such juvenile in, or about or upon any place in the county away from the current residence or usual place of abode of said juvenile during curfew hours, if said parent, legal guardian or other person
having care, custody or control of such juvenile, in the exercise of reasonable care and diligence, should not have known of the unlawful acts of such juvenile.

21-208. Responsibility of operators.

It shall be unlawful for any operator, owner or any employee managing or conducting any business or other establishment to knowingly permit a juvenile to linger, stay, congregate, move about, wander or stroll upon the premises of the establishment during curfew hours. It is a defense to prosecution under Section 21-210 of this article that the owner, operator, or employee notified the police department that a juvenile was present on the premises of the establishment during curfew hours and refused to leave after being asked to leave the premises.

21-209. Notice.

Operators are encouraged but not required to conspicuously display in or about the premises of an establishment, a legibly printed notice in English, Spanish and Creole in substantially the following form: “IT IS UNLAWFUL FOR A PERSON UNDER THE AGE OF SEVENTEEN (17) TO REMAIN ON THESE PREMISES BETWEEN THE HOURS OF 11:00 P.M. TO 6:00 A.M. THE FOLLOWING DAY FROM SUNDAY TO THURSDAY AND THE HOURS OF 12:00 MIDNIGHT TO 6:00 A.M. THE FOLLOWING DAY FROM FRIDAY EVENING TO SUNDAY MORNING UNLESS SPECIFICALLY ALLOWED BY LAW.”

21-210. Penalty or remedy for violations.

(a) Any parent, legal guardian or other adult person at least twenty-one (21) years of age having the legal care, custody or control of a juvenile, or operator, owner or any employee managing or conducting any establishment who shall violate the provisions of this article shall receive a written warning on a form to be established by the Miami-Dade Police Department. The third and any subsequent violation of Section 21-207 or Section 21-208 shall result in the issuance of a notice to appear and shall be punished by a fine not to exceed five hundred dollars ($500.00).

(b) Any juvenile violating the provision of Section 21-204 shall be taken into custody and transported immediately to the police station, substation, or other appropriate holding facility in accordance with Chapter 39, Florida Statutes, or to the juvenile’s home. Miami-Dade County and the municipalities may enter into the contracts with the community based organizations, including churches, to operate such holding facilities. After recording pertinent information about the juvenile, the law enforcement agency or holding facility shall, in the event the juvenile is not taken immediately to his or her home, attempt to contact the parent or legal guardian of the juvenile and, if successful, shall request the parent or legal guardian to immediately come to the facility where the juvenile is being held, and upon presenting documents identifying the juvenile and the parent or legal guardian shall release the juvenile to the parent or legal guardian. If after two (2) hours of reaching the holding facility the law enforcement agency or holding facility is unsuccessful in contacting the parent or legal guardian, or if the parent or legal guardian fails or refuses to come to obtain custody of the juvenile, the law enforcement agency or holding facility shall transport the juvenile to his or her current residence. The procedures established for the first violation shall be repeated for the second and any subsequent violation except that commencing with the third and any subsequent violation, a juvenile civil citation may be issued in accordance with the provisions of Section 985.301, Florida Statutes.

(c) When a juvenile is taken into custody as provided in this section the law enforcement agency taking the juvenile into custody shall attempt to telephone a role model from a list supplied by the Miami-Dade County School Board Role Model Program to inform that role model of the name, address and telephone number of the juvenile. A copy of the citation or notice to appear shall be mailed to the role model.

21-211. Enforcement.

Law enforcement officers shall have the right to enforce the provisions of this article against any person found violating the same within their jurisdiction.

ARTICLE XVI
BURGLAR ALARMS

(1) Purpose of regulations. The purpose of this section is to place responsibility on the alarm user to prevent, by use of appropriate mechanical, electrical, or other means, false burglar alarms.

(2) Scope of regulations. This section will apply to unincorporated Miami-Dade County.
(3) Definitions.

(a) Alarm company means any person engaged in selling, leasing, maintaining, servicing, repairing, altering, replacing, moving, installing or monitoring any alarm system or causing any alarm system to be sold, leased, maintained, serviced, repaired, altered, replaced, moved or installed in, or on, any building, structure or facility. An alarm company and/or alarm monitoring company shall be properly licensed in accordance with Chapter 489, Florida Statutes. An alarm company shall have an appropriate occupational license pursuant to state statute, Chapter 489, Part II.

(b) Alarm user means any person or other entity that owns, possesses, controls, occupies, or manages any premises as defined below.

(c) Burglar alarm system means any assembly of equipment, mechanical or electrical, arranged to signal the occurrence of an illegal entry or other activity requiring urgent attention and to which the Police Department may reasonably be expected to respond, but does not include fire alarms or alarms installed in motor vehicles. If a fire alarm system is connected to a burglar alarm system, this section shall not apply to false alarms that the alarm user proves were generated by the fire alarm portion of the system.

(d) False burglar alarm means a signal from a burglar alarm system that elicits a response by the Police when no emergency or actual or threatened criminal activity requiring immediately response exists. This definition includes signals activated by negligence, accident, mechanical failure, and electrical failure; signals activated intentionally in nonemergency situations; and signals for which the actual cause of activation is unknown. It is a rebuttable presumption that a burglar alarm is false if personnel responding from the Police Department do not discover any evidence of unauthorized entry, criminal activity, or other emergency after following normal Police procedures in investigating the incident. An alarm is not false if the alarm user proves that (1) an individual activated the alarm based upon a reasonable belief that an emergency or actual or threatened criminal activity requiring immediate response existed; or (2) the alarm system was activated by lightning or an electrical surge that caused physical damage to the system, as evidenced by the testimony of a licensed alarm system contractor who conducted an on-site inspection and personally observed the damage to the system; or (3) if the user experienced a power outage of four or more hours, causing the alarm to activate upon restoration of power, as evidenced by written documentation provided by Florida Power and Light Company or other applicable provider.

(e) Premises means the building or structure or portion of a building or structure upon which is installed or maintained a burglar alarm system.

(4) Registration of alarm system and fee.

(a) Registration of burglar alarm systems. All burglar alarm systems which operate at locations within the unincorporated area of Miami-Dade County shall be registered with the Miami-Dade Police Department by the user. The user shall complete and submit to the MDPD an initial registration or an annual registration renewal with the appropriate fee. Initial registration shall be necessary to register any system which is not currently registered with the Department or upon a change in the user of an alarm.

(b) Annual registration fee. Effective with registrations for registration periods beginning on or after January 1, 2002, there shall be an annual registration fee of twenty-five dollars ($25.00) for all alarm registrations. Separate alarm systems require separate registrations. The registration period will be for one year. Upon renewal for registration periods beginning on or after January 1, 2003, the fee will be waived if the burglar alarm system has had no false burglar alarms requiring police dispatch during the prior registration period.

(c) Change in registration information. In the event of a change in any of the information required as part of the initial or annual registration, the user shall notify the Miami-Dade Police Department of the change. An updated registration shall be filed within ten (10) days of any change.

(d) Application of funds. Funds collected under this section shall be applied to the operational costs and enforcement of this ordinance, to reduce the number of false alarms received by Miami-Dade County, and to reduce the time spent by Miami-Dade Police handling false alarm calls.

(5) Required equipment in a burglar alarm. A burglar alarm user shall not use a burglar alarm system unless that burglar alarm system is equipped with:

(a) A backup power supply that will become effective in the event of power failure or outage; and
(b) A device that automatically silences the alarm within fifteen (15) minutes after activation.

(6) Alarm Companies Responsibilities.
(a) It shall be the responsibility of any licensed person selling and/or monitoring any alarm system to provide the user with the registration form and the Miami-Dade County Burglar Alarm Ordinance Information form. The registration form provided to the user shall include the said person’s name, address, and State of Florida burglar alarm contractor’s license number as required on the registration form. An alarm company may not charge a customer a fee, other than the required registration fee, to register any alarm system with Miami-Dade County. A copy of the current/valid contractor’s license must be on file with the Miami-Dade County Police Department.

(b) Any person within the unincorporated area of Miami-Dade County which sells burglar alarm systems to a potential user must include a copy of the Miami-Dade Burglar Alarm Ordinance Information form and registration form and with each system sold.

(c) Any person testing and/or working on an alarm system shall promptly cancel any activation so that police will not be dispatched.

(7) Alarm verification calls required. All residential or commercial intrusion/burglar alarms, that have central monitoring, must have a central monitoring verification call made to the premises generating the alarm signal, prior to alarm monitor personnel contacting the Miami-Dade Police Department for dispatch. This does not apply to panic or holdup type alarms. Alarm monitoring companies will make available to the Miami-Dade Police Department upon request, records providing proof that the monitoring company made the verification calls.

(8) Cancelling false burglar alarm calls. Alarm monitoring companies shall notify the Metro-Dade Police Department to cancel and/or cancel panic or holdup type alarms. Use of this line for non-emergency alarm calls is prohibited.

(9) False burglar alarms prohibited. No burglar alarm user shall cause, allow, or permit the burglar alarm system to give four (4) or more false alarms in any registration period.

(10) Penalties.
(a) Each violation of this section shall be punished as follows:
1. For a first violation of Sections 21-276(4) or (5), by a fine of fifty dollars ($50.00).
2. For a second and each additional violation of Sections 21-276(4) or (5), by a fine of one hundred dollars ($100.00).
3. For the fourth false burglar alarm in the user’s registration period, by a fine of fifty dollars ($50.00).
4. For the fifth false burglar alarm in the user’s registration period, by a fine of one hundred dollars ($100.00).
5. For the sixth and each additional false burglar alarm in the user’s registration period, by a fine of two hundred dollars ($200.00).
6. For each violation of Section 21-276(6), (7) or (8), by a fine of one hundred dollars ($100.00).

All citations for violations set forth in this section shall be issued, and may be appealed, in accordance with, and shall be governed by the procedures set forth in Chapter 8CC of the Miami-Dade County Code.

(b) An alarm user shall not be fined more than two hundred dollars ($200.00) for false alarms that occur at the same premises in any twenty-four-hour period.

(c) No penalty specified hereunder shall be imposed or assessed against any entity that qualifies as tax exempt under the provisions of Section 501(c)(3) of the Internal Revenue Code provided that the premises is used exclusively by said entity for such tax exempt purposes.

(11) Notification of false alarms. It is the responsibility of each alarm user to monitor the occurrences of false alarms on its premises. The Metro-Dade Police Department shall notify the alarm user of each false alarm. Such notice shall be provided by posting a notice on the premises; or by mailing notice to the alarm user.

(12) Limitations to Police response.
(a) Police are not required to respond:
1. To burglar alarms at locations where six (6) or more false alarms occurred in the user’s registration period. After sustaining the first Police response termination in a registration period for accruing six (6) false
alarms, the alarm user will sustain subsequent response terminations for every three (3) additional false alarms occurring in the same registration period;

2. To burglar alarms at locations where a burglar alarm fine was not paid within sixty (60) days of a civil violation notice; or

3. To locations where required alarm registration information was not filed within thirty (30) days of a civil violation notice for failure to file alarm information.

(b) Nothing herein shall:

1. Preclude the Police Department from responding to panic or all-bush alarm signals, calls describing emergencies or crimes in progress, or routine calls for service;

2. Limit the Police Department from issuing civil violation notices for alarms in violation of this ordinance; or

3. Be construed to create a duty to respond in any circumstances where such a duty does not exist pursuant to the statutory or common law of Florida.

(c) A notice that Police response will be discontinued, for any of the above reasons, will accompany a civil violation notice, be posted at the affected location, or be sent to the user by certified mail at least thirty (30) days prior to discontinuing service.

(d) Police response will continue while an appeal is pending under Chapter 8CC of the Code of Miami-Dade County, for a civil violation notice issued for violation of Section 21-276

(13) Restoring Police response to terminated locations. To regain Police response to burglar alarms at terminated locations, the alarm user must:

(a) When Police response has been discontinued pursuant to Section 21-276(10)(a)1., submit a written report from a licensed burglar alarm company certifying that the system has been inspected, repaired if required, and that it is functioning properly. In addition, the alarm user must pay all outstanding burglar alarm ordinance fines;

(b) When Police response has been discontinued pursuant to Section 21-276(12)a.2., submit burglar alarm registration information and pay all outstanding burglar alarm ordinance fines.

(14) Enforcement. In addition to all remedies otherwise available, this section shall be enforced by the code enforcement provisions of Chapter 8CC of the Code of Miami-Dade County.

ARTICLE XVII

THE LAUREN BOOK CHILD SAFETY ORDINANCE

21-277. Title.

Article XVII shall be known and may be cited as “The Lauren Book Child Safety Ordinance.”

21-278. Findings and Intent.

(a) Repeat sexual offenders, sexual offenders who use physical violence and sexual offenders who prey on children are sexual predators who present an extreme threat to the public safety. Sexual offenders are extremely likely to use physical violence and to repeat their offenses. Most sexual offenders commit many offenses, have many more victims than are ever reported, and are prosecuted for only a fraction of their crimes. This makes the cost of sexual offender victimization to society at large, while incalculable, clearly exorbitant.

(b) The intent of this article is to serve the County’s compelling interest to promote, protect and improve the health, safety and welfare of the citizens of the County, particularly children, by prohibiting sexual offenders and sexual predators from establishing temporary or permanent residence in certain areas where children are known to regularly congregate, to prohibit renting or leasing certain property to sexual offenders or sexual predators if such property is located where children are known to regularly congregate and to restrict sexual offenders’ and sexual predators’ access to parks and child care facilities.

21-279. Applicability.

(a) This article shall be applicable to the incorporated and unincorporated areas of Miami-Dade County.

(b) This article shall be applicable in all municipalities in Miami-Dade County on the effective date of this ordinance. All municipal ordinances in Miami-Dade County establishing sexual offender or predator residency restrictions are hereby preempted and shall stand repealed.

The following terms and phrases when used in this article shall have the meanings ascribed to them in this section unless the context otherwise requires:

(1) “Child” or “children” means any person(s) less than sixteen (16) years of age.

(2) “Child care facility” means day nurseries, and family day care homes, licensed by
the Department of Children and Families, and as defined in Section 33-151.11 of the Code.

(3) “Child safety zone” means an area three hundred (300) feet extending from schools, child care facilities, parks, and school bus stops measured in a manner similar to the measurement of the residency restriction area provided in this ordinance.

(4) “Convicted” or “conviction” means a determination of guilt which is the result of a trial or the entry of a plea of guilty or nolo contendere, regardless of whether adjudication is withheld. A conviction for a similar offense includes, but is not limited to: a conviction by a federal or military tribunal, including courts-martial conducted by the Armed Forces of the United States, and includes a conviction or entry of a plea of guilty or nolo contendere resulting in a sanction in any state of the United States or other jurisdiction. A sanction includes, but is not limited to, a fine, probation, community control, parole, conditional release, control release, or incarceration in a state prison, federal prison, private correctional facility, or local detention facility.

(5) “Legal guardian” or “guardian” shall mean biological or adoptive parent of a child registered at a child care facility or a person who is responsible for the care and maintenance of said child pursuant to Florida Statutes or similar laws of another jurisdiction.

(6) “Park” means a County or municipal park excluding a park that includes a shooting range.

(7) “Permanent residence” means a place where a person abides, lodges, or resides for fourteen (14) or more consecutive days.

(8) “Reside” or “residence” means to have a place of permanent residence or temporary residence.

(9) “School” means a public or private kindergarten, elementary, middle or secondary (high) school.

(10) “Sexual offender” shall have the meaning ascribed to such term in Section 943.0435, Florida Statutes.

(11) “Sexual offense” means a conviction under Section 794.011, 800.04, 827.071, 847.0135(5) or 847.0145, Florida Statutes, or a similar law of another jurisdiction in which the victim or apparent victim of the sexual offense was less than sixteen (16) years of age, excluding Section 794.011(10), Florida Statutes.

(12) “Sexual predator” shall have the meaning ascribed to such term in Section 775.21, Florida Statutes.

(13) “Temporary residence” means a place where the person abides, lodges, or resides for a period of fourteen (14) or more days in the aggregate during any calendar year and which is not the person’s permanent address, or a place where the person routinely abides, lodges, or resides for a period of four (4) or more consecutive or nonconsecutive days in any month and which is not the person’s permanent residence.

21-282. Sexual Offender and Sexual Predator Residence Prohibition; Penalties.

(a) It is unlawful for any person who has been convicted of a violation of Section 794.011 (sexual battery), 800.04 (lewd and lascivious acts on/in presence of persons under age 16), 827.071 (sexual performance by a child), 847.0135(5) (sexual acts transmitted over computer) or 847.0145 (selling or buying of minors for portrayal in sexually explicit conduct), Florida Statutes, or a similar law of another jurisdiction, in which the victim or apparent victim of the offense was less than sixteen (16) years of age, to reside within 2,500 feet of any school.

(b) The 2,500-foot distance shall be measured in a straight line from the outer boundary of the real property that comprises a sexual offender’s or sexual predator’s residence to the nearest boundary line of the real property that comprises a school. The distance may not be measured by a pedestrian route or automobile route, but instead as the shortest straight line distance between the two points.

(c) Penalties. A person who violates section 21-281(a) herein shall be punished by a fine not to exceed $1,000.00 or imprisonment in the County jail for not more than 364 days or by both such fine and imprisonment.

21-282. Exceptions.

(1) A sexual offender or sexual predator residing within 2,500 feet of any school does not commit a violation of this section if any of the following apply:

(a) The sexual offender or sexual predator established a residence prior to the effective date of this ordinance. The sexual offender or sexual predator shall not be deemed to have established a residence or registered said residence for purposes of this section, if the residence is an illegal multifamily apartment unit within a neighborhood zoned for single-family residential use.

(b) The sexual offender or sexual predator was a minor when he or she committed the
sexual offense and was not convicted as an adult.

(c) The school was opened after the sexual offender or sexual predator established the residence.

(2) Section 21-282(1)(a) and (1)(c) herein shall not apply to a sexual offender or sexual predator who is convicted of a subsequent sexual offense as an adult after residing at a registered residence within 2,500 feet of a school.

(a) It is unlawful to let or rent any place, structure, or part thereof, trailer or other conveyance, with knowledge that it will be used as a permanent or temporary residence by any person prohibited from establishing such permanent or temporary residence pursuant to this Article of the Code, if such place, structure, or part thereof, trailer or other conveyance, is located within 2,500 feet of a school. Knowingly renting to a sexual offender or predator shall include, but shall not be limited to, renting or leasing a residence after being notified that the prospective renter, lessee or adult resident is a sexual offender or predator as defined in this ordinance.

(b) Prior to letting, renting or leasing any place, structure, or part thereof, trailer or other conveyance for use as a permanent or temporary residence that is located within 2,500 feet of a school, and annually thereafter if a rental agreement is entered into, the owner or lessor shall obtain confirmation of a nationwide search from the Miami-Dade County Police Department or other law enforcement agency that the prospective renter, lessee or adult resident is not a registered sexual offender or sexual predator as a result of a conviction of a sexual offense as defined in section 21-283 herein. A person may call the Miami-Dade County Answer Center (311) to obtain assistance or referrals to determine whether a prospective renter, lessee or adult resident is a sexual offender or predator and to determine whether a residence is 2,500 feet, from a particular school.

(c) Penalties.

(1) A person who violates section 21-283(a) herein shall be punished by a fine not to exceed $500.00 or imprisonment in the County jail for not more than 60 days, or both such fine and imprisonment. A person who is convicted of a second or subsequent violation of section 21-283(a) herein shall be punished by a fine not to exceed $1,000.00 or imprisonment in the County jail for not more than 364 days, or by both such fine and imprisonment.

(2) A person who violates section 21-283(b) herein shall be punished by a civil penalty of five hundred dollars ($500.00) in the manner established by Chapter 8CC of this Code. Each day of violation or noncompliance shall constitute a separate offense.

21-284. Sexual Offender and Sexual Predator Access to Parks and Child Care Facilities Restricted; Penalties.

(a) It is unlawful for a sexual offender or sexual predator convicted of a sexual offense, as defined in section 21-280, to knowingly be present in a County or municipal park, when a child under the age of sixteen (16) years is present, unless the sexual offender or sexual predator is the parent or legal guardian of a child present in the park.

(b) Signage at the entrance of County and municipal parks shall include notification that a person convicted of a sexual offense, as defined in section 21-280 herein, shall not be present in a park when a child under the age of sixteen (16) years is present, unless the sexual offender or sexual predator is the parent or guardian of a child present in the park.

(c) It is unlawful for a sexual offender or sexual predator convicted of a sexual offense, as defined in section 21-280, to knowingly enter or remain in a child care facility (“facility”) or on its premises unless the sexual offender or sexual predator:

(1) Is dropping off or picking up a child registered at the facility and is the parent or legal guardian of said child; and

(2) Remains under the supervision of a facility supervisor or his or her designee while on the facility premises.

(d) Penalties. A person who violates section 21-284(a) or (c) herein shall be punished by a fine not to exceed $500.00 or imprisonment in the County jail for not more than 60 days, or by both such fine and imprisonment. A person who is convicted of a second or subsequent violation of section 21-284(a) or (c) herein shall be punished by a fine not to exceed $1,000.00 or imprisonment in the County jail for not more than 364 days, or by both such fine and imprisonment.

21-285. Loitering or prowling in child safety zone; penalties.

(a) It is unlawful for any sexual offender or sexual predator:

(1) To loiter or prowl with the intent to commit a sexual offense as listed in Section 21-280 of this article;
(2) While knowingly within a child safety zone when children are present; and
(3) To engage in overt conduct that, under the circumstances, manifests an intent to commit a sexual offense as listed in Section 21-280 of this article.

(b) Conduct which may, under the circumstances, be deemed adequate to manifest an intent to commit a sexual offense as listed in Section 21-280 of this article includes, but is not limited to, conduct such as the following:

(1) Making sexual conversation or sexual remarks to a child;
(2) Making lewd or sexual gestures to a child, or exposing sexual organs to a child;
(3) Giving gifts of candy, money, music, or other items to a child to which he or she is not related or acquainted.

(c) Unless flight by the sexual offender or sexual predator or other circumstance makes it impracticable, a law enforcement officer shall, prior to any arrest for an offense under this section, afford the sexual offender or predator an opportunity to explain his or her presence and conduct. No sexual offender or predator shall be convicted of an offense under this section if the law enforcement officer did not comply with this procedure or if it is proven at trial that the explanation given by the sexual offender or predator is true, and that the sexual offender or predator had no intent to commit a sexual offense.

(d) As used in this section a sexual offender or predator is related to a child if he or she is the father, mother, step-father, step-mother, grandparent, sibling, cousin, aunt, uncle or resides with the child. As used in this section a sexual offender or predator is acquainted with a child if he or she has been introduced to the child in the presence of an adult with legal authority to supervise the child.

   (c) Motor vehicle windows and mirrors:
      (1) Every motor vehicle operating on the AOA shall be equipped with at least one mirror, so adjusted that the operator of such vehicle shall have a clear view of the road behind for a distance of at least two hundred (200) feet. Exceptions to this requirement are to be requested through the Director, and if justified, authorization will be granted on an individual basis.
      (2) The windshields and other windows of a motor vehicle operating on the AOA shall be free of cracks, blisters, discoloration or any other defect causing distortion or obstruction of the vision of the operator thereof.

   (a) No person shall operate a tug, trailer, or other motor vehicle, on the AOA, towing a train of baggage or cargo carts in excess of five (5) carts or sixty (60) feet long, unless specifically authorized in writing by the Department.
   (b) No person shall operate a baggage cart, container dolly, semi-trailer or any other type of trailer on the AOA unless it is
equipped with proper brakes so that when disengaged from a towing vehicle, propeller slipstreams, jet blasts, or wind will not cause it to come free-rolling.

(c) No person shall tow any equipment unless such equipment has engaged positive locking couplings.

(d) No person shall store any tugs, cargo and baggage carts on the AOA, when not in use, except in storage areas designated by the Department. (Ord. No. 75-113, § 2, 12-2-75; Ord. No. 95-41, § 122, 3-7-95)

(3) Then return to and remain at the scene of the accident until he has fulfilled the requirements of subsection 25-9.19(b). The vehicle shall be stopped and parked during these events so as to minimize any obstructions to aircraft and other vehicles.

(b) Any person operating a motor vehicle on the AOA which is involved in an accident, as defined in subsection 25-9.19(a) and the owner of such vehicle, if other than the operator thereof, shall make a full report of such accident to the Metro Dade Police Department, and to an authorized representative of the Department as soon after the accident as possible, including the names and addresses of the individuals involved, the registration and license number of the vehicle or vehicles involved, and such other information relevant to the accident on request of any law enforcement officer investigating the same; and the operator of any such motor vehicle involved in such accident shall, upon request, exhibit such licenses, registration or other documents relevant to such accident or the persons or property involved to any law enforcement officer investigating the same.

(c) In the event a law enforcement officer investigating an accident pursuant to subsection 25-9.19(b) has reason to believe that a mechanical failure in a vehicle or equipment involved in accident was or may have contributed to the cause of such accident, said law enforcement officer may impound such vehicle or equipment until such time that a mechanical failure can be ruled out as causing or contributing to the cause of the accident. (Ord. No. 75-113, § 2, 12-2-75; Ord. No. 95-41, §§ 125, 126, 3-7-95)

(f) Persons landing an aircraft at the Airport shall make the landing runway available to other aircraft by leaving the runway as promptly as possible.

(g) No person shall take-off or land an “engine-out” ferry flight (e.g., three-engine operation of four-engine aircraft) at Miami International Airport, except under the following conditions:

(1) When conducted by Federal Aviation Regulations Part 121 operator, in strict compliance with its FAA approved maintenance program; or
(2) When authorized by a written FAA permit, and, under either condition,
(3) In accordance with established Airport Operational Directives.

(h) Any person operating or controlling an aircraft landing at or taking-off from the Airport shall ensure the aircraft meets applicable federal noise emission standards and maintains engine noise within applicable aircraft engine noise limits as promulgated by the federal government, the State of Florida or Dade County. Aircraft pilots shall utilize thrust and flap management techniques consistent with industry noise abatement guidelines and FAA air traffic control instructions and are encouraged to follow noise abatement programs described in Operational Directives and Bulletins issued by the Department. (Ord. No. 75-113, § 2, 12-2-75; Ord. No. 95-41, § 140, 3-7-95)

25-10.14 *Taxiing.*

(a) No person shall taxi an aircraft until he has ascertained that there is no danger of collision with any person or object in the
immediate area by visual inspection of the area, and when available, through information furnished by attendants.

(b) No person shall taxi an aircraft except at a safe and reasonable speed.

(c) No person shall taxi an aircraft onto or across any active runway or taxiway until cleared to do so by the control tower, or where such clearance authorization is not managed by the control tower, until ascertaining that said taxiway or runway is clear of other traffic.

(d) No person shall taxi an aircraft near buildings, parked aircraft, or ground equipment, unless an attendant is present on the ground to assist the operator thereof.

(e) No person shall taxi an aircraft other than in accordance with the taxiing patterns and procedures prescribed for the particular runway to be used or, where applicable, in accordance with the instructions of the control tower.

(f) No person shall push, tow, or back an aircraft away from a designated parking position, in the terminal area or on the apron without assuring that conditions are safe to do so, and in accordance with Operational Directives.

(g) No person shall engage in a power-back an aircraft on any Terminal apron or Terminal aircraft parking position, except at Department approved power-back parking positions, without advance written permission from the Department for such power-back operations and clearance from the FAA control tower for each power-back movement. Except as specifically authorized by the Department, for each power-back movement, the operator of the aircraft shall provide or arrange for the provision of (1) guide persons or wing walkers for each wing, so positioned that vehicles on any adjoining vehicular route will be instructed to stop before the power-back movement commences, and (2) an additional guide person must also be so provided in proper position to provide signals to the aircraft operator to assure safe power-back conditions throughout the movement. (Ord. No. 75-113, § 2, 12-2-75; Ord. No. 95-41, §§ 141, 142, 3-7-95)

25-10.15 Airport marking and lighting.

No person shall take-off from, land, park or maneuver an aircraft at the Airport, without complying with all Airport lighting and pavement marking signals and designations, unless the Department or the Federal Aviation Administration has waived such compliance. (Ord. No. 75-113, § 2, 12-2-75; Ord. No. 95-41, § 143, 3-7-95)

25-10.16 Motorless aircraft. No person shall land at or take-off from Miami International Airport in a motorless aircraft. No person shall land or take-off from any other Airport in a motorless aircraft except as provided by Operational Directive and, where applicable, clearance from the Airport control tower. (Ord. No. 75-113, § 2, 12-2-75; Ord. No. 95-41, § 144, 3-7-95)

25-10.17 Airport operational restrictions. Unless contrary to Federal Aviation Regulations, the Department shall have the authority to designate or restrict the use of Airports or runways at an Airport with respect to but not limited to, the following types of operations:

(a) Student pilot training.
(b) Training flights.
(c) Experimental flights.
(d) Equipment demonstration.
(e) Air shows.
(f) Maintenance flight checks.
(g) Ultralight aircraft flights.
(h) Parachuting activities.
(i) Towing, pick up or release of any banner.
(j) Hot air balloons.

Such designations or restrictions shall be established through the issuance by the Department of appropriate Operational Directives. (Ord. No. 75-113, § 2, 12-2-75; Ord. No. 95-41, § 145, 3-7-95)

25-10.18 Aircraft parking.

(a) No person shall park an aircraft at a parking position on the terminal apron, other than pursuant to and for purposes authorized by Operational Directives issued by the Department.

(b) No person shall park an aircraft at a gate position at the Miami International Airport Terminal without having received prior assignment to such gate position from the Department. However, such assignment is not required if said aircraft to be parked is being directly operated by an Airport user which has been given authorization by the Department to assign its aircraft to the gate position involved.

(c) When an aircraft parking position on the Terminal apron is not needed for other aircraft, an aircraft operator may, following assignment of that gate, park at such gate position according to the time and rate schedule established by the Board, or by the Department, if duly authorized by the Board.

(d) When an aircraft parking position on the Terminal apron is needed for other aircraft, an aircraft operator to whom such gate position is assigned shall park at such gate
position no longer than the maximum allowable turn-around time according to aircraft type as established by the Department or as otherwise permitted by lease. Failure of the aircraft operator to remove the aircraft from the gate position within the allotted maximum time shall subject the aircraft operator, in addition to any other penalties prescribed by these rules and regulations, to a charge in accordance with the time and rate schedule established by the Board, or by the Department if duly authorized by the Board, and, if the Department deems it necessary for the efficient operation of the Airport, removal of the aircraft from the gate position at the owner’s or operator’s risk and expense.

(e) No person shall park an aircraft at the Terminal, or on an apron area, whether leased or not, including designated taxilanes, other than at such positions and in such configurations as may be established by the Department.

(f) No person shall use any area of an Airport, including designated taxiways and taxilanes, other than Department designated public aircraft parking and storage areas, for parking and storage of aircraft, except as otherwise specifically authorized by lease, permit or Operational Directive. Notwithstanding the provisions of any lease or permit to the contrary, if any person uses unauthorized areas, including designated taxiways and taxilanes, without the prior, specific approval of the Department, and the payment of applicable rentals or aircraft parking charges, for aircraft parking or storage, the aircraft so parked or stored may be removed by the Department at the risk and expense of the owner or operator thereof. (Ord. No. 75-113, § 2, 12-2-75; Ord. No. 95-41, § 146, 3-7-95)

25-10.19 Radio ground control. The operator of an aircraft taxing or being towed at an Airport having a control tower shall monitor the ground control frequency being used by the control tower and shall remain in direct communication with the control tower at all times when so operating anywhere on the AOA. In addition, all persons taxing or towing an aircraft at Miami International Airport, other than pilots licensed to operate the particular aircraft being taxied, must be certified as having successfully completed the “movement area driver’s training program” given by the Department. (Ord. No. 75-113, § 2, 12-2-75; Ord. No. 95-41, § 147, 3-7-95)

25-10.20 Propeller slipstream and jet blast. No person shall position, start or taxi an aircraft in such a manner that propeller slipstream or jet blast could cause injury to persons or damage to property on the Airport or adjacent to the Airport, or contrary to Operational Directives. (Ord. No. 75-113, § 2, 12-2-75; Ord. No. 95-41, § 148, 3-7-95)

25-10.21 Starting and running aircraft engines.

(a) No person shall start engines or operate an aircraft unless he is a qualified licensed pilot or mechanic.

(b) Blocks or chocks shall be placed in front of the wheels before starting the aircraft engine or engines, unless the aircraft is provided with adequate parking brakes and the same are in applied position.

(c) (1) An “aircraft engine run-up” is defined as the operation of the engines on an aircraft for any purpose other than for proceeding expeditiously to and from an Airport runway system for takeoff, or for landing or taxiing to and from an approved run-up location. Aircraft engine run-ups include, but are not limited to, engine trim checks, oil pressure checks, propeller checks, various diagnostic tests and aircraft engine idle thrust runs. This definition of aircraft engine run-ups specifically excludes reciprocating engine run-ups performed as part of pre-takeoff procedures, such as magnocheck checks, conducted on a runway run-up pad, and all engine operations in approved test cells. The term “idle thrust” means the minimum power setting on an engine required to maintain constant, stable engine power output. An “aircraft engine idle thrust run” is defined as the idle thrust operation of an aircraft engine for any purpose other than proceeding expeditiously to and from an Airport runway system for takeoff or for taxiing to an approved run-up location.

(2) Miami International Airport nighttime aircraft engine run-ups, as defined in (1) above, are prohibited commencing at 11:00 p.m. every night through 7:00 a.m. on Mondays through Fridays and through 10:00 a.m. on Saturdays and Sundays, unless a specific exemption has been granted by the Department. Exemptions will be granted subject to the following:

(i) All requests for exemption must be made by letter, telephone or radio, at the office designated by the Department, at least one hour prior to the time the run-up is requested. The person requesting the exemption must provide the following information:

Name, title and telephone number of requesting individual...
Name of airline and/or owner or other party having custody and control of aircraft
Aircraft registration
Aircraft type
The mechanical and/or operational reason why the run-up is required
The scheduled departure time and flight number of the aircraft
The expected duration of the run-up

(ii) Exemptions will only be granted for aircraft scheduled to depart the airport during the same prohibition period in which the requested run-up is to occur or within one hour after expiration of such prohibition period and the requesting party provides information, acceptable to the Department, as to why the run-up can not be performed prior to or after the prohibition period for which the exemption is sought.

(iii) All aircraft engine run-ups during the prohibition period, under exemptions granted by the Department, shall be conducted only at the airport’s midfield blast fence, unless the aircraft owner or other party in custody and control of the aircraft can demonstrate to the satisfaction of the Department that use of another location will result in less noise and/or air pollution. In the event the midfield blast fence is out of service, the Department shall designate an alternative acceptable location.

(iv) All aircraft engine run-ups during the prohibition period, under exemptions granted by the Department, shall be limited to a maximum period of fifteen (15) minutes, of which the run-up at maximum engine power shall be limited to no more than one minute.

(v) All aircraft engine run-ups during hours not included in the prohibition period shall be conducted only at the midfield blast fence or at other locations which have been authorized for such use by the Department.

(vi) All aircraft engine idle thrust runs during the prohibition period, under exemptions granted by the Department, shall be conducted only at aircraft parking positions in the terminal apron area, or at locations designated by aircraft power-on markers, or at other locations approved by the Department.

(vii) All aircraft thrust runs during the prohibition period, under exemptions granted by the Department, shall be conducted with only a single engine operating, unless multi-engine operation is required for aircraft maintenance purposes and is approved in advance by the Department.

(3) No person shall perform aircraft engine run-ups, at any County general aviation airport, other than in places on such general aviation airport and at such times as may be established from time to time in Operational Directives issued by the Department.

(4) The restrictions hereunder shall not apply to any normal pre-takeoff aircraft engine run-ups performed on a run-way run-up pad if the aircraft is departing the airport.

(5) Notwithstanding the provisions of Section 25-1.7, for the first violation of this Section 25-10.21(c) the operator shall be given a written warning and the person having custody and control of the aircraft at the time of the violation shall be punished by a fine of two hundred fifty dollars ($250.00). For each subsequent violation of this Section 25-10.21(c) by an operator, the provisions of Section 15-1.7 shall apply. In the event that a person having custody and control of an aircraft commits a second violation of this Section 25-10.21(c) within a three (3) month period, said person shall be punished by a fine of five hundred dollars ($500.00). In the event that such a person commits a third violation of this Section 25-10.21(c), within a twelve-month period, in addition to a punishment by fine of five hundred dollars ($500.00), such violation shall also constitute a material breach of the lease agreement or other written agreement by which the person is permitted to use the airport, and shall, therefore, entitle the county to terminate such agreement. Upon conviction of the person for such third violation, the Director shall direct, to the extent such action is permitted by the agreements, that such agreements be terminated and shall effect the removal or eviction of the person from the airport facilities.

(d) Noise emanating from aircraft engines during ground operations shall be maintained within the then applicable aircraft engine noise limits as promulgated by the Federal government, the State of Florida, or Dade County, whichever be the most restrictive.

(e) Aircraft shall be parked so that fumes, prop wash and jet blast are not directly blown into non-enclosed passenger holding or loading and baggage make-up areas at the Terminal. (Ord. No. 75-113, § 2, 12-2-75; Ord. No. 91-134, § 1, 11-5-91; Ord. No. 95-41, § 149, 3-7-95)

25-10.22 Aircraft lights. No person shall park an aircraft at a terminal parking position, or such other areas that may be established by the Department at the airport, during periods of low visibility or between the hours of sunset and sunrise, unless the wing-
tip lights or other suitable warning lights for such aircraft are kept lighted while the aircraft is so parked, or apron lighting is such that all portions of the aircraft are clearly visible. (Ord. No. 75-113, § 2, 12-2-75)

25-10.23 Interference with aircraft operations.

(a) No person shall, while on the Airport, disturb, interrupt or otherwise interfere with:

(1) The enplanement or deplanement of aircraft passengers;

(2) The departure or arrival of any aircraft, other than as permitted in Section 25-10.3; or

(3) Any member of a flight crew in the performance of his duties.

(b) The refusal of any person to comply with the request of any member of the flight crew to observe and obey regulations of the Federal Aviation Administration relating to the safety of passengers or aircraft shall constitute disturbance, interruption or interference with a member of a flight crew in the performance of his duties.

(c) No person shall, while aboard an aircraft on the Airport as a passenger, refuse to leave such aircraft upon the request of an agent or representative of the air carrier whose aircraft the person is aboard, when that person has committed an act which is a breach of his contract of carriage under the terms and conditions set out in the air carrier's tariffs. Such acts shall include, but shall not be limited to, violations of the Federal Aviation Regulations concerning fastenings of seat belts, observance of no smoking signs, placement of luggage, consumption of alcoholic beverages, intoxication, and obstruction of aisles and exits.

(d) No person shall, while aboard an aircraft on the Airport as a passenger, refuse to leave such aircraft upon the request of an agent or representative of the owner or operator thereof, when such person has committed an act aboard the aircraft which is an assault, a breach of the peace, an act of intimidation, or a threat against any other person.

(e) No person shall, while aboard an aircraft on the Airport, assault, intimidate or threaten any other person, or commit any act which is a breach of the peace. (Ord. No. 75-113, § 2, 12-2-75; Ord. No. 95-41, § 150, 3-7-95)

25-10.24 Non-Operating Aircraft.

(a) Because the Board has found and determined that Non-Operating aircraft and component parts pose a danger to the life and safety of users of the Airport and their property, as a result of the possibility of the aircraft and components (1) being blown about in storms, (2) becoming fire hazards, (3) being subjected to vandalism, and (4) interfering with orderly and rapid emergency response efforts of firefighters, police, and ambulance services, no person shall park or store any Non-Operating aircraft on Airport property, including leased premises, for a period in excess of sixty (60) days, without written authorization from the Department.

(b) No person shall store or retain aircraft parts or components being held as inventory anywhere on the Airport, other than in an enclosed, authorized facility, or in a manner approved by the Department, in writing.

(c) Whenever any aircraft is parked, stored, or left in Non-Operating condition on the Airport in violation of the provisions of subsections 25-10.24(a), the Department shall follow the procedures required by law to notify the owner or operator thereof and require removal of said aircraft within fifteen (15) days of receipt of such notice, or if the owner or operator be unknown or cannot be found, the Department shall conspicuously post and affix a notice to the said aircraft, requiring removal of said aircraft within fifteen (15) days from date of posting. Upon the failure of the owner or operator of said aircraft to remove said aircraft within the period provided and unless the Department is required to follow Section 25-10.24(d), the Department shall cause the removal of such aircraft from the Airport. All costs incurred by the Department in the removal of any Non-Operating aircraft as set forth herein shall be recoverable against the owner or operator thereof.

(d) Where any federal or Florida law imposes on the County a specific requirement of notice for the removal of Non-Operating aircraft, such law shall prevail and shall be followed by the Department.

(e) To the extent required by state or federal law, the Department shall submit a proposed removal of aircraft under this section to a pre-taking hearing before a court of competent jurisdiction.

(f) If any registered owner fails or refuses to respond to notices sent under this section or under federal or Florida law, the Department shall be entitled thereafter to proceed as if the aircraft had no identifiable owner and may effect the removal of the aircraft without a pre-taking hearing.

(g) The Department may, but is not obligated to, resort to the administrative hearing provisions of Chapter 8CC of the Code to ef-
flect the removal of such aircraft. If required by federal or state law, the Department shall obtain from a court of competent jurisdiction an order of taking of such non-flyable or derelict aircraft. (Ord. No. 75-113, § 2, 12-2-75; Ord. No. 95-41, § 151, 3-7-95)

25-10.25 Prohibition on removal of liened aircraft. No person shall move or remove any aircraft from any Airport, or parts from such aircraft when an official notice of lien has been posted upon such aircraft by the Department. (Ord. No. 95-41, § 152, 3-7-95)

25-10.26 Waiver by Aviation Director for Governmental Operations. Notwithstanding any provision, requirement or prohibition stated in Chapter 25, the Aviation Director or his designee shall have the authority to waive any such provision, requirement or prohibition therein in order for any military branch operating on any County owned or operated airport to operate thereon in accordance with governmental requirements applicable to such operations. (Ord. No. 95-191, § 1, 10-17-95)

Nothing in this section shall be construed to treat a felony conviction or a finding of guilt of a Grandfathered Applicant occurring subsequent to the effective date of this ordinance any differently than such a conviction or finding of guilt would be treated for an applicant under section (f).

(h) Any applicant denied an identification card based on subsections (f) or (g) above may appeal the decision to an appeals committee. The appeals committee shall consist of five members, a member of the Miami-Dade Police Chiefs’ Association, excluding the Director of the Miami-Dade Police Department, on a rotating basis, each member to serve for a period of one (1) year, the Special Agent in charge of the U.S. Customs Service in Miami or a designee, a representative of the employee’s employer or, at the employer’s option, the association representing the employer, the Port Director or his or her designee, and a union, labor, or employee representative. The appeals committee shall determine whether the employee shall be issued an identification card based on procedures issued by the County Manager in an administrative order.

(i) The Director shall issue said identification card after the applicant has met the requirements of Section 28A-5 and, if applicable, the appeals committee has determined the applicant shall be issued an identification card. The identification card shall be valid for one (1) year from the date of issuance, unless sooner canceled or surrendered. Failure to report such changes within the time provided or the making of a false statement in any change in information submitted shall constitute grounds for suspending the use of the card; false statements or material omissions in the change information shall be a violation of Chapter 28A. The Director or his designee may suspend or revoke the use of the card based on any felony arrest, conviction, finding of guilt or other just cause, and may reinstate the use of the card when, in his discretion, circumstances warrant, provided, however, that such power to suspend, revoke or reinstate may not be exercised in conflict with a decision of the appeals committee as set forth in Section 28A-5.3(h). Any person whose identification card has been suspended or revoked may appeal the decision to the appeals committee set forth in Section 28A-5.3(h). (Ord. No. 78-65, § 1, 10-4-78; Ord. No. 97-161, § 1, 9-23-97; Ord. No. 98-78, § 3, 6-2-98)

Such retention shall constitute a violation of Chapter 28A of the Code of Miami-Dade County.

(d) No person shall forge, counterfeit, alter, erase, obliterate or transfer any identification card, permit, pass, lease, record, form, badge or other instrument or document issued or maintained by the County Manager or Director, pursuant to Chapter 28A. If so affiliated, the application must be accompanied by a written list of such affiliations and the names and addresses of persons or members of any such corporation, partnership, joint venture, association, firm, business trust, or syndicate. The name and address of each person holding a controlling financial interest in the corporation, partnership, joint venture, association, firm, business trust, or syndicate, according to the definition of “controlling financial interest” contained in Section 2-11.1(b)(8), Code of Metropolitan Miami-Dade County, shall be provided by the applicant.

The Director shall forward it to the Miami-Dade Police Department for the purpose of conducting a criminal background check. Following processing, the Miami-Dade Police Department shall return it to the Director with a memorandum indicating either that the applicant has passed or failed the criminal background check. The Port Director, in making his determination as to the issuance or denial of the permit, shall, in addition to the criteria set forth in subsection (c) below, make findings as to the need or lack of need for such permit.

(c) The County Manager and the Seaport Director shall, after examination, issue stevedore licenses and permits, respectively, to competent and trustworthy persons in such numbers as they deem necessary for the efficient operation of the county waterfront and Port of Miami facilities. The criteria for issuance shall, in the case of a permit in addition to the needs determination contained in subsection (b) above, include, but shall not be limited to, the following:

28A-6.5. Denial of County stevedore license or Port of Miami permit.

(a) A County stevedore license or Port of Miami permit shall be denied to any person or entity required to submit an application in Section 28A-6.3 if the person or entity, or any officer, member, or shareholder of greater than a twenty (20) percent share thereof; (i) has been convicted of a felony within the last ten (10) years or (ii) has had a finding of guilt entered against him, her or it on a felony enumerated in subsection (i); except in the case of a Grandfathered Applicant, which shall be governed by subsection (b) below.

(b) A County stevedore license or Port of Miami permit shall be denied to any Grandfathered Applicant required to submit an application in Section 28A-6.3 if the person or entity, or any officer, member, or shareholder of greater than a twenty (20) percent share thereof; (i) has been convicted of a felony within the last ten (10) years or (ii) has had a finding of guilt entered against him, her or it on a felony enumerated in subsection (i); provided, however, that any felony falling within one of the following two categories shall not be considered:

(A) Any felony conviction or finding of guilt more than five (5) years prior to the effective date of the ordinance from which this section derives; and

(B) Any felony conviction or finding of guilt less than five (5) years prior to the effective date of the ordinance from which this section derives other than cargo theft; smuggling; possession with intent to sell or distribute, sale, or trafficking of narcotics or other controlled substance; any violent crime committed with a weapon; fraud, misrepresentation, embezzlement, bribery, forgery, false pretenses or any other felony under Chapters 812, 817, 837, or 838, Florida Statutes, or their federal counterparts.

A “Grandfathered Applicant” for purposes of this subsection and subsection (a) above means a person or firm working on the Seaport as of the effective date of the ordinance from which this section derives or who, prior to the effective date of the ordinance from which this section derives, worked on the Seaport. Nothing in this section shall be construed to treat a felony conviction or a finding of guilt of a Grandfathered Applicant occurring subsequent to the effective date of the ordinance from which this section derives any differently than such a conviction or finding of guilt would be treated for an applicant under section (a).

(c) Any applicant for a County stevedore license or Port of Miami permit denied a license or permit based on subsections (a) or (b) above may appeal the decision to the appeals committee set forth in Section 28A-5.3(h). The Director shall issue a license or permit if the applicant otherwise qualifies and the appeals committee has determined the applicant shall be issued a license or permit. Alternatively, if the appeals committee determines that the applicant shall be denied a license or permit, the Director shall issue the applicant a letter so stating. In either event, the applicant or the Director, as the case may be, shall have available the review procedures of Section 28A-7. (Ord. No. 78-65, § 1, 10-4-78; Ord. No. 97-161, § 1, 9-23-97; Ord. 28A-6.6. Duration; grounds for suspension or revocation. A Miami-Dade County stevedore license or Port of Miami stevedore permit issued by the Board or Director, respectively, shall expire on January fifteenth annually. Upon expiration, a license or permit may be renewed by the Director when all the applicable requirements and procedures set forth in Sections 28A-6.1 through 28A-6.8 and Port of Miami Tariff No. 010, as amended, have been met. Failure of any person to timely file an application for renewal of a Miami-Dade County stevedore license or a Port of Miami stevedore permit shall cause the same automatically to lapse. In the event that a license or permit lapses, the holder may petition the County Manager or Director, respectively, for reinstatement of such license or permit. For good cause shown, the County Manager or Director, respectively, may reinstate such a license or permit to renewal status. A stevedore license or permit shall be subject to suspension or revocation upon a determination by the Mayor or Designee that the frequency or severity or both of work-related accidents, injuries or deaths, or citations, judgments, consent decrees, notices of violation or rulings issued by OSHA or other regulatory agencies, warrants a suspension or revocation. The Mayor or Designee shall provide notice of suspension of [or] revocation to the license or permit holder by certified mail ten (10) days before the license or permit is revoked or suspended. (Ord. No. 78-65, § 1, 10-4-78; Ord. No. 97-161, § 1, 9-23-

(a) No stevedoring licenses or permits shall be transferable except as follows: When a licensee or permittee shall have a bona fide sale of the business which he is so licensed or permitted to conduct, he may obtain a transfer of such license or permit to the purchaser of the said business only if the application of the purchaser shall be approved by the Director and the Board under the same procedures provided for in Sections 28A-6.1 through 28A-6.6.

(b) Immediately and automatically upon the death of a holder of a stevedore license or permit, the license or permit shall terminate; however, any insurance, bond, covenant, indemnity, guarantee or monetary obligation to Miami-Dade County arising from the stevedore business at or prior to such death shall remain in full force and effect and shall be binding upon the estate, any beneficiary, devisee, heir at law, creditor or personal representative (as those terms are defined in Chapter 731, Florida Statutes, and particularly Section 731.201 (thereof)).

(c) Where a holder of a Port of Miami stevedore permit is the only permit holder employed with a stevedore firm on the port, but has no “controlling interest” (as defined in Section 2-11.1(b)(8), Code of Metropolitan Miami-Dade County) in the firm, and the permit holder ceases to hold such permit, then the Director shall give a preference in issuing the next available permit to a natural person who is also employed by said stevedoring firm and who files an application and qualifies pursuant to Sections 28A-6.1 through 28A-6.7. (Ord. No. 78-65, § 1, 10-4-78; Ord. No. 97-161, § 1, 9-23-97)

28A-7.1. Administrative review. Any person, including the County, aggrieved with any action or inaction by the Director and/or the Department, may file a written request with the County Manager within ten (10) days of the action or inaction. Such person shall be entitled to an appeal before a hearing examiner assigned by the County Manager or his designee from a list supplied by the American Arbitration Association. Such hearing examiners may be paid a fee for their services but shall not be deemed County officers or employees within the purview of Sections 2-10.2, 2-11.1 or otherwise. The hearing examiner shall conduct a hearing after notice and shall transmit his findings of facts, conclusions, and any recommendations together with a transcript of all evidence taken before him and all exhibits received by him, to the Manager who may sustain, reverse or modify the action at issue. Such hearings shall be conducted insofar as is practicable in accordance with the rules of civil procedure governing the procedure in the Circuit Court, except as may be provided in this Code or by rules adopted by the Board of County Commissioners. Any interested party may procure the attendance of witnesses and the production of records at such hearings in the manner provided by Section 2-50. Any person appearing before a hearing examiner under the provisions of this section has the right, at his own expense, to be accompanied, represented and advised by counsel or other qualified representative. Such official company representative shall be responsible for giving all pertinent information concerning such freight or movement to the investigating Law Enforcement Officer and shall render all reasonable assistance to the officer.

(b) The official company representative or supervisor in charge of the cargo at the time the shortage is discovered shall, within twenty-four (24) hours from the time of discovery, complete an original and five (5) copies of the “Preliminary Cargo Security Incident Report” form available in the office of the Director. The original report shall be forwarded to the Miami-Dade Police Department. The remaining copies shall be distributed as indicated on the form.

(b) Where streets are not completely paved or curbs provided, the parking of a car shall be in such a manner as not to obstruct the free movement of traffic.

30-388.11. Stopping, standing or parking outside of municipalities.
(1) Upon any street or highway outside of a municipality, no person shall stop, park or leave standing any vehicle, whether attended or unattended, upon the paved or main traveled part of the highway or street when it is practical to stop, park, or so leave such vehicle off such part of said highway or street; but in every event an unobstructed width of the highway or street opposite a standing vehicle shall be left for the free passage of other vehicles and a clear view of such stopped vehicle shall be available from a distance of two hundred (200) feet in each direction upon such highway or street.
(2) This section shall not apply to the driver or owner of any vehicle which is disabled, while on the paved or main traveled portion of a highway or street in such a manner and to such extent that it is impossible to avoid stopping and temporarily leaving such disabled vehicle in such position, or to passenger-carrying buses temporarily parked while loading or discharging passengers, where road conditions render such parking off the paved portion of the highway or street hazardous or impractical.
(3) (a) Whenever any officer finds a vehicle standing upon a highway or street in violation of any of the foregoing provisions of this section such officer is hereby authorized to move such vehicle, or require the driver or other persons in charge of the vehicle to move the same, to a position off the paved or main traveled part of such highway.
(b) Whenever any officer finds a vehicle unattended upon any bridge or causeway
or in any tunnel, or on any public highway or street, where such vehicle constitutes an obstruction to traffic, such officer is hereby authorized to provide for the removal of such vehicle to the nearest garage or other place of safety.

30-388.12. Obstruction of public streets, highways, etc.

It is unlawful for any person or persons to willfully obstruct the free, convenient and normal use of any public street, highway or road, by impeding, hindering, stifling, retarding or restraining traffic or passage thereon, or by endangering the safe movement of vehicles or pedestrians traveling thereon.

5. Storage, or as junkage or dead storage for more than twenty-four (24) hours.

(b) All violations of this section shall be punishable by a fine of one hundred dollars ($100.00) for the first vehicle on a first offense and five hundred dollars ($500.00) per vehicle for each additional vehicle and any repeat violation of this section. Any vehicle in violation of this section shall be towed if not removed immediately by the owner. Any vehicle that the Director of the Miami-Dade Police Department or his/her designee deems to pose a serious threat to the public health, safety, or welfare and is in violation of this section shall be towed if not removed within twenty-four (24) hours by the owner. (Vehicle owners will be responsible for all fines, towing fees, storage fees, and any administrative and enforcement fees that result from the enforcement of this section.) The County may lien the vehicle and any real property owned by the violator in Miami-Dade County until all fines, enforcement costs, and administrative costs are paid by the violator.

30-388.16. Schools, parking adjacent to.

When signs are erected giving notice thereof, no person shall park upon either or both sides of any street adjacent to any school.

30-388.18. One-way streets, parking on left side.

When official signs are erected giving notice thereof, no person shall stand or park a vehicle upon the left-hand side of any one-way street in violation of any such sign.

30-388.19. One-way roadways, parking on left side.

In the event a street includes two (2) or more separate roadways and traffic is restricted to one (1) direction upon any such roadway, no person shall stand or park a vehicle upon the left-hand side of such one-way roadway unless signs are erected to permit such standing or parking.

30-388.20. Hazardous or congested places, parking near.

All violations of Sections 30-388.9 to and including 30-388.10 [sic] shall be punishable by a fine not to exceed two hundred fifty dollars ($250.00) or imprisonment not to exceed thirty (30) days in the County Jail, or both, in the discretion of the County Judge.

30-388.22. Curb loading zones; designating.

The Traffic Director is hereby authorized to determine the location of passenger and freight curb loading zones and restricted parking zones and locations for the appropriate signs indicating the same and stating the hours during which the provisions of this division are applicable.

30-388.23. Passenger curb loading zones; time limit.

No person shall stop, stand or park a vehicle for any purpose or period of time except for the expeditious loading or unloading of passengers in any place marked as a passenger curb loading zone during hours when the regulations applicable to such passenger curb loading zone are effective, and then only for a period not to exceed five (5) minutes.

30-388.24. Freight curb loading zones; time limit; passenger use.

(a) No person shall stop, stand or park a vehicle for any purpose or length of time other than for the expeditious loading and delivery or pickup and loading of materials in any place marked as a freight curb loading zone during the hours when the provisions applicable to such zones are in effect. The stop for loading and unloading materials shall not exceed twenty (20) minutes except in specially marked “parcel truck” loading zones where the stop shall not exceed one (1) hour.

(b) The driver of a vehicle may stop temporarily at a place marked as a freight curb loading zone for the purpose of and while actually engaged in loading or unloading passengers, when such stopping does not interfere with any motor vehicle used for the transportation of materials which is waiting to enter or about to enter such zone.

30-388.25. Restricted parking zones, use.

(a) No person shall stop, stand or park a vehicle for any purpose or length of time in any restricted parking zone other than for the purpose to which parking in such zone is restricted, except that a driver of a passenger vehicle may stop temporarily in such zone for the purpose of and while actually engaged in loading or unloading of passengers when such stopping does not interfere with any vehicle which is waiting to enter or about to enter the zone for the purpose of parking in accordance with the purpose to which parking is restricted.

(b) When official signs are erected designating a parking space, area or lot for restricted parking for authorized vehicles only, no person shall park an unauthorized vehicle in violation of such sign. By the word “authorized”, it is meant that the vehicle bears an official decal provided by the Public Works Director or that the vehicle is one (1) of a class of vehicles given said authorization by the Public Works Director to park in the space, area, or lot so designated.

30-388.26. Taxicab and bus operators; parking in other than stands and stops.

The operator of a bus or taxicab shall not stop, stand or park upon any street in any business district at any place other than at a bus stop or taxicab stand, respectively, except that this provision shall not prevent the operator of any such vehicle from temporarily stopping in accordance with other stopping, standing, or parking regulations at any place for the purpose of and while engaged in the expeditious unloading or loading of passengers.

30-388.27. Taxicab stands and bus stops; use by other than taxicabs and buses.

No person shall stop, stand or park a vehicle other than a bus in a bus stop, or other than a taxicab in a taxicab stand, when such stop or stand has been officially designated and marked, except that the driver of a passenger vehicle may temporarily stop therein for the purpose of and while actually engaged in the expeditious loading or unloading of passengers when such stopping does not interfere with any bus or taxicab waiting to enter or about to enter such zone.

30-388.28. Authority of bus operators to stop on roadway at designated bus stops.

Any operator of a bus as defined in Section 30-202(3) operating over a regular route providing scheduled local transit service, may stop his vehicle on the travelled or paved portion of the roadway for the expeditious loading and unloading of passengers at
any regularly designated bus stop unless a paved pullout bay or parking area has been provided and is unoccupied by other vehicles at the time such passengers are discharged. (b) Police officers, Code Enforcement Officers, or such other persons designated by the County Manager, shall be authorized to have the vehicle towed to a garage designated or maintained by the County or a County contracted towing company.
(c) All violations of this section shall be punishable by a fine of one hundred dollars ($100.00) for the first vehicle on a first offense and five hundred dollars ($500.00) per vehicle for each additional vehicle and any repeat violation of this section. Any vehicle in violation of this section shall be towed if not removed immediately by the owner. (Vehicle owners will be responsible for all fines, towing fees, storage fees, and any administrative and enforcement fees that result from the enforcement of this section.) (b) Reduced fine schedule for persons pleading guilty by mail: Upon a finding that it will further the interests of justice and promote judicial economy, the Chief Judge may, by administrative order, reduce the fines prescribed in subsection (a) of this section.

(c) Except as set forth in subsection (a), above, Section 30-447, and Section 30-292, all violations of ordinances and statutes regulating, prohibiting or otherwise controlling the parking of motor vehicles shall be punished by a fine not to exceed thirty dollars ($30.00), plus the surcharge provided in subsection (g) and, after thirty (30) days, the imposition of late penalties in the amount of twenty-three dollars ($23.00) to be distributed in accordance with this chapter, unless otherwise provided by ordinance, statute, or administrative order of the Chief Judge.

(d) In addition to the fines and costs referred to in subsection (a), upon a finding of guilty after trial, the Court shall assess court costs against the guilty party.

(e) The Chief Judge may, by administrative, order, designate and specially set aside five dollars ($5.00) for each assessment of costs referred to in subsection (a) for the establishment of a Parking System Trust Fund and a Court Facility Trust Fund. Three dollars ($3.00) shall be placed in the Parking System Trust Fund and the remaining two dollars ($2.00) shall be placed in the Court Facility Trust Fund. The Chief Judge and the Clerk of the Court may authorize expenditure to these funds for maintenance and enhancement of the Parking Violations Bureau and court facilties.

(f) The Clerk of the Courts may designate and specially set aside four dollars ($4.00) for each assessment of costs referred to in subsection (a) for the establishment of the Clerk’s Service Enhancement Trust Fund which shall be used for the maintenance and enhancement of the functions of the Clerk.

(g) A surcharge of four dollars ($4.00) is imposed on parking fines and monies collected shall be placed in the School Crossing Guard Trust Fund as authorized by Section 316.660(4)(c), Florida Statutes.

30-389. Unlawful to wilfully abandon motor vehicles on the streets of the County; notice; presumptions.

(a) It is unlawful for any person to wilfully abandon a motor vehicle upon the public streets and highways including shoulders of the road, within this County.

(b) In any prosecution under this section, proof that the defendant named in the complaint was at the time of such abandonment the registered owner of such vehicle, shall constitute in evidence a presumption that the registered owner of such vehicle was the person who abandoned such vehicle where and at the time when such violation occurred.

(c) The provisions of Sections 30-389.1, 30-389.2 and 30-389.3 shall apply to violations of this section.

30-389.1. Uniform notice on illegally parked vehicle.

(a) The Chief Judge may, by administrative order, prescribe a uniform parking ticket to be used by all municipal and County law enforcement agencies within the County; prescribe the method of distributing the uniform parking tickets; and promulgate rules and regulations to ensure that completed uniform parking tickets are not wrongfully withheld from the Court or destroyed.

(b) Whenever any motor vehicle is found parked, stopped or standing in violation of any of the restrictions imposed by ordinance of this County, the traffic enforcement officer or parking enforcement specialist finding such vehicle shall issue the uniform parking ticket. If the vehicle is unattended, the traffic enforcement officer or parking enforcement specialist shall attach such ticket to the vehicle in a conspicuous place, except that the uniform traffic citation prepared by the Department of Highway Safety and Motor Vehicles pursuant to Section 316.650, Florida Statutes shall not be issued by being attached to an unattended vehicle. The owner of said motor vehicle must answer to the charge placed against him within thirty (30) days as provided in Section 30-389.2 of the Code of Miami-Dade County.

30-389.1A. Owner of car presumed to be violator.

In the prosecution charging a violation of any ordinance or provision of this Code governing the stopping, standing, parking or operating a vehicle, proof that the particular vehicle described in the complaint was parked or operated in violation of any such ordinance or regulation, together with proof that the defendant named in the complaint was at the time of such parking or operating the registered owner of such vehicle, shall constitute in evidence a presumption that the registered owner of such vehicle was the person who stopped, parked or operated such vehicle at the point where, and for the time during which, such violation occurred.

The foregoing stated presumption shall apply only where the procedure as prescribed
in Sections 30-389.1 and 30-389.2 has been followed.

30-389.2. Failure to comply with summons attached to illegally parked vehicle.

All violators with past due unpaid parking complaints shall be noticed to appear at the Clerk’s Parking Violations Bureau for the purpose of administrative disposition to ascertain whether the alleged violator desires to waive a Court hearing and pay the prescribed fine. All persons requesting a court hearing will execute a written request at the Parking Violations Bureau and the Clerk will schedule a hearing date before the Court. Any person requesting dismissal of a parking complaint without a court hearing may execute a notarized petition for dismissal, which the Clerk shall submit to the Court for review.

30-389.4. Parking enforcement procedures.

(a) When it appears to the Clerk of Court that five (5) or more summonses or citations (or one (1) or more summonses or citation involving a violation of Section 30-447) have been issued to the same motor vehicle owner without regard to whether the summonses or citations bear a date prior to or subsequent to the effective date of this section, and said motor vehicle owner has failed to respond or to appear in Court as required by Section 30-389.3 and Section 30-385, the Clerk shall send to the motor vehicle owner notification that an order authorizing either impoundment or immobilization will be issued because of the five (5) outstanding summonses or citations (or one (1) or more summons or citation involving a violation of Section 30-447) issued to the same motor vehicle owner. This notification shall be sent by certified mail to the address which appears on the records of the Department of Motor Vehicles. If, after contacting the Department of Motor Vehicles, the Parking Violations Bureau is unable to determine the motor vehicle owner’s address, it shall not be necessary for the Clerk to mail notice before the motor vehicle may be immobilized in accordance with subsection (f) of this section. If the motor vehicle owner fails to account for his parking violations pursuant to this Code within ten (10) days of the sending of the letter of notification, or if the Clerk is advised that the address of the registered owner of the motor vehicle is unknown, the Clerk shall notify the Chief Judge or his designee.

(b) The Chief Judge or his designee, upon receipt of notice from the Clerk of Court, pursuant to subsection (a), may issue an order to all law enforcement officers and parking enforcement specialists in the Eleventh Judicial Circuit for the State of Florida, commanding such law enforcement officers and parking enforcement specialists to impound or immobilize any motor vehicle registered to the person to whom the notice was directed. The order to impound or immobilize shall specify the registration or tag number(s) of said vehicle(s), the make(s) or trade name(s) of the vehicle(s), and if known, to the Court, the serial number(s) of the vehicle(s). Any vehicle having a tag that has been reported by the registered owner of the tag, in a sworn affidavit, as stolen or unauthorized for use prior to the issuance of a parking citation shall be immobilized, without notice, in accordance with this subsection and in the manner prescribed in subsection (f).

(c) At intervals to be determined by the Chief Judge, the Clerk of Court shall publish and transmit to all police and parking enforcement departments within Miami-Dade County a list of motor vehicles which have been ordered impounded or immobilized pursuant to the preceding subsection.

(d) Any law enforcement officer or parking enforcement specialist who comes into contact with an unoccupied parked motor vehicle which he reasonably believes to be a vehicle for which there is outstanding an impoundment or immobilization order, shall impound the vehicle in the manner prescribed in subsection (e), or immobilize the vehicle in the manner prescribed in subsection (f).

(e) Impoundment of vehicles pursuant to subsection (b) shall be accomplished by means of removal of the vehicle to the nearest facility or other place of safety, or to a facility designated or maintained by the County or by a municipality.

(f) Immobilization of vehicles pursuant to subsection (b) shall be accomplished by means of a Denver boot or other nondestructive device which prevents the vehicle from moving under its own power or by the removal of the license tag. The police officer or parking enforcement specialist who causes the motor vehicle to be immobilized shall attach a notice to the motor vehicle, on the form prescribed by the County Court, advising the owner of the motor vehicle of the information necessary to enable the owner to have the immobilization device removed or license tag returned. The notice shall be signed by the police officer or parking enforcement special-
ist and indicate his/her badge number. For a period of forty-eight (48) hours from the removal of the license tag, the owner of the vehicle shall not be liable for failure to comply with Section 30-367 of the Code of Miami-Dade County.

(g) A prompt and adequate post impoundment or post-immobilization hearing will be provided to the owner of an immobilized motor vehicle, enabling him/her to contest the impoundment or immobilization as being unjustified. In the course of this hearing, the burden will be on the County to prove the parking violations and the legality of the impoundment or immobilization in the usual way.

(h) During the course of this hearing, the owner of the vehicle can obtain the release of the vehicle or the license tag by posting bond as required by the County Court.

(i) A motor vehicle which has been impounded or immobilized shall be released by the police or parking enforcement agency involved when the owner or operator has complied with the terms of the impoundment or immobilization order and presented proof of such compliance to the agency which impounded or immobilized the vehicle.
