

*** Notice to Qualified Contractors ***

Miami-Dade County is soliciting interested Contractors to register to participate and perform in a Miscellaneous Construction Contract (MCC) Bid under the MCC 7040 & 7360 Plan projects.

The current and upcoming projects are critical to the community as they are increasing the energy efficiency of low-income households while ensuring the family health and safety. In an effort to maintain a list prospective bidders for current and upcoming Weatherization Assistance Program (WAP) projects, Miami Dade County is asking ALL qualified and interested Contractors to complete registration with the Strategic Procurement Division. *REGISTERING WITH MIAMI-DADE COUNTY MUST BE DONE VIA MIAMI-DADE COUNTY'S AUTOMATED WEB-BASED VENDOR REGISTRATION PORTAL.*

Please visit the INTERNAL SERVICES DEPARTMENT (ISD) Vendor Services page at: <http://www.miamidade.gov/procurement/vendor-registration.asp> to access the site and for additional details. If you have any vendor registration questions, please contact Vendor Assistance at (305) 375-5773.

WAP enables low-income families to reduce their energy bills by making their homes more energy efficient. Funds are used to improve the energy performance of dwellings for families in need, using the most advanced technologies and testing procedures available in the housing industry. Measures to make homes more energy efficient include: replacement or installation of key components, installation of energy recovery ventilation systems including bathroom and kitchen exhaust fans and installation of whole mechanical exhaust systems to provide better indoor air quality, install attic insulation, install window solar films, repair or replace inefficient cooling units, repair or replace water heaters and address air infiltration with weather stripping, caulking thresholds, minor wall repairs, ceiling and floors, windows and doors.

All solicitations are available online and can be found at <http://www.miamidade.gov/procurement/contracts.asp>.

Click on the "Current & Future Solicitations" link to access the advertising documents.

License Requirements - At the time of Bid and pursuant to the requirements of Section 10-3 of the Code of Miami-Dade County, Florida and Request for Price Quotation (RPQ) and Contract Documents, the Bidder and all its subcontractor must hold a valid, current, and active State and/or Miami-Dade County Contractor's license consistent with the requirements of the Scope of Work.

AVAILABLE

MCC 7360 PLAN -REQUEST FOR PRICE QUOTATION (RPQ)

1) PortMiami - Contact Person: Frank Ramirez - Telephone No.: (305) 347-5508

RPQ No.: 2011-045.04 - Cargo Gate Modifications and Process Improvements - Secondary Electrical Service - Estimated Cost: \$1,514,077.00

SBE-G: Goal: 2.97%

LICENSE REQUIREMENT: General Engineering; Electrical Contractor; General Building Contractor

SCOPE OF WORK: The Work of this Contract comprises the tasks necessary for the installation of an electrical secondary service line with three (3) parallel runs of six-inch Schedule 80 PVC, conductors, and H-20 rated concrete pull boxes (closed bottom) with galvanized steel lids. The project shall be located in the South Florida Container Terminal (SFCT) Cargo Yard along the proposed Cargo Gates Roadway. The project consists of, but is not limited to, installation of an electric feeder from Panel SFCT-1A to Panel SFCT-2A; installation of an electric feeder from Panel SFCT-1A to transformer SFCT-T2; installation of connections to the feed breaker inside Panel SFCT-1A and main breaker inside Panel SFCT-2A; installation of connections from the feeder breaker in Panel SFCT-1A and transformer lugs in SFCT-T2; installation of all conduit, wire, pull boxes, directional drilling, repair blacktop and all affected surfaces back to their original site conditions; installation of flowable fill base for pull box bases; and any supportive ancillary tasks to successfully complete all phases of the project.

EXPERIENCE REQUIREMENTS: Contractor (Prime or Subcontractor) performing the Work of this project shall have a minimum experience of at least three (3) projects of a similar scope and 6-inch diameter or larger conduit size during the past ten (10) years, where one (1) of these projects was completed within the past five (5) years under the firm's current business name. A reference must be provided for each project along with a list of all the projects that the Contractor (Prime or Subcontractor) has participated on over the past five (5) years.

The experience must be demonstrated by the individual of the Contractor (Prime or Subcontractor) that will have direct or substantial involvement in a supervisory capacity at the Project Manager level or above. As a condition of award, the selected Contractor (Prime or Subcontractor) shall submit each individual(s) name(s), list of past projects, contact information and references.

Horizontal Directional Drilling (HDD) Contractor (Prime or Subcontractor) must have a minimum experience of at least three (3) projects in the installation of HDD and 6-inch diameter or larger conduit size during the past ten (10) years, where one (1) of these projects was completed within the past five (5) years under the firm's current business name. A reference must be provided for each project along with a list of all the projects that the HDD Contractor (Prime or Subcontractor) has participated on over the past five (5) years. The Owner or the Engineer of Record may contact any or all the entities in the list. HDD Contractor (Prime or Subcontractor) must have not incurred any failure(s) to complete any bore(s) within the past three (3) years. Project examples of a similar scope and 6-inch diameter or larger conduit size may include the installation of underground electrical distribution systems with multiples conduits so long as they meet the minimum 6-inch diameter requirement.

Contractor (Prime or Subcontractor) must demonstrate that they own or lease all of the necessary equipment and heavy machinery to perform this work.

Contractor must refer to the Request for Price Quotation (RPQ) and associated project specifications for the detail Scope of Work.
