4.2 As an authorized representative of the Firm submitting an application for permit to generate/transport waste tires in Miami-Dade County, it is understood that:

- A. It shall be unlawful for any person to remove, collect, or transport within Miami-Dade County five or more waste tires for hire without a waste tire permit; or to use, employ or hire a waste tire transporter who fails to have and display that waste tire transporter permit required under Chapter 15 of the County Code.
- B. It shall be unlawful for any person to sell, trade or otherwise transfer used or waste tires within Miami-Dade County without a waste tire generator permit as required under Chapter 15 of the County Code.
- C. Each tire generator and waste tire transporter shall maintain records as required by the code of Miami-Dade County. Copies of all records that are required to be submitted under this section and all supporting documentation shall be subject to inspection by the Director of Solid Waste Management or his/her designee at any time and shall be retained for a period of at least one (1) year.
- D. It shall be unlawful for any person to store waste tires at any location for a period in excess of fifteen (15) consecutive days. All tires stored outside must be covered so as to prevent accumulation of water. This provision does not apply to waste or used tires stored in an enclosed structure or which are mounted and inflated.
- E. Any change of individuals or corporate name on the application will be reported immediately in writing to the Director, Department of Solid Waste Management.
- F. Pre-numbered and color coded decals shall be issued to each vehicle and operating site by numerical sequence, yearly during renewal of permits. Vehicle decals are to be placed permanently on the inside of the windshield; operating decals are to be placed on windows or other areas visible for inspection.
- G. Any misrepresentation of application requirements may cause loss of permit to do business in Miami-Dade County.
