Subject: RE: Review Item E12-WASD-04

SBD has completed its review of subject project. Based of the sub-consultant **Technical Categories** and the vast amount of firms that are available in these areas, SBD is making a counter-recommendation of a **27% CBE goal** (versus the **25%** recommended by WASD); utilizing the following areas:

- **6.01 @ 4%**
- **11.00 @ 5%** (WASD recommended **4%**; SBD identified an additional **1%**)
- **12.00 @ 2%**
- **13.00 @ 2%**
- **15.01 @ 2%**
- **16.00 @ 6%** (WASD recommended **5%**; SBD identified an additional **1%**)
- **17.00 @ 6%**

For a total recommendation of **27% CBE goal**; a recommendation we believe to be appropriate considering the minimum requirements as stipulated by the scope of work (as indicated by the memo), *must first be met by the prime*; (then, the remaining requirements by the "prime **OR** any sub-consultant).

Please advise as to your **concurrence** or **dissent**.

Regards,

Vivian O. Walters, Jr.
