Patty,

SBD is in receipt of the **draft** for the subject projects; please clarify the following (please see below based on new information

provided – per our conversation, you are **ONLY** reviewing **E13-WASD-02 (The PCM PSA)** at this time:

- The \$48 million is listed for the **Program Management and Related Services** project; what is the estimated cost for the **Program and Construction Management** one?

What is the **"Estimated Cost"** for these PSAs? The compensation will be negotiated with the selected consultant for both projects.

- **(E13-WASD-02 Pg. 3)** Are the minimum requirements applicable only to the prime? (reason being, there are TCS identified for the prime; however, percentages (of the same) have also be identified as CBE opportunities – will they need to meet the same minimum requirements? – **e.g. 17.00**). Yes, the minimum requirements apply only to the PRIME. CBE do not need to meet those requirements under TC 17.00
- **(E13-WASD-01)** Please clarify: The DRAFT memo list the **"Experience and Qualifications"** (pgs. 2 & 3); what are the **"Minimum"** requirements if any, that are associated with this PSA? If so, please clarify/confirm if such **"Minimum Requirements"** are applicable to Prime only, (or to **"sub-consultants"** as well - reason being, there are TCS identified

for the prime, with portions of the same being identified for sub-consultants). The minimum requirements listed as Experience and Qualifications apply to the PRIME ONLY.

- For the **Program and Construction Management PSA**—listed under the “Relevant Experience for Evaluation Criteria” is what appears to be a different set of requirements (or is this additional?—e.g. **Bullet # 4: ...at least one (1) and no more than five (5)...** (Should this be considered under the minimum requirements?))
- For the **Program and Related Services PSA**—listed under the “**Criteria 3A: Past Performance of the Firm**” is what appears to be a different set of requirements (or is this additional?)—e.g. **...at least one (1) and no more than five (5) SSO** ... (Should this be considered under the minimum requirements?)

Thanks in advance for your time and consideration.

Regards,

Vivian O. Walters, Jr.
