No Measure	SBE - A&E	
Reasons for Recommendation		
<p>SMALL BUSINESS ENTERPRISE – ARCHITECTURE &amp; ENGINEERING (SBE-A&amp;E)</p> <p>SBD reviewed this project pursuant to Implementing Order 3-32 for SBE-A&amp;E measures. Project information analyzed included the project's scope of services, estimated project cost, minimum requirements/qualifications and funding source. Additional factors were not conducted with certified firms to determine availability and assignment of the noted measure. Due to the complexity and specialty of this type of developments, and the required coordination with the United States Customs and Border Protection to complete this project, there is no opportunity, at this time, to assign an SBE- A&amp;E measure. As such, a No Measure is supported for this TAC-N agreement.</p> <p>This project is Privately Funded.</p> <p>Project cost: SBE-A&amp;E \$623,788.00.</p> <p>This project is exempt from Responsible Wages.</p>
