Reasons for Recommendation

SMALL BUSINESS ENTERPRISE - CONSTRUCTION (SBE-Con)

SBD reviewed this project pursuant to Implementing Order 3-22 for SBE-Con measure. Project information analyzed included the project's scope of services, estimated project cost, minimum requirements/qualifications and funding source. Additional factors included surveys conducted with certified firms to determine availability and assignment of the noted measure.

A SBE-Con No Measure is appropriate for this contract due to the insufficient availability of certified firms. An attempt was made to assign this project a Set-Aside measure; however, only two (2) of the firms that responded to the Verification of Availability to Bid process were able to meet the project's requirements.

** This contract is a work order originated from the E14-RER-03 Professional Service Agreement (PSA), and has been assigned by RER to Cherokee Enterprises, Inc.**
