**Description of Project/Bid:** Under the direction of the DTPW, improvements are being made to enhance pedestrian safety and accessibility at some of the busiest intersections in Miami-Dade County. Enhanced pavement markings for pedestrian crosswalks, wheelchair ramps, pedestrian signals, traffic signal relocations, improved traffic signal timing and new signs at many of the intersections are among the upgrades now in place. Types of improvements include, but are not limited to widening to allow for an additional lane, relocation for better turning movements, site distance improvements, and safety improvements. Construction of new drainage systems to include new French drains and catch basins. The changes to these intersections are designed to better integrate motorist and pedestrian activity and to reduce the speed of traffic at
