The Department's Capital Improvements staff completed the review of this re-advertisement under project no. 20210224 in accordance with the applicable provisions of Implementing Order 3-22 and recommends a Small Business Enterprise – Goods & Services (SBE-G/S) and a Small Business Enterprise - Construction (SBE-CONST) measure below. Although previous project 20200197 had a 10% Community Workforce Program (CWP) goal, a CWP goal, if applicable, is to be determined by Small Business Development.

**RECOMMENDATION**

**Areas for Possible Measures:** MOT Devices; Concrete; Landscaping; Pavement Markings and Signage

**Areas Recommended for SBE-construction Participation:** MOT Devices; Concrete; Landscaping; Pavement Markings and Signage

**Contract Measure Recommendation:**

- No Measure
- Set-Aside:
  - Level I            Level II            Level III
- Trade Set-Aside(s):
  - Traffic Stripes and Markings: Painted and/or Thermoplastic
  - Concrete: Sidewalk and/or Curb and Gutter, including American with Disabilities (ADA) items
- Aggregate Set-Aside
- SBE-CONST Goal:
  - 7.24% Concrete
  - 1.59% Pavement Marking & Signage
- SBE-GS Goal: 0.62% Landscaping
- CWP: As Applicable.
- DBE Subcontractor Goal

**Reason for Recommendation:**

This is a multiple trade project; none of the primary trade related work can be subcontracted as per the Miscellaneous Construction Contract (MCC) specifications. Ancillary work includes all categories listed under “Areas for possible measures.” All areas to be subcontracted require special licenses and/or certifications. Also, some categories of work are highly specialized and require special, heavy machinery and/or equipment.

Based on the review of the scope of work for the subject project and the analysis of factors contained in Section VI D of Implementing Order 3-22, the Department recommends a 9.45% subcontractor goal.
