Project/Contract Title:

TRACTION POWER RECTIFIER TRANSFORMER PROJECT

Received Date:

05/13/2016

Project/Contract No: Department:

RPQ NO. 250808

Funding Source:

Estimated Cost of Project/Bid: \$1,000,000.00

TRANSIT

FTA AND PTP

Description of Project/Bid: The scop

Resubmittal Date(s):

The scope of work consists of furnish and installing of Rectifier Transformers used in Miami-Dade Transit Metrorail system, specifically in the South Miami Station. Metrorail system analysis performed by Miami-Dade Transit indicates breakdown of any of the existing 28 year old transformers that power Traction Power Sub-Station will result in disruption in passenger service.
