

Memorandum

Date: February 14, 2022

To: Gary Hartfield, Division Director, Small Business Development Division
Internal Services Department

From: Arturo J. Duharte, PROS Contracts Administrator *Arturo Duharte*
Parks, Recreation and Open Spaces Department

Subject: Multiple Parks - Sport Courts Renovations for Pickleball
Project# 999999-21-023

We respectfully request this project to be reviewed for measures.

General Description of Work:

Contractor understands and accepts that this scope of work entails the removal and disposal of some of the existing fencing, structures and installation of complete new chain-link vinyl fencing system. This will consist of identifying the Roller Hockey Rink at **Tamiami Park** to be converted to 6 PickleBall Courts at the park as well as the existing Tennis Court Area at **Haulover Park** to be 4 Pickleball Courts. This installation will consist of damaged components, including but not limited to fence mesh, supports, bracing, hinges, any other accessories, or the complete replacement of the fence construction with new materials. Each fence post, and all support members/components (top rails, middle rails, & bottom rails) should come already powder coated black. The Contractor should adhere to the manufacturers' requirements and installation guidelines; Replacement will include but is not limited to any and all damaged and/or rusted components, to fence mesh, supports, bracing, hinges, any other accessories, or the complete replacement of the fence construction with new materials.

Estimated Total Value: \$114,700.00

Thank you in advance for your cooperation.
