RESUBMITTAL

PROJECT NUMBER: RFP No. MDAD-06-11
PROJECT TITLE: Baggage Handling Systems at Miami International Airport
PROJECT LOCATION: MIA Airport

SCOPE OF WORK/DESCRIPTION: The general intent of this Contract is for operation, maintenance and repair of all specified inbound and outbound automated sortation and annual-sortation BHS and their related equipment. Concourse J and Concourse F have an automated sortation BHS whereas Concourse G and a section of F operate with a manual sortation BHS. This contract covers all MIA inbound passenger baggage handling and all outbound passenger baggage handling with the exception of American Airlines' system; further intent of this contract is to perform other services on these BHS's to include system modifications as determined by the Owner to maintain their efficient operations. The contractor shall provide operation and maintenance inclusive parts, electronics and electrical, welding and metal fabrication in accordance with operations and maintenance manuals manufacturer's recommendation, industry standards of the specific system.

SPECIAL REQUIREMENTS: Proof that the Contractor has a minimum of 5 years satisfactory experience in providing and managing the operation, maintenance and repair of automated and non-automated BHS at airport(s) of similar size and capacity as MIA
