RECOMMENDATIONS

Set-aside	Sub-contractor goal	Bid preference	Selection factor
SBE	SBE- A/E = 0% , SBE-CON = 4.68%		

Basis of recommendation:

An analysis of factors contained in the project package, as well as the factors contained in Section VI.C of the Implementing Order 3-22, indicate that NO MEASURES for SBE- A/E services are appropriate for this project due to the dollar value. A 4.68% SBE-CON is recommended on the basis of the quality, quantity and type of sub contracting opportunities provided by the contract and availability of CSBEs.
